FACT FINDER

Are you concerned about getting the straight facts on a question which arises but don't know where to find the answer? We'll find the facts for questions submitted by our readers. Just drop us a line at FACT FINDER, Clinton County News St Johns 48879.

Q - Under the new state statutes municipal officials are elected for periods of 4 years. How have St Johns City Commissioners determined who among their numbers will remain or require re-election when the appropriate time comes? RH, ST JOHNS

A - Eeny meeny minie mo... 3 can stay but 2 gotta go. But all 5 commissioners will be allowed to complete their original 6-year terms. Because of new municipal election laws, commissioners who would come up for re-election on an even year will have their term extended 365 days. Here's how it's listed. Dr James Grosz and Mrs Jeanne Rand '72; John Hannah and Robert Wood, '75 and Roy Ebert, '77. If they put their name on the ballot when the time comes again it'll be for only 4 years.

Q - When will the Clinton County Road Commission do something about the serious road condition after a rain on Airport Road between Lehman and Chadwick roads? WL, DeWitt

A - Farmers aren't the only ones Mother Nature hasn't been good to. A spokesman from the Clinton County Road Commission says many roads have been hurt by heavy rains. He understands your problem and dispatched crews to the area Friday to grade the surface. This week the commission's schedule calls for sand on the road surface.

HELP US FIND

Q - There's a blind couple in St Johns who want to join a sightless bowling league in Lansing. But unless they find transportation, it will be impossible for them to participate. Could FACT FINDER help us find several people who would donate time 1 or several Friday evenings to join in a car pool. RT, ST JOHNS

Explosion kills Elsie woman

This was the scene following an early morning gas explosion Saturday that claimed the life of Mrs Dorothy Henry, seriously injured her husband, Ross and completely demolished their home near Elsie. Debris from the blast was scattered over an area of 75 feet from the scene.

PHOTO BY ANNETTE WHITE

EISIE - Authorities are continuing an investigation into a gas furnace explosion at an Elsie home which claimed the life of Mrs Dorothy Henry, 52, and seriously injured her husband, Ross early Saturday morning.

Time of the explosion, which ripped apart their 2-story frame farm house on Ridge Road, 4 miles west of Elsie, was set at 7 am.

Firemen from Elsie and St Johns arrived at the scene and battled the blaze which continued for nearly an hour after the explosion. The investigation was halted Saturday by the state fire marshal and resumed Monday after debris cooled down.

OFFICIALS SAID they found Mrs Henry in the southeast corner of the basement under much of the upstairs furnishings which fell to the lower level of the house. She had been sitting in a bedroom on the first floor, according to police.

Deputies said that Mr Henry went into the bathroom to wash his hands and apparently when he turned on the light switch it triggered the explosion. The bathroom was located in a recent addition to the structure and was not over the basement area. Officials said this could have been a factor of his escaping alive.

NEIGHBORS FOUND Mr Henry in a dazed condition after he had crawled out of the wreckage. He was taken to Carson City Hospital where he remains in serious condition.

A television set on an enclosed porch of the Henry home flew 85 feet across the street into a neighbor's yard where it came to rest with the cabinet intact. Windows in an upstairs bedroom in the house across the road were blown out and children sleeping in the room were uninjured. Residents in the area said the blast was heard over 5 miles away.

Funeral services for Mrs Henry, the former Dorothy Osburn, were held Monday at the Carter Funeral Home in Elsie with Rev. Paul Jones officiating. Burial was in Eureka Cemetery.

She was born in Crystal on Oct. 14, 1919 and she and Mr Henry were married in Eureka on July 28, 1951. She was a member of the Eureka Church. (Continued on page 9A)

Clinton commissioners delay action on employee pay plan

ST JOHNS - Clinton Commissioners referred a positive classification and pay plan for the 83 non-elective county positions to the government and personnel committee Tuesday.

Implementation of the program would total \$22,000 in the first year with an average salary increase of 4.2%. To be included in the '72 budget, it must be acted on before the Oct 10 session. It is

mandatory that a finalized budget be adopted by that date. A tentative budget of \$1,577,980 was adopted by the board last spring.

The government and personnel committee is to work in conjunction with the finance committee, according to the motion offered by Commissioner Derrill Shinabery, District 1. He proposed the 8 commissioners forming

the 2 committees review the plan, make alterations and be given the power to adopt. Passage of the motion was 7-4, with Commissioners Robert

Ditmer, Duane Chamberlain, Claude Underhill and Gerald Lankford saying no. The group has 2 weeks to come up (Continued on page 9A)

Murder trial begins Sept 26

ST JOHNS - The first murder trial

held in Clinton County since 1968 begins in the courtroom of Circuit Judge Leo Corkin Tuesday Sept 26.

Two suspects in the shooting death of 62-year-old Ivan Hempsted on May 22 near Laingsburg are charged with first degree murder. Held in Clinton County Jail without bond since the crime are

39-year-old Richard David Collins of Lansing and 30-year-old William Franklin Graves of Eaton Rapids. The pair is also charged with the attempted murder of Hempsted's 53-year-old wife, Marjorie, who was seriously injured during the robbery of the couple's gift shop on Round Lake.

THE LAST MURDER trial in Clinton County involved about one year of court action which ended in February of 1968 when 23-year-old Linda Storey was convicted of manslaughter. She was charged in connection with the death of her husband, Sterling, stemming from an incident which occurred April 6, 1967 in Bath Township. Mrs Storey was sentenced to 4-15 years in the Detroit House of Corrections.

Hempsted died in Lansing's Sparrow Hospital the afternoon of May 22 with a bullet wound in the head about 3 hours after the robbery. Taken in the holdup was Mrs Hempsted's diamond ring and about 20 dollars in small bills. Mrs Hempsted has since recovered from a head wound she received in the incident.

ACCORDING TO Clinton County Prosecutor Jon Newman, jury selection will begin on trial's first day. He declined to speculate on how long the trial may last and said "it could take anywhere from a week to 6 weeks". Court-appointed legal counsel for Graves is James Moore while Fred Lewis will represent Collins. Both attorneys are from St Johns.

Wooley wins \$20 football contest

Douglas Wooley of 203 W Steel in St Johns won \$20 in the COUNTY NEWS football contest this week.

From a host of entries, Wooley and Jon Cleveland of 204 Floral Ave in St Johns both correctly picked the winners of 15 games. The winner was determined by guessing the total points scored in the Michigan State-Illinois game. Wooley guessed 13 points and Cleveland's estimate was 42 points.

A confusion in the schedule made it necessary to eliminate the UCLA-Nebraska game. It had already been played and most entries made the correct guess.

Clinton County Sheriff Percy Patterson gazes at a plaque containing the names of all men who have held his job since 1839. He retires as sheriff this December after 23 years in the post. The plaque was constructed by St. Johns Police Sgt Robert Ott and will hang in the sheriff department office. Patterson received the plaque during a surprise ceremony last week in circuit court. Shown from left are: Ott, Circuit Court Judge Leo Corkin; Patterson's wife, Dora; and Patterson.

Plaque presentation is honor to Sheriff Percy Patterson

ST JOHNS - Clinton County Sheriff Percy Patterson and his wife, Dora, were pleasantly surprised last week at the unveiling of a plaque listing all men who have held his job since 1839.

Making the presentation in Circuit Court chambers were St Johns Police Sgt Robert Ott who constructed the

plaque and Judge Leo Corkin. The ceremony was attended by numerous county and city law officers plus several courthouse employees.

Ott began gathering information for the plaque after the Clinton County centennial celebration in 1958. Mrs Hila Bross of St Johns assisted in obtaining

the historical facts which span a 133 year time frame.

PATTERSON RETIRES in December after 23 years as sheriff of Clinton County. His term is the longest of any man listed on the plaque and he is the dean of Michigan county sheriffs. (Continued on page 3A)

Common Ground Center expands weekly hours

BOB ORTWEIN

By ANNETTE WHITE
Associate Editor

ST JOHNS -- The Common Ground Center has expanded its hours and is now offering weekend assistance to persons in the Clinton County area seeking aid to their problems.

In July Bob Ortwein began heading up the center which is located at 201 1/2 North Clinton Ave, above Parr's Drug Store.

Ortwein, a graduate of Rodney B Wilson High School, is a 1971 graduate of Michigan State University where he received a bachelor of science degree in social science. Now a resident of St Johns, he worked as a substitute teacher in Lansing and did his student teaching in the inter-city of Flint.

The center is designed to help young adults with drug problems and personal problems and also is equipped for persons seeking solutions to marital problems, loneliness and depression.

ORTWEIN EMPHASIZED that the premise of the center is to keep all information in strict confidence. "We provide an alternative in personal or drug crisis situations, mainly a listening ear for guidance and no names are asked," said Ortwein.

"This is not an advisory type organization but more of a sounding board and referral service," stated Ortwein, indicating that it's an organization designed to help people help themselves through other people who care.

Persons may either drop in or call on the telephone as there is a staff of two available in the office during open hours. A total of 10 are now involved as volunteers and equipped and qualified to handle drug overdose and first aid care. Their other duties are to make information available in the areas of venereal diseases.

"We have a great deal of printed information supplied by the State Department and private concerns in the form of pamphlets," relates Ortwein. "These are also available at the center with no questions asked," he added. A free drug analysis service is also offered with the results sent back to the center.

"We are dealing with people who have severe problems and besides keeping everything confidential, the atmosphere is one that is comfortable and free," stated Ortwein.

There are two phone lines at the center, 224-6711 and 224-6712 and the hours are from 4 pm to 10 pm every day including Saturdays and Sundays.

On Sept. 23-24 from 10 am to 6 pm a training session on overdose and first aid treatment will be held at the center for those interested in becoming volunteers.

Ovid-Elsie FFA earns environmental award

OVID-ELSIE -- The Ovid-Elsie Future Farmers of America Chapter has received an environmental improvement award for development of a recreational park near the high school athletic field.

Chapter members Randy Cross and Deb Holton traveled to Zilwaukee recently with their advisor Larry Sprague to accept the award which was presented by the Michigan Farm Bureau, Michigan FFA and

the Michigan Soil Conservation Service.

DURING THEIR September meeting, the O-E FFA welcomed Roger Dennings to the area. He is the high school's new agricultural teacher and comes to the area from Gladwin. Guest speaker at the meeting was Charles Bracey, manager of Production Credit Assn. in St Johns, who spoke on credit for farmers.

Other current activities formation of an FFA Alumni Chapter, expansion of the chapter's livestock barn and further work on the park. Approximately 30 persons expressed interest in joining the new organization at a recent meeting and another is planned for October 19 at 8 pm in the high school ag room. The chapter's livestock barn is owned by Jack Swarck and is used by FFA members to house their animals.

O-E reduces millage levy

OVID-ELSIE -- The Ovid-Elsie School board lowered its millage for bonded indebtedness from 7 to 6 mills at a regular session Tuesday, Sept. 11.

The recently approved 1 mill voted for the construction of a bus maintenance garage will not increase property taxes as earlier anticipated.

Supt. Donald Kenney said that payments from the 1965 high school building program have reduced the debt sufficiently so that only 6 mills are needed this year.

In other action, the board granted a 1 year leave of absence to bus driver, Mrs. Beverly Kayonek.

Approved the hiring of Robert Laney, a sixth grade teacher at E E Knight School at Elsie.

Voted to follow state guidelines for reduced prices for children of needy families participating in the hot lunch program.

Approved appropriation of \$1000 to send Future Farmers of America Students to the national convention which will be held in Kansas City next month.

A report on enrollment increase was presented by Supt. Kenney. An increase of 40 students was realized by the system this fall which puts the number of students attending the school at 2,511.

Kenney stated that many of the new families are from the Lansing area where busing has become an issue and others are from the Shiawassee district where their children have been attending school in half day sessions.

Get in the swim at St Johns pool

ST JOHNS -- Get in the swim of things at the St Johns High School pool.

Classes will be Saturdays starting Oct 7. Session 1 will continue to Nov 25, with session 2 Dec 2 to Feb 3 and the third session Feb to April 14.

The pool will officially open Oct 2 but will close Thanksgiving, Christmas and spring vacation according to Wayne Morrison pool director. Red Cross lessons given at the Saturday sessions will include beginner, 9 to 9:40 am;

advanced beginner 9:45 to 10:25 am; intermediate and swimmer, 10:30 to 11:10 am and beginner under 54 inches and baby class 11:15 am to 12 noon.

A ratio of 1 instructor per 10 to 12 students will try to be maintained. All swimmers must be at least 54 inches tall or chaperoned by a parent. Charge for Saturday swimming is \$5 for 8 weeks. Monday's schedule includes open swimming from 6:30 to 8:30 pm with students 30¢, adults 60¢ and families \$1. Rental night is Tuesday

from 6:30 to 8 pm and 8:15 to 9:45 pm. Charge is \$15 to \$21 in school district and \$20 to \$26 for out of school district. The cost will vary depending on the group size.

Open swimming will again be held Thursdays from 6:30 to 8:30 pm. Price is the same as Monday. The pool will be closed on 3 Thursdays, Dec 7, Jan 25 and Feb 8 due to home swimming meets.

More information can be obtained by calling Morrison at 224-2394 extension 222.

Moms swap ideas again

ST JOHNS -- The Clinton County Mental Health Center, 300 E Sturgis, St Johns, will offer a mothers group again this year.

The mothers group was new last year and a great deal of interest was shown by the community. The group will be meeting every Wednesday morning from 10 until 11:30 am beginning Oct 4.

The group is an excellent opportunity for new and experienced mothers to share with each other ideas and problems of child-rearing. The group meets under the professional leadership of Carol Monson and Thomas Sherby. Mothers with children of any age group are encouraged to come and participate.

In the past the center has provided a babysitter during the group and hopefully will be able to do so again this year. Right now the center is looking for volunteers who enjoy working with children to help us in this capacity. Interested persons may contact Mrs Sue Benson at 224-6729.

Liaison sets Clinton stop

ST JOHNS -- Congressman Elford A Cederberg's liaison man, Ronald W Stolz, will be visiting Clinton County in order to offer the citizens of the Tenth District an opportunity to bring difficulties they might have with the Federal government to his attention. Stolz will be at the courthouse in St. Johns on Monday Sept 25 from 9 am to 12 noon. Cederberg reminds those who might have a problem with a Federal agency to bring along any documents that might help to identify his case to Stolz.

Sheriff plaque

(Continued from page 1)

While gazing at the memento, Patterson explained until 1925 the sheriff was limited to 2 terms or 4 years in the office. It was also in 1925 that Patterson first joined the sheriff's department. "I was first assigned to ride a motorcycle on patrol," he recalls. Both Patterson and his wife were visibly overwhelmed by the award. He explained the plaque will be hung in a prominent place at the sheriff department's office in St Johns for visitors to view. THE 30 NAMES which are inscribed on the plaque include: William Jenison (1839-40), James Morris (1841-42), Samuel Scott (1843-46), William Jenison (1847-48), Robert McGee (1849-50), Obadiah Niles (1851-54), Adam Patridge (1855-56), Philo Doty (1857-58), Gardner Conn (1859-60), William Brunson (1861-62), William Plowman (1863-66), Abner Wood Jr (1867-68), Henry Adams (1869-72) and Cassius Carrier (1873-74).

Others include: Galusha Pennell (1875-78), Murdo McDonald (1879-82), William Collins (1883-86), Robert Swaggart (1887-90), Edwin Pennell (1891-92), William Leeland (1893-96), Alonzo Dunn (1897-1900), William Schavey (1901-04), John Keeney (1905-08), William Schavey (1909-12), Joseph Cramer (1913-16), Conrad Stephan (1917-20), John Barnes (1921-24), Barton Fox (1925-28), John Barnes (1929-48) and Percy Patterson (1949-72). Looking through the roster Patterson recalls most of the men from William Schavey in 1912 through John Barnes. He recalls his years working with Barnes as the period during which he received much of his law enforcement training. "There's a lot of history on that plaque," Patterson comments with a note of pride for his role in that history. This December he'll step down as sheriff of Clinton County but local citizens will long remember his 23 years of dedication to the office.

Letters to the Editor

Dear Editor, The property owners who are expressing such strong disapproval of a new Kroger store in the proposed location are justly concerned but they may be worrying about conditions that will never come about. First of all, Bobenal Investments' offer to build 12 townhouse apartments between the store and the residential section will act as an ideal buffer, thereby isolating the property owners from the proposed new store. And in addition the apartments will make yet another vital contribution to St. Johns' increasing demand for housing.

US-27 will most assuredly be able to handle the traffic that some might have felt would have been turned on to Elm Street, and as was pointed out at the planning commission's meeting, there are absolutely no plans to route traffic from the shopping center through Elm Street. It would appear that the property owner's fears would in all likelihood never be realized. Instead, a project that has the potential to change all of St Johns' consumer discontent to an area where buyers may have their needs served, could possibly go up in smoke because of a few unfounded suspicions. It is doubtful that anyone

can fully realize what a new Kroger store might mean to this community. The store presently employs 34 people, many of whom have families that are provided comfortable incomes from Kroger. Does the thought of having 100 employees appeal to providers of this area, particularly the unemployed ones? That of course, is the projected number of people needed to comprise a work staff for a store that will bear three times the floor space of the present Kroger building. And what about the clothing store that is tentatively planned to fill the vacated Kroger's? Will not that make a desperately needed contribution to Clinton County's consumer needs? For the good of the community and its people, let us hope that everybody has the foresight and the responsibility to make the proposed project a reality. Sincerely, LYNN HENNING

TITLE 3 - LICENSING AND REGULATION 3.41 ORDINANCE NO. 16, AMENDED

Section 1. The sale of Beers, Wines and any Liquor, as granted by license to those holding a Tavern License, A-Hotel, B-Hotel or Class C Liquor License shall conform with the latest regulations of the State Liquor Control Commission. Section 2. Except the sale shall be prohibited from 2:00 A.M. Sunday until 7:00 A.M. Monday. Section 3. Any person or persons violating this ordinance, shall, upon conviction, be punished by the following fines or imprisonments: a fine of not less than one dollar (\$1.00) and not more than one hundred dollars (\$100.00) or imprisonment not exceeding ninety days (90) or both in the discretion of the court, together with costs of prosecution for each violation. Section 4. Nothing in Section 2 of this ordinance shall be applicable to those holding only an SDM, SDD or the combination SDM-SDD license. Those holding an SDM, SDD or the combination SDM-SDD license in conjunction with any license listed in Section 1, shall observe all the requirements of Section 2. Section 5. This ordinance shall supercede any and all ordinances and City regulations conflicting herewith. This amendment shall become effective on the date of publication, September 20, 1972. DOROTHY KECK City Clerk

It's 1973, and Chevrolet roofs are opening, seats are swiveling, bumpers are retracting, hatches are flipping up.

Isn't it romantic?

You see that rectangle beaming at you from above? That's a moonroof. Not to be confused with a sunroof. (Although many people will undoubtedly be caught using it like one.) A power roof is available on Chevelle and Monte Carlo; a manual one on Nova.

Bumpers are exciting?

This year's are something to get

stirred up about. One of our new bumpers, for example, is built around twin hydraulic cylinders. So on minor impact, the whole system retracts to cushion the shock. It's standard on all big Chevrolet, Chevelle and Monte Carlo

New Nova Hatchback Coupe.

Look what we hatched

You know us for our little Vega Hatchback. Now dependable Nova has one. Which literally makes it half trunk with the backseat down. It's a feature as practical as Nova itself.

We've been thinking about your legs

One of the few things people asked us to improve in our popular Chevelle was leg room in the backseat. Well, your knees will be pleased with the '73s. There's almost 3 1/2 more inches in the sedans.

So what else is new

Naturally this is only a taste of what's new for '73. Among other things, we're introducing larger gas tanks for longer cruising range, a new Exhaust Gas Recirculation system, a hatchback for wagons, and a highly refined flow-through power ventilation system. Plus a reading light for front seat passengers, improved suspension systems, engines that give you performance combined with gas economy, reclining seats and scores of dramatic styling changes. We invite you to see it all at your Chevrolet dealer's.

for Women

Anita Schmitt now Mrs Gene Simon

FOWLER - Most Holy Trinity Church in Fowler was the setting for the Saturday, Sept 16 wedding ceremony which united in marriage Anita Schmitt and Gene Simon. The 2 pm double ring ceremony was performed by Rev Albert Schmitt before an altar decorated with arrangements of white gladiolus and pink and yellow carnations.

Organist for the ceremony was Mrs Bernita Halfmann of Fowler.

The bride is the daughter of Mr and Mrs Julius Schmitt of 11210 Kent Street Fowler and the groom is the son of Mr and Mrs Clarence Simon of West Second, Fowler.

The bride, given in marriage by her father, chose a floor-length gown of silk organza trimmed with Venice lace appliques and seed pearls. Her shoulder-length veil was secured in place by a headpiece lace and seed pearls and she carried a bouquet of yellow sweetheart roses and white carnations.

Matron of honor was the twin sister of the bride, Bonnie Weber of St Johns and serving as bridesmaids were Mary Ellen Schmitt of Fowler, Arlene Myers,

Lansing, Celine Harr of Fowler and Marilyn Simon of Fowler. Flower girl was Luann Wieber of Fowler. The attendants wore floor-length gowns of light blue chiffon styled with a navy blue bodice and light blue lace and chiffon sleeves. The skirt was softly gathered at the empire-style waistline. A bow headpiece secured their elbow-length veil and they carried a bouquet of carnations and mums.

Best man was William Weber of St Johns and assisting as groomsmen were Ronald Falor, Maple Rapids, Steve Miller, Fowler, Larry Koenigs-knecht of Fowler and Thomas Nuremberg of Westphalia. Ring bearer was Craig Schmitt of Holt.

The couple greeted 400 guests at the 5 pm reception which was held at the church hall. Special guests at the wedding and reception were Mr and Mrs John Martin and Mrs Cora Simon, grandparents of the groom.

Following a wedding trip to the Southern States the new Mr and Mrs Simon will make their home in St Johns.

The couple are both 1968 Fowler High School graduates.

MRS GENE SIMON

Marge Griffin to visit here

ST JOHNS - Mrs Marge Griffin will be campaigning in St Johns on Sept 27 for her husband, Sen Robert P Griffin who is seeking reelection in November.

Mrs Griffin will be the guest of the Clinton County Republican Committee and hostesses for the day will be Mrs Kurt Becker, a former sorority sister of Mrs Griffin.

Mrs Liz Nobis, vice chairwoman of the Republican Committee and Mrs Virginia Zeeb, president of the Republican Woman's Club.

A morning visitation will be made in the downtown area followed by a tour of the Jackson Nursing Home and a visit to Clinton Memorial Hospital.

Manning-Schulte wedding rite read

WESTPHALIA - Diane M Manning became the bride of Larry R Schulte Saturday, Sept 2 in a double ring ceremony held at St Mary's Church in Westphalia. Rev James Schmitt officiated at the 1:30 pm service before an altar decorated with red, white and blue flower arrangements.

Organist for the service was Mrs Carolyn Spitzley. Parents of the couple are Mr and Mrs Clarence T Manning of 211 Hinman Road, Eagle and Mr and Mrs Raymond Schulte of 105 Elm St, Scottville.

The bride was given in marriage by her father and chose a floor-length gown of white organza fashioned with a scalloped V-neckline and a sleeveless bodice of re-embossed Rosepoint lace and seed pearls. The empire-style waistline, A-line skirt, with an attached chapel-length train, was accented with lace appliques and seed pearls. She wore a floor-length mantilla veil trimmed with Rosepoint lace and carried a bouquet of red roses, stephanotis, blue Delphinium, baby's breath and small pompons with red and royal blue velvet streamers.

Maid of honor was Brenda Manning of Eagle and assisting as bridesmaids were Mrs Maureen Quigley of Portland and Mrs Karen Schultz of Westphalia.

Flower girls were Deborah Manning and Angela Quigley, both of Portland. The attendants wore dark blue empire-style floor-length gowns styled with short puff sleeves and lace accents around the neckline and sleeves. A red velvet ribbon trimmed the waistline. They wore flowers in their hair and carried a bouquet of red sweetheart roses and carnations with yellow daisies, baby's breath and blue bachelor buttons.

Best man was Patrick Schulte of Scottville and serving as groomsmen were Arville Pettit of Grand Ledge and Michael Schulte of Westphalia. Seating the guests were ushers Roger Manning of Portland and Gary Dexter of Grand Ledge. Russell Manning of Grand Ledge was commentator at the service.

A 5 pm reception was held for the couple in Westphalia with 350 guests attending.

The new Mr and Mrs Schulte will make their home at 811 North Clinton, Imperial Mobile Village in Grand Ledge.

The bride is a 1968 graduate of Pewamo-Westphalia High School and attended Michigan State University.

The groom is a 1966 graduate of Mason County Central and a 1968 graduate of Ferris State College.

MONICA GAZDA

Mr and Mrs Frank Gazda of St Johns announce the engagement of their daughter, Monica Jean to Steven R Balderson, son of Mr and Mrs Robert Balderson of DeWitt.

Miss Gazda is a 1970 graduate of Ovid-Elsie High School and is employed by the Michigan Department of State Highways.

The prospective groom is a 1970 graduate of St Johns High School, attended Ferris State College, and is employed in teaching.

An October 28 wedding is being planned.

Meetings

Entertainment at the Senior Citizens meeting on Sept 12 was furnished by Ivan Kurlle, a retired teacher from Owosso. Showing colored films of Colonial Williamsburg, Va, he related that at a cost of several millions John D Rockefeller, Jr restored the village to the way it was in colonial times.

The film showed pictures of the village and the story of the House of Burgesses when George Washington, Thomas Jefferson, Patrick Henry and many others were planning for independence from Great Britain.

The local group of senior citizens will be the guests of the Owosso Golden Agers on Sept 26 and the Rhythm Band will put on the program. It will be a potluck dinner in the Salvation Army Citadel on Exchange Street.

Those attending should bring a dish to pass and it will not be necessary to bring table service.

Former resident exhibiting works

KLEIN—A girl, Angela Kay, was born to Mr and Mrs Mark Klein of R-2, Fowler Sept 15 at St Lawrence Hospital. She weighed 6 pounds, 15 ounces. The baby has one brother and one sister. Grandparents are Mr and Mrs Clare Schneider of Pawamo and Mrs Dora Kelin of Fowler. The mother is the former Kay Schneider.

Mrs Anja Maki, former resident of St Johns, is exhibiting her paintings at the Whittier Art Gallery in Whittier, Calif during September.

Roy Maki, husband of the artist, is on the faculty of Ceritos College in Whittier and the Makis live in nearby

La Mirada. He is a former teacher of the St Johns High School and a brother of Leo Elmer Maki who lived in St Johns until a year ago.

Born in Ylistaro, Finland, Mrs Maki began her art studies at the age of 11 a few years after her arrival in Canada. Her first instructor was Lydia Hargraves, an English artist. Following her marriage she moved to Michigan and, while living in St Johns, attended classes at Lansing Community College and Michigan State University. Her instructors included Danish-born Peter Andersen, William Worst and Professor Aires.

Since living in California Mrs Maki has studied with Karl Saythour of Long Beach, Milford Zornes of Claremont and Taro Yashima of Los Angeles. She has received awards for her original work from the La Mirada Art Colony, Ceritos College and the May Company.

Anja believes that in original work an artist portrays on canvas an attempt to discover the truth. It is an unending search that enables the painter to see the beauty of nature everywhere, be it in the mountains, on the plains, or at the seashore.

Engaged

ST. JOHNS The engagement of Terry Riley, daughter of Mrs Carolyn Van Rooyen of 206 East Gibbs, St Johns and Leo Riley of Lansing was announced recently.

The prospective groom, Gary L Masarik, is the son of Mr and Mrs Albert Masarik of 2088 East M-21, St Johns. The bride-elect is a 1972 graduate of St Johns High School and is employed at St Lawrence Hospital and Gary is a 1969 graduate of Rodney B Wilson High School and is employed at Oldsmobile.

A Feb 17 wedding date has been set by the couple.

MR AND MRS DAVID KOENIGSKNECHT

Janice Crosslan now Mrs Koenigsknecht

FOWLER—Holy Trinity Church was the setting for the Saturday, Sept 2 wedding ceremony which united in marriage Janice Kay Crosslan and David Norman Koenigsknecht. Rev Albert Schmitt officiated at the 2 pm double ring service.

The bride is the daughter of Mr and Mrs Delmer Crosslan of 228 West Pearl Street, Ovid and the groom is the son of Mrs Julius Koenigsknecht of R-2, Fowler.

The bride was given in marriage by her father and mother and chose a floor-length gown of white satin styled with an empire-style waistline, stand-up collar and lace trimming the bodice collar, cuffs and hemline. The gown was designed by the bride. Matching lace edged her floor-length veil and she carried a bouquet of yellow roses and white carnations.

Matron of honor was Mrs Roger Peel of Mason, sister of the bride, and assisting as bridesmaids were Mrs Jerry McGraw of Lansing and Mrs Jerry Winans of Ovid. The attendants wore identical floor-length gowns of mint green fashioned with an empire-style waistline, long sheer sleeves and a stand-up collar. Lace trimmed the collar, cuffs and waistline. They wore a matching headpiece which secured their shoulder-length veils and they carried a bouquet of yellow mums and white carnations.

Best man was Kenneth Koenigsknecht of Fowler, brother of the groom, and serving as groomsmen were Richard Koenigsknecht, Fowler, Alvin Koenigsknecht, Fowler, both brothers of the groom. Seating the guests were

Mark Koenigsknecht and Julius Koenigsknecht, brothers of the groom, Roger Peel of Mason, brother-in-law of the bride, and Jesse Sweet of Lansing. A reception was held in the church hall following the ceremony.

Following a wedding trip to Colorado the new Mr and Mrs Koenigsknecht will make their home at 806 South Lansing Street, St Johns. The bride is a 1968 graduate of Ovid-Elsie High School and the groom is a 1967 graduate of Fowler.

Smoking classes being offered

MRS DOUGLAS KATT

Couple travel north after wedding rite

ST JOHNS -- Tamela Schroeder became the bride of Douglas S Katt at the St Johns Kingdom Hall of Jehovah's Witnesses on Saturday, Sept 9. Thomas B Schroeder, brother of the bride, performed the 4 pm double ring service before an altar decorated with bouquets of gladiolus and asters.

Music during the service was played by Thomas Cooper of Lansing.

The bride is the daughter of Mr and Mrs Jack O Schroeder of 9840 West M-21, Ovid and the groom is the son of Mr and Mrs Stewart Katt of Lytle Road, Corunna.

The bride was given in marriage by her father and approached the altar wearing a gown of ivory silk organza trimmed with Brussels lace appliques on the empire waistline, chapel-length train neckline and short puff sleeves. She wore a floor-length ivory lace veil, which had been worn by her mother at her wedding, and carried a colonial bouquet of sweetheart roses mixed with straw and silk flowers.

Maid of honor was Ilona Peet of Ovid and serving as bridesmaids were Lois Schroeder of St Johns, Lois

Sturgis, Greenville, and Debbie Lenker of Corunna. The attendants wore gowns in colors of yellow, lavender, coral and green styled with a scooped neckline and puffed sleeves and wore white picture hats trimmed with ribbons matching the color of their gown. They carried colonial bouquets in rainbow colors.

Best man was Ron Brown of Flint and assisting as groomsmen were Tim Schroeder, St Johns, David Katt, Corunna and Jerry Woodthorpe, of Lennon. Seating the guests were ushers Robert Slesman, Corunna and David Southworth of Lansing.

The couple greeted 400 guests at the reception which was held at the Bingham Grange. Special guests at the wedding and reception were the groom's grandparents, Mr and Mrs Walter Katt Sr of Corunna.

Following a wedding trip touring Northern Michigan the couple will make their home at the Pleasant Valley Trailer Park in Owosso.

The bride is a 1972 graduate of Ovid-Elsie High School and the groom is a 1970 graduate of Corunna High School.

County Extension Office

The Knit Boom of last year becomes the Knit Explosion of this year. Knitted fabrics continue to place high in the fabric world. Home sewers, liking their many plus factors, are anxious to learn all the possible techniques in selecting, sewing and caring for knits.

To build on knowledge already accumulated the Cooperative Extension Service is presenting The Knit Explosion, a study in Fashion, Fabric and Sewing for all interested home sewers.

Presentations are presented at three different times to allow greater convenience for attending. They are Sept 26, 1:30 pm, Commercial National Bank in Ithaca; Sept 27, 7:30 pm, Smith Hall, St Johns and Sept 28, 1:30 pm, Casino, Corunna.

Slides and other visuals, supplied by the Vogue Pattern Company.

The programs are open to everyone at no charge. Here are a few suggestions for those sewing with knits: Polyester thread stretches as the knits stretch. Sharp needles prevent snagging. Small stitches stretch more than larger ones. Use a loose balanced tension. To check the tension place a row of stitching on a scrap of the fabric you are sewing. Stretch it. If both threads break at the same time your tension is even. If not, decrease the tension on the thread that breaks.

Set the presser foot very light to avoid stretching the knit as you sew. To check the pressure cut 2 pieces of material the same size. If one strip comes out longer the presser foot should be set higher.

To prevent seam allowances from curling, stitch 1/4 inch from the cut edge.

Sewing-knitting contest underway

ST JOHNS -- The annual Clinton County Make It With Wool contest, sponsored by the American Wool Council of Denver, Colo is looking for participants. The contest is open to both boys and girls who accept its rules, with the exception of professionals in the field of fashion or clothing construction.

Prizes will be awarded at Council, state and district levels as well as the national competition. Grand prize winner at the national level will be awarded a European vacation.

To enter the contest, a person must knit or sew a 100% wool suit, coat or dress from American yarn or American loomed knitted or felted fabric. The contestant must model the garment before judges and appear in fashion shows beginning at the district level.

Selection and construction (including pattern

alteration, layout, cutting, pressing and sewing or knitting) must be done by the individual. The contestant may be advised and taught, however, advisors and teachers cannot cut, sew or press or knit on the competition garment. The garment must have been completed after Jan 1, 1972.

Contestants compete with others in their age group. Juniors with Juniors (14-16), Seniors with Seniors (17-21). Grand Prizes and runners-up prizes are awarded in each division.

Some states also have programs for Adults (over 21) and Pre-Teens (10-13). Neither Adults nor Pre-Teens may proceed beyond State level or be eligible for National Prizes. Junior and Senior contestants who win at District will advance to participate in a Fashion Show and be judged again at State.

District competition will be held at Smith Hall on Nov 11 and will start around 9 am.

Persons interested in may pick up entry blanks from local district organizer, Judy Moore of R-1, Eagle, 626-6056.

Diane Dunkel now Mrs Michael Brown

ST JOHNS -- Diane Dunkel became the bride of Michael Brown in a double ring ceremony held in the First Baptist Church at 5:30 pm July 28.

Misses Cheryl and Marilyn Romig sang "Because" and "O Perfect Love" with Rhonda Woodbury as organist.

The bride is the daughter of Mr and Mrs John Dunkel of 1504 East Walker Rd and the groom's parents are Mr and Mrs Jack Brown of 106 W Baldwin, St Johns.

The bride was given in marriage by her father and chose a gown of white organza with a ruffle of antique lace and lace points at the wrist. Her floor-length veil was edged with antique lace. She carried a bouquet of white roses, lily of the valley with a white orchid in the center.

Brenda Downing, friend of the bride attended as maid of

honor. Her gown of lavender and aqua print featured an empire waist, puff sleeves and ruffle, trimmed with white lace and lavender ribbon.

The bridesmaids wore identical gowns and were Darlene Dunkel, sister of the bride, Jeri Brown, sister of the groom and Karen Barker, friend of the bride. They carried a single white roses tinted lavender with white and lavender streamers.

John Wheeler, friend of the groom, served as best man and groomsmen were Larry Brown, brother of the groom, Ken Schueller and Dennis Sisson, friend of the groom.

Seating the guests were brothers of the bride, Dennis and David Dunkel.

Mr and Mrs Morris Sharick served as host and hostess for the occasion.

A buffet dinner was served to those attending the

wedding at the home of Mr and Mrs Dunkel following the ceremony.

A lawn party reception was held at 8 pm for 300 friends and relatives.

Attending the ceremony of their grandchildren were Mr and Mrs Edgar Dunkel of St Johns, Mr and Mrs Andrew Mann of Ovid and Mrs Marie Ferguson of Lapeer.

Guests at the reception were from St Johns, Ovid, Mt Pleasant, Rochester, Warren, East Lansing, Owosso, Napoleon, Brooklyn and Minnesota.

Mr and Mrs Brown now reside at 719 N Clinton Ave, Apt 2, St Johns.

CHRIS HOWE

Chris Howe of the Olive 4-H Projects Club in Clinton County played his guitar and sang several songs at this year's Michigan State Fair in Detroit. Adult leader of Clinton County 4-H participants in the talent show was Mrs. Virginia Davis.

DEMOCRATIC CANDIDATES

Candidates attending the Re-Opening were (left) Bennie Graves, 10th Congressional District; Kenneth Sommers, 88th Legislative District; Stephen Parker, Register of Deeds; Francis "Bud" Spaniola, 88th Legislative District. Seated are Dorene Radke (left) and Carla Kurnoz.

LOCAL DEM CANDIDATES

Pictured from left are - Stephen Parker; Elaine Brockmyre, Greenbush Township Clerk; Shirley Merlington, DeWitt Township Clerk; Richard Warren, 7th District County Commission; Dorothy Cornwell, 5th District County Commission.

Meetings

"Meet Your Neighbor" was the theme of the meeting held at Greenbush United Methodist Church last Tuesday evening. Sponsored by the WSCS of the church, the event drew about 60 women living within a small radius in Greenbush Township.

Mrs Elmer Swagart, president of the entertaining society, welcomed the gathering and invited each woman to introduce herself and describe where she lives. Mrs Swagart then introduced Mrs Charles Rasdale, proprietor of the Hobby Lobby, who exhibited examples of various crafts and explained the work involved.

Mrs Swagart also announced the church's Ham and Chicken Smorgasbord to be held Wednesday evening, September 20, at the church.

Presiding at the refreshment table were Mrs Melvin Smith and Mrs Dennis Whitlock. An honored guest was Mrs Everett Love, wife of the Greenbush Church minister, who is also minister of the Love and Salem United Methodist Churches.

A man's actions are the best interpreters of his thoughts.

with a final version, but cannot approve a wage schedule without the entire board's consent.

The plan was prepared by Citizens Research Council of Michigan, a non-profit organization in Detroit, and delivered to the County Fathers at their Aug 22 meeting. Its cost to the county, according to County Clerk Ernest Carter, is not to exceed \$500.

THE AUTHORITY to accept a bid for replacement of a condemned gas boiler at the county farm was given to Roger Shutes, Clinton Social Service director.

Shutes estimated the cost for the new boiler will average \$7,000 as submitted by Weld-Rite Co, Bay City. Installation should be completed in 4 weeks at the home 4 miles south of St Johns. The boiler now servicing the home's 21 residents was originally in the courthouse, and has been condemned by insurance inspectors.

Following the request, Shutes announced that he will be leaving his position at social services. He has been acting director since May 1, 1971 when

George Eberhard was granted an educational leave to complete his Bachelor's Degree at MSU.

Eberhard will return to Clinton County and Shutes has been named a program specialist for the State Department of Social Services. He will work out of the regional office in East Lansing which services Clinton County.

ROBERT WILLIAMS, executive director of the CAPITOL Area Office of Economics (OEO) challenged the county commissioners to get involved in the federally-funded program in a morning presentation. He stressed that without local interest and support, dollars and cents mean nothing.

Williams cited several examples of what OEO has done for Clinton County referring to Head Start, Legal Aid, Social Services, Health, etc. But, he added, the new focus in areas of the 4 counties his office serves is to working with established groups such as the county board.

Some politicians don't hesitate to make a promise because it's so easy to make another.

Coming Events

SEPT 21 - Door to door campaign with volunteers collecting funds for Cystic Fibrosis. Persons interested in helping with the project should contact Mrs Mary Hutton at 224-2872. The collection will take place between 6 pm 8:30 pm.

SEPT 21 - Morning Musicales meeting will be held at the home of Mrs Nola Lumbert. Coffee will be at 9:30 am.

SEPT 21 - The WSCS of the United Methodist Church will sponsor a smorgasbord luncheon with serving to begin at 11 am and continue until 1 pm. Price is \$1.50. Also featured will be a mini bazaar.

Open Letter from VAN W. HOAG

Dear friends,

It deserves emphasis that the time, the place, the character of the funeral service, the merchandise used, the cemetery selected - these are decisions of the family of the deceased. The funeral director acts only as a representative of the family.

The clergyman should be consulted in matters that concern him before any decisions are made.

Respectfully,

Van W. Hoag

Middlebury News

A family night reception was held Friday evening at the Middlebury United Methodist Church in honor of newly-weds, Mr and Mrs Harold Warren. About 70 were seated for the cooperative supper at tables decorated with lavender, yellow and green streamers, white wedding bells and bouquets of fall flowers and a three tiered decorated cake. Following the meal community singing was led by Orson Hubbard accompanied by Helen Hubbard. Leota Gardner gave an appropriate reading in a most pleasing manner. The gift table carried out the color scheme and was centered with a money tree, from which the honored couple opened their gifts. They have the best wishes of the community. The committee in charge of the affair was Elizabeth Putnam, Grace Putnam, Ruby Mulder and Ethel Mulder.

SEPT 24 - A door-to-door canvass with volunteers collecting for ALSAC will take place in the St Johns area between the hours of 1 pm and 5 pm.

SEPT 29 - Bingham Grange will meet at the hall at 8 pm. Installation of officers will be held and will be conducted by Mr and Mrs Russell Morrison. Horton-Stockman and Olive Granges are invited to the meeting. Light refreshments will be served.

OCT 3 - The Ladies Auxiliary of VFW Post 4113 in St Johns will hold their regular business meeting at 8 pm in the post home.

SEPT 25 - The Blue Star Mothers will hold its next meeting at the Congregational Church at 7:30 pm.

Today they call a man an extremist just because he is able to make both ends meet.

Eagles breeze by St Pat 23-0

FWLER - A stingy Fowler defense yielded only 40 yards on the ground to Portland St Patrick Friday night as the Eagles grabbed a 23-0 Central Michigan Athletic Conference victory.

Fowler Coach Steve Spicer declined to single out any one player on his defensive unit and termed it a "fine team effort".

He pointed out his Eagles held the visitors to only 4 first downs all night. Larry Halfman scored Fowler's first touchdown in the second quarter from 1 yard out. Mel Pohl kicked the conversion point.

Tackle Bill Feldpausch earned 2 points for Fowler's defensive unit later in the second quarter when he

downed the Portland quarterback in his own end zone.

Fowler running back Bob MacKinnon then added insult to Portland's injured pride by scoring on a 50-yard kickoff return. Pohl added another point with his conversion kick.

In the third quarter, Larry Halfman scored again from 3

yards out and Pohl booted another extra point. Halfman totaled the Fowler rushing attack with 87 of his team's 180 yards on the ground. The Eagles earned another 30 yards in the air and end Tony Thelen caught 2 passes.

This week Fowler travels to Webberville for a CMAC game.

Pirates roll to 19-0 CMAC win

LAINGSBURG - Pewamo-Westphalia displayed a good blend of defensive and offensive strength Friday night in a 19-0 victory over Central Michigan Athletic Conference rival Laingsburg.

Pirates Coach William Marks reported his squad committed a few errors common in a season opener but said "the victory was a combination of putting it all together." He said the "offense moved the ball well and our defense was quite effective in stopping them".

yards on the ground while holding Laingsburg to 99. In the air, P-W passed for 111 yards while its opponents totaled only 18. The Pirates hit on 8 of 14 passes and Laingsburg was 3 for 6. P-W scored its first touchdown of the season in the first quarter on a 30-yard pass play from quarterback Doug Walter to Roy Piggott. Halfback Randy Fedewa tallied the Pirates second TD in the second period on a 10-yard run. Both attempts to run for the conversion point were stopped.

yard line after taking over for his cousin, Doug. Roy Piggott kicked the extra point and P-W had a 19-0 victory.

Top ground gainer for the Pirates was fullback Gerard Fedewa who logged 148 yards in 16 carries. He also was credited with 2 solo and 8 gang tackles from his outside linebacker spot on

defense.

Other defensive standouts for P-W were Dan Thelen, Charles Bengel and Randy Fedewa. Thelen led the team in solo tackles with 7 while Bengel had 6. Fedewa made 3 solo tackles.

THIS WEEK the Pirates travel to Pottsville for a crucial CMAC contest.

Ordiway earns player of week

Fritz Ordiway of Bath High School is week's choice by the COUNTY NEWS for "Clinton County Player of the Week" honors for his outstanding effort Friday against Carson City-Crystal.

The 6 foot-4, 195 pound junior quarterback played a major role in leading his team to a hard fought 14-12 victory.

Johns and fullback Gerard Fedewa from Pewamo-Westphalia. Thelen caught 2 passes from his offensive end position and paced a strong Fowler defensive unit with 5 solo and 8 gang tackles. Coach Steve Spicer calls him "a real tough kid with all-state potential". Hunter earned special recognition for his fine defensive effort.

THE EAGLES scored first but Ordiway rushed in to block the extra point attempt. He then rambled 46 yards with a punt to tie the score. Later Ordiway scored from 13 yards out and his sophomore teammate Joe Green scooted across for the two-point conversion.

Brown, a junior running back, paced his team to victory with several long gainers in key situations. He led the Panthers with 80 yards rushing in 7 carries and help set up both touchdowns.

Carson City scored again late in the game but the extra point attempt failed. Ordiway also led the Bees on defense with 15 tackles from his linebacker spot.

DAN EGBERT was nominated by his coaches for brilliant play on defense in O-E's 39-0 rout over Portland. Fedewa ran for 148 yards on defense in O-e's 39-0 rout over Portland. Fedewa ran for 148 yards in 16 carries as the Pirates defeated Laingsburg 19-0. He also was credited with 2 solo and 8 gang tackles as an outside linebacker on defense.

OTHER CONTENDERS for the honor were Fowler's Tony Thelen, DeWitt's Al Brown, Ovid-Elsie's Dan Egbert, Bob Hunter of St

FWLER'S FIRST TOUCHDOWN

Fowler fullback Larry Halfman bursts through the line for his team's first touchdown of the season Friday night against Portland St Patrick. His tally from one-yard out was the first of a pair he scored as the Eagles defeated St Pat 23-0 in a Central Michigan Athletic Conference game.

Ordiway shines in Bath's 14-12 win

CARSON CITY - Bath quarterback Fritz Ordiway was "Mr. Everything" Friday night as the Fighting Bees stung Carson City-Crystal 14-12 in a close non-league clash.

Ordiway, a 6-foot-4 195-pound junior, blocked a

conversion kick attempt after Carson City scored the first touchdown. He then tied the score by taking a punt return 46 yards. The extra point attempt failed.

Just before halftime, it was Ordiway again as he streaked 13 yards for another

six points. Sophomore Joe Green gave Bath another 2 points by running the conversion which later proved to be the margin of victory.

Carson City made a comeback in the final period with a touchdown on a 7-yard run by Gary Morden.

However, Bath defenders beared down and an attempt at the two-point conversion failed.

On defense, Ordiway led Bath with 15 tackles. This week the Bees travel to Perry for an Ingham County League game.

O-E downs Portland 39-0

OVID-ELSIE - The season for Ovid-Elsie started off on the right foot as they pounded Portland 39-0.

THE SCORE stayed that way until seconds before the half. The Marauders recovered a fumble on the Portland 30 yard line and 2 plays later with 10 seconds

left on the clock quarterback Tom Kirinovic threw a 9 yard scoring pass to end Randy Loynes. Jim Kelly added the 2 point conversion. Kirinovic also hit Loynes with a 50 yard TD pass in the third quarter. Kirinovic ran for the 2 point conversion.

CO-CAPTAIN Dan Egbert led the defense with 12 tackles and 2 pass interceptions. Defense end Dave Winkler twice caused the Portland quarterback to fumble the ball as he was backed to pass with hard tackles and both times O-E recovered. Winkler and Randy Loynes each had 8 tackles.

The Marauders scored in every quarter and picked up 328 total yards to their opponents 120.

Highland Hills ladies league close season

Fullback Rick Staples set up the first score as he rambled 63 yards to the Portland 7 yard line. Gary Groom scored his first of two TD's on the next play. Rich McCreery pick up the 2 point conversion.

The Highland Hills Ladies Golf League held its final luncheon for the season Tuesday, Sept 12.

Coach O'Donnell was pleased with the win but felt there was lots of room for improvement. O'Donnell said "We had 6 turnovers on 5 fumbles and 1 pass interception but we still scored all those points." He said a lot of the credit goes to the defense who played a real strong game. Portland could not move the ball on the ground and they tried 22 passes. Completing only 8 for 63 yards. They had 3 picked off by the alert O-E defense.

Rick Staples led the rushing department with 84 total yards. O'Donnell was pleased with this as Staples was connected to fullback this year after being a starting tackle last year.

THE VALUE OF PRESCRIPTION RECORD KEEPING

WHY DO WE KEEP COMPLETE RECORDS OF ALL THE PRESCRIPTIONS FILLED IN OUR PHARMACY? WE DO IT FOR MANY REASONS. IT GIVES US A PATIENT PROFILE WITH WHICH WE CAN HELP YOUR DOCTOR SPOT ANY ERROR IN MEDICATIONS, SUCH AS DRUGS THAT SHOULD NOT BE TAKEN TOGETHER. IT SPOTS TWO DIFFERENT DRUGS BEING USED FOR THE SAME PURPOSE WHEN THEY NEED NOT BE. IF YOU CHANGE DOCTORS FOR ONE REASON OR ANOTHER IT WOULD ENABLE US TO HELP YOU NEW DOCTOR KNOW WHAT MEDICATIONS YOU HAVE BEEN TAKING.

IT ALSO HELPS US, WHEN YOU FORGET TO BRING YOUR PRESCRIPTION BOTTLE IN FOR A REFILL TO LOOK IT UP AND SAVE YOU AN UNNECESSARY TRIP.

IT GIVES YOU A COMPLETE RECORD FOR INCOME TAX OR INSURANCE PURPOSES. IN ACCIDENTAL POISONINGS BY CHILDREN IT CAN GIVE THE DOCTOR INFORMATION AS TO WHAT THEY MIGHT HAVE GOTTEN INTO. PRESCRIPTION RECORD KEEPING SERVES MANY PURPOSES AND THAT IS WHY WE KEEP ALL PRESCRIPTIONS ON A FAMILY SHEET.

Redwings suffer a 26-0 defeat

ST JOHNS - St Johns demonstrated a valiant effort against a powerful Mt Pleasant squad Friday night before losing to the Oilers 26-0 in a non-league home contest.

Mt Pleasant is a Class A powerhouse which has lost only 2 games in the last 3-1/2 years and Redwings Head Coach Ernie Becker called them "one fine football team".

BECKER HAD high praise for his defensive unit. "Our defense was playing real inspired football," he said. "That team would have beat us 60-0."

The halftime score was 7-0 as the Redwings defenders throttle the strong Oiler offense despite Mt Pleasant's 40 to 50 pound per man advantage. Singled out by Becker as

impressive defenders were Bob Hunter, Bruce Irish and Randy Devereaux. He also commended Mark Barz who is a newcomer this season in the defensive secondary.

BIG GUN for Mt Pleasant was fullback Dave Tuma who scored 4 touchdowns and gained 200 of his team's 240 yards rushing. The 6-foot-2 195-pound senior plunged into the end zone twice in the

third quarter and once each in the second and final periods.

Prior to the season opener Becker commented the 1972 Redwings schedule is the "toughest ever at St Johns" and he expressed deep pride in the effort his youngsters put out against Mt Pleasant. This week the Redwings open play in the West Central Conference with a home game against Charlotte.

REDWINGS IN HOT PURSUIT

St Johns defender Bob Hunter crouches in preparation to nail Mt Pleasant quarterback Richard Dietz. Hunter was among the six high school players in contention for the COUNTY NEWS "Player of the Week" honor for his fine defensive effort Friday night. Other Redwings pursuing the ball carrier are Ray Schueller (79), Bruce Cameron (22) and Bruce Irish (71).

REDWINGS GANG TACKLE

A trio of Redwings defenders swarm a Mt Pleasant ball carrier during Friday night's game at St Johns. The Oilers won the game 26-0 but the St Johns defenders looked tough against the powerful Class A school which has lost only 2 contests in the past 3 1/2 years. At halftime, the Oilers held a slim 7-0 lead.

Speedy DeWitt running back Al Brown sweeps right end behind his blockers for a good gain in Friday night's 12-6 win over Potterville. The junior ball carrier rushed for 80 yards in 7 carries to pace his team in that department and help set up the 2 DeWitt touchdowns. For his effort, Brown was nominated for the COUNTY NEWS "Player of the Week" honor.

Panthers pounce on Vikings for 12-6 win

DEWITT - The DeWitt Panthers earned a hard fought 12-6 win over Potterville Friday night to

become the early season favorites in the Central Michigan Athletic Conference. Last season the two teams shared the league crown.

For almost 3 quarters of action both squads battered each other as the defensive squads dominated the game. Finally with 55 seconds remaining in the 3rd quarter DeWitt quarterback Randy Lankford launched a 34-yard touchdown pass to Tom Ashley and the Panthers gained a 6-0 lead. The conversion attempt failed.

Potterville finally scored with only 49 seconds remaining on a four yard pass play from Steve Turner to Dick Lowe. The Panthers topped rushing totals with 201 yards while the visitors had 104.

THIS WEEK DeWitt seeks another CMAC victory in a game at Portland St Patrick.

St Johns operating shared time program

Vocational education could lead to Clinton area center

By LEE PETERS
News Staff Writer

ST JOHNS — A 4-year college degree for high school graduates used to be the "American Ideal." It's not that way anymore. A college diploma doesn't automatically land a job. Education needs are changing across the country and Clinton County is no exception. The result is 60 to 75% of students wanting vocational education training.

KENNETH LASHAWAY, St Johns Public Schools vocational director is helping to bring about these changes in today's education. He's primarily responsible for getting a county-wide vocational program off the ground.

Lashaway recalls how it came about. "Superintendent and principals from 5 of 6 Clinton districts (DeWitt declined) got together and decided to go for an area center," he remembers.

"We knew it would be almost impossible for each district to be able to afford 25 occupational programs," he relates. "So, we got together as 1 to make it possible," Lashaway adds.

Because a legal operating

halfway mark toward a state board exam. Lashaway states students can also attend on their own during summer vacation to further their credits.

Bee's former garage in downtown St Johns is the new career center for auto mechanics. "They remodeled to suit us," informs Lashaway, "and it's ideal because it used to be an automotive service center."

St Johns is renting the building with a 3-year lease. It is equipped with automotive service equipment, with each class 2 1/2 hours daily. "We are trying to run it as close to a dealer operation as possible," comments Lashaway "but still make it a training program."

TEACHERS FOR THE 70 boys enrolled are Ion Keefer and Roger Enyart. Assisting as an automotive lab technician is Steve Balderson who went through the automotive program at SJHS. He furthered his training for 2 years at Ferris State College in automotive trade technology.

Citizens can bring their autos to the center for servicing later this fall when the programs get in full swing. "But," Lashaway stresses, "if you're in a hurry forget it. These boys are training which means learning as they go." In addition, St Johns High School will continue to operate their own auto center.

"Upon completion, students should have job entry level skills," he reports. "They're ready to start but are not polished mechanics."

TWO HOUSES are being built by the building trades class. As is tradition, a home will be constructed by the St Johns Class at 1208 S Swegles in St Johns. Shared time students are meeting mornings for 2 1/2 hours at their building site across from Fowler High School.

"The lot we purchased at Fowler is a challenge," Lashaway feels. "We are literally turning a bean field into a saleable lot by June," he says. "This means everything from getting down on the ground to lay blocks to climbing up on the roof." The 3-bedroom ranch will feature 1,200 square feet of living space at an approximate selling cost of \$27,000. Teacher is John Mellinger.

Five boys from different districts have enrolled in the St Johns High School electronics course. Instructor David Birdsley will train the students to be radio and TV servicemen. The class is 2 hours daily.

HEALTH OCCUPATIONS will be available to Pewamo-Westphalia and Fowler this semester followed by Ovid-Elsie. A certified vocational teacher, Nancy Griffith, RN, will be traveling rather than the students. All health

agent is required, St Johns volunteered. St Johns High School is almost a vocational center in itself since the new high school was constructed 3 years ago, according to Lashaway.

WITH SCHOOL, NOW 2 weeks underway, Lashaway reports the new shared time vocational concept is off to a good start. "That's great considering we just started coordinating the program the middle of June," he explains. A staff had to be hired, contracts signed and buildings equipped.

Funds come from the local districts participating—Bath, Fowler, Ovid-Elsie, Pewamo-Westphalia and St Johns. Each school is billed quarterly with additional aid coming from state and federal funds. Price for each of the state-approved and certified programs is computed on an individual basis.

To date 250 students have enrolled in cosmetology, auto mechanics, building trades, electronics and health occupations. All classes are continuing daily for 38 weeks except health occupations which is divided into 2 semesters an hour daily.

COSMETOLOGY IS contracted through Melba Beauty Academy on US-27 in Clinton County near Lansing. Busing of the 85 girls attending the school 2 hours daily is by Ovid-Elsie and Pewamo-Westphalia. By attending classes as a junior and senior 700 hours can be accumulated. This is the

Bonanza seeks funds for 4-H

EAST LANSING—The presidents of Michigan State University and the Michigan Farm Bureau and the vice president and director of Ford Motor Company have united in support of a monumental event to help Michigan 4-H youth.

Called 4-H Bonanza, the event will culminate in an auction-exhibition on Oct 14 at Michigan State University's Jenison Field House.

The triumvirate chairmen of the gala event are Dr Clifton R Wharton Jr, president of MSU; Elton Smith, president of the Michigan Farm Bureau; and Benson Ford, vice president and director of Ford Motor Company.

THE FIRST EVENT of its kind in the nation, Bonanza will feature the sale of all types of Michigan products (including a horse valued in excess of \$50,000) and entertainment by such nationally known celebrities as Art Linkletter.

The Michigan 4-H Foundation is sponsoring the unique event and hopes to

raise \$250,000 for Michigan 4-H programs, including those for the underprivileged and minority youngsters.

In addition to financial assistance to 4-H programs throughout Michigan, one of the chief purposes of Bonanza is to create an awareness of 4-H, the 4-H Foundation, the Cooperative Extension Service, MSU, and the opportunities they all provide. The Michigan 4-H program which has been an intricate part of the Cooperative Extension Service at MSU since 1914, currently provides opportunities for over 200,000 Michigan youth.

"We also hope to create an atmosphere of total involvement of people from all segments of our Michigan population, including agriculture, industry, and MSU, in mutual support of 4-H," says Ralph Kirck, the executive director of the Michigan 4-H Foundation.

INCLUDED in the list of programs proposed for sponsorship are leadership training conferences, a state

parks program, a mobile environmental laboratory, the International Farm Youth Exchange, a mobile home youth program, specialized training scholarships and community resource development projects.

In addition to the triumvirate chairmanship, several other key leaders throughout Michigan and MSU have accepted chairmanships associated with the event. Included are: Walker Cislser, chairman of the Board of Detroit Edison, chairman of the banquet committee; John Doneth, MSU professor of Agricultural economics, co-chairman of the sale committee; James H Duncan, president of Michigan Bankers Association, chairman of the finance committee; John Fetzer, president, Fetzer Broadcasting Company, president of publicity committee; Ernest Girbach, chairman, Michigan State Fair Authority, chairman of the general livestock committee; Glenn Lake, president of Michigan Milk Producers' Association, chairman of general agriculture committee; Robert Leary, general operations manager, Ford Tractor Operations, chairman of agriculture business committee; Frank Merriman, vice chairman of the MSU Board of Trustees, chairman of the agriculture committee; and John Platts, president of Whirlpool Corporation, chairman of the industry committee.

Self-discipline is the main ingredient in building character.

Back Through

the Years

From the Clinton County News files of 1971, 1962, 1947

Educators are on the right track

We applaud the effort among Clinton County educators to develop a county-wide vocational training center.

Such a program is long overdue. It's time the focus of high school education centered on the majority of students—those seeking vocational training.

Too often parents "push" their children into college for 4 years. It's considered a status symbol and a sure-fire ticket to future success.

This is wrong for many youngsters and could spell instant failure rather than sure-fire success.

Take the boy who likes tinkering with cars. His parents may push him into a 4-year engineering program which will likely land him a white collar job and he'll never get grease on his hands. To the youngster, getting into a car engine and working is his "bag". He would be unhappy in any other role.

Employment figures reveal a limited job market for college grads but a demand for skilled workers. This trend points out for the lack of and need for vocational training in the high school.

It's good to see Clinton County educators moving into an area we feel has long needed more attention. Hopefully, when voters are eventually asked for tax money to finance this program, they'll also see the merit of vocational training.

K.C.

We're not ready

Sick . . . that's the way most of the world feels today. The cruelty of the Arab terrorists to make the Olympic Games at Munich a way to pursue political goals has aroused anger.

We sympathize with so many people who have been hurt by these terrible murders.

The Israelis who lost their young men are the No 1 victims. The West German people had done so much to make these the greatest games ever. And their role had been so successful until Tuesday.

They had shown the world that 1936 Olympics under Adolf Hitler were far, far in Germany's past. In 1972 this is the new Germany, of course.

The sports competition has been superb. The advent of satellite communications made them living joys to all peoples.

But all of this ended and the international good will in which the Olympics were created is through.

Not since 1932 has the United States hosted an Olympiad. As of this morning in the kind of violent world in which we now live, I hope all efforts to bring future Olympics here end.

The peril of being the host is too great for this nation to assume. A country in which political leaders are shot with regularity can't undertake an Olympic Games responsibility.

The so-called "freedoms" the liberals rant about, have been the world's undoing. Discipline is a naughty word in today's world. And so is quick punishment to those whose only defense of their acts is that they are "frustrated."

Those of us who believe in peace are the frustrated ones today as we look back on a past that seems more orderly than it probably was.

Ask the Governor

By Governor William G. Milliken State of Michigan

Q. I signed one of the property tax relief petitions but I haven't heard anything about what has happened. Will the issue be on the ballot?

A. Yes. You were among the 422,722 persons signing petitions to put on the Nov 7 ballot a proposed constitutional amendment that would virtually eliminate property taxes as a source of regular school operating costs. Just recently the Board of Canvassers designated this as Proposal C on the ballot. I intend to campaign hard for passage of Proposal C, and I'm encouraged by the broad-based support that already is developing. One of the most recent groups to support it is the Michigan Townships Association, which was approximately 70,000 members representing local government. I am confident they share my belief that this proposal will not only mean property tax relief and equality of educational opportunity, but also will lead to more effective local control of schools.

Q. Why did you take the coward's way out and avoid meeting the group of anti-busing women up at the Mackinac Bridge on Labor Day?

A. Apparently we were there for different purposes. They were there only to talk. I was there to walk as I had for three previous years and talk to people along the way. Had the women joined in the spirit of the occasion and walked across, I would have been glad to talk with them as I did with so many others. I don't consider the Mackinac Bridge to be a political platform.

Q. I have heard that you are wearing one of the POW/MIA bracelets that I have seen so many people wearing lately. Who is the man?

A. It is true that I am now wearing a POW/MIA bracelet, and have been wearing it for the past six weeks as a demonstration of my wish for the well-being and return of all American POW's. The name on my bracelet is that of Lt. Walter Estes, Jr., of the U.S. Army, who was first listed as Missing in Action on November 19, 1967, after his plane was shot down over Halphong. He is a former resident of Williamston, Michigan, and I had the opportunity to meet with his mother earlier this year when she presented me with the bracelet. Fifty-three Michigan men

are currently listed as POW's or MIA's in Southeast Asia, but North Vietnam to this date has acknowledged the detainment of only six of them. More than 65,000 Michigan citizens are currently wearing the POW/MIA bracelets, and I sincerely believe that this kind of public support and pressure can have a positive impact toward the safe return of all our American servicemen.

Q. Someone told me the State of Michigan has developed a cure for influenza. What is it?

A. That is not correct. But we have developed a promising new live vaccine to combat virus influenza, a disease that has plagued mankind for centuries. It is the result of a unique long term cooperative effort between the University of Michigan's School of Public Health and the Michigan Department of Public Health's Bureau of Laboratories.

Quantities of the new live influenza vaccine will be available in selected trial populations for use this winter. It is the eventual goal of the Michigan investigators to request and obtain a federal license for this live influenza vaccine.

Bits and Pieces

A bushel and a Beck

By HAROLD SCHMALTZ

A few years back when just a young boy working to pay for a new car, I worked in an apple orchard near Jonia. My duties there were varied. Truck driving, pruning trees, spraying, picking apples, mulching around trees, I guess I must have done it all. From the blossom to the shiny product displayed in stores, much time and effort is expended. Unless one has actually gone thru the cycle involved in horticultural work, one could think that raising apples is easy. Believe me, it isn't! It's far from easy. It takes a lot of time and patience plus a great deal of capital for expensive sprays and equipment.

In thinking back to those days, I would have to say that today's orchards look different, especially with the advent of the dwarf tree. Remembering how precarious it was dangling from the top of a 15 or 20 foot tree while grappling with an apple-picking sack, today's dwarf tree picking would be a treat.

It took the opportunity a few days ago to tour a local orchard owned by Dan Beck. While Dan showed me some of the points of modern apple-raising, I kept thinking how much money I could have made years ago had I had dwarf trees to pick from. Oh well, I guess some people are just born before their time.

"If It Fitz . . . Munich murders

Editor, Lapeer County Press

By Jim Fitzgerald

I was in Munich in the wake of the terror. That is, I wasn't there when the Jews were murdered, but I arrived soon after.

I walked around the business district, I can't speak German so I sought out other Americans. I wanted to know how they felt about the awful things that had happened. They were as stunned as I was about the killing of the Jews. The most common comment was: "I just can't believe it happened."

A friend of mine could speak some German. He asked a shopkeeper and one of his customers, a fat woman, about the killings. They also expressed shock and dismay. "I am surprised that such a thing could happen in a civilized world," the German woman said.

Throughout Munich's business district, it was much the same. There were a lot of people in the streets, but not much noise. Nobody was saying much, but somehow it was easy to see that everyone was thinking the same thing: This is bad, so bad. . . .

A couple of us bumped a ride to 9 miles outside the city, where the worst of it had happened. We didn't expect to see much. Everything was still fenced off, with lots of guards and guns. The truth, I guess, is just that we wanted to be able to go home and say: "Yes, I was there. I saw where some of

those poor Jews were killed." That's human nature. People want to see where awful things happen. They walk around Civil War battlefields, and buy souvenirs. They go to Dallas and point at the Texas School Book Depository building. "This place will become a tourist attraction overnight," my friend in Munich said.

We pressed closer to the fenced-off area and caught the attention of a guard. It's a grisly thing to admit, but we hoped maybe he'd been around for some of the killing. Maybe he'd seen something exciting, or maybe he'd even been involved.

But no. He said he didn't know anything about the killing of the Jews. He looked as dismayed and subdued as everyone else.

I didn't stay in Munich long but I'll never forget the day I was there, after the terror. I was a member of the 12th Armored Division, stationed not far away in a town called Hiedenheim. Some of us had hitchhiked over mostly to see a concentration camp in a Munich suburb called Dachau.

It was a sunny day in May, 1945. 27 years before the 1972 Olympics in Munich.

Progress. Between Hitler's murders and the Olympic murders, we went to the moon. But we haven't gotten anywhere at all.

A PERSONAL LOOK AT THE NEWS

Between the lines

with Jim Edwards

Occasionally, local newspapers run a "good news only" edition.

The edition forsakes all the real news and publishes only the items people are "glad to read."

Imagine if a large metropolitan newspaper tried that. It would probably be something like this.

UNEMPLOYMENT WILL NOT HARM COHO SEASON IN MICHIGAN

LANSING - A Lansing spokesman said today that unemployment in Michigan will not harm the coho population.

However, absenteeism from jobs may cost some of the coho their lives. But, they're good to eat and we consider that good news.

NO MURDERS REPORTED AT 1:39 AM IN STATE

No murders were reported in the entire state at 1:39 a.m. However, 78 robberies and four spitting on the sidewalk charges were reported.

On the other hand, the weather for such offenses was very pleasant.

WORLD EXPERIENCES NO NEW WAR TODAY

There were no new wars reported to have broken out today according to world-wide

CONGRESS RAISES TAXES JUST A LITTLE BIT

Congress today announced the increase in taxes won't be very much.

Just how much was not announced, but spokesmen intimated most people should be able to afford to pay them, although they have to borrow a bit.

NO CLASH BETWEEN DEMS AND GOP

Official spokesmen today announced members of both parties completed a full day without casting derogatory remarks at the other party.

Although, neither the House nor Senate were in session, it was felt the lack of bickering was some sort of landmark event.

In announcing the event, one Democratic leader said, "We're proud to say our party was capable of such action, but we feel the GOP will be back to its old tricks again by morning."

In a retort, three Republicans accused the Democrats of being nice for uncertain political ambitions.

View from the Senate

By SEN. WILLIAM S. BALLENGER

Many persons still believe that legislators set their own salaries.

The fact is, they don't -- and haven't since 1968 when, by a vote of 417,393 to 346,839, the people of Michigan put that responsibility into the hands of a State Officers' Compensation Commission (SOCC).

The Commission meets in the fall of even-numbered years to set the salaries of legislators, the Governor, the Lieutenant Governor, and members of the State Supreme Court.

The seven-member Commission, appointed by the Governor, held a public hearing in Lansing on September 6 to receive proposals and comments on salary levels, fringe benefits, and expense allowances for these elected officials for the next two years.

At present, the Governor's salary is \$45,000 a year and he receives expenses up to \$15,000, for which he is accountable. The Lieutenant Governor receives \$25,000 a year and an expense account of up to \$3,000.

MICHIGAN'S SUPREME Court justices receive \$42,000 a year and free cars. Legislators are low men on the totem pole of elected officials with salaries of \$17,000 a year and expenses of up to \$2,750, including a daily maximum of \$20 for meals and lodging for each legislative session day.

The SOCC is expected to make its salary recommendations -- which cannot be reduced or hiked but can

be over-ruled by a 2/3 vote of both chambers of the Legislature -- sometime before December 1.

If anyone in the 30th Senatorial District wants a say in the salary and expense schedules of key state

officials for the next two years, you should make your pitch by writing to SOCC, c/o Mr Jay VanAndel, chairman, State Officers' Compensation Commission, 7300 Windy Hill Drive, S E Grand Rapids, Michigan 49500.

Questions and Answers

Q. Can a hospital increase its charges because it has purchased some new medical equipment?

A. Yes. An allowable cost increase justifying a price increase for a hospital may include aggregate expenditures for new technology, such as new equipment and services, to the extent these expenditures are not charged directly to the individuals benefiting from the equipment and services. In addition, to be an allowable cost item, the excess of expenses for new technology over revenues must not be higher than 1.7 per cent of total annual expenses of the institution.

For more information, see IRS Publications S-3014, "Price Controls and Health Care Services." It's available free by dropping a postcard to your Internal Revenue district office.

Q. I know that longevity increases are excluded from the Pay Board's 5.5 per cent standard. But where I work periodic wage increases also require a supervisor's rating. Is this still con-

sidered a longevity increase?

A. If the increase is related solely to your length of service and operates without significant exercise of your employer's discretion or his subjective evaluation of your work performance, it is considered a longevity increase. Thus, if the supervisor's rating serves only as a review of whether you have performed your work satisfactorily and no consideration is given for superior performance, the increase would be a longevity increase.

Q. Should individuals with inquiries about the Phase II dividend policy call the Internal Revenue Service?

A. No. Persons with questions on the dividend guidelines should write the Subcommittee on Dividends, US Department of Commerce, Room 4836, Washington, DC 20230 or they may call the Subcommittee at (202) 967-3884 or 967-2343.

Inquiries of a specific nature on Phase II interest guidelines or inquiries

concerning a financial institution's interest policy should be addressed to the Committee on Interest and Dividends, Federal Reserve Board, Washington, DC 20551.

Q. Can the security deposit on an apartment be increased when it is rented to another tenant?

A. The landlord can increase a security deposit if he can show that the deposit has been increased with each successive tenant or that the deposit was previously based on the rent and that the rent is being increased. For example, if a security deposit of one month's rent of \$200 was previously required, a \$200 deposit may be required when the rent is legally increased to \$220.

Q. My monthly rent, with allowable increases, comes to \$99.50. My landlord says he can round this off to \$100. May he?

A. Yes. Under the new rent regulations, a landlord may round off any rent to the nearest dollar by eliminating any amount less than 50 cents and increasing any amount over 49 cents to the next highest dollar. If a landlord uses rounding, he must use it for all units in the same building or complex.

Q. Are all real estate sales exempt from price controls?

A. All sales of unimproved real estate or real estate with improvements, such as a house, road, etc., which were completed before Aug 15, 1971 are exempt from controls. Sales of real estate with improvements completed on or after Aug 15, 1971 are exempt only if 1) the sales price is determined after the completion of construction or 2) the sales price is determined before the completion of construction and the wage rates estimated by the builder at the time the price is determined are not subsequently reduced by the Pay Board.

Dear Editor:

On behalf of women and the right to their bodies, I am writing to illustrate the not too clear picture of the risk taken when an abortion is performed.

Abortion is preferred in the early weeks of pregnancy because of health hazards to the woman. In the first ten weeks D & C and scraping is used. The cervix must be dilated in both methods, this is difficult because the pelvic muscles are protective of the baby and are torn and weakened when forced open. In D&C the surgeon takes a curette (a scraping instrument) and cuts the placenta, and dismembers the fetus. In the

Land purchased for expanded hunter use

State Senator William S Ballenger (R-Owosso) revealed today that the Michigan Natural Resources Commission has voted to buy 432 acres of "high priority" farmland in southern Grafton County to boost plans for expanding hunter use and wildlife management in the Maple River State Game Area.

Ballenger said the Commission made the decision at its Sept 7 meeting at the Higgins Lake Conservation School.

The land, jointly dedicated as a new addition to the game site, is located 10 miles south of Ithaca and one mile west of Highway US-27. It includes 180 acres lying with the floodplain of the Maple River, which will serve to expand water control facilities and managed waterfowl units in the state game area on the west side of US-27.

Ballenger said the improvements will be patterned after units which have been developed on the eastern side of US-27 to attract wildlife concentrations and promote public hunting and trapping.

When developed and under management, the additional 432 acres are expected to help spread the game area's heavy hunting pressure on waterfowl, pheasants, deer, and upland game, said Ballenger.

The 31-year-old lawmaker pointed out that the new tract to be acquired features good upland soils which, among other things, should provide valuable game habitat for pheasant food production and nesting.

The 432-acre farmland unit carries a purchase price of \$140,000. That figure will be met with Recreation Bond funds which the State Legislature has earmarked "acquiring additional wetlands at the Maple River State Game Area, he said.

Opinions on abortion reform

suction method a strong suction is used to pull the baby apart and out of the mother. These methods result in permanently weakening pelvic muscles and the uterus. The chance for tubal pregnancy is increased as is miscarriage in later pregnancies.

Salt poisoning and hysterectomy are used for a 16-24 week pregnancy. Salt poisoning is a salt solution inserted through the abdominal wall of the woman into the baby's sac. The baby breathes and swallows the concentrate, his skin is burned off, he is poisoned. The baby is aborted 24 hours later through natural labor and miscarriage. Two salt poisoned infants have survived, and are in adoptive homes. The salt doesn't always leave the woman's system. It may float to the brain or lungs, and cause brain damage, or embolism. Hysterectomy is performed after the 14th week. It is similar to Caesarian section, the abdomen is surgically opened as is the uterus. The baby is lifted out with the placenta. All of these babies are born alive-and are left to die from exposure or lack of food which ever un-met need comes first. Six aborted babies have survived hysterectomy and are in adoptive homes. The placenta is sometimes placed on the baby's face to suffocate it after it's been aborted.

Medical technology can save the life of an extremely premature infant of 4 1/2 months to 5 months. The law presented in November allows abortion up to 5 months pregnancy. October of 1967 the first International Conference on abortion held in Washington DC brought authorities from all over the world, 19-1 they decided they "could find no point in time between sperm and egg, or at least the blastocyst stage and the birth of the infant at which point we could say that this was not a human life" There may be doubt in some people's minds if a is alive, but society does not bury the doubtfully dead. A fetus is breathing and swimming by three months, and has the same brain waves he will have all of his life by 4 weeks. Every human has civil rights no matter how small the human is.

Your article printed against abortion reform won approval in our household. Please lets have more articles in favor of pro-life. Reassure us that there are still existing high standards in Clinton County.

To Editor:
In reference to an article by Jack Stack MD in a late issue of Clinton County News on abortion reform:

Personally, the article needs no comment as he will no doubt defeat himself but I wonder what has happened to the code of ethics which doctors have always observed. Either the code of ethics has changed drastically or I have been misinformed right along, as I have considered an MD to be the preserver of life.

Mr Stack however-hangs in there on the opposite side of the moral issue in regards to the little people who also have a right to live. I hope the noble profession

of healing needs not degrade itself to the point of trying to drum up patients by advocating abortion.

Easy abortions lead to easy pregnancy which then becomes a never-ending cycle of legalized sin.

If sin, in the form of legalized abortion, paid for by taxpayers has to be the standard of Michigan or elsewhere, then the base of the whole structure of our moral form has decayed beyond recognition and unless we speak up against the advocates of this type of legislation, then we too contribute to this moral erosion.

Most people still have a conscience which wants to guide them properly and also have the obligation to speak up against the erroneous forces which are so prevalent today.

Voters at the November election want to be very cautious about the abortion reform bill which has made its way to appear on the ballot.

Before you vote at all, first consider this one thing; Would you upset God's Plan if he should want to show his glorious and wondrous works of himself to these other human beings yet unborn?

They too, would like a chance to know their God and to be able to build up their merits through a decent and fruitful life.

We all know that life has its ups and downs but in the final analysis it's worth living. No one has ever told me that life was to be easy, but God wanted me here and I'm Glad.

increased RH sensitivity.

One point which the public seems to be unaware of is - Did you know that in NY a C-section is performed to remove babies who are past 15 weeks of gestation? Yes! Since the baby is too large to be delivered vaginally (due to artificial means) an abdominal incision is made, the uterus incised, a live baby removed and must be smothered so that he or she will not be able to continue living.

Yes these are the true facts - source of information "Goodbook on Abortion" Author Dr J C Wilke. I am concerned about this problem since I am employed by a local hospital and will not take part in this procedure (abortion). If interested contact Nurses Associated to Assure Life, Box 444, Perry, Mich. 48872 Phone 517-675-7252.

Informative tours offer visitors real education

If you like plant tours, there's a wide variety to choose from in Michigan, ranging from auto assembly to nuclear energy plants, according to a survey prepared for Automobile Club of Michigan.

It would take more than 10 days to visit approximately 130 plants which welcome visitors, allowing a meager two hours for each and not counting travel time between cities.

Some 46 of the state's cities offer tours, many several. Surprisingly, Grand Haven offers 17 tours, more than any other city, with 12 by Grand Rapids second, followed by Detroit's 10 Port Huron and Ypsilanti have nine each.

VISITOR RULES vary and an advance call is advised to learn each tour requirements. All establishments open to the public have specified tour hours. Some ask advance notice, a day or even a week prior to the visit. Some plants bar children. A call to the plant or to the chamber of commerce in the particular city you wish to visit is the best way to get the latest information.

There are some seven automobile plant tours, but a few are closed to visitors during late summer or during model changeover. At other times, auto assembly operations can be seen in these cities; Dearborn, Ford Motor Co. Rouge Plant, open all year; Detroit, Cadillac Motors (no tours from June to December); Chrysler Corp. Hamtramck Assembly Plant, Jefferson Assembly Plant and Lynch Road Assembly Plant (no tours at latter from June through Sept. 15); Flint, Buick Motor (no tours from mid-summer to September), Chevrolet Assembly (no tours at time of model changeover); Lansing, Oldsmobile Division of General Motors; Pontiac, Pontiac Motors Division of GM; Ypsilanti, Chevrolet Motor Division of GM.

Fisher Body Division plants of GM can be visited in Flint, Grand Rapids, Kalamazoo, Lansing, Livonia, Tecumseh and Ypsilanti. Automotive parts plants are AC Spark Plug in Flint, Chevrolet Spring and Bumper in Livonia and the Hydra-matic division of GM at Willow Run.

THE GENERAL Motors Technical Center in Warren is a showplace of engineering and automotive development. Guided tours are offered from June 1 through Labor Day. Visitors can see various research, design and engineering displays and exhibits.

Another showplace is the Big Rock Nuclear Power Plant near Charlevoix, in northern Michigan. The information center is open the year around.

Michigan also has three breweries which offer tours.

Mr and Mrs Joe Burns spent a few days camping with their children, Mr and Mrs Bud Howard and family and Mr and Mrs Terry Burns and family, near Traverse City.

Mrs Charlotte Cunningham, Kurt, and Shelly and Mrs Carol Slocum and daughter Diane spent a weekend visiting in Wisconsin and returned thru northern Michigan.

Mr and Mrs Frank McHenry visited Clara Hogan last week.

Mr and Mrs Clifford O'Grady and family spent from Sunday until Wednesday in Detroit and attended the Tiger and Oakland games Monday and Tuesday. They stopped at Farmington on their return to see Mr and Mrs Kenneth Brokaw.

Mr and Mrs Quinten Cusack vacationed in Kentucky several days.

Mrs Mamie O'Connell visited her daughter and family at Mason, from Sunday until Friday.

Mr and Mrs Jack Stoddard and family were camping at Central Lake in Northern Michigan and visited Harold Stoddard.

Mr and Mrs Quinton Cusack and Mr and Mrs Clifford O'Grady were in Grand Rapids on Sunday and enrolled their daughters, Virginia and Janice in Aquinas college.

Mr and Mrs Lester Stoddard of Muskegon called on his mother, Saturday. Sunday visitors were Eugene Stoddard and daughter, Debbie and husband and Mrs Anna Grace and daughter, Irene from Lansing.

They are the Stroh Brewery Co. of Detroit, which also makes ice cream; Carling Brewing Co. and Geyer Brothers Brewing Co., both of Frankenmuth.

FOR THOSE who favor soft drinks, Vernors Ginger Ale of Detroit is a longtime favorite, open Monday through Friday. The Coca-Cola Bottling Co. of Port Huron also is open to visitors, but requires two days advance notice.

Bronte Champagne and Wine Co., Inc., in the small

crossroads community of Keeler, five miles south of the Hartford exit of I-94, about midway between Kalamazoo and Benton Harbor, offers tours the year around except New Years, Thanksgiving and Christmas. Free tasting is a bonus.

Ye Old Wine Haus and Frontenac Wine Co., both in Paw Paw, also offer tours and sampling.

DAIRY TOURS are in the minority, but Ira Wilson and Sons Dairy Co. in Detroit has year-around tours, Wed-

nesday through Saturday, and London's Farm Dairy, Inc., in Port Huron can be visited, but there are no summer tours.

Food processing is demonstrated at Ore-Ida Foods in Greenville and D C A Food Industries, Hillsdale.

Kellogg Co. of Battle Creek, manufacturer of breakfast goods, offers continuous one-hour tours Monday through Friday and also gives a gift package to visitors.

THE MODEL Products

Corp. of Mt. Clemens now makes Lionel electric trains, a favorite toy of several generations. Tours are possible by special arrangement.

The state's lone refinery to offer tours is Leonard of Alma. Visitors are welcome Monday through Friday, evenings and Saturdays by special arrangement.

BROWN CITY is the home of Travco Corp., one of the largest trailer and mobile equipment manufacturers. Tours are daily, Monday

through Friday. The Vesely Co., of Lapeer, manufacturer of trailers, also offers tours from Jan. 1 through Aug. 15.

The National Bank of Detroit main office on Woodward Avenue at Kennedy Square is renowned for its Money Museum, which contains more than 12,000 specimens of rare world moneys and media of exchange.

Other banks in the state which offer tours include the Security First Bank and Trust and the Peoples Bank

and Trust, both of Grand Haven, and two Grand Rapids banks, Old Kent Bank and Trust Co. and Union Bank and Trust Co.

Other types of tours available in Michigan include soaps and detergents, furniture, lumber, building materials, electronics, brick and clay products, sporting goods, paper manufacturing, steel products, machinery, leather products, tools, household equipment, plastics, telephone facilities, bakeries and printing companies.

An ounce of prevention

By Jose J Llinas, MD
Director of Community Mental Health Clinton, Eaton and Ingham

Watching the Olympic Games on television made me think about a talk given by Dr. Donald L. Cooper, the team physician at Oklahoma State, at a meeting on the

medical aspects of sports reported by the magazine Medical Tribune.

Dr. Cooper admits that drug abuse has become a serious problem for athletes

and he feels this is a natural reflection of the general social environment.

"Our whole society", he says, "has become a drug-using and drug-abusing group of people".

WONDERS OF CHEMISTRY

Radio, television, magazines and newspapers subject all of us to a constant barrage of chemical substance advertisements.

For even the minor of the everyday tribulations the body is heir to, there seems to be a pill or tablet.

Whether to calm our overworked stomachs, or to quiet our nerves, to relieve our tension headache, clean our complexion, empty our bowels, flush our kidneys, clean our sinuses, stop our bad breath, the merchants of wonderful chemicals are at our service.

"When subject to the sales pitch", Dr Cooper comments, "athletes, like the rest of us, develop a subconscious learning which makes them feel they have a right to resort to the same tactics as the rest of us".

It is an extension, a logical one, of the idea that whenever we have to face a challenge, confront a problem or enter an area where we are not very comfortable, we should instantly begin looking around for the pill or the tablet that will make the experience bearable.

"The tragedy of it", Dr Cooper adds sadly, "is that many of our fine young athletes have ended up damaged and, on rare occasions, even killed from these countless forages into the world of supposed chemical help."

DISGRUNTLED ATHLETES

Drug use in collegiate and professional sports has been publicized recently by individuals who became unhappy about the situation after a while.

Dr Cooper feels, however, that no one knows for sure the extent of the forbidden practice in athletes.

He feels that whatever drug abuse is going on is apparently due to the use of illegally obtained drugs.

After talking to dozens of trainers, team physicians and coaches, Dr Cooper declares that none of the stimulants, such as amphetamines, or sedatives, such as barbiturates, the two most common types of drugs used in sports competition, are obtained through legitimate medical channels, or through any official agents of any team.

Amphetamines or "Uppers" are generally expected to help the abuser to "get up", or get ready for a contest and, since they elevate his mood and produce an occasional or temporary feeling of euphoria, they are supposed to increase his self confidence.

In reality, however, there is little or no medical evidence that the drug gives any real help, as far as performance is concerned.

THE OUNCE OF PREVENTION

The main job of a physician is to return the ailing person to as near normal a condition as possible.

There are no chemical substances, or drugs or any kind of medical procedure that can safely make any normal person "better than normal."

"Drugs can be lifesaving", Dr Cooper ends, "but should only be used in diseased, deficient or injured states. Normally healthy athletes using drugs can only hurt themselves".

Ron Trayer bags a 400-lb black bear

By LEE PETERS News Staff Writer

DeWITT—Ronald Trayer has shot his share of wild game.

But the 28-year-old rural DeWitt hunter's catch last Sunday tops 'em all.

Trayer bagged a bear shortly after the season

opened in the early hours of Sept. 10. He was hunting 30 miles north of the Mackinac Bridge near Trout Lake the home of his in-laws, the Hershel Lovegroves.

TRAYER WAS along when he spotted the 400-lb black bear in a heavily wooded area. He fired 3 shots from

his 30-06 rifle before he downed the bear. Two slugs landed in his front shoulder and a third lodged in his head.

His wife and 4 children at 3462 W Pratt Rd expected him to be gone 4 days. They were surprised to see Trayer drive into the yard that same day with the prize trophy

loaded in his pickup truck. Trayer says hunting still holds the same thrill for him as it did when he shot an 8 point buck near Maple Rapids at age 14. "There's a thrill to it," he openly admits. "I've shot deer, pheasant and squirrel, but the idea of shooting a bear appealed to me," he adds.

successfully hunting a bear. Trayer brought back a 250-pounder last year from the North woods. It's been turned into a rug as is planned for his latest bear.

The remainder of the bear that's edible will go for steaks and hamburger. Trayer says it tastes like beef to him and for the family "it's a real treat to have bear meat."

THIS IS the second time he has met the challenge of

Y'all come on out to Uncle John's Cider Mill

ST JOHNS—Y'all come on out to Uncle John's Cider Mill. They're a makin' cider and pickin' apples from dawn to dusk in an antique setting with an ole-fashioned atmosphere.

Uncle John Beck and his missus have turned a cow barn on their farm 7 1/2 miles north of St Johns on US-27 into the cider mill. From their 40-acre apple orchard comes McIntosh, Cortland, Jonathan, Northern Spy and Double Red Delicious — all popular varieties.

THE WHOLE FAMILY can watch Uncle John in his

bib overalls making the tangy apple drink on his cider press. It's immediately pumped up to waiting bulk tanks where it's cooled to 34 degrees.

Cider lovers can tap it by the glass, gallon or barrel. For those who want to sit back and listen to tunes from the player piano, there's barrel tables and chairs. Other good things to go along with the cider are homemade donuts and caramel apples. A special treat are cider shakes.

The Becks and their helpers Gerald and Gloria Flowers and 3 kids will put on blue denims and red and white checked shirts to help

make it a festive affair. Their farmer outfits are topped off by authentic straw hats.

APPLE LOVERS can still pick their own. Ladders are available for the orchard now in its fall splendor. There are many roads leading through the orchard which has been in the Beck family for 80 years.

Completing the items available at the certified farm market are Indian corn, gourds and pumpkins. There's a standing invite to bring a blanket and have a picnic.

For all fun visit Uncle John's Cider Mill.

An old-fashioned atmosphere in an antique setting is provided at Clinton's newest cider mill. A ribbon, young Miss Flowers picks out a tune on the player piano.

Grandpa George Greter of St. Johns taps a gallon of cider for his granddaughters, Jillynn and Jennifer Moore of St Johns.

Making cider on the cider press is Uncle John Beck at his mill 7 1/2 miles north of St Johns. Lending a hand are his son Jeff and nephew Barry Flowers.

Carolyn Beck prepares a batch of caramel apples — good and tasty at this time of year.

NEW SPORTY GRAND AM --- Topping the Pontiac intermediate line for 1973 is the stunning new Grand Am, which incorporates classic styling with unique ride and handling characteristics. A "soft nose" front end design uses flexible molded urethane which deflects but returns to original shape after being impacted at parking lot speeds in much the same way as a rubber volleyball. The fixed rear quarter window on the Grand Am coupe features body-colored or top-colored louvers. This new sporty luxury car is offered in two and four-door hardtops.

NEW STYLING

NEW LUXURY

FLAGSHIP OF THE FLEET - The all-new Chevrolet Monte Carlo is among the most changed of all seven Chevrolet car lines in 1973. Featuring beautifully sculptured side and rear-quarter metal, new grille, and an optional Landau or opera-type vinyl roof, the Monte Carlo is a styling classic. Many months of advanced chassis and suspension engineering work have given the Monte Carlo handling and roadability said to equal or surpass that of Europe's most expensive personal touring cars.

NEW CHEVROLET NAME PLATE - A distinctive European flair, both in styling and handling and roadability, highlights the new Chevrolet Lapone which is available in two and four door pillarless models and four-door station wagon models. Unbreakable impact-resistant front bumper, new grille with single unit power beam lamps are highlights of the Lapone. There is more interior roominess front and rear and 2.5 cubic feet of additional luggage space.

1973 CHEVROLET FLEETSIDE CHEYENNE SUPER PICKUP - Completely restyled and with extensive chassis redesign, the 1973 Chevrolet pickup line features many improvements in appearance, durability, and comfort for both commercial and personal transportation. Highlights are curved side windows, powered cab ventilation, new leaf-spring rear suspension, increased cooling capacity, a larger available engine, outside fuel tank, easier servicing, and highly styled interiors.

THREE-DOOR OLDS OFFERED - Oldsmobile's new entry in the compact field, the 1973 Omega, will be offered in three body styles... a two-door coupe, a four-door sedan and a hatchback coupe (shown). The rear door of the hatchback opens upward to reveal a flat carpeted load floor extending from the front seat to the rear end when the rear seat back is folded down. Interiors feature attractive hound's tooth check cloth and vinyl seat trims.

ELEGANT NEW CUTLASS - The popular Cutlass Supreme again tops the intermediate lineup from Oldsmobile in 1973. Completely redesigned, the Cutlass Supreme is available in a colonnade hardtop coupe (shown) and a four-door sedan. Standard engine is the 350 cubic-inch V-8 four-barrel with the 455 cubic-inch V-8 four-barrel available as an option.

THE NEW ONES

...from

CHRYSLER

AND

Plymouth

LUXURIOUS, QUIET, & COMFORTABLE — 1973 Chrysler New Yorker two and four-door hardtops and four-door sedans are restyled front and rear. Engineering refinements include quieter ride, safety bumpers, cleaner engines. Standard: automatic transmission, power steering, power front disc brakes, electronic ignition. Options from Electronic Security Alarm System to Chronometer digital clock.

"CHIRP" TRANSPORTATION—Easy to maneuver, easy to park, Plymouth's 1973 Cricket sedans and wagons provide ideal transportation and many features usually found in larger cars. Wheelbase: 98". Wagon cargo space: 60 cu. ft. Sedan trunk: 12.2 cu. ft. Power front disc brakes and 4-speed manual transmission standard.

SOMETHING OF VALUE — The Plymouth Fury for 1973: Fresh look coming at you or going away. Available in hardtops, sedans, and wagons. Above, the Fury Gran Coupe two-door hardtop. Standard equipment for 1973 includes electronic ignition, automatic transmission, power steering, power front disc brakes.

A QUIET PLUS — Plymouth's Sebring Plus two-door hardtop offers a fresh, sophisticated styling theme for 1973 and the quietest ride ever for this intermediate-sized car. Standard are electronic ignition system and front disc brakes. Options include "halo"-style vinyl roof and factory-installed, metal sliding roof.

VALIANT — VERSATILITY AND VALUE — Plymouth's 1973 compact Duster combines versatility and value. Ride is quiet. Styling is distinctive. Standard: electronic ignition system and front disc brakes. Options: "Spacemaker Pak" — fold-down rear seat for 6 1/2 ft. of carpeted cargo area for such items as ski's or camping equipment; metal manually-operated sun roof and electric rear window defogger.

ALL NEW FOR

'73

Here They Are... Great Looks

for 1973 from
Dodge

ALL IN THE FAMILY of Dodge Coronets for 1973 are the Coronet Custom, shown here, and Coronet 4-door sedans and two and three-seat station wagons. Some features these intermediate models have in common are a new Torsion Quiet ride, refinements in side-body styling, grilles and taillamps, and electronic ignition. Powerplants vary from 225 CID 6-cylinder to 8-cylinder engines from 318 to 440.

A DELIGHT TO DRIVE, the intermediate-size 1973 Dodge Charger combines clean styling and new Torsion Quiet ride because of suspension changes and sound isolation, particularly in the Charger S.E., identifiable by the louvered quarter panel windows. Features include standard electronic ignition, latest in emissions control engineering, and 5 mph front and 2½ mph rear barrier impact protection system.

A LOT OF CAR, the sub-compact Dodge Colt is available in four models: 2-door hardtop, coupe, 4-door sedan and 2-seat wagon. These models will continue to be available through the 1972 calendar year. New models will be introduced after January 1, 1973.

WITH IT or without the optional Rallye package, the 1973 Dodge Challenger presents sporty up-to-date style in a two-door hardtop model. Base engine is the 318 CID V8; 340 V8 is Rallye engine. Among new '73 features are barrier impact protection system and emissions control refinements, electronic ignition.

ALL-TIME FAVORITE in compact line for Dodge is the Dart. Swinger model combines economy with eye-catching styling. For 1973, Dart features grille, hood and taillight changes, added sound isolation improvements, new bumper protection system and electronic ignition. Front disc brakes are standard on 8-cylinder models. A metal sunroof option is available.

A UNIQUE INTRODUCTION in the pickup truck market is this 1973 Dodge Club Cab. Ideal for commercial and recreational applications, the new entry offers 34 cubic feet of secure, weather protected interior storage space. Typical uses of the new Dodge include tool and equipment storage and space for certain types of camping equipment requiring ready access. Two optional fold down seats are available offering temporary transportation for additional passengers. The Club Cab is available on either a 133-inch or 149-inch wheelbase with a 6½ or 8-foot pickup body. Heavy slide-on campers can be accommodated by the optional 7500 lb. and 9000 lb. Camper Specials. A full range of 6 and 8 cylinder powerplants are offered.
