State aid picture not so bright for Clinton

Formula redefined

By TOM DEWITT
Co-Editor

State aid with a hooker.

That's the way county school superintendents described the announced state aid bill recently passed by the Legislature and awaiting Gov. Milliken's approval.

Last week, the Clinton County News printed the figures of the proposal which seemed to give all the Clinton School Districts a nice healthy raise when coupled with local tax dollar increases.

BUT THAT IS really not the case.

When this reporter talked with Sen. William Ballenger (R-Ovid) last Tuesday, Ballenger gave figures which he had received from the State Department of Education. They were accurate, but some

things had changed since they were compiled.

For instance, the State Aid Bill which is now on the governor's desk (Tuesday morning) contains a provision which says: "The Budget Director shall reduce or adjust allotments in an amount equal to .75 mills of the State Equalized Valuation of each local district or 20 per cent of the basic membership aid due the district, whichever is the lesser, for the purpose of creating a general contingency account which shall include any prior year deficit or for reasons of administrative efficiency."

In short, the Legislature has directed Budget Director Glenn Allen to withhold 20 per cent of the state aid due school districts until April. And it's a more than good chance that money will never reach the schools.

AT LEAST THAT is the way local administrators are betting.

If that 20 per cent or .75 mills is withheld from the school districts when that assessment of state finances is made, the schools of Clinton County and other state districts, will not get that increase mentioned last week.

In St. Johns, for instance, the State Aid Act would seem to grant the district an increase of \$38 per child. But this special "hooker" section would deduct \$9.58, leaving a net gain of \$28.42 per child.

However, the gain of \$28.42 would only apply if the State Equalized Valuation would remain constant from the 1970-71 school year to the current school year. This is not the case.

IN THE ST. JOHNS District, the State Equalized Valuation increased from \$52,176,257 in 1970-71 to \$53,659,896 for 1971-72, or a gain of \$1,481,639.

Since 20 mills on this amount is deducted from the gross State Aid this will amount to a further reduction of \$29,632.87 or \$7.01 per child, based on a membership of 4200 students.

Thus it appears that the \$38.00 per child increase in state aid granted by the Legislature must be reduced by \$9.58 for the contingency fund and by \$7.01 because of the valuation increase.

That leaves a net gain of \$21.41 from

the state.

BECAUSE OF THE increased State Equalized Valuation of \$1,481,639 the district will realize \$7.90 more in local property tax.

And the same is true, basically, for the other five Clinton County School Districts. So last week, superintendents in Clinton, Eaton, Ingham, Livingston and Shiawassee Counties met in Mason to draft a letter to Gov. Milliken.

In part it states "—We protest Section 1 of the Bill which withholds a significant portion of the aid that is called for by Section 8 of the same Act. We believe that it is not fiscally sound for the state legislature to appear to provide dollars that it might not be able to deliver. We believe the Governor should not be party to an Aid Bill that provides the image of aid while it withholds the substance. It is not prudent for districts to expend dollars on the uncertain promise of aid later. It is wrong for tax-burdened school districts to have to cut services to children in order to provide dollars for a state contingency fund."

WE WANT A Bill with a sound commitment of adequate financial support enabling us to plan wisely for educational expenditures. The present Bill sets a new precedent for unsound fiscal policy."

News wins first place award

ST. JOHNS—The Clinton County News received a first place award for its special section devoted to the Clinton County Soil Conservation District and local efforts in improving agriculture.

The News won the award in competition with other newspapers throughout the state. The section cover featured a colored photo of foundation seed of Emerald Crown Vetch and a tribute to the new conservation district insignia.

District director Robert Moore accepted the award during a state-wide meeting in Marquette.

College night Sept. 30

ST. JOHNS—Do you have a junior or senior in the St. Johns public school system this year?

Then mark Sept. 30 on your calendar.

That's the night the High School is inviting parents, along with their sons and daughters who are juniors and seniors, to attend college night. College night is the one night set aside each fall for students and their parents to obtain information about college programs that are from one to four years in length.

Other information can also be obtained

directly from the college representatives who will be present at the high school for the evening. They will have all the latest information such as costs, financial aid, placement, and course requirements.

Most of the four-year colleges, business schools and military academies will be represented.

College night is being presented this year in cooperation with the school system counselors. Plan to attend, Sept. 30, beginning at 7:15 p.m.

Bloodmobile set for DeWitt drive

DeWITT—Roll up your sleeves—DeWitt. You're needed.

Thursday, September 23 is the date that the Ladies' Auxiliary of the DeWitt City Fire Department is sponsoring the semi-annual visit of the Bloodmobile in DeWitt.

Two successful blood drives have al-

ready been held in Clinton County—at St. Johns and Ovid. If the DeWitt drive is successful, it will be a clean sweep for the county. Or at least, three successful drives.

So roll up your sleeves DeWitt. Sept. 23 from 12 noon to 6 p.m. See you at the DeWitt Memorial Building.

TOOTHBRUSH SALE

Exchange Club members Charles Huntington, left, and Milo Rowell, right, sell the first toothbrush to Chamber of Commerce President, Ron Huard. The entire membership of the St. Johns Exchange Club will take to the street Friday, September 24 for the annual toothbrush sale.

Ditmer awards banquet master of ceremonies

ST. JOHNS—The program for the St. Johns Area Chamber of Commerce awards banquet began to take shape this week with the announcement of Robert Ditmer as emcee for the event. Ditmer will conduct the evening's activities which will include dinner, awards presentations and entertainment by Dave Hallin, a St. Johns ventriloquist.

Ditmer, owner-manager of radio station WRBJ, has been a St. Johns resident since 1965 and is a past president of the chamber having served during the 1967-68 term.

During this time he was instrumental in bringing to St. Johns a businessman's tour which visited various Michigan cities for possible industrial locations. At present Ditmer is serving as a member of the Clinton County board of commissioners, representing district four.

He is currently a member of the St. Johns Rotary Club and, prior to his coming to St. Johns from Houghton Lake, served as district governor of Lions. In addition to these activities, Ditmer has been active in the Michigan Children's Aid Society for 15 years. The group assists in advancing the well-being of adoptive chil-

ROBERT DITMER

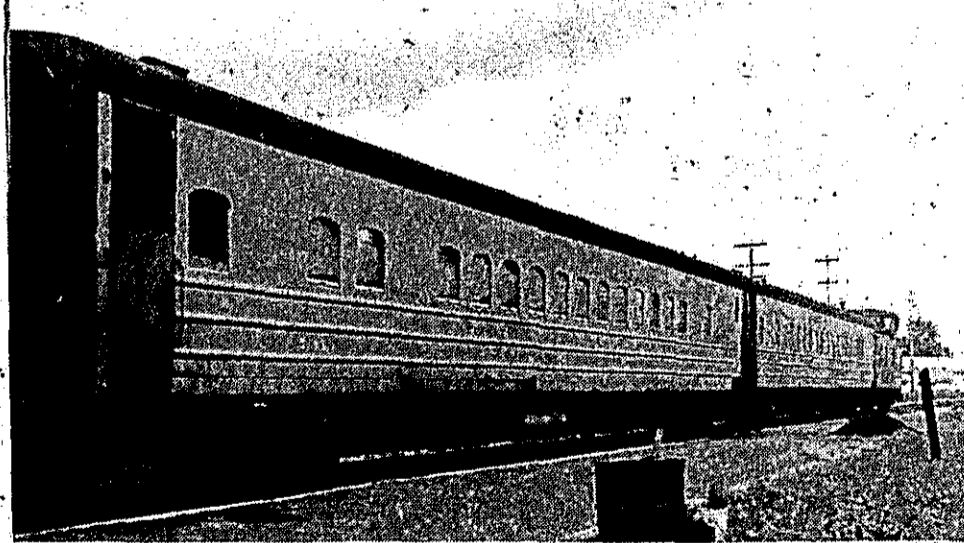

Ditmer lives in St. Johns with his wife, Beverly, and four children, Renee, Bob, Judy and Jeanette. The family resides at 1008 Hampshire.

Inflation fighter

Good news comes this week to persons who are not regular subscribers to the Clinton County News.

In an effort to help fight inflation and at the same time increase the number of families receiving the News each week in their homes, we've lowered the regular subscription price. There's also a special savings offer for our present subscribers.

Check the details on page 3A, and then act quickly. The offer is for a limited time only.

RETURNING TO SERVICE?

Some folks may have thought passenger service was returning to St. Johns Monday afternoon as these coaches rolled into town on the Grand Trunk. Not a chance. The coaches, former streamliner cars of 1935 vintage, were formerly with the Great Western Railroad. They were either on their way to become part of a work train or possibly a museum piece, a monument to when railroads moved people instead of goods.

SAY IT AIN'T SO, ERNIE

That's what a lot of Redwing fans said Friday night when St. Johns lost their first home game in six seasons to Mason, 15-14. For the full story, see this week's Clinton County News sports pages.

Sexuality Seminar at St. Johns

MT. PLEASANT—A seminar in human sexuality will be conducted in St. Johns this fall by Central Michigan University's Off Campus Education office. Registration will be Thursday, Sept. 23, at 7 p.m. at St. Johns High School.

The seminar is a basic course for understanding the sexual revolution and of special interest

not only for students, but for parents and teachers from kindergarten through twelfth grade. Theory, cultural values and ethics with regard to human sexuality will be studied. Jerry Strouse of the CMU Home Economics, Family Life and Consumer Education Department will be the instructor. The course is listed in the catalog

as Home Economics 419 and earns two hours university credit for either graduate students or undergraduates.

Admin course offered by CMU

MT. PLEASANT—A course in educational administration is being offered this fall in Carson City and registration is scheduled for Sept. 23, at 7 p.m. at Carson City High School.

Open to graduate students only, the course is listed as Education Administration 565, School Plant; Planning, Management and Operation. Three hours graduate credit are earned.

Dr. Donald P. Bertsch is the instructor.

Book corrections asked by GenTel

ST. JOHNS—General Telephone customers in Fowler, Maple Rapids, Muir, Pawamo, and St. Johns who want to make corrections or additions to the directory must call the company's business office before Friday, Oct. 1, Bill Graef, district manager for the company said today.

Emphasis on firm cutoff dates for entries allows the General Telephone Directory Company, in Des Plaines, Illinois, to assemble, print, bind and return the new St. Johns directory in a relatively short period of time, William Graef said.

"Our Directory Company, which prints millions of telephone books each year, operates on a deadline basis much like a newspaper," he said. "For this reason changes requested after Friday, October 1 cannot be honored. That's the date the directory is 'locked-up' and sent immediately to the Directory Company for printing."

GETTING READY FOR LUNCHEONS

Mrs. Charles Wood, Mrs. Edward Sulka and Mrs. Bruce Fowler are preparing for the upcoming Harvest Smorgasbord luncheons which will begin Thursday, Sept. 23 at the United Methodist Church in St. Johns. Besides the Thursday date two others are scheduled for Sept. 30 and Oct. 7. The luncheons will begin at 11 a.m. and continue until 1 p.m. Also featured at each of the dates will be a mini bazaar. Cost will be \$1.50 per person.

Still time to swim

ST. JOHNS—There is still time to join the fun this fall in the warm waters of the St. Johns High School pool.

Swimming pool director Wayne Morrison says there is still time to register for the swimming programs offered this fall. All you have to do is call Wayne.

The pool will be open to the public Monday Sept. 27 for public swimming. The fall swimming program will begin Oct. 2 and run through Nov. 20.

There will be two other eight week courses during the year with one slated to begin Dec. 4 and end Feb. 5 and the other will start Feb. 19 and run through April 15.

THE NEW SCHEDULE calls for opening the pool on Mondays from 6:30 p.m. until 9 p.m. with a cost of 25 cents for students and 50 cents for adults and \$1 for families.

Tuesdays and Thursdays will be reserved for pool parties and Wednesdays for overflow parties. The party rate is \$25 for in district persons and \$35 for those outside the district.

The eight week instruction program will cost \$4 and will include swimming and lessons.

Red Cross lessons will be held on Saturdays with beginners diving in at 9 p.m. and advanced beginners at 9:45, intermediate at 10:30 and beginners under 54 inches tall at 11:15.

THE POOL WILL be operated this year as long as expenses are met, according to revision of the program by the board of education. The revision is part of planned cuts in expenditures following the defeat of extra voted millage.

Grand Ledge snowmobile races planned

GRAND LEDGE — The Grand Ledge Jaycees is sponsoring its second annual snowmobile drag race Sunday, Sept. 26 on M-100 near the Grand Ledge Airport come rain or come shine.

This event is sanctioned by the Michigan International Snowmobile Association.

Refreshments will be available at the track side. Plenty of free parking.

Snowmobile dealers will display their 1972 models.

Driver registration will be held from 9 a.m. to 12 noon. The first race begins at 12:30 p.m.

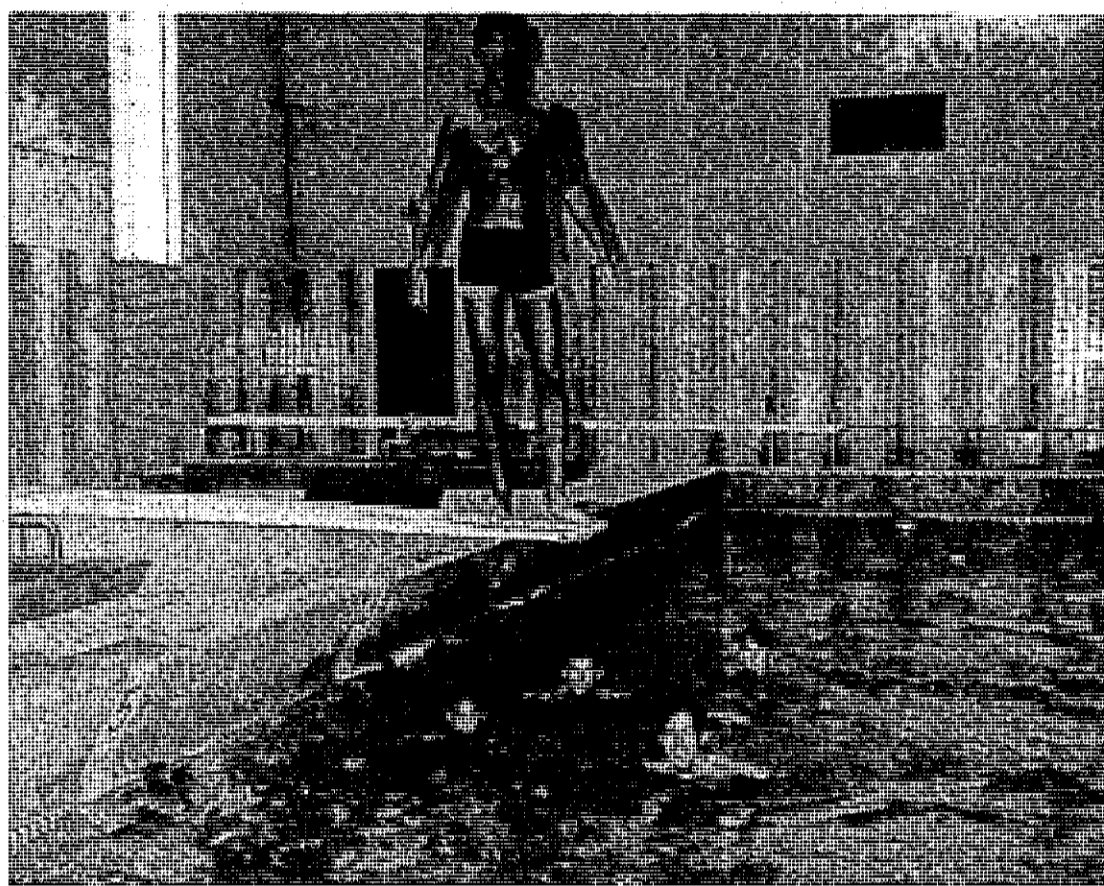

Second class postage paid at St. Johns, Mich. 48879. Published Wednesdays at 120 E. Walker Street, St. Johns, by Clinton County News, Inc. Subscription price by mail: In Michigan, \$5 for one year, \$9 for two years, \$3.75 for six months, \$2 for three months; outside Michigan, \$6 for one year.

Mason shades Redwings

ST. JOHNS — It's hell week here.

Following the poor showing last Friday night of the Redwings against Mason, Coach Ernie Becker said — "We're going to learn the basics of blocking and tackling or there are going to be some new faces on that field Friday night at Charlotte."

Becker's comments came following the 15-14 defeat of the Redwings by Mason. It marked the first time St. Johns had lost a game on their home field in the past six seasons.

"It's my fault," Becker said. "They just didn't want to play ball Friday night. I guess they figured they had it all wrapped up before they went on the field."

Those thoughts were soon put to rest in the first period when Mason's junior quarterback Brad Kalember threw a 45-yard pass to end Jim Swartout, who in turn lateraled to Jeff Ealy for the score.

The Redwings came back in the second period as quarterback Ken Schueller connected with Mike Wilson on a 55-yard pass and then also used the same combination to pick up the two-point PAT.

At the half, the Redwings led 8-7.

In the second half, the Redwings took the kickoff and marched down the field to the six yard line. They tried three running plays, which went nowhere, and then on fourth down, a pass was intercepted by Kalember in the end zone and he returned it to the St. Johns 35 yard line.

A couple of pass plays and a few runs later, found Kalember plunging into the end zone from the one yard line. A PAT pass was good and the Bulldogs led 15-8.

The Redwings mounted another drive, but again an interception foiled a score.

Long drive in the fourth quarter finally got the Redwings

across the goal line with George Rosner plunging across from the one. But the crucial PAT failed and time ran out on the Redwings.

St. Johns had 14 first downs to Mason's 12 and picked up 107 yards on the ground to the Bulldogs 77.

In the air war, the Redwings completed four of 11 pass attempts for 98 yards, while Kalember hit on nine of 20 attempts for 148 yards. In the first half, the little look in pass was devastating to the Redwing defense. Kalember hit six such passes. In the second half, the Redwing defense tightened up allowing only three pass completions, for 35 yards.

The Redwings intercepted one pass and had three of theirs picked off by the Bulldogs. St. Johns punted three times for an average of 37 yards and Mason was forced to kick twice.

"We just didn't do anything good," Becker said. "Our blocking and tackling really needs work. It's a good thing we played somebody who was not so tough in the first game. The score should not have been that close according to the way we played. Mason was just as bad as we were."

Every team in the West Central Conference was defeated Friday night and the Redwings will open

the 1971 conference session Friday night at Charlotte. Charlotte lost their opener to Eaton Rapids by a score of 19-0.

And for the rest of the week, the Redwings will be working on the basics.

"I am mad and the boys know I am," Becker said. "We will improve or I'll know the reason why."

Boys Club sponsors annual boxing show

ST. JOHNS—It won't be Muhammad Ali or even Joe Frazier but you can bet the action will be first class on November 6.

Nov. 6?
Right!

That's when the Clinton County Boys' Club will sponsor their annual boxing show at the High School Gym.

But in order to put on the show, the Club needs some interested boys. Boys interested in boxing, that is.

And those boys who are interested can sign up at the Boys' Club Monday Sept. 27 in the gym.

Punt, pass & kick

ST. JOHNS—All the youngsters who have registered for the local Punt, Pass and Kick Competition to be held Oct. 2 will have a chance to tune up their skills at a special practice session to be held Saturday, Sept. 25, at the practice field in the city park.

"Our PP&K Clinic will begin at 2 p.m. and last about an hour and a half," said Roger Beebe, local J.C. Coordinator and Competition director. "The Clinic's purpose is to familiarize the boys with competition procedure and to provide them help on punting, passing and kicking from the football coaches we'll have there."

"We're fortunate to have the St. Johns High School coaching staff as our clinic directors. Throughout their many years of experience in athletics, these men have made football their specialty and have devoted much of their time to working with aspiring players. Beebe noted that registration for Punt, Pass and Kick is still open to all boys 8-13 years of age. All that is required is that the boy come to Egan Ford Sales showroom and sign up for PP&K with either a parent or guardian. There is no entry fee or charge of any kind. Registration closes October 1.

"We'll be awarding a total of 18 winners' trophies in our local PP&K competition on Oct. 2," Beebe said. "And from our contest, winners could go on to win in the zone, district, area and division competitions. After that, top competitors in each age group will go to New Orleans where they'll be in the national finals in the Super Bowl Game, January 16.

"The all-expense-paid trip includes the parents' of each finalist, a special tour of fabulous New Orleans, a Banquet of Champions celebration and the chance to meet some of the top players and coaches in professional football. Naturally, we hope some of our St. Johns PP&K winners will make it all the way to the finals," he said.

The J.C. Coordinator further explained that each boy upon registration receives a free PP&K Tips Book. In the 1971 edition, there are competition tips by NFL stars Dave Lewis, John Brodie and Curt Knight plus all-round suggestions from Coaches of the Year Ron McCafferty and Tom Landry. The Tips Book also includes complete PP&K rules and helpful conditioning exercises for contestants.

This is the 11th year PP&K has been sponsored by the Ford Dealers of America and the National Football League. In that time more than 7,000,000 boys have taken part in PP&K, making it the biggest and best youth activity of its kind in America.

P-W gets it together beats Carson Crystal 14-0

PEWAMO-WESTPHALIA—After a scoreless first half, marked by tough defense, a break or two, and several severe penalties, the P-W Pirates finally unloaded on the Carson City Crystal Eagles for two touchdowns and a two-point conversion to win their opening game of the 1971 season 14-0.

The Pirates ended the dry spell in the third quarter when junior quarterback Roy Piggott ran two yards for the score. Mike Fedewa converted the extra points to give P-W an 8-0 lead.

In the fourth period, it was Piggott again from the two, but this time the PAT attempt was stopped by the Eagles.

Defense was the name of the game for the Pirates. The defensive unit set up both of the touchdowns with fumble recoveries.

ball loose in the third period on the Eagles 32 yard line. In the fourth period, the Pirates rapped the ball carrier again, recovering the loose ball on the 12 yard line.

In that defensive assault, linebacker Tom Thelen and defensive half back Ben Wesley each had six solo tackles. On the first series of downs in the game, the Pirates were forced to kick from their own 35 yard

line. However, the Eagles fumbled the punt and the Pirates took over on the Eagle 35 yard line.

"We were outstanding on defense," said coach Bill Marks. "We really looked tough. They never even got close to our goal line."

However, the offensive game was not what it should have been.

Even though they won the game.

"WE LOOKED FAIR offensively," Marks said. "I was not displeased." The offensive unit did draw the largest amount of penalties, which stalled several drives. In fact, two touchdowns were called back on account of penalties.

Despite the penalties, the Pirates got an excellent performance out of full back Gerald Fedewa and fine blocking from

center Tom Thelen. All conference end Al Fedewa caught a couple of passes, but sprained his ankle early in the game. He will, however, play this week against Fowler.

The Pirates offensive unit ripped off nine first downs and 151 yards rushing and 26 yards passing. Piggott attempted nine passes and completed three. The Pirates also fumbled twice, getting both miscues themselves. They lost 98 yards on eight penalties.

The Eagles had seven first downs, 61 yards rushing and completed one of 12 pass attempts for 13 yards. They lost 55 yards on five penalties.

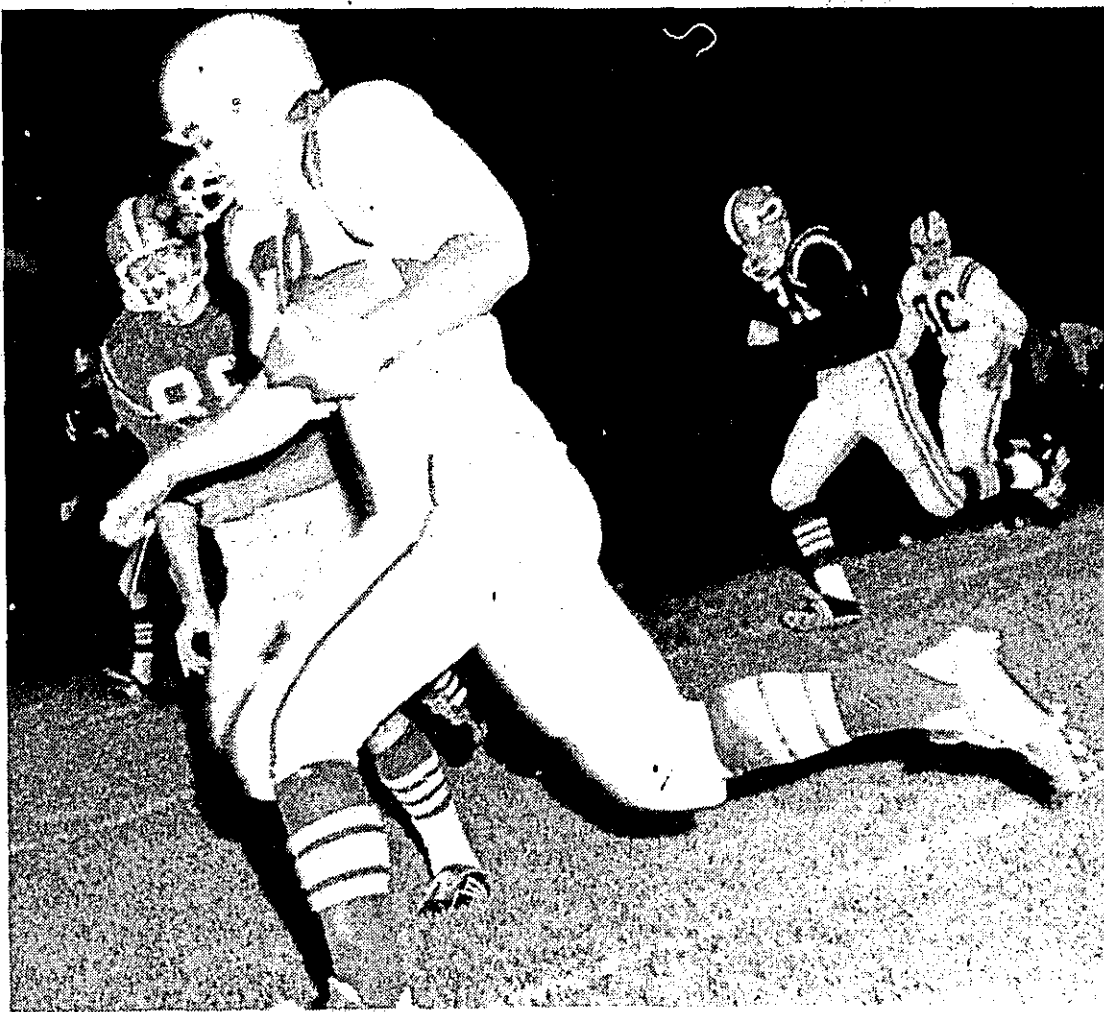

THE PIRATES OPEN the 1971 Central Michigan Athletic con-

ference play this Friday night when they meet county rival Fowler at Fowler.

The Fowler Eagles, under coach Steve Spicer, ripped off Fulton last Friday 20-8 and Fulton was loaded with returning lettermen. Predominately a young team, the Eagles displayed a fine passing attack against the Pirates.

"We are going to have to work on stopping that passing attack," Marks said. "With the relative inexperience of our quarterback, we'll probably stick to our game plan from last week—keeping the ball on the ground. But we do have a passing threat with Fedewa and Piggott also."

PIRATE GAIN

Al Fedewa scampers for about 25 yards after taking a Roy Piggott pass in the home opener of P-W against Carson City Crystal. The Pirates won the game 14-0.

Little Pirates bomb CC 26-6

PEWAMO - WESTPHALIA — The Little Pirates Junior Varsity squad, opened their 1971 football season in similar fashion to the varsity squad. The Little Pirates defeated their counterparts from Carson Crystal 26-6 in action there last week.

The Little Pirates scored six points in the first period and eight in the second to lead 14-0 at the half. The Little Eagles scored six in the third period, but so did the Little Pirates. They also scored six in the final frame while holding the visitors scoreless.

Scoring the first six points was Dave Pung, who caught a 25 yard pass from Randy Walter. Dave Fox scored the second TD on a 30 yard fumble recovery and Dan Jones made the two point conversion.

Steve Simon scored the third TD with a five yard run and the final score came on a 26 yard Walter to Pung pass play.

The Little Pirates had 121 yards on the ground and 67 yards through the air completing seven of 21 attempts.

P-W coach Bill Marks has a word with junior quarterback Roy Piggott during a lull in the game. Piggott scored both P-W touchdowns to give the Pirates a 14-0 victory.

State-owned vehicles hit auction block

LANSING—The largest number of State-owned, used motor vehicles ever to be sold at a single public auction will be placed on the block at a site near Lansing Saturday, September 25, it was announced by William N. Hettiger, Director of the Department of Administration.

A total of 109 passenger cars and station wagons, and 37 pickups and trucks will go on sale at 11 a.m. at the Grand Ledge Highway Department Garage at the intersection of West Saginaw Street (M-43) and Interstate Highway 96.

All of the passenger cars and station wagons are relatively late models, with 103 of these vehicles ranging in model years from 1968 through 1970. Nineteen of the vehicles are 1969 and 1970 State Police cars with 440 cubic inch, 360 horsepower engines.

Included in the items for sale are a number of small riding tractors and mowers and a large number of chain saws.

FULL PAYMENT IN cash or check will be required at the time of sale. Transfer of titles and registrations must be handled at the Grand Ledge branch office of the Department of State, which will be open Saturday. Motor vehicle buyers must be prepared to offer proof of insurance or to pay the \$35 uninsured motorist fee when purchasing plates.

The motor vehicles and other items may be inspected by prospective buyers at the Highway Department Garage Friday, September 24, from 8 a.m. to 3:30 p.m.

Fowler dominates Fulton

FULTON-MIDDLETON—The Fowler Eagles, charged with the fire of a new season, coasted to their first win of the season Friday night by halting Fulton 20-6.

What at first appeared to be a close game in the first half, turned into a Fowler Eagle runaway as Fulton could not move the ball against Fowler's tough defensive squad.

The only Fulton score came in the second quarter on a pass interception by Terry Zammaran who swiped the toss and ran 38 yards for the score, but the conversion failed.

It was all Fowler after that. Scott Spicer flipped a ten yard pass to Tony Thelen for the first score as both teams retired at halftime in a 6-6 deadlock.

When they returned to the field, the Eagles took charge on a sustained drive capped by Leon Schneider's 12 yard scamper for Fowler's second TD.

The Eagles put the game on ice in the fourth quarter on a one-yard plunge by Denny Kramer who also converted the points after touchdown to give Fowler the 20-6 score.

Fowler dominated the game statistically with 12 first downs, 146 yards rushing and 63 yards via the pass route. Spicer nailed down eight of 20 passes, with two intercepted.

Fulton managed five first downs, zero yards by air and

143 yards rushing. The rushing yardage was bolstered considerably by a 77 yard play late in the game against Fowler's second stringers.

The Eagles caused Fulton ball-carriers to fumble six times while Fowler lost the ball four times. Fulton recovered only two of their own fumbles as did Fowler.

Fowler was penalized to a tune of 30 yards compared with Fulton's 70.

"I'm kind of pleased with our play," Fowler's new head coach Steve Spicer said. "Between our scrimmage a week ago and the game Friday we have certainly improved."

Spicer said it was a matter of his young team gaining more experience as they go along. They'll need it, he said, for Friday-night's encounter with Pewamo-Westphalia.

"They are a real good ball club with a fine defense," Spicer said. "We will follow the same game plan as we have so far. We will have to keep up our passing attack to get by their big line."

The contest will open the Central Michigan Athletic Conference play for both Fowler and Pewamo-Westphalia.

Scoring by quarters:
Fowler 0 6 6 8 - 20
Fulton 0 6 0 0 - 6

Marauders win in last seconds, 6-0

Young defense paces O-E victory

OVID-ELSIE — Coach Mark O'Donnell discovered a big plus in his Ovid - Elsie Marauder attack Friday night against the Portland Red Raiders. And it should set the tone for the entire Marauder schedule this season.

The key to Marauder success this year will be defense, and O - E displayed plenty of that against Portland in pacing the team to a 6-0 cliff-hanging victory Friday.

The defensive unit was responsible for setting up the only score of the game late in the fourth quarter. With less than one minute to play in the deadlocked contest, the Red Raiders obliged

the O - E defense by fumbling on their own 30-yard line. The slippery pignskin was recovered by linebacker Rick McCreery. Fullback Glen Bensinger then speared an 11-yard toss by teammate Tom Kirilovic to set up the game-winning play at the nine-yard line.

Junior quarterback Kirilovic then flipped a nine-yarder to junior back Gary Groom for the winning score with just 23 seconds left on the clock.

O'Donnell praised his whole defensive team, which includes six juniors and one sophomore. The defensive squad was forced to stand in the line of fire after the offense lost the ball four times on fumbles and suffered two pass interceptions.

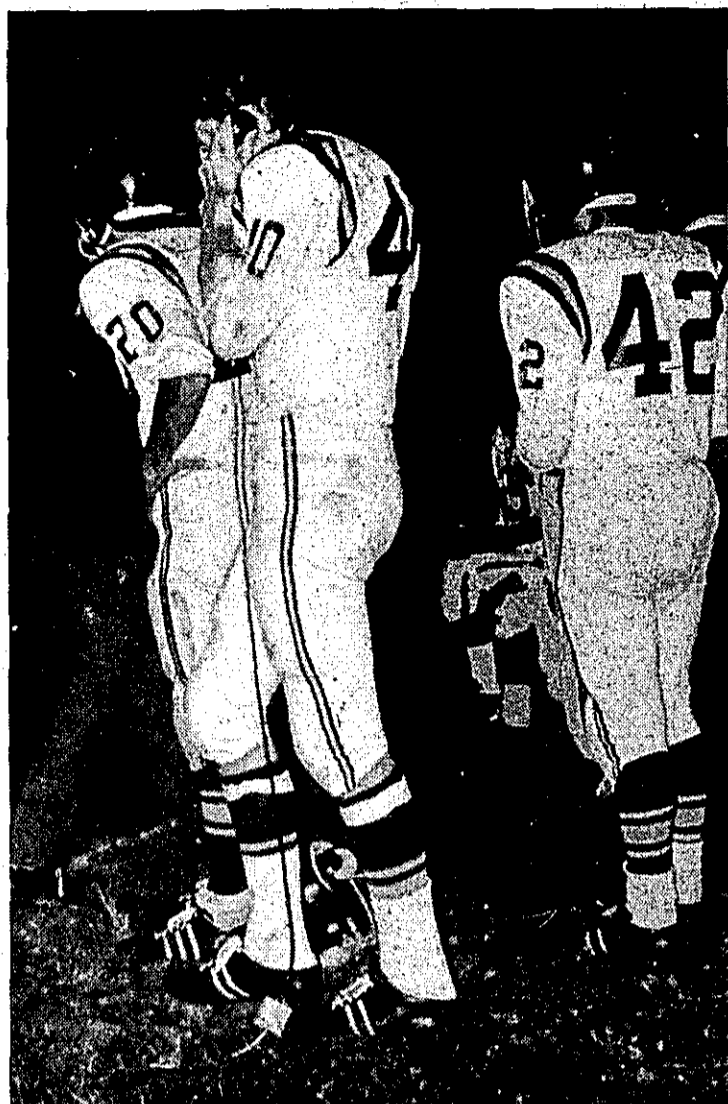

Lynn Webster, Frank Quine and Rick Staples each had seven tackles, while Staples was outstanding in capturing the Red Raider quarterback four times for big losses.

O'Donnell told his players that

DUE TO A CAMERA MALFUNCTION ACTION PICTURES OF THE OVID-ELSIE-PORTLAND GAME DID NOT TURN OUT.

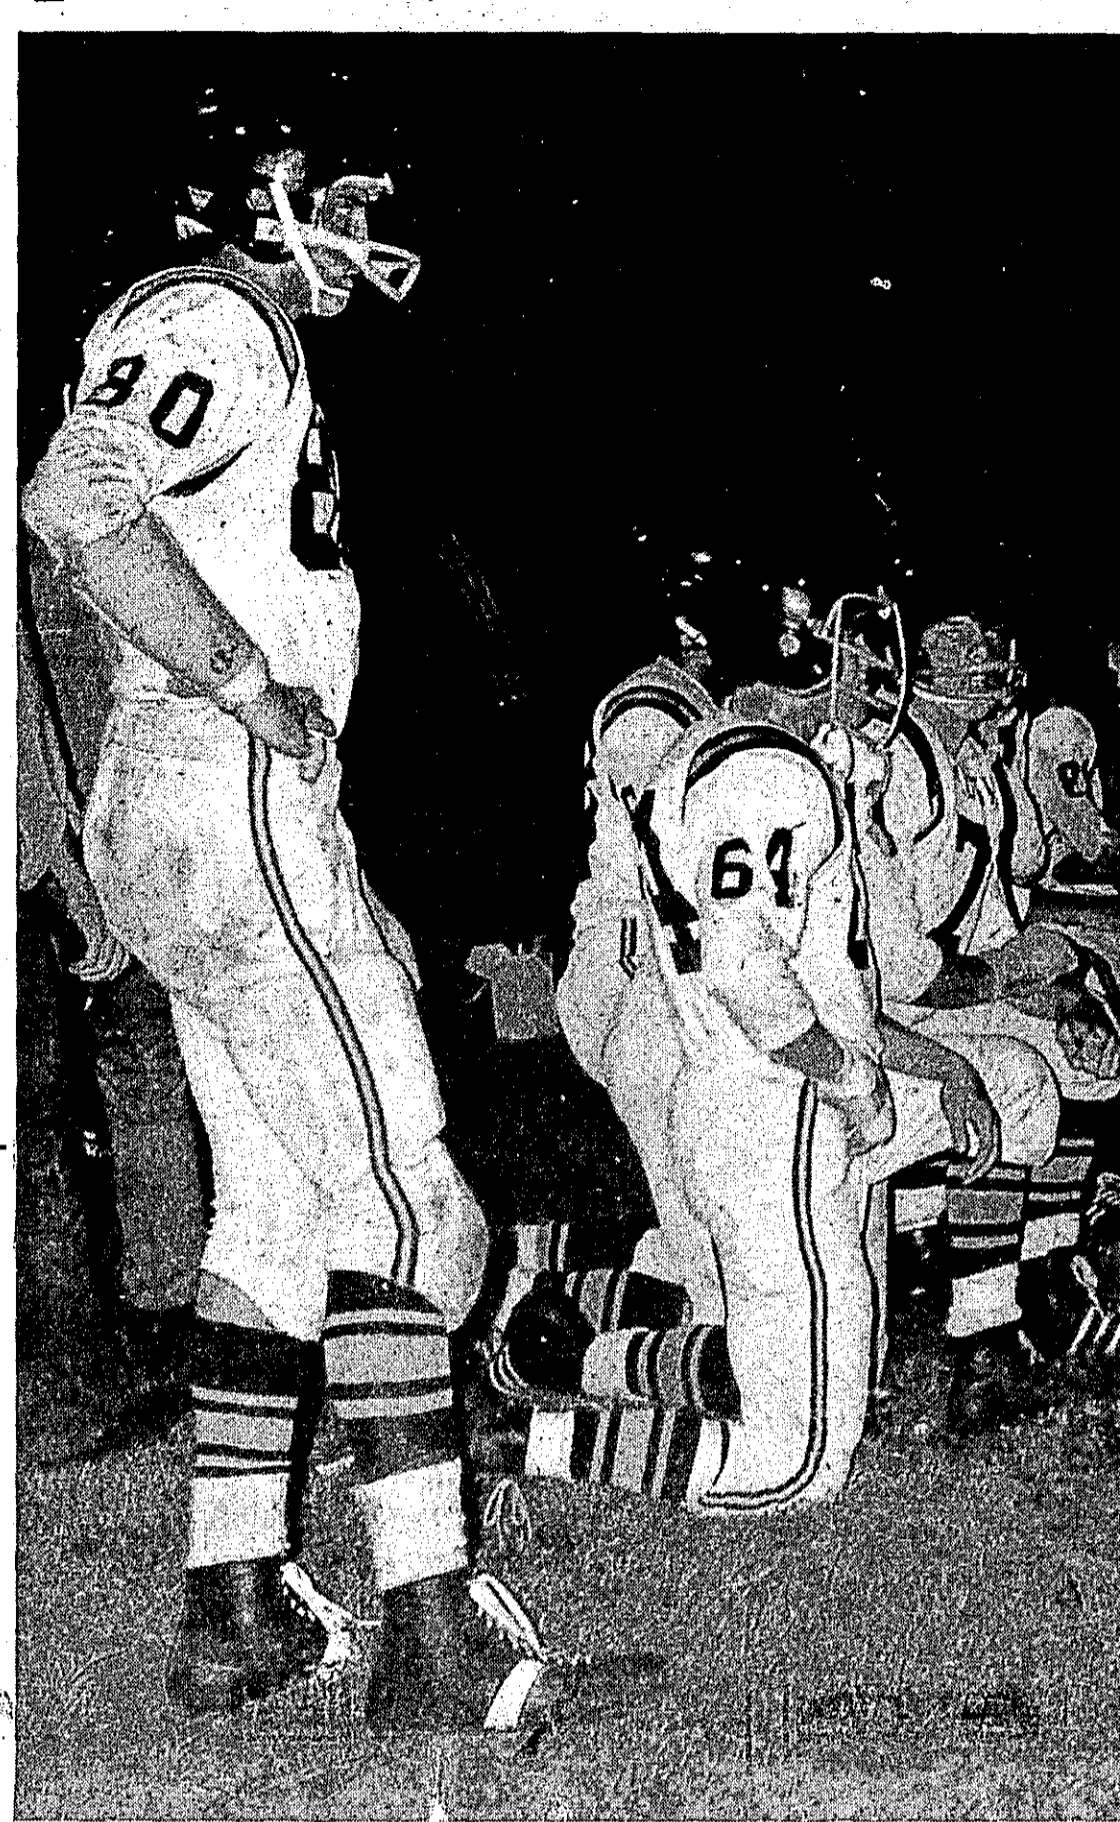

Duplain-Rochester Colony
By Mrs. James Burnham
Phone 224-4045

The Colony Hobby Club meets Thursday with Mrs. Roy Risley on Colony Road for their first fall meeting. Mystery sisters will be revealed and projects will be started for the year.

CHECKING THE SITUATION

Rick McCreery (40), who gathered in the Portland fumble with less than a minute to play Friday to help Ovid-Elsie slip past the Red Raiders 6-0, discusses the situation with a spotter in the press box on the sideline phone. Watching the action are Gordon Baker (20) and Dale Miller (42), recently re-activated after an injury.

Portland "was one heck of a team and I would be surprised if they didn't win their league championship again this year." Portland was co-champ last year in the Tri-Central League.

Two of the turnovers halted Marauder scoring threats from inside the five-yard line, one on a pass interception and another on a fumble.

The Marauders topped the Red Raiders in all of the statistics. The most startling to the Portland fans was the total yardage figures. The hard-nosed Raiders were held to only seven yards rushing and 13 yards in the air.

O-E compiled 181 yards on the ground and 81 in the air. Kirilovic completed eight passes in 19 attempts while his opponent hit on only two of 10. The Marauders lost four of five fumbles while recovering both of the Red Raider miscues.

O-E was penalized 70 yards while Portland was penalized only 10.

Halfback Gordon Baker picked up 85 yards in five carries to bolster the offensive attack, while Groom added 57 yards in eight tries.

The Marauders will travel to Remus Chippewa Hills Friday night for another non-conference clash. Chippewa Hills, located 25 miles west of Mt. Pleasant, opened its season with a 20-0 drubbing of Ithaca. It will be the first contest between Remus and O-E.

Scoring by quarters:
O-E 0 0 0 6 - 6
Portland 0 0 0 0 - 0

Bath wins opener, dumps DeWitt 24-14

BATH — The Bath Bees ruined the head coaching debut of DeWitt's Tom Isenhart Friday night by dumping the Panthers behind the arm of Paul Stoll and the sure hands of Fritz Ordway, 24-14.

Bath's passing game was utilized by Stoll to roll up 111 yards in eight tosses. Stoll attempted 12 passes, DeWitt's Ron Wilcox only managed three completions in 11 attempts for 31 yards.

The Bees started the scoring in the first quarter when junior back Jeff Smith busted over from the four-yard line, capping a 52-yard drive. Stoll ran the conversion to give the Bees an 8-0 lead.

They added to the score in the second quarter when Ordway caught a Stoll pass from the five yard line. Back Joe Mitchell ran in the conversion and Bath led at halftime 16-0.

The Bees struck again in the third quarter when Stoll hit Ordway for a 15-yard touchdown and Smith ran the conversion.

DeWitt's scoring came in the third and fourth quarters as senior Dan Davis hit over the line from five yards out. Duane Shooltz ran the conversion. In the final frame, Shooltz cracked the Bath defense from the three for DeWitt's other score. The conversion attempt failed.

"We just weren't playing football," Isenhart lamented after the game. He pointed out that the passing game was weak since he had no protection for his quarterback, Ron Wilcox. "Our kids are just inexperienced," he added.

It was an unusual comment from a DeWitt coach since the Panthers have dominated Central Michigan Athletic Conference football for the past two seasons. "We had a talk at halftime," Isenhart said. "Before, they were guy-shy in the first half and then had to play catch up football. We were blocking better in the second

half and actually outscored them in that half."

"Defensively we didn't play as well as we should have," Bath Coach Ron Skorich said. "But the offense looked real good. We played a lot of younger players so they could get some experience."

The Bees will open their conference play in the Ingham County League Friday night against Leslie. "They are small, but awfully quick and fast," Skorich said. Skorich still remembers last season when the Bees tackled Leslie after defeating DeWitt. The Bees lost to Leslie 14-6.

Isenhart's squad will be bolstered by the return of senior Ron Brown, a 5-7, 150-pound halfback, who was a top player for the Panthers last year. DeWitt will face Laingsburg for the CMAC opener.

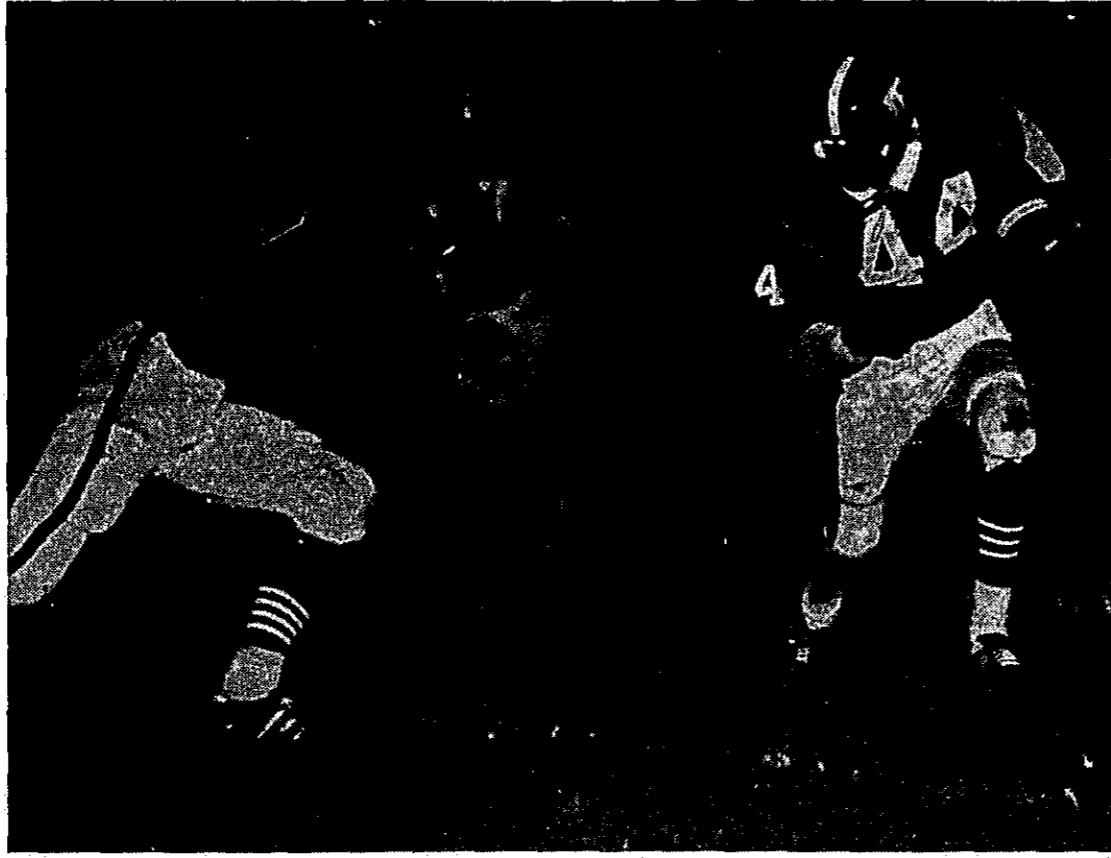

"We hope to keep the game plan pretty much the same against Laingsburg," Isenhart said. "On paper, Laingsburg has the team to win the league title. They have a good quarterback in Jack Hurst and the league's leading scorer in Ron Goetschey. They are big and tough."

The Panthers will have to give away some weight at the line against the Wolfpack. "We are planning on containing them," Isenhart said. "It should be a much better ballgame and we are definitely ready to play football."

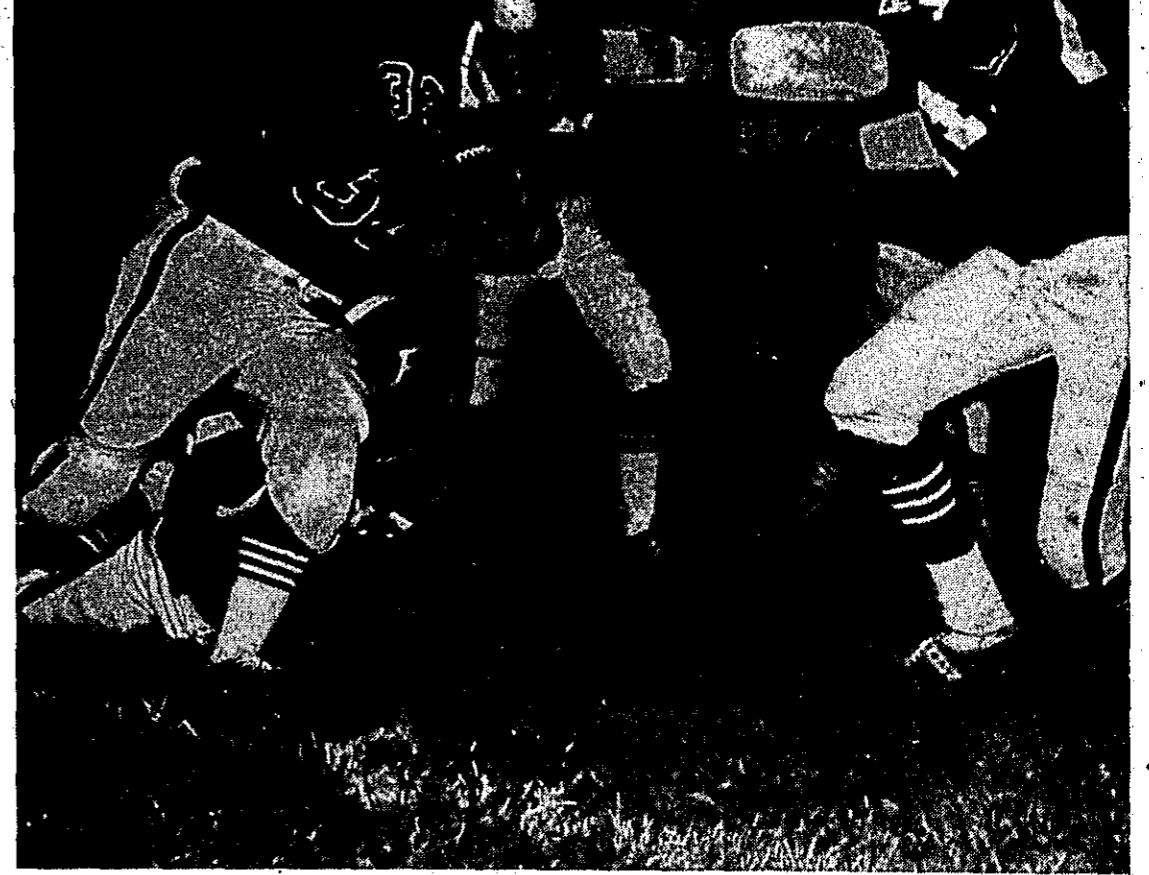

Skorich praised the defensive efforts of his squad, including Larry Feguer with 16 solo tackles, Stoll, Roy Dobson and Ordway with pass interceptions and Randy Markham with 11 solo tackles.

The Panthers could only make 31 air yards with 100 on the ground while the Bees rolled up 112 yards rushing and 111 in the air.

Scoring by quarters:
DeWitt 0 0 8 6 -14
Bath 8 8 8 0 -24

AROUND THE END

HELLO, THERE

Bath's Royla Dobson cuts around left end after eluding Murry Brockway of DeWitt, but is about to be hit hard by Panther tackle Tom Ashley. Bath won the game easily 24-14.

DeWitt's Duane Shooltz (32) jumps across the line with one of the stubborn Bee linemen hanging on as Royal Dobson (44) moves in to make a sure tackle.

DODGE LEADS WITH ITS STRENGTH.

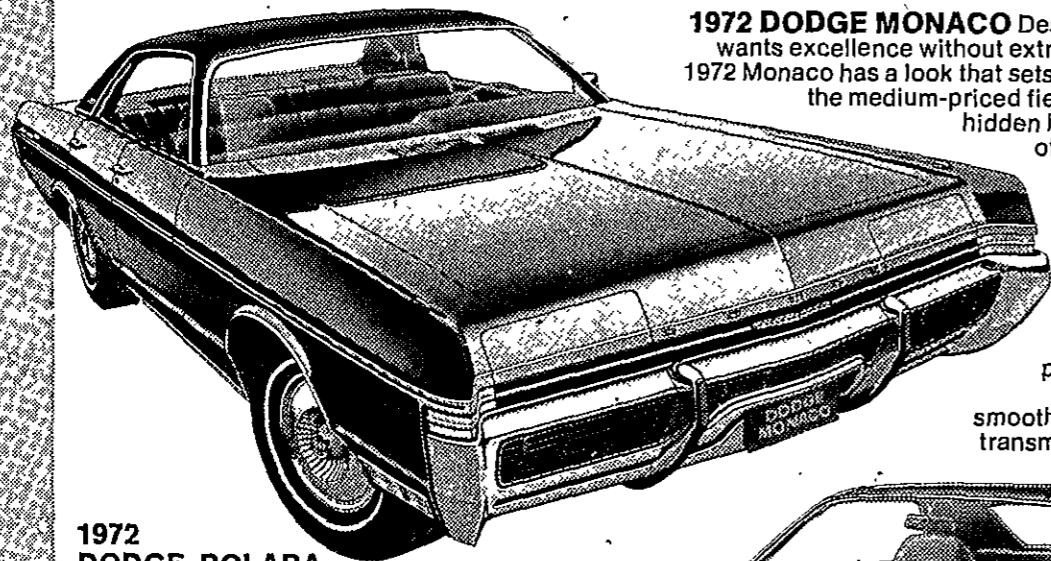

Polara/Monaco—the all-new look of '72 at familiar '71 prices.

ALL-NEW STYLING... SAME OLD PRICES.

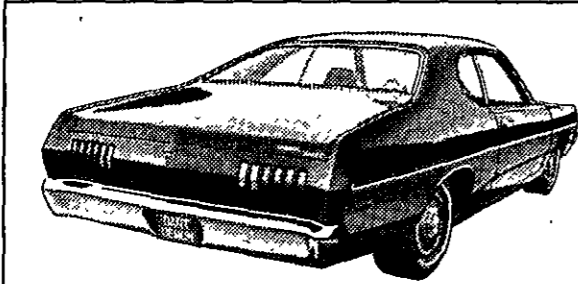

In a year when most new cars look a lot like last year's, Dodge Polara and Monaco do not. They've been restyled for '72. The emphasis in the design of these new cars has been on strength, solidity, and silence. Their strong, expressive styling achieves an

attitude of distinction with clean, fresh lines. And while the styling is all new, the prices of the '72 Polara and Monaco, and all Dodges, will remain the same as those offered on comparably equipped 1971 models. Prices may never be lower.

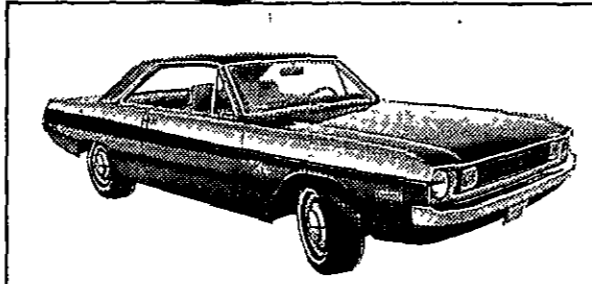

1972 DODGE MONACO Designed for the man who wants excellence without extravagance. The restyled 1972 Monaco has a look that sets it apart from the rest of the medium-priced field... like smooth lines, hidden headlights, and a streak of protective side moulding. It's equipped with the features you'd expect in a car as distinguished as Dodge Monaco. The new 360 two-barrel V8 engine, precise power steering, power front disc brakes, and Dodge's famous, smooth TorqueFlite automatic transmission are all standard.

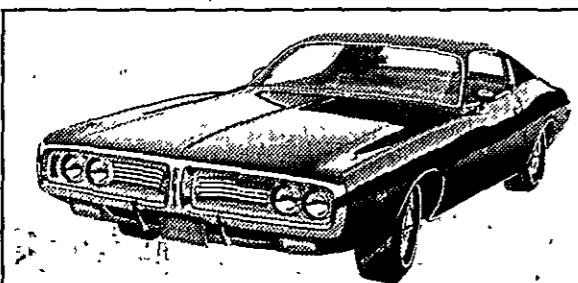

1972 DODGE POLARA Dodge builds the Polara with a little extra size and riding comfort, and at the lowest possible price. You get such easy-going features as power steering, TorqueFlite automatic transmission, and a powerful, yet economical, 318 V8 engine standard.

DART DEMON COUPE Our lowest priced Dart. It just goes to prove an economy car doesn't have to be a little car. Dart Demon seats five adults comfortably. Dart Demon. It's very big about saving you money.

DODGE DART Dodge Dart for '72 has the styling, size, comfort, and performance to be your only car. Untemperamental and predictable, it does what it's supposed to—give you economy and dependability.

DODGE CHARGER The Dodge idea of what a family-sized sports car should be. It's large enough to seat six, and its sporty styling adds a new dimension to the old-fashioned family cars. Check it out today!

DODGE CORONET The convenience car. The perfect idea for a family car because Coronet is designed solely to be a four-door family sedan. Full-sized room for six people, and styling that you'll be proud of.

NOW ON DISPLAY.

Open Letter

from VAN W. HOAG

Dear friends,

It deserves emphasis that the time, the place, the character of the funeral service, the merchandise used, the cemetery selected - these are decisions of the family of the deceased. The funeral director acts only as a representative of the family.

The clergyman should be consulted in matters that concern him before any decisions are made.

Respectfully,

Van W. Hoag

MRS. GENE RUSSELL BANCROFT

Roberta Swanson weds Gene Bancroft

ELSEIE(c)—Newlyweds Mr. and Mrs. Gene Russell Bancroft have returned from a Mackinac honeymoon and are now residing at 519 1/2 W. Ionia Ave., Lansing, where they were married Aug. 28 at the St. Therese Church by the Rev. Murray.

The bride's parents are Mr. and Mrs. V. Axel Swanson of Eaton Rapids and the groom's parents are Mr. and Mrs. Robert Flanner of Elsie.

The bride wore a gown of white peau-de-soi fashioned with a full skirt and topped with a lace overlay falling into a Cathedral train. She carried white daisies and red roses tied with love knots.

Mrs. Laraine Price of Lansing was matron of honor and wore a floor length lavender gown of nylon chiffon with white rope lace-covered bodice. The same trim was repeated on the cuffs of the long full sleeve. She carried pink daisies tied in pink streamers.

The bridesmaids were Elizabeth Clark, sister of the bride and Vonnie Peterson, cousin of the groom, both of Lansing, Mrs. Linda Cook and Mrs. Cathy Thomas, aunt of the groom of Elsie. Their gowns were styled identically to the matron of honor in lighter shades of lavender and the lace-trimmed bodice and

cuffs were a deeper purple. They also carried pink daisies tied with pink satin.

Kathleen Daley and Michelle Thomas, cousins of the groom were flower girls who wore pale lavender chiffon floor length dresses with a lace trimmed bodice and long sleeves. They carried baskets of white daisies with orchid ribbons.

Rollie Price and Jesse Cupples were ring bearers.

The best man was Rolland Price of Lansing and seating the guests were ushers Jack L. Peterson of Lansing, uncle-of-the-groom, and Dean Wilson of Howell, while the groomsmen were Kim Bancroft and Bill Cook of St. Johns and John Thomas and Michael Luznak of Elsie.

The church altar was decorated on either side with two large baskets of white pom pom mums. Special guests were Mrs. Eva Thomas, grandmother of the groom, the bride's sister and brother-in-law of Howe, Ind. and her brother, Robert Swanson of Eaton Rapids.

The bride, the former Roberta Swanson, attended Everett High School and the groom is a graduate of Ovid-Elsie High School.

Mary Beth Matter weds Larry Mankey

ST. JOHNS — Mary Beth Matter became the bride of Larry Richard Mankey Friday, Aug. 27 in a double ring ceremony performed in St. Joseph's Catholic Church. Rev. William Hankerd performed the 7 p.m. service before an altar decorated with blue, yellow and white gladiolus.

Organist for the ceremony was Mrs. Jackie Schneider.

The bride is the daughter of Mr. and Mrs. Clare Matter of 4458 Kinley Rd. St. Johns and the groom is the son of Mr. and Mrs. Bernard Mankey of 608 W. Park St., St. Johns.

The bride was given in marriage by her father and chose a floor-length gown of white lace featuring a scalloped lace neckline, long lace fitted sleeves and a full lace train attached to the

gown with small bows at the shoulders. The full-skirt ended with a hoop at the hemline. A cap-styled headpiece of white beading secured her veil and she carried a bouquet of assorted spring flowers in colors of blue, yellow, white and red.

Hope Schomisch of St. Johns was maid of honor and she was gowned in a full-length yellow gown trimmed with white lace. Her gown featured an empire waistline and long sleeves trimmed with lace at the cuffs. She wore a matching yellow headpiece and carried a bouquet in similar style to the bridal bouquet.

Best man was Dan Schaefer of Fowler, cousin of the groom, and seating the guests were ushers, Dale and David Mankey, both brothers of the groom.

Following the ceremony a reception was held at the K of C Hall in St. Johns for 200 guests. Special guests at the wedding and reception were Mr. and Mrs. Frank Witgen of Fowler and Mrs. Anna Mankey of St. Johns, grandparents of the groom and Mrs. Sadie Willing of Detroit, grandmother of the bride.

After a wedding trip to the Upper Peninsula, the couple will make their home at 800 W. McConnell in St. Johns.

The bride is a senior at St. Johns High School and the groom is a 1971 graduate of St. Johns High School.

Church News

St. Johns (C)

A number of St. Johns people were in Eaton Rapids Sunday, Sept. 12, to attend the reception at the First United Methodist Church there, honoring the Rev. E. Emeral Price on the occasion of his retirement.

Mr. and Mrs. Price lived in St. Johns from 1948 to 1967, during which time he was Minister of the First Methodist Church here. His next assignment was as district superintendent, and during his term the Prices lived in Mt. Pleasant. They went from there to the church in Hastings, and after his retirement in Eaton Rapids they will make their home in Howard City, planning to winter in Florida.

Those from St. Johns who attended the reception were Mr. and Mrs. J.E. Bartholomew, Mr. and Mrs. George E. Osgood, Mr. and Mrs. B. Stanley Poculis, Mr. and Mrs. Richard Cornwell, Mr. and Mrs. Leland Bennett, Mr. and Mrs. B. Stanley Poculis, Mr. and Mrs. Marvin Barclay, Mr. and Mrs. J.D. Robinson, Mr. and Mrs. Floyd Parmelee, Lance Parmelee, Mr. and Mrs. Harold Lundy, Mr. and Mrs. William Elliott, Mr. and Mrs. Oliver Montague, Mr. and Mrs. Gayle Vaucousant, Mr. and Mrs. Gerald Latimer and family, and Mr. and Mrs. Donald Swagart.

Present also at the reception were Dr. and Mrs. Howard Smith of Greenville. Dr. Smith is also a former minister of the First United Methodist Church in St. Johns.

ST. JOHNS--Across a barren land, scarred by centuries of war and neglect, the spectres of ancient Israel appear, hover, and fade away. Suddenly there is movement of a different sort, and slowly, steadily a startling transformation begins to take place.

Thus begins "His Land", the story of Israel from ancient to modern times. "His Land" is a one hour color feature motion picture which will be seen for the first time in this area Sept. 26 at the Free Methodist Church, 305 Church St., at 7:30 p.m.

The film is being shown through the cooperation of the Free Methodist Church and the Church of God.

Words of Scripture come to life as Cliff Barrows and Cliff Richard, English singing star, reflect upon the events that in recent years have confirmed so much of the ancient prophecies.

THE FILM WILL also include a number of new Ralph Carmichael songs, some of which were actually written on location.

Diamond prices are based on purity, size and cut. We offer no "discounts or bonuses" because you will find the diamond purchased at HARR'S is of the finest quality already at the lowest price. We are never interested in a "Quick Sale". Your complete satisfaction has been our goal for 29 years.

DIAMOND PRICE FACTS:

Don't spend more than you can afford. A good rule to follow: Spend about a month of your salary on the engagement ring. But make sure you get the most for your money. In the ring style that pleases her most.

DIAMOND BUYING FACTS:

About half of all engagement rings are chosen by boy and girl together. But in many cases the young man buys the diamond alone. Or he talks it over with us first and then brings his girl in for final selection. It's up to you!

DIAMOND STYLING FACTS:

Modern girls are individualists. Some want an absolutely perfect diamond even if it is smaller. Others want the largest stone possible even if it has slight flaws. Some want ultra-modern, others traditional styling. These are the things to talk over with us.

COME IN SOON AS POSSIBLE!

We have helped so many young couples. We can help you to come to the right decision. Let your wishes and our experience be the guide. For a lifetime of happiness with your diamond. We have any credit terms to suit you and if you wish, we do have a private Diamond Room to display and service you.

Kaela Sloat bride of Robert Krueger

Kaela Rae Sloat, daughter of Mr. and Mrs. Richard Sloat of Carland, became the bride of Robert A. Krueger of Brant, son of Mr. and Mrs. Kenneth Weaver of Flint, Friday evening, Sept. 17.

The candlelight ceremony was performed at the Carland United Methodist Church by the Rev. Horace Freeman, before an altar decorated with white gladioli and yellow carnations.

Given in marriage by her father the bride wore a formal gown of satapeau in Camelot style, with the bodice and high-rise neckline covered with regal Venise lace. The full sleeves were accented with cuffs and shoulder caps of Venise lace, with the full skirt falling in a sweep train. She wore a full length mantilla of silk illusion bordered with matching Venise lace falling from a head-piece of layered bows and carried a cascade arrangement of yellow roses and white carnations accented with greenery.

Mrs. Rolayne Kremer of Bannister attended her sister as matron of honor wearing an empire gown of butterscotch and yellow crepe. A matching bowhead-piece secured her elbow-length veil in yellow. Mrs. Lennis Reneaud of St. Johns, attended her sister as bridesmaid and was gowned identical to the matron of honor. They each carried a cascade arrangement of bronze mums, starflowers and Mexican pods. The gowns worn by the attendants were brought from Munich, Germany by the bride who recently returned from Europe.

Attending the groom was his cousin, Thomas Federspiel of Brant and groomsmen Charles Rinze of Brant. Ushers were Everett Reneaud and Karl Krem-

er, brothers-in-law of the bride and Gregg Krebsbauch of Flint, cousin of the groom.

Elaine Krebsbauch, cousin of the groom was flower girl and Michael Shannon of Traverse City, cousin of the bride, was ring bearer.

Steven Simpson was soloist accompanied by his mother, Mrs. Delores Simpson at the organ.

Immediately following the ceremony the new Mr. and Mrs. Krueger received their guests at a reception and dinner at the Marian Springs Conservation Club. Mr. and Mrs. Durwood Schultz of Ovid were host and hostess.

The bride is a 1971 graduate of Central Michigan University and the groom is employed at Fisher Body in Lansing after recently serving a tour of duty with the United States Marine Corp.

Upon returning from a Northern Michigan wedding trip they will make their home at 6615 Buck Road near Carland.

Six join O-E staff
Meet your new high school teacher

OVID-ELSIE—The Ovid-Elsie High School has six new instructors on the staff this year. Their fields of work range from counseling and English to science and physical education.

MRS. SALLY BORON, is the new high school counseling and guidance director. She will have her master of arts degree in December from Michigan State University in counseling.

Mrs. Boron had taught for one year in the Owosso school system at the junior high school level and taught for six months at the old Ovid High School.

Mrs. Boron is a former resident of St. Johns and now resides near Laingsburg. She and her husband, Allan, have two children, Michael, 5, and Suzette, 4. Mr. Boron owns and operates a dairy farm near Laingsburg.

RICHARD KORA is in his first year of teaching and is an English instructor at the high school. He is a 1971 graduate of Michigan State University where he received his bachelor of arts degree in English.

Kora, a native of Rudyard, a small town in the Upper Peninsula, and his wife Sally Ann have two children. They are Steve, 5 and Julie Lynn, five months. The Koras reside at 1960 W. Taft Road, St. Johns.

TOM BARTOL is the new science teacher at the school and has taken on the chores of junior varsity football coach. This is his third year in the Ovid-Elsie school system.

He is a graduate of Central Michigan University where he

earned a bachelor of science degree in biology.

Bartol and his wife Susan have one child, Thomas Jr., 1. The former native of Escanaba resides with his family at 2490 N. Ovid Road, Ovid.

BARBARA ANDERSON is the new physical education and sociology instructor at the school. She is also the faculty advisor for the varsity cheerleading squad.

This is her first year of teaching after receiving a bachelor of science degree in education from Central Michigan University.

Miss Anderson, a native of Muskegon and a graduate of Muskegon Orchard View High School, currently resides in Elsie.

LARRY SPRAGUE is the new agriculture instructor in his first year of teaching. He is a graduate of Michigan State University with a bachelor of science degree in agriculture.

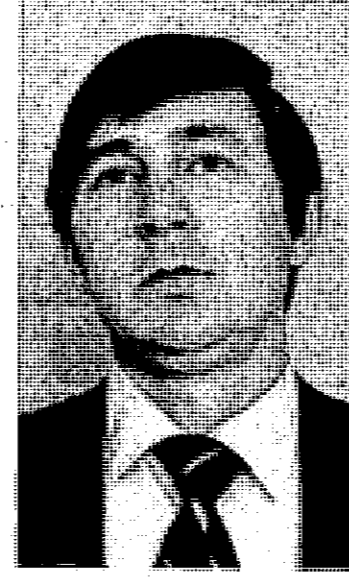

A native of Durand, Sprague and his wife, Janet, and daughter, Christy, six months, reside in Durand.

MRS. CAROL BERRY is the new special education instructor. She is a graduate of Central Michigan University with a bachelor of science degree in education. This is her first year of teaching.

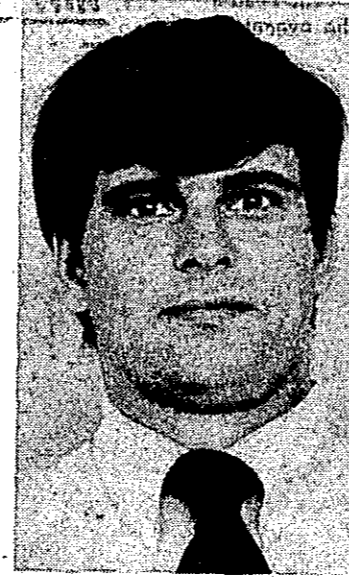

Her husband, Robert, is the band director at Fowler High School. Mrs. Berry, a native of Portage, has one son, Christopher, eight months. She and her family reside at 331 N. Sorrell, Fowler.

may your health continue to improve.

Richard Acre will be able to return home this week after spending the past two weeks at Memorial Hospital in Owosso.

Morning Star Chapter No. 279, OES of Ovid, met in regular session on Tuesday evening, Sept. 14. Correspondence was read from the Grand Chapter. It was also announced that Grand Chapter would be held on Oct. 13, 14 and 15 in Grand Rapids. The October meeting will be one week earlier, on Monday, Oct. 4. A nominating committee was appointed to find officers for the 1971-72 year. Before the meeting closed Sister Christine Snyder was escorted to the East and presented a gift by the Worthy Matron, Mrs. Snyder. Mrs. Snyder has missed only one regular meeting during the past ten years. Refreshments were served in the dining room by Mrs. Raymond Moore and her committee.

The Council of Ministries of the Shephardsville United Methodist Church met on Monday evening, Sept. 13 at the church. It was announced that a teacher had been secured for the junior class. Nothing as yet has been done about the schoolhouse. The chairman reminded the council again of the date of the charge conference.

Debra Euper was the guest of honor at a church-wide bridal shower on Sept. 16. Miss Euper will become the bride of Edwin Waters on Sept. 25.

Hostesses for the affair were Mrs. Dale Squiers, Mrs. Clare Alderman, and Mrs. Charles Swender. The refreshment table and gift table were decorated in lavender and white, the bride-to-be's favorite color. Miss Euper received many lovely and useful gifts. She was assisted at the gift table by Diane Waters and Mrs. Russell Waters. Diane Waters received the door prize/

ANNA ALDERMAN TO CELEBRATE 90th BIRTHDAY

Mrs. Anna Alderman will be 90 years old on Sept. 24. She was the youngest of eight children of William Henry and Catherine Shurte Hoffman and was born in Eaton County. Her mother died when she was two years old and she was raised by her sister, Ella until she was ready for high school. She then went to live with an aunt in Muir. Her father was a practicing physician in Dimondale. She graduated from Muir High School in 1900 and taught school for two years in Lyons.

Miss Annabel Hoffman and Ellis Alderman were married on Sept. 2, 1902. The young couple moved to Duplain where Mr. Alderman and his brother, Frank, owned and operated a grocery store. From this outlet the first Alderman delivery wagon went on the road. It is interesting, also, to note that her son, Clare, still carries on the tradition started in the early 1900's with no interruption of the service.

The Shephardsville store opened in 1907 and William Alderman became a partner. Clare Alderman is now the sole owner of this store.

Mrs. Alderman has given years of service to her church. She has taught Sunday School, been an advisor to youth groups, been active in missionary work, and in WSCS. She is a member of the Shephardsville Church, a life member of Morning Star Chapter No. 279 OES of Ovid, and a life member of the Ovid Duplain Library Club.

She has never been too busy to help another in need or in trouble. Many people call her blessed including her children who are Margaret Alderman Blacklock of Midland, W. K. Alderman of Bay City and Clare Alderman

MARAUDER CROSS-COUNTRY SQUAD

Ovid-Elsie cross-country coach John Oberlin has been busy since school opened to whip his charges into shape for the current season. From left, front, are Bob LePard, Dennis Marks, Al Cobb, Rick Groesbeck, and Dave Staples. Back row, Neil Schulz, Larry Bernath, Rob Irms, Cliff Hubbert and Coach Oberlin.

of Ovid. She has eight grandchildren and four great-grandchildren.

Her husband passed away in 1958. Since that time she has made her home in Midland. Her address is 1307 E. Grandville Road, Midland, 48840.

Her main desire for her 90th birthday is to receive lots and lots of cards.

Owosso were read by the president, Madge Craig will buy gifts in case of illness of committee members. The president read a resolution from the executive committee stating that the serving of dinners following deaths has always been considered a service of love not performed for money. Hostesses and programs were filled out for the remainder of the year as the Society year will now be the same as the calendar year.

Leadership training classes will be held Sept. 8 and Oct. 6 for the officers.

Nominating committee report was read by Mrs. Gardner following which the slate was elected for the coming year as follows: Helen Hubbard, President; Letha Furnish, Vice-president; Esther Semans, Secretary; Elizabeth Putnam, Treasurer. Chairman of program areas: Margaret Potter, Christian Social Relations; Rita Whitmyer, Missionary education; Ilen VanDyne, spiritual growth; Loreta Warren, local church responsibility; Gladys Warren, membership; Esther Tubbs, chairman nominating committee; Dorothy Jordan, program material.

A smorgasbord was discussed but it was decided to have a public chicken dinner instead this year and the date set was October 13. Co-chairman to plan this

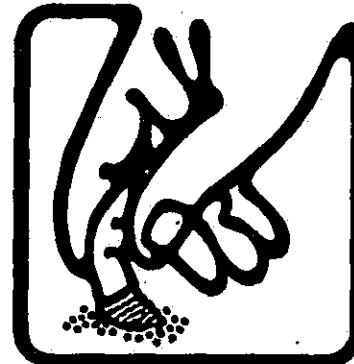

will be Margaret Potter, Elizabeth Putnam and Leota Gardner.

A shower will be held soon for Marjorie Whitmyer. Committee for the shower will be Esther Semans, Elizabeth and Grace Putnam, Thora and Charline Austin and Dorothy Jordan. Date will be announced.

The worship service, under the direction of Margaret Furry and Minnie Burgess, presented the program "Retirement", A Boon or Bane?"

The meeting closed with prayer after which the hostesses served the 23 members and 4 guests refreshments.

New 1972 engineering, styling, at frozen 1971 prices... Never a better time to buy a Ford!

Gran Torino.

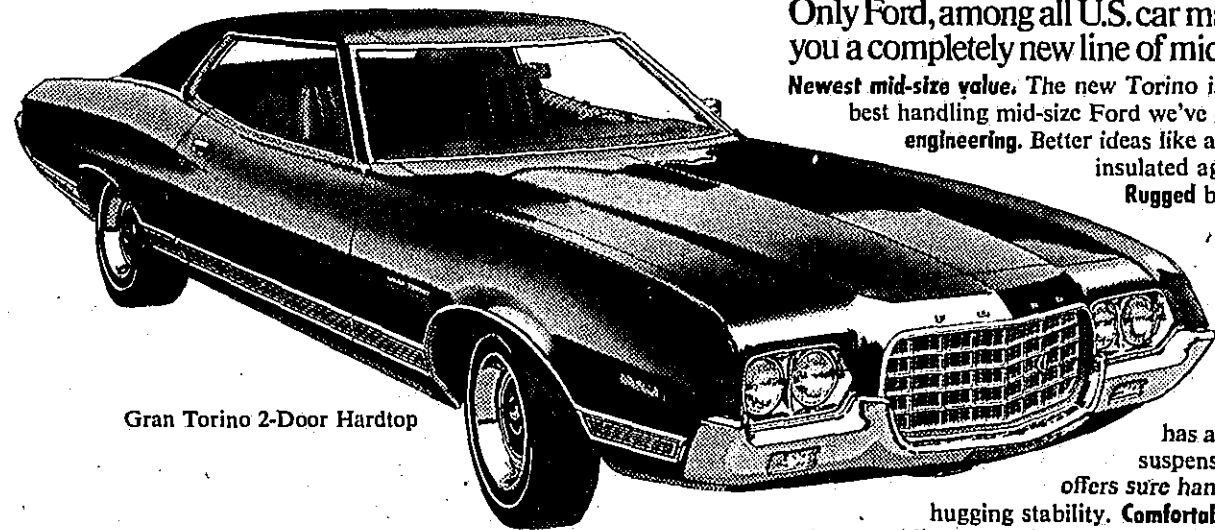

One of nine all-new Torinos. Only Ford, among all U.S. car makers, brings you a completely new line of mid-size cars.

Newest mid-size value. The new Torino is the best built, best handling mid-size Ford we've ever made. New engineering. Better ideas like a steering system insulated against vibration.

Rugged because Torino's new computer-tuned body-frame gives excellent support and rigidity.

Smooth riding because Torino has a new coil spring suspension system that offers sure handling and road-hugging stability. Comfortable because you get extra riding room in all nine new Torinos for 1972.

Quiet because it's a Ford.

Gran Torino 2-Door Hardtop

Ford LTD.

World famous for its quiet ride... now one of the world's most luxurious cars. Ford LTD is quiet... plus.

LTD Brougham 2-Door Hardtop

Card of Thanks

DAVIS & SCHAFER—We want to thank the people who came to help my boyfriend and me Sunday September 12, 1971 at our accident at the corner of State and North Lansing St. We both are doing fine. We want to thank the guy that saw what happened and came back and gave his name and address to the policemen. And thanks to Officer Teachout, who was real nice. Jan Davis and Alvin Schaffer. 21-1p

SPENCER—Thanks to all for the many cards and gifts received and for the many other things done for me to make my 90th birthday anniversary, a day I will never forget. May God Bless and keep you all. Most sincerely, John R. Spencer. 21-1p

FEDEWA—The family of Leon Fedewa wishes to thank Frs. Schmitt, Miller, Gutha and Fr. Fred, the Geller Funeral Home, relatives, neighbors, friends and the woman who prepared the meal, for the masses, flowers, food, visits and other acts of kindness shown during his stay at the hospital and during their recent bereavement. 21-1p

HARRIS—We wish to express our sincere thanks and appreciation to Dr. Russell, nurses, aides at Clinton Memorial Hospital, Anna, Jack, and Duane Jackson, Rev. William Hankard for his comforting words, Osgood Funeral Home, the pallbearers, our many relatives, friends, neighbors for masses, flowers and many acts of kindness. St. Catherine Guild of St. Joseph Parish and all who helped prepare and serve the dinner after the funeral. We are deeply grateful to all of you for the kind expressions of sympathy. The family of Carl J. Harris. 21-1p

Idaho vs Iowa? Well, why not. It probably would have been a good game. But it wasn't played and isn't even scheduled to be played so everyone who entered the first edition of the County News's Football Contest had one wrong. Then Wisconsin and Syracuse played to a tie, so everyone had two wrong.

Ron Ballinger of St. Johns thought the Steelers would beat Chicago, so he had three wrong. A lot of people had four wrong, but Ron picks up the \$20.00 prize and is hereby declared "Football Expert" for winning the first week's contest.

Middlebury

By Mrs Don Warren
Phone 834-5020

Saint Thomas Aquinas Church in East Lansing was the setting of the marriage Saturday of Marjorie Whitmyer and James Murphy. The bride is the daughter of Mr. and Mrs. Richard Whitmyer of rural Lansingburg and the groom is the son of Mrs. Joseph E. Murphy of Detroit and the late Mr. Murphy. Msgr. Jerome MacEachin presided at the nuptial mass. Given in marriage by her father, the bride was gowned in an empire-style dress of bonded crepe with lace trim and a cathedral length veil edged in lace. She carried a cascade of pink roses and white mums. Sisters of the bride, Phyllis and Joyce Whitmyer attended as maid of honor and bridesmaid respectively. They wore identical gowns of rose pink voile. Max Whitmyer, brother of the bride, and Michael Chapko attended the bridesgroom and also as ushers. Corsages of roses and mums were presented to Mrs. Whitmyer and Mrs. Murphy. A special guest of the couple was Mrs. Florence Rogers, grandmother of the bride. The bride and groom received their wedding guests at a reception held in the reception hall of the State Bank of Perry. Mr. and Mrs. Murphy will make their home in Mt. Clemens, Michigan.

Several families from the Middlebury area attended the Whitmyer-Murphy wedding and reception Saturday in Lansing and Perry.

Mr. and Mrs. Warren Rysberg, and Mr. and Mrs. William Rysberg were Saturday callers at the Charles Warren home.

Mr. and Mrs. Joe Jordan and family spent the weekend vacationing in Northern Michigan.

A WHILE BACK Del Thelen, Ron Schrauben and their wives journeyed to Cedarville and the Les Cheneaux Islands for a little pike fishing. Del who is Westphalia's answer to TV's Flying Fisherman reported that over 200 perch were taken, and the average size was 10 inches. The pike? When the jumbo perch started biting they forgot all about them.

New Car Open Houses and Showings will be taking place all over the area. Bee's will be showing '72 Chevrolets and Oldsmobiles; Cains, Inc., new Buicks, Pontiacs and Opels; Hettler's, the '72 Chryslers and Plymouths; Lundy's, the new Dodges; Egan's, the new model Fords and over in Fowler Jim Edinger will be displaying the new Chevrolets.

Charles Shults writes the comic strip, "Peanuts" and his cast of characters are also featured in "Peanut" books, including "Happiness Is..."

Happiness is, according to the Peanuts group, a warm puppy, a room of your own, an invitation to a birthday party and like that.

How about unhappiness? Little folks have their own ideas about happiness and I'm sure they have their own ideas about unhappiness. Right now, at our house, unhappiness is... a stolen bicycle.

I call our youngest boy "Animal". So right off, you know he's not an angel. He's a boy... all boy. He gets dirty, very dirty. He fights, swears (when he thinks his mother can't hear him) gets skinned knees, has smoked, drinks out of my iced tea can, tolerates little girls and most of the time makes his pappy proud.

He exists in a world of hand-me-downs. He wears his brother's old winter coat, plays ball with his brother's old glove, swims with his brother's old fins and can't even call the dog his own. But he's never complained. He's either smarter than we give him credit for or dumber than we think.

For his sixth birthday, last March, we decided we really should get him a present. A real present, just for him. For years we would get him

things like new curtains and bedspread for his room, paint and wallpaper for his room, underwear and socks or a pair of shoes.

Last March we presented him with a shiny red 20" (cheap) bike. He thought it for his brother. When we convinced him it really was his, we had one happy kid on our hands.

And he took care of that bike. He washed it, kept the nuts and bolts tight and even decorated it for local parades. He put it away every night and was kind of finicky about who he'd let ride it.

It was stolen the other day. He was on an errand for his mother. When he came out of the store it was gone. His mother went with him to look for it; the neighborhood boys organized a "posse" to look for it. Nothing.

Like I say, he's no angel, but he doesn't understand stealing. He can't understand why anyone would take a little kid's bike. We've tried to explain things to him. He says he's "sad", and he has to be disillusioned and confused. I guess that's what unhappiness is all about.

THE PAUL SCHUELLER FAMILY

meet Paul Schueller, our executive loan officer

Being a Clinton National Bank employee for seventeen years certainly qualifies Paul Schueller for ranking among our long-timers and that's the milestone he'll reach come next March first. It was in 1955 when Paul joined the bank and since then he has advanced to the position of vice president and executive loan officer, a job which has found him leaving his desk in St. Johns to frequently visit our other offices. Paul's banking experience and loan knowledge extends to all of our loan officers in each of our locations and his life-long residency in the Clinton area provides a firm background from which to assist employees and loan customers alike.

Paul lists bowling and golf as his hobbies, but from first-hand information we know his leisure time is filled with many other activities. He's not only a golfer but also serves as treasurer of Clinton County Country Club. He holds a similar duty with the American Legion and in addition has served in key capacities on various committees and boards of St. Joseph Church.

Paul and his wife Gladys have four children, Daniel is a freshman at Lansing Community College; Ken and Ray are students at St. Johns High School and Jane is a third grader at St. Joseph School.

Like all Clinton National people, Paul is interested in the people who visit our bank and as executive loan officer he's in a pretty good position to help those who need it. Stop in and see Paul soon.

KEEP MICHIGAN BEAUTIFUL, INC.

KMB plans meeting

Keep Michigan Beautiful, Clinton County Chapter plans to hold a monthly meeting on Thursday, September 30 at 7:30 p.m. in the Community Room of the Central National Bank according to Bruce Campbell, county chairman.

"Slides will be shown of the junk car clean-up! Arnold Minarik, co-ordinator of the county-wide project, would still like to hear from you if you can help us finish up," Campbell said. "We need trucks (any size) with wrenches, tow bars or boom cranes; and if you've got the spirit of '76 call 224-6761, ext. 221 and volunteer your time to help clean-up the junkers that are left. Since we are a non-profit organization, any in-kind contribution (let alone donation) is tax-deductible! For further information on membership, donations and how you can help call Fred 224-7182, or Sylvia 641-4497 or Loretta 834-5547. Any interested and concerned citizens are cordially invited to attend our meeting, he added.

"We shall hear a report of our legislative committee concerning status of the new anti-bill-board bill and the proposed ban on non-returnable bottles and cans," he said. "We shall elect two secretaries for recording and correspondence, a publicity chairman and an historian.

If you are interested in executing any of the above positions, please call 224-7077. Also to be discussed fall and winter clean-up plans.

"We will certainly discuss the possibility of getting sponsors to furnish material for glass collection boxes to be located around our county," he said. "We will have on hand a petition for registered voters to sign asking county officials to erect more anti-littering signs and to place these along our county roads. Maybe better enforcement of our present law "no-littering, \$100 or 90 days in jail" is the logical step.

John 8:1-11 was the scripture text for the message Sunday morning at the Church of Christ. Question in the sermon was "What did Jesus write on the ground in verses 6 and 8?" Points brought out were; You can't trick God; You can't hurry God; You can't face God; and You can't outlove God. Each point was backed up with lesson examples from the scriptures, ending with some suggestions on what Jesus might have written! Greeters for the day were Mr. and Mrs. Lyle Acre.

Legislative questionnaire

By SEN. WILLIAM S. BALLENGER

I arbitrarily set the Fourth of July, 1971, as the cut-off date for responses to my legislative questionnaire, mailed out in March. By July 4, the returns, which over three months amounted to 5,168, had slowed to a feeble trickle.

My questionnaire reached an estimated 30,668 homes. The percentage of questionnaires returned was therefore roughly 16.9 per cent. The breakdown by individual counties was as follows: Ingham, 20.9 per cent; Montcalm, 19.5 per cent; Shiawassee, 19.5 per cent; Eaton, 18.3 per cent; Gratiot, 14.7 per cent; and Clinton, 14.2 per cent. Although that's not nearly as good a return as I'd hoped for, it's considerably better than usual. (Most state legislators receive only a 10-12 per cent response on mailed questionnaires.)

I might point out, too, that a higher percentage of returns probably wouldn't have changed the results of my questionnaire significantly. The experience of other State Senators indicated that a high or low percentage return on a mailed questionnaire does not necessarily make for great variance in results. Furthermore, over the past few years there has been a marked similarity between the results of legislative polls like mine and the official results of election referenda held on certain other key issues we've faced such as water pollution, daylight savings time, the graduated income tax, and Parochialism.

Although I had 5,168 questionnaires returned to me, a total of 8,694 men and women responded since many a husband and wife "doubled up" with each answering on the same questionnaire. I was pleased to note that as many women (4,292) answered as men (4,402). The responses of men and women to nearly every question was remarkably similar except on the second question under WOMEN, where women respondents narrowly favored "equal pay for equal work" and men opposed the idea by about the same margin. Incidentally, a bill embodying this concept was signed into law by the Governor in late July. I voted for it.

As of this writing, I can report that bills concerning some of the questions have already been passed by at least one house of the Legislature. These include Questions No. 2, No. 4 and No. 5 under WOMEN; Questions No. 1, No. 2 and No. 4 under ENVIRONMENT; Question No. 4 under CONSUMER AFFAIRS; Questions No. 1 and No. 3 under SOCIAL PROBLEMS; Question No. 3 under SNOWMOBILES; and Question No. 3 under TAXATION & SPENDING. Only Questions No. 2 under WOMEN and No. 3 under SOCIAL PROBLEMS have actually been signed into law, however.

The results of this questionnaire confirm the fact that the 30th Senatorial District is a remarkably homogenous area. There was very little variation between the percentages of "Yes" and "No" to my various questions from the various parts of my district. No matter whether you live in Alma or Durand or

Delta Township or Lakeview or Williamston or DeWitt, you were apt to answer all the questions in roughly the same way. You've helped me do my job, and I thank you for your interest.

WOMEN

1. Some feel "Women's Lib" has done for the "Equal Rights for Women" amendment now sidetracked in the U. S. Congress what the Boston Strangler did for the door-to-door salesman. Others feel the amendment wouldn't have received as much attention as it did without the impetus of "Women's Lib." Generally speaking, do you support the goals and aspirations of Women's Lib?

4-H sunflower, pumpkin and gourd show

Who has the largest pumpkin, the biggest sunflower or the best decorated gourd? These are the questions the Clinton County 4-H members will see on Thursday, September 30 at their 2nd Annual Clinton County 4-H Pumpkin, Sunflower and Gourd Show, 8:00 p.m. at Smith Hall. Members will start bringing in their products at 7:00 p.m. to weigh in or measure for size and placing.

The public is invited to attend and see the show. The winning products will be on display at the Central National Bank during National 4-H Week, October 3-9.

From seed planted almost five months ago, it's difficult to think some pumpkins will weigh from 75 to 100 pounds. The members will see if they can top last year's top prize entries of Ron Schaefer, Happy Hustlers Club, whose pumpkin weighed 87 1/2 pounds and Ed Falvor, Kountry Kousins Club, whose sunflower measured 21 1/4 inches in diameter.

The decorated gourd contest is a new feature this year so members could try their skill in raising various gourds and decorate them. Prizes of \$5, \$3, and \$2 will be awarded to the top three entries in the three different areas of pumpkins, sunflowers and gourds.

Certificates will be given to all youth who participated in the pumpkin and sunflower contest by the Men's Garden Club of America.

The Mammoth Pumpkin seeds were donated by the W. Atlee Burpee Seed Company and the

Giant Sunflowers were donated by the Ferry Morse Seed Company.

The top two entries in the Pumpkin and Sunflower Contest will have their pictures and records sent on to the National Contest.

ROBERT NETHAWAY of Ovid will be participating in the Eastern United States 4-H Tractor Operators Contest September 26-28 at Richmond, Virginia.

Robert will be representing the state of Michigan in this contest having won the State 4-H Operators contest at Michigan State University on August 24. The Eastern Regional Contest will consist of a written exam, backing a two wheel trailer, and a 4 wheel wagon through a course and a practical examination to determine what's wrong with a tractor.

He will be accompanied by his parents, Mr. and Mrs. Gerald Nethaway. During their trip they will visit Washington, D.C., Williamsburg, Virginia and other areas. The tractor operators contest is part of the Virginia State Fair at Richmond. Robert is a member of the Spring Valley 4-H Club and attends Ovid-Elsie High School.

Clinton County 4-H members have represented Michigan for the past four years at the Eastern Regional 4-H Tractor Operators Contest at Richmond. They are David Schwark-Ovid in 1968, Matthew Peck-Elsie in 1969, Gerry Little-Ovid in 1970, and Robert Nethaway-Ovid in 1971.

4-H MEMBERS with Regis-

tered Holstein cattle will have the opportunity to compete for the honor of Clinton County Distinguished Holstein Boy and Girl for 1971.

Application forms have been mailed to members 14 and over who would be eligible for this honor. All applications must be completed by October 15 and returned to the County Extension Office or to George Hazle.

The county winners will be forwarded to compete in the state contest for the Distinguished Holstein Boy and Girl.

The Elsie 4 Corners 4-H members have elected Alan Cobb as their President for the winter program. Other officers include: Annette Zuchswald-Vice President; Helen Blakely-Secretary; Margaret Horak-Treasurer; Terri Furstenau-Newsreporter; Pam Phelps-Health; Joe Horak-Safety; Krystal Gilbert and Teresa Siowinski-Song Leaders; Laura Craven and Dawn Kidas-Recreation Leaders.

Lisa Baese was recognized for placing 2nd in the Junior Division of the State Horticulture Identification Contest where she won a \$10.00 gift certificate of garden seeds.

Their officers met and drew up a tentative program for the club, featuring their fall Achievement November 1, Christmas Caroling December 18, Talent and Skit Night January 3, and Club Style Revue on March 6.

The 4-H Softball leaders met last week to set up plans for the 1972 summer softball program. They were in favor of having the ballgames each week as fast pitch with one or two

games to be played as slow pitch. They were in favor of a double elimination play off with each game limited to 5 innings. A number of other changes were suggested regarding the rules and regulations to use throughout the summer.

Cavazos named program leader

EAST LANSING—The appointment of Sigfredo (Fred) L. Cavazos as a program leader in the 4-H youth programs' Chicago project was announced today by G. S. McIntyre, director of the Michigan Cooperative Extension Service. Cavazos will coordinate efforts of the 4-H — youth and family living education divisions in the development of programs for Chicano families settling in Michigan.

In association with the campus based specialists and county based field staff, Cavazos' primary task will be to develop programs focusing on the well-being of Chicano families.

Cavazos' appointment was confirmed in the September meeting of the Michigan State University Board of Trustees.

CAVAZOS HAS WORKED as a teacher in his home state of Texas and in Fenville and Lansing, Mich. He has received degrees from Texas Southmost College, A.A.; University of Texas, B.A.; and is working on his master's at Michigan State University.

He is married and the father of four children.

No acreage limit on 1972 wheat

EAST LANSING—No acreage restrictions will be placed on the wheat being seeded now for harvest in 1972. The announcement was made by Nick Smith, chairman of the Michigan State Agricultural Stabilization and Conservation Committee.

"Although domestic wheat allotments have been established and this announcement of unlimited planting appears contradictory, these statements are correct," Smith said.

The wheat allotment will not limit plantings as they did in the past. Under the set-aside Agricultural Act of 1970, a participating farmer agrees to set-aside an acreage of cropland from production and devote it to an approved conservation use.

This set-aside represents his primary contribution to a National Cropland Adjustment Program designed to maintain the production of wheat, feed grain and cotton in line with demand. Wheat allotments will be used to determine set-aside requirements and his payment if he chooses to participate in the wheat program.

SECRETARY HARDIN recently announced that for 1972 an acreage allotment of 83 per cent of the domestic equal has to be set-aside to qualify for program

benefits. In 1971 the set-aside was only equal to .75 per cent of the allotment. The set-aside for feed grains and cotton will be announced at a later date. After making the set-aside, the farmer is then free to plant his remaining cropland to any crop he wishes.

"IT IS VERY important, however," Smith said, "that wheat growers be aware of the fact that if they do not plant wheat there is the possibility they will receive a reduction in their allotment or lose it entirely."

They do have the option, however, of protecting their allotment by substituting an equal acreage of feed grains or soybeans or by participating in the program and electing not to receive a payment on the underplanted portion of their wheat allotment.

Although in 1971 and again in 1972 there will be no restrictions on wheat plantings, the Secretary of Agriculture does have the authority to limit acreages if the supply of wheat should become excessive.

The sign up for the 1972 program will begin on February 28, 1972, and end on April 7, 1972. Participation is voluntary. Last year 66,000 Michigan farmers out of a possible 87,000 participated.

If today's farmer manages to stay in business in the face of his low net income, it is due to his spectacular efficiency and increased productivity.

Farmers are proud of their accomplishments in feeding the nation as well as meeting some of the food needs of our foreign neighbors, but at the same time are concerned about the future of agriculture which is caught in a continuing cost-price squeeze.

In the past decade, output per man hour in agriculture has increased twice as fast as in industry. However, increased efficiency and high farm output have meant higher expenses for farmers.

THE NUMBER ONE agricultural problem in America today is net farm income—how the farmer can make increased productivity pay off in terms of solid net income. Contributing to this problem is inflation. The exemption of raw agricultural prices from President Nixon's wage-price freeze is a recognition that farm prices have not contributed to inflation.

Compare, if you will, the price

at which the consumer buys his food, which has gone up only 7.8 per cent in the last twenty years, with a recent labor contract that called for a 42 per cent increase over the next forty-two months.

The U.S. Department of Agriculture predicts better income prospects for agriculture for the second half of 1971, but there are many factors which may have adverse affects. Agriculture's ability to maintain or increase farm exports could have an important influence on net farm income.

President Nixon's recent imposition of a 10 per cent surcharge on imports could cause foreign nations to take retaliatory action by raising tariffs or imposing import quotas which would certainly include U.S. farm products.

IF INFLATION is checked, so the cost of farm production does not continually increase, as has been more than 50 per cent over the last twenty years, farm net income has good prospects of increasing — solving agriculture's number one problem.

Fall spectacular with cut

While Mother Nature's autumnal color spectacular is often attributed to everything from Jack Frost to dry weather, the real explanation lies in the earth's tilt, according to Automobile Club in Michigan.

As the tilted earth speeds through space toward its winter position, the northern hemisphere moves away from the sun, shortening the amount of daylight. This triggers a biological switch that causes trees and other plants to stop producing chlorophyll.

Actually fall colors are present in leaves all summer. When daylight wanes, chlorophyll is no longer made fast enough. The green leaf color diminishes and hidden hues begin to show.

"THE END PRODUCT of this involved process is expected to draw 600,000 motorists onto Michigan highways between now and early November for fall color tours," according to Joseph Ratke, Auto Club touring manager.

"From all indication, this fall's color show should be the best in years. To view it," Ratke adds, "tourists are expected to spend almost \$48 million — up five per cent from last year."

The reason this year's color tour should be better than usual is that warm, dry weather — which the state is experiencing — intensifies fall colors in woods and fields.

"Many people have the assumption that an early frost will produce good color, when actually it is detrimental," states Ratke.

VIVID FALL HUES usually last two weeks in an area, but heavy rains and high winds can cause an abbreviated season by knocking and blowing leaves from their branches.

"When and where color in an area is best depends on the location and the types of trees involved," according to Ratke.

Oak trees usually show color late in the season, elms early, and maples in mid-season.

Auto Club's calendar for viewing the most spectacular color in various parts of Michigan is:

UPPER PENINSULA AND northern tip of Lower Peninsula — September 24 to October 3.

Northern third of Lower Peninsula — October 1 to 10.

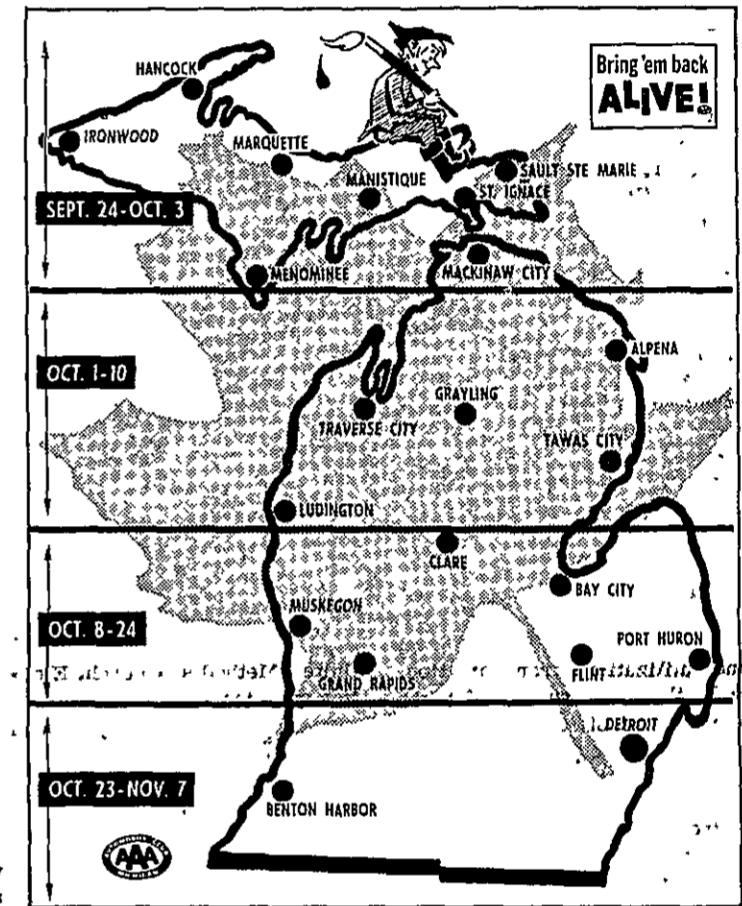

Central Michigan — October 8 to 24.

Southern Michigan — October 23 to November 7.

"MANY CHAMBERS OF commerce have special color tour maps for 'windshield tourists' and have posted routes," Ratke says.

For example, the Petoskey Chamber of Commerce has mapped four routings along 200 miles of road. Petoskey tours highlight the country where Ernest Hemingway spent the first 21 years of his life.

"Wherever you are this fall, prospects for this year's color explosion appear to be of bonanza proportions if warm, dry weather continues," Ratke says.

Herd improvement theme of Seminars

ST. JOHNS—Of interest to dairymen and beef cow-calf owners, Michigan Animal Breeders Cooperative is planning to continue the Cattle Breeding Seminars that were so successful last year. Seminars are planned for December 1 thru 9.

The purpose of the Breeding Seminars according to Ken Baushe, MABC General Manager, is to provide Michigan and Northern Indiana Dairymen and beef cow owners, students, extension agents, and others with an educational program that will help cattle owners to take greater advantage of their Artificial Breeding Program.

"Improved Conception and Fertility" is the theme of the Seminar. In addition to the MSU personnel, Dr. Harvey Shaffer of Pennsylvania State University will enlighten cattlemen regarding the internal workings of the cow as related to conception. The basic objective is to improve conception to the best genetic-

ly proven stré possible and to obtain a high percentage of live healthy calves for future replacement or resale purposes.

THE MORNING SESSION is organized to be of value to both Dairy and Beef cow owners. The afternoon will be separated into two groups. In the Dairy group, MSU specialists will review dairy herd management for improved fertility. Also, the importance of fertility to proper sire selection for production and other traits for greatest profit will be developed in this discussion section.

The afternoon Beef session will feature Roland Allen of Eastern Idaho, who successfully operates a 600 cow beef herd on an A.I. program. Allen will tell beef men how he does it. MSU specialists will discuss management for improved fertility. These meetings will be held at Chatham, Dec. 1; Camp Kett, Dec. 2; Alpena, Dec. 3; Cass City, Dec. 4; Stockbridge, Dec. 7; Kalamazoo, Dec. 8; and Goshen, Ind., Dec. 9.

Certified seeds lead pampered life

EAST LANSING--Certified seed samples, submitted to the Michigan Crop Improvement Seed Lab, can look forward to a pampered life, according to Harold Laswell, Manager of the Michigan Crop Improvement Association.

In laboratories, maintained and operated by the State recognized seed certification agency, seeds receive the best of treatment, grow under ideal conditions, and are under the constant watch of trained personnel, taught to cater to the seed's every need.

Why all the concern for a lowly seed? "This is the only way we can test to determine whether seeds will meet the strict requirements necessary for certification," said Laswell. "Certification, among other things, is a type of growth insurance," he said, adding that 90% of all seeds tested must demonstrate vigorous growth. "Unless 90% of the seeds submitted for certification germinate or grow, they cannot be passed on for the further testing."

And how are the seeds pampered? A rundown of the "red carpet" treatment would make clients of an expensive health spa jealous. When a certified seed grower's samples first arrive at the lab they are mechanically divided into one pound samples

for purity analysis. From this sample a germination or growth sample is selected, consisting of four replicas of 100 seeds each. These replicas are planted or placed in trays on mediums that offer the best growth potential. Some are laid on blotters, others on Kimpac (fibrous cotton material) pads, and others in a thin layer of soil, whichever medium is best for the particular type of seed being tested.

TRAYS OF SEEDS ARE then popped into Germinating Growth Chambers; stainless steel cabinets that automatically provide the best environment for growing the seeds. Humidity is constantly maintained between 95 and 100%, while a perfect blend of artificial sunlight and dark is guaranteed by controls programmed to turn on and off the light at specific times. To insure against overheating or chilling of the young seedlings, temperatures are automatically maintained so they do not vary more than plus or minus two degrees. A running tabulation of temperature variation is constantly recorded on paper discs, which are checked daily by M.C.I.A. technicians.

All this care and special handling of seed, of course, costs money. New Germinating Growth Chambers, recently purchased by

M.C.I.A., came with a \$5,000 price tag. "We recently installed air conditioning in our labs," said Laswell, "to the tune of around \$1,000." "Although this makes things more comfortable for our workers," he said, "the main reason for air conditioning is to improve the testing environment of our seeds."

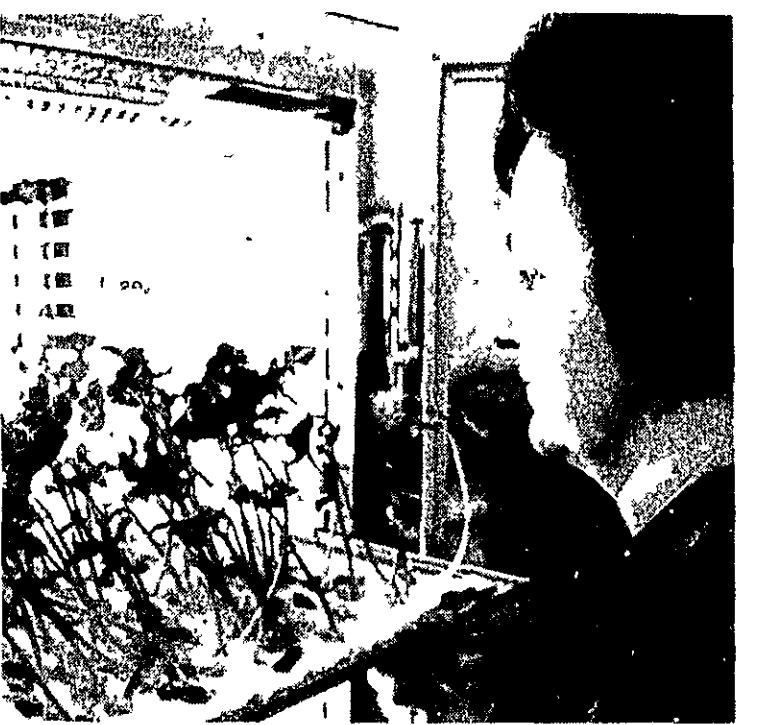

After all the special treatment, it comes time for the germinating seedlings to pass a visual examination. Samples are removed from the growth chambers after a period that ranges from seven to ten days. Samples are examined to assure that 90% of all the seeds have germinated, and contain the necessary parts; roots, growth tips and leaves. An average is taken from four 100 seed samples submitted by an individual grower to assure fairness in testing. "More importantly, though," said Laswell, "is the fact that once seeds meet the 90% germination standard, buyers of the seed are statistically assured that all seed in the crop sampled will grow with equal vigor and reliability."

When asked if all the pains and expense were necessary, Laswell affirmed the need, stating that the personnel training and special equipment helped his staff to do a better job for the Associations over 450 Certified

Seed Growers.

"Over the long run," said Laswell, "the people who benefit most from our extra efforts in the labs are the farmers who purchase certified seed." "Be-

sides getting seed that has guaranteed varietal purity, and is free of noxious weeds, they are receiving a product that will produce higher yields in the field, where success is measured in increased earnings per acre.

Support rates announced

ST. JOHNS—Basic county support loan and purchase rates for 1971 crop corn have been announced. Here in Clinton County the rate is \$1.09 per bushel.

There are no changes from the 1970 loan and purchase rates. However, for the 1971 crop, loan rates will be made available on a county "where stored" basis instead of "where produced" as for prior years' crops. This action is intended to encourage the flow of corn into the principal consuming areas.

The county loan rates are based on national average loan level of \$1.08 per bushel (No. 2 basis) announced December 8, 1970. The county rates vary throughout the nation because of historic difference in locations and prices.

Variations in local corn prices are caused by such factors as changing trends in production and utilization, transportation, and others. A review of these factors and of local operations of the support program is made each year prior to establishing the county loan rates.

Premiums and discounts for 1971-crop corn will be unchanged from those in effect for the past several years.

Participants in the 1971 voluntary feed grain program are eligible for loans and set-aside payments for corn. The 1971 preliminary payment is 32 cents per bushel.

As stated on January 7, 1971, in Commodity Credit Corporation's 1971-72 sales policy announcement, the unrestricted use corn sales price for October 1971, basis in-store interior positions No. 2 with 15.1 through 15.5 percent moisture, will be the market price but not less than the 1971 county loan rate where stored plus 21 1/2 cents per bushel plus transit value, if any.

For corn in-store port positions, the unrestricted use price will be the market price but not less than the following fixed prices: Duluth/Superior, \$1.35 1/2; other Great Lakes Ports, \$1.38 1/2; East Coast, \$1.47 1/2; Gulf, \$1.46 1/2.

Carrying charges, in addition to those included in the foregoing markups and prices, will be added commencing in February 1972 and ending July 1972, at the rate of 1 1/2 cents per month.

Chrysler-Plymouth introduces the 1972's. Built to stay new longer.

We've made quite a few changes in our cars for 1972. A lot of them you can see right away. Like the new looks of our Fury. And the new interiors and options we're offering this year. But more important are some of the things you can't see. The kind of things we're doing to fulfill our commitment—we're dedicated to building cars that will run better and last longer than any car we've ever built before.

So whatever Chrysler-Plymouth car you're interested in—from the little Cricket to the compact Duster, from the mid-size Satellite to the luxurious Chrysler—you can be sure it was built with this commitment in mind.

Coming through with the kind of car America wants.

WATER TOWN CHARTER TOWNSHIP MINUTES

September 13, 1971

September meeting called to order by the Supervisor with all Board members present except Syver Thingstad. Also present Commissioner Montgomery, Elaine Amos and Donna Wells from the Park Board, Chief Briggs of the Grand Ledge Fire Department, Mr. Richard Cooper from Community Mental Health Board, Nasrat Al-Ashari, Maurice Lahone, Arnold Minkoff from County Zoning, Leon Clark and Vaughn Montgomery from Watertown Planning Commission, William Coffey and Lawrence Malar.

Minutes of August meeting approved. Treasurer's report placed on file.

Bills were read and orders drawn for the same. Orders No. 163 thru 191 on the General Fund; Order No. 4 on the Highway Account and Orders No. 25 thru 28 on the Cemetery Account. Transferred \$1000 from General Account to Highway Account.

Commissioner Montgomery reported that the new County Zoning is still under study, and mentioned that the Emergency Employment Fund might be used to hire three more Deputies in Clinton County.

The request of Nasrat Al-Ashari for a Tavern License was denied.

Mrs. Amos and Mrs. Wells presented the budget request from the Park Board with explanations of projects they hope to accomplish.

Mr. Cooper from the Community Mental Health Center of Lansing, requested use of the Spagnolo property on Grand River Avenue as a home for at least 11 trainable citizens. The Planning Commission and Township Board were heartily in favor of letting Mr. Cooper lease this residence, but classification of such a project is up to the Clinton County Zoning Board.

Mr. Briggs of the Grand Ledge Fire Department brought to the Board's attention the fact that more equipment and storage space will be needed in the very near future due to rising costs; described dry hydrant installation on the three bridges in Watertown Township and requested that we give consideration to this at once. He also pointed out the advantage of having the Township adopt the National Fire Code so that official inspections could be made by the Fire Department to help prevent fires and give more information on better safety measures.

Mr. Leon Clark gave the Planning Commission's report of their September 1st meeting.

The 1972 proposed budget was presented to the board with explanations and will be brought up again in October. The Park Development Committee have not been fully appointed.

Our regular October meeting will be on October 11, a legal holiday, so the following work day, October 12, will be the date of our regular meeting. The public budget hearing meeting will be held Wednesday, Oct. 27, at 8:00 p.m. at the Township Hall.

The request of Vector Construction Co. for omission of curb and gutter in their proposed subdivision on W. Grand River Avenue was denied by both the Planning Commission and the Township Board.

Meeting adjourned. MILDRED McDONOUGH, Clerk HERMAN OPENLANDER, Supervisor

Chest campaign

LANSING — With the 1971/72 Chest campaign approaching, General Campaign Chairman Richard E. Elliott has announced the appointment of five more volunteers to campaign division posts. Named as co-chairmen for the Area division, which takes in the smaller cities and townships of the campaign area, are Louis Wirbel and Harry Spenny. Both Wirbel, who is a hearing referee for the Michigan Department of Treasury, and Spenny, who is treasurer of Ingham County, have

served in recent campaigns, as well as in continued Chest leadership. Appointed by Elliott to chair the Government and Education division is Robert E. Shackleton, director of alumni relations for Michigan State University. As G&E division leader, he will be responsible for internal campaigns of the local federal, state, city and county government offices, as well as for those campaigns within suburban parochial, Lansing and East Lansing schools, plus MSU and Lansing Community College. Volunteering as 1971/72 Construction division chairman is Allen Conrad, executive vice-president of the Christman Co., who will be responsible for the building trades firms and employees. Wm. David Bone, vice-president of American Bank and Trust Co. and treasurer of the Chest agency, Big Brothers of Lansing, will head the Special Gifts division, which is responsible for soliciting individual gifts.

HEADING THE CLINTON County division of the Chest drive will be Charles Coletta, manufacturing engineer for the Sealed Power Corp. in St. Johns. As an established resident of the area, he has long been active in community affairs, which range from a 20-year stint as a St. Johns city commissioner to leadership in the local Rotary Club, the St. Joseph Church council and, more recently, the Chamber of Commerce.

Clinton County Proceedings

TUESDAY, JULY 6, 1971

The Clinton County Board of Commissioners met Tuesday, July 6, 1971 at 9:00 a.m. Prayer was offered by Maurice Gove. A Pledge of Allegiance was given to the flag. Roll was called and a quorum reported. Present were Andrew Cobb, Walter Nobis, Maurice Gove, Robert Dittmer, Duane Chamberlain, Claude Underhill, William Hufnagel, Robert Montgomery, Gerald Lankford, Roy Andrews and Gerald Shepard.

Minutes of the June 1st meeting were read. Corrections were made. It was moved by Gove, supported by Lankford, to add "request denied" to page 3, line 33, Mobile Home Park. Voted and carried. It was moved by Lankford, supported by Nobis, to approve the minutes as corrected. Voted and carried.

Communications were read. A letter from Governor Milliken acknowledging receipt of the Board's resolution supporting House Bill 4682, was read. State Representative R. Douglas Trezise acknowledged resolution in favor of House Bill 4682. This bill passed the House and is in the Senate Committee.

A communication from State Representative Joseph Swallow introducing House Resolution No. 150 to create a special legislative committee to study economic development districts and regional planning commissions was read. Discussion followed. A letter from the DeWitt Township Board expressing their views regarding qualifications of the Zoning Administrator was read. The Clerk was instructed to send them a letter.

A communication from Michigan Grand River Watershed Council regarding membership in that Council was read. It was moved by Montgomery, supported by Nobis, to receive and place on file. Voted and carried. It was moved by Lankford, supported by Hufnagel, to inform the Grand River Watershed Council that Clinton County does not wish to participate in the program (second notice). Voted and carried.

A letter from Janet Woodruff submitting her resignation as a member of the County Library Board. (They are moving from the state). It was moved by Cobb, supported by Underhill, to accept the resignation. Voted and carried.

A communication from John M. LaRose, Executive Secretary of the State Assessors Board in regards to the Board's resolution requesting the extension of assessor's certification deadline. A resolution to the same was adopted by the State Assessors Board on June 14, 1971.

A letter from the St. Johns Chamber of Commerce expressing their appreciation for the use of the Court House grounds for the Antique Auto Tour was read. It was moved by Cobb, supported by Nobis, to receive and place on file and to give a copy of the letter to R. G. Becher and Sheriff Patterson. Voted and carried.

A letter from the Department of Natural Resources informing the Board of a meeting of that body to be held at Higgins Lake, July 8, 1971 at 1:30 p.m. and inviting the commissioners to participate and express their views was read.

The Board recessed for committee meetings at 10:35 a.m. Upon again coming to order, Dr. Whiteside, United States Department of Agriculture, Soil Conservation Service appeared. He seeks reimbursement from the county for work which was done by his department under the previous Tri County Regional Planning Commission program conducted in 1967 and 1968 in the amount of \$8,750.50.

Commissioner Lankford, Chairman of the Finance Committee, reported that the balance in the contingency fund at the present time is less than the amount of the billing. He suggests that Dr. Whiteside send a request for payment in October. Possibly funds might be available then or if given favorable consideration, it might be included in next year's budget.

Marion Johnson of Tri County Regional Planning Commission presented copies of the 1970-71 Second Annual Report for Region 6, Law Enforcement and Criminal Justice Planning Council. He briefly reviewed their work, particularly the Tri County Communications Plan and how it affects the county. This system will establish twelve frequencies in the Tri County area for police and patrol car use. The City of St. Johns has been approved for a grant and hopefully Clinton County will be approved for a grant if proper application is made. It would be advantageous for all police agencies within the county to join together in one communications system or radio frequency.

It was moved by Andrews, supported by Gove, that the chairman appoint a committee to investigate the plan and to make a recommendation to the Board. Voted and carried.

Chairman Shepard appointed Gerald Lankford and Robert Dittmer to work with Sheriff Patterson on the project. The Board recessed for lunch at 12:07 p.m.

P. M. SESSION

Upon again coming to order, Arnold Minarik, Zoning Administrator, presented the action taken by and the recommendations of the Zoning Commission at their May 25, 1971 meeting:

Item I-DeWitt Township (Richard Hoyland)
From Zone B, residential to Zone C, commercial;
Lots 55 and 56, Auto Park Subdivision, Sec. 33, T5N-R2W

It was moved by Nobis, supported by Gove, to take the matter from the table. Voted and carried.

It was moved by Lankford, supported by Andrews, to grant approval and re-zone. On a roll call vote, those voting were all members, Cobb, Nobis, Gove, Dittmer, Chamberlain, Underhill, Hufnagel, Montgomery, Lankford, Andrews and Shepard. Nays none. 11 ayes, no nays. Motion carried unanimously.

Item III-Eagle Township (Ronald Grant)
From Zone D, agriculture to Zone G, industrial:
That part of the NW1/4 of Section 25, T5N-R4W, Eagle Township, Clinton County, Michigan, lying South and West of Highway I-96 and Michigan State Highway Dept. Lands, and North of Grand River Avenue, described as:

It was moved by Montgomery, supported by Dittmer, to approve the request and re-zone. On a roll call vote, those voting were Cobb, Gove, Dittmer, Chamberlain, Underhill, Hufnagel, Montgomery, Lankford, Andrews and Shepard. Nays none, 10 ayes, 1 nay. Motion declared carried.

Item II-DeWitt Township (Allan Machining-Allen Loudon)
Approval of a Special Use Permit
Lot No. 125, Supervisor's Plat of Valley Farms No. 2, Section 33, T5N-R2W.

Item III-DeWitt Township (John Williams)
Approval and recommendations for the storage of automobiles on the following described parcel of land:
Beginning 247.36 feet East of Southwest corner of Section 34, North 233 feet, East 200 feet, South 233 feet, West 200 feet to beginning, T5N-R2W, DeWitt Township, Clinton County, Michigan.

It was moved by Andrews, supported by Chamberlain, to agree with the Zoning Commission recommendations and grant

the request, subject to the stipulation to the weaving of fence area along Sheridan Road. No dismantling of automobiles, just storage. Voted and carried.

Mr. Minarik asked for direction in regards to the Junk car removal program. He seeks authorization to expend some funds for gas, etc. He was granted approval to spend from the Zoning Department budget, necessary monies to implement the program.

Gerald Lankford reporting for the Finance Committee, recommended and moved, supported by Hufnagel, to make the following transfers:

From the Contingency fund to the District Court budget for 1971.		
Salaries and Wages Permanent	\$11,285.00	
Salaries and Wages Temporary	\$ 2,300.00	
	Total	\$13,585.00
Contingency Fund	\$22,058.00	
		\$13,585.00
Contingency Fund		
Balance	\$ 8,473.00	

Chairman declared a recess at 2:50 P.M. Upon again coming to order, Walter Nobis, Chairman of the Government and Personnel Committee, presented a request from the Planning Commission, seeking direction in the matter of reviewing requests for re-zoning. The Board agreed that any re-zoning items that do not occur with the Future Land Use Plan be referred by the Zoning Administrator to the Planning Commission for a recommendation. The same procedure for all new Special Use Permit applications.

A suitable reply is to be drafted and sent to the Planning Commission and also the Zoning Department.

Nobis moved, supported by Hufnagel, to grant permission to Probation Officers, Gordon Iacovoni and Daniel Chisholm and Drain Commissioner, Dale Chapman to attend their State Conventions. Voted and carried.

Andrew Cobb, Chairman of the Property Management Committee, presented the following report:

1. Approved bid of Becker Furniture of Fowler for carpeting in the Friend of the Court Office at a cost of \$323.94.
2. Approved new floor buffing machine (Advance) for the Court House at a cost of \$355.00.
3. Equipment and Office Furniture for District Court Probation Office-Total cost \$1110.00.

It was moved by Cobb, supported by Hufnagel, to submit the bills to audit for payment. Voted and carried.

Commissioner Cobb also reported on the availability of the Two-Brothers building for purchase by the county. The committee will investigate the matter.

In an attempt to control the break-ins at Smith Hall, R.G. Becher has been forced to change locks on the entrance doors. It was moved by Nobis, supported by Montgomery to authorize Mr. Becher to engage Hack's Key Shop to install special locks which will discourage this type of activity. Voted and carried.

Commissioner Andrews reported on a meeting with the Lansing Airport Authority. They are hopeful that Clinton County will become a member. He feels that the Authority is making progress and are presently making plans to extend run-ways. They are conducting an open house August 5, 1971 and the Board is invited to attend.

From the discussion which followed, the feeling exists that the initiative for joining should come from the townships involved, namely DeWitt and Watertown townships.

The Parks and Recreation Study as prepared by Robert O'Boyle Associates was distributed. The commissioners will study the plan and consider approval at a later date.

It was moved by Hufnagel, supported by Cobb, to authorize Chairman Shepard to attend the Annual Seminar Drain Convention at Port Huron July 28, 29 and 30th. Voted and carried.

Lankford moved, supported by Hufnagel, to approve commissioners expense accounts as presented. Voted and carried.

It was moved by Lankford, supported by Gove, to appoint Earl Barks of Olive Township to fill the unexpired term of Eugene Havens on the Zoning Appeal Board.

It was moved by Cobb, supported by Underhill, to close nominations and cast a unanimous vote for Earl Barks. Voted and carried.

Lankford nominated Mrs. Dorothy Miller of DeWitt as a member of the County Library Board to fill the unexpired term of Janet Woodruff. Underhill moved, supported by Gove, to close nominations and cast a unanimous ballot for Dorothy Miller. Voted and carried.

Nobis moved, supported by Gove, to take from the table the matter of appointing a member to the County Planning Commission. Voted and carried. Commissioner Cobb nominated Elaine Lentz, who is principal of Ovid-Elsie High School. Chamberlain nominated Hugel Leonard, elementary principal at Ovid-Elsie Schools.

Nobis moved, supported by Hufnagel, to close nominations. Voted and carried. It was then moved by Dittmer, supported by Gove, to table the matter. Voted and carried.

It was moved by Montgomery, supported by Hufnagel, to adjourn at this time and to meet again Tuesday, August 3, 1971 at 9:00 A.M. Voted and carried. Meeting adjourned.

Clinton County Planning Commission
Roman Koenigsnecht, Chairman
Court House
St. Johns, Michigan 48879.

Dear Mr. Koenigsnecht:

Your letter of June 14, 1971 in which you requested from the County Commissioners direction in the matter of obtaining from the Zoning Department, legal descriptions of areas on which re-zoning is applied for, was presented to the Board at the July 6th meeting.

It is the opinion of the commissioners that only those items which do not fit or conform to the Future Land Use Map, as adopted, be directed to the Planning Commission. The same procedure shall apply to all Special Use Permits.

Sincerely yours,
GERALD E. SHEPARD, Chairman
Clinton County Board of Commissioners

WALTER G. NOBIS, Chairman
Government and Personnel Committee

Commissioner Andrews reported a meeting with Mid-Michigan Health Department, Luella Canfield, County Nurse, related problems in hiring a replacement of a health nurse.

Darwin Root, Health Sanitarian, suggested better cooperation between the Health Department and Zoning Department on joint inspection of property whenever possible. The Board recessed for lunch at 11:15 a.m.

P. M. SESSION

On again being called to order, Arnold Minarik, Zoning Administrator, reported on the action taken by and the recommendations of the Clinton County Zoning Commission. He seeks clarification on a number of items (chimneys, waiver of fees for indigent persons, etc). Discussion of the proposed new Zoning Ordinance amendment followed. He also reported on the Junk car removal program.

Leon Thelen, Equalization Director, reported on the appraised value of a parcel of property being considered by the Board for possible use by the county.

The possibility of leasing portable units was also discussed. The Board recessed at 2:45 p.m.

Upon being called to order, Commissioner Nobis presented a recommendation of the Government and Personnel Committee on a revised working schedule for the Sheriff Department. This schedule beginning October 1, 1971 would reduce the working week from 48 hours to 42 hours per week. This change would require the employment of two additional deputies. This would require the approval of the Finance Committee. A show of hands indicated a favorable majority to the recommendation.

Commissioner Dittmer reported on a favorable meeting by governmental units, cities, villages and townships, on the proposed Tri-County police communications system.

Chairman Shepard appointed the Board as a committee of the whole to attend the Legislative Summer Conference to be held at Boyne Mountain on August 23rd thru 29th.

Nobis moved, supported by Chamberlain, to approve commissioner's expense accounts as presented. Voted and carried.

Nobis moved, supported by Montgomery, to adjourn at this time and to meet again August 20, 1971 at 9:00 a.m. Voted and carried. Meeting adjourned.

Curtains

How long do you expect your window dressings to last? The average life expectancy of curtains hanging under normal conditions is about three years.

Draperies may be expected to last about four years if they are unlined, and lined ones about one or two years longer. In general sheerer fabrics for either curtains or draperies cannot be expected to hold up as well as heavier fabrics.

Normal window conditions can be severe on curtains and draperies. Sunlight, moisture and abrasion all take their toll. Household gasses, and tobacco smoke are also damaging.

Keeping these things in mind, you can help prolong the life of your curtains and draperies. Or, in selecting the fabrics, you can select those that are right for the job. For sunny locations, use fabrics that are more resistant to sunlight deterioration. For example do not use sheer fabrics as substitutes for shades or blinds. Clean curtains and draperies deteriorate less rapidly than dirty ones. In most homes this means cleaning once a year.

In some homes it may mean cleaning more often. Learning about fiber characteristics, dye stability and fabric construction before making purchases can be helpful.

If you keep these tips in mind and give your curtains and draperies the considerations they deserve you'll be doing them (and yourself) a big favor.

Swanson joins local work unit

ST. JOHNS—John Swanson, Soil Conservationist for the U.S. Soil Conservation Service, has recently been assigned to the St. Johns Work Unit. He will be meeting and working with many of the people who own property in the East and West Upper Maple River Watersheds in Clinton, Gratiot, and Shiawassee counties.

Many landowners have spent long hours at meetings organizing the watersheds and helping plan the works of improvement that will be constructed. Construction is scheduled to start in spring 1972. Many of the things that have been worked on and planned for will start to become a reality.

Swanson will be helping individual landowners and groups in the watershed plan and install conservation practices that will reduce erosion and sedimentation. The Maple River Watersheds drain over 195,000 acres in the three counties. Tons of sediment are produced by erosion on inadequately protected land.

The results of Swanson's work will be less obvious to the casual eye than the channel improvements, dikes, lakes, etc. that will be completed on the river itself.

However, they are just as important to the total program of flood prevention and upgrading the environment as the works of

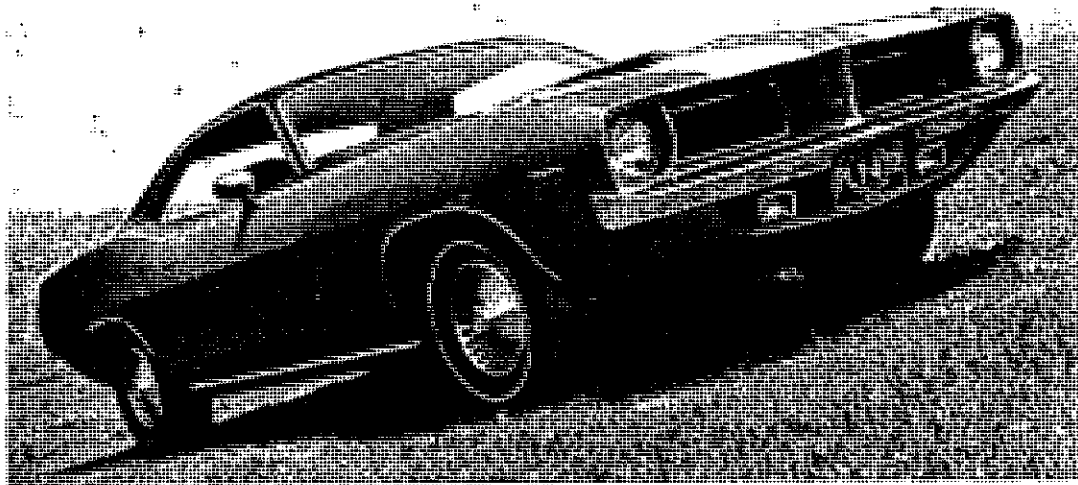

improvement. The practices he helps landowners plan and install will help reduce crop damage and loss of fertility on individual farms, and also prevent sediment from reducing the effectiveness of the work that is done on the river.

Swanson was raised on a farm near Arcadia in Manistee County. He graduated from Michigan State University in 1965 with a degree in Resource Development. He started his career with the Soil Conservation Service in June 1963 as a student trainee at Stanton.

Prior to being transferred here to work on the Maple River, Swanson worked four and one-half years at Harrisville in Northeastern Michigan.

Swanson has been assigned to the Maple River Watersheds so additional technical assistance will be available to landowners in them. Anyone interested in soil conservation on their property in the watersheds should contact their soil conservation district office in Corunna, Ithaca, or St. Johns.

Officers, civilians win police awards

EAST LANSING—The Michigan State Police board of awards at East Lansing has cited 27 officers and six civilians for outstanding services. Col. John R. Plants, director, reported.

The citations involved 12 cases. Certificates will be prepared for issue to the winners.

Meritorious service citations were earned by Det. James A. Malczewski and Troopers David C. Suminski and Gary R. Chapell, all of Bridgeport.

Fifteen officers shared unit citations. In one case the participants were Troopers Allan P. Peterson, James W. Rosebrough and Ronald P. Ryott, of Brighton, and Garry J. Kregelka, now of Clinton.

The other unit award went to 11 officers. They are Cpl. Joseph Brabec, Det. Wayne K. Johns and Troopers Roger C. Horchner, David B. Needham and Emil W. Pamer, all of Reed City; Tpr. Edward L. Busch, of Mt. Pleasant; Det. Sgt. Roger L. Warner and Detectives Richard R. Black, Marvin V. Holt, Robert P. Pingston and LeRoy F. Soeltnier, all of East Lansing.

Cited for honorable mention were Cpl. Jay D. Kennedy, East Lansing; Det. Clarence C. Haranda and Tpr. Larry W. Beals, Brighton; Det. Max G. Waterbury and Troopers Jack P. Beeson and Edward C. Summers, Pontiac; Tpr. Robert J. Ciszek, Bridgeport; and Troopers William E. Sunday and Orville K. Dalman, Reed City.

Citizens cited were Mr. and Mrs. George Busch and Mr. and Mrs. John Herman, of Temperance; Paul Oselka, of Union Pier; and Francis Stephenson, of Newberry.

CHANGE OF assignment for six Michigan State Police Corporals at East Lansing effective August 1 has been reported by Col. John R. Plants, department director.

Corporals Russell E. Dow, 48, Richard E. Perry, 41, and Glenn E. Tucker, 41, are being transferred from the operations division at headquarters to the East Lansing post.

Corporals Donald A. Anderson, 33, Donald D. Williams, 42, and Richard A. Williams, 34, are being assigned from the post to the operations division.

Dow enlisted in 1952, Perry in 1956, Tucker and Donald Williams in 1957, Richard Williams in 1960 and Anderson in 1961.

Anderson first served at Ithaca before transfer in 1963 to Bridgeport and in 1969 to East Lansing post. He was born in Cadillac.

Dow served first at Paw Paw before assignments in 1960 to Flat Rock, in 1967 to Ionia and later the same year to operations. He was born in Boyne City.

Perry initially served at Paw Paw before transfers in 1962 to Erie, in 1965 to Grand Haven and in 1969 to operations. He was born in Grand Rapids.

Tucker served first at Jonesville, then was assigned in 1962

to Brighton, in 1965 to Tekonsha and in 1968 to operations. He was born in Eagle Rock, Mo.

Donald Williams first served at Flint before assignments in 1962 to Gaylord, in 1967 to Gladstone and in 1970 to East Lansing post. He was born in Detroit.

Richard Williams initially served at Houghton Lake before transfer in 1962 to Bridgeport. In 1966 he was assigned to Flint as a tracking dog handler for four years. He went to Brighton in 1970 and later the same year to the East Lansing post. He was born in Battle Creek.

MICHIGAN STATE Police officers made 28,722 arrests in June, 25,804 for traffic offenses and 2,918 on criminal complaints, monthly activity records showed.

In addition, 1,014 juvenile traffic offenders were arrested and 942 delinquent minors apprehended.

Troopers assisted 6,019 motorists, investigated 10,773 cars, issued 43,528 verbal warnings to drivers, and made 16,984 property and 1,866 liquor inspections.

Department vehicles traveled 2,091,472 miles, of which 967,447 were on traffic patrol and 1,124,025 to investigate criminal and other complaints.

Breath tests for suspected drunk driving were administered by state, county and local officers to 1,467 drivers. There were 1,244 ratings of intoxication, 176 of impairment and 47 indicating little or no intoxicant effect. Test refusals totaled 515.

The identification section processed 22,682 fingerprints, of

which 13,795 were criminal and 8,887 noncriminal. One wanted person was identified.

Of 1,834 applicants to carry concealed weapons, 192 were identified with criminal records through their fingerprints.

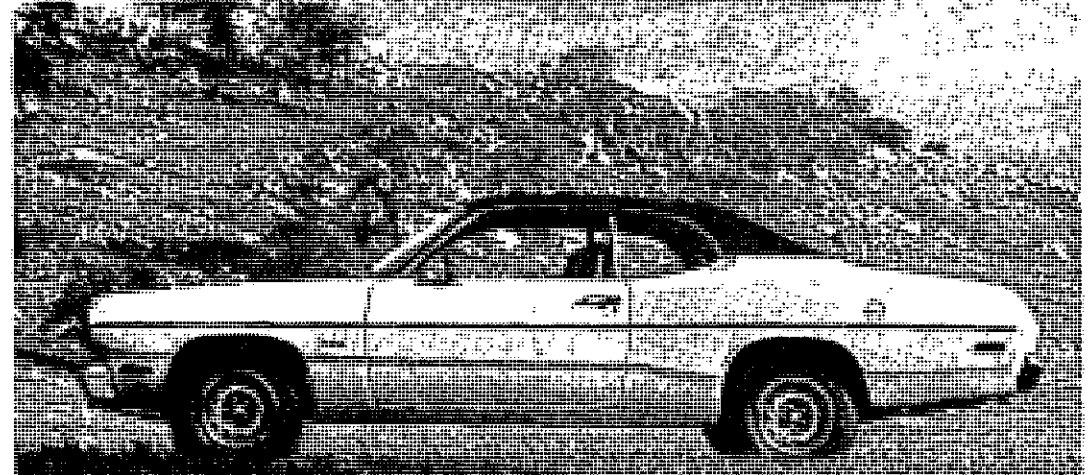

Six unknown dead were identified by the same means.

Gunnisonville

By Mrs. Loui E. Fritz

Mr. and Mrs. Lee Dunham of Union City, former residents of this community, spent Tuesday with Mr. and Mrs. George Foster.

Mr. and Mrs. Robert Hale and family of Lansing and Mrs. Kate Hagerty of Clare were Tuesday evening callers at the Ernie Fritz home.

BIG LITTLE PACKAGE — Easy to drive and park and easy on the pocket book, the 1972 compact Plymouth Duster Coupe features a long list of engineering and quality improvements. Wheelbase: 108 inches. Standard engines: 198 cubic-inch Six or 318 V-8. There's a sporty Duster 340 version, with a 340 V-8 engine, too.

"Some of the things we will be doing with the children are reading stories, playing finger games, singing, seeing films and doing homework," Mrs. Hixson said. "After each session, each child is given a picture which he

may want to take home to color. If the children bring back their colored pictures, these pictures are posted in the library during Story Time for all of the boys and girls to see."

The said parents must provide their own transportation for this program. She added that there will be no registration for the program. Parents may wait for the children in Room 16 of the elementary school.

Mrs. Hixson and Mrs. Kenneth Harwood, elementary school librarian, will be working with the children during each session of the program.

Harvest tips for best corn silage

ST. JOHNS — For best corn silage, harvest at 35 per cent dry matter (DM), use an airtight silo, do a good job of compaction and chop your corn plant as fine as possible.

These guides come from Michigan State University scientists who claim that available silage losses can be put into two classes: seepage and spillage.

The higher the dry matter, the lower the seepage. Anything under 30 per cent DM in an upright silo will have a seepage loss, usually about 10 per cent dry matter and consisting of ash, organic acids and some nitrogenous material. All except ash is material the animal can use.

Spillage losses will vary with the tightness of the silo, type of cover put over the pack and degree of compaction. These losses will run 7 to 10 per cent of the dry matter.

80—start harvesting when kernels are in the early dent to late dent stage and finish harvest as soon as possible. At this time, DM of the plant is about 30 to 40 per cent while the kernels will run from 50 to 65 per cent.

To eliminate excessive seepage, DM in lower silos should be about 35 per cent; in bunkers, 30 per cent.

Another plus from harvesting at this stage: yield per acre increases until the plant reaches approximately 35 per cent DM or until the first killing frost. Then it levels off for 5 to 10 days (depending on the extent of frost, wind and rain) and begins declining at a rapid rate. That's because it's losing leaves and tassels and, in the case of lodging, the entire stalk.

Research at Michigan State and Ohio State shows digestibility of protein is maximum at the 30 to 40 per cent DM level.

In two feeding trials at MSU, steers gained faster and required less feed to produce 100 pounds of gain when fed 28 per cent DM silage than when fed 48 per cent silage.

Corn silage should be chopped at 1/4 to 3/8 inch irrespective of the stage of the maturity or DM content. Fine chopping improves palatability and fermentation, increases the amount of dry matter stored per cubic foot (compaction) and reduce the amount of oxidized losses during storage.

1972 Chevrolet. Building a better way to see the U.S.A.

Caprice Coupe illustrated at Mt. Rushmore in South Dakota.

We want your new Chevrolet to be the best car you ever owned.

The best. No qualifications. No reservations. We want it to be the most beautiful, most trouble-free, most comfortable car you ever owned.

So we've given the 1972 Caprice (above) power steering, power front disc brakes, refined power ventilation and an improved front bumper to provide added front-end protection.

Plus a 400-cubic-inch V8 engine and Turbo Hydra-matic automatic transmission.

All standard, as you expect with a luxury car. And Caprice is but one of the new Chevrolets. There are 45 in all: pictured below (left to right) are the 1972 Monte Carlo, Chevelle, Nova, Camaro and Vega.

Altogether, a lot of diversity. So there's bound to be a Chevrolet just right for you, your family, your budget and your kind of driving.

Whatever your choice, we want your new Chevrolet to be the best car you ever owned. No less.

Mobile monsters regulated

LANSING—Special provisions governing the movement of 14-foot-wide mobile homes and modular housing units on state highways have been announced by the State Highway Commission.

The regulations supplement restrictions and requirements spelled out in the new law raising the maximum width of units that can be transported on state highways from 12 feet, six inches, to 14 feet.

State Highway Director Henrik E. Stafseth said the first permits for the 14-foot-wide trailers would be issued starting Monday (July 26).

Federal law, Stafseth noted, prohibits movement of extra-wide units on Michigan's 949 miles of Interstate freeways. This will ban them from the Mackinac Bridge.

banned in two areas where the 12-foot-6 units now are prohibited. They are:

—In the Grand Rapids area on US-131 between M-11 (28th Street) and I-96 Freeway.

—In the Detroit area on M-39 (Southfield) Freeway on US-10 (John Lodge and James Couzens) Freeway within M-102 (Eight Mile Road) and M-29 on the north, US-24 (Telegraph Road) on the west and the Wayne-Monroe county line on the south. The 14-footers can be hauled into or out of, but not through, that area on other state highways.

Movement also will be prohibited on the following highways unless the extra-wide units have their origin or destination there: US-12 from the Michigan-Indiana line east to US-23; All of M-60, which runs from near Niles east to Jackson; US-27 from I-94 Freeway

northeast to Charlotte; and, M-21 between Grand Rapids and Port Huron.

Other special provisions require that the extra-wide units: —Be moved during periods of reduced traffic and not closer than 2,000 feet from each other. —Pull off the highway to allow traffic to pass when excessive congestion develops.

—Be towed by a 1-1/2-ton or larger truck equipped with dual wheels.

—Be moved only between the hours specified on the permit.

—Display six "clean, plain red flags" at least 16 inches square, one on each end of the front bumper of the towing vehicle and one on each corner of the mobile home or building module.

THE FLAG REGULATION is in addition to those in the new law requiring use of flashing amber lights, warning signs serving notice of "oversize load" and escort vehicles when state police deem them necessary for highway safety. The law also bans the wide units from highways on holidays and weekends if when weather conditions make them unsafe. Movement of 14-footers is limited to the hours between 9 a.m. and 3 p.m.

PROJECT UNDERWAY

Westphalia's sewer project is underway in the southern part of the village. The construction project has already been completed in the northern section and will provide customers in the area with the first community-operated water-waste system.

Running a home

The business of running a home is just that... a business. Few businesses could operate if the bills were one place, the check-book another, envelopes and stamps in another and only haz-

ard records kept of income and outgo.

Today it's not unusual for a family to do \$300,000 worth of business in a life time. Certainly this sum of money warrants careful business practices.

A family business becomes more complicated as the children grow, and as income and expenses change. With such growth and changes a need increases for a place to keep records, store receipts, pay bills and plan family spending. A business center becomes increasingly important. It can also serve as a place to write letters — both personal and business. It can provide filing space for instruction booklets for appliances, and to keep insurance and tax records and similar important papers.

When setting up a family business center plan for three things: a comfortable place to write, a place for current records and small supplies, and a place for important papers. Having all these in one place aids efficiency and cuts the feeling of business activity being a chore.

The location can be almost anywhere in the home as long as it suits the individual family. The kitchen, utility room, dining room, bedrooms or even a corner of the living room have all worked out well for specific families. Some lucky people even have found they have a small "extra" room that makes a wonderful business office. A large unused walk-in closet, or an under the stairway niche are other possibilities.

Whatever location is chosen it's important to have good light, a comfortable chair and convenient access to the supplies to be used.

MAPLE RAPIDS

MRS. JOYCE RUMSEY
127 West Main Street
Maple Rapids. 682-4243

Ten members of the Blue Star Mothers, Chapter No. 29 paid their annual visit to the Veterans Hospital in Grand Rapids on Thursday, Sept. 16 and hosted a hospital party. They will also be having a bake sale on Saturday, Sept. 25 from 9 a.m. to 12 noon.

Mrs. Nina Freed is caring for her grandchildren, Tony and Amy Freed in Detroit. Mr. and Mrs. Anthony Freed are vacationing in Montreal, Canada.

Mr. and Mrs. George Sambol (former Linda Miller) have moved to Chatham, Ontario, Canada. Mrs. Linda Sambol is teaching at Ursuline College, The Peves.

The Amica Club met Tuesday at the home of Mrs. Lorene Foerch. They presented the Girl Scouts a tent and also gave fifteen dollars to the Brownies. A new member was received, Marge Patterson. The club will sponsor a guest speaker Oct. 5. All Blue Star Mothers, Rebekah and Sorosis members and other interested persons are invited.

A big welcome to our new residents Mrs. Lois Bancroft and family and Mr. and Mrs. Robert Voltra and family.

Mr. and Mrs. Wilbur Bancroft were supper guests Saturday, Sept. 11 at their son's, Mr. and Mrs. Kurt Bancroft of Lansing.

Saturday callers of Mr. and Mrs. Nelson Rumsey and family were Lana Jean Upton, who is leaving for Florida and the opening of the new Disneyland, and Lee Ann Upton, who will be starting college shortly. They are both the daughters of Mr. and Mrs. Charles Upton of rural Fowler.

Mrs. Velma Bancroft, postmistress of Maple Rapids, attended the meeting of the County

Postmasters in Ovid on Wednesday.

Mrs. Jerry Bird is home from Carson City Hospital where she has been a patient for the last three weeks.

Mr. and Mrs. Carl Ball left Thursday Sept. 16 for a vacation at Drummond Island in the Upper Peninsula.

Mrs. Mina Dangle was a Sunday dinner guest of Mr. and Mrs. Wendell Wright and family of rural Perrinton.

North Victor

MRS. ELZIE EXELBY

Action now!

By HELEN MEACH Extension Home Economist

In 1965 a fisherman caught a petroleum-contaminated fish in Michigan's Flat River. When he and his wife got sick, he called the head of the Conservation Department. A water resources commission agent traced the pollution to a company which was leaking machine oil into the river. Within two years, this had been cleaned up.

It has always been easier, and safer, to complain privately than to act publicly. But the tremendous extent of pollution—air, water, thermal, noise—hunger and overpopulation on this earth points up a need for action right now.

Homemakers ask, "But what can one woman do?" There are many channels for action available for any person to use. First look about you - what are the pollution problems facing your town, your county, state?

LEARN ABOUT SPECIFIC ways to solve these different pollution problems. For example the Michigan Environmental Protection Act of 1970 allows individuals to sue anyone who is endangering air, water and other natural resources.

Marlan Pearson, Mrs. James Root, Mrs. James Armstrong and Mrs. Walter Najylski all of Delta Mills were breakfast guests of Helen Lowell Saturday.

Karen Lewis who is attending U. of M. spent the weekend with her parents, Mr. and Mrs. Lionel Lewis.

Karen Walsh celebrated her ninth birthday Friday. Helping her were Mrs. Leo Bean, Helen Lowell and Mr. and Mrs. Willard Walsh of Wacousta.

'Do's' instead

By LORRAINE SPRAGUE Extension Home Economist

Using "do's" instead of "don'ts" can make the job of raising children easier. For instance, instead of yelling "Don't throw that ball!" try suggesting that the ball be rolled gently on the floor. You want to suggest alternate behavior for what he's doing that you don't like.

Building confidence in children is mighty important. Exposure to any belittling experience destroys self confidence. Let's say the child spills some of the garbage he is emptying. Don't belittle him by saying "Can't you do anything right?" Instead make a constructive comment, like, "That's a hard job - next time carry it this

way and it won't spill." Wise parents look for the cause of misbehavior. If children kick one another under the table, change the seating so one can't "accidentally" kick another. Or if a child spills milk at every meal, change the type of glass he is using. Maybe he can't help the spill.

CHILDREN "CATCH" education from their parents. If you send a child to the door to tell a salesman that you are not at home, you'll have a hard time convincing that child it isn't right to lie.

Remember, whatever you say

and do has a far-reaching effect on your children. It will carry over, and someday when he is an adult, you'll recognize some of your own actions in the way he conducts his life.

Action long overdue

We're sure it is a known fact that the city of St. Johns is really hurting for off-street parking facilities.

In fact, it has been a known problem for quite some time. There have been committees and there have been studies, and yes, there have been delays and a lack of positive action.

Occasionally a municipal government, which must foot most of the bill, takes a dim view of adding parking facilities which primarily benefits retail business. But what is good for business is good for the city and the community.

A strong, modern business climate makes for a strong, progressive community.

If obtaining more off-street parking is being delayed through lack of cooperation or funds, then let's stop passing the buck (no pun intended) and solve one of this city's acute problems.

Needless tragedy

A little girl in Connecticut died the other day because she was curious about what was inside an ordinary-looking measuring cup of laundry detergent.

The cup contained a non-phosphate detergent, a type of product which in many cases is so caustic that it can corrode human mouth throat and stomach tissue on contact. Tragically, the little Connecticut girl had also inhaled some of the powder, and when the burned tissues of her windpipe sloughed off, she suffocated.

That 15-month old infant, who took six days to die after swallowing and breathing in the detergent, was not the victim merely of her mother's unawareness of the danger involved in these products. She was the victim of a misguided effort, stimulated by an intense public desire to fight pollution decisively, which unfortunately has resulted in the marketing of products which appear to pose an even more serious threat than the algae in our lakes.

There is, however, no conclusive proof that a ban on phosphates in detergents will have any appreciable effect on algae growth. Many experts believe, in fact, that most of the eutrophication of lakes and streams for which detergents have been blamed would have occurred even if there were no phosphates in detergents.

Drug problem

There has been much progress in the past couple of years on the drug problem facing this nation. And information and educational programs such as that given Saturday night by Art Linkletter is helping to help in this ever-increasing menace to our society.

Linkletter's appearance was sponsored through a joint effort of the Montcalm County Farm Bureau and Montcalm Community College. The nationally famous television and radio personality told it like it is. He didn't preach, he informed.

Today, most everyone knows, or is aware, that the drug problem can happen to their family. Linkletter pointed out that everywhere you turn today you can get your hands on good information, telling you what to look for, what to do, and where to go.

He said you must talk to the young people—not lecture them. And the least parents and grandparents can do is find out what drugs are all about.

We were pleased to hear Linkletter lambaste the efforts to legalize the use of marijuana. He says most people who will smoke marijuana will try some-

thing else as they fool around with the drug culture. You move into a group, and birds of a feather flock together. Experimenters will go to other druggers, and soon they are hooked on something stronger than marijuana.

Linkletter, whose 20-year-old daughter Diane died of drug misuse in 1969, said about 70 percent of the kids today, are going to try marijuana, but only about 1 to 1-1/2 percent will go on to heavier drugs. "Percentages mean nothing, though, when it's your own child."

He encouraged Americans to help in returning to the original family concept of communication. He said there seems to be a resurgence of Jesus Christ among teenagers. Granted, some may be too far out, but better they do that than not at all. So don't knock some of what oldsters may regard as fanaticism.

Adults, however, have little or no chance of helping remove this serious problem from our society until they become informed. And there is little excuse for not being knowledgeable on drugs.

The Big Reds of Elsie opened the season with a 27-6 non-conference win at Williamston while Pewamo-Westphalia got into the thick of things right from the start by dropping a 40-0 decision to Carson City. Coach Larry Essenschmayer had his Ovid coaching debut spotted by the Fowler Eagles, who shut out the Romans, 13-0 in their non-conference opener. The St. Johns Redwings lost their season opener to Alma 13-7 but most of the large crowd of local fans who made the trip agreed that the Redwings looked pretty good, even in defeat. Bath had the halftime lead, but DeWitt Panthers won, 40-13.

Can it survive?

By TIM YOUNKMAN

After a tragedy comes the soul-searching, the paperwork and the tedious task of reconstructing events and decisions. This is such a time for officials investigating the inmate rebellion at Attica State Prison in New York.

The time and place may not be that important—it could have happened just as easily in Jackson or Marquette. The important factor is the way a situation can snowball into a major blunder, as it has been termed.

The rebellion, the bloodiest prison riot in American history, left 40 men dead—10 hostages and 30 inmates. Much attention has been focused of late on how the tragedy could have been prevented.

Some question the attitudes and temperament of the guards at the prison that had spurred several sit-down strikes within the prison walls throughout the summer. A decision had been made to begin a training program for guards, although it is inconceivable that the guards would not have been trained already.

There were rumblings about health problems, race discrimination and a genuine dislike for the prison superintendent, Vincent R. Mancusi, who took over the Attica job in 1965. Inmates felt Mancusi indifferent to their grievances. There had been a movement to increase daily

wages from 15 cents to 80 cents, which came about only after a series of strikes.

It was, in the first analysis, a general strike by inmates of Cell Block D. They took hostages to insure their own safety—a measure that failed anyway. Where the actions of the prisoners could hardly be condoned, it was equally disgusting to watch accounts of the police retaking the prison.

We are now told by various sources who worked on the negotiations over prisoners' grievances that agreements were in the making—that time was working in the state's favor. The hostages were still alive, despite threats, and that most of the demands could be met with reason on both sides.

Then the roof fell in. Gov. Rockefeller refused to enter the negotiations—even in the face of threats on the hostages' lives. He referred the inmates back to the corrections commissioner. A noble action, indeed.

Then the police were ordered to storm the prison after a helicopter dropped tear gas in the prison yard. The results—40 dead. Doctors now have indicated that the hostages were shot to death by the advancing police and not by the prisoners. The only quote newsmen could get from the prison superintendent was, "We can't have anarchy."

That's what it was. If that was anarchy, it was not to be considered a permanent state of life. The superintendent's remarks seem to be a feeble attempt at justifying the blunder.

Whatever the outcome of the Attica riot—and some feel that more repressive measures could win out—there is another, more searing, problem facing our prison system.

Can it survive as it is? It is the ultimate question that each state government and the federal agencies must answer.

The answers of Attica will only solve—or begin to solve—the problems there unless some sort of major work by local groups is begun throughout the country for all of our prisons. These inmates, while prisoners of the state, are still human beings unless we help turn them into something else. It is the trend of our current system to not rehabilitate, but persecute.

The argument has been put forth that these men have no rights since they broke the law—that we do not have to treat them decently. If we ignore their rights as men, despite what they have done before, we will be protecting the law. We will then, be worthy of the law.

'IF IT FITZ ...'

The sex of a tear

By JIM FITZGERALD

No longer will I hide my red eyes behind a newspaper. From now on I'll blubber out loud, just like a woman.

"It is unfair that men are made to feel ashamed if they cry." So decreed the American Psychological Assoc in convention in Washington the other day. Yeah.

A woman can bawl anywhere, any time. My wife cries tears of joy at grand openings of shopping centers. She cries patriotic tears when flags go up at railroad crossings. She cries tears of sympathy when the Tiger manager yanks a pitcher. Once we watched a bum named Sparma walk 4 men in a row and the fans booed him something terrible. She sobbed so hard I had to help her from the park.

But nobody ever makes fun of her. They just peg her for another warm-hearted dame who must be a wonderful person and a grand friend to dumb animals.

But let some guy bawl in public and he is immediately pegged as a freak, possibly perverted and certainly a Mama's boy. People laugh at him.

An example: Recently I was trapped in the same room with that dreadful TV show, This Is Your Life. The surprised subject was fat Junior Samples from the Grand Old Opry by way of Hee Haw. I guess Junior is a comedian but you'd never have guessed it that night. He cried huge tears for 30 straight minutes, even during the commercials. They brought out some clown who'd

sold him a bag of feed in 1930 and Junior collapsed, a lachrymose lump, completely overcome by nostalgia.

My wife and daughter fell into each other's arms laughing. "Look at that big boob," they said.

If it had been a woman, they would have matched her sob for sob.

Why is that, doctor? I of the convening psychologists explained, it simply: I can't help feeling, in situations where I want to cry, that a woman—as well as a man—would question my masculinity if I did. Men, he said, are forced to put their masculinity on the line again and again. And it isn't fair. If both sexes are to have equal opportunities and equal awards, as the women libbers insist, the right to cry must be included. The world would be a better place.

Sad movies and TV shows make me cry. There's a TV program called The Courtship of Eddie's Father that grabs me every time, even on reruns. This little kid is always giving his prized goldfish to his worst enemy. Then the enemy kicks Eddie anyway and he must turn to a Chinese cook for comfort because his mother died of a horrible disease before he was born. At this point some member of my nosy family peeks behind my newspaper and hollers, "Hey everybody, Dad's got red eyes again."

I can then either run from the room in shame, or stay and insist that my eyes are watering because I'm allergic to the stupid cats which I certainly wish my Eddie would give to his worst enemy.

Either way, it is humiliating and an injustice to the masculine sex. A man should be able to cry, just like a woman, without fear of derision. After all, who can determine the sex of a tear?

Women's lib, meet men's sob.

The great experience

By REV. HUGH BANNINGA

If you have your Bible handy, (and I hope you do), turn to Psalm 121 and read it right now before you finish reading this article.

Now let's talk about this Psalm. Psalm 121 was a song for religious pilgrims to Jerusalem. In the Old Testament days caravans were the young and old who were anxious to participate in the religious rites that united all Jews in that great holy city. Once in a lifetime, at least, it was expected that men and boys would make the pilgrimage to Jerusalem.

It was often a dangerous trip. The pilgrims were many times harassed by robbers and there were hot deserts to cross. Many got sick along the way, and the older pilgrims often had to be carried part of the way.

When the pilgrims stopped at night, sentries stood watch on the top of neighboring hills to guard the encampment against sudden attack by the robbers.

So in this Psalm we have some of the reflections of one of the pilgrims. Before he entered his tent for the night, he looked toward the hill (verse 1). And he saw, beside the sentry on duty, another guardian—the Lord, the Creator (verse 2). He saw the Lord who neither slumbers nor sleeps (verse 4). He saw his Lord who would guard the people from diseases that could afflict them on their journey (verse 3).

This pilgrim saw the Lord who would protect them on their journey from sunstroke and moonstroke (verse 6). It is interesting to know that the Jews' fear of moonstroke arose from their belief in a connection between certain diseases (like epilepsy and fevers) and the phases of the moon.

The pilgrimages to Jerusalem meant a great deal to the devout Jew. It was more than a great social event—more than the splendor of priestly processions. It was an act of personal trust in the God who had protected them through all the dangers of the trip. It was with the certainty of the words of verse 7 that the pilgrims made the return trip home.

They knew the Lord would preserve them from all evil and would keep their souls.

The final words of the Psalm (verse 8) say that the Lord would preserve forever "the going out and the coming in" of the Jews. This phrase suggests the common doorstep which had great meaning for the Jew. Even today Jews hang on their doorposts a metal cylinder which contains the "Shema" on parchment.

This is the great command, "Hear, O Israel: the Lord our God is one Lord, and thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy might." This is

in remembrance of the Passover where the strange death that killed the Egyptians passed over the Jews' houses which had blood sprinkled on the doorposts.

The common doorstep also has great meaning for us. It symbolizes the division between the home and the world; the home with its intimacies and its turmoil; the home with its sharing and the world with its bitter competition; the home which is a refuge from the storms of life and the world where one is exposed to trial and temptations.

I wonder how many thousands of times we have crossed the doorstep of our own houses, and have forgotten that the Lord really does preserve our going out and our coming in?

In Psalm 121 we see God in the role of helper, keeper and preserver. But if you have never experienced God in this way, then you have a great experience awaiting. All it takes is a humble attitude of prayer, a prayer such as this from Colin Campbell: "Come in God, Come in with your fire and kindle me. My faith won't believe, I have stirred it with a poker, And stoked it, and soaked it with combustible reasons, Including fifteen to show that you actually do exist, But it won't burn, My faith is a clinker, God, Make it a red-hot coal."

LIBRARY CLUB MEETS

There were 24 present when the Ovid-DuPlain Library Club met at the home of Mrs. Charles Walker on Sept. 10. Two guests joined the group later to hear Virginia Fowler tell of her experiences and show pictures of her trip to Denmark. Miss Fowler spent seven weeks there in the Youth For Understanding program.

The next meeting will be a trip to Frankenthum on Oct. 1.

Roll call was to bring a Danish recipe. The Pledge of Allegiance and collect were repeated in unison.

The program for the year was reviewed. The club will be selling all occasion cards and stationery again this year.

Rep. Douglas Trezise
87th District

No reciprocity

As readers of the column know, I came to Lansing prepared to be sympathetic to the problems of the urban areas of our state and to Detroit in particular. I have often maintained that you cannot separate the state into two parts—Detroit and outstate—and hope to achieve any kind of statewide progress.

But, the Detroit delegation to the House of Representatives makes it very difficult for me to support my own feelings with my vote. I have found no significant amount of reciprocity of feeling on the part of the Detroit representatives for the human and political problems of us outstate residents.

In fact, it was just this attitude on the part of the urban members which influenced me into voting against the "revenue-sharing" bill, even though I have long advocated a revision in the method by which state-collected revenue is distributed to local units.

In the first place, the bill was put before us at a time when we had little idea of whether there would be money enough to fund it. Then, when it came time to cut the amount of money involved, large cuts were made in the share that would go to counties while the Detroit portion was reduced by only a small part of the original allocation.

But, this is not the only "Detroit Demand" we have had before us. (And I use the word "demand" advisedly as that is what they really are.)

Other examples include the school aid bill where some \$25 million was earmarked for

"compensatory education"—primarily inner-city schools—and Section 17 of the same act which gives Detroit schools an extra \$14 or \$15 million because their tax rate for their city government is so high.

Or, take the Wayne County Community College which has been funded completely by the state without a cent of local taxes going into the project. This one may have been corrected this year, however, when the Legislature enacted a law specifying that a fraction of a mill now allocated to Wayne County operations will be directed to support of the Community College.

Even the Social Services' battle and the property tax resolution squabble took on the appearance of urban-rural clashes, and to my mind, the problems of our areas were shorted in the process. Efforts to put forth the outstate viewpoint were usually voted down after minimum consideration and all too frequently with changes of inhumanity, bigotry and selfishness. The fact that we were representing the views of our own districts on some very important issues was treated as completely irrelevant.

I have not changed my opinion that what happens to Detroit is important to the people of the 87th District. I intend to support, to the extent financially possible, programs which will lead to the solution of that beleaguered city's problems.

But, I would hope that this concern of mine will someday

be matched with a similar response from the metropolitan delegation.

Wage-price modifications

Rep. U.S. Garry Brown
3rd. Congressional Dist.

WASHINGTON, D.C. — Last week key House Democrats decided to leave the responsibility for devising a Phase II wage-price policy to President Nixon.

It is presumed that the decision was made early in the week, in a meeting between the Speaker, Rep. Wright Patman (D-Tex.), and Rep. Wilbur Mills (D-Ark.), and others. Some colleagues have disagreed, wanting the Congress to take the initiative to set up a wage-price review board in Phase II.

In regard to other aspects of the President's New Economic Policy, however, the Congress is expected to offer some modifications.

Last week, the two most influential members of the House Ways & Means Committee, Rep. Mills and Rep. John W. Byrnes (R-Wisc.), agreed that Congress should repeal part of a recently liberalized depreciation rule.

Both agree that both the liberalized depreciation tax break for business and the President's proposed tax credit for business equipment purchases are not needed at the same time.

This action would provide additional tax relief to the poor without the Congress having to vote more over-all tax reductions than those already requested by the President.

There were two other developments related to the President's New Economic Policy.

By a 14-12 vote along partisan lines in the House Post Office and Civil Service Committee, the Committee recommended rejecting a six-month delay of a \$2.6 billion annual pay increase for Federal Workers.

The recommendation is expected to come to the floor of the House for a vote the first week in October.

The pay boost, originally scheduled for Jan. 1, 1972, would cost \$1.3 billion in the last half of the current fiscal year ending June 30, 1972. The President expected to save this amount by postponing the pay increase to July 1st. If saved, it would be the highest item in planned spending reductions of about \$5 billion to offset proposed tax cuts of \$4.9 billion under the New Economic Policy.

Sponsors of the bill rejecting the postponement claim that the Federal employee is being singled out for sacrifice. The wage freeze for private employees is scheduled to end November 13, 1971.

Either branch of Congress has until Oct. 7th to invalidate the President's order. Otherwise, it will go into effect.

And in the Senate, the President promised to give \$2,747 billion in military pay raises, effective November 15th, in order to gain support for final passage of the conference report extending the Selective

Service Act for two years.

The President said that failure to pass the extension would be "...one of the most irresponsible acts on the part of the U.S. Senate that I could possibly think of."

This week, the House will consider:

A Joint Resolution regarding a Constitutional amendment affecting equal rights for men and women

Airport and Airways Trust Fund

One of the subcommittees of The Government Operations Committee on which I serve will begin a series of hearings on Problems of the Aged.

I urge all Third District residents who wish to express their views on this vital question to please write me in Washington, 404 Cannon House Office Building, Washington, D.C., 20515.

The '72 Oldsmobiles are here.

You'll like the changes you see in the showroom. The ones you feel on the open road. And one you may discover in your local supermarket parking lot.

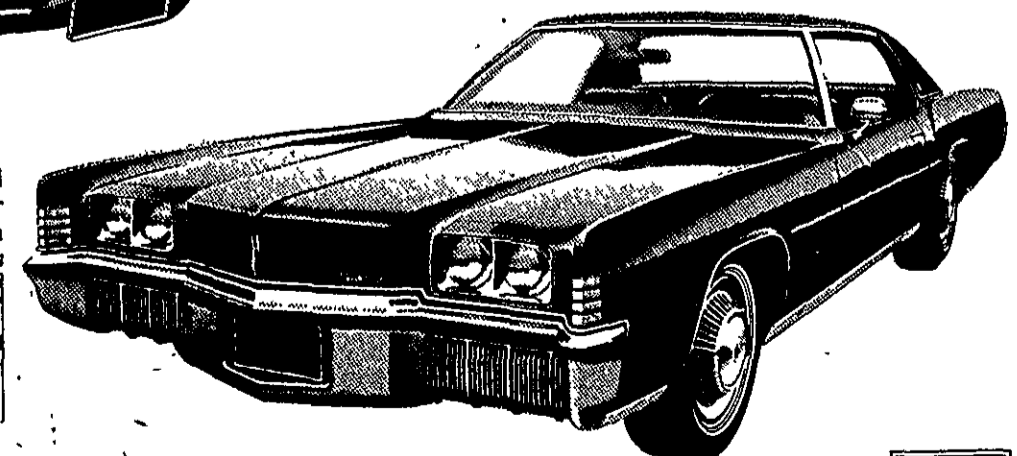

DELTA 88 ROYALE There's more built-in toughness. A new front bumper absorbs minor parking lot impacts: it flexes, gives a little—then returns to position. On the road, its "G-Ride" System helps deliver exceptional ride and handling, with Super shocks, computer-matched springs, and other interrelated components. And Delta 88 now includes more standard equipment: power steering, power front disc brakes, power ventilation, automatic transmission—and a long list of GM safety features. Delta 88: Strong. Tough. Smooth. Not just another pretty car.

CUTLASS SUPREME You want real luxury, comfort and room—but not a big car. You want handling and maneuverability, but not a compact. Cutlass Supreme gives you what you want on a 112-inch wheelbase. Formal roofline. Room for six. Deluxe interiors. Under the hood, a Rocket 350 V-8. A "little limousine"—priced within your reach... that's Cutlass Supreme. What a step-up, holy cow! If your friends could see you now.*

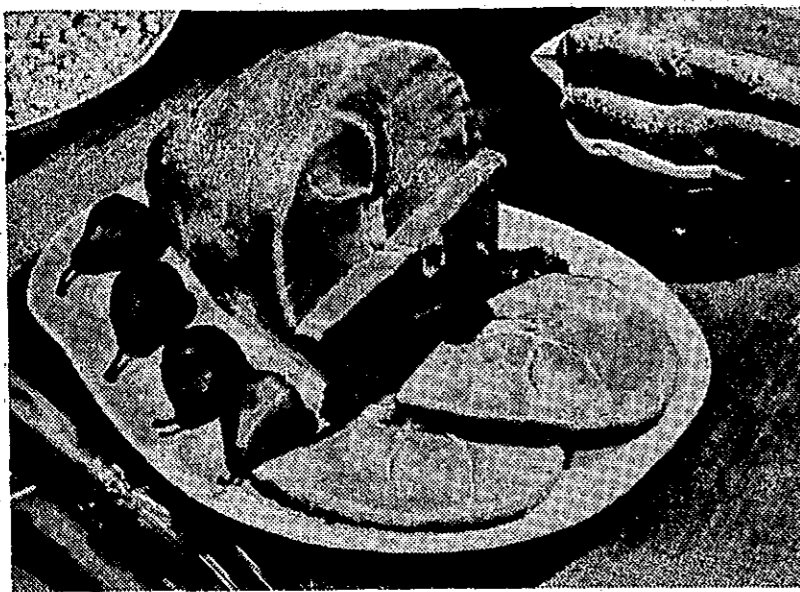

TORONADO The one personal luxury car that puts it all together in quite a different way. Toronado's Rocket 455 power goes to the front wheels to pull the car over the road with superb traction, ride and handling. Inside, Toronado is spacious and comfortable. There is ample room for six, including their feet—for there is no hump on the floor. In luxury, in styling, in quality, it is uniquely Toronado. There's nothing common about it.
