Although 3 persons were sent to the hospital following this Friday morning accident at the intersection of Park and Wight in St. Johns, no major injuries were reported sustained. A car eastbound on Park St, driven by Richard Gregory, 18, 308 N Traver, St. Johns, was reported struck by a northbound car on S Wight, driven by Rose Marie Tarr, 61, 508 Wight. She was hospitalized along with Coleen Woodhams, 17, 608 W Park, passenger in the Gregory car and Barbara Karber, 14, a pedestrian on the curb struck after the autos collided.

## Shooting brings \$400 fine

Randall A. Weeks of 4938 Skyline Dr, Perrinton, was assessed \$400 in fines and costs by Judge Benjamin Franklin, visiting judge for 65th District Court in Ithaca, Thursday, Sept. 13.

Weeks was fined for discharging a firearm without malice with intentional aiming or pointing of the firearm. He had pled guilty to the charge following an incident in which 2 youths were hit by pellets, allegedly fired from Week's gun.

The Gratiot County prosecutor's

office, which authorized the arrest of Weeks, also authorized the arrest of the 5 youths involved in the incident for simple larceny, malicious destruction of property.

**ARRESTED WERE** Douglas Allen Vanderstow, 18, Mead Rd, St Johns, and Mark Betz, 18, 519 Robinson Rd, Perrinton, and 3 juvenile youths, including the 2 that were wounded.

Of the 2 youths wounded, one was treated for 4 pellet wounds and released

at Carson City Hospital the night of the incident, Sept 3 and the other, who received over 80 pellet wounds, was treated extensively at the hospital for several days.

The 2 adult youths have been told to appear in District Court on their charges when notified.

According to the police report, the youths admitted stealing muskmelons and throwing them at houses and into a pool in the Middleton - Rainbow Lake area. They also told police that they did malicious damage to Week's property including breaking and removing a night-light.

**WEEKS ALSO** reported damage to a trailer on his property and said that after he was aroused by the noise he checked his property and found no one so he decided to stay in his trailer with a shotgun.

The youths said they returned to the Weeks property and were going to remove some driveway markers when the shot was fired, striking the 2 boys and hitting their vehicle.

Weeks told officers that he heard someone on his property, came out of the trailer and yelled at them and the gun was discharged as they turned and ran to their vehicle. Weeks told the officers later that he tripped as he tried to get out the trailer and the gun discharged accidentally.

## Fowler volunteers fight Cystic Fibrosis

**FOWLER** - Fowler community volunteers will be marching Sept 18-19-20 to raise funds to fight cystic fibrosis. It was incorrectly reported last week that the campaign was to be conducted by the Jaycee Auxiliary -- the march is a community volunteer effort.

Money raised during the campaign is used for research to combat the fatal lung disease in children.

Money raised in the past has helped researchers prolong the lives of those stricken with the disease.

Fowler marchers will be door-to-door in the afternoons and evenings during the 3-day campaign.

## Residents hear little about fired chief

By Jim Edwards  
County News Editor

**DEWITT TWP** - DeWitt Twp Hall was packed with township residents Monday night, but they probably didn't say or hear what they intended to at the special meeting of the board.

The meeting had 2 functions - to discuss pay and benefits due fired police chief Bruce Angell and to move on street light improvements in the township.

Those present at the meeting appeared little interested in the subject of street lights, but they heard little concerning the Angell matter.

Angell did not appear at the meeting, but was represented by John Hays, an attorney with the Lansing law firm of Farhat, Burns and Story.

Hays told the Township Board there had not been sufficient time to prepare salary and benefit requests with Angell because he had not received notice of the meeting until Saturday.

**BOTH SUPERVISOR** Dale Emerson and Trustee Eileen Corr disagreed with Hays and said that Angell had requested the meeting himself.

After some discussion, it was agreed to by the board to discuss the matter at a later date. However, Trustee Corr

said the matter should be discussed at a regular meeting and not at another special meeting.

It was made obvious at the outset of the meeting by Supervisor Emerson that an audience discussion about the controversial firing of Angell at the last meeting would not be allowed.

Prior to getting into the business of the meeting, Emerson made the following statement:

"The purpose of this meeting is 2-fold. First, to act upon the compensation due to Mr Bruce Angell. Second, to pass street light resolutions for the street light districts within the township."

"THIS IS a special meeting of the township and, by law, only those items that appear in the notice of a special meeting may be discussed. Some of the items that will be discussed concerning Mr Angell's compensation include: sick pay, vacation pay, retirement pay, holiday pay, work for the month of September and severance pay and injury expenses.

"Mr Angell has been asked to be here and present the bills he has from his injury. He spoke with me over the weekend about waiting on a settlement on these items until he has received all of his bills. I informed him that this was acceptable to me but was a board decision.

"This board has made a commitment to Mr Angell regarding any expenses he incurred related to his injury. It is the position of this board that any extraordinary expenses he incurred, related to the injury, not covered by his insurance, township, insurance, workman's compensation or other policies, be paid by the township."

"I have asked Mr Tom Hoyt to be here this evening in order to answer any questions about either the insurance or retirement monies. Mr Hoyt is our representative on both of these matters.

"There has been much speculation in the press and from others as to the reasons for Mr Angell's dismissal. The meeting this evening was not called for the purpose of discussing this matter and, by law, the matter cannot be discussed. Therefore, the board has no comment on this issue this evening.

"I WOULD ask the people here to refrain from commenting or asking questions about the dismissal of Mr Angell at this meeting."

The reference to Angell's injury concerns an incident when Angell was apprehending a person allegedly in the act of stealing his motorcycle.

Angell was struck by the individual, who in turn, was wounded when the former chief reported he shot at him in self-defense.

## DeWitt names Councilman, 1 position still is vacant

**DEWITT** - Keith Blizzard was appointed to fill 1 or 2 vacancies on the DeWitt Council Monday night.

The vacancies were created by the resignations of Councilmen Wayne (Gus) Wilcox and Ronald Mull.

Wilcox resigned because he is moving outside the city limits and Mull has said he is resigning because of lack of time to devote to the position.

Blizzard had been serving as interim councilman following an earlier recall election that removed the mayor, vice-mayor and 1 councilman.

Blizzard had served on the council prior to the regular election in November, when he chose not to run for re-election.

## Meetings scheduled in DeWitt as negotiation continues

**DEWITT** - A meeting for Wednesday and another for Thursday morning are the latest in the developments of the unsettled negotiations between DeWitt School District teachers and the board of Education.

According to Lucy Missimer, president of the DeWitt Education Association, a meeting was to be held Wednesday with mediator Edwards Connors in an attempt to reach an agreement.

A previous meeting resulted in a 61-3 vote by DeWitt teachers to go on strike if necessary. "If necessary" was defined by Missimer as when negotiations completely break down.

A meeting is tentatively scheduled for Thursday at 6 am to follow the Wednesday negotiation meeting.

It is believed that a contract will be ratified or a "crisis" vote will be taken. Missimer told the County News the

teachers "don't actually know what we're working under." It was previously agreed that the teachers would continue working under an extension of last year's contract until an agreement could be reached.

However, according to the education association and an official of the Michigan Education Association sick days and personal leave were not included in the extended contract.

However, it was reported no teachers

were docked for any personal or sick time taken.

Although salary was the primary negotiating topic earlier, it is believed class size and increased insurance benefits will also be asked for by the teachers.

Missimer told the County News, in the event a contract is not ratified, "we have to start over with a new negotiating team."

# Retirement caps over 20 years of health service by Luella Canfield

ST JOHNS—After 22 years as a nurse serving the health needs of Clinton County, Luella Canfield has retired, spending her last official day on the job Friday.

Mrs. Canfield began her work in county nursing 22 years and 3 months ago when she began serving as senior nurse with a staff of only herself. Fifteen years later, she assumed the position of senior nurse with the Clinton County office of the Mid-Michigan Health Dept which serves Clinton, Gratiot and Montcalm Counties.

She has served in that position until her retirement Friday.

For 5 years, she carried on the health programs of the county with no office help. After 5 years, she was provided a part time

secretary.

A 2d nurse was approved 10 years later.

DURING HER many years with the department, she was responsible for all follow-up work for doctors, covering as many as 70 rural schools.

During her tenure, the 1st county-wide immunization clinic was established and hearing and vision testing for school children has been a program in the county for 20 years, under her guidance.

She also helped establish a crippled children's clinic on a 2-year basis through the Michigan Crippled Children's Commission.

Conducted in area churches, the clinics provided physicals by orthopedic doctors.

THE HEARING tests became more than a 1-time procedure with those showing hearing problems being tested again. Those who, once again, failed to pass the test were examined by an otologist, a visiting specialist in ear disorders.

Her department, in addition to its many other functions, has provided follow-up care for TB patients including arrangements for hospitalization, testing for the family and convalescent medication. Her department provided the preventive medicine for children and positive TB reactors.

One of the new programs of the department has been the County Family Planning Clinic. In existence for (SEE PAGE 5A)

## Luncheon honors Mrs Nobis retirement

GLENN HUNT AND POSTER WINNERS (FROM LEFT) JEFF MacGUINNESS, LAURA SHERWOOD AND SUSAN SMITH.

Mrs Irene Nobis retired from her position of housemother at the Clinton County Children's Home on August 27.

Mrs Nobis was honored by 32 friends, relatives and county employees at a luncheon held at Daley's Restaurant on Tuesday, September 11. Ernest Carter, County Clerk, gave the invocation.

She was presented with a pink and white corsage and a gift for their new home.

Timothy M. Green, Judge of Probate, commended Mrs Nobis for her 17 years of dedicated service to the Children of Clinton County. Willard Krebel also thanked her for her many years of service to the County.

Special guests were Mr Nobis and the two Nobis daughters, Barbara Heibeck, St Johns. and Carlene Kundra, Dimondale. Mr and Mrs Gene Monroe. the new houseparents at the Children's Home were present.

## Announce poster contest winners

Jeff MacGuinness, 9 years old, 6229 S Clair Rd, St Johns; Laura Sherwood, 6 years old, 208 Swegles, St Johns; and Susan Smith, 12 years old, 5244 S Chandler Rd, were declared winners last week in the poster contest on poison prevention sponsored by Arnold Pharmacies. Each received a \$15 prize

and will be eligible for one of three \$100 prizes in the final judging of the statewide contest which will be held Friday afternoon, Sept 28, at Cobo Hall, Detroit. One \$100

prize in each age group will be awarded. Local winners from 24 cities in Michigan will be judged and will attend the party for winners, with entertainment by Mr Whoodini, TV magician from the Bozo show.

Judges for the local contest were James Barger and Melissa Agerstrand, teachers in the area school system.

"We were gratified by the number of entries submitted by the children in this area," Arnold store manager Glenn Hunt said.

"These children have shown a remarkable sensitivity to the dangers of home poisoning," Mr Hunt said. "More importantly they have helped bring the message to parents - who are the real key to the problem."

"More than 600,000 cases of accidental poisoning were reported in this country last year and most of them involved small children. If the work of these contestants has helped save just one child from harm, the whole project has been worthwhile."

This is the 2d year Arnold's has held the statewide contest

To the Editor:

At our regular meeting held September 11, 1973, I, as Secretary of the Clark-Chandler Farm Bureau Group, was authorized to write the following letter to Governor Milliken, and it was then signed by members of the group.

"Governor Milliken:

"It has been known for some time that you would appoint a farmer to the D N R Commission. When the recent appointments were announced it was very disturbing to us. Therefore, we of the Clark-Chandler Farm Bureau Group wish to inform you of our disappointment in you when you did not appoint a farmer who truly represents agriculture

## TO THE GAS CUSTOMERS OF CONSUMERS POWER COMPANY

### NOTICE OF HEARING ON A CONSERVATION PROGRAM INVOLVING NATURAL GAS RATES

On September 7, 1973, Consumers Power Company applied to the Michigan Public Service Commission for approval of a program for the conservation of natural gas by encouraging and assisting residential customers in the insulation of their homes heated by natural gas. (Case No. U-4416.)

The Company's application states that large numbers of the Company's residential space heating customers reside in older houses which do not have insulation meeting current standards established by the Federal Housing Administration. Studies by the Company indicate that installation of ceiling insulation meeting current FHA standards in a typical house built in the Company's service area prior to 1942 would reduce the quantity of gas used for heating by about 21 percent; and that installing sufficient ceiling insulation to meet current FHA standards in a typical house built in the Company's service area after 1942 would reduce the quantity of gas used for heating by about 10 percent.

The application states that, despite extraordinary efforts, the Company has been forced by the current national shortage of natural gas and resultant curtailments in deliveries from the Company's interstate gas suppliers, to institute restrictions upon gas sales in the Company's service area which currently affect all but residential customers. The application states that the proposed home insulation service program is in the public interest because it seeks to partially relieve the shortage in natural gas supply.

The program which the Company proposes would include the use of mass media and other means to communicate to the public the need for conservation of natural gas and the contribution which home insulation can make to that goal.

The Company would urge homeowners to install insulation themselves or to hire a contractor to do so. The Company would also offer, on a non-profit basis to the Company, to arrange for the installation, in residential premises owned by any qualified residential space heating customer, of ceiling insulation meeting the most recent FHA standard. A residential space heating customer would qualify for the program if he has a satisfactory utility bill payment history. Where the Company thus arranged for installation, it would finance up to the smaller of 80 percent of \$300 of the cost, over a period of up to 36 months, at an interest rate of 1 percent per month on unpaid balance. The Company would not itself sell insulation or install insulation, but would subcontract the work

to dealers and contractors. Under the proposed amendments, any sums owed the Company for installation or insulation would be a part of the charge for residential space heating gas service rendered to the insulated premises; and the cost of such installation, if not paid for by the residential space heating customer who contracted for the work, would be charged to successor customers at the insulated premises at the rate of \$5 per month.

The application asks the Michigan Public Service Commission to authorize the Company's participation in the home insulation service program; and to authorize the Company to include all costs associated with the program as a part of utility cost of service, to be reflected in rates hereafter prescribed by the Commission for the Company.

A public hearing will be held at 9:30 AM, on October 5, 1973 in the offices of the Commission, Law Building, Lansing, Michigan 48913, for the purpose of determining whether the approvals sought should be granted. Any interested parties may attend the hearing and participate subject to the provisions of the Commission's Rules of Practice and Procedure. Copies of the application may be obtained from the Secretary of the Commission, Law Building, Lansing, Michigan 48913, or from the Secretary of Consumers Power Company, 212 W. Michigan Avenue, Jackson, Michigan 49201.

The Commission's jurisdiction of this matter is pursuant to Section 4 of 1919 P.A. 419, as amended, M.C.L.A. 460.54; Sections 4, 6 and 6a of 1939 P.A. 3, as amended, M.C.L.A. 460.4, 460.6, 460.6a; Section 63 of 1969 P.A. 306, M.C.L.A. 24.263, and the Commission's Rules of Practice and Procedure, 1954 Administrative Code, as amended, No. 54, R 460.11, et seq.

This Notice is published by order of the Michigan Public Service Commission, which has directed the Company to publish notice of this proceeding in all daily and weekly newspapers of general circulation published within its service area, at least 10 days prior to date of hearing.

## Double ring ceremony unites Koenigsknecht, Rehmann

ST JOHNS -- Susan Koenigsknecht, daughter of Mr. and Mrs. Nicholas Koenigsknecht, R/#6, St. Johns, was united to Robert Rehmann, son of Mr. and Mrs. John Rehmann, 605 S Mead, St. Johns in a double ring ceremony August 18 at St. Joseph Catholic Church.

Hankerd Con-Celebrant, before an altar decorated with baskets of white and mint carnations, yellow daisies, and baby's breath.

Mrs. Jackie Schneider was organist at the wedding mass while Monica Hatta and Marge and Denny Ganigan sang Today and Wedding Song.

The bride chose an empire waist gown of white cotton lace with chiffon trim at the collar and sleeves, which featured Bishop sleeves. She wore a floor length veil with a flowered lace bridal cap. Her veil was trimmed with small lace daisies identical to those making up her bridal cap. She carried a bouquet of white miniature carnations, yellow star flowers, and small orchids.

Matron of honor was Janet Sinke, sister of the bride, who wore a dress of yellow polyester blend accented by white lace and self bows and had short puffed sleeves. She wore a picture hat. Bridesmaids were Mary Beth Rehmann, Karen Koenigsknecht, and Deb Rehmann. They wore dresses of mint green which were of the same style as the matron of honor. Jr bridesmaids were Connie Koenigsknecht and Janie Rehmann. They wore dresses identical to the matron of honor. Each of the attendants carried baskets of daisies and baby's breath.

Mrs. Koenigsknecht chose a floor length gown of yellow polyester. The groom's mother wore a floor length gown of mint green polyester. Both wore a corsage of yellow roses and white carnations. Gery Rehmann, brother of the groom, served as best man. Gary Koenigsknecht, Jim Rehmann, Dick Rehmann, and Dan Rehmann

MR & MRS ROBERT REHMMAN

were groomsmen. Mike Koenigsknecht and Ann Pohl cut the wedding cake. Special guests present included Mrs. Ann Thelen and Mr. and Mrs. A.L. Rehmann, grandparents of the groom; and Mrs. Mary Stay, grandmother of the bride.

Following a honeymoon to Florida, the newlyweds are residing in St. Johns. Both the bride and the groom are 1970 graduates of St. Johns High School.

## Routly-Funderwhite vows spoken in St Johns

ST JOHNS -- The First Congregational Church of St. Johns was the setting for the Aug. 18 wedding uniting Gwen Routly, daughter of Mr. and Mrs. Donald O. Routly, 406 W. Sickle, and Mark Funderwhite, son of Mr. and Mrs. Harry Funderwhite of Park Row, Lakeside, Ohio.

The Rev. Averil M. Carson performed the double ring ceremony before an altar graced with red carnations, daisies, pom poms and babies' breath.

The bride was given in marriage by her father. Music for the occasion included My Sweet Lady, sung by Dave Dush. Soloist John Anderson sang The Lord's Prayer and organist Diantha Witteveen played Trumpet Voluntary as the wedding march and Jig Fugue was her descending music.

The bride wore a Victorian style gown of silk organza which featured a fitted bodice drawn to a natural waistline and was strewn with appliques of Venice lace. The circular skirt matched the organza sleeves. Her headpiece was styled short and denoted touches of Venice lace. Her bouffant was of imported elusion. She carried white sweetheart roses surrounded by daisies and accented with babies' breath.

Linda Routly was her sister's maid of honor. Bridesmaids included Pamela Routly, sister of the bride, St. Johns; Renee Kuebler, cousin of the bride, Hawks, Mi.; and Pam Hannan, Port Clinton, Ohio. All wore gowns of red and white check voile over white taffeta accented by white collar and cuffs trimmed in lace. Each carried a bouquet of daisies and pom poms surrounded by babies' breath.

Mrs. Routly selected a pink nylon knit gown with lace trim. The groom's mother chose a blue princess style gown. Both wore a

MR & MRS MARK FUNDERWHITE

corsage of pink tea roses. The bride's grandmother chose a blue chiffon gown and wore a corsage of daisies and carnations.

Serving as best man was Dale Funderwhite, brother of the groom. Groomsmen were Charles Gdovicak, Florida; David Witker and Dick Biro, Lakeside, Ohio. Seating the guests were Van Funderwhite and Donald Routly, Jr., brothers of the bride and groom.

Special guests were Mr. and Mrs. Philip O. Routly, grandparents of the bride, and Mr. and Mrs. Wilbert Routly, Godparents of the bride.

A reception was held at the VFW Hall for the couple's 200 guests. After a buffet supper, music was provided by the Music Makers. After a honeymoon in Northern Mich., the newlyweds are residing in Ohio.

"But dad, all you said was that Cutlass Salon had reclining seats."

had reclining seats.

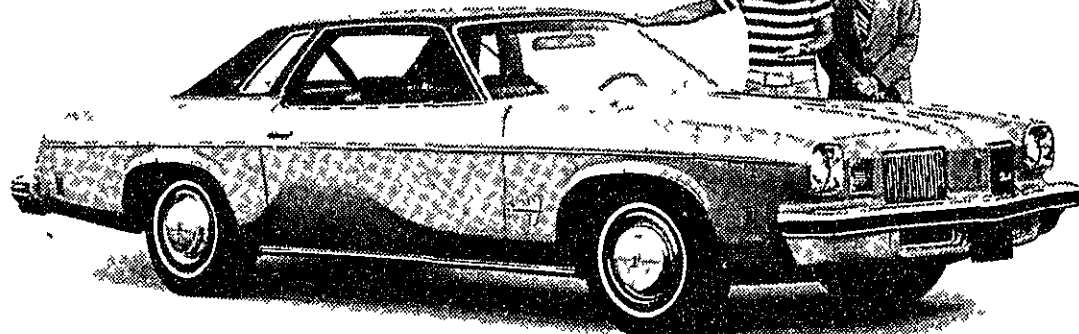

You didn't say it came in a new coupe, too."

Last year Cutlass Salon was a new kind of American car—a sedan built for its roadability. This year there's a Salon two-door

coupe. Like the sedan, it has a new, lower steering ratio for quicker response. Steel-belted radial tires to grip the road. Special suspension for tight cornering.

Contoured seats that recline. And you can even order a Landau roof. Cutlass Salon. Built in the Grand Touring Tradition.

"Look Walter! Now we can get an air conditioner that filters smells."

Not only does Tempmatic regulate temperature inside your car to a preset level, it also charcoal filters the air. The filter acts to reduce many

offensive odors from the air entering the car. It's available on all full-size Oldsmobiles. The '74 Delta 88 coupe has a brand new roofline. Hydraulic bumper systems,

front and rear. And underneath—a suspension system that's as tough as ever. Olds Delta 88. It's really put together. More than just another pretty car.

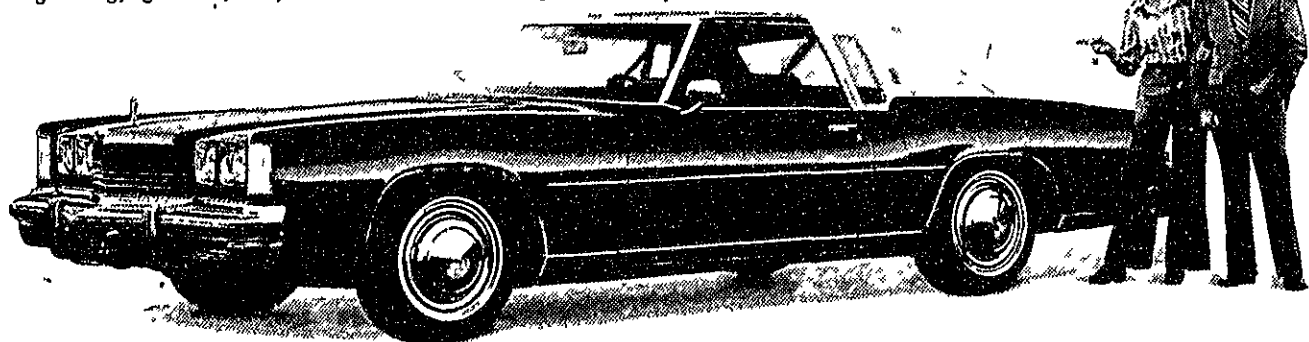

"Hey! I didn't know we could get these new little windows in the Toronado."

Order a Toronado with an opera roof and you get opera windows and a padded canopy of oxen-grain vinyl. You can also order a new interior with rich velour upholstery, a high-energy ignition system,

and True-Track braking. The 1974 Toronado has a new instrument panel with a message center that lights up to warn you when certain things such as your gas, oil pressure, seat belts,

etc., require your attention; there's even an exceptionally accurate digital clock, with quartz-crystal controlled movement. Front-wheel drive Toronado. Engineering can be beautiful.

Stop in at your Olds dealers.

He's got surprises for every member of the family in all the other '74s, too: Ninety Eight Regency Cutlass S and Supreme, Omega and station wagons.

about 2 years, the clinic is conducted once a month with hopes for more clinics in the near future.

She was 1 of many persons who participated in the organizational meeting and served as secretary of the Comprehensive Health Program. She is a former member of the Lansing Inter-Agency Developmental Disability Committee.

Her work to improve health extended outside of her Health Dept duties, however, as she and Gertrude Buehler, worked to reactivate a dormant Easter Seal Society 20 years ago. The Easter Seal Society is still going strong.

A RESIDENT of the Ovid area for the past 28 years, she graduated through the Sparrow Hospital Nursing Program in 1933. She served with Clinton Memorial Hospital for 4-1/2 years.

She and her husband, Ray, live at 223 Fitch in Ovid. They have 2 sons, Ray, owner of Canfield Photography and Edward, an employee of Michigan Bell Telephone; a daughter Joan Micka, a beautician in Elsie and 4 grandchildren.

Mrs. Canfield's years of service were honored at a

farewell picnic Sept 12 at Carson City Park attended by persons who have known and worked with her in the 3-county area.

An open house is scheduled for Sept 23 from 2-5 pm at Central National Bank. A money tree will be available for those wishing to contribute.

## Judy Koenigsknecht weds Michael C. Klein

**FOWLER** -- Judy Susanne Koenigsknecht, daughter of Mr and Mrs Leo Koenigsknecht, Route 1, became the bride of Michael Carl Klein, son of Mr and Mrs Paul Klein, W Clinton St, Fowler, in a double ring ceremony August 25 at Holy Trinity Church.

Rev William Koenigsknecht, brother of the bride, officiated before an altar decorated with pink gladiolas and blue mums. Bernita Halfman provided organ music and Duane Feldpausch played the guitar. The bride selected a gown

of silk organza featuring a full skirt and bishop sleeves accented by patterned lace intertwined with pink satin ribbon. A matching lace cap secured her full length veil of bridal illusion. She carried a Williamsburg style nosegay in shades of white and pink immortals, star flowers, and baby's breath.

Mrs Eileen Feldpausch of Perry was her sister's matron of honor. Bridesmaids were Mrs Joan Boog, Grand Rapids, sister of the bride; Mrs Roseann Martin, Kalamazoo, sister of the bride; and Ann Klein, Fowler, sister of the groom. All wore gowns of pink crepe with Juliet sleeves and A-line skirts falling from a patterned lace bodice. Each had a cluster of pink straw flowers and status in her hair and carried a Williamsburg style nosegay of everlasting flowers.

Mrs Koenigsknecht selected a perrinkle blue jaquard knit gown while the groom's mother chose an orchid double knit gown with matching lace jacket. Each wore a corsage of wedding white orchid with pink rosebuds.

Jerry Klein of Fowler served as best man. Groomsmen were Sam Simon of Fowler; Don Kramer of Fowler; and Don Koenigsknecht of Fowler. Mike Platte and Dave Koenigsknecht seated the guests.

A reception was held for the couple's 350 guests in the Holy Trinity Church Hall in Fowler. Assisting were Shirley Thelen, Lois Miller, Janice Luttig, Susie Fedewa, Diane Schneider, and Kathy Hall.

Special guest present was Amelia Feldpausch, grandmother of the groom.

Following a wedding trip in Colorado, the couple are residing in Portland.

Both the bride and groom are 1970 graduates of Fowler High School.

## A Career in Real Estate

### LANSING COMMUNITY COLLEGE

Lansing Community College offers an extensive program in Real Estate; in-depth courses which have been developed with the assistance of state, local and individual members of the real estate community, and certified by the Michigan Real Estate Association.

A career in Real Estate can be achieved at LCC's low tuition rate of \$7.00 per credit hour for LCC residents and \$13.00 for non-residents. Classes are held in the evening so that you may continue your present job while preparing for this exciting new career. Call 373-7060.

### REAL ESTATE BUSINESS I

3 Credit Hours

Real Estate Business I is the first of three courses required of persons desiring to obtain the "GRI" ("Graduate, Realtor's Institute") designation. It considers such topics as ethics, real estate law, appraisal, finance, organization of real estate, and all aspects of marketing, construction, and property management.

### REAL ESTATE BUSINESS II

3 Credit Hours

Real Estate Business II is the second of three courses jointly offered by the Lansing Board of Realtors and Lansing Community College, to obtain the "GRI" designation; and provides background for the State Real Estate Salesman's examination. Advanced subjects covered by expert resource people include Michigan License Law, Listing Agreements, Appraising, Finance, Offer to Purchase, Real Estate Law, the Code of Ethics, and the Closing Transaction.

### REAL ESTATE LICENSING EXAM

2 Credit Hours

Offered for those who have some knowledge of real estate but who need assistance with the licensing examination, this intensive seven-week course zeroes in on answers to hundreds of questions which may be asked on state examinations. Practice in taking "timed" examinations, explanations of "trick" questions, and an in-depth study of problem areas are major considerations.

**Family living groups organizing for '73-'74**

Family Living Education Study Groups, one of the several segments of the Cooperative Extension Service, are organizing for their 1973-74 program year.

Family Living Education Study Groups have been in existence in Michigan for well over 50 years. They are made up of neighborhood homemakers who want to learn how to best care for themselves, their family and their community. These same study groups reach out and are also members of a great International organization known as Associated Country Women of the World. ACWW claims membership also from Farm Bureau Women, Federated Garden Club women and similar organizations that are worldwide.

The Michigan Cooperative Extension Service is an Educational Unit of Michigan State University with offices and staff in each county of the State. Off-campus staff provide educational opportunities in the Family Living Area, Agriculture, Resource Development, 4-H Youth, and Consumer Marketing program for every individual who wishes it. Programs, meetings, radio, television, newspapers, publications

and individual contacts are the major sources of the information.

WITH EMPHASIS on the home, the family members and the community, the Family Living Education program for Clinton, Gratiot and Shiawassee Counties (Area 9), offers for the 1973-74 program the following studies: Jewish Foods and Culture, Sewing Menswear, No Fault Auto Insurance, Can You Reuse It?, Convenience Foods, Let's Decorate and an Automotive Workshop. All of these are open to both the public and members of the Family Living Education study

groups. Organized study groups each plan additional discussion topics as they wish. Still other programs and activities are planned and promoted by county and area advisory councils.

If you are interested in knowing more about the Family Living Education program, contact your County Cooperative Extension office. Better yet, inquire around your neighborhood to see if there is an established study group or if some of your friends would like to start one. Your Extension Home Economist and the Cooperative Extension office will be glad to assist.

**To aid Kidney Foundation St Johns Jaycettes conduct bottle cap drive**

ST JOHNS -- St Johns Jaycettes are conducting a bottle cap campaign to aid the Kidney Foundation of Michigan.

The campaign is a result of the decision of Royal Crown Cola Company to donate monies to service organizations through a program called "Crown For A Better America."

The donations are distributed by special cash donation liners under bottle caps of Diet-Rite and Royal Crown Cola.

Approximately 1 of every 14 bottle caps will be a donation liner cap with the campaign continuing through Dec 31. All liners will be counted here and then sent to the

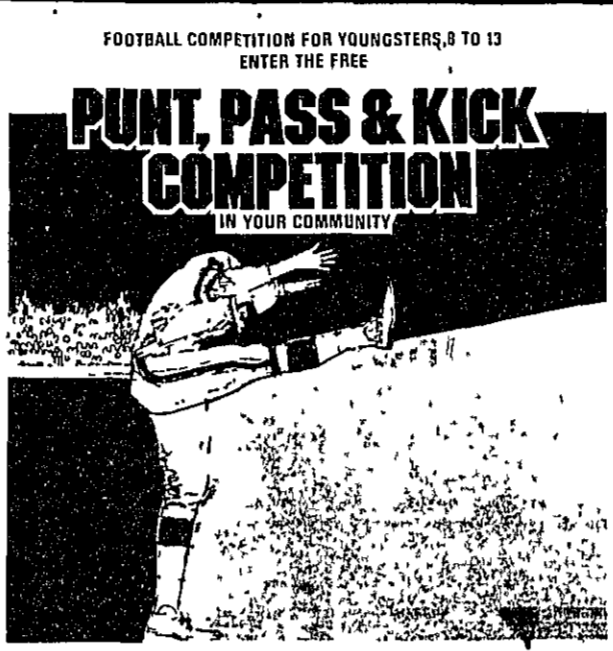

Kidney Foundation of Michigan, from where they will be forwarded to Royal Crown for cash.

All of the money will be used to purchase perfusion equipment, an apparatus used to preserve a kidney

from the time it is removed from the donor until it is transplanted into the recipient.

Those residents with the special bottle caps may deposit them in boxes at the

following locations: J.C. Penney, Quality Discount, D&C Store, Eisler's Superette, Treasure Chest, Parr's Drugs, D&B Party Store, Borons, DePeals Music, Gambles, Kroger, IGA, Sunshine Laundry Center and Village Square.

## Karen Tolles becomes bride of Duane Bird

ST JOHNS -- Karen Ruth Tolles, daughter of Mr and Mrs Donald Tolles, E Walker Rd. St Johns, became the bride of Duane Mark Bird, son of Mr and Mrs Clarence Bird, Almond Rd, Williamston, on August 18 at the Cedarway Free Methodist Church in Lansing.

The Rev. Richard L Rolfe officiated. Mrs Richard Rolfe provided music for the occasion. The bride was given in marriage by her father at the double ring ceremony.

The bridal gown was of white lace over taffeta, and featured an empire waist. Her fingertip veil featured a headpiece of white violets and pearls. She carried a

bouquet of white gladiolas and rainbow rosebuds. All were made by the bride.

Amy Castner, St Johns, was maid of honor. Mrs Daniel Newport, St Johns, cousin of the bride; Esther Bird, sister of the groom, Williamston; and Lucie Bird, Williamston, sister of the groom, were bridesmaids. All wore identical gowns of pink, yellow, blue, and green dotted swiss, respectively. Each wore a white hat with ribbons matching the color of her dress. Angela Botum, a cousin, was flower girl.

Serving as best man was Andrew Bird, Okemos, brother of the groom. Larry Rice, Mason; Robert Rice, Leslie, cousin of the groom; and Dick Rice, Leslie, cousin

of the groom, were groomsmen. Ushers were Ed Scripser, Dansville, and Jon Brown, Lansing.

Immediately following the ceremony, a reception was held at the Fenway Church of God. Serving at the reception were Mrs Andrew Bird, Mrs E J Botum, Janine Novinski, and Marilyn Fox. Margaret Castner attended the guest book.

Special guests were Mrs E L Tolles; Mr and Mrs Clarence Botum, grandparents of the bride; Mrs V E Bird; and Mr and Mrs R Blaine Rice, grandparents of the groom.

Following a trip to Disney World and Washington D C, the couple are at home in Williamston.

The bride is a graduate of St Johns High School and Lansing Business University. The groom is a graduate of Dansville High School and Lansing Business University.

**1974 Chevrolet**  
**A better-than-ever way.**

When the wheel belongs to you, the road goes anywhere you say. And it's so much better with a '74 Chevrolet.

**Caprice Classic.** Introducing an elegant motor car, just asking to be enjoyed. Outside: an imposing new grille and, on the Coupe, a distinctive new roof line. Inside: peace, quiet and convenience. With standard power steering to do most of the turning, standard power front disc brakes to do most of the stopping, and a standard Turbo Hydra-matic transmission to do the shifting. If you want the luxury and comfort of a car that leaves little else for you to do but enjoy the ride, you don't have to look beyond the '74 Caprice Classic. However, the freedom of the open road begins with the freedom of choice:

**Monte Carlo.** You'd think its looks were everything, until you drive it. It has steel-belted radial tires and a refined radial-tuned suspension. Power steering and power front disc brakes. We think you'll appreciate how well it handles, how smoothly it rides. For it's as elegant mechanically as it is in appearance.

**Vega GT.** This year's version of last year's Motor Trend Economy Car of the Year. (And Car and Driver Readers' Choice as Best Economy Sedan for the last three years.) With a reshaped nose, bigger bumpers, nicer carpeting, new stripes and new colors. Plus more good things to make it better. See what it's like to drive a winner.

**Malibu Classic.** A luxury Chevelle, new this year. With full foam seats. A fold-down front armrest. Wood-grained vinyl accents. Elegant inner door panels. Extremely tasteful upholstery and cut-pile nylon carpeting. That's just inside. The exterior is just as classic, in character and in detail, as the interior. Yet, it remains mid-size. And, it remains all Chevelle. With Chevelle handling and at a Chevelle price. Now that you've looked, come and see the new Malibu Classic--and all the 1974 Chevrolets. The ones shown here, plus Impala, Nova, Corvete, pickups, vans and all our new cars and trucks.

**Camaro.** The way it looks is the way it goes. Quick, sleek and nimble. With a low, wide stance, responsive steering. And comfort that's rare in a car that handles so well. Plus classic new styling, and plushness from the cut-pile carpeting up.

**Chevrolet**

PEWAMO-WESTPHALIA DEFENSE INTERCEPTS LAINGSBURG AERIAL

# Redwings fall to Mt Pleasant take on Charlotte Friday

MT PLEASANT-In their 1st battle of the 1973 football season, the St Johns Redwings lost a non-conference contest to the Mt Pleasant Oilers 18-0.

Mt Pleasant got their 1st touchdown in the game on a 1-yard run by fullback Mark Jones, following a 70-yard

Oiler drive. The extra point kick attempt was no good and Mt Pleasant led 6-0.

The Oilers made it 12-0 in the 2d quarter after being backed up close to their own goal line by the Redwing defense. It was then Bob Weisenberger connected with Denny Ralston on an 88-

yard scoring pass play. Again the try for extra point failed, giving Mt Pleasant a 12-0 lead.

After a period of no scoring in the 3d quarter, Mt Pleasant struck again in the final quarter on a 33-yard by Jones. Jones scored after the Oilers invaded the Redwing end of the field on a pass play that covered about 30 yards.

On the point after attempt, the Redwings blocked the kick to end the scoring for the night.

Offensively, the Redwings had 110 yards rushing with 100 more in the air. Kevin Knight carried the ball 17

times, picking up 55 yards. Russ Waggoner had 30 yards in 6 carries and Harold Wellman took the ball 3 times for 21 yards.

Brian Pertler went to the air 18 times and connected on 8 and was hit for 2 interceptions. Ray Scheuller hauled down 3 passes for 62 yards and Mark Barz caught 2 passes for 32 yards.

The Redwing defense was led by Jeff Thornton who got in on 13 tackles. Marty Brewbaker and Jeff Hazle brought down 11 Oilers apiece.

Ray Scheuller blocked a punt and Mark Greene

recovered a fumble for the Redwings. Coach Ernie Becker also praised the play of Dave Parker, saying he "played an outstanding game at middle guard."

Mt Pleasant rushed for 207 yards against the Redwings with another 123 yards coming in the air.

St Johns will be away Friday to take on Charlotte, who beat Eaton Rapids 14-7 in their opener.

Becker said, "Charlotte looks pretty tough. They're much stronger than they've been in recent years and they're very, very big."

## Redwing films to be shown Mondays

ST JOHNS - St Johns Redwing football game films will be shown free of charge, each Monday night at 7 pm in

the high school cafeteria.

The films are sponsored by the St Johns Boosters Club.

## Pewamo-Westphalia lose opener to Laingsburg

Laingsburg scored in the 1st and final quarters to defeat Pewamo-Westphalia 13-6 in the season opener Friday night.

Laingsburg scored in the 1st quarter after recovering a Pirate fumble on the 29-yard line.

Following the fumble, Laingsburg ran a series of 6 plays with Jim Carroll going in from the 1-yard line. Bob Ludwick kicked the

extra point to give Laingsburg a 7-0 lead.

Pewamo-Westphalia got on the scoreboard with a 20-yard pass play from Randy Walter to Phil Piggott. The extra point attempt was no good and the score at the end of the 1st half remained 7-6.

NEITHER TEAM scored in the 3d quarter and Laingsburg added their 2d touchdown when Gary

Muyle went in from the 1-yard line.

The Pirates picked up a total of 65 yards on the ground, led by Randy Walter with 31 yards in 7 carries from the quarterback spot. Walter and Pat Thelen both handled the quarterback chores and chalked up 136 yards in passing.

Defensively the Pirates were led by Steve Simon with

11 tackles and Dave Fox with 9.

Laingsburg rushed for 187 yards and added another 53 in the air. Bob Ludwick led the offensive rushing with 73 yards in 13 carries.

Both teams lost the ball due to fumbles twice.

THE PIRATES take on Pottersville at home Friday. Pottersville has a 1-0 record after beating DeWitt 12-0.

## State Park cycle ride costs \$20

ST JOHNS - Glenn J. Miller, 17, and Jeff B. Burt, 17, both of Lansing were fined \$6 and assessed \$10 court costs and a judgement fee of \$4 after being issued a summons of riding a motorcycle in Sleepy Hollow State Park.

The offense took place Aug 20.

## Fishing without license--\$25

ST JOHNS - Gary Frank Reed, 35, wound up paying \$25 for an afternoon of fishing on the Maple River.

He was issued a summons for fishing without a license and paid a fine of \$8, court costs of \$10, a conservation fee of \$3 and a \$4 judgement fee.

## Fined for fishing with no license

ST JOHNS - Larry Dean Slee, 1310 Sunset, Lansing received an \$8 fine and was assessed costs of \$20, a conservation fee of \$3 and a \$4 judgement fee for fishing on the Maple River without a license.

He was issued a summons by a Michigan Conservation officer Aug 12.

# Ovid-Elsie loses to Portland 16-6, face Chesaning Friday

Perry Munson of Ovid-Elsie is hauled down by the Portland Red Raiders after breaking for yardage in Friday night's losing effort to the Raiders.

The Portland Red Raiders scored the first time they got their hands on the ball on their way to a 16-6 victory over Ovid-Elsie. Quarterback Dan Lowery mixed the Portland running attack with passes to keep the O-E defense off stride all night. Mark Moyer picked up Portland's 1st touchdown as he scampered around left end 6 points. Lowery passed to Seale for the conversion. O-E came right back picking up 3 first downs but this was their best offensive sprint of the night as they had to punt and the whole first half was mostly a defensive struggle until, with 4 seconds left on the clock Portland's Dan Lowery hit his brother Michael Lowery on a 25 yd scoring pass.

Fullback Joe Pline picked up the 2-point conversion to make the score 16 to 0 with no time left in the first half. Tim Quine was the O-E player responsible for their score as he intercepted a Lowery pass and returned it 47 yards to the Portland 5-yard line. Three plays later Quine picked up the TD on a 11-yard run off tackle.

Coach Mark O'Donnell stated that he was a little disappointed the O-E team didn't get more points on the scoreboard but he said we're a team of mostly underclassmen and, "we just have to get some experience and get our blocking assignments down better."

Out of the 42 players that O'Donnell dressed for the game only 12 are seniors. O-E picked up 143 yards rushing and 7 yards passing. Portland gained 142 yards rushing but Lowery hit on 7 of 13 passes for another 85 yards.

O-E had 3 passes intercepted and lost 2 fumbles, the big difference in the game.

Leading the defense for Ovid-Elsie was Randy Bowles with 10 tackles and 6 assists. Denny Baese had 9 tackles and 4 assists.

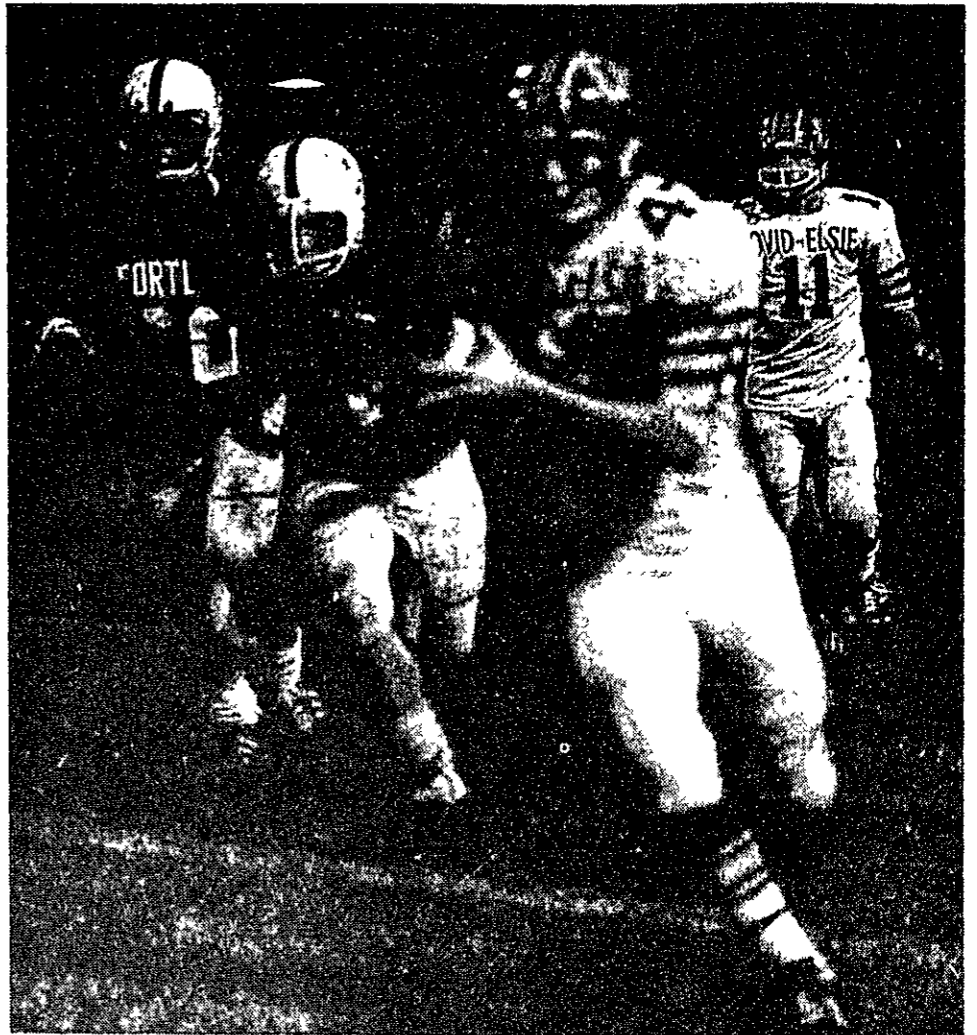

The Marauders travel to Chesaning Friday night for their 1st Mid-Mich B league game.

O-E has won the MMB Championship for the last 3 years and Chesaning should be a strong contender with 10 of 11 starters back from a team that finished 2d last year. Kick-off time is 8 pm.

The O-E junior varsity also lost a close game to Portland 20-12. Byrnes and Nethaway picked up touchdowns for O-E.

The junior varsity will entertain the Chesaning junior varsity Thursday at 7 pm.

The JVs are coached this year by Joe Thering and Mike Cole.

Ovid-Elsie's Dean Hibler picks up yardage against Portland Friday night, but the Marauders lost the opening night contest to the Red Raiders.

## Fowler blanks St Pats, three players injured

**FOWLER**--The Fowler Eagles opened the 1973 football season on a winning note with a 20-0 blanking of Portland-St Pats Friday

### Redwing freshmen down Mt Pleasant

St Johns freshmen defeated the Mt Pleasant freshmen 14-0 Saturday morning at Mt Pleasant.

The Redwings 2 touchdowns were from quarterback Jerry Bashore, who tossed to Mark Geller on plays of 32 and 90 yards. Mark Barrett ran for a 2-point conversion on the 2d touchdown play. Barrett also rushed for 102 yards in 23 carries.

Defensively, 4 different Redwings recovered fumbles: Jeff Smith, Chad Beard, Doug Whitford and Scott Mailand.

Mailand also intercepted an Oiler pass.

Coach Roger DePaape said Jeff Smith at lineback played an outstanding game.

The Redwings rushed for a total of 130 yards and 122 yards came in the air on 2 passes.

### Laingsburg Varsity Club holds benefit game

**LAINGSBURG**--The Laingsburg Varsity Club will hold a semi-pro benefit football game Saturday, Sept 22 at Jacques Field at 8 pm.

Playing will be the Detroit Giants and Macomb County Lions.

Tickets are \$1.50 for adults and \$1 for students.

the last play of the 1st quarter.

The extra point attempt failed and Fowler led 6-0.

Bob MacKinnon repeated the last-play-of-the-quarter routine in the 2nd quarter when he ran for a 27-yard TD with time running out. Roger Thelen tossed to Russ Novack to put Fowler ahead 14-0.

In the 3rd quarter, Thelen connected with John Pung for a 9-yard touchdown pass. The extra point attempt failed and that was the end of the scoring for the remainder of the game.

**FOWLER PILED UP** 222 yards on the ground, led by John Pung with 92 yards in 6 carries and Bob MacKinnon who ran for 66 yards in 13 carries.

Fowler picked up 17 yards in the air with Portland gaining 14 yards passing.

Portland St Pat's rushing offense was held to 80 yards in the contest.

The Eagles had a balanced opening night defensive effort with Lee Feldpausch, Ken Halfman and Pat Feldpausch all contributing 9 tackles apiece.

However, the game was an expensive one for the Eagles with 3 players landing on the injured list.

**RANDY GEORGE** will be lost for the season at his end position with torn knee ligaments.

Glen Thelen, 215-pound tackle and biggest man on the squad is out indefinitely with knee problems.

Guard Bill Feldpausch suffered bruised ribs and it is doubtful if he will see action Friday night.

Fowler takes on Webberville Friday night. Webberville was beaten 44-14 by Fulton, new entrant in the CMAC.

## DeWitt falls 12-0

**POTTERVILLE** -- Potterville blanked the DeWitt Panthers 12-0 in the Friday night opener for the 2 teams.

Potterville scored in the opening quarter when quarterback Dale Long dove in from the 1-yard line to cap a 57-yard drive. The extra point attempt was unsuccessful.

Long went to the air in the 2d quarter and hit Mike

Sumner on a 24-yard touchdown combination to give Potterville a 12-0 lead. That was all the scoring for the evening with the extra point attempt again unsuccessful.

DeWitt threatened in the final quarter, but Potterville stopped them on the 10-yard line.

Two interceptions also stopped DeWitt drives.

## St Johns golf

St Johns shooting the best round of the new 1973 season dropped a 5 stroke decision (Tuesday, Sept 11) at Clinton County Country Club.

The team averaged 40.5 strokes a man but Charlotte came in with 39.2. Both scores are considered really good scores for high school play.

St Johns will host Ionia Tuesday at 4 pm.

## OEO holds open house

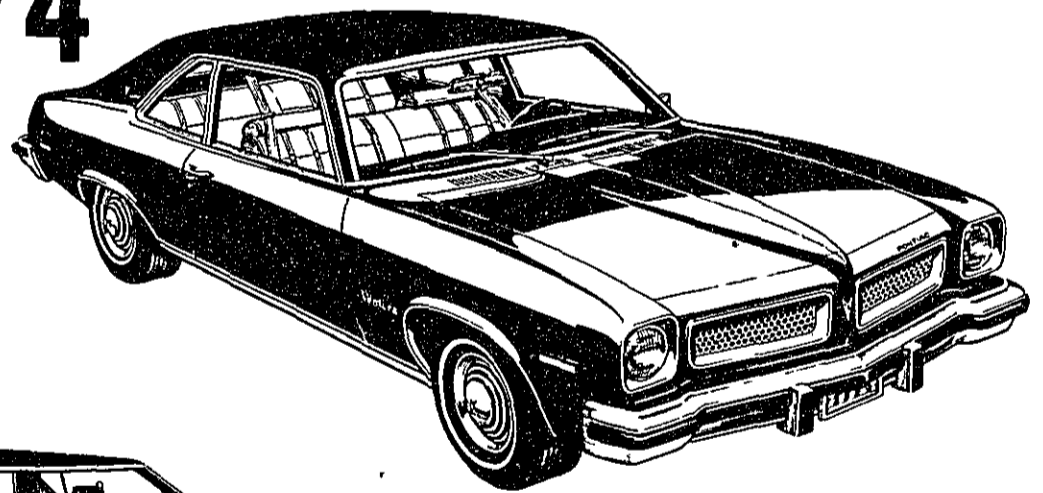

ST JOHNS--The Office of Economic Opportunity will hold an open house Sept 27 from 2 to 4 pm at their new location in Suite C, 911 E State St, St. Johns. At the open house the staff will provide information about the office's operation including information about the following programs. The manpower department consists of two federal programs: Operation Mainstream and Neighborhood Youth Corps Out-of-School Programs. Operation Mainstream is an on-the-job training program for adults 22 years or older, which gives an opportunity to get experience in the employment world. This program offers paid wages, work experience, and counseling services during the training

period. Assistance is also given to help the client find permanent employment at the end of the program. The Neighborhood Youth Corps Out-of-School program is for youth between the ages of 16 and 21 years. This program provides meaningful work experience and continued education out of school and counseling. The community organization program encourages residents of low-income neighborhoods to organize and take group action to deal with their problems. It actively seeks out poor people through direct personal contact to determine their antipoverty needs and inform them of the programs and services available to them in the community. Legal aide provides legal services to low-income residents. Low-income people have a right to an attorney. They have equal rights to our courts and judicial system. All questions will be answered and refreshments will be served. Doesn't produce fishing license--pays fine for failure to present a proper fishing license. ## Valley Farms-

The DeWitt Past Matron's Club will be meeting at the DeWitt Masonic Temple, Sept 21, with a potluck dinner at 7 pm. Past Matrons and Past Patrons and their spouses are invited to attend. There will be entertainment after dinner.

Mr and Mrs Donald Fletcher and family and Mr and Mrs Bruce Fletcher hosted a family reunion at the home of their parents, Mr and Mrs Harry Fletcher Sunday, Sept 9. There were 42 present for a potluck

dinner. The day was spent visiting and various games were played. All reported having an enjoyable time.

Mrs Ruth Watson of Harlingen, Texas was a visitor at the home of Mr and Mrs Ken Richards last weekend. Mrs Watson entertained the Richards and several Michigan couples at a luncheon in her home last winter.

Mr and Mrs Ken Richards called on Mrs Fred Howes Sr in Ithaca last Sunday.

## Punt, Pass and Kick

(FROM PAGE 11A)

Several area churches and ministers have made arrangements to bring to Lansing an unusual speaker for a series of evangelistic meetings at the Civic Center Auditorium each evening Sept 23 through Sept 30 at 7:30 pm. His name is Dr Jack Van Impe. His messages will include the answer to the problem of drug abuse, a discussion of the coming war with Russia as predicted in the Bible, and an assessment of America's chances for survival during this decade of the 70's. The series of meetings is open to the public and admission is free. Serving as crusade pianist and soprano soloist will be his wife, Rexella who is a recording artist.

Youngster or youngsters, but they should register right now," the dealer concluded.

When contestants register, each entrant gets a free PP&K Tips Book. It contains helpful pointers from the pros on punting, passing and kicking. In the 1973 edition are suggestions from NFL stars Jerrel Wilson, Norm Snead and Chester Marcol, plus Head Coaches Don Shula and Dan Devine. Complete PP&K rules and suggested conditioning

exercises for contestants are also included.

This is the 13th anniversary year for PP&K. From its inception, the youth activity has been sponsored by the Ford Dealers of America and the National Football League. In that time more than 9,350,000 youngsters have taken part in PP&K, making it the largest and fastest growing activity of its kind in America.

## Open Letter

from VAN W. HOAG

Dear friends,

It deserves emphasis that the time, the place, the character of the funeral service, the merchandise used, the cemetery selected - these are decisions of the family of the deceased. The funeral director acts only as a representative of the family.

The clergyman should be consulted in matters that concern him before any decisions are made.

Respectfully,

## Three Ovid-Elsie students are merit scholar finalists

Principal Blaine C Lentz has announced that 3 students at Ovid-Elsie High School have been named semifinalists in the 1974 National Merit Scholarship Program.

The students are Dennis Delaney, son of Mr and Mrs Patrick Delaney, 1477 Carland Rd, Owosso; Randy Pollard, son of Mrs Doris Pollard and the late Thomas E Pollard, Jr, 503 N Main St, Ovid; and Steve Szilagyi, son of Mrs Richard Latz of R#2

Elsie and Mr John Szilagyi of 422 N Dewey St, Owosso. They will compete for about 3,100 Merit Scholarships to be awarded in the spring. In the 18th annual competitions completed to date, 34,450 students have won Merit Scholarships valued at more than \$95.5 million.

According to Edward C Smith, president of National Merit Scholarship Corporation (NMSC), "The approximately 15,000 Semifinalists are representative of the nation's most academically talented young people, and they bring honor not only to themselves, but also to their

families, their teachers, and their communities." "From this group will come many future leaders in business, industry, and the professions," he said. "The future success of these young people will, however, depend upon their ability to become productive at the high intellectual levels that they are capable of attaining."

The Semifinalists were the highest scorers in each state on the Preliminary Scholastic Aptitude Test-National Merit Scholarship Qualifying Test (PSAT/NMSQT) administered last Oct to over one million students in about 17,000 schools nationwide. These students,

who constitute about one-half of one percent of the graduating secondary school seniors in the United States, will complete high school and enter college in 1974.

NMSC identifies the Semifinalists to all regionally accredited US colleges and universities. Many Semifinalists find this recognition useful in seeking financial aid from sources other than the Merit Program and in the process of gaining admission to college.

Semifinalists must qualify as Finalists to advance in the competition for Merit Scholarships. To become Finalists, the Semifinalists

must fulfill requirements that include receiving the endorsement of their schools, confirming their high PSAT/NMSQT scores on a second examination, and by providing evidence of their academic and other accomplishments. Ninety percent or more of the Semifinalists are expected to become Finalists, and each Finalist will receive a Certificate of Merit in recognition of distinguished performance in the competition.

Every Finalist will be considered for one of the 1,000 National Merit \$100 Scholarships that are allocated on a state basis,

according to each state's percentage of the total US high school graduating class. A selection committee made up of experienced college admissions officers and secondary school guidance counselors judges all information about each Finalist in combination—his high school academic record, accomplishments, leadership qualities, extracurricular activities, as well as test scores. The winners of these one-time awards of \$100 that are financed by sponsors and NMSC will receive a single payment next fall, after they enroll as full-time college undergraduates.

Many of the Finalists will also be considered for renewable 4-year Merit Scholarships supported by some 450 corporations, foundations, professional associations, colleges, unions, trusts, and individuals. Winners of renewable Merit Scholarships receive up to \$1,500 per year which can amount to \$6,000 over the 4 college years.

NMSC will release the names of the Merit Scholarship winners in 1974 through the news media in 3 public announcements: winners of standard 4-year Merit Scholarships financed primarily by corporations and businesses will be announced on April 11; the winners of one-time National Merit \$1000 Scholarships will be named on April 25; and the announcement of college-sponsored 4-year Merit Scholarship winners will occur on May 2.

### Demands examination

ST JOHNS -- Jesse James Patrick, 40, will appear for preliminary examination Oct 2 in St Johns on a charge of involuntary manslaughter.

He was arraigned before District Court Judge Fred Lewis last Thursday following an accident Sept 4 when Patrick was involved in a fatal accident with Thomas Cox, 21, of St Johns. Cox died in the accident after colliding with the Cox vehicle, reported traveling north on the southbound lane of US-27. Patrick was released on \$2000 bond.

### Charged with embezzlement

ST JOHNS -- Frederick Hinman, 37, 7384 Doyle Rd, Laingsburg demanded examination in District Court in St Johns on a charge of embezzlement of \$2600 from the Boron Oil Company, US-27 and M-21.

Examination was set for Oct 16 at 1:30 pm. He was released on \$4000 bond.

The complaint alleges Hinman took the money between Sept 4-10 while he was station manager for the Boron Company.

## Coming Events

SEPT 20 -- Regular meeting, Central Michigan Lapidary and Numerical Society, 7:30 pm, Everett High School Cafeteria, Lansing. Annual Show and Tell. Visitors welcome.

SEPT 20 -- School night for joining Girl Scouts, 7 pm, at the E.E. Knight Elementary School, Elsie.

Sept 20 -- St Johns Morning Musicales meets at 9:30 am, Diantha Wittenveen home, 305 E Walker.

SEPT 25 -- The Blue Star Mothers Chapter 88, will have a meeting Tuesday at 7:30 pm at the St Johns Congregational Church.

### Fowler adult completion

FOWLER -- Free high school completion courses will be offered this year at Fowler High School. Adults who wish to finish their high school requirements may do so by enrolling in courses through the high school.

Enrollment deadline is Friday, Sept 28. Interested adults may either call or stop at the high school.

Students will have the opportunity to choose from a wide range of subjects.

Most of the course requirements are completed at home at the students' convenience. Credit will also be given for work experience.

### State Representative

Michigan currently enjoys the presence of a highly trained labor force within the state. Projections indicate, however, that Michigan must create an additional 825,000 new jobs in the seventies to meet the employment demands dictated by population growth.

Fair and equitable labor compensation systems are vital to creating jobs. To ensure fairness in our compensation systems, five principal recommendations have been made in our recently developed package of recommended legislative reforms.

These five recommendations are distinguished by the fact that they would materially assist those who legitimately want to help themselves but cannot. The amendments are addressed only to those who desire compensation for reasons not related to lack of work or inability to work. The dollar savings resulting from eliminating these workers from compensation rolls would be reflected totally as a benefit increase to those remaining on the rolls with legitimate claims. Both unemployment and workmen's compensation recommendations are included.

which the separation occurred before any benefits are paid to him which are chargeable to the employer involved in the disqualification.

A mid-Michigan small businessman's unemployment compensation rates were recently raised from \$1,500 to over \$12,000 in a single year. A prime reason for this rate hike was employees who worked in the establishment merely to qualify for unemployment benefits. Our proposal would increase the penalty for quitting merely to receive unemployment benefits.

Our second proposal is to deny unemployment compensation benefits to those discharged for reasons of assault, theft, or sabotage. Under present Michigan law, any employee dismissed for reasons of assault, theft, or sabotage while at work has his eligibility for unemployment compensation benefits restored after 12 weeks from date of filing. Our proposed denial of benefits reflects the conviction that dismissed employees should not be awarded for malfeasance through unemployment compensation benefits.

Disqualify Strikers  
Our third proposal is to disqualify strikers from unemployment compensation benefits. Under present Michigan law, employers can in certain circumstances be compelled to pay unemployment compensation benefits to workers on strike against their firm. These circumstances arise when the striking employee accepts employment with another firm for the duration of the strike and is subsequently discharged from employment prior to fully qualifying for unemployment compensation on the second employer's account. The compensation is thus charged back to the first employer. A Dow Chemical strike in Midland serves as an example.

Worker's Compensation  
Michigan's workmen's compensation maximum benefits, ranging from \$93 to \$122 per week also rank among the highest in the country. Flexible interpretation of the law also adds significantly to costs, resulting in average compensation rates of 3-5% of payroll. In a recent survey of business in Michigan, firm after firm pointed out that their workmen's compensation rates here were 3 to 6 times higher than those in other states.

To reduce this inequity, we propose to reduce workmen's compensation benefits to a retired employee in an amount equal to the amount of pension benefits paid to him by the employing firm. The Michigan State Chamber of Commerce estimates that almost 50% of the workmen's compensation claims are filed by persons who have subsequently retired and are drawing pensions based on their employment.

We also propose to establish a 2-year statute of limitations on workmen's compensation claims. This proposal would provide that workmen's compensation shall not be paid unless a written application for benefits is filed within 2 years of injury. If it addresses the problem of fraudulent claims conceived long after alleged occurrence of injury.

Added Income  
Reflecting the dollar savings from enactment of these 5 labor compensation proposals as benefit increases could result in substantial added income for those legitimately remaining on the compensation rolls.

Based on 1972 data, the Michigan Employment Security Commission estimates a \$14,900,000 savings, for example, by increasing the qualifying time for voluntary terminations from 6 to 10 weeks. It estimates a \$700,000 saving by eliminating benefits for those discharged for assault, theft, or sabotage reasons. This \$15,600,000 saving could result in a 6% increase in benefits, based on the \$254,697,204 paid out in 1972, from implementation of these 2 proposals alone.

In the next article, I will discuss tourism development as a means of creating jobs and promoting economic growth.

hearings that some mobile home parks are well managed and maintained and some are not. In many cases stricter enforcement of the Mobile Home Act of 1960 would solve many problems, but, there are other gripes not covered by existing statutes and which need legislative attention.

The Task Force has been working on mobile home problems since last April and is expected to have a package of problem solving recommendations ready for the Legislature when it reconvenes next month.

Anyone wishing to bring to light problems in the mobile home area can write to Representative Angel or the other members of the Task Force: Representative Bert Brennen (R-Saginaw) and R. Douglas Trezise (R-Owosso).

State Will Save Money  
And Electricity  
The lights are going out in state office buildings which will result in a savings of \$47,000 a year and 4 million kilowatt hours of electricity.

Governor Milliken announced that steps are being taken to change the lighting systems in state office buildings so that half the lights in the Treasury, Law and Highway buildings, directly west of the Capitol, can be turned off at 5:30 pm leaving the remaining lights on until after about 2 am for janitorial work. After 2 am all lights will be turned off.

In the past, all the lights on each floor of the buildings were controlled by one switch—meaning that during cleaning hours janitors have a choice between full illumination or total darkness.

When someone forgot to turn off the master switch after the cleaning was done, thousands of kilowatt hours were wasted, the Governor pointed out.

Under the new system, these buildings will be dark from 2 am to 7:30 am except for a few security lights. There are no plans to convert the older buildings with the new lighting system because of prohibitive costs.

Shuttle Service Implemented To Conserve Energy  
Another facet of the Governor's state government "energy thrift" program began last week when a shuttle service between Lansing and Detroit went into operation.

The service was implemented to cut down on the use of state cars between the two cities—the most traveled route by employees on state business.

Governor Asks For Bicycle Route Maps  
Governor Milliken has asked the Department of State Highways to prepare a map of Michigan's hard surfaced roads that have the lowest auto traffic which would be most suitable for bicycles.

He has also asked the Department to study the feasibility of designating a "Great Lakes Shoreline Trail" for use by non-motorized vehicles.

## Shepardsville News

MRS. JOHN SPENCER  
Ph. 834-2615

Miss Sue Gruesbeck, daughter of Mr and Mrs Rolla Gruesbeck, and James Plowman, son of Mr and Mrs Glen Plowman were united in marriage on Saturday evening at 7 pm at the Shepardsville United Methodist Church by the Rev Darold Boyd.

The date of the charge conference has been changed to Sept 19 at 7:30. The place remains the same.

The general meeting of the Shepardsville UMW will meet Thursday evening, Sept 20, at 8 pm at the church. The afternoon circle will be in charge of the program. There will be election of officers.

The Administrative Board of the Shepardsville United Methodist Church met Monday evening, Sept 10.

A resolution was passed by the Board that Ralph Baker, Clarence Mead, and Karl Smith be thanked by the Board for the work done around the church and schoolhouse. The budget for 1974 was adopted. The coffee hour was discussed. Mrs Dale Squiers has requested that her resignation as Choir Director be accepted.

It was accepted with regret. She was given a vote of thanks from the board for her work with the young for many years. The resignation is to take effect immediately.

The next meeting will be Monday, Nov 5. The meeting was dismissed with a short prayer by Mrs Squiers.

Morning Star Chapter No 279 OES of Ovid met in regular session Tuesday evening, Sept 12, with Worthy Matron Mickey Besko and Worthy Patron Russell Gilbert presiding in the East.

Special guests of the chapter were Carroll Tallman, Bertha Roway, Gora Luchenbill and Marie Noffsinger of the Veron Chapter. Vernon has been the sister chapter of Morning Star this year.

There were the usual reports. The charter was draped in memory of Irene VanDyne. Lucille Spencer acted as Assoc Conductress. Correspondence was read from the office of the Worthy Grand Matron and the Grand Secretary. Cards of thanks were also read from those who had recently been hospitalized.

The next meeting will be on October 1 due to the Grand Chapter Session. This is the annual meeting, annual reports will be given and officers elected for the coming year. A nominating committee was appointed. Installation dates of the county chapters were read. Ovid's will be on Nov 3.

A proficiency class was conducted by WP Russell, Gilbert for his daughter-in-law, Beth Gilbert. Elizabeth Gilbert also assisted.

Assoc Matron Calista Reed surprised the Worthy Matron with a birthday card signed by all present, also a small gift. The Worthy Matron then remembered Calista Reed and Raymond Moore with a birthday remembrance.

The meeting closed in regular form after which refreshments were served in the dining room by Mr and Mrs King Serviss.

Rev and Mrs Glenn Frye have been guests of her sister, Mrs Lucille Pellow, for the past few days. They spend their summers in Michigan and their winters in Arizona.

Several ladies from the Shepardsville Church attended a meeting at the Main Street Building of the United Church on Wednesday, Sept 12. A planned potluck luncheon was served to over 100 ladies from the churches in this area. Rev Elsie Johns of Clarenceville, in Livonia township was the guest speaker. Miss Johns has been in this same church for 33 years. She is a very pleasant person and very interesting to talk to.

## Lime is a good gamble

Nobody gambles more than a farmer — it's an occupational hazard. But seldom does he have such tremendous odds in his favor, as in the decision to apply lime to his acid soils.

"Experiments in Michigan and other midwestern states indicate that agricultural lime applied according to soil tests returns from \$5 to \$10 for every dollar used for lime," reports Don Christenson, Michigan State University soil scientist. That's not a bad return on investment.

Not making that investment, however, can be costly, even disastrous. Christenson points out that at least one-third of Michigan's farm land is too acid for best crop growth. "We are seeing more and more crop production problems due to low soil pH (acidity)," he says. "This is due largely to more intensive cropping and higher uses of nitrogen fertilizer. If soil acidity in the plow layer is

not corrected, the subsoil also tends to increase acidity."

SUBSOIL ACIDITY is not easily corrected. Deep placement of lime is both difficult and expensive. Downward movement of lime from the topsoil is too slow to help much. If the subsoil becomes extremely acid, it will be difficult, if not impossible, to correct the acidity.

Christenson lists these benefits of liming acid soils:

1. Improved crop yields.
2. Increased availability of essential nutrients.
3. Reduction of harmful concentration of aluminum and manganese.
4. Longer life of legume stands, particularly alfalfa.

For more information about testing for lime requirements and lime application, contact your county extension agricultural agent or the soil science department, Michigan State University.

## Elsie

Mr and Mrs Stanley Douglas Wilson of Ventura, Calif spent the past 2 weeks with his mother, Mrs William R. Wilson, also visiting his brother William R. Wilson and family of Corunna and sisters, Mrs Stanley Loznak and Mrs Robert Cross and family. Mr and Mrs Phillip Perdue and daughter, Karen of Oak Ridge, Tennessee also arrived and spent the past week with her mother, brother and sisters.

While here they visited the Lumberman's Memorial near Oacoda and the Hartwick Pines, an 8338-acre area containing stands of white and red pines and hemlocks near Grayling.

They spent 2 days in the Upper Peninsula, where they toured the Lower Tahquamenon Falls, crossed by rowboat to the island and saw the 4 falls as they took the walk around the island.

Then they continued on to the Upper Fall located in the Tahquamenon State Park on the river of the same name. Driving on toward Munising, they found it difficult to locate motel lodgings for the group until reaching Christmas, Michigan, where they had breakfast the next morning at Mrs. Klaus' Kitchen.

One of the highlights of the trip was a three-hour boat cruise from Munising Municipal Pier on Lake Superior to see nearly 40 miles of scenic beauty and the colorful rock formations - The Pictured Rocks.

Doug Wilson and his wife left for home on Tuesday. They were taking the northern route through Wisconsin, Minnesota and states west stopping at places of interest on their trip home to California.

Mr and Mrs Perdue left Wednesday morning returning home by way of Sullivan, Illinois where they will visit their daughter and family.

Mr and Mrs Richard Lee Jenks of Big Rapids are the proud parents of a baby girl, Tracy Suzanne, born Aug 5. Mrs Jenks is the former Jean Brewbaker. Grandparents are Mr and Mrs Richard Jenks and Mr and Mrs Don Brewbaker of Ovid. The Brewbakers were former residents of Elsie.

A reunion of the men and women who have been enjoying a week's vacation of golfing at Gulf Hills Country Club at Ocean Springs, Mississippi every March for several years, met at North Star Country Club on US-27. There were 38 present for the afternoon of golfing, potluck dinner in the evening and a social hour.

Mrs Bernard Conklin, Mrs Harold Chadwick and Mrs Sidney Keys of Elsie were in charge of planning the reunion with Mr and Mrs Adrian Cook, owners of the North Star County Club assisting.

During the social hour there was much reminiscing and visiting as they viewed the three scrapbooks of the past several years' trips made annually to Gulf Hills near Biloxi, Miss. Plans for the 1974 vacation were made.

Guests were present from Lansing, Ithaca, Elwell, St Johns, Wheeler, and Elsie.

**Unemployment Compensation**  
Michigan's unemployment compensation rates are among the highest in the country. Michigan firms pay an estimated 3.11% of payroll compared to the national average of 1.8%. We have proposed three amendments to reduce this disparity.

Our first proposal is to increase the requalifying weeks for voluntary termination from 6 weeks to 10 weeks. Under present Michigan law, any individual who voluntarily terminates his employment without good cause is required to serve 6 requalifying weeks subsequent to the week in

## Lutheran Church breaks ground for addition

ST JOHNS -- Ground was broken during Sunday morning services for a new educational wing to the St Johns Lutheran Church. The wing, now under construction, will house new church facilities, an educational wing, offices for the pastor and secretary and the chancel is to be enlarged.

Breaking ground following the regular Sunday morning service were Pastor Robert D. Koepfen; Tom Coleman, chairman of the building committee; Richard Wells, chairman of the congregation; John Theuerkauf, chairman of the Board of Elders; Richard French, chairman of the

Board of Trustees; Mrs Louise Flermoen, president of the Ladies Guild-LWML; and Tod DuBois, president of the youth group.

During the regular morning service a new teaching staff was installed and new members were received into membership.

## Low church welcomes fall with "playday"

The Lowe Sunday School celebrated its fall beginning with a playday Sunday from 2 to 4 pm.

Jack Anderson led many games for all ages from 2-70. To climax the afternoon Al Davis supervised the cranking of the freezers for homemade ice cream and cookies.

The church invites all residents in Lowe Community to join in Sunday School classes from 9-10 am, and worship service from 10:15-11:15 with preacher Rev Harold McGuire.

The second Wednesday of the month finds the women of the UMW organization, meeting at Al Bast's for their regular monthly meeting.

Much of the time will be devoted to finalizing plans for their smorgasboard chicken and ham supper to be served on Thursday, Oct 4, at the church. The public is invited.

On Thursday evening from 8-9 pm the choir has its practice session and would welcome new aspirants.

## Cadet Hawkins

WEST POINT, N.Y. -- Cadet Richard N. Hawkins, 19, son of Mr and Mrs John R. Hawkins, 13828 Hamersley Drive, Bath, Mich., completed summer training on Aug 25 at Camp Buckner on the reservation of the US Military Academy, West Point, N.Y.

The 8-week program is designed to acquaint the West Point third classmen (sophomores) with all equipment and weapons used at platoon and company level in army combat and combat support units.

An equally important objective of the training is the development of leadership skills. This is accomplished by placing the command and administration of the Cadet companies in the hands of the Cadets themselves.

With the casual living of today meats-in-cans are ready and great to serve on a moment's notice; convenient and handy; and mighty nutritious. Canned meats are packed with complete body building animal protein, B-vitamins and minerals so necessary for fall active living.

They are recognized for their guaranteed and unvarying quality. To aid the harried chef, canned meats simplify meal preparation as they are cooked and ready for immediate use.

To suit your family's taste preference there are over 100 styles of meat packed in cans or glass. All meat sold fresh... beef, pork, veal, lamb and variety meats... are currently being processed. In formula and styles these ready-to-serve meats run from baby meats to 14 pound hams; from luncheon meat to sausages; from meat spreads to stew and spaghetti-meat combinations. Luncheon meat and canned hams are the most popular, but beef products such as chili con carne, beef stews, corned beef hash, canned beef and

gravy have shown increased favor. On your next shopping trip stop in front of the canned meat shelves -- there will probably be some new products you would like to try.

You can easily give them a dress-up touch in your home. One popular way to serve meat-in-a can is to slice pork or beef luncheon loaf, center each slice with a green pepper ring, fill the rings with drained crushed pineapple, top with a sprinkling of brown sugar... curry powder... or caraway seeds... whichever pleases your fancy, then broil for about 10 minutes. Serve with canned shoestring potatoes and a green vegetable of your choice, and a crisp salad.

The favorite recipes know no seasonal limitation as all meats in cans are available the year round and so easy to shop for and keep on hand. Our thanks to Mary Douglas, Consumer Marketing Agent, for this information.

## View from the Senate

by Sen. William S. Ballenger

A bill to protect auto owners against poor work and fraudulent practices of automobile repair shops has drawn strong backing -- and some opposition -- in early hearings conducted by a joint legislative committee considering the bill.

The measure would require all auto mechanics in the state to pass comprehensive written, oral and practical tests before they could repair vehicles in Michigan.

It would also require all new car dealerships and independent repair shops to be licensed and, if necessary, the Secretary of State could take action against troublesome companies.

Under the proposed law, car owners would be able to sue mechanics and repair shops if they felt that the Secretary of State did not resolve their complaints to their satisfaction.

Edwin Bladen, head of the Attorney General's Consumer Protection Division, told legislators that about 900 of the 5,000 complaints

received by his office last year involved auto repairs. He said about 200 more already had been received in 1973.

Bladen testified that the complaints included unnecessary work, excessive charges, failure to repair, incompetence and repairs done without permission of the vehicle owners.

He told the lawmakers that the existing law is difficult to enforce because even in cases of incompetence, failure to repair properly, excessive charges, or repairing without permission it is necessary to prove fraud.

A survey by the Michigan Citizens' Lobby, a non-profit consumer group in Trenton, claims it has shown that 88 percent of all Michigan dealerships and 71 percent of the independent garages were either incompetent or dishonest -- or both.

The Citizens' Lobby, which helped the Attorney General's office in writing the measure, is putting its influence behind passage of the bill.

Rather understandably, auto dealer groups are opposed to requiring mechanics to submit to examinations.

A representative of the Detroit Auto Dealer's Association told members of the legislative committee that a voluntary mechanic training program is an adequate solution toward ending the abuses in the auto repair business.

The spokesman for the 250-member organization said only a few of the hundreds of thousands of repairs bring consumer complaints and that the "overwhelming majority of car owners" are happy with repair work done by new car dealerships.

The Association representative said that about 20 percent of all mechanics in the state have been certified under the voluntary program, although he did add that not all mechanics would take the tests if it were entirely voluntary.

Legislators were told that a mandatory program is working very successfully in Ontario.

**This Is Maurice Gove Week**

Maurice has long been involved in county level government, first as a township supervisor and now as a member of the county commission. But even beyond those involvements his concern for community projects is reflected by his participation in a number of activities. He has served as chairman of the county Red Cross program; as member of the Mental Health Board and a legislative appointee to the Michigan Bean Commission. Among other responsibilities he is presently chairman of the Church of God, spending much time in overseeing the construction of a new church. For this fine spirit of cooperation and willingness to participate we're pleased to honor Maurice Gove as our citizen of the week.

## Newspaper Week

Newspaper Week, October 7-13, will be met with its share of "So-what's?" but for those who like the taste of freedom, it will be a time to pay tribute to one of the most important guardians of free expression.

A newspaper's talents and responsibilities are many: It is a community soapbox, companion and entertainer on lonely evenings, bearer of both good and bad news on the local and international scenes, advertiser of needed goods and services and a governmental watchdog. Every day the thunder of the nation's presses may be heard throughout the land as a free people let their voices be heard. So it has been for 200 years. Can any other country make the same claim? The answer, of course, is "No," for an alert, articulate press is the dictator's nightmare. It is our salvation.

Perhaps the editors and their staffs may be forgiven if they brag a little during their own special week. The newspaper you hold in your hand is part of a vast, independent information network that is a main pillar in the temple of human freedom as we know it in the United States.

## Futile gesture

When the Phase 4 wage and price control program was announced President Nixon said, "I hope that the American people will... not be deluded by the idea that we can produce low-priced food out of acts of Congress or executive orders." Never were truer words spoken, and they apply not just to wage and price controls but in other areas where, by fiat, government attempts to smother the inflationary consequences of excessive federal spending.

One of these is the effort to shield low-paid workers against inflation by escalating the pay levels prescribed by the federal minimum wage law. Debate over an increase in the minimum wage follows a definite pattern. On one side are the "liberals" who always try to do what the President has said cannot be done—alter natural economic laws by acts of Congress. In the case of the minimum wage, a congressional delusion persists that the poor can be protected against inflation if the law requires employers to pay a sufficiently high wage. On the other hand, those who recognize the limitations of the lawmaking process have repeatedly endeavored to limit the more extravagant minimum wage increase proposals by pointing out their inflationary nature and the fact that an unreasonably high minimum wage level causes unemployment among young workers in low-paying jobs.

In the same manner that laws setting artificially-low food prices can empty grocery store shelves, so will artificially high minimum wages dry up job opportunities for millions of young and unskilled workers. Hard experience with inflation shows the futility of laws that try to defy natural forces in the marketplace having to do with wages, prices and jobs.

### 25 YEARS AGO

Sept 10, 1948  
Interrupted by owner Dorr Anderson while in the process of looting the new Anderson supermarket north of the city on US-27, 8 escapees from a West Virginia reform school were rounded up early Friday morning by city and state police and county sheriff's officers.

Another chapter in the history of upper peninsula logging will close in September. By that time, the Nahma and Northern Railway will have ripped up all but 4-1/2 miles of its 60 miles of track. With the close of war-time logging camps, the payloads on the N and N dwindled, and the old road hauled its last load of pulpwood June 16.

The world's biggest bomber should pass over St Johns some time Saturday afternoon according to an Air Forces release early this week.

Leo W. Corkin, of St. Johns, was appointed chairman of the 1949 Red Cross fund raising committee for Clinton County, at the annual meeting of the local chapter held in the Municipal Building Tuesday evening.

Lyle Moniee, 1515 Neeler's Court, Lansing, sing, was brought before Justice Charles Speer this week on a charge of car theft preferred by Edgar Ryan, of St. Johns. Justice Speer set bond at \$1000 and bound the defendant over to circuit court, where he will probably appear before Judge Paul R. Cash September 28.

### 10 YEARS AGO

Sept 19, 1963  
The St Johns city commission in its regular meeting, Tuesday night approved fire protection contracts for Bengal, Essex, Olive and Ovid Townships. The city fire department will provide full time protection for Bengal and Olive and standby protection for Ovid and Essex.

The Gratiot County board of supervisors in its regular meeting last week adopted a resolution promising support for a campaign to obtain

Federal assistance on the controversial Maple River Drain project.

For the first time since the special education millage vote in 1960, all schools in Clinton County will be serviced this year by speech correctionists, according to Carl Bates, county superintendent.

St Johns police are investigating a break-in at Walker's Cafe which netted a thief or thieves, about \$40 in cash and a tape recording machine valued at \$229.

This week's edition of the Republican News was conspicuous for its absence on our newsstands throughout the county and city Wednesday evening, but we finally got a paper out—better late than never—thanks to the kind cooperation of the Greenville Daily News.

### ONE YEAR AGO

Sept 20, 1972  
Authorities are continuing an investigation into a gas furnace explosion at an Elsie home which claimed the life of Mrs Dorothy Henry, 52, and seriously injured her husband, Ross, early Saturday morning.

Clinton County Sheriff Percy Patterson and his wife, Dora, were pleasantly surprised last week at the unveiling of a plaque listing all men who have held his job since 1839.

The first murder trial held in Clinton County since 1968 begins in the courtroom of Circuit Judge Leo Corkin Tuesday September 26.

State Senator William S. Ballenger (R-Owosso) revealed today that the Michigan Natural Resources Commission has voted to buy 432 acres of "high priority" farmland in southern Gratiot County to boost plans for expanding hunter use and wildlife management in the Maple River State Game Area.

Clinton Commissioners referred a positive classification and pay plan for the 83 non-elective county positions to the government and personnel committee Tuesday.

## Social Security benefits increase

Social security beneficiaries will receive an increase in their monthly benefits of 3.9% next June instead of the 5.6% initially estimated when the benefit increase legislation was enacted early in July.

Roger W. Seamon, social security district manager in Lansing said the 5.9% increase represents the percentage increase in the Consumer Price Index for June 1973 over the CPI for June 1972, the 2 months to be considered in fixing the amount of the benefit increase called for in the legislation.

The 5.6% figure was an estimate widely discussed during development of the social security amendments

in a bill providing for the extension of the Renegotiation Act of 1951.

The exact increase could not be determined until the CPI figure was calculated. This figure was announced on July 20.

"The increase becomes effective with monthly benefit checks for June that will reach social security beneficiaries in July 1974," Seamon said.

### Taking Up The Habit

## TODAY'S Real Estate

by HANK FURMAN

The most common form of construction for single family houses in the United States is the wooden-frame structure. Such frames can be finished off with a single layer of brick (brick veneer), with shingles, or with clapboard. Stone or brick masonry construction is sometimes used for larger houses. Interior finish is usually wallboard or plaster. Wood panelling is sometimes a necessity even in the smallest houses.

### THOUGHTS THROUGH A TYPEWRITER

... Let's hope Sunday's performance by the Lions doesn't mean the Detroit football season will be all but over when the baseball season ends.

... The highlight of the new television season will probably be no more than Monday Night Football. Somehow when the new season includes Ozzie and Harriet and The New Perry Mason, it's difficult to stir any excitement.

... Still speaking of television, I guess it's time we stopped blaming the networks. When attempting more than the usual bland offerings, stations such as 1 of our Lansing stations vote to not show the controversial programs. When networks are forced to air nothing but what the entire viewing public agrees with, there's not much hope for anything of substance.

... Is anybody taking bets on Al Kaline managing the Tigers in the next 5 years?

## "If It Fitz . . . The Great American Billy

Editor, Lapeer County Press

By Jim Fitzgerald

Move over, Bunky Knudsen. Here comes Billy Martin, roaring around third and storming for home plate, manfully determined to score another run for The Great American Game of Baseball.

What I mean is, I thought Bunky left with class when he was fired as president of Ford Motor Co a few years ago. He held a farewell press conference in which he admitted he wasn't sure how many cars he owned. And he said he had hired a lawyer to stand in line for him at the unemployment office.

Bunky gave a pretty impressive performance. Most middle-aged men, faced with the sudden loss of their paycheck, don't show that much bounce (except after jumping from tall buildings).

BUT IT TURNS OUT Bunky is a bush leaguer compared to Martin. When Billy was fired as Detroit Tiger manager the other day, he had his Last Goodbye already taped and ready for immediate viewing on TV. There was even a "Goodbye Billy" song already written and recorded.

Now, that's real class. The ordinary Joe Slob, when he is fired, starts thumbing to the last page in his checkbook, with a trembling thumb. But not big league baseball managers. They've rounded that final base before (Doesn't that grab you? I should have been a sports announcer). They know there'll be a greener job on the other side of the dugout. They know the game isn't over until they have been paid for the remaining 2 years on their contract.

There is no substitute for experience, no matter if the pitcher is a lefty or a righty. Experience is a switch hitter. (Can you stand it?) It was his experience that enabled Billy Martin to make such a classy trip to the showers.

... It's still beyond me how the state can expect us to believe the last bit of educational legislation constitutes a tax relief when it calls for a millage increase in the next couple of years in many school districts.

... There's a move on to allow Michigan residents to register to vote when renewing our drivers licenses. It's a good idea.

... Bumper sticker for those plagued by incompleting long distance telephone calls—GENERAL TELEPHONE IS NOT A WORKING NUMBER.

... With Ted Kennedy yammering about what he feels Nixon owes revealed to public, why not work out a compromise. Nixon will let Teddy listen to the tapes if Teddy will reveal all the investigation details about Chappaquiddick.

... NICE PHRASES: The coffee is ready. We've completed your tax return and you're going to get a refund. You know how you've always said it was a waste of money buying lottery tickets -- well, have I got news for you.

THREE YEARS EARLIER, Martin had been named as manager of the Minnesota Twins. At that time, as in Michigan now, there was great gnashing of teeth and painting of banners. There was also a special tribute filmed by a Minnesota TV station. It was the kind of a tribute that gets you right here, or right there, depending upon where you wear your sliding pads.

The movie shows Martin standing in the deserted baseball stadium, looking out at the field with his most determined I'll-break-your-face expression. In the background, a voice sings "You can't win 'em all, Billy, but we're damn sure that you'll try." It is made clear that only an exceedingly dumb gutless person would fire a great guy like Billy Martin.

Then the voice sings that Billy should put his hands in his hip pockets and walk away, bravely. Which he does.

It is 1 of the great moments in sports history.

AND WHEN Martin was fired again, that great moment was recreated. Detroit Channel 2 simply showed the Minnesota tribute filmed 3 years previously. After all, how many different ways can a man put his hands in his hip pockets while thumbing his nose?

Martin will manage another team. He will get fired again. And the local TV station can show that film again. It is a great convenience to all involved, including the fans who love to mew and puke as they watch their heroes suffer defiantly on TV.

Martin can even use the film as part of his credentials when applying for a new job. Have nose, will thumb.

Give me some peanuts and Crackerjack.

## Learning about retardation

By Jose J. Llinas, MD  
Director of Community Mental Health Clinton, Eaton and Ingham

Anybody's son or daughter may be retarded. No mother or father can be totally assured that his child will not be so disabled. Rich or poor, young or old, every parent, must bear some risk.

The mentally retarded constitute the single largest group of handicapped persons in Michigan; there are more than six million people so afflicted in the United States.

Mental retardation is characterized by slowness in adapting to the complexities of life.

It occurs at some time during the developing and formative years of life, from the time of conception, through childbirth and during the growing years of youth.

THE CAUSES are many and diverse.

Contrary to what many people think, very few retarded persons suffer from inherited conditions.

Most cases of retardation are, rather, the result of some accident or damage during the developmental

period. Those accidents occur during life in the womb, during the birth process itself, or during the formative years.

Certain childhood diseases or deficiencies in nutrition are also common causes.

Some children appear retarded simply because stimulation, challenge and loving care are curtailed during early childhood.

A NUMBER OF cases can be prevented by immunization against disease, by adequate health care for mother and child, and by early detection and treatment of the retarded infant. But the means do not yet exist to totally prevent the condition.

One other important concept to remember is that retardation is always a matter of degree.

Only the most severe retardation is immediately obylous.

The mildly retarded person is hardly discernible from others. He may simply move more slowly in coping with life's complexities.

Contrary to the belief of years past, the vast majority of the retarded, if given a little extra help, can live comfortable, happy rewarding and productive lives. Only the most severely retarded require the aid and assistance of daily special care.

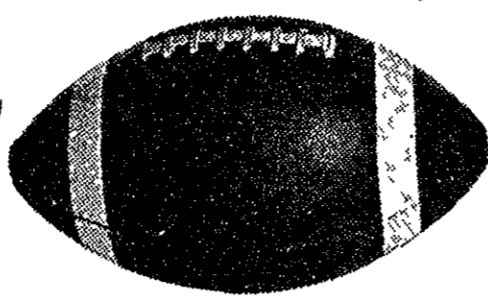

MOST RETARDED people can take part in and gain pleasure from the activities enjoyed by normal persons.

Games, sports, parties, companionship, love and affection are as basic in the lives of the retarded as they are in our own existences. They can and should be, in most instances, a part of the family, neighborhood, community and vocational life.

For years society has cast a pall of gloom over the future of these citizens.

Progress in the last few years has shown that gloom to have been unjustified. But many retarded persons were kept hidden away at home, cared for in state homes or hospitals, and otherwise separated from the mainstream of society.

Charles Green of Elsie will be one of the four Michigan 4-Hers competing in the 4-H Dairy Cattle Judging Contest, September 21-26 at the Pennsylvania All American Dairy Show in Harrisburg, Pa. The 4-H dairy team consists of Charles Green - Clinton County; Lisa Lee - Eaton County; Helen Sanford - Jackson County, and Mike Feight - Lenawee County. The team will be accompanied by Miss Julie Easterly, Dairy 4-H Youth Specialist from Michigan State University. The judging team will have practice sessions along the way, stopping at dairy herds in Fort Wayne, Indiana; Findlay Mansfield and Wooster, Ohio.

The 4-H Dairy Judging Contest will be on Monday, September 24 at Harrisburg. The group will stay for part of the Dairy Show on Tuesday before starting home and stopping via Gettysburg, Pa. This trip will provide the youth with many experiences in dairy cattle judging and traveling throughout Michigan, Indiana, Ohio and Pennsylvania.

Harry Moldenhauer, Nimble Fingers 4-H Club in St. Johns was a television personality September 10th when he appeared on the Town & Country Program, 12:15 p.m. over Channel 6, WJIM in Lansing. He was interviewed by Roger Brown about his raising Tarantula Spiders and his total entomology 4-H project. Many people have the feeling that Tarantula Spiders are poisonous, but Harry tried to change this information by allowing the spider to crawl up his arm and explained how he cares for them. Harry also explained the different names, orders and comments about his entomology 4-H project.

collection. He plans on attending Michigan State University in 1974 majoring in Entomology.

Sarah Seeger, Bath All Purpose 4-H Club has been selected to represent Clinton County at the McDonald Dairy V.I.P. Day, October 4 at Flint. The day's program includes a tour of the McDonald Dairy Milk and Ice Cream Plants, visits to points of interest in Flint including a visit to a T.V. Station and a banquet. Sarah was selected for this award on the basis of having the most outstanding dairy science exhibit at the Clinton County 4-H Youth Fair in August.

The State 4-H Meat Judging Contest will be held Saturday, September 22; 8:30 a.m.-12:30 p.m. at the M.S.U. Meats Laboratory on campus. The participants will judge 5 classes of meat (beef, pork and lamb carcasses, beef ribs and pork carcasses) and identify 25 retail cuts of meat, their wholesale cut and specie. The top five youth in the contest will receive a trip to the National Meats Contest in Kansas City, Missouri in October. Jay Miller of the Green Acres 4-H Club will be representing Clinton County in this contest. Barbara Whiting of Shiawassee County will also be participating in this contest. They are being coached by Larry Martin of Ovid who operates Sheldon's Meat Packing House.

Two dates have been announced with special football ticket rates for 4-H and other youth groups by Michigan State University. The dates are October 20-M.S.U. - Illinois (hand day) and November 17 - M.S.U. - Indiana. The ticket cost is \$3.00 per person with one adult ticket for the same cost at the ratio of one adult per 5 youth. To place orders send check made out to Michigan State University with your request, stating the date of the game and number of tickets wanted to: Ticket Office, Jenison Field House, Michigan State University, East Lansing, Michigan 48824.

Sandy Webster's black Labrador dog "Jerry" was the 3,630th leader dog to graduate from the Leader Dog for the Blind School in Rochester, Michigan since the program was started in 1939. Jerry's new master is Miss Judith Ann Dent from Missouri. This is Sandy's second leader dog to graduate from the school. Sandy is a member of the Tail Waggers 4-H Club. We're real proud of Sandy's accomplishment and gift to a blind person so she may see through the eyes of the dog.

The August glass collection amounted to 10,740# bringing the total glass retainers recycled to date to 502,120 pounds. The collection was handled by the Ovid-Elsie Marauderettes. The September glass collection project was handled by the Fowler Junior High Class.

The glass has not been taken to Charlotte for recycling yet. The October 6th collection will be handled by Charles Gang 4-H Club.

In the State 4-H Horse Show results at Michigan State University, I overlooked the accomplishments of Lori Webster of Wild Rider 4-H club near Elsie. Lori participated in the grade horse under Western Equipment Section. In the halter class for 12 year old members, Lori received a silver medal for placing second. She placed 4th in horsemanship for 12 year olds also. Our congratulations to Lori on her accomplishments.

The Bath All Purpose 4-H Club completed their honor club sheet listing the club's accomplishments and activities this summer and found they had made the honor clubs list. The members completed their individual achievement summary reports. The club will hold a hayride on Friday, September 21 at the Paul Seeger home. The members should come between 7:30-8:00 p.m. and bring hot dogs and buns as beverages will be furnished. A potluck dinner for members and families will be held on October 13, 6:30 p.m. at Bath High School to wind up the summer program.

The Olive 4-H Projects members met at Riley School for winding up their summer program activities and complete their reports. The leaders met on September 17 to make recommendations for trip awards and honor roll: Debbie Price and Mike Wilson were the club winners in the 4-H Gun Safety Program. The girls reported on their tea held this summer at the home of Lisa and Leslie Fox with their mothers and leaders as guests. The club will start a new year on October 2nd at Riley Elementary School for enrollment and election of officers. Any youth interested in joining the Olive 4-H Projects Club should plan to attend.

The Green Acres 4-H members heard a report by the float committee and discussed the Sunflower & Pumpkin Contest, National 4-H Week and roller skating. The Fair evaluation was completed. Nancy Miller presented a program on Health, First Aid & Bicycle Safety. Demonstrations were given by Elaine Miller, Sandy Williams, Rosie Miller, Lori Cordy and Terry Patterson on Bicycle Safety; Donnie Smith, Jeff Debrabander, Terry Speers, Gary Blasen and Andrea Harris on First Aid; Brenda and Betsy VanVleet on pepper plants. The club leaders met on September 6th at the home of Mrs. Irish to complete the summer reports. Winter enrollment signup was held on September 15th from 1:00 to 5:00 pm. Gary VanVleet who coached the Green Acres older Softball team was surprised by his players with a party on August 25 at his home.

Charles Green of Elsie (far left) is 1 of 7 members selected to represent Michigan at the National 4-H Dairy Congress Oct 4-6 in Madison, Wisc. He is shown with other members from the state talking with Norman Peterson (right) of the Michigan Milk Producers Association, who sponsors the trip to Wisconsin. Selection of members to attend took place during the State 4-H Dairy Show Aug 21 at MSU.

## MSU Dairy show was bigger than ever

EAST LANSING--The 1973 State 4-H - Youth Dairy Days, Aug 21-23, turned out to be the largest 4-H dairy show held at Michigan State University in several years.

According to Dr Clinton E. Meadows, MSU extension field dairyman, the show attracted 357 head of dairy cattle and 31 county herds. The event, designed to give Michigan 4-H members an opportunity to learn through experience and competitive activities, included an exhibit demonstration contest, a fortune dairy cattle sale, a judging contest and a dairy show.

Placing first in the exhibit demonstration contest was Anita Stuever of St Clair County. Her topic was "The Scoup on Milk."

The fortune dairy cattle sale featured experience in bidding and buying cattle at a "mock" auction sale. Counties formed "syndicates" and were evaluated according to the highest net worth at the end of the sale. Placing first was Newaygo County.

A team of Clinton County 4-Hers placed first in the junior dairy judging contest. The high ranking senior team was from Eaton County. Don Weisenber, Saginaw County; and Debbie Dean, Kent County, were first place individuals in the junior and senior judging contest respectively.

The dairy show, including Holstein, Jersey, Ayrshire, Brown Swiss, and Guernsey breed divisions, concluded the 3-day event.

Top honors went to Rae Clark, Eaton County for grand champion Jersey; Tom Weick, Allegan County, for grand champion Holstein; April Hughson, Clinton County, for grand champion Ayrshire; Tamie Fish, Kalamazoo County, for grand champion Guernsey; and John Rook, Calhoun County, for grand champion Brown Swiss.

In other competition, Kirk Baird took 2nd with a score of 445 in the Top 10 Individual judging.

April Hughson also took senior champion in the Ayrshire Division and again took honors in Junior Showmanship.

Karen Green took Holstein Reserve Grand Champion and Intermediate Showman.

## Area holsteins are classified

Golden Knob Holstein owned by George J. Hazle and family of St. Johns reports that his Registered Holsteins were classified for body conformation on Sept 11, 1973. The scoring was done by an official classifier of the Holstein-Friesian Association of America, Brattleboro, Vermont.

Dairymen enrolled in this herd improvement program receive a numerical score for each animal evaluated. The True-Type Holstein represents theoretical perfection and has a value of 100 points on the classification score card. Each animal is scored, receiving a rating of Excellent (90 points or more), Very Good (85 through 89), Good Plus (80 through 84), Good (75 through 79), Fair (65 through 74) or Poor (64 points or below).

Including animals previously scored, the Golden Knob herd has 1 Excellents, 3 Very Goods and 13 Good Pluses. To provide a more complete image of each animal, the classifier also uses comparative terms to describe twelve major parts of the animal's physical characteristics. This "word picture" serves as a guide for planning a breeding program to improve the herd.

The information from the classification of the herd will be summarized by the Holstein Association on its high speed computer. Returned to the breeder, these reports provide useful information for selection in the herd. The data is also published and available as reference for the herd improvement programs of Holstein dairymen everywhere.

# MSU forecasts market outlook

**EASTLANSING** - Current prices for corn are still favorable for forward contracting, but Michigan State University agricultural economists caution farmers against contracting much more than half of their expected production.

Here is the complete corn picture and forecast for other farm commodities, according to Dr. Henry Larzelere and other MSU agricultural economists.

Central Michigan elevators were forward contracting at \$2.27 per bushel in late August for October-November delivery.

The early August crop report estimated the 1973 corn crop would be only 2 percent more than in 1972. Combined with an expected relatively small 400 million bushel carry-over from 1972, this means a total supply about 9 percent less than a year ago.

With domestic and export demand expected to remain the same as in 1972-1973, this season's corn prices could be higher than for the 1972 crop. The average 1972 price was \$1.60 per bushel. Ag economists suggest corn prices for the 1973 crop could range from \$1.80 to as high as \$2.50.

**SOYBEANS** - Soybean meal prices will continue to fluctuate widely until the new soybean supplies are crushed, says Dr. Larzelere.

The soybean meal price (f.o.b. Decatur for 44%) was about \$233 per ton at the end of August.

Central Michigan

elevators were forward contracting for soybeans at about \$5.85 per bushel in late August for September-October delivery.

**EGGS** - Egg prices reached record levels early in August, which apparently slowed retail consumer purchases, reports Dr. Larzelere.

Wholesale distributors in Detroit paid 78¢ per dozen for Grade A large eggs. This meant egg producers received prices in the low 70s. As a result, the egg inventory report showed more eggs on hand than during the previous 5 weeks.

farmers will raise more replacement pullets for laying flocks. Despite this expected supply increase, Detroit wholesale prices for Grade A large eggs will likely be at least in the 60s for the rest of 1973.

Frozen egg supplies at the end of July were down 49% from a year earlier. Considering current prices, Larzelere does not expect a buildup of frozen eggs until well into 1974.

**WHEAT** - The new federal government farm program is especially significant to wheat growers, who are about to plant their 1974 crop, says Dr. Larzelere.

A "target price" for wheat

has been set at \$2.05 per bushel. This means each farmer can sell his wheat at any price. Then, if the US farm price is below the \$2.05 target price for the first 5 months of the July-November season, the federal government will pay farmers the difference. For example, if wheat is priced at \$2 per bushel, a farmer will receive 5¢ per bushel times his established wheat acreage and yield.

Current prices and government policy may stimulate growers to expand production, which could lead to wheat surpluses, Larzelere explains. The target price program is intended to protect farmers in case of surpluses and unusually low prices.

The loan support level in the new farm program is \$1.37, which represents a floor price for individual farmers.

Currently, wheat prices continue high: central Michigan elevators paid about \$4.95 per bushel in mid-August.

Although the total US wheat crop in 1973 was up 13% from a year ago, the amount of wheat carried over from the previous season was very low. So, the total wheat supply for the 1973 season was 10% less than a year earlier.

Supplies of white wheat and soft red winter wheat, which are grown in Michigan, are smaller than other classes of wheat. White wheat crop and carry-over is about 18% less than last year; soft red winter wheat down nearly 25%.

**HOGS** - Although predicting hog prices has been difficult this year, MSU agricultural economist George Dike points out the following emerging trends:

Hog slaughterings are expected to increase this fall and more beef will be coming on the market after Sept. 12. If feed grain production is expanded as expected, spring 1974 farrowings (piglet births) will increase. Such overall supply increases usually mean lower prices.

Although population continues to increase, consumer buying power could slacken, due to less increases in 1974 incomes. Less of the consumer's meat budget will probably be

spent for pork when other meats become more plentiful.

**BARRING UNFORESEEN** political moves, butcher hog prices may decline from the high 50s well into the 40s by 1974. Nevertheless, the first three quarters of 1974 will be profitable for most hog producers, Dr. Dike says.

**CATTLE** - "Although 1974 could be a profitable year for beef producers, there are some clouds on the horizon," cautions Dr. Dike.

As a record cow herd produces record numbers of calves, there could be much larger beef supplies, and therefore lower prices, Dike explains. At the same time, consumer buying power may be less than during 1972-73. Incomes may level off. Also, competitive meat supplies may appear on world markets.

Currently, Dike anticipates large volume cattle marketings after the beef price ceilings are lifted. Prices could fluctuate for some time, but increasing supplies of beef and other red meat will probably mean somewhat lower prices.

If increases in consumer incomes slow down as expected, consumer demand for red meat in 1974 could slacken slightly.

Field surveys suggest that large volumes of replacement cattle will become available to feedlot operators during a short

time span late this fall, and this could lower the price of replacement cattle.

**DAIRY** - Dairymen with low milk production per cow - that is, 11,000 pounds or less - should consider selling their cows at this time, MSU dairy economist Ray Hoglund advises.

Other dairymen should cull (remove) low producers, and then carefully calculate whether current and anticipated milk price increases will cover increased costs.

"Milking and cull cows (those no longer producing milk) are selling at record prices, and costs have skyrocketed, especially for feed," Hoglund explains.

Feed prices are expected to continue high for about a year, but at possibly lower levels this fall and winter than currently.

The cost of feed to produce 12,000 pounds of milk is about \$135 per cow more than it was a year ago. The cost increase is even more for farmers who buy rather than grow most of their feed.

Dairymen least hurt by high feed prices are those who produce some high-quality alfalfa and high-yielding corn silage.

Hoglund points out that long-term feed prices are difficult to predict, but suggests that with good weather, production in 1974 and beyond could increase enough to lower feed costs.

The next meeting will be the County Annual Dinner and Meeting at Smith Hall on Oct 9.

**Liaison to visit**  
 Congressman Elford A. Cederberg's liaison man, Ronald W. Stolz, will be visiting the Clinton County Courthouse in St. Johns Monday, Sept 24, from 11 am to noon.

Cederberg reminds those who might have a problem with a Federal agency to take any documents that might help to identify his case to Stolz.

**NOTICE**

Beginning October 20, 1973 a truck from Steves Refuse Service will be at the Ovid Water Works the third Saturday of each month from 9 A.M. to 1 P.M. for old appliances and items too large for regular pickup.

Patrons will bring items to that location and pay for the service at that time. This will replace the annual Clean Up Day, formerly held each year.

Village Council

**NOTICE**

Residents of the Village of Ovid please do not put garbage and rubbish to the curb for pick up in advance of Tuesday evening or Wednesday morning.

Any badly torn bags or litter will not be picked up.

# Kroger X-TRA LOW DISCOUNT PRICES And More

**KEEPING POSTED**  
**GUARANTEED UNCONDITIONALLY**

When B.H. "Barney" Kroger opened his first grocery store nearly 90 years ago, he guaranteed the quality of everything he sold in his store. He knew that this was the best way he could win satisfied customers who would help his business grow.

In today's more complex marketplace, Kroger believes that our "replacement or money-back guarantee of total satisfaction" on everything we sell is more essential than ever.

We do our best to see that everything we sell is to your liking. But should you have a complaint about any product, we want you to let us know. You must be completely satisfied or Kroger will replace the product or refund your money.

There's an Unconditional Guarantee on everything sold at Kroger stores. It is one more way Kroger is trying to serve you better.

### Non-Foods Departments

There's no sense driving all over town looking for those little odds and ends when you can get almost anything you might need at your Kroger Superstore when you shop for food. You'll find household needs, sewing notions, party and picnic needs, school and art supplies, hardware-plumbing-electrical needs, automotive supplies, greeting cards and much more. Sure, we've got food... but we've got a lot more, too.
