M-21 relocation hearings set

Proposed relocations of M-21 at Pewamo and Muir will be discussed at a public hearing next Thursday under auspices of the State Highway Commission.

The hearing will take place at 8 p.m. Sept. 29 in the Twin Rivers School in Muir.

Purpose of the meeting is to explain the proposed relocation and to hear testimony from interested persons concerning the economic effect of the proposed project on the communities involved.

THE RELOCATION OF the highway at Pewamo and Muir is part of the \$1.3 million modernization program for 11.4 miles of M-21 from Ionia east to the Ionia-Clinton County line at Pewamo. It is scheduled for construction in the summer of 1969.

The highway department plans to relocate M-21 at Muir on a new alignment north of the village limits from Struble Road west to a point just west of Olmstead Road where it will rejoin existing M-21.

At Pewamo, the plans call for a new roadway to be built south of its present location from about one mile east of the village to the existing roadway at State Street.

FROM STATE Street the roadway would follow its existing line west on the village boundary and would then deviate only slightly from the present roadway west of Spaulding Road to rejoin the existing route west of Cook Road.

City Manager Ken Greer, in granting the leave, stated that no replacement for Dugas will be sought "in that school functions and events which take place during the fall, winter and spring fulfill most of the recreational needs of the youngsters in the community."

Driver injured when van upsets

Allen D. Burgess, 30, of Welling Road, R-3, St. Johns suffered cuts and bruises when his van truck went out of control and overturned on US-27 just south of Kinley Road early Friday morning.

He was treated at Clinton Memorial Hospital. Burgess' truck traveled 150 feet off the road and hit a cement abutment, then traveled another 281 feet before overturning. The front wheels of the van were torn off and wound up about 20 feet from the truck.

The truck stopped just north of the entrance to the St. Johns city dump. Burgess was northbound at the time of the accident about 12:37 a.m.

City cuts rec program

St. Johns' recreation program is being cut back "until such time as a greater interest is shown by the residents of St. Johns."

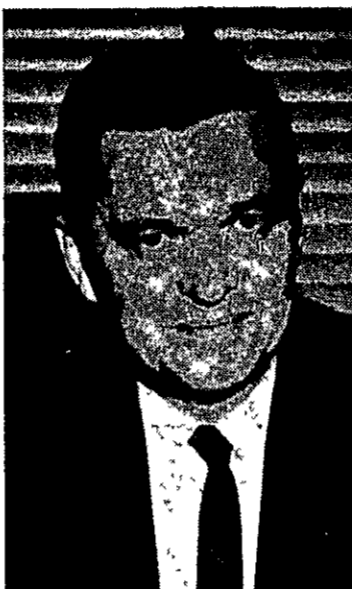

The plans were revealed last week with the announcement that Ron Dugas, city recreation director since June 1965, has been granted a leave of absence effective Sept. 15. Dugas will return to college this fall to complete degree work.

City Manager Ken Greer, in granting the leave, stated that no replacement for Dugas will be sought "in that school functions and events which take place during the fall, winter and spring fulfill most of the recreational needs of the youngsters in the community."

"EXPERIENCE HAS shown only a limited interest by the community in adult recreation projects or programs."

Greer further explained it would appear to be "most practical" for the city of St. Johns to return to its previous practice of employing recreational personnel on a part-time basis until such time as a greater interest is shown by the residents of St. Johns.

COL. FREDRICK E. DAVIDS

State police head here Tuesday

Col. Fredrick E. Davids, director of the Michigan State Police, will be in St. Johns next Tuesday as main speaker at the noon meeting of the Rotary Club.

Col. Davids has been director of the state police since June 8, 1965, when he received that appointment from Governor Romney. He has been with the state police since Nov. 1, 1937.

He was first assigned to the East Lansing post, but was transferred in 1938 to Ypsilanti. He was promoted to district detective Oct. 16, 1941, and assigned to the fire marshal division at second district headquarters in Detroit. He was promoted to detective sergeant Dec. 4, 1949.

WHEN THE department's racket squad was organized July 1, 1961, Det. Sgt. Davids was transferred to its command.

Promoted to detective lieutenant March 21, 1954, he was transferred from the rackets squad and assigned to second district headquarters, Detroit. He was returned to the uniform division July 31, 1955, from the detective division with the equivalent rank of lieutenant, remaining at Detroit district headquarters.

When promoted to captain Dec. 9, 1956, he was assigned to the superintendent's office at East Lansing headquarters, then was transferred to command the Detroit district Aug. 31, 1958.

COL. DAVIDS HAS three citations for meritorious service and was given honorable mention on two other occasions. He was born Feb. 5, 1914, at Hope in Midland County and was graduated from high school at Midland. For a time he worked for his father who operated a private telephone exchange, served for a brief period as a substitute rural mail carrier, and prior to enlisting in the state police worked as a gasoline station attendant for several years.

Program chairman for next Tuesday's Rotary meeting is Con Seim, who made arrangements for Davids' appearance here. Rotary meets at 12:15 at Walker's Cafe.

2 cars hit at US-27, Clinton

Two cars collided Friday afternoon on US-27 at North Clinton Avenue, but no one was hurt. Sherline Ann Parks, 25, of 2534 Hyde Road, St. Johns, told city police she was making a left turn onto Clinton from northbound US-27 when a car driven by Cella B. Arntz, 56, of R-1, DeWitt, hit the Parks car. Mrs. Arntz, going north on Clinton, said she didn't see the other auto. The collision occurred in the median.

City-operated garbage pickup plan weighed

The growing problem of garbage and rubbish in St. Johns—and the pickup of same—has led the City of St. Johns into a study of a refuse sack system that could eliminate the garbage can altogether.

Some stringent rules on the use of the city dump are also included in the study.

"This garbage and rubbish problem is not getting any better," City Manager Ken Greer told the city commission at its Sept. 6 meeting, "and it would appear that inevitably the city must take over this entire function."

Here's the picture, according to the city manager:

- * There are about 600 residential garbage customers in the city.
- * THERE ARE ABOUT 30 commercial garbage customers.
- * There are approximately 1800 residential rubbish customers.
- * There are approximately 200 commercial rubbish customers.
- * There are roughly 30 of the commercial stores or businesses who haul rubbish and debris to the city dump.
- * There are about 150 individuals who take rubbish from their homes to the dump.
- * There are about 30 persons *who use this more or less as a recreational outlet."

ST. JOHNS PURCHASED 15 acres earlier this summer—acreage adjacent to the city dump—on which to operate a sanitary landfill. In essence, a landfill is in operation now; the city is covering daily all material which is dumped on the old grounds.

Greer said he has talked with officials of a number of other cities and has a series of administrative suggestions for the operation of the landfill, all based on the assumption

the City of St. Johns will go into the garbage and rubbish pick-up business.

He suggests the city institute a refuse sack program, similar, at least, to one which the St. Regis Paper Co. of New York is now attempting to sell to the city. Under the program, residents would buy large refuse sacks which would be hung on a wall mount and into which all garbage, cans and other such rubbish would be put.

When full the sacks would be closed and placed at the curb for pickup. The sacks, though made of paper, reportedly hold up well even when wet.

GREER RECOMMENDS THE refuse sack system be utilized, wherein the customer purchases the bag from the city at a cost of about 50 cents per bag. This covers the cost of the bag and once-a-week pickup at the curb which would be made for any material the customer wishes to put into one or more of the bags. This could include rubbish, grass clippings, papers, tin cans, garbage, etc.

The city crews would on a weekly basis for a fee of 50 cents per barrel paid in advance pick up from commercial establishments in the alleys and at the rear of the outlying commercial properties.

The city land fill would be closed to public dumping except for Saturday mornings, wherein private individuals and businesses residing in St. Johns could, by the prior purchase from the city of a dump permit, be allowed to utilize the city dump.

LARGE BULKY ITEMS SUCH as washing machines, refrigerators and freezers would be allowed as refuse only if a special fee of approximately \$2 for each item of this size had been paid to the city. Large bulky items such as junk automobiles would be refused, and those items would have to

New Christmas lighting to brighten St. Johns

New Christmas lighting bought for St. Johns this year should brighten up the downtown picture considerably, the Chamber of Commerce pointed out last week. About \$1,500 worth of new lights have been purchased.

The decorations were purchased from Bronners at Frankenthum by a committee composed of Norbert Rehmann, Charles Bensinger, Bill Patton and Betty Jane Minsky. Used to purchase the lights was \$500 allocated from the Chamber's general fund, \$500 from the retail division and about \$375 contributed by the county board of supervisors from money left over from Michigan Week.

BY GETTING the lights early, the Chamber was able to get a 10 per cent early-shopping discount, bringing the value of the lights to around \$1,500.

Items were selected on the bases they compliment what is already being used, they can be added to later, and they conform with a master plan of making Clinton Avenue a lighted aisleway climaxed with a massive display on the courthouse lawn.

Two 30-foot garlands, with an arch in the center, will be placed on each side of the overhead angels which now are placed at the head of Clinton Avenue each Yule season. This would extend that display to about 90 feet.

THE SMALL CHRISTMAS trees on the courthouse lawn will have 18 plump - round - shimmering garlands of foil placed "teepee"-like around it, adding height, yet retaining its "living" effect, according to the Chamber's announcement. A pipe will be run up beside the trunk of the tree, protruding over the top, from

which the garlands will be hung to make the "teepee."

Two dozen red and gold ornaments will hang on the tree; 12 floodlights will be placed around its base, giving the appearance of a brightly lit tree. A two-foot gold lighted star will top it.

As the tree grows, extra lengths can be added to the garlands until the real tree fills out the "teepee."

SIX NEW WREATHS, with a lighted ornament in center, will be alternated with the wreath-bells used on Clinton Avenue last year. All will be topped with new three-foot red plastic bows.

The courthouse Christmas tree plans for this year are only a prelude to things to come, the tree committee points out. They've been thinking in terms of a symphonic Christmas tree, perhaps as early as next year.

"This can be possible," the Chamber's "On Target" publication points out, "since the colored floods purchased to light the garlanded tree this year can be tied to an electronic musical arrangement wherein the floods would be controlled by notes in carols played over a public address system.

"IF THE NOTES are soft and low, shades of light blue would reflect softly on the tree. As the sound grows deeper, or faster as in the case of Jingle Bells, for instance, shades of red would flicker on an off quickly upon the tree."

Cost of the symphonic electronic equipment, complete with loudspeakers, would reportedly be in the neighborhood of \$700.

"This would make St. Johns a 'Symphonic Christmas town,'" the Chamber publication enthusiastically points out, "with a truly unique display. If this is done, this attraction could be promoted in C of C brochures, advertising and signs. If we were to purchase this next year we could conceivably become the first and only location in Michigan—perhaps the nation—with a symphonic Christmas tree."

ARDEN J. COOK

Bank cites Cook for 25 years

Arden J. Cook, head teller at the Clinton National Bank and Trust Co. in St. Johns, was honored by the bank last Friday in recognition of his 25 years of service to the institution.

He started his banking career at the former State Bank of St. Johns in August 1941 and stayed on through its merger with Clinton National. He served as assistant cashier for a number of years and in January 1965 succeeded Rex C. Sirrine as head teller.

Cook is a former secretary of the Clinton County Bankers' Assn. and has had long service as secretary-treasurer of the St. Johns Cemetery Assn.

HE HAS BEEN active in the Masonic orders and hold memberships in the Blue Lodge, Royal Arch Masons and the Commandery. He is a past commander of the St. Johns Knights Templar. He and his wife Retha live at 609 S. Oakland Street.

Cook was presented with a cash gift from the bank at brief ceremonies Friday morning.

NEWS in Brief

Wacousta GenTel building planned

The St. Johns Chamber of Commerce is preparing a new brochure to contain an assortment of information about the St. Johns area. It is hoped to have the rough copy in the hands of the printer, the Clinton County News, before the end of the year, with distribution scheduled to begin early next spring.

With their 1966 season not yet over, state parks in Michigan have already entertained more recreationists this year than they did in all of 1965, the Conservation Department reports. Latest figures show that state parks had hosted about 14.6 million daily visitors, including a record 312,550 camping families, through the Labor Day weekend. This tops the 1965 year-end total by 1.3 million people. Over 6,000 more state park camping permits have been issued than by the end of last December.

St. Johns Public Schools have announced they will sell bonds for the new school building program Oct. 10, with the First of Michigan Corp. handling the sale.

The First Methodist Church dedicated new hymnals at its two worship services Sunday morning.

Strahan Construction Co., of Riverdale has been awarded the building contract for General Telephone's new Wacousta central office building, announced District Manager A. M. Goodney today.

The new building, to be located south of the Herbison and Wacousta Road junction, is designed to serve all telephone customers in the present Grand Ledge exchange who live north of the I-96 expressway. Construction is scheduled to begin this fall, with the new switching equipment to be installed during the

summer of 1967.

WHEN THE NEW office goes into service in the fall of 1967, all customers in the area will receive new telephone numbers, along with upgraded levels of service.

Businessmen who have quantities of stationery, calendars, or other items listing their telephone number should plan on ordering only enough to last through October 1967, said Goodney. In addition, residence telephone customers who order items containing their number should be aware of the number change.

When the new office is out into service, all present calling areas will remain the same, and all services presently offered will continue to be available.

Jaycees begin active new year

The St. Johns Jaycees formally began their new year of activities last Tuesday evening with their regular September meeting. On hand were Jaycee District Vice President Howard Gladling and John Crandall, state Jaycee QQ & R chairman, both of Waverly.

The Jaycees reported their projects of a city-wide bridge tournament, co-sponsorship of Punt, Pass, and Kick, and sponsorship of programs for this fall's home games were proceeding normally. The group also voted to continue efforts at getting a tornado warning system operable in St. Johns.

The Jaycees will again offer Halloween candy for sale in October and plan a house-to-house canvass of the city.

A joint meeting of the boards of directors of the Jaycees and Jaycettes is scheduled for next Tuesday. The Jaycees' next general meeting will be Oct. 11 at 6:30 p.m. at the L & L Restaurant.

Ovid, Elsie folks give 65 pints blood

Sixty-five pints of blood—two more than last year—were donated by residents of the Ovid-Elsie area last Thursday when the Red Cross Bloodmobile set up at the Ovid Memorial Hall.

Sixteen pints were of A-positive blood used the next day for heart surgery in Ann Arbor. In addition to the 65 pints collected, 10 other persons offered blood but were rejected for medical reasons.

Mrs. Adra Wittenburg of Ovid and Mrs. Earl Slagh of Elsie were chairmen of the program in the Ovid and Elsie areas respectively.

PERSONS OFFERING blood at the Ovid bloodmobile were:

MSU plans 2 classes in area

Two credit courses in psychology and social science will be offered in the St. Johns-Owosso area this fall term by the Continuing Education Service of Michigan State University. Registration fees are \$15 per term hour.

Normal and Delinquent Behavior of Youth - SOC 432 will be held on Mondays from 7 to 10 p.m., beginning Oct. 10 in Room 106, St. Johns High School. Dr. Bruce J. Cohen of the Department of Social Science, University College, will be the instructor. The course carries three term-hours of undergraduate or graduate credit.

MODERN VIEWPOINTS in Psychology - PSY 405 will be held on Tuesday from 7 to 10 p.m., beginning Oct. 4 at Owosso High School. Burt Atkinson of the MSU Department of Psychology will be the instructor. The course carries four term-hours of undergraduate or graduate credit.

Registration for the courses will be conducted during the first class session. Additional information can be obtained by contacting Earl Lancaster, superintendent, St. Johns Public Schools; Irving Holtforth, adult education director, Owosso Public Schools; or Dr. Elmer S. Antonen, Continuing Education Service, Michigan State University, East Lansing.

BOARD OF EDUCATION OF ST. JOHNS SCHOOL DISTRICT

Members of the St. Johns Public Schools Board of Education posed last Wednesday night for a formal portrait, prior to getting down to the work at hand - arranging education for the 3,443 youngsters attending public schools in the district this year. Board members serve for terms of four years and work without pay. Left to right around the table are; Leroy Schumaker, Alden Livingston, Secretary Fred Meyer, President Raymond Parr, Wendell Waggoner, Donald Bast and Bill Richards Jr. The board meets regularly the second Wednesday of each month and on numerous other occasions when business demands.

JOHN AYLSWORTH

John R. Aylsworth has received the formal approval of Michigan State University's Board of Trustees as new 4-H youth agent for Clinton, Gratiot and Shiawassee counties. His duties will begin Oct. 1. The selection of Aylsworth for the Clinton-based position was announced earlier this month.

Senior MYF names officers

New officers have been elected by the Senior High Youth Fellowship of the First Methodist Church of St. Johns.

President is Pat Findlay, while Bob Lundy is vice president, Ginger Simpson secretary, Sue Bunge treasurer, Lynn LeBlond chairman of Christian faith, Adele Frost chairman of citizenship, Sandra Boyce chairman of outreach, Ed Lubow chairman of fellowship, and Lorinda Lambert chairman of witness.

Sub-district delegates are Steve Tarr and Jo Frost.

This past Sunday youth of the church attended the sub-district fall workshop at Ovid.

DEWITT - A second sewage treatment plant - rather than a primary plant - is now recommended for DeWitt Township because of what an engineering firm said was the rapid increase in DeWitt Township population.

A secondary type plant would cost about \$450,000, compared with \$265,000 for primary treatment facilities, according to R.H. Mick of Mick and Rowland, an engineering firm.

And, he said, costs are increasing at the rate of about 5 per cent a year.

DEWITT TOWNSHIP Voters turned down a bond issue for a proposed primary plant in the spring of 1965. The township has

no treatment facilities or sewers, and the State Water Resources Commission earlier this year ordered the township to install treatment facilities.

The Farmers Home Administration, which had been contacted by township trustees for a loan to cover part of the cost, advised the township that because of its trend toward urbanization, its problem now comes under the jurisdiction of the Department of Housing and Urban Renewal, and proposed loans from a federal agency would have to be channeled through it.

IN OTHER BUSINESS at the township trustees' meeting last Monday night, the board tabled a petition of residents of East and West River drives for blacktopping. The residents offered to pay \$100 each toward the project.

The next meeting of the trustees was scheduled for Oct. 10.

RON DUGAS

Ronald Dugas, St. Johns recreation director since the summer of 1965, has been granted a leave of absence to continue his work toward a master's degree at Michigan State University. No replacement will be made, as detailed in a story on Page 1-A.

Brown to conduct hand-shaking campaign Friday

State Sen. Garry E. Brown, the Schoolcraft Republican who is seeking the Third U.S. Congressional District seat, will campaign all day Friday in Clinton County.

The senator will be in St. Johns in the morning greeting factory employees, shaking hands with downtown shoppers and attending coffees at the homes of Mrs. John W. Hannah and Mrs. Henrietta Prince.

In the afternoon he will shake hands with residents in Elsie and Ovid and then return to St. Johns where he will again greet factory workers.

'Bad brakes' start chain crash on US-27

Bertha L. Howe, 76, of 6722 Clark Road, Bath, was ticketed for having defective brakes after her car hit the rear of another and set up a chain reaction crash involving three cars Sunday evening on US-27.

Her car hit the rear of one driven by David L. Shull, 44, of E. Lansing; his auto was pushed into one driven by James O. Wanzack, 39, of Ann Arbor. They were stopped on the highway at Walker Road because of traffic ahead of them.

Adult classes start tonight

Correspondence courses to complete high school requirements will be available through St. Johns High School this year, and an organizational meeting of interested persons is scheduled for this evening (Thursday). Albert LeFevre, coordinator of the adult education program, said the meeting will be held in Room 105 of Rodney B. Wilson High School from 7:30 to 9:30 p.m. tonight. The courses are open to anyone over 16 years of age. Enrollees will have a choice of from about 125 different course offerings.

THE PROGRAM will be in session for 15 weeks and will meet on Thursdays each week. A fee of \$10 will be charge. All or most of the studies will be done at home and the lesson examinations will be taken at the high school each week. Adults desiring high school diplomas must meet St. Johns graduation requirements. A total of 20 credits is necessary for graduation. Required courses are English, three years; Mathematics, two years; one year of science; and government and American History. Physical education can be waived in most cases.

THIS PROGRAM is rather new. It was in operation last spring with nine adults enrolled. LeFevre pointed out there is no minimum or maximum enrollment figure. Any person desiring additional information should contact LeFevre at the high school guidance office.

Son of couple here wins award for underwriters

Jack C. Rice, son of Mr and Mrs Cliff E. Rice of 106 N. Emmons Street, St. Johns, is one of three men who have qualified for the Chartered Property and Casualty Underwriters designation with the Citizens Mutual Insurance Co. of Howell.

Rice is manager of the Grand Rapids office. The CPCU is a professional designation awarded by the American Institute for Property and Liability Underwriters, Inc., to those who have successfully completed a series of comprehensive examinations; meet educational and experience requirements, and a strict code of ethical conduct. Presentation of diplomas will be made in St. Louis at the annual meeting of the society in October. President Joseph V. City garbage

(Continued from Page 1-A)

be taken to either a junk dealer or cut up into small pieces. The city forces, Greer suggests, would continue to pick up brush and tree limbs on the last Friday of each month, and arrangements would be made in the spring and fall of each year for an entire week of clean-up of anything placed at the curb.

"As you can see, the above recommendations would eliminate all private contractors from hauling rubbish or garbage into the city dump and would prohibit this type of business in the city," Greer said.

"This type of program would pretty well be self-supporting and to the customer who now employs Mead Brothers on a quarterly basis for garbage service there would be very little additional cost.

"BUT THE RESIDENTIAL customers who now receive free rubbish service would be charged a fee on the basis of use. Selling of the refuse sacks would insure prepayment, and if an individual used only one sack a week for his garbage and rubbish, he would be paying only 50 cents a week. Another family using three sacks a week would be paying \$1.50 per week.

"There are as many approaches to this problem as there are individual cities," Greer went on, "and no particular pattern has developed in the state of Michigan to date except that garbage and refuse services seems to be one of those governmental services that can be charged on a usage basis.

"In other words, if the individual has very little use for garbage or refuse service he would need only five or six of these bags a year, whereas the individual who has a considerable need of this service might have five or six bags a week."

ST. REGIS PAPER Co. is one of the firms that has been dickered with the city about providing refuse collection sacks. W. Brian Barry of St. Regis painted a rough picture about the system.

"In communities similar to St. Johns, with once a week collection at the back door, the collection time has been reduced 50 per cent on an average, resulting in sizable savings on labor and equipment.

"Besides the sanitary benefits of the refuse sack system over the garbage can," Barry said, "the residents will also reap a monetary savings as they won't have to invest in garbage cans anymore since they will be provided with a holder for the sacks under the subsidy program.

"The distasteful chore of cleaning and maintaining garbage cans will also be eliminated since the sacks are disposed of when full and replaced by a new one."

ST. REGIS' PROPOSAL TO the city says the company would subsidize the complete cost of one wall mount holder per home in the city, with the city to provide labor for assembling and installing the units. Homeowners desiring a stand unit or animal guard instead of a wall-mounted holder would pay an additional cost of about \$4.

The city would contract with St. Regis for not less than a three-year period, St. Regis' proposal says, and the city must pass an ordinance to enforce community-wide participation in the program.

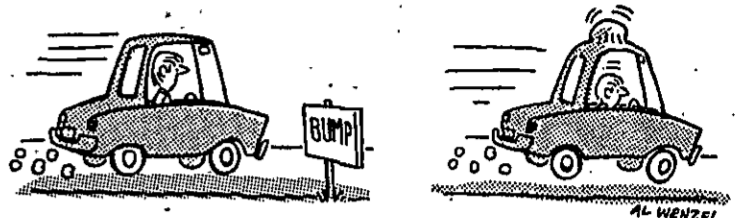

The city commission has so far shown no reaction one way or another to the city manager's proposals and information provided them. The commission has, however, expressed

concern for some time about the rubbish pickup service being provided by the Mead Dray Service.

MEAD PICKS UP RUBBISH on a contract basis with the city and on a franchise agreement with the city and individual, contract with customers for garbage pickup.

In early May the commission approved an increase in the city's payment to Mead for trash pickup from \$460 to \$600 a month. They also approved a franchise change allowing Meads to charge \$2 a month for garbage pickup instead of \$1.75 which they had previously done. Both changes went into effect July 1.

City Manager Greer reported last week, however, that the contract between the city and Mead's has still not been signed by Mead's. The city has withheld or not signed the last two payment checks "until," Greer says, "the contract is signed."

When the U.S. sends a man into space, an Accutron timepiece usually goes with him.

Why on earth do you need one?

For the same reason he does. So you can tell what time it is. Precisely. The Accutron's movement is used in Explorer, Telstar, TIROS and Pegasus satellites, as well as Gemini. The vibrations of a tiny tuning fork divide each second into 360 equal parts. And make Accutron time so precise, we guarantee it within 60 seconds a month. About two seconds a day. What's more, this is the accuracy this timepiece can be expected to keep long after man has conquered space. By then, earth may not be the only place you'll need one.

Road Commission Weekly Report

The board of Clinton County road commissioners held a regular meeting on Monday. Bids were opened for a tractor-loader-backhoe combination, two tall gate salt spreaders and one air compressor. I will report the result of these bids next week.

The Commission approved two new subdivisions; one in Bingham Township and one in Watertown. The much-postponed labor meeting was held for the purpose of clarifying certain steps in grievance procedures.

THE NEXT regular commission meeting will be held Monday Oct. 3 when bids will be opened for placing a bituminous mat on Clinton Highway in Watertown Township.

The approximate apportionment of federal-aid highway funds for 1968 and 1969 was announced recently by the Bureau of Public Roads. Michigan's allotment increased slightly over previous years but the county road secondary federal aid will remain at \$8,536,000 for 1968 and 1969. Clinton County receives approximately \$50,000 per year from this fund, provided it is matched by county funds and used for construction on designated federal aid routes and bridges.

All federal aid projects in recent years have been bridges. The Island Road Bridge near Elsie is presently under construction and will be finished this fall. Preliminary engineering is being done for the Tallman Road bridge in Lebanon Township.

2 Illinois drivers in rear-end crash

Two Illinois drivers involved in a rear-end crash on US-27 south of Hyde Road Sunday escaped without injury. Jan Vozenilek, 40, of Berwyn, Ill., was driving slowly south on US-27 about 2 a.m. when the other car driven by Edwin P. Koops, 19, of North Canton, Ill., came up fast behind the Vozenilek car and struck it in the rear before Koops could swerve.

DRIVER FINED TWICE
Ernie Puente, 24, of Lansing drew two fines from St. Johns Municipal Judge Alba Wert Monday. Wert fined him \$50 plus \$4.30 costs and sentenced him to two days in jail for driving on a revoked license, and \$15 plus \$5 costs for speeding.

3 calls send firemen back to work

After a long and much-appreciated lapse, St. Johns firemen were called back into action early Sunday afternoon, Sunday evening and Monday afternoon. All the fires turned out to be relatively minor.

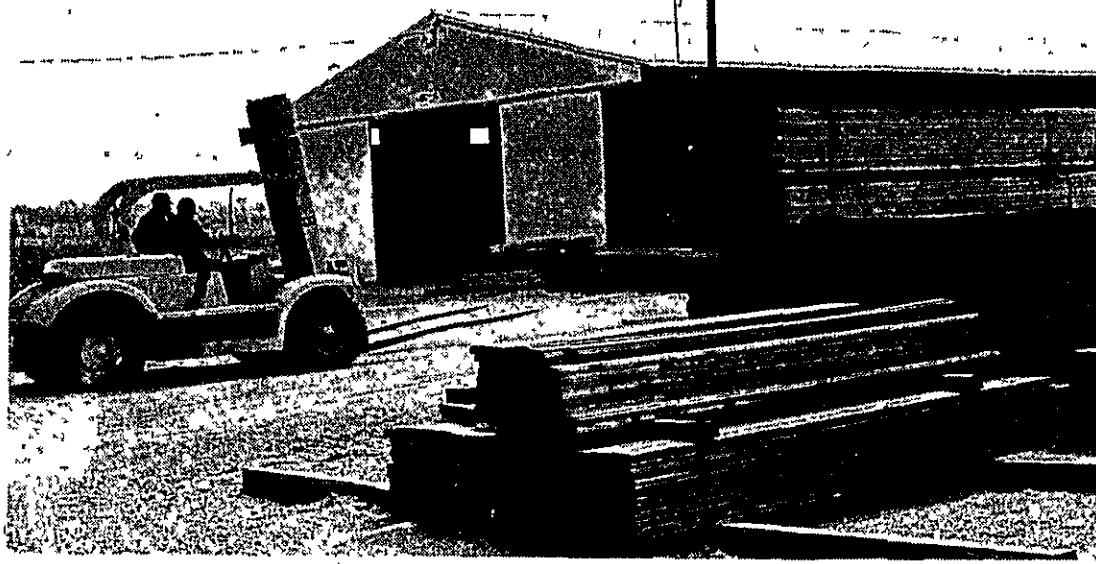

The two Sunday blazes involved cars and trucks, Sunday afternoon a young couple moving from Ohio to Traverse City evacuated a station wagon-load of belongings along the highway when their car caught fire south of Kinley Road on US-27. Only the motor of the car suffered damage, however.

That happened about 3 p.m. Early in the evening a pickup truck being worked on mechanically caught fire, and firemen were summoned to that scene at the southeast corner of Price and Chandler roads in Victor Township. Damage was again minor and to the motor.

Shortly before 4 p.m. Monday, firemen were summoned to the Stanley Woodhams home at 1670 S. Airport Road where burning trash had set grass and weeds on fire. Only a small patch of the field about 10 by 50 feet was burned over.

Moriarty plans open house for St. Johns operation

The "yard" at Moriarty Buildings is normally like this in whichever direction one looks. Building material moves in and out regularly and business for the new St. Johns firm has been described as excellent.

The Retail Division of the Chamber of Commerce was to hold a special meeting Wednesday noon (Sept. 21) to discuss a proposed "Homecoming Days" sales promotion Oct. 13, 14 and 15, tied in with the St. Johns High School homecoming activities . . .

Not much outside progress has been made on the new courthouse wing, but that's because workmen are inside excavating beneath the offices in the central core of the courthouse. All the dirt there will come out before further construction on the new wing is done . . .

Schools OK site purchase

St. Johns School Board conducted mainly routine business at their regular meeting last Wednesday. They authorized the purchase of 10.81 acres of land from Howard Blasen on Green Road a half-mile west of Krepps as the site for a new seven-room elementary school in the southeast corner of the district. The board also authorized the purchase of four new school buses for the 1967-68 school year. Three will be 60-passenger buses and the other a 66-passenger bus. Teachers of the system will be offered flu shots for 25 cents each.

STORE BROKEN INTO
The Quality Discount House at 119 N. Clinton Avenue was broken into Saturday night, but apparently nothing was taken, Manager Tom Wilson told city police.

Moriarty Lumber of Michigan, Inc., the St. Johns area's newest business, will hold open house for the folks of the area on Saturday, Oct. 1, according to an announcement by the company.

The new firm, which also announced plans for expansion next spring, is located at 3026 W. M-21 west of the city.

The Moriarty operation here opened in mid-July and is a distribution center for Moriarty pole buildings for all of Michigan except about four counties. Customers from the local area to as far away as 300 miles are serviced from the St. Johns plant.

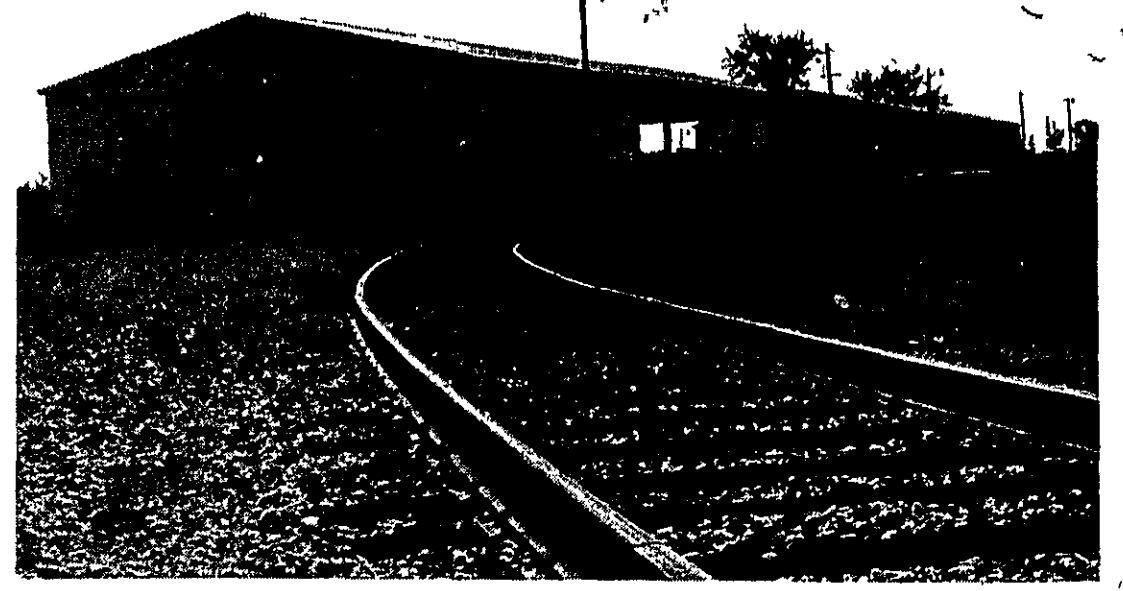

MORIARTY BUILDINGS are easy to locate. It is at the corner of M-21 and DeWitt Road and features two red-painted 50 by 160-foot storage barns and a temporary trailer office. Expansion plans here for next spring include another storage building and a permanent office building, according to Moriarty officials.

Presently St. Johns is a storage and distribution center, but future plans call for manufacturing of building trusses here. These are presently assembled at Moriarty Buildings' main operation in Argos, Ind., and shipped by rail to St. Johns. A railroad siding is one of the features of the St. Johns plant.

Nine persons are on the payroll here. Besides Manager Jim Moriarty there are yard foreman Richard Miller, truck drivers Leon Fought and Terry Wagner, yard men Edward Genterblum, Eldon Gregory, Urban Mueller and Michael Pung and secretary-bookkeeper Mrs. Lillian Swagart.

MORIARTY HAS 12 construction crews around the state putting up the company's pole buildings, but none of them work out of St. Johns. They are based at the firm's other branches and sales offices in Kingston, Hastings and Cassopolis.

The firm is owned by Mrs

Georgia Moriarty and has its home office in Argos, Ind. The company's expansion began in 1956 when a branch was set up in Angola, Ind., when the business outgrew the facilities at Argos.

When the first branch proved to be successful, expansion was furthered with the opening of a sales office in Cassopolis, Mich., in 1957. In 1959 the original company was broken up into five different corporations, with the one in Michigan being based at Hastings, Material for all the points, however, continued to come out of Argos.

In 1962 THE Angola Moriarty operation opened a sales office at Kingston in the center of Michigan's Thumb area. Although it was affiliated with the Angola office, the great distance between the two points resulted in a

hunt for a sales outlet elsewhere in Michigan.

"We picked St. Johns because of its location and also because of the excellent cooperation of the St. Johns Chamber of Commerce in helping us with information and assistance in getting located," company officials said. Business has been described as good so far for the Moriarty firm.

The company's St. Johns manager, Jim Moriarty, has been working steadily for the company about three years, but he's been associated with it in farming and lumbering activities for about 13 years. He was at the Argos yard prior to his promotion to St. Johns.

HE AND HIS wife Joyce have four children — Duane 10, Sonia 8, Jerry 7 and Jeffrey 6. They live just west of the plant at 3076 W. M-21.

The open house Oct. 1 will be held from 10 a.m. to 2 p.m. and will consist primarily of tours and explanations of the company's operations. Free lunch will be available and complimentary gifts will be passed out. Sales representatives from around the state will be at the yard for the occasion. All persons in the area are invited.

FB group discusses politics

The Parker Center Farm Bureau Community Group met at the home of Mr and Mrs Clarence Kaltrider Sept. 14 with 16 members present.

The package report was given by Bill Kissane, Fern Brandt gave the women's committee report. Lee Ormston led the discussion on political action. The group was urged to be active in politics and to support lawmakers who take the farmers' interest into consideration in their voting.

THE GROUP passed a resolution asking the Michigan Farm News publish the voting records of all state legislators and senators and all U.S. congressmen on legislation of interest to farmers, as well as other important legislation, so that members might be better informed voters.

Lee and Grace Ormston showed pictures of some of their trips around the northeast U.S.

The next meeting will be at the home of Mr and Mrs Bob Kissane Oct. 12.

Hubbard - Whitaker vows said Sept. 4

OVID — Miss Esther H. Hubbard of 16 1/2 Maple Street, Oneonta, N. Y., became the bride of Ellis H. Whitaker of 32 Prospect Street, South Dartmouth, Mass., Sept. 4 at 3 p.m. at the United Church in Ovid, Rev. Gordon Spalenka officiated at the double ring service.

Given in marriage by her brother, Orson H. Hubbard, the new Mrs. Whitaker approached the altar wearing a street length white lace empire styled gown. A picture hat and arm bouquet completed her ensemble.

MRS GORDON COATS of Corona, N. Y., niece of the bride, was the matron of honor. She was attired in an aqua brocade and crepe dress. Her headpiece was an aqua bow with matching veiling and she carried a colonial bouquet of yellow and white chrysanthemums.

The junior bridesmaids were Bobette Hubbard of Ovid and Jean Coats of Corona, N. Y., both grand nieces of the bride. They wore yellow dresses with white overlace and their hats were of yellow flowers and veiling. They carried colonial nosegays of yellow and white chrysanthemums.

Marilyn Coats of Corona, N. Y. and Merijo Hubbard of Ovid, grand nieces of the bride, were the flowergirls.

The nephew of the bride, Robert Hubbard of Ovid was the best man and Albert Schlinker of Jackson, brother-in-law of the bride, was the usher. Junior ushers were Donald Coats of Corona, N. Y. and John O. Hubbard of Ovid, grand nephew of the bride. Carrying the rings was Benjamin Hubbard of Ovid, grand nephew of the bride.

A RECEPTION for the newlyweds was held at the home of Mr. and Mrs. Orson H. Hubbard of Ovid, brother and sister-in-law of the bride.

Assisting at the reception were Miss Norma Jean Anderson of Ypsilanti, Mrs. Albert Schlinker and Mrs. Robert Hubbard of Ovid.

THE NEW MRS Whitaker is a graduate of Ovid High School, Central Michigan University and Teacher's College of Columbia University. She attended George Peabody College of Nashville, Tenn., for further study. The bride is an associate professor

Leadership day to begin season for Catholic women

The 1966-67 year for the Lansing Deanery Council of Catholic Women will open with a leadership day Sept. 21, at St. Johns Student Center in East Lansing. The members of the board of directors will meet at 10 a.m. at which the business meeting will be conducted by Mrs. Alvin J. Thelen of St. Johns, president.

The theme for the meeting will be A Day for Laywomen:

Learning - Loving - Doing. The emphasis will be on learning tools and techniques for increasing participation of the individual Catholic woman in her organization and community.

SPEAKERS FOR THE day will be Miss Ruth J. Peck, program leader of the Cooperative Extension Service and Dr. Sheldon G. Lowry, professor of sociology, both of Michigan State University.

Miss Peck will speak on "Developing Courage" in participating in meetings. Dr. Lowry's topic is "Some Suggestions on the Use of Parliamentary Procedure" based on his experience as an educator, researcher and social analyst.

AFTER THE GENERAL sessions the group will be divided according to interest in committees, and buzz sessions will be conducted by the respective

deanery committee chairmen. Mrs. R. G. Schneider of East Lansing is chairman of the day. Mrs. Marshall E. Davis and Mrs. John Brandell of Lansing will assist in conducting the meeting. Mrs. Lee D. Wilton will be in charge of hospitality. Reservations for the day may be made through Mrs. Joseph T. Farhat, 14-5 West Washtenaw Street, Lansing, Ph IV 4-7653. Charge for the day is \$1.50 to cover

luncheon and material. Mrs. Nick Koentigsnecht of 3768 E. Taft Road, St. Johns, president of St. Joseph Altar Society, may be contacted for further details.

MRS LINN JAY PONTIUS

Grove Bible Church was marriage scene

OVID—Linn Jay Pontius of DeWitt claimed as his bride the former Miss Gayle Ann Martin of rural Ovid Sept. 10.

Rev Robert Prange officiated at the double ring candlelight service held at the Grove Bible Church.

The bride is the daughter of Mrs. Mary E. Martin of R-2, Ovid and the late Carl Martin. Her husband is the son of Mrs. Ruth Pontius of DeWitt and the late Mark Pontius.

GIVEN IN MARRIAGE by her brother, Norman Martin, the bride selected a gown of angelmist taffeta and chantrelle fashioned with a lace bodice, long sleeves, a scalloped sabrina neckline edged with sequins and pearls. The bouffant skirt was encircled with a wide band of chantrelle and featured a detachable chapel train. She carried a cascade arrangement of

white carnations and red sweetheart roses.

Miss Peggy Corp was the maid of honor and the bridesmaids were Miss Kathy Price, Miss Jeri Lou Hammond, niece of the bride and Mrs. Linda Lange, twin sister of the bride.

They were identically attired in peacock blue chiffon over taffeta floor length gowns with trains. Their headpieces were satin bows and matching veils trimmed with rhinestones. They carried cascade arrangements of white chrysanthemums and red sweetheart roses.

BRUCE BLIZZARD of DeWitt was the best man and groomsmen were Gerald Pontius, brother of the groom; George Sargent, brother-in-law of the groom and Dennis Martin, brother of the bride, of Eaton Rapids. Seating the guests were Larry and Dennis Martin, brothers of the bride; Jim Hammond, nephew of the bride and Mark Pontius, nephew of the groom.

For her daughter's wedding, Mrs. Martin chose a cranberry ribbon lace sheath with a jacket and pink accessories. The mother of the groom selected a three piece royal blue ribbon lace suit with white accessories. They both had pink rose and carnation corsages.

A RECEPTION for the newlyweds was held at the VFW hall in Ovid. Assisting at the reception were Mrs. William Hammond, Mrs. Kenny Duffield, Mrs. Ramon Pfeiffer, Mrs. Karl Felchner, Mrs. Dennis Martin and Mrs. Darrell Martin.

The newlyweds are now at home at R-5, St. Johns after a Canadian honeymoon.

The bride is a graduate of Ovid High School and is employed at Mid-West Abrasive in Owosso and the groom is employed at Sealed Power of St. Johns and a graduate of Grand Ledge High School.

Pomona Grange meets with Horton, Stockman

Clinton County Pomona Grange met with Horton and Stockman Granges at the Grove Church in Victor Township Sept. 14.

At the business meetings the secretary's and treasurer's books were audited by the finance committee composed of Lawrence Harte, Gladys Darnell and Vida Exelby. Several members are planning an attending State Grange in Allegan Oct. 19 to 22. For the program Mrs. Eda White gave a reading "I got up and Went" and Vida Exelby and Irene Upton had a skit.

Mr. and Mrs. Dan Balog were unable to be present. Mr. Balog is supervising the senior citizens housing development sponsored by the Grange in East Lansing. He also sells insurance for the grange.

The next meeting will be in October with Banner Grange.

Crescent Club re-elects present officers

The Crescent Club met at the home of Mrs. Pearl McArthur Wednesday afternoon, Sept. 14. A dessert luncheon was served to eight members and one guest.

At the business meeting the present officers were re-elected and games were played and prizes were awarded.

The next meeting will be Wednesday, Sept. 28, at 2 p.m. at the home of Mrs. Nina Dutcher.

DAR to dedicate more memorial pines Sept. 29

Mr. Harold F. Millman, regent of River Wabwaysin Chapter, DAR and Mrs. George Brooks, Miss Maralyse Brooks and several others from St. Johns will attend a meeting in Lansing.

Sept. 29, the State Regent, Mrs. James V. Zeder, and State Board members will be present at a Dedication of Memorial Pines in the Cadillac area, another series of pines plantings given by DAR members in memory of their loved ones.

The DAR members wish everyone would fly their American Flag during Constitution Week, Sept. 17-23. The purpose of the observation of Constitution Week is to recall to the American people the true significance of the events that took place in 1787 and to revitalize an appreciation of our great heritage.

The Michigan Daughters of the American Revolution are to be honored by the visit of their President General, Mrs. William Henry Sullivan Jr. of New York, just back from visiting three chapters in Juneau, Anchorage and Fairbanks, Alaska. Mrs. Sullivan will be on the Michigan State Union in East Lansing Sept. 29. Her topic will be "The Goals and Aims of the DAR." Also she will tell about the new 60-girl dormitory built and furnished by DAR funds at St. Mary's School for Indian Girls in South Dakota.

If all the midwife kits shipped by UNICEF were stacked end to end, they would reach a height four times that of Mt. Everest (a total of 116,112 ft. or 21.9 miles).

Past Matrons open new season

The Past Matrons Club of Maple Rapids Chapter, No. 76 OES, held their first meeting of the season, at the home of Mrs. William McWilliams of St. Johns. President, Mrs. Kenneth Wright, called the meeting to order. Roll call found 12 members present. The minutes of the last meeting were read and approved. A card from Mr. and Mrs. Gerald Abbott, who are vacationing in the northern part of Michigan was read. The members were sorry to hear that Mrs. Emma Rice was convalescing from a fall, in which she had fractured some ribs.

After the order of business, a luncheon was served by the hostess, assisted by Mrs. Edgar Walker. "Hearts" was in play for the evening and prizes for high scores went to Mrs. Glen White and Mrs. Cyrus Waldron.

Next meeting will be at the home of Mrs. Dee Allen with Mrs. Earl Winder as guest speaker. Might is supposed to make right, but it seldom does.

Laingsburg wins 18-12

LAINGSBURG — Senior speedster Dave Carroll scored two second-half touchdowns Friday night at Byron to pace the Laingsburg Wolfpack to an 18-12 triumph.

Carroll sprinted 40 yards off tackle to give the Wolfpack a 12-6 lead in the third period and then scored what turned out to be the winning TD on a 56-yard pass play from quarterback Stan VanVelsor.

After Byron scored first in the game, Laingsburg's Allen Chadwick tied it up in the sec-

Kurncz first contest victor

Ken Kurncz of 2600 N. Williams Road, St. Johns, emerged this week as the winner of the first Clinton County News football contest for the season. He wins a check for \$20.

Kurncz picked 17 games correctly and was the only one to do so. He missed on the Gabriels-Grand Ledge game, which ended in a tie, and also incorrectly picked Lakewood over Maple Valley and Boston College over Navy.

The second weekly contest is explained on Page 8-B of this week's Clinton County News.

The student who is willing to just get by in his studies will never get by the board.

PP & K deadline nearing

Time is beginning to run short for registration for the third annual Punt, Pass and Kick competition in St. Johns.

The competition date is Oct. 8; registration will end Oct. 7, meaning youngsters aged 8 through 13 have only two more weeks to join the competition.

Bruce Fowler, of Egan Ford Sales, sponsors of the PP & K program here, is hoping for 300 entries by the final day. Last year 178 boys competed, despite damp, cool weather.

HEADQUARTERS FOR PP & K registration is Egan Ford Sales, Inc., 200 W. High Street in St. Johns. Registrants must be accompanied by a parent or guardian.

Registrations are also being made in Fowler and Westphalia. Jaycee members in those communities have entry blanks and should be contacted by youngsters interested in the local PP&K competition.

There is no charge and no special equipment needed for Punt, Pass and Kick. Competitors will vie with others their own in punt, passing and place-kicking accuracy. There is no body contact.

Upon registration, boys will receive a free booklet of PP & K competition tips written by Cleveland Browns' punter Gary Collins, Chicago Bears' star quarterback Rudy Bukich and Minnesota Vikings' place-kicker Fred Cox.

Included in the illustrated booklet are exercises recommended for better physical fitness. Each registrant will also receive a PP & K pin.

The Ford dealership here will provide free hot dogs and soft drinks for the participants in the Oct. 8 competition. These will be served by the St. Johns Jayceettes, who will also make refreshments available for spectators.

Autumn walking good for health

"One of the best health habits is a daily brisk walk, and there could be no better time for outdoor exercise than now in the beautiful Michigan autumn."

So advises C. Allen Payne, MD of Grand Rapids, president-elect of the Michigan State Medical Society. Walking or hiking is an excellent exercise that involves many muscles of the body, Dr Payne says, and the strain of the activity depends only on the pace and distance.

Walking, like any form of exercise, requires a period of gradual conditioning before a massive effort. The doctor warns that if you're out of training, it is best to start slowly with short hikes and gradually build up the time and distance. Too, a medical checkup before beginning an exercise program is a wise precaution to be sure no health problems exist that might be aggravated by exercise. The level of activity should be slowly increased with consideration for age, condition, and general response to exercise.

THE FEET TAKE quite a beating in walking, Doctor Payne reminds us. He recommends that shoes fit properly, be well broken in and have no rough spots inside.

Walking can have mental health values as well as physical ones, Dr Payne explains, if we learn to enjoy the exercise and open air. Pleasant physical activity can help to relieve emotional tension. Particularly now, Michigan's lovely fall colors should be especially conducive to walking, he concludes.

Redwings down Mason in opener

By STEVE HOPKO

The St. Johns Redwings opened their season last Friday with a 27-13 win over the Mason Bulldogs.

Playing over many mistakes of a young and inexperienced team, the Redwings used basically a running game as 10 different backs combined to amass a total of 294 yards in net rushing. In the air, the Redwings completed five of 11 passes for 51 yards.

THE ST. JOHNS defense shut off the Mason running game very well, holding the Bulldogs to a net rushing total of only 29 yards. In the air it was a different story as Mason completed 14 of 24 passes for a total of 187 yards.

The outcome was summed up by Coach Bill Smiley after the game when he said, "We were raggy, but we're happy."

St. Johns scored first on a 49-yard drive. John Salemi took a Mason punt on his own 40 yard line and returned it to the Mason 49. On the first play, quarterback Norm Love rolled out to the left and was stopped for no gain.

LOVE THEN SENT sophomore fullback Mike Green up the middle for four yards and then hit Randy Humphrey with a pass for five yards. On fourth down and one, on the Mason 40, Mike Green hit the middle of the line, broke loose and was never touched as he crossed the goal for St. Johns' first six points.

Gary Boyce kicked the first of three extra points to put the Wings ahead 7-0.

St. Johns elation was short lived as Mason's Steve Strickland took Boyce's kickoff on his own 12, fumbled it back to the 10 yard line, picked up the ball, cut to his right, picked up his blocking and went 90 yards for a score.

On the extra point try, Strickland passed to Davey Elgel, but Boyce was there to bat it away and St. Johns led 7-16.

ON THE KICKOFF Boyce returned the ball 33 yards to his own 45. A pass from Love to Humphrey gave St. Johns a first down on the Mason 26. Another pass from Love to end Duane Downing was good for 13 yards and a first down on the Mason 13. Love then rolled out and was hit for a seven-yard loss. Humphrey hit the right side and was thrown for a five-yard loss, as the first quarter ended.

On the first play of the second quarter, Boyce took a pitch-out and went to the right only to lose another yard. With fourth and 23, Boyce was to attempt a field goal when St. Johns was given a five yard penalty for taking too much time.

Boyce again lined up for the field goal with his holder kneeling on the St. Johns 40-yard line. His kick was true, but just a little short and the ball went over to Mason.

ST. JOHNS HAD another opportunity as on the third play Mason fumbled and Rick Liszewski of St. Johns recovered on the Mason 15. But a five-yard penalty and two bad passes, one too low to Downing and one too high to Humphrey, forced St. Johns to give up the ball on downs to Mason on the Mason 12.

Take a vacation from worry. See us about an insurance program that will financially protect your family. We'll work a program out that exactly fits your particular needs.

Ovid-Elsie gets late start, then rips past Portland

By LOWELL G. RINKER

PORTLAND — Ovid-Elsie took about 12 minutes to jell Friday night in their first joint football effort and then overran the Portland Raiders 20-13, getting

stronger as the game progressed. Coach Mark O'Donnell's Marauders scored twice in the second quarter and once in the fourth period, all on the strength of a running attack. But it was Portland fumbles that set up the

scores. After scoring the winning touchdown on the third play of the fourth period, Ovid-Elsie's defense consistently swamped Portland to effectively shut off any threat to their win. In the last minutes they forced Portland back to the Raiders' one-yard line with a fine punt by Don Wilson and three straight defensive surges.

IT WAS DIFFERENT in the first minutes of the game, however. Portland received the opening kickoff and marched to a touchdown without giving up the ball. The key play was a third-down 21-yard pass that carried inside the Ovid-Elsie 20. Portland pushed to the one-yard line and then halfback Dan Simon bulled over for the touchdown. Denny McCrumb kicked the extra point.

Ovid-Elsie, moed upfield and with only 36 seconds elapsed in the second quarter scored their first touchdown when quarterback Mike Seybert danced 20 yards up the middle. He then circled left end for the extra point that tied the score 7-7. A key play in the drive was a 20-yard pass play from Seybert to L.D. Jones.

A FEW PLAYS AFTER the touchdown, Jones stole the ball on the Portland 22, but the drive for the goal was interrupted by a fourth-down pass interception.

Late in the first half, however, Ovid-Elsie punted to the Portland 10-yard line and then pounced on the ball when the receiver fumbled. A penalty set them back to the 15, but Jerry Gazda, junior halfback, carried to the four yard line and then Seybert got

loose around the right end to score the second touchdown. A fumble on the run for extra point locked the score at 13-7, and that's where it stood at the half.

Portland's final touchdown came mid-way through the third period. Simon was again the "Legree," snapping through the center of the Marauders' line and racing 58 yards for a touchdown. An aroused Ovid-Elsie line blocked the kick for extra point.

THE WINNING touchdown came after a series of four fumbles. Ovid-Elsie miscued first on their own 42 but then got the ball back a few seconds later on the Ovid-Elsie 37. With Jones and Gazda alternating on runs and quarterback Jerry Wier throwing a key pass for 30 yards to Tom Ackles, the Marauders moved to the Portland 15.

There they fumbled again, and Portland recovered. But a hard-hitting Ovid-Elsie defense jarred the ball loose from Portland again, and the Marauders took over on the 14. After two plays were turned back by the Raiders, L.D. Jones slipped around left end to the Portland two yard line. A few plays later Jones scored with 11:48 left in the game. Jones ran the extra point.

THE OVID-ELSIE defense was tough with only a few let-downs, and the offense could be described as promising and certainly adequate for the occasion. Seybert displayed some pin-point passing before he was injured slightly in the third period. Gazda and Jones were hard runners all night.

St. Johns junior halfback John Markman (32) is loose for a few minutes and for a few yards in this bit of action from Friday night's St. Johns-Mason game. Pursuing is Mason's Dan Webster (10). St. Johns players include Mike Green.

Late in the second period, Salemi returned a Mason punt 23 yards to the Mason 42. After picking up two first downs to the Mason 16, Humphrey was thrown for a five-yard loss. On the next play, St. Johns was penalized 15 for holding. With second and 32, Boyce hit the left end for 29 yards and two plays later Boyce hit left end again for 10 yards and a TD with 1:32 left on the clock. Boyce's extra point kick was good and St. Johns led 14-6.

MASON CAME storming back from their own 33 with three straight pass completions which gave them a first down on the St. Johns seven yard line with 54 seconds left in the half.

Elgel hit the center for one yard, a pass from Strickland to end James Powers was good for four. Elgel hit the middle again but was stopped for no gain. With fourth down and two yards to go for a TD and the clock running out, Dan Underwood passed into the end zone to Jack McLeer, but Mike Green was there to knock the ball away and St. Johns took over on their own two and ran out the clock for the first half.

After an exchange of the ball in the third quarter, St. Johns took possession on their own 40-yard line. Humphrey made six yards around right end and Dave Howe was stopped for no gain.

ON THIRD DOWN, Love dropped back to pass. He was rushed badly by the Mason line but was able to get his pass away to Downing for a yard gain.

With a fourth and three situation, Love sent Boyce on a reverse to the left. Ted Fanson of Mason hit Boyce behind the line, but Boyce spun away, turned the corner and with some fine downfield blocking went 53 yards to score. On the extra point attempt, Boyce's kick hit the cross bar and was no good.

LATE IN THE THIRD period, Underwood of Mason intercepted

St. Johns football movies on Mondays

Movies of each week's St. Johns High School varsity football games are being shown each Monday evening again this year. Head Football Coach Bill Smiley said parents of the players and any other interested persons are welcome to attend the showings, starting at 7 p.m. each Monday in the home economics room at the high school. Smiley analyzes the films of the preceding Friday's game for the audience and points out the individual performances which spectators often miss at the game itself. Light refreshments are served.

a Love pass deep in his own territory and returned it to the St. Johns 26. Four passes gave Mason a first down on the Redwings 14. On fourth down Webster attempted a pass to Lawson, but Love batted the ball away and St. Johns took over on their own 15 with about 30 seconds left in the quarter.

FOUR FIRST downs, one coming on a roughing the passer penalty against Mason, gave the Redwings the ball on the Mason 11 with eight minutes left in the game. An unsportsmanlike conduct penalty against Mason moved the ball half the distance to the goal. Here Love called on Green who spun into the middle and then dove into the end zone for the score. Boyce's kick for the extra point was good to make the score 27-6.

WITH 2:27 LEFT in the game, Mason took over on their own 42 yard line. Two first downs and they were on the Redwings 34 with a first down and one minute remaining. Elgel hit right tackle for seven yards. Underwood then stepped back and hit Jerry Potter with a pass and he went the final 26 yards to score. Underwood then passed to Powers for the extra point to make the score 27-13 with less than a minute left in the game. St. Johns then proceeded to run out the clock.

OFFENSIVELY, Boyce was the leading ground gainer for the Redwings as he picked up 153 yards on 11 carries. Mike Green was next with 77 yards in 13 carries. Defensively, Terry Thurston led with 12 tackles, while Hart had 9 and Humphrey 7. The whole

Olivet 'passes' past DeWitt 20-0

DeWITT — Passing attacks spelled both disaster and promise for the DeWitt Panthers Friday night. The disaster came from Olivet High School's passing attack that resulted in a 20-0 loss for DeWitt at Olivet. The promise was for the future on the strength of the Panther's own passing. Quarterback Dave Parker completed eight passes for 76 yards against the Olivet team, establishing himself as a potential threat to future opponents in the Central Michigan conference. But three of Parker's passes were pilfered by Olivet defenders, and that choked off any scoring threat. Meanwhile, Olivet was scoring their points on passes from Darryl Bradley to Pat Siefert and Chuck Powers and on a run by Mike Gordon.

BOB COCHRUN

St. Johns junior fullback Bob Cochrun suffered a broken collar bone in Friday night's football game against Mason and will be lost to the Redwings for the season. Cochrun, at 155 pounds, was expected to see considerable defensive action for St. Johns this season.

St. Johns defense did an outstanding job as they stopped the Mason Bulldogs twice, deep in their own territory.

BOB COCHRUN, the junior full back, was lost for possibly the rest of the season as he left the game in the third period with a broken collar bone. Outside of Cochrun, the rest of the team seemed to come through with nothing more than the normal bumps and bruises. The Redwings will take on Greenville at Greenville this Friday as they begin play in the West Central "B" league.

GREENVILLE won their opener last Friday as they beat Lakeview 25-7. Greenville's scores came on runs of 31, 62, 63 and 69 yards which show the possibility of an explosive attack which the Redwings will have to contend with this week.

Early lapse fatal to Bath, 13-0

BATH — It took Bath High School only a little while to "get tough" against Dansville Friday night, but in that little while Dansville had scored two touchdowns that were good enough for a 13-0 victory over the Fighting Bees. After their early lapse, the Bath front line lightened up to contain Dansville well. Outstanding in that respect were Jack Averingham, Larry Wildt, Randy Tucker and Jeff Gelsenhaver, who blocked a Dansville punt. Dansville's early touchdowns were on a seven-yard run by fullback Jack Prince, the game's top ground gainer, and on a 25-yard pass play from Mickey Ream to Ken Switzenburg. Barry Chapman converted for one point.

Pass interception gives Fowler 7-6 win over Fulton

By ROD BROWN

FOWLER — Football fans got what they came for when they saw the Fowler-Fulton game Friday night. In addition to a 7-6 Fowler victory, the game provided good, solid, exciting football with hard, clean play by both teams. Fulton looked strong, even in defeat, and promises to be a top-flight team as the season wears on. Carl Hagenbach and quarterback Randy VanSickle were outstanding hard workers. Fowler's Brendon Goerge pulled off the big play for Fowler by intercepting a Fulton pass late in the fourth quarter and running it back nearly 60 yards for a touchdown to tie the game. Bruce Thelen kicked the extra point to give Fowler its scant winning margin.

IRONICALLY, Fulton's touchdown — scored in the third period — came on a long run, also quarterback Randy VanSickle took a Fowler punt on his own 35 yard line, made a quick move to the sidelines and scampered 65 yards for a touchdown. The extra point kick was no good. That was all the scoring in the game, but it was far from all the excitement. The first half, a strictly defensive stage of the game, did have some sparkling plays, including a spectacular 40-yard pass play from Fulton's VanSickle to end Lloyd Johnson and a 35-yard run by Fowler's Neil Thelen. But if the first half could be called conservative, the second half was definitely liberal with excitement. Fowler's Rod Brown started it off with a 32-yard run, and then Fulton's VanSickle had a 28-yard run. A few minutes later he danced the 65 yards for a touchdown.

VANSICKLE TOOK the next Fowler punt in an almost identical situation and went another 65 yards for an apparent touchdown, but this time it was called back by a penalty. Then came Goerge's interception of the Fulton pass and his run of 60 yards for a touchdown. Fulton's Ed Setterington had a 30-yard punt return and late in the game Goerge had a 10-yard run that kept Fowler going. Brendon Goerge turned in some fine running through the line and had two interceptions to his credit. Mike Nobach and Neil Thelen also showed off their abilities

Rebekahs begin fall season

Banner Rebekah Lodge held their first meeting after summer recess Monday evening. Noble Grand Kay Gladstone presided.

Members reported in the hospital were Ann Kentfield and Rose Hoover. The charter was draped in memory of two members who died during the summer, Goldie Lamberson and Effie Speck. Taking part in the memorial ceremony were Arlene Gladstone, Jane Jolly, Lila Mahar, Hazel Bowen, Letha Estes, Florence Wickham and Dawn Sharick.

THE LODGE sent a group of youngsters to IOOF - Rebekah camp at Big Star Lake in the

summer and letters of thanks were read from many of them. In a brief ceremony Mrs Hazel Poland was welcomed as a transfer member.

THE LODGE voted to continue serving the Lions Club dinners the coming year. They also accepted the invitation to put on the entertainment at Visitation Night Oct. 4 at Saranac. Serving on the committee are Arlene Gladstone, Pauline Burk, Fannie Wier and Jane Jolly.

After the meeting games were played with Edna Lewis winning first prize and Nancy Haynes the consolation.

Birthday cake and ice cream were served and greetings extended to Nancy Haynes, it being her 84th birthday and also the birthday of Mrs Letha Estes.

The St. Johns Public School Health Service has been quartering on the stage of the high school auditorium so far this year because of a lack of space. Left to right across the stage are Mrs Anita Lynam, nurse's assistant, and school Registered Nurses Mrs Gertrude Buehler and Mrs Princess Parker. From this makeshift arrangement . . .

. . . The nurses will soon be in their new quarters in a mobile clinic which will be parked behind the high school and which can be used handily at rural schools when clinics are scheduled there. Left to right here beside the new trailer are Mrs Parker, Mrs Buehler and Mrs Lynam.

Farm Bureau annual meet stated Oct. 11

Announcement was made this week of the date for the 47 Annual meeting of the Clinton County Farm Bureau. As tickets were placed on sale throughout the county members were urged to mark their calendars for the Oct. 11 highlight of the Farm Bureau year. A family style dinner served at 7:30 p.m. by the ladies of the Greenbush Church will precede the business meeting. Important items on the agenda will be member consideration of a proposed revised set of by-laws, policy resolutions concerning county, state and national affairs and the election of four directors to the county board.

Tickets may be purchased at the County Farm Bureau office, from community groups and from members of the County Farm Bureau board. Members not purchasing dinner tickets are welcome to attend the 6:30 p.m. business meeting.

Baptist Missionary Society met Sept. 13

The Ladies Missionary Society of the St. Johns Baptist Temple held their meeting at the church Sept. 13 with 13 members present.

Mrs Roy Green brought the meeting to order. Mrs Camilla Conklin opened the meeting with prayer. Mrs Bonnie Johnson had charge of devotions.

Mrs Green read a missionary letter and a letter from one of the old members.

The next meeting will be at the church Oct. 11 at 7 p.m. with a old-fashion or Halloween dress up meeting.

Mrs Marian Orweller, Mrs Sue Townsend and Mrs Fern Halner will be on the refreshment committee. Mrs Sue Townsend will have the devotions at that time.

Two more chapters from the book of "In His Steps," were read.

Mrs Green, Mrs Barbara Brewbaker and Mrs Alice Richmond served refreshments.

MR AND MRS JOHN BOHR

Golden Anniversary

The children of Mr and Mrs John Bohr are planning to hold an open house in honor of their parents' golden wedding anniversary, Sunday, Sept. 25, from 2:30 until 5 p.m., at St. Mary's Hall, Westphalia.

Mr and Mrs Bohr were married Sept. 26, 1916, at St. Mary's Church, Westphalia, by the late Reverend Charles Holsted. Mrs Bohr was the former Martha Fedewa before her marriage.

Health service has new 'mobile' quarters

St. Johns Public School's health services, forced out of their office next to the assistant principal by other school services and lack of space, has finally found a home—a mobile home.

Arriving last week was a new 10 by 36-foot trailer whose three offices will house the school's health service henceforth. It will have its "permanent" home on the lawn immediately south of the shop building but will also be used at the rural schools of the district.

Registered nurses Gertrude Buehler and Princess Parker and nurses' assistant Anita Lynam have been holding forth so far this year on the auditorium stage. It's likely to get crowded there, though, what with the forensic season upon us.

AS SOON AS THE trailer is "set" and furniture for it installed, the health service will bring down the curtain on its stage career and adjourn to trailer life. The three offices of the trailer will also serve as a mobile clinic for the rural areas.

This will be a distinct advantage over the present situation, school officials said. Now clinics are held in small crowded areas or hallways of the rural schools, and in some cases whole rooms of children have been dismissed for the day to provide room for the clinics.

The trailer will provide the rooms needed for clinic space without interrupting the normal schedule of classes, the nurses point out. The school's health service now takes care of and has medical records on some 4,000 public and parochial students and covers all the 200-some square miles of the St. Johns School District.

THE TRAILER is being purchased under Title I of the Elementary and Secondary Education Act. Until the money is actually appropriated to St. Johns, however, the school board is renting the mobile health unit.

School officials said increased enrollments and space for federal program-initiated services and additional staff forced the move of the health service from its previous quarters.

In their studies of refinery catalysts, oil researchers employ a technique also used by space scientists to determine the effects that solar radiation may have on the surface of space ships.

St. Peter School marks 25 years

St. Peter Lutheran Church will celebrate the 25th anniversary of the founding of its parochial school Sunday, Sept. 25. One of its former teachers, Prof. Merle Radke, of Concordia Teachers College, River Forest, Ill., will deliver the address in both the 8:30 and 10:30 a.m. services. The congregation is serving a potluck dinner at 12:30 p.m. with a reunion of former teachers and students to follow.

St. Peter Lutheran Church, one of 116 Missouri Synod Lutheran congregations to operate a parochial school in Michigan, opened its doors to 23 pupils in September of 1941. Rev. F. Coellner, the pastor, taught the first year. In 1942 a school was built and Robert Garmatz, of Seward, Neb., was hired to teach. Merle Radke taught the following four years, followed by Gerold Becker, who taught for 12 years, from 1947 to 1959. Raymond Bergdoll, coming from Woodburn Lutheran School in Indiana, has been principal and teacher since 1959.

IN 1944 THE congregation built a teacherage for its called teacher. In 1955, as the enrollment

Helen Hebel marks 50 years in nursing

Miss Helen Hebel, a 1915 graduate of St. Johns High School, former resident of this area and veteran of a 50-year nursing career at University Hospital, Ann Arbor, was honored at a tea in the Medical Science Building, Thursday, Sept. 15, which also marked the 75 anniversary of nursing education at the University of Michigan.

MISS HELEN HEBEL

More than 300 oral surgeons, nurses, former patients, friends and relatives gathered to pay their respect to the nurse whose long career included supervision of the hospitals first oral surgery clinic and cleft palate ward. Relatives attending the tea were her brother, sisters, nieces and nephews, Mr and Mrs Robert Hebel Sr. of Walker Road, Mr and Mrs Clarence Kaltrider of Chandler Road, Mrs Glenn Parks of S. Lowell Road. Mr and Mrs Robert Hebel Jr. and Mr and Mrs Richard Hebel, all of Walker Road, Mrs Robert Wilbur and daughter, Ann of Chandler Road and Mr and Mrs Howard Woodbury of St. Johns.

Miss Hebel, better known to her young patients as "granny," entered the U-M School of Nursing in 1916. After graduation she was assigned to two bedrooms reserved for cleft palate and lip repair patients. Before moving to the present hospital in 1926 she helped plan the new oral surgery ward. Through the years Nurse Hebel enlarged her special interest to care for other pediatric illnesses. Granny's twinkling eyes and cheerful hug have been a joy to many young patients.

HER HALF-CENTURY of nursing devotion extended to the medical staff as well as to patients. "All oral surgery residents became Miss Hebel's boys," said Dr James Hayward, professor of dentistry and chief of oral surgery at University Hospital. "She has always been an invaluable aid to the surgical staff and to the families of cleft palate children by explaining the intricacies of feeding and caring for these deformed children."

In 1950, she received an honorary membership in the Chalmers J. Lyons College of Oral Surgeons.

Miss Hebel is also a member of the University Hospital Nurses Alumnae Association. Her dedicated career is a fitting reminder of a truly devoted nurse.

Mrs Ewers hosts Duplain WSCS

Mrs Florence Ewer hosted the WSCS of the Duplain Methodist Church, Wednesday evening, Sept. 14, at her home on Watson Road. Mrs Raymond Thornton, president, was in charge of the meeting.

Fifteen members listened to the study lesson "Mission to Six Continents," presented by Mrs Don Temple.

There is a change of date for the next meeting. It is to be held a week early at the home of Mrs Charles Lapham of Krepps Road Oct. 5 at 8 p.m. Miss Francis Pearl will lead the program topic "Across the Atlantic."

The Rochester Colony Community Club opened another new season Saturday evening, Sept. 17, when 20 members met at Community Hall.

Russell Libey, president conducted the business meeting, followed by an election of officers, with the following results: Russell Libey, president; Emerson Dunham, first vice-president; Elmer Thornton, second vice-president; Mrs Ray Hamer, secretary and Mrs Lyle Fleagle, treasurer.

Mrs Elmer Thornton was appointed supply chairman for the year and Emerson Dunham will act as chairman of program planning for the social evenings activities.

Members whose birthdays were in September or October were honored with a birthday cake and gift.

The next meeting will be held at the hall Oct. 15 at 8:30 p.m. The program for the social evening will be announced later.

The Rochester Colony Extension group will meet Sept. 27 at 8 p.m. at the Colony Community Hall. The business of program planning will be conducted and two groups of slides on "The Beauty of Flowers" will be shown and narrated by Mrs Al Rademacher.

DeWitt discusses new aid

DeWITT — The DeWitt City Council met last Tuesday evening with three representatives of the Farmers Home Administration.

The city is making formal application for federal aid to assist in installing a municipal water system, extension of the present sewage system, installing of a secondary sewage treatment plant, and the acquisition of land for a sanitary land fill.

THE FHA REPRESENTATIVES were Alger R. Hansen, district supervisor for FHA; Roland Whitney, county supervisor of FHA for this area; and Harold Simon, assistant county supervisor for FHA in this area.

Hansen gave a rundown on the history of the FHA and the ways in which the applications would be handled. He also talked on some of the FHA limitations which the City of DeWitt must take into consideration when making application.

The preliminary form 101 which the city has filed is used by the federal agencies to establish jurisdiction of which agency will handle the DeWitt application.

THERE ARE SEVERAL agencies used to finance sewage and water problems. The Farmers Home Administration is oriented basically to rural areas. Rural areas as defined by the federal government as any area or town of a population of 5,500 or less that is not attached to a larger municipality. Thus, the City of DeWitt could come under the jurisdiction of FHA.

Once the jurisdiction is established, a preliminary application is made to the established agency. Along with the application the city would include a preliminary engineering plan and a preliminary budget. From these a preliminary commitment would be made.

MR PETRIE, OF the Petrie Engineering firm, which has been making the preliminary studies, estimated the total cost of the four phased plan would run approximately \$46,000.

BROKEN DOWN this was \$275,000 for the water system, \$100,000 for the secondary sewage plant, \$11,000 for the extension of the sewage system, and \$60,000 for the sanitary land fill.

In formal action the DeWitt City Council passed a resolution to complete the forms for application and named Lawrence Keck as the authority to sign all documents pertaining to the federal aid for the City of DeWitt.

IN OTHER ACTION the council discussed sidewalk conditions at length and resolved that work would start in repairing of the walks soon. It was hoped that within the next month most of the worst spots would be corrected.

Mr and Mrs Howard Johnson spent their vacation at Six Lakes last week with Mrs Arthur Morse from Battle Creek. Mrs Morse is spending a week with the Johnsons.

Mr and Mrs Robert Tait and family spent a week at Indian Lake near Manistee recently.

Mr and Mrs Bill Muller from Detroit were weekend guests of Mr and Mrs Steve Komives.

Mr and Mrs John Bracey and Mr and Mrs Ralph Baker spent the weekend at the Baker cottage at Lewiston.

Sunday was a beautiful day and it was very much enjoyed by close friends and relatives of John Spencer. There were 45 there for a cooperative dinner. Mr Spencer is 85 years old, in good health, and takes care of a large garden and mows his own yard, most of the time. The occasion for this dinner was Mr Spencer's birthday. Guests were present from Dallas, Texas, Fowlerville, Detroit, Dearborn, Lansing, Lexington, and the surrounding area. Ten of those present were great-grandchildren of Mr Spencer and the first time they had all been together. Mr Spencer has another great-grandchild in Illinois.

Morningstar Chapter, OES, No. 279 met in regular session last Tuesday evening, with WM Lucille Spencer, presiding in the East. Correspondence was read from the Grand Chapter. The altar was draped for PGP Vernon Pattison and the charter was draped for Sister Flora Love who passed away this summer. It was announced that two scholarships had been awarded to two young men from this area, one will receive funds from Estari and the other will be for general education.

The first dance of the season will be Sept. 23 with potluck lunch after we finish dancing.

The annual Farm Bureau meeting and dinner will be held at Smith Hall, St. Johns Park, Oct. 11, with the Greenbush WSCS serving a family style dinner. Tickets may be purchased from any Farm Bureau Section or women committee. The Reese Sisters are to furnish the entertainment.

Mr and Mrs Schwab of California arrived Wednesday evening to be with their niece Miss Athol Gamble, while she is so seriously ill at Clinton Memorial Hospital. Because of her critical condition visitors have been restricted. Mr and Mrs Schwab are staying at the Gamble home. Mrs Pauline Cummings of Detroit was a visitor last Friday.

Guests at the Gleason-Pasch wedding in Lansing Saturday from this area included, Mr and Mrs Roger Gleason, who participated in the wedding; Mrs Chet Bolyard; Mr and Mrs Gerald Rehm; Rev and Mrs Henry Voss; Mrs Cecil Henry and daughter Sue, Mrs Vera Corson; Mrs Phyllis Moss; Mrs Dick Priest and son, Vanj Mrs Larry Hattis; Larry Aldrich and Mr and Mrs Wilbur Bancroft.

Mrs Jean Hoyal of Rainbow Lake entertained 14 ladies at the new home of Mrs Arlyne Carr last Thursday afternoon. After a tour of the new home the guests were served a salad course and Mrs Carr opened her lovely gifts.

Mr and Mrs Tony Welber had as their house guest for 10 days Mrs Welber's aunt, Mrs Louise Cassidy of Jackson. While she was here Mrs Welber and Mrs Cassidy visited relatives in St. Ignace and Cheboygan Tuesday and Wednesday and also Mrs Cassidy's aunt, Sister Mary Elenore

I guess it pays to put non-personal items in along with the news. Sometime ago your correspondent put in an item that the Shepardsville church could use a high chair in the nursery. If any one had one that they wished to give away, Mrs Squiers told me that not long after the paper came out, she received a call from a lady and the lady said that the church could have it.

The contractors tell us that the church wall on the south side will be knocked out this week Wednesday, I believe.

Visit Swiss village in Wisconsin

Rev and Mrs Rudy Wittenbach attended the "Schillers Wilhelm Tell," a classic drama presented annually Labor Day weekend, by the Swiss of New Glarus, Wisc., in the natural beauty of an outdoor setting. The people are called together by the authentically dressed Swiss blowing the Alpine horns. The actors then come down from the hills and woods, and the play progresses.

The village of New Glarus was founded in 1845 by 108 colonist escaping from the ravages of famine in Canton Glarus, Switzerland. There are descendants of these families still living there as well as recent immigrants from Switzerland. They are progressive people, but still cling to the customs and traditions of their ancestors. The Swiss atmosphere is present, not only on holidays but all year round. The shops and business places are housed in Swiss style buildings and are stocked with fine imports, cheeses sausages and exquisite laces. The restaurants serve Swiss specialties.

THE FESTIVITIES start Saturday before Labor Day and continue through Monday. The drama is given Saturday in English and Sunday in German. Other entertainment include folk dancing, singing, Swiss yodeling and flag throwing and the Alpine Band and Horn Trio.

The village has its own Swiss Museum Village, a replica of the first settlement, including the first church and burial ground. At the Golden Fleece Chalet there are more than 3,000 Swiss objects on display of unusual value and interest.

The Wittenbachs spent a week at this delightful village, visiting relatives, cousins of his father, whose ancestors were some of the original settlers there.

Twirlers' first dance set Sept. 23

Earl and Betty Tröub recently entertained the board members of the Maple Rapids Twirlers. Many things were planned for the coming year, Western Style square dance lessons will start Oct. 5 from 8 until 10 p.m. at the Maple Rapids School Gym. There will be 16 lessons in all and the first lesson will be free and will be a get acquainted lesson. Basic round dance lessons will be given for club members who are interested in learning round dancing from 7 to 8 p.m. before square dance lessons.

Black Cat Badge Night will be Jan. 13. Club dues remains the same price as last year and are payable now.

The first dance of the season will be Sept. 23 with potluck lunch after we finish dancing.

at St. Exlavier Convent at Grand Rapids.

Several from this community witnessed the meteor display Saturday evening.

The first meeting of the season of the Sorosis Club will be a potluck lunch at the home of Mrs Harold Berry with Mrs Hubert Fogleston as co-hostess Tuesday, Sept. 27, at 1 p.m.

60 at Deanery meet

About 60 members from Ionia, Belding, Greenville, Stanton, Edmore, Carson City and Pawama attended the Deanery meeting at St. John's Catholic Church in Hubbardston Sunday. After services in the church a meeting was held in the hall parlors with Mrs Joseph Foust of Ionia as main speaker, whose subject was, "Our Home-Life in Tanganyika, Africa." Dr Foust and his family will be in Ionia until Oct. when they will return to Africa and hope to build a larger hospital there. Her story of African life and customs was interesting and well explained in her cheerful, witty manner.

All registered for a door-prize, which was a hand-made embroidery apron, donated by a lady from Ionia.

When the meeting adjourned, all were seated at tables in the dining room for a lunch served by the Hubbardston ladies.

Dog raised here now aids blind

A dog once owned by a former St. Johns couple, Mr and Mrs Stewart Fitzpatrick, now of Lansing, is serving as a leader dog for the blind.

"Mrs Helen Barbara Pelton of a undisclosed city in Michigan graduated recently with "Rebel" and is enjoying travel independence as a result of the Leader Dog training program at Rochester.

The black Labrador dog, now about two years old, was donated to Leader Dogs last April through the St. Johns Lions Club. Aiding the blind is one of the Lions Club's projects, and they work closely with the Rochester center through member Jack Wakabe, leader dog chairman.

THE FITZPATRICKS moved to Lansing last spring following their marriage and had to give up the dog. That's when they contacted the Lions Club about possibly using it as a seeing eye dog. Mrs Fitzpatrick is the former Sharon Mott, daughter of Mr and Mrs Edward Mott of 6875 W. Walker Road. Fitzpatrick is the son of Mr and Mrs Glendon Fitzpatrick of 109 W. Steel Street.

In a letter to the Fitzpatricks, Harold L. Pocklington, executive director of Leader Dogs for the Blind, told them they could be "justifiably proud of 'Rebel' for, as you know, not more than 30 per cent of all dogs accepted actually complete leader dog training. One more deserving blind person has been placed blind in the mainstream of life—because you were generous."

Back to school services held at DeWitt Sunday

The East DeWitt Bible Church of East DeWitt held a "Back to School" service Sunday, Sept. 11. One hundred-fifty two attended Sunday School and the same afternoon 22 from the church were baptized at Walker Memorial Church of Lansing.

The new pastor is Glen Farnham.

Michigan has 10 public colleges and universities with a total 1965 enrollment of 162,848. The state's 19 community colleges enrolled a record 61,275 students.

23 MILES BY BIKE IN 3 HOURS

Twenty-three miles across the county -- by bicycle -- was a novel and badge-earning way for these boys of Boy Scout Troop 77 of DeWitt to go to the district's fall encampment at Camp Mapleton last weekend. They even pedaled a couple of extra-miles to earn their 25-mile bike hike badges. Here they roll into Camp Mapleton with Asst. Scoutmaster Gordon Gingrich. The boys are (not necessarily in order) Larry Woodruff, Chuck Berkimer, Larry Young, Dale Young, Dale Reed, Ed Tudor and Brent Bautel. The boys pedaled from DeWitt east on Round Lake Road to Shepardsville Road and then north to Mapleton in three hours Friday afternoon. Sunday afternoon they made the trip back by bike.

34 at first WSCS meeting

The Women's Society of Christian Service of the First Methodist Church held their first fall meeting Tuesday morning, Sept. 13, with 34 members present. Coffee and rolls were served at 9 a.m. in the church parlor by the Mary Martha Circle.

The meeting was held in the chapel, with new president, Mrs. Charles Hazle presiding. An opening prayer, then the Purpose of the Women's Society was read in unison, led by Mrs. Don Swagart. A memorial service for the 10 deceased members was conducted by Mrs. Wilbur Brandt, with mesdames George Osgood, Ed Wells, Walter Nickel, Frank Swagart, J. E. Bartholomew, Merle Radman, Marshall Hicks, Esther Graham and Edward MacKinnon and Miss Evelyn Putman assisting her. The altar was lighted with the candles, and flowers placed in the vase after each memorial.

Mrs. Hazle, the president, Mrs. Vandermark, vice president and Mrs. Lumbert gave the program. They attended the school of missions at Albion in June. Mrs. Vandermark presented the program book, "Dialogue and Design" to be used, and went over the program for each month with suggestions for each. Mrs. Lumbert suggested we read "Peter and James" as this will be our study book later on. She also announced the Fall Rally Sept. 22 in Gladwin.

Other dates to remember are Oct. 7 and 8, Rummage sale; World Community Day, Nov. 4 at Bingham EUB Church and Bazaar, Dec. 1.

The afternoon circles will again be meeting Sept. 27. Consult program books for places. The next general meeting will be Oct. 11 at 1 p.m.

Mrs Sibley hosts Olive-DeWitt 4-H

The Olive-DeWitt 4-H Club met Monday, Sept. 12, at the home of the leader, Mrs. Sibley. Demonstrations were given by: Susan Sibley, how to shape rolls; Carol Sibley, how to use the cookie press and making spritz cookies; Beth Ann Greene made a chocolate cake; Susan Koski made oatmeal cookies; Barbara Smith, why eggs turn green; Diane Sibley made chocolate chip cookies; and Linda Johnson made jam-oatmeal bar cookies. They were all baked and sampled by the club.

It was decided that for the demonstration meal this year each girl would make a different kind of salad. The meal was held Saturday, Sept. 17, at 5 p.m. at the home of Mrs. Sibley.

DeWitt Grange will meet Friday, Sept. 23, at 8:30 p.m. at the DeWitt Memorial building. Installation of officers will be held with Sister Henrietta Cushman, as installing officer. A lunch will follow the meeting.

Olive Grange will meet Friday, Sept. 23, at 8:30 p.m. There will be installation of officers. Bingham, Horton and Stockman Granges are invited. Potluck lunch will follow the meeting.

Driver ticketed twice after crash

A local man was ticketed twice following an accident early Friday afternoon at Higham and Ottawa streets. He was Lyle B. Stevens, 60, of 805 S. Clinton, who was issued tickets for failure to yield the right-of-way and leaving the scene of a property damage accident.

City police said he did not stop at the intersection as he drove north on Ottawa and that his car was hit by one driven by Clifford M. Martens, 22, of R-2, DeWitt. Stevens reportedly left the scene without providing any information.

Over 200 at Kick-Off day

Over 200 Extension Study group members attended Fall Kick-Off Day held Wednesday, Sept. 14, at Corunna.

Members of Study Groups from Shiawassee, Gratiot and Clinton counties were present.

The morning began with registration and introduction of acting Area 9 council officers.

THE MAIN SPEAKER for the morning session was Mrs. Loa Whitfield, assistant director of home economics.

"A study group is organized to help each member with educational program," she said.

It is up to each group to make the lessons applicable to their own area Mrs. Whitfield said. The success of the lesson depends on the leader training and the attitude of the group members.

She explained the Council organization and said the chairman of the area council will represent her area on the state board.

"THE AREA COUNCIL chairman will speak for you," Mrs. Whitfield said.

After the noon break, those attending had a choice of three classes to attend: "A Day in the Supermarket," "Living Your Life to Full Measure" and "Design in the Home."

DR. MARGARET M. Jacobson, extension specialist in family life, taught the class, "Living Your Life to Full Measure."

She combined the ingredients of good health, housing, contentment, enough money, satisfying activities, helpful attitudes and good relationships with

drops of humor, sorrow and joy into a recipe for a full life.

Dr. Jacobson has been in her present position for a year. She worked in the Upper Peninsula for two years as a district home economist.

MISS MARGARET Boschetti, extension specialist in home furnishings who joined the staff in September, conducted the class on "Design in the Home."

She showed, with inexpensive examples, that it was possible to have your personality show in your home through the use of accessories.

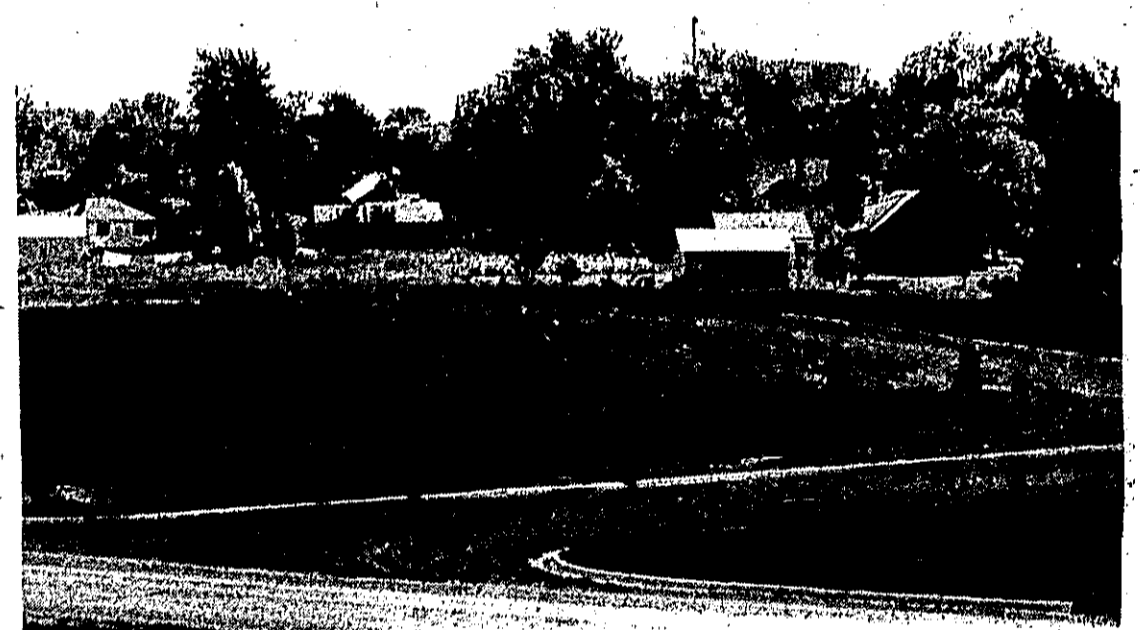

Miss Boschetti gave several pointers to follow when looking for good structural design in accessories for the home. A piece should have good line quality, good proportions, have honest use of material and perform a function.

"A DAY IN THE Supermarket" was taught by Mrs. Sheila Morley, district extension agent in consumer marketing information of Saginaw.

She took her students on a trip through a supermarket and gave the students suggestions on food buying.

PASSING CAR COLLIDES

Two cars collided on Round Lake Road Saturday morning when one made a left turn while the other was passing. Making the left turn was Max Leroy Locher, 45, of DeWitt Road, R-2, DeWitt. Passing him was David J. Badgley, 18, of south US-27, R-2 DeWitt. Both were traveling east on Round Lake Road a half-mile west of DeWitt.

A NEW TWIST FOR NORTH OAKLAND STREET

Part of the city's current curb and gutter construction was on North Oakland Street and opened up the street from Mead north to US-27. That's the southbound lane of US-27 at the bottom of the picture, and the new stretch of Oakland makes a semi-circle from right around to left where it connects (out of the picture) with the old section of Oakland. This photo was taken looking south from the roof of the city's DPW building.

Clinton National Announces a New Concept in Community Service through the Establishment of 5 Additional Branches in Our Service Area

These new Clinton National banking offices will be permanent structures designed to accommodate a motorized unit which will bring personnel and equipment for twice-a-week services at these convenient locations:

Hubbardston

130 N. Washington Street

Eureka

SE corner of N. Welling and Maple Rapids Roads

Maple Rapids

NE corner of Maple and Adelaide Streets

Wacousta

SE corner of Herbison and Wacousta Roads

Bath

NE corner of Main Street and Clark Road

We're Shooting for a Spring Opening . . .

Contractors and suppliers tell us that six months will be required before these five new branch banks can be placed in operation.

Sites must be developed, buildings erected and necessary equipment procured before we are ready to open for business at these five new locations.

Preliminary work is already under way. We plan to have all five branches open to serve you in the Spring of next year.

Sincere Thanks for Your Good Wishes . . .

Public response this past week to the initial announcement of Clinton National's five new service branches has been most heartening.

We're humbly grateful to the many people who have expressed their thanks for the bank's efforts in pioneering this new approach to meeting the banking needs of all of the Clinton area.

We're anxious to serve you and will try our level best to have these five new branches open for your convenience by early Spring of next year.

ON TARGET with the St. Johns Chamber of Commerce By BETTY MINSKY Secretary-Manager

Every time we in Chamber management complete a project, we send a short report on it along to the U.S. Chamber of Commerce office in Washington, D. C. These are printed monthly in a Newsletter, distributed to we managers. From these we can gather ideas that worked elsewhere and which we might be able to use in our community. Or, we can get an idea and add a little to it and adapt it to fit our needs.

This week I thought I'd share some of the ideas in this month's bulletin so that we can see what others are doing. Perhaps someone can add a little bit to one of these ideas and come up with something that would serve us in St. Johns.

AT ATLANTIC CITY, N. J. for instance, the Chamber honors their G's. When casualties of the Viet Nam crisis began to arrive at a nearby military hospital, the Chamber looked for a way to support and salute these men. So, they developed a program to invite 40 wounded veterans to the city for an ex-

with tents, however. One, a Fall Harvest Promotion with a possible auto show tie in. The other, a Chamber sponsored Farm, Home and Boat Show for next spring.)

AND, IN BLOOMINGTON, Ill., attention is focused on shopping mothers, with the retailers providing Saturday matinees-free. (With the opening of the Clinton Theatre we in the Chamber here in St. Johns plan to bring free Saturday matinees back this Christmas and an announcement on those plans will soon be made.)

Much of the report this month dealt with various Business-Industry-Education Days. (This is a program that we had here up until a few years ago. Perhaps we should begin talking of restoring it—who knows—maybe someone can come up with a new twist which will make it successful once again.)

ement Library Book Shelf By Hila Gross

Back in the late 1940's, Rabbi Joshua Loth Liebman's book PEACE OF MIND was being read almost hungrily by Jews and Gentiles alike. It came into a world in which many families had suffered wartime tragedy. It came into a world newly introduced to the horrors of the atomic bomb and the even more devastating prospects of the hydrogen bomb.

PEACE OF MIND brought a semblance of just what its title implies to many a tortured soul wrestling with the problems of those days, when the whole idea of nuclear fission was so uppermost in the thinking of thoughtful people.

PEACE OF MIND still brings comfort to many people suffering personal loss or the eroding complexities of present-day life. Pastoral counseling was not a new idea, but PEACE OF MIND was the first book to make popular appeal to the idea of combining religion with psychology and psychiatry, a concept which is widely practiced and generally accepted now.

Two years after the publication of his book, Rabbi Liebman died unexpectedly at the age of 41. He left a small mountain of notes and manuscripts, which his family knew represented his work on another book. Personal friends in the publishing firm of Simon and Schuster eventually persuaded his widow, Mrs. Fan Loth Liebman, to begin work on the material left by her husband.

THE RESULT OF Mrs. Liebman's work is the newly published HOPE FOR MAN, a sequel to PEACE OF MIND. Mrs. Liebman give her husband full credit as author of the book, allowing her own name to appear in smaller type, as author of the preface only.

She explains that whereas PEACE OF MIND called upon the techniques of psychology and psychiatry, HOPE FOR MAN is purely philosophy, which is, of course, first cousin to religion. It seems fitting that HOPE FOR MAN should be made available to the reading public in time for the season of the Jewish high holy days, Rosh Hoshana and Yom Kippur.

Karen's first day

It is a little early, but Mrs Canum (Kathy) helps her daughter get ready for school.

Monday, Sept. 12, was a big day in the life of Karen Canum, daughter of Mr and Mrs Lon Canum of 712 Garfield Street, St. Johns. Monday she went to 'real' school for the first time.

She had already registered and gone to school with her mother, who works in the county zoning office, the Wednesday before. By Thursday morning she was running a temperature and was not able to go to school. She missed Friday too.

By Monday morning, Karen was ready to spend a 'real' school day at Perrin Palmer school.

LAST WINTER AND spring she attended Jack and Jill Day Care Center at the First Methodist Church, so Monday morning was not her first experience with school. But 'real' school is something else again.

Karen attends school in the mornings and this makes her day begin very early. She must be at school by 8:30 a.m., so she and a neighbor, who is a first grader and a veteran at this school business, Robin Teachout, must leave by 8:15.

ROBIN DOESN'T have to wait for Karen to get ready though. Karen is ready to leave for school by 8.

Robin is the daughter of the R. J. Teachouts of 704 Garfield. Karen seems to think going to school in the afternoon would be better than mornings.

"I wouldn't have to take a nap if I went in the afternoon," she said.

Full weddings are growing more and more popular each year. The October wedding count almost equals the number of June weddings in many sections of our country.

Today too, we find many more young couples who plan ahead for future financial security. These young couples ask, "How much should we save? When can we start getting ahead?"

There is no specific amount of the income a young couple should save. However, a sound financial security plan does include saving. Even without ready cash in the form of savings accounts you may have built up some cash value in your life insurance and an equity in your home.

If you make out a net worth statement you may be pleasantly surprised to learn how much of your income over the past several years has gone into furnishings for your home. Making a net worth statement should be an annual affair to note your financial progress from one year to another.

TO GET AHEAD financially, if you have important goals in mind you'll get ahead whenever you decide to get started. It is true you can't squeeze very much extra out of a modest income but actually it will never be any

easier than now. So the best thing to do is to get started.

Examine your present way of spending to find the loopholes. Eliminate certain items and spend less for others. For example, cigarettes, bowling, clothes, recreation and grooming aids. Use your own skills instead of paying for numerous services.

If you look about you, you'll notice that some young couples seem to have the knack of making ends meet, while others in the same circumstances are carrying a heavy debt load and are often pinched for money. The difference is that some couples are better managers—they have learned the value of planning.

There's no doubt about it—making and carrying out a spending plan does help. No ready made spending plan fits every couple. Every plan must be flexible—not iron clad—or it is licked before it starts.

If you are interested in sound money management, ask your Extension Home Economist for up to date consumer information and budget planning helps. She has "A Guide to Budgeting for the Young Couple," a bulletin on "Business Facts for Families," which would help any couple off to a good start—money wise. There is no charge for this information. Just write or call the Cooperative Extension Service in the courthouse.

New high for August

June has long been thought of as the month of brides and weddings. Clinton county residents, however, prefer August weddings.

Last month, a record 49 marriage licenses, were issued according to Clinton county Clerk Paul Wakefield.

The previous high of 42 was set in June and August of 1965. June, the marriage month, of this year only 40 licenses were issued.

Jolly Knitters elect officers

The Jolly Knitters 4-H Club met at the home of Nancy Presocki Saturday, Sept. 10, with 13 members present.

Elections were held and chosen were president, Barbara Harte; vice-president, Lori Chant; secretary, Kathleen Randolph; treasurer, Kathleen Root, and reporter, Christie Chant.

After the business meeting games were played and the hostesses, Mrs John Presocki and Nancy, served light refreshments. The October meeting will be held at the home of Debra Jaquish. The date to be set later.

22 at first Library Club meet of season

The Ladies Library Club of Ovid and Duplain held its first meeting of the new club year Friday, Sept. 9, at the home of Mrs. Wilmet Ridsdale of W. Walker Road. Twenty-one members and one guest were present at the potluck luncheon. Mrs. Chandler Gleason gave the invocation. One of the members had a birthday Saturday so a birthday cake was brought for all to share.

The Pledge of Allegiance and Collect were led by Mrs. John Spencer. Roll Call: Where did you go for your summer vacation? Lots of different places were visited; some went east, some went west, some went north, and some stayed home. All reported a good time.

Greetings were given by the president, Mrs. Charles Walker. Mrs. Alfred Rademacher of the Colony, joined as a new member. The committee appointments were read. A resume of the year's program was given by the program chairman, Mrs. Ralph Baker. Some corrections were made. Plans were made to tour the Oldsmobile Plant in October. This will be the October meeting. Two new books will be placed in the Ovid Library. The titles are "George Washington Carver" by Shirley Graham and George G. Lipscomb, and "Booker T. Washington" by Augusta Stevenson. These books are primarily for young people but can be enjoyed by adults, also.

Cards of thanks were read from our members who have been ill.

An announcement about the District Federation was made by the president. One and possibly two cars will be going to Greenville Oct. 27.

The October meeting will be the tour of the Oldsmobile plant, with a luncheon at Lights' restaurant before going to the plant.

Executive council met Wednesday

The Executive Council of the Shepardsville WSCS was held last Wednesday evening at the church, with Mrs. Chandler Gleason presiding. The meeting opened with prayer by Mrs. Gleason. Rev. John Huhtala is to take charge of the program and devotions at the regular meeting Thursday evening. An announcement regarding the Fall District Rally to be held in Gladwin Sept. 22 from 9:30 to 3 was read.

The treasurer reported a substantial amount in the treasury and also in the rug fund.

The following recommendations were made to be voted on at the general meeting Thursday: 1, that the pledge for the building fund be paid; 2, that the WSCS foot the bill for the reception of Rev. and Mrs. John Huhtala; 3, that we attempt to have our General meeting in the homes of the members; 4, that Mrs. Dale Squiers look into the matter of a rebuilt mimeograph for church use and 5, that the pledge to the District be paid.

The Shepardsville WSCS started its new year of work last Thursday evening, Sept. 9, at the church. The program opened with a prayer by Mrs. Chandler Gleason. The rest of the program was then turned over to Rev. John Huhtala. The opening song was "A Mighty Fortress Is Our God." He talked on the Book of Job. Job asked the question, "What have I done wrong?" He didn't find the answer until the last chapter in the book. It was brought out that we must have done something wrong but what is it. What can we do to get more out of our meetings. Calling on the phone doesn't work and cards do not seem to help any. The closing song was "Now Thank We All Our God."

The general meeting in January will meet with Mrs. Ralph Baker. It was suggested that each Circle try to have 10 of its members present. We were asked to save our Betty Crocker or General Mills Coupons to buy some more silverware for our own kitchen. We do sometimes run out of silver when we serve our suppers during the summer months. It seems that the dishwashers can not keep enough ahead for the crowds that we have had. These are to be turned in at General meeting in January.

We voted to take part in the Week of Prayer and Self-Denial the last week of October. We are going to try something new for us this year. We will try to observe "A Quiet Day" Oct. 23 between the hours of 4 and 5.

CHURCH NOTES

Mr and Mrs Burley DeVries were visitors at the Shepardsville Church for the Sunday Morning Service. They were the guests of the Dale Squiers family.

Lorena Tait was presented a Bible by the church. She was requested to bring it to church school every Sunday.

Rally day was observed during the Church School hour.

The sons of Mr. Francis Ferden and the son of Mr. and Mrs. Robert Tait served as acolytes during the summer.

Guests at a cooperative dinner of Mr and Mrs Steve Komives

were Mr and Mrs Joe Muller and family of Redford, Mrs. LaBond and son, also of Redford, Mr and Mrs Em. Dierolf and family of Utica and Mr and Mrs Bill Muller and family of Detroit.

Several from this area attended the open house at the Ovid Convalescent Manor.

Rev and Mrs John Huhtala had quite a few people call on them at their open house. The Shepardsville Church will have a reception for them at the church Saturday evening, Sept. 24.

Publication on insect control

A new publication of interest to both city and rural people with ornamental shrubs and trees is "Insects Affecting Woody Ornamental Shrubs and Trees." George McQueen, Clinton County Extension agricultural agent, says the new Extension Service publication is available at a 25 cent charge.

The 40-page publication has illustrations showing the different kinds of insects and damage they cause, and will help the gardener determine the type of dust or spray to be used to control the insects.

The publication (Extension bulletin No. 530) was prepared by William E. Wallner, Extension specialist in the MSU department of entomology.

BEAUTY'S BABY

One day, recently, the children and I stopped on our way home, to pet Beauty and her baby. Beauty lives at Mr. Rydell's farm, not far from our home, and the coming of her colt has been a prime topic of conversations these past few weeks.

This particular day Carla's question about Starlight's Daddy and his whereabouts sparked a discussion with my three sons that ranged from God's plan for the birth and care of baby animals, to people and their babies.

It was a rare and precious moment, such as parents and teachers treasure, when young minds reach out effortlessly for information and understanding.

As we drove home, I thanked God for the opportunity He had given me to share in this eager unfolding of my children's thoughts and ideas. I thanked Him, too, for His Church which has inspired my religious growth and thus helped me keep pace with the developing queries of my children.

The Church is the source of great understanding.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Autumn color foils science

One of the great mysteries of nature is unfolding in Michigan's woods and forests as the greens of summer give way to the flamboyant colors of autumn.

The reasons why some trees turn and others do not and why some turn faster than others is somewhat obscure, botanists admit, but it all adds up to scenic delight for vacationers and sight-seers.

Those who look at the change of the season through scientific eyes have observed that both the matter of the turning of colors and the falling of the leaves coincide with a definite timetable of nature, related to the shortening of the daylight hours. It is the same kind of timetable that triggers the southern migration of birds and the spawning run of certain species of fish—a mystery which scientists have never been able to unravel.

IT SEEMS likely, too, that the widely accepted theory that color changes are induced by heavy frost is probably a myth. Conversely, it appears that such extreme weather has a tendency to reduce the formation of fall color rather than enhance it. Frost, as related to the turning of leaves, is now thought to be more of a coincidence rather than a contributing factor.

An abundance of chlorophyll in wooded plants accounts for Michigan's green summers. Towards late September and early October, nature springs the mysterious mechanism that breaks down the chlorophyll supply and the pigments of yellows, browns and reds—already present in the leaves—remains. In some trees, the color chemistry occurs just before the leaves fall.

ADDED TO THIS mystery is the fact that the turning of leaves in autumn is characteristic, to a greater extent, of American rather than European trees. Plants imported to Michigan soil will turn bright colors or remain green, according to the timetable of their native region. This factor is a dead giveaway as to their origin.

Climate is not necessarily a factor and neither is the relationship of one tree to another, for many unrelated trees, turn identical colors while others of the same family will turn different colors.

Whatever the cause, color tour enthusiasts find Michigan's fall season is resplendent with nature's most magnificent finery.

FROM THE ROCKY crags of the Upper Peninsula to the gentle, rolling hills of the southern counties, Michigan in autumn is one gigantic color tour.

Many communities and regional groups have established posted color trails where motorists follow marked signs which take them through the more outstanding color areas.

Michigan is well supplied with a variety of trees making it the fall showplace of the nation. With 85 kinds of soft and hardwood species it has a greater offering than any other state. It has more types of trees than all of Europe.

FLAMING SCARLET and crimson mingle with chimes and ambers over a background of greens supplied by spruce, pine and other firs. Low-growing sumac, berry bushes and scrub oak add to the riot of color that is Michigan in autumn.

Rambling through Michigan's wooded countryside on a fall weekend can prove a rewarding experience for those who find enjoyment in traveling where their fancy may take them. For the many others who prefer planned color trips, the Michigan Tourist Council offers the newly-revised Michigan Autumn Color Tour Guide containing 24 suggested routed color tours through various sections of the entire state.

Copies of the publication are available without charge by writing the Michigan Tourist Council, Lansing, 48926.

Prairie 4-H shoot, dinner Sunday

Members, former members, parents and friends of the Prairie 4-H Club will have a potluck dinner this Sunday in Eldridge's woods. The affair will start at 12:30 p.m.

Members are urged to bring their reports with them, since they must be turned in to the 4-H office. Shotguns and 22's will both be used in a gun shoot planned during the afternoon. Highlighting that will be a buddy shoot with father and son and mother and daughter.

St. Johns Chamber of Commerce officials were on hand last week to welcome to the downtown business district the new district office of Investors Diversified Services, Inc. The Chamber's president, Leon Brewbaker, shakes hands with District Manager Arthur Workman while George Smith of Investors and Chamber Secretary-Manager Betty Minsky look on. Workman's office is at 100 N. Clinton Avenue; he previously had been working out of his home here.

Investors Services opens new office

Arthur G. Workman, district sales manager in the St. Johns area for Investors Diversified Services, Inc. and its subsidiary Investors Syndicate Life Insurance and Annuity Co. has announced the official opening of a new office located at 100 N. Clinton Avenue, St. Johns.

Workman has been with the IDS sales organization for the past 12 years and was appointed district sales manager in March, 1965. He has won company honors for outstanding salesmanship, both individually and for his district's sales achievements.

INVESTORS Diversified Services, Inc., 73-year-old investment management corporation and the largest of its kind in the world, currently has assets under management of \$2.8 billion. Its largest of its kind in the world, currently has assets under management of \$6.2 billion. Through its national sales organization composed of some 4,300 full-

time representatives, the company services 1.5 million customer accounts.

Representatives in the St. Johns district work out of the Lansing divisional sales office. They distribute exclusively the securities and life insurance offered by the Investors Group of companies which IDS heads. The Investors Group includes Investors Syndicate of America, Inc., an IDS subsidiary, issuing face amount certificate plans for the accumulation of specific amounts, Investors Syndicate Life Insurance and Annuity Company, another subsidiary which writes term and whole life insurance and annuities; and four mutual fund associates: Investors Mutual, Inc., the world's largest fund with assets of \$2.8 billion, Investors Stock Fund, Inc., Investors Selective Fund, Inc. and Investors Variable Payment Fund, Inc. They also distribute Investors Accumulation Plan, a contractual plan for the accumulation of shares of Investors Stock Fund, Inc.

By MRS. ROBERT VALENTINE — Phone 862-4342

William Brackett was the speaker at the Sunday morning worship service of the Methodist Church. The senior choir sang the anthem and Mathew Beck and Jim Stewart served as soloists. The first fall meeting of the Bannister MYF was held Wednesday evening. Plans were made to study "The Christian Thought of Death." A tour of Carters Funeral Home in Elsie is scheduled for September 28. It was announced that the first skating party of the season will be held September 30 at Fenmore. Several Bannister MYF members attended the MYF Fall Rally and officers training at Ovid Sunday. Mr and Mrs Dale Schmidtman and family of Marquette spent the weekend at the home of Mr and Mrs Robert Valentine. Other guests Sunday were Mr and Mrs Ernest Valentine of Brant, Jean Valentine of Lansing and Mr and Mrs Walter Miller and family of rural Elsie. Rosemary Saxton is a patient at Carson City Hospital where she underwent surgery Thursday. Mrs Leo Kroll is a patient at Owosso Memorial Hospital at this writing. Cathy Buechle returned to her home Friday after being in Clinton Memorial Hospital.

Favorable weather is no safeguard against highway accidents. The overwhelming percentage of all accidents in 1965 occurred during clear and dry weather.

THE ST. JOHNS PUBLIC SCHOOLS
CLINTON AND GRATIOT COUNTIES, MICHIGAN

School Building and Site Bonds

Sealed bids for the purchase of general obligation bonds to be issued by The St. Johns Public Schools, Clinton and Gratiot Counties, Michigan, of the par value of Five Million Four Hundred Thousand Dollars (\$5,400,000.00) will be received by the undersigned at the Rodney B. Wilson High School, 101 W. Cass Street, St. Johns, Michigan, in said School District, until 8:00 o'clock P.M., Eastern Standard Time, on the 10th day of October, 1966, at which time and place said bids will be publicly opened and read.

Said bonds will be dated September 1, 1966, will be coupon bonds in the denomination of Five Thousand Dollars (\$5,000.00) each, will be numbered consecutively in direct order of maturity from one (1) to one thousand eighty (1,080), both inclusive, will bear interest from their date at a rate or rates not exceeding five per cent (5%) per annum, expressed in multiples of 1/8 or 1/20 of 1%, or both, the difference between the highest and lowest rates bid shall not exceed 2%. Said interest will be payable on the first day of May, 1967, and semi-annually thereafter on the first day of November and May in each year. The interest rate on any one bond shall be at one rate only and represented by one interest coupon for each coupon period, and all bonds maturing in the same year must carry the same interest rate. Accrued interest to date of delivery of such bonds shall be paid by the purchaser at time of delivery.

Said bonds will mature serially as follows:

- \$30,000.00 on May 1 of the year 1967;
- \$80,000.00 on May 1 of the year 1968;
- \$100,000.00 on May 1 of the year 1969;
- \$110,000.00 on May 1 of the year 1970;
- \$125,000.00 on May 1 of the year 1971;
- \$130,000.00 on May 1 of the year 1972;
- \$140,000.00 on May 1 of the year 1973;
- \$150,000.00 on May 1 of the year 1974;
- \$160,000.00 on May 1 of the year 1975;
- \$175,000.00 on May 1 of the year 1976;
- \$200,000.00 on May 1 of each of the years 1977 and 1978;
- \$225,000.00 on May 1 of each of the years 1979 and 1980;
- \$250,000.00 on May 1 of each of the years 1981, 1982 and 1983;
- \$275,000.00 on May 1 of each of the years 1984, 1985, 1986 and 1987; and
- \$300,000.00 on May 1 of each of the years 1988 to 1992, both inclusive.

Both principal and interest will be payable at a bank or trust company to be designated by the original purchaser of the bonds, which paying agent qualifies as such under the Statutes of the State of Michigan or of the Federal Government.

Bonds of this issue maturing in the years 1967 to 1981, inclusive, are not subject to prior redemption.

The right is reserved of redeeming bonds maturing in the years 1982 to 1992, inclusive, at the option of the district, on any interest payment date on or after May 1, 1981, at par and accrued interest to the date fixed for redemption, plus a premium as follows:

- 2 1/2% on each bond called for redemption prior to May 1, 1983;
- 2% on each bond called for redemption on or after May 1, 1983, but prior to May 1, 1985;
- 1 1/2% on each bond called for redemption on or after May 1, 1985, but prior to May 1, 1987;
- 1% on each bond called for redemption on or after May 1, 1987, but prior to May 1, 1989;
- 1/2 of 1% on each bond called for redemption on or after May 1, 1989, but prior to May 1, 1991.

Notice of redemption shall be given to the holders of bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the State of Michigan, which carries, as part of its regular service, notices of sale of municipal bonds, and in case of registered bonds thirty (30) days notice shall be given by mail to the registered holder at the registered address. No further interest payable on bonds called for redemption shall accrue after the date fixed for redemption, whether presented for redemption or not, provided the School District has money available for such redemption with the paying agent.

The bonds are to be issued for the purpose of erecting, furnishing and equipping an addition to the East Essex Elementary Schoolhouse and an addition to the Eureka Elementary Schoolhouse; erecting, furnishing and equipping two new elementary school buildings; erecting, furnishing and equipping a new high school building; remodeling the high school farm shop for junior high school cafeteria; constructing and equipping playgrounds; acquiring additional land for site purposes; and developing and improving sites.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from November 1, 1966, to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the School District.

Each bidder shall state in his bid the interest cost to the School District, computed in the manner above specified. No proposal for the purchase of less than all the bonds or at a price less than 100% of their par value will be considered.

The bonds of this issue may be registrable as to principal only on books kept by the paying agent.

The bonds are to be issued pursuant to the provisions of Chapter 12, Part II, Act 269, Public Acts of Michigan, 1955, and the School District is authorized and required by law to levy upon all taxable property therein such ad valorem taxes as may be necessary to pay these bonds and the interest thereon, without limitation as to rate or amount.

A certified or cashier's check in an amount of \$108,000.00, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail. Payment for said bonds shall be made in Federal Reserve Funds.

Bids shall be conditioned upon the unqualified approving opinion of Miller, Canfield, Paddock and Stone, Attorneys, 2500 Detroit Bank & Trust Building, Detroit, Michigan, a copy of which opinion will be printed on the reverse side of each bond, and the original of which will be furnished without expense to the purchaser of the bonds at the delivery thereof. The School District shall furnish bonds ready for execution at its expense. Bonds will be delivered without expense to the purchaser at Detroit, Michigan, Chicago, Illinois or New York, New York.

Inquiries with respect to the details of the issue should be addressed to First of Michigan Corporation, Buhl Building, Detroit, Michigan, Financial Consultant for the School District.

The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds."

New farm credit plan that meets farmers' long-range credit needs

5 year "FARMER-PLANNED" LOANS

from Production Credit

Costs for improvements, machinery and equipment have climbed until it is no longer practical, or possible, to pay for them with short term (1 year) credit.

Use 1 - 2 - 3 - 4 and up to 5-year "intermediate term" loans to buy silos, tractors, implements, bulk milk tanks, irrigation equipment, home improvements and other farm needs.

Winter 4-H sign-up starts

It's 4-H winter enrollment time again, and the county Extension office reminds 4-H Club leaders new enrollment cards should be picked up at the office and returned no later than Oct. 20.

Members' ages should be listed as of Sept. 30, 1967, county Extension Agricultural Agent F. Earl Hans said. That means most members will be shown as a year older than they are at the present time.

A 4-H leaders meeting is tentatively scheduled for Oct. 13. Definite confirmation of the date will come later after the office has a chance to confer with John Aylsworth, the new 4-H youth agent.

Ag conservation plan 'helpful'

Frank Light, chairman of the Michigan ASC State Committee, said this week the 1967 Agricultural Conservation Program (ACP) will continue to help solve major soil, water, and wildlife conservation problems of the nation's agricultural lands.

The program has been in effect since 1936 and shares about 50 per cent of the cost with farmers in carrying out conservation practices on farmland. In addition, funds are provided for technical services on many of the permanent type practices.

LIGHT SAID particular attention will be given to the lands of low-income farmers, to special projects with multi benefits, and to beautification-conservation practices. The 1967 program will continue to help low-income farmers through the use of higher rates of cost-share aid to establish needed conservation practices on their farms.

Special projects encouraged through ACP with cost-share rates above the usual 50 per cent have brought highly commendable solutions to some of our difficult agricultural conservation problems. Soil, water, woodland, and wildlife conservation practices are cost-shared under ACP benefit wildlife. These practices also beautify the countryside.

Farmers desiring further information on ACP should contact their local county Agricultural Stabilization and Conservation Service office.

Michigan's present State Board of Education was created under provisions of the 1963 State Constitution. All eight members are elected at large.

HONORABLE MENTION FOR TRAFFIC SAFETY POSTER

Nine-year-old Cheryl Ann Bancroft, daughter of Mr and Mrs Doyle L. Bancroft of 615 W. Sickles, St. Johns, was presented an honorable mention certificate last week for a traffic safety poster entry in the Michigan Press Assn.'s "Bring 'Em Back Alive!" contest. Steve Hopko, publisher of the Clinton County News, holds Cheryl's certificate while discussing her poster with her. Cheryl Ann entered the contest through the Clinton County News, and although her poster was not one of the three cash winners in the state-wide contest, it was judged the best selection among a number of them entered through the CCN. The contest was sponsored with the cooperation of Automobile Club of Michigan.

NFO names district, state meet delegates

The Third District convention of NFO will be held today in Charlotte, and Clinton County delegates were named last week to attend.

They are Elmer Smith, Dale and Kris Gage, Elmo and Ann Giffels, Lester Hughson, Darwin and Ruby Smith, Don Miller, Al and Kate Halmer, Leonard Schneider, John Miller and Galen Bashore.

Alternates are Jo Smith, Emil Verlinde, Bob and Marge Staley, Charles Waddell, Jack Martin, Larry Phinney and Henry Rephun.

THE STATE convention will be held at the Howell Armory in Howell Saturday, Oct. 15. Oren Lee Staley, national president of NFO, has promised to be present.

Delegates to the state convention from Clinton are Elmer Smith, Harold and Lois Bracey, Mr and Mrs Darwin Smith, Mr and Mrs Larry Phinney, Mr and Mrs John L. Pohl, Mr and Mrs Ferd Knoop, Mr and Mrs Orville White and Galen Bashore.

Alternates are Betty Bashore, Mr and Mrs Elmo Giffels, Mr and Mrs Jim Graham, Mr and Mrs Leonard Schneider, Mr and Mrs Jack Martin, Mrs Elmer Smith and Mr and Mrs John Miller.

ELMO GIFFELS announced that Lyall Smith of Hemlock is in charge of shipping feeders direct to the farmer. All steers will be vaccinated 21 days before they are shipped and the grade is guaranteed. It was decided to hold the next county NFO meeting Tuesday, Oct. 11, at 8:30 p.m.

Yule tree marketing notes ready

The transition of the Christmas tree producer into a skilled knowledgeable specialist has been accompanied by changes in consumers, market channels, and market areas.

What are the characteristics of the retail lot operators? What kinds of sales methods and promotion do they conduct to attract and keep customers? What kind of tree does the consumer want?

The answer to these and many other questions about the marketing of Christmas trees is contained in a new booklet by John Trocke, a district marketing agent with the Cooperative Extension Service at Michigan State University. Trocke gathered information from more than 700 retail operators in the United States. Information contained in the new publication represents the opinions and results of Christmas tree dealers in 30 states.

IN ADDITION TO his own surveys, Trocke studied most of the available literature on Christmas tree marketing, and many references are contained in the bulletin.

Major quality problems of trees cited in the survey of retailers has been given careful attention. Trocke's survey revealed that 65 per cent of the retailers purchased trees on the grower's individual grade or representation, while only 15 per cent selected their own grade.

Other major areas of attention deal with competitive market factors such as the range of wholesale and retail prices

in major tree supply areas; the percentage of total sales accounted for by five major tree species; and the prices of 5 to 7 foot Scotch Pines in the 30-state area.

Copies of the bulletin are available upon request from Michigan county offices of the Cooperative Extension Service.

Not yet; perhaps later

If you had planned on Michigan grown cranberries with your Thanksgiving turkey this year, you had better make other arrangements.

The Michigan crop—in a three-quarter-acre bog near Newberry in Michigan's Upper Peninsula—will not be enough to go around.

But the day may come when you can buy Michigan cranberries to go with your Michigan turkey.

Michigan State University research and extension personnel have been working with a Wisconsin cranberry grower and dealer in trying to develop a cranberry program in the Upper Peninsula. Land there is similar to northern Wisconsin where the berries are grown commercially.

A recent survey indicated this fall's harvest could be about half normal. The late spring freeze destroyed the buds and cut the crop. Carl Larson, agricultural agent for Chippewa, Luce and Mackinac counties, is supervising the project.

Extension-aided program gets national scrutiny

An Extension-aided program that helped hundreds of mothers on public welfare in Grand Rapids was given close evaluation recently by anti-poverty officials in Washington, D.C.

Mrs. Alfreda McGuire, Kent family living Extension agent, has been conducting classes in cooperation with the Kent County Welfare Department for six years. Recently, the program has been reaching about 200 new women a year.

Mrs. Helen Elliott of the Kent County Social Welfare Department was called to Washington recently to confer with Sargent Shriver, director of the office of Economic Opportunity.

THE VISIT CAME about through a report of the six-year-old program given to Director Shriver on his recent visit to Michigan.

Mrs. McGuire says her main goals are to help people feel important, even though their income and opportunity are small. One aim is to build self-respect. Her philosophy is that this must be done before women are willing to accept educational programs which will help them with their families.

Potato harvesting equipment cost high

The two row self-propelled harvester does not appear to be justified for potato growers until 200 acres or more are harvested annually. This was revealed in a Michigan State University study of the cost of harvesting equipment. The fixed cost per acre accounts for nearly one third of the \$60 an acre cost of owning such equipment for harvesting only 100 acres annually. However, for harvesting

200 acres, the fixed cost becomes much less and the total cost for the harvesting equipment is only \$48 an acre, the MSU study showed.

It takes a full half second—the time it takes a car to travel 14 feet at 20 miles per hour—to move the right foot from the gas pedal to the brake.

ASC PROGRAM

National wheat allotment hiked to 68.2 million acres

The national wheat allotment for 1967 has been increased to 68.2 million acres. The increase has been made possible by the reduction in surplus due to successful cooperation by farmers in the wheat program and continuing heavy demand for wheat. It enables farmers who believe increased production will be profitable to plant more land to wheat and still obtain full program benefits.

The increased allotment brings a major change to the program. There will be no diversion required for participation in 1967, and there will be

no payment for additional diversion as there has been in recent years.

THE 1967 PROGRAM, otherwise, will be similar to the program you used in 1966. It will include price support loans, marketing certificates, and substitution between wheat and feed grains.

Small allotment wheat farmers who have been diverting their entire allotments for payment under the program will no longer be able to do so. If they wish to receive income from the allotment under the program, they should sign up in the wheat program, plant wheat or use the substitution provisions.

In order to protect acreage history, they should be sure to plant at least 75 per cent of their allotments to wheat in at least one year out of three. Corn or grain sorghum substituted for wheat will be considered wheat acreage for this purpose. Wheat history on land signed in crop-land adjustment programs and conservation reserve programs is also protected.

FARMERS WHO sign up and qualify are eligible for these benefits: price support loans at \$1.25 per bushel national average; domestic marketing certificates on 35 per cent of the projected production of the farm

allotment. This percentage of the 68.2 million acre national allotment is estimated to equal 620 million bushels, the expected domestic food use for 1967. The law requires domestic certificates to be issued for no more than the expected domestic food use. These certificates will be valued at the difference between \$1.25 and parity on July 1, 1967. The certificates for the 1966 program are valued at \$1.32 and were issued for approximately 500 million bushels.

USING THE COUNTY average yield for wheat of 40 bushels per acre and certificates valued at \$1.32 per bushel, the certificate payment is \$32.80 per acre.

Take the example of a 20 acre allotment and certificates issued for 35 per cent of the allotment, the acreage eligible for certificates is seven acres; at \$32.80 per acre and at least seven acres planted, the earned payment would be \$369.60.

Wheat producers to qualify for program benefits must sign up at the ASCS county office during the sign up period to be announced later.

HAVE AN ACREAGE of wheat no larger than your allotment or no larger than permitted acreage when you plan to use the substitution option, and maintain your farm conserving base, which is being reduced so that you may utilize your increased allotment acreage.

Keep within the wheat allotment or permitted acreage on any other farm in which you have an interest. If you are substituting, keep within the feed grain, corn and grain sorghum base or permitted acreage as well as the wheat allotment on any other farm in which you have an interest.

6 Ayrshires sold by Findlays

A number of registered Ayrshire cows changed hands in Clinton County during recent weeks, according to the Ayrshire Breeders' Assn. of Brandon, Vt. L.D. Sturgis of R-4 St. Johns recently made an initial purchase of two Ayrshire females from Don J. Glenna and Dan A. Findlay of R-1. Gene Pettigrew of R-3 St. Johns made an initial purchase of two Ayrshire females from Dan and James Findlay of R-1.

Richard Parmenter of R-5 purchased one Ayrshire female from Don and Glenna Findlay. And Phyllis E. Dershem of R-3 purchased one registered Ayrshire female from Patricia Findlay.

The transactions were recorded in the national office of the association, where complete registry records on all purebred Ayrshire dairy cattle in the United States have been maintained since 1875. Because of their thriftiness and ability to produce an abundance of 4 per cent milk economically, Ayrshires continue to become increasingly popular with breeders and commercial dairymen.

Since UNICEF, the Nobel Prize-winning organization, began its work 20 years ago, about 14 million children have been treated for trachoma and related eye disease. The antibiotics to save a young trachoma victim from blindness cost UNICEF 10 cents.

2 area bands at Chesaning Festival

St. Johns High School and Ovid-Elsie High School marching bands will participate this Saturday in the fifth annual Central Michigan Invitational Marching Band Clinic and Parade of Bands at Chesaning.

Over 1,000 Central Michigan high school bandmen will take part in the events, which begin with a parade through downtown Chesaning at 10 a.m. This will be followed by clinic sessions for each individual band, conducted by Norman C. Dietz and members of his renowned "Marching Chops" marching band at Central Michigan University.

The big spectator attraction of the day will be the Parade of Bands Spectacular which begins at 7:30 p.m. Saturday night on the Chesaning High School athletic field. It will feature individual performances by the participating bands and a massed band show.

Admission to the Parade of Bands as well as the other events during the day is free. Bands besides those from Clinton County participating include Chesaning, Durand, Flushing, Flint Northwestern, Linden, Marlette, Millington, Merrill and Swartz Creek.

AGRICULTURE in ACTION

by M. L. Woell
MICHIGAN FARM BUREAU

"Rats ate more wheat than the United States gave to India last year." This near-unbelievable statement helps pinpoint one of the major problems faced by our country in its sincere efforts to relieve world hunger.

Making the statement—backed by statistics—is Herbert Harris, legislative counsel for the American Farm Bureau Federation, Washington, D.C. According to Harris, the United States "gave" the Indian government a total of 262 million bushels of wheat last year. At the same time, India's loss in rodent consumption and spoilage exceeded this amount.

HARRIS IS A firm believer that there is much more involved in any food-aid program than merely supplying nations with needed farm products. Before the Indians can do an effective job of feeding their hungry millions, he says, they must be guided into building the kind of storage and transportation facilities which will move food onto dinner plates instead of into a losing race with the rats.

Many Americans find it hard to believe that 85 per cent of India's population is now engaged in farming. This figure of itself speaks volumes about any nation's productive ability or its lack. Harris points out that America "stands alone" in productivity, with only about 6 per cent of our population now engaged in commercial agriculture.

COMPARED TO THIS about 60 per cent of the population in Yugoslavia now work on farms, 40 to 50 per cent of the Russians, and even in a so-called industrial nation such as West Germany, upward of 25 per cent of the population engage in agriculture.

In the entire area of foreign trade, Harris believes that American farmers are faced by near limitless opportunities, providing they do a number of basic things. Among them he lists "making certain that world food demand is reflected through world markets which allow price-incentives to operate." To this Harris adds that farmers must exercise their leadership in working toward substantial reductions of trade restrictions. "Tariffs and quotas should not be allowed to stand between hungry stomachs and food supplies," he says.

In agreement with UNICEF's efforts to combat malnutrition with vegetable proteins, Dr Jerome Harrington of the Rockefeller Foundation indicates that "A 10-ounce beefsteak requires 17 pounds of corn, four pounds of hay and two pounds of protein supplement to produce. Obviously, it would be more efficient to provide vegetable products directly to the populace."

Here's how to send hogs to market 2 weeks sooner... 32 lbs. heavier... on 40 lbs. less feed

Today hogs fed the Purina Way go to market 2 weeks sooner—at 32 lbs. heavier weight—and on 40 lbs. less feed than just 10 short years ago!

These benefits are a result of improvements continually being made in Purina's Hog Program. Purina Hog Chow and your home-grown grain will help you market your hogs fast and at economical cost.

Getting hogs to market in a hurry is important—the longer they stay on your farm the more feed they consume. Resolve now to send 'em to market in a hurry the Purina Way. Ask for Purina Hog Chow at our stores with the Checkerboard Sign. Prove to yourself Purina feeding can cost you less!

LOW COST PRODUCTION... the reason why more farmers feed PURINA CHOWS

Space needs for beef cattle still 'up in air'

Beef cattle in lots allowing 30 to 35 square feet per animal gained better in recent experiments than cattle in lots allowing 20 to 25 square feet per head.

But the scientists who conducted the tests are still not sure whether or not the less roomy confinement might be adequate in some instances.

Hugh E. Henderson and H. William Newland, Michigan State University animal husbandry researchers, experimented with 98 cattle started at 430 pounds and raised to 1,000 pounds. The cattle were weighed every four weeks, with rate of gain and feed efficiency computed for every four-week period.

AT THE END OF the experiment, cattle raised at 20 square feet per head had a feed cost per 100 pounds of gain of \$14.09. This compared to \$12.65 for the 35 square footage group, a difference of \$1.44 per hundred pounds of gain.

But the scientists also noted that up to 908 pounds average weight, the cattle in all of the groups—20, 25, 30 and 35 square feet per animal—had almost exactly the same rate and efficiency of gain. This would indicate that under certain circumstances current recommendations (20 square feet under roof and another 30 square feet of paved lot) might be reduced considerably.

Thus, say the scientist, additional trials will have to be conducted before minimum square footage requirements can finally be determined.

Youth Fitness Test deserves attention

Few people would quarrel with the objectives of the President's Council on Physical Fitness, which are, very simply, to get Americans to be more physically active and thus more physically fit.

Conviction, though, does not always lead to action, and that's why the Presidential Physical Fitness Award program is particularly timely.

President Johnson announced the awards program last winter, and it was introduced in many of the nation's schools last spring.

Originally the President's Council predicted that the award would be most popular with junior high school boys, and that the State of California would produce the most winners.

Actually, California schools employ a slight variation of the Youth Fitness Test, and many of their pupils have not yet had an opportunity to try for the award.

YOU DON'T HAVE TO be drunk to see two lines down the center of some of our city streets.

It pays to stick to beef and potatoes

Be yourself!

Have you ever been the dinner guest at the home of some excellent woman who could take an ordinary rib of beef, a pan of potatoes, a few turnips, and with the help of tasty gravy and a pot of hot coffee give you a blissful memory?

But if she became awed by the dignity of a prospective guest, what a mess she could make of a meal! Scrawny lamb chops with paper handles, watery peas, tough lettuce covered with a revolting dressing, ice cream from the drug store and pastry from the bakeshop.

All of us are something like that when we follow the prompting of authority instead of the instinct of our own sense.

NORTHBOUND TRAFFIC making a right turn onto Baldwin Street in St. Johns find the sharp turn complicated by a rough and rutted shoulder most of the time.

RAMBLIN' with Rink

By LOWELL G. RINKER

A couple of weekends back a buddy of mine, Howard Fields, and a lady friend drove up to St. Johns for a canoeing trip with us.

IT WAS RAINING when we left for Bridgeville and the Maple River, but before we got there the sun was out and the prospects were for an all-right afternoon.

We put into the Maple a couple of miles west of Bridgeville and must have presented quite an entertaining sight to the family of fishermen along the banks.

THE MAPLE turned out to be a much wider river than I had envisioned from my frequent crossings on the highways and gravel roads.

As we neared Maple Rapids, however, rocks began to appear more frequently, and the lead canoe would call out its "soundings" to the one in the back.

A New Independence

Reprinted from GRATIOT COUNTY HERALD

With L. B. J.'s Poverty Program now getting into high gear more and more people are looking to Washington for a free ride.

As the federal government has stepped deeper and deeper into the financial picture this feeling has gradually disappeared.

Nations Business, in pointing out the dangers of this trend, has called for a New Independence based on "life, liberty and the pursuit of happiness."

Jefferson penned the words that summer in Philadelphia just 190 years ago. Then George Washington and his half-starved army of revolutionists won these inalienable rights for us after a bloody eight-year struggle.

But in today's welfare state, Uncle Sam takes from many to provide a subsidized good life for a few, winks while some take liberties with others' rights and property and serves up ready-made happiness prepackaged in Washington.

Somewhere along the line we've forgotten, there can be no rights without responsibilities. The federal government has sought to give people many new rights, even freedom from work.

It is time for patriotic citizens to call for a new declaration of independence, an independence from Washington's Big Brother bureaucracy.

More Americans should be saying, "Give me liberty," not just "Give me, give me, give me."

MICHIGAN MIRROR

Cheers ring out as new MSU medical classes start

BY ELMER E. WHITE Michigan Press Assn.

Within the next few years a decision must be made regarding the focal point of Michigan government, the 87-year-old state capitol building.

Before that decision is final, Michigan residents are likely to see as big a fight as any tax question ever produced.

The question will be: Should we retain the present building and add to it to meet increasing space demands or should we tear it down and start anew, presumably with a considerably more modern architectural base?

OPOSING FORCES will be debating the historical values of the building as it stands versus the safety and convenience of the legislative and executive branches of government.

Original cost of the construction, in 1879, was about \$1.5 million. Legislative proponents of a new building say it would cost considerably more than this to do an effective renovation to make it fully useful and safe.

are closed off because of fire hazard and inaccessibility if escape became necessary.

Historical buffs will argue on behalf of the more than 100,000 people who visit the capitol annually and see the strange contrast between the old, ornate doors and chandeliers and the new, neatly partitioned offices remodeled in the last few years for more efficient use of available space.

EARLY FALL DAYS of school usually provide a visible warning signal to motorists for extra care on streets where small children might be crossing.

State law required all traffic to stop in both directions when a rural school bus is stopped and its flasher lights are blinking.

On a divided highway, however, only those cars going in the same direction as the school bus must be stopped. Traffic may proceed on the other side of the dividing median.

The state law does not apply at all in cities or villages.

Here is where the confusion occurs. Many cities and villages have adopted local ordinances requiring traffic to stop, but in the others traffic is permitted to proceed normally, with caution, of course.

FEW STATE government workers complain about lack of work, but one man in Lansing is doing just that.

He is Gordon Alexander, who was named a few months ago to the post of ombudsman in the secretary of state's office. This position, defined largely as the citizen's spokesman in the department, is unique in the U.S., although it is used in several countries abroad.

Essentially, Alexander holds down an office, for some months without secretarial assistance, to hear complaints from private citizens which come within the secretary of state's jurisdiction.

AT \$10,500 A YEAR, it is doubtful that Michigan's ombudsman is doing his job. See MICHIGAN MIRROR page 15

Bridges to Progress

By W. E. DOBSON

There's a fascinating story in bridge building up to date—How with better engineering Men have managed to create Structures strong and full of beauty, Serving well their day and age, In a new parade of progress Men their higher skills engage.

Bridges span the deeper chasms, Spur the wheels of industry Ford both calm and angry waters On their journey to the sea; So we make a gainful passage, Saving time and long delay— And we're grateful to bridge builders, Who so oft have saved the day.

In our social engineering We have need for bridges too, If we would assist our children Make the journey safely through; Youth is strong and enterprising, But there's peril on land or sea; Age can help to bridge some chasms In the years that are to be.

Help us build a super structure, With such cunning as we know, That will bridge the deeper gorges— Save them from the depths below; Who can measure human values We may gain who wisely plan, With our youth in building bridges— Help a boy become a man?

from the HOPPER

By STEVE HOPKO

This is the beginning of that time of year when some young men begin to have fun in a peculiar sort of way that causes older people to get a few more grey hairs, like me.

BY EVENING of that day, I had quite a pile of leaves and brush piled near the curb. Of course, the little children like to play in them, which isn't too bad, because they only scatter them around and they can always be raked back together again.

JOAN SAID, that just before she saw the flames, she had seen two large boys run down the street. I assume that these running boys were the ones who had thrown a match into the pile and then taken off like "big birds."

Actually having someone burn your leaves for you isn't too bad, except that in this case they didn't stick around to tend the fire.

MY LEAVES were in the wrong place to burn unattended.

The car was only a few feet from the pile and the pile was very close to more bushes with leaves around the base of the stems.

SO FELLOWS, I don't mind your burning my leaves, but if you do, stick around and tend the fire please.

THE L & L Restaurant is sporting a new sign these days. Bob and Kathy Prowant who remodeled their place about a year ago have had a new sign installed. It is a hard sign to describe, but is very nice and with the new front it makes an attractive building for main street.

Have you noticed that the Clinton National Bank and Trust Company's is featuring the St. Johns Redwings football scores on its clock-o-grams. The bank did this last year and are back with it this year. A very nice idea that I'm sure a lot of people appreciate.

Assaults are made almost daily on sporting records, but seldom does anyone attempt to challenge gastronomic records set by Johann Ketzler or Philip Yazdzik. Yazdzik ate 77 hamburgers in one sitting in 1955 and Ketzler consumed a whole roast ox in 42 days in 1880.

Melvin Chapman, 52, confessed shotgun slayer of George W. Beckwith, 68, will be arraigned before Judge Paul R. Cash in Circuit Court at St. Johns next Tuesday, Oct. 2. Now being held without bail on a first degree murder charge, Chapman waived examination before Justice Alba F. Wert.

Dissolution of the Rosevale Packing Company at DeWitt is in progress this week.

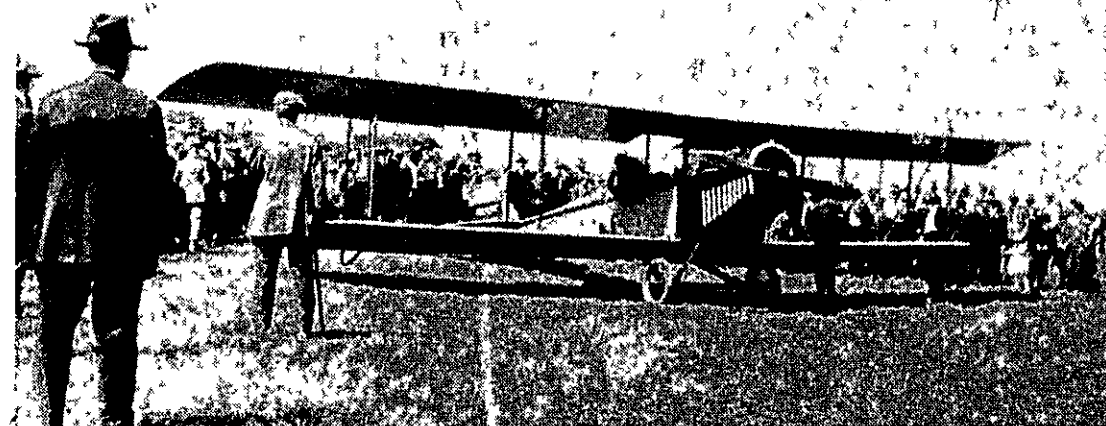

Mrs. Ray W. Peck, "Farmer Peck's Wife" to thousands of readers of the Republican-News and other central Michigan newspapers, has been named "Mother of the Year" by the Michigan Association of Child Study Clubs, a woman's organization representing some 5,000 state mothers.

25 YEARS AGO From the Files of Sept. 25, 1941

Attorney Dean W. Kelly of Lansing, former St. Johns lawyer and ex-probate judge, has been elected president of the Wolverine Insurance Company of Lansing.

Rev. Earl F. Collins, pastor of the St. Johns Congregational Church since 1933, has accepted a call from the South Congregational Church of Grand Rapids. He tendered his resignation to the board of trustees Sunday, and will assume his duties in Grand Rapids Oct. 15.

Displaying the best brand of football seen on the local gridiron in several years the St. Johns high school Redwings out-gained and out-fought the St. Mary's team from Lansing Friday night in the opening game of the season that ended in a 7 to 7 tie.

A Look Into The Past

THAT MAGNIFICENT MAN IN HIS FLYING MACHINE

Airplane rides went for \$15 per 15 minutes in 1919 when this picture was taken at a field on the corner of Morton and Gibbs streets in St. Johns. The pilot, a chap named Foley, flew into town one weekend after having had great success giving rides on several previous celebrations here.

On occasions it is impossible for the Clinton County News to reproduce some of the "Look into the Past" pictures which readers kindly send in for this series. Such was the case last week when we received a yellowed newspaper copy of a picture of the Price School pupils taken May 2, 1904.

The "Low Down"

From the Congressional Record
By Joe Crump

Bins are bare as Mom Hubbard's cupboard

Rep. James A. Hale (Fla.) "I have asked permission to place in the Congressional Record a very timely editorial which appeared in the Bradenton Herald." The (condensed) editorial, "Scraping Out the Bins," follows:

Undoubtedly the "sleeper" story of the year—and maybe the century—is the sudden shrinking of America's once seemingly inexhaustible stocks of food.

For the first time in more than a decade, reports the New York Times, the nation is depending almost entirely on current production of farm products to meet its domestic and foreign requirements. This is especially so of grains.

A NUMBER OF factors are responsible, chief among them the world population explosion. But an increasing consumption of meat, both here and in the more affluent countries abroad, has also led to an increasing demand for grain for animal feed.

In terms of wheat, the arithmetic is simple: This year's crop is forecast at about 1.2 billion bushels. Domestic needs and export shipments are estimated at 1.5 billion bushels. Consequently, as much as 300 million bushels may have to come out of reserves which, as of June 30, were down to 536 million bushels, the lowest in 13 years.

CORN STOCKS held by the government are at 100 million bushels, down from 450 million last year, and the government has stopped selling corn for export entirely.

All of this did not come about unnoticed and overnight, of course. The government started worrying about the wheat situation last spring and permitted farmers a 15 per cent increase in sowing for the 1967 crop. Just recently, another 15 per cent increase was granted.

Many people have long been demanding the "unleashing" of the American farmer to raise as much as he wants of what he wants and let the free market govern supply and demand.

IN THE PAST, the main cause for alarm was the enormous expense of paying farmers for not growing things and to maintain the warehouses bulging with the things they did grow.

A GRASSROOTS COMMENT

Farm surpluses have kept the Department of Agriculture in the unenviable position of having a "tiger by the tail."

The population explosion may force the department to let the law of supply and demand replace government controls.

How lucky can they get?—J.C.

Continued from page 14 favorable, we may look for an extraordinarily large crowd at the fair. This year's fair promises to be one of the most successful in the county's history, if, indeed, not the very "best yet."

A splendid rain came Monday night, followed by more Tuesday, which will greatly aid the farmers in plowing and sowing wheat. "Clinton county is in the 'dry' column of counties, and on the 7th day of November, next will roll up the biggest anti-saloon majority ever given in its history," is one of the remarks often heard on the street when the question of state-wide prohibition is broached.

Understanding your HEALTH

By Albert E. Heustis, M.D. Director Michigan Department of Public Health

It's bad—and bad for you

Poison doesn't sound like much of a fun drink, but on any given day about 1,800 people somewhere in the United States can be counted on to toss a little down the hatch. Or take it in solid form if that's the way it comes.

These people aren't trying to harm themselves: They swallow poison by mistake—all 600,000 of them a year.

NOT MANY DIE, fortunately—but the trauma of fright and illness between intake and recovery is something few people are apt to forget. Three-quarters of the victims of these mishaps are children.

Ignorance and carelessness

Michigan Mirror . . .

Continued from page 14 man is earning his keep, although this can hardly be blamed on him.

He was appointed in July, but Secretary of State James M. Hare didn't tell anyone about the new post for three weeks. Even then, the word apparently didn't get around as well as it might have.

And after three months, Alexander has heard from only a handful of citizens. Some of the complaints which reached him were entirely outside his department's domain, dealing instead with the responsibilities of local government or other state units.

EFFECTIVENESS OF the ombudsman over the years will depend essentially on citizen use of his services.

First, with Alexander dealing within a single department, citizens must know the responsibilities of that department. Secondly, only if Michigan residents know that Alexander is there to handle complaints will he be able to function as intended.

It might develop that citizens, who usually can tell friends about many complaints regarding the government, do not really have enough problems with this department to warrant a full-time person to handle complaints.

The powers within the department doubt this is the case. They tend to think it will take time for people to become familiar with the existence, uses and values of Michigan's first ombudsman.

Frost tonight the ending of a chapter of seasons

HAYDN PEARSON

Men with graphs and charts plot the paths of bodies in mysterious outer space, and tell us the precise instant when one season ends and another begins. Man's curiosity is limitless and he dedicates himself to climbing the highest mountains and exploring the universe around him. But the countryman does not need a slide rule nor complicated machines to tell him when a season is done. He lives intimately with weather.

There comes that day in the ninth month when one is sure. The forecasters speak of an advancing cold front; they warn us to cover tomatoes, squashes and cucumbers. Women folks cover their asters, zinnias and petunias. It starts as a mellow September day. The air warms as the sun lifts and travels almost a straight line from east to west.

BUT A MAN knows. He has watched such days for half a century. At noon the breeze freshens from the northwest. This is the first warning. By mid-afternoon the breeze dies away. The sun blazes from a pale blue sky but there is a new
