## More study for US-27 proposal

The State Highway Commission has postponed announcing its decision on where they're going to place the new U.S. 27 and has sent the Wilbur Smith & Associates' recommendation for route C3e back to the State Department of Highways and Transportation for further study.

The Highway Commission was to have originally announced its decision on Aug. 27, but decided they needed more time and put off a decision until their Sept. 24 meeting.

Now, however, they've decided not to take any action until their Oct. 22 meeting because a Highway Dept. official said: "primarily because there's a need for further review."

The official, who asked not be named, said the real reason the U.S. 27 decision has been put off is because, "there's a lot of unhappiness on the part of the citizens involved and there has not been enough in-depth study made."

"It's a complex problem, that needs more time for an in-depth review."

The official was referring to the protests of citizen's and environmentalist groups in Clinton and Gratiot Counties and from other areas who have been vociferous in their opposition to a new highway at public hearings and meetings held during the past

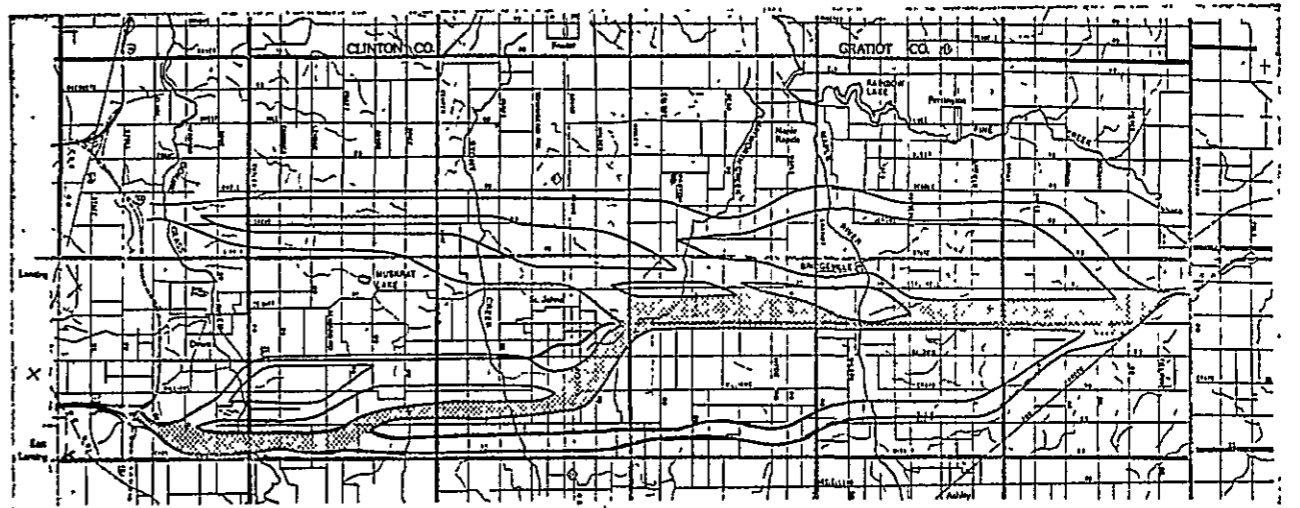

3 months.

Threats of court suits have been in the air, especially since Smith & Associates didn't recommend the "no build" route, which many county residents favor.

The C3e route would start in DeWitt

Township where U.S. 127 ends and would move up the eastern side of the county, west of Chandler and Krepps Road, by passing St. Johns and hooking up with the existing U.S. 27 alignment at Colony Road.

From there, it would use the existing road and would pass over the existing Maple River Bridge on its way to Ithaca. The stretch from Colony Road to Ithaca would be upgraded to a limited access highway.

## Home Tour success

ST. JOHNS -- The 1975 Clinton County Historical Society Home Tour Festival was a huge success according to Mrs. John Rumbaugh, general chairman of the Home Tour committee.

She reported that about 825 people toured the antique show at Rodney B. Wilson High School during the celebration in St. Johns and close to 2000 people toured St. Johns homes of historical interest.

(See photos at left and Page 2)

Mrs. William Richards Jr., reported the Congregational Church sold 42 batches of homemade ice cream at their ice cream social.

The weather cooperated until 4:30 when the rain sprinkles could no longer be ignored. The arts and crafts people picked up their booths and left the courthouse green.

In addition to the exhibits, historical exhibits of historical interest were displayed in many downtown windows.

The Clinton County Senior Citizens displayed a collection of antique quilts in the

undercroft of St. Johns Episcopal Church, while many arts and crafts of yesteryear were demonstrated at the festival.

Several children took turns churning butter while their elders compared their modern conveniences with the conveniences of their forebears.

There were many antique cars on display by the Clinton County Antique Car Club.

In short, there were displays for everyone. Mrs. Rumbaugh estimated that more than 2000 people took part in the festivities at the courthouse and that even more delighted in the historical displays in the downtown windows during the past week.

The proceeds from the festival will be used to establish a county historical museum.

The Clinton County Historical Society meets the 3d Thursday of every month.

The next meeting will be Oct. 16 in Bath. The society is still working on its house marking project and hopes to have maps showing each century old structure by next spring.

Two youngsters are mesmerized by this view of yesteryear: the music of the callopie lent a festive mood to the celebration at the courthouse.

## Bath ponders-what to do with sewer?

By Jane Morriss  
County News Writer

The old question of "What is Bath going to do with its 4.2 million sewer project?" was pondered by the Bath Twp. Trustees at their regular meeting Sept. 16.

## Bike-A-Thon to benefit American Cancer Society

FWLER -- A county-wide Bike-A-Thon Saturday, Oct. 4, will benefit the American Cancer Society.

The Bike-A-Thon is sponsored by the Fowler Jaycees with all of the Clinton County Jaycee chapters participating in the event.

To qualify, riders must have at least 5 sponsors at 5 cents a mile or 1 sponsor at 25 cents a mile.

Children under 12 must be accompanied by an adult.

The ride is to be 20 miles, with participants riding as far as they desire and finishing at any checkpoint.

Refreshments and lunch will be served at check-points along the way.

## Bicentennial celebration set in Fowler

FWLER -- A Bicentennial celebration will be held in Fowler Saturday, Oct. 4.

Included in the activities will be a Bike-A-Thon to raise funds for the American Cancer Society, contests for children, antique display, musical program, concessions, square dancing and a bike sale.

The township board, faced with dwindling options, voted unanimously to buy a full-page advertisement to inform the county residents of the possibility that they may have to bear the financial burden of the project if Bath is unable to hook into the DeWitt Twp. sewage treatment plant on Heribson Rd.

Before Bath Twp. sewers can be connected to the DeWitt Twp. sewage treatment plant, a wastewater treatment authority must be formed to include Bath Twp., DeWitt City, Watertown Twp., and DeWitt Twp., or the County Board of Commissioners must approve the DeWitt Twp. - Bath Twp. sewer pact of June.

Representatives from the four municipalities met three weeks ago and reached an agreement that would assess Bath for the use of the facility according to the volume of sewage processed. However, DeWitt City and Watertown Twp. boards refused to approve the proposal, and the County Commissioners voted 6-4 not to approve the agreement.

Circuit Court will determine whether the county has a responsibility to provide Bath with Sewage treatment facilities Sept. 26.

Bath has a 2-year-old contract with the Clinton Department of Public Works. Since

## St. Johns is host for Marching Band Show

Area Marching bands will be performing on the St. Johns football field Saturday, Sept. 27, 7:30 p.m. The Second Annual Clinton County Marching Band Show will be held at the city park.

Participating are the following Clinton County Bands: Bath, DeWitt, Fowler, Ovid, Elsie, Pewamo-Westphalia, St. Johns 9th grade and St. Johns Redwing Band.

As an added attraction the John Glenn High School Band from Bay City will perform as guest band.

Students from the schools spend the afternoon in St. Johns rehearsing for the conclusion to the evening -- a massed band performance.

Admission is \$1 for adults and 50¢ for students.

## Big enough for "Jaws"

James Moore, St. Johns Exchange Club president displays a bit larger version of the toothbrushes to be sold by the Exchange Club members Sept. 26 in various St. Johns business locations. The proceeds from the sale go toward local youth projects including Mystic Lake Camp, tickets to Hospitaler Circus, Christmas party for orphans, Boys Club, Boys State, Freedom Shrine, Youth for Christ donation, Soapbox Derby donation, Little League lighting and swimming pool donation. The brushes are \$1.

## General Telephone adds equipment

The completion of installation of over \$62,000 in additional and improved Central Office equipment in General Telephone's St. Johns office was announced today by Norm Krievins, Owosso Division manager.

The project provides for the addition of 400 terminals, and associated trunking to meet expected local customer growth stimulated

by the continued residential and commercial development in the St. Johns area.

"We at General Telephone are committed to providing the best possible service for our St. Johns customers and will continue to expand our facilities as demand dictates," Krievins said. This new equipment will be cut into service in October, 1975.

## Methodist youth march to help combat Leukemia

ST. JOHNS -- Ninety St. Johns Methodist youth will be knocking on area doors Sunday, Sept. 28, from 1-4 p.m. to raise money for ALSAC, the fund-raising arm of the St. Jude Research Hospital in Memphis, Tenn.

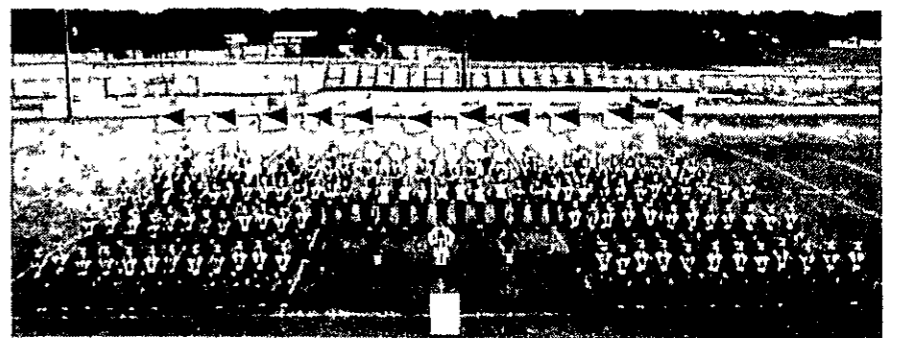

Marchers will be wearing badges with a photograph of Danny Thomas, president of ALSAC and constant fund raiser for the research hospital.

Money from the march will enable doctors

at St. Jude's to continue their research on many childhood diseases including leukemia, cancer and various muscle disorders.

The hospital provides patient care free of charge for children.

Over 90% of the funds provided by ALSAC comes from teenager marches conducted by volunteer young Americans.

## Bath sewer problem

(From Front Page)

the beginning of the project, it was planned, that, when completed, the system would hook into the DeWitt Twp. treatment plant, which was built by the DPW 6 years ago.

Bath Twp. sewer project was slated to be finished by Dec. 6, 1974, but is still not completed. The latest completion date given by Municipal Contractors, Inc., of Troy to the Bath Twp. Trustees is Nov. 16 of this year.

"This date doesn't mean anything," said Thomas (Woody) Woodruff, Bath Twp. Supervisor.

Bath will not be able to bear the cost of the project if there is no revenue, and there will be no revenue until the project is completed and the system is connected with a sewage treatment plant.

Calliope was point of fascination for area youngsters and adults alike.

The old-fashioned popcorn stand filled the air with the smell of freshly-popped popcorn, attracting many customers.

### Methodist youth march

"When you see The Danny Thomas badge on the team at your door... give a dollar, give a twenty, or give even more!" This has been Danny's Theme ever since he's been president of ALSAC, the fundraising arm of St. Jude Children's Research Hospital.

On Sunday, Sept. 28, from 1-4 p.m., ninety St. Johns youth will be knocking on the doors of area residents. Because of their time and your donations, the doctors at St. Jude's will be able to continue their research on many childhood diseases like leukemia, cancer, and numerous muscle disorders.

This children's hospital, located in Memphis, Tennessee provides patient care free of charge and children from anywhere are welcome at St. Jude.

Over 80% of funds provided by ALSAC comes from Teenagers Marches conducted by volunteer young Americans who care. And yes, there has

been progress. Given time and resources, the scientists and researchers there will accomplish their mission—eradication of childhood diseases.

So help Danny Thomas and

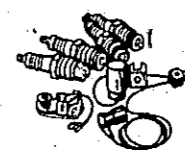

the staff at St. Jude by giving generously this Sunday, Sept. 28, to the teen who knocks at your door—remember to look for Danny's smiling face on the badge—and smile as you give to ALSAC!

## Ovid-Elsie teachers address school board with insurance demand

A large delegation of Ovid-Elsie teachers confronted their school board Sept. 22 with a petition signed by 100 teachers who want to keep their MESSA (Mich. Education Special Service Assoc.) health insurance.

Teachers are still working without a contract at Ovid-Elsie because of a deadlock over naming the insurance carrier.

The school board claiming that it has the right to name the insurance carrier, has instructed MESSA to terminate their medical insurance policy at midnight Sept. 30 at which time School Employers Trust Insurance will go into effect.

The teachers, charging that the insurance carrier is supposed to be determined at the negotiating table, have refused to fill out their SET insurance applications in protest.

"We feel that the fringe benefit is an earned benefit," explained Al Dickens, president of the Ovid-Elsie Education Association.

The teachers claim that they think that their MESSA insurance is more progressive than SET insurance, while the administration claims it is unhappy with MESSA because as an in-house affiliate, it

can raise the cost of the policy without bargaining for the increase.

Al Jenkins told the board "I'm paying for it and you're just delivering the money." Another teacher told the board that when the cost increased in July, the teachers paid the difference out of their own pockets.

Don Kenney, superintendent, asked the assembled teachers how much pressure the Michigan Education Association was putting on the teachers.

Acting as spokesperson for the teachers, Al Dickens said that MESSA is but loosely affiliated with MEA and that no pressure was being applied.

Kenney told the teachers that he regretted the adversary relationship between teachers and administration that has been caused by the 1965 legislation which requires state employers to bargain wages and working conditions with the workers.

The issue, said Kenney, is who has the right to name the insurance carrier - the administration or the teachers. The National Labor Relations Board has been called on to decide that very issue.

## Could you be locking yourself to death?

EAST LANSING - Michigan people may be locking themselves to death in the interest of crime prevention, according to Gordon Adsit of Lansing, an official of the Michigan Fire Inspectors Society.

Fire danger versus the safety of the double-cylinder deadbolt lock is among matters to be reviewed by 200 Michigan municipal, institutional and industrial fire inspectors and others meeting Sept. 23-26 at Michigan State University, Adsit said.

Voice fire alarms, arson trends, Michigan's newly computerized fire-reporting system, the fire prevention provisions of the state's new construction code and advances in home fire detection systems also will be discussed.

Col. George Halverson, director of the Michigan Department of State Police, will keynote the 26th annual Michigan Fire Inspectors Conference at MSU's Kellogg Center for Continuing Education.

## Bath Twp. in line for HUD money

By Jim Schmitz  
County News Writer

BATH - Bath Twp. is in line for some \$54,000 in Community Development funds from the federal Dept. of Housing and Urban Development to help rehabilitate about 20 sub-standard houses in the Park Lake and downtown area.

The township, according to County Planner, Dennis Dunningan, has already passed through the initial screening process and thinks, "there's a

pretty good chance of getting the money."

The township should have its final answer by December and if they're funded, they will set up a rehabilitation program that will allow the township to both give and lend money to about 20 sub-standard home owners.

Dunningan said that the first \$9,000 will be used to hire a code enforcement officer who will administer the program and make sure that the selected homes are brought up to the

standards of the housing code the township had to establish as part of the federal funding criteria.

(See Page 20)

## DeWitt Twp. not satisfied with county government departments

By Jim Schmitz  
County News Writer

DEWITT TWP. - A few minor items were taken care of by the DeWitt Twp. Board of Trustees at their Monday night meeting.

The board agreed, after listening to Karna Hanna, associate planner from the Tri-County Regional Planning Commission, to join with other governmental units in the Tri-County area on a planning committee that will help the township meet the 1983 federal Environmental Protection Agency Standards set for water quality.

The standards are the same that the proposed expansion of the wastewater treatment plant on Herbison Road will have to meet.

While the board agreed to cooperate with Tri-County, they still were less than satisfied with their relationship with county government.

Supervisor Dale Emerson told the board that he really didn't like the Clinton Development Corporation, a public corporation created by the County Board of Commissioners to disperse unallocated Comprehensive Employment Training Act Funds (CETA) and instead, wanted the township's share of the money - about \$7,500 - given directly to the township.

Emerson and the board agreed they would rather have the money themselves to spend

on projects such as: hiring a secretary, building a restroom in the Fire Dept., hiring a draftsman to redraw the township tax and zoning maps and some additional funding for the Police Dept.

The County Board of Commissioners will make their final decision on the disbursement of the CETA money at Tuesday's meeting.

Emerson and DeWitt Twp. County Department of Public Works (CDPW) representative, William Purvis, also were upset with the County Road Commission because the Commission put their stamp of approval on the sewer and road work done by the engineering firm of Mick, Rowland & Associates, Angola, Ind., in the township.

Emerson said, "I still feel work needs to be done," and added they will now have to pressure the CDPW to make sure everything is completed since the engineers have already been given their final payment by the CDPW.

Purvis was upset with the Commission because they had sent a letter to the CDPW on Friday, approving the engineer's work, even though they hadn't come to the town-

ship on Monday to check the results.

"They might as well not have bothered to come," Purvis said.

In other action the board:

- agreed to share the costs of repairing the fence along the property line of Bruce Angell, Sr. and the Gunnisonville Cemetery.

- accepted Township Clerk Donna Syverson's quarterly report.

- were told by Fire Chief, Ed Fancher, that the township and DeWitt City will host the greater Lansing fire prevention week ceremonies on Oct. 5.

The Brown Family and Friends will perform during a full day of activities Sept. 28 at the Lowe United Methodist Church. Sunday School starts at 9:45 a.m., worship hour is at 11 a.m., a potluck dinner will be served at noon. Fun Time will be from 2-4 p.m. and, at 8 p.m. the Brown Family and Friends will have the full service. An offering will be taken to cover their expenses.

## Michelle Lawrence and Dwight Craig wed

Mr. & Mrs. Dwight Craig

Michelle Renee Lawrence and Dwight Lee Craig were married in an evening candlelight ceremony Aug. 9 at the United Methodist Church in St. Johns.

The bride is the daughter of Mr. and Mrs. Gary R. Lawrence of R-3 Williams Rd., St. Johns. The bridegroom is the son of Mr. Gaylord Craig of R-1, St. Johns.

The Rev. Francis Carl Johannides conducted the double-ring ceremony from an altar decorated with vases of white chrysanthemums and gladioli.

Barbara Davis accompanied soloist Don Valentine on the organ. Musical selections included "The Wedding Prayer," "The Lord's Prayer," and "How I Love Thee."

The bride was given in marriage by her father. She wore an Alfred Angelo original gown, featuring an empire waist. Seed pearls accented the sculptured neckline and lace

appliques adorned the neckline and bodice. The full-length sheer sleeves also had lace appliques and the cuffs were decorated with seed pearls.

The bride carried a colonial bouquet made of pink rose buds, baby's breath, and white daisies circled with white carnations.

Maid of honor, Corrine Lawrence, sister of the bride, wore a gown of pink flocked voile over a yellow taffeta underskirt. The V-neck and sleeves were trimmed with white lace. She carried a basket of mixed flowers and ribbon streamers.

Attending the bride were: Cathy Merignac and Lynette Lawrence, sister of the bride, both from St. Johns.

Melissa Hardman and Rachel Richey, cousins of the bride, were flower girls.

The bridesmaids wore flocked yellow voile floor-length gowns over pink taffeta underskirts trimmed with lace and the neckline. They also wore yellow

picture hats trimmed with ribbons, and carried baskets of mixed flowers with ribbon streamers.

The bride's mother wore a long-sleeved mint-green gown with a matching lace coat. Her corsage was made of white carnations with yellow roses.

Ronald Sosebee was best man. Randy Craig, brother of the bridegroom, and Eugene Jones were groomsmen.

Ken Randolph and Steve VanVleet ushered.

Kris Sharley provided the music for the reception and Niles hall following the wedding.

Mr. and Mrs. Roger Schultz and Mr. and Mrs. Harold Richey acted as hosts and hostesses at the reception. They received 350 guests.

Shirley Craig, the bride's aunt, served the punch. Peg Ward the bridegroom's cousin, served coffee. Iced tea was served by Karen Schultz, the bride's aunt. The groom's cake was served by Renee Makara, a friend of the couple. The bride's cake was served by Rose Randolph and Lana Hardman, the bride's aunt.

Special guests attending the celebration were Mrs. Fred Nieman and Mrs. Vern Craig, grandmothers of the bridegroom; and Mr. and Mrs. Carl Schultz and Mr. and Mrs. Robert Smit, grandparents of the bride.

Mr. and Mrs. Dwight Lee Craig both graduated from St. Johns High School. She graduated in 1975 and he graduated in 1974.

The couple are making their first home at 2615 1/2 E. Maple Rapids Rd., Eureka, Mich.

Mrs. Debra Halfmann

## Debra Halfmann now Mrs. MacKinnon

Debra Kay Halfmann and Robert James MacKinnon were married Sept. 20 at 1:30 p.m. at the Most Holy Trinity Church in Fowler.

Father Albert Schmitt performed the double-ring ceremony from an altar decorated with orange and yellow gladioli and chrysanthemums.

Mrs. Herman Motz and Pam Schaefer accompanied vocalist Susie Schaefer on the organ.

The bride was given in marriage by her father. She wore an empire-waisted Victorian gown with alson-lace trimming the neckline, waistband, cuffs, and skirt-bottom. The gown was fashioned with fitted sleeves, fitted cuffs, an A-line skirt and cathedral-train.

The bride wore a mantilla trimmed with matching lace, and carried a bouquet of fuji chrysanthemums, white carnations, orange sweetheart roses, and yellow daisy chrysanthemums.

The maid of honor was Stephanie Schneider of Shepherd. The bridal attendants included: Cheri Halfmann, sister of the bride of Fowler; Beth MacKinnon, sister of the bridegroom of Lumberton, N.C.; Cheryl Rademacher of Fowler; and Linda Jandernoa of Fowler.

The attendants wore double-knit rust-colored gowns covered with matching capes. They carried nosegays of yellow sweetheart roses, bronze fuji chrysanthemums, and baby's breath accented with rust-colored straw flowers and

ivory-colored velvet ribbon streamers. They wore head-dresses of matching flowers.

Roger Thelen was best man. Dave Halfmann, brother of the bride, of Fowler; Leon Schneider, of Shepherd; John Pung, of Fowler; and Dale Koenigsnecht of Fowler were groomsmen.

Ushers were Kirk Thelen and David MacKinnon.

The mother of the bride wore a full-length peach-colored gown. The bridegroom's mother wore a full-length shrimp-colored gown. Both mothers wore corsages containing yellow sweetheart roses with white carnations.

An outdoor reception was held at the Fowler Conservation Park beginning at 5 p.m. Cindy Miller, Jan Simon, Gerylyn Thelen, and Jane Piggott served about 350 guests.

Special guests included Mrs. Sheraphine Halfmann, grandmother of the bride; Mr. and Mrs. Cecil MacKinnon, grandparents of the groom; and Mr. and Mrs. Richard Foltz, grandparents of the groom.

Mr. and Mrs. Robert James MacKinnon honeymooned in Northern Michigan before making their home in North Carolina.

The bride is the daughter of Mr. and Mrs. Charles J. Halfmann of 11139 W. Second St., Fowler. The bridegroom is the son of Mr. and Mrs. William C. MacKinnon of Lumberton, N.C.

The bride graduated from Fowler High School in 1975; the bridegroom graduated from Fowler High School in 1974.

## Susan Wohlscheid and Luke Koenigsnecht united in marriage

Mr. & Mrs. Luke Koenigsnecht

Susan Kay Wohlscheid and Luke M. Koenigsnecht were married by Msgr. Thomas J. Bolger Aug. 2 at St. Joseph Catholic Church in Pewamo.

The altar was decorated with orange and yellow gladioli for the afternoon double-ring service.

The bride is the daughter of Mr. and Mrs. Isidore J. Wohlscheid of 55 Leona Dr., Pewamo.

The bridegroom is the son of Mr. and Mrs. George J. Koenigsnecht of R-2, St. Johns.

The bride was given in marriage by her father. She wore an empire-waisted gown trimmed with chantilly lace. The gown featured a lace bodice, high neckline, and Queen Anne's sleeves.

The chantilly lace was repeated in the veil, and was accented with pearls.

Yellow and orange sweetheart roses, white fuji chrysanthemums and baby's breath were used to make the bridal bouquet.

Mrs. Ernest Schafer played the organ while the bridegroom and Cheryl Arens sang.

Matron of honor was Mrs. Janice Spitzley, sister of the bride, of Fowler.

Attending the bride were: Ruth Koenigsnecht, sister of the groom, of St. Johns; Marcia Wohlscheid, sister of the bride of Pewamo; Mrs. Ann Schafer, friend of the bride, of Fowler.

The bridal attendants wore floral-print, organza gowns with halter-necks, cummerbunds and daisy-lace trim. They carried nosegays of yellow daisy chrysanthemums, orange carnations, and baby's breath.

The best man was Duane

Fedewa, friend of the groom, of St. Johns.

Groomsmen included John Beck, brother-in-law of the groom, of Lansing; Francis Wohlscheid, brother of the bride of Pewamo; Steve Schafer, friend of the groom of Fowler.

A reception was held at St. Joseph's Parish Hall, Pewamo, beginning at 5:30 p.m.

Mr. and Mrs. Luke M. Koenigsnecht honeymooned on the East Coast before making their home at 11120 W. Second St., Fowler.

The bride is a 1973 graduate of Pewamo-Westphalia High School. The bridegroom graduated from Fowler High School in 1972.

### Vows are said by Madeline Scharf and Thomas Horton

Mr. & Mrs. Thomas Horton

Madeline Scharf, daughter of Professor and Mrs. Erwin Scharf, 819 Harvey Avenue, and Thomas Horton, son of Mr. and

Mrs. Wilford Horton, Lansing, Mich., were united in marriage Aug. 3 at the Northwestern College Chapel.

The Rev. Dietrich Kuehl, Hartford, officiated at the 3 p.m. ceremony. Professor Scharf delivered the sermon. A chorus of school friends and relatives provided the music, accompanied by Mrs. Franklin Zabel.

A reception followed the ceremony at Lindberg's By the River.

Mrs. Paul Wiley, Naperville, Ill., was her sister's matron of honor. The bridesmaids were Mrs. Henry Meyer, Owosso, Mich., and Mrs. Ralph Scharf, Milwaukee, sister-in-law of the bride.

Jonathon Horton, Citrus Heights, Calif., brother of the groom, was the best man, with John Nolte and Fred Kreske serving as groomsmen. The ushers were Terry Bacon, brother-in-law of the groom, and Rev. Ralph Scharf, brother of the bride.

The groom is a graduate of Michigan State University, attended Bethany Lutheran Seminary in Mankato, Minn., and the Wisconsin Evangelical Lutheran Seminary. His wife is a graduate of Northwestern Preparatory School, Dr. Martin Luther College, New Ulm, Minn., and for the past six years taught in the Lutheran Christian Day School in Delano, Minn., and Hartford.

The couple is at home in Bay City, Mich., where the groom will serve for one year as a vicar at St. John's Lutheran Church. His wife will teach at Trinity Lutheran School in Bay City.

The newlyweds took a wedding trip to Northern Wisconsin.

### 50th anniversary

The 50th wedding anniversary of Mr. and Mrs. Oswald Lietzke will be celebrated by an open house Sept. 28 from 2 until 5 p.m. at the Redeemer United Methodist Church in DeWitt. Friends and relatives of the

couple are invited, but it has been requested that they bring no gifts.

The open house is being hosted by Mr. and Mrs. John Lietzke and family.

### 50th anniversary

Mr. and Mrs. Ernest W. Marten of 7632 W. Centerline Rd., St. Johns, will celebrate their 50th wedding anniversary at an open house at St. Peter Lutheran Church Hall, Oct. 5 from 2 until 5 p.m.

The open house will be hosted

by their children: Mr. and Mrs. Harold Marten, Mr. and Mrs. Cleus (Lois) Thelen, and Mr. and Mrs. Richard (Jean) Dilts.

Friends and relatives are invited to attend the open house, but are requested not to bring gifts.

### Duane Shooltz is FSC residence hall advisor

Duane Shooltz of DeWitt has been chosen among the 168 Ferris State College students who will be Residence Hall Advisors (known on campus as an R.A.) this fall at the College. The students chosen as R.A.'s act as advisers, counselors, and friends to the students who live on their floors in the college dormitories. They have also been trained to direct students to the proper resource places and to function in case of emergencies.

"The R.A.'s help keep order on the floors and support

college policies," said Thomas Walsh, Dean of Men. A new one-credit class has been designed for the R.A.'s to help them learn about their role and themselves. They also attend empathy training sessions designed to help them become better listeners," Walsh said. This year the R.A.'s have been encouraged to initiate a variety of programs in their halls to make residence hall living more of a learning experience, according to the Dean of Men.

### Letter to editor

EDITOR'S NOTE: The following letter has been sent to President Gerald Ford - we feel the young lady has a good point and express our agreement with her.

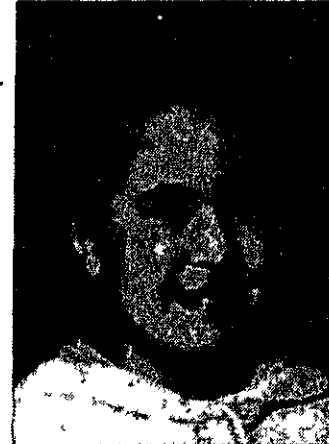

Dear Mr. President

March 1, 1975 I am a third grade student from Attwood school. I am eight years old. I feel our President is a very important person.

I think his birthdate is very important too. I am writing this letter to you for that reason.

I believe that our calendars should show the same date our school books teach us about when a President is born.

I would like to see the birthdate of George Washington changed back to the real date on our calendars to February 22. Many children I know feel the same as I do. It is very difficult to learn about any of our im-

Charlotte Carter

portant people in history, when we read in our school books that they were born on a certain date, and our calendars show a different date.

I know you are a very busy person with many responsibilities to many people. But I feel this is very important to many students.

Please help us set this right. A concerned student, Charlotte Carter

### American Legion Auxiliary meets

The American Legion Auxiliary Unit 153 of St. Johns met Sept. 16 at 7 p.m. for a potluck supper at the Post Home. At 8 p.m. President Anita Lynam opened the regular meeting.

In convention reports given by Delegates Joan Smith and Anita Lynam the Americanism essay theme is "Freedom in

America Our Greatest Heritage." Rules will be available at the Bement Library.

Hospital Chairmen Ann Welker and Kay Mishler reported on the inventory of the unit's hospital equipment. One wheelchair is in need of repair and, if possible, will be repaired.

In recognition of 50 or more continuous years of service in the American Legion Auxiliary it was voted to make charter members Mrs. Mary Doyle, Laura Hull and Mayme Walsworth unit life members. Also unit members Mrs. Bernice Beach, Dorothy Matthews, Argentina Mazzolini, Fay Osgood, Ruth Sirrine and Ruby Wekeman who have over 50 years of continuous membership were voted life membership. Unit 153 was chartered June 18, 1921.

Unit 153 voted to help officer Robert Ott paint parking meters red, white and blue in keeping with the Bicentennial theme.

Legislative bulletins will be sent to unit legislative chairman, Maralyse Brooks, the reading rooms of the Michigan Veterans Facility in Grand Rapids, Saginaw V.A. Hospital and Bement Library.

Rehabilitation Chairman Marjorie Pardee was given \$125 to buy gifts for the Christmas Gift Shop at the Saginaw Veterans Hospital. Gift Shop days are Dec. 9-10-11. Unit 153 will send workers on Dec. 11 to wrap and package gifts for the patients.

Fall Conference will be held in Saginaw Sept. 26-27-28. President Anita Lynam and Secretary Kay Mishler will attend the schools of instructions offered and the general sessions when all the Committee Programs for 1975-76 will be outlined.

Next meeting of Unit 153 will be Oct. 21 at 8 p.m.

JIM EDWARDS—Editor

## A PERSONAL LOOK AT THE NEWS

### Between the lines

with Jim Edwards

## Thoughts through a typewriter

... "PEDESTRIAN COURTESY" — There's such a thing as "driver courtesy," but there's also such a thing as "pedestrian courtesy." Evidently many St. Johns junior high school age children have never heard of it. On their way to school, they consistently cross against the light. It's bad enough when there's no traffic, but they're so bold to walk right in front of oncoming autos whose drivers have the green light. It may be funny to you, kids, but it won't be when someone gets hurt.

... IT'S A ROUGH LIFE — A little fella was standing in front of a door in St. Johns City Hall the other day when the door was opened, knocking him down. The pusher checked to see if he was hurt and apologized, to which the youngster replied, "That's all right, it happens all the time."

... QUESTION — I was asked recently what happened to the one-free-meal-a-week program for senior citizens in Clinton County. To tell the truth, other than knowing a bureaucratic squabble seemed ready to put the skids to it, I really didn't know what the status of program is... but, asked Virginia Zeeb of the County Board of Commissioners.

She reports that Clinton County decided not to participate in the program because of the funding process. Ingham County requested the funding, including in their application that areas served would include Eaton and Clinton Counties. Clinton County was for the program if it was conducted through the Tri-County Consortium on Aging, but felt they had no control in participating in a

program administered solely by Ingham County. There might still be such a program in Clinton County, but there hasn't been any indication that it will be in the near future.

... AGRICULTURE AND TOYS — The following editorial in the Ingham County News last week enlightens us on a new law now on the books: Big Brother is at it again.

Last week Michigan retailers who sell toys got the official proclamation that beginning April 1, all stores selling toys will have to be licensed by the state of Michigan.

The licensing will be handled by the state department of agriculture, of all things—as if they didn't have enough to worry with food shortages and declining farm income. Oh, yes, there is a \$5 license fee for the retailers and a \$50 license fee for the manufacturer.

The fee isn't the whole story, though. The poor retailer and manufacturer will have a whole new set of forms to file, a whole new army of inspectors to greet at the door and another set of bureaucratic regulations to ponder.

More important, the already reeling taxpayer will have a few more bureaucratic mouths to feed.

So when you buy that erector set for junior for Christmas, make sure you buy it from a licensed retailer. Big Brother is looking out for you.

Onward and upward.

## Back Through the Years

From the Clinton County News Files of 1974, 1965, & 1950

### 25 YEARS AGO

Sept. 21, 1950

Robert Owen Hulbert, 68, of St. Johns, passed away at Clinton Memorial Hospital Monday morning after several months' illness. Services were held today at 2 p.m. from the Osgood Funeral Home with Rev. Emeral Price officiating. Interment was in Mt. Rest Cemetery.

Stanley G. Redfern, 40, former St. Johnsite, who was injured in an accident near Lansing, Monday evening, is reported to be in "good condition" at Sparrow Hospital in Lansing, this morning.

V.W. Hoag, who has been with the Brown Funeral Home in Greenville the past 11 years, has this week become associated with The Eberts of St. Johns. Mr. Hoag is a native of Grand Ledge and was for a number of years associated with the Smith Funeral Home there. He has been a licensed funeral director since 1930.

In line with their policy of letting the public know how the tax dollar is spent, the St. Johns board of education, in cooperation with the Central-Parent-Teachers' Association is sponsoring an open house at Central School September 26 from 7:30 to 9:00 p.m.

An 11 week search for a missing St. Johns man ended late Wednesday afternoon when the body of Sherman R. Purvis, 68, was discovered hanging from a tree in the woods on the Paul Maris farm in Greenbush Township. Sheriff Percy J. Patterson and Coroner Glenn Osgood reported that Mr. Purvis had apparently taken his own life.

### 10 YEARS AGO

Sept. 23, 1965

Slightly fewer than 10,000 people — only 22 per cent of the county population — took advantage of the oral polio vaccine clinics Sunday.

A shift in emphasis of the Michigan State University Cooperative Extension Service program will result in the loss of two people from the Clinton County staff and the breakup of a staff that's been together eight years. Leaving will be Miss Betty Ketcham, home economics agent, and Donald Walker, 4-H Club agent.

The 95th anniversary of the Church of Christ in Duplain will be observed Sunday, Oct. 3.

Sen. Richard Allen

## Report from the Senate

A day in the life of a senate aide is a day of leisure you say? Unfortunately, this is a commonly held misconception. It is particularly inaccurate if you happen to work for someone like Dick Allen. I'm Sue Wadel and I'm taking the opportunity while the senate is in recess to let you know what the life of this particular staff member is like.

The whole political process is a little like trying to watch a twin drive-in movie while sitting in the middle. It is a tremendously complex, fascinating entity. And in all honesty one that can really wear on you when things are going fast and furious. The point being that one person cannot keep tabs on everything that is going on. This fact creates the necessity for staff members like myself.

As a staff member, you become a researcher, consultant, devil's advocate and in some instances an errand boy (person?) in an attempt to keep yourself and your senator up-to-date on developments within your assigned area.

There's always the ongoing project of anticipating problems with existing laws.

with special services in the morning and a basket dinner at noon.

Robert Dart Ward, 65, of West Colony Road in Essex Township, died Friday morning at Clinton Memorial Hospital. He had been in poor health for a number of years.

After two weeks of watching the operation of rural schools in the system, Walt Nickel, assistant superintendent in charge of rural schools for the St. Johns Public School District said he was pleased. "School is going reasonably well, about the way we expected at this point," he said Monday.

Sealed Power Corp. expects to be moving into the new portion of their St. Johns plant by about the first of October, according to Lawrence Sexton, plant manager.

### ONE YEAR AGO

Sept. 26, 1974

The County Board of Commissioners voted Tuesday to open bids again for a second time on a county wide appraisal. This time the deadline for the completion date will be Oct. 1, 1975 rather than the original Nov. 1, 1975 deadline.

By a unanimous vote, the DeWitt township board voted not to collect the 1% tax collection fee in an effort to reduce taxes and to help alleviate the burden of the 10% factor placed on them by the state.

All military veterans in Clinton County are invited to be honored guests at the dedication of the veterans memorial at the courthouse Sunday, Sept. 28, at 3 p.m. The memorial, donated by the Blue Star Mothers of St. Johns, honors those servicemen who served during the Korean and Vietnam War eras.

Sixteen people were arrested including 5 juveniles Saturday morning when police from 4 units raided a south DeWitt, Mich., home. Marijuana was found along with marijuana-related paraphernalia. Three of the sixteen were taken to jail and they are now out on \$3500 bond.

Paul Maples has a new law partner and the city of St. Johns will have a new mayor. At the Monday night meeting of the St. Johns City Commission, vice-mayor Roy Ebert read the last item — a letter of resignation from Robert Wood, mayor of St. Johns for the past 6 years.

## "If It Fitz . . ."

A Brush with crime, reputedly

Editor, Lapeer County Press

"by Jim Fitzgerald

Reputedly, my closest brush with organized crime occurred on a ferry boat to Mackinac Island in June of 1974. My wife and I sat across from Anthony (Tony Jack) Giacalone and his wife. He's the guy Jimmie Hoffa was reportedly going to lunch with, the day Hoffa disappeared.

"How do you know she's his wife?" my wife whispered. "Maybe she's his moll."

"Don't believe everything you read in the yellow press," I cautioned her. "Remember, the newspapers always say Giacalone is a REPUTED leader in the Mafia. This means they can't prove it and don't want to risk a lawsuit."

"I'll bet he hates newspapermen!" she said. "Why don't you jump overboard on the port side," I said. "That would attract Tony's attention while I stroll innocently to the starboard and throw away this stupid badge that says I'm here to attend a convention of the Michigan Press Association."

She looked at the huge hole I'd ripped in my shirt, removing the badge. "It's too late," she said. "I know he saw it. I can tell by the way he is smiling at us. Richard Widmark smiled like that in 'Kiss of Death.'"

"I'm not a bit worried," I said. "Widmark didn't smile, he giggled."

On the island dock, there was one horse-drawn carriage headed for the Grand Hotel. We shared it with the Giacalones. I stood near Tony Jack while a room clerk said he couldn't find the Giacalone reservation. Tony Jack insisted the reservation had been made. The clerk said no. I saw Tony

Jack's hand move swiftly toward the left inside of his jacket.

Tony Jack pulled out confirmation of his reservation. The mix-up was quickly resolved. The reservation had been misfiled because some dummy had spelled Giacalone with a J. I climbed back out of my garment bag and whispered to another clerk that I was with the Press, convention. He said I had a big hole in my shirt.

In the dining room that night, I amused some friends with my theory of why Giacalone was on Mackinac Island. Ferry service stops at midnight and there is no way off the island until 7 a.m. "This place is a perfect alibi for any crime committed on the mainland after midnight. That's why Tony Jack caused a stir at the check-in desk. He probably misspelled his name on purpose when he made the original reservation. He wants people to remember him so he can prove he was marooned here while a big caper was going down in Detroit at 2 a.m. Someday I will, probably be called as a witness to testify before a grand jury. If they ask why I was wearing a garment bag on the night in question, I'll take the "fifth."

At this point my wife kicked my foot and furiously pointed behind me. I didn't need to turn around. Suddenly I knew she was telling me Giacalone was sitting at the next table.

"Is he giggling?" I whispered. "Reputedly," she said.

I took my dessert to my room and ate it in the garment bag, reputedly.

## Ford's refusal to lift grain moratorium disappoints farmers

In a letter to President Ford, Michigan farmers Sept. 17 expressed their strong disapproval of his refusal to lift the

moratorium on grain sales and disappointment in their former Congressman for "knuckling under to George Meany and his demands."

are concerned that your decision to send a trade mission to the Soviet Union could lead to international commodity agreements. Such agreements have never worked and the idea of them should be rejected."

The farm leader told President Ford that although farmers are not inclined to make threats, they do act decisively on "economic reality." If a continued export embargo, or threats of an embargo take away needed foreign markets, Smith stated, farmers simply cannot afford to produce in the record volume that has been the pattern of American agriculture.

"In the interest of farmers, consumers and our foreign customers, please give us public assurance that the moratorium on grain sales is being lifted and will not be reinstated," Smith asked the President.

"It appears to farmers that you have knuckled under to George Meany and his demands," Smith wrote. "We

The only way to accomplish this is to contact those individuals, either in person or by mail, who are directly affected by a particular piece of legislation. It has been my experience that people are always more than willing to give input on legislation but rarely initiate the contact to do so. I think that this is unfortunate but hope that we will be able to form good lines of communication so this problem will cease to exist. Our policy is to contact individuals according to their particular profession. I'm sure farmers would have much more input as well as interest in the PBB problem than the licensing of architects or social workers, etc.

Last but one of the most important aspects of my job is working with constituent problems. I can identify with angry citizens who have tried to work out a problem with a state department without consulting someone such as the people in our office. Finding the right state office is difficult and at best frustrating at times. Once you work with the departments for a while it becomes easier. But if you're a first timer and

**WILLIAMSON "FIVE-IN-ONE" GAS-FIRED**

The Williamson FIVE IN ONE gas fired Total Comfort System is designed for easy handling during installation and readily accessible service of the individual components when necessary. The "split hall" cabinet construction permits assembly variations for easier installation in those instances where space limitations are a problem.

The new Williamson solid state modulating gas system is designed to proportion the flow of gas to the burner according to the demand for heat. In mild weather, the thermostat operates the burner in the conventional on-off manner except it operates at low flame rather than full fire like other systems. As the outdoor temperature drops, and the need for heat increases the burner stays on full time. First of minimum flame then gradually increasing the flame size according to thermostat demand. The heat output is continuously and uniformly matched to comfort requirements instead of cycling fully on and fully off as with conventional systems. The solid state system offers the added advantage of a highly responsive thermostat sensing element during both the heating and cooling season allowing temperature changes in increments of one degree or less. The result is uniform room heating and cooling temperatures no more full-on, full off blasts.

## HOW DOES THE WILLIAMSON "FIVE-IN-ONE" ACHIEVE TOTAL COMFORT?

The Williamson "FIVE-IN-ONE" is a completely self-contained piece of equipment. Inside its attractively styled casing you have a gas burner and heat exchanger, a humidifier, a combination central cooling coil and dehumidifying unit, an electronic air cleaner and a blower. Outside the home you have a compact condensing unit that discharges the heat from the circulating refrigerant.

## State Representative

### by Stanley Powell

As the Governor has reviewed and signed more of the appropriation bills which make up our state budget for the current fiscal year, he has exercised his constitutional prerogative of vetoing specific items in some of those bills. These are known as "line-item vetoes". The Constitution gives this power to the Governor so that he may disapprove of some expenditures he thinks unwise, without having to kill the entire appropriation bill.

OF COURSE, all of the items which have been cut have a special sponsor somewhere, and those people have naturally reacted with loud protests. For example, the Governor vetoed \$2 million for a proposed State Police crime laboratory in Detroit. The Mayor of Detroit said this "demonstrates an astonishing lack of understanding."

But the Governor pointed out that Detroit is getting a \$6 million increase in its revenue sharing this year, has already got a special \$700,000 grant to the Detroit Institute of Arts, and the state has taken over the Detroit House of Corrections Women's Division. So Detroit isn't exactly being short-changed.

In another instance, the Governor vetoed a \$250,000 state supplement to a federally-funded nutrition program run by Michigan State University. By a careful analysis of the budget, he was able to point out that \$200,000 for that purpose was already included in the Social Services budget.

THE GOVERNOR also vetoed an appropriation for Ferris State College which would have included \$211,000 to start a state optometry school there, even though the op-

tometric school has already hired faculty and enrolled students. The Governor said a study by the state Office of Health and Medical Affairs concluded Michigan does not need an optometry college. Optometrists examine eyes and prescribe corrective lenses.

One of the more interesting items that the Governor vetoed was one which would have provided \$200,000 for land development along the Carp River in Marquette. Why should money have been appropriated to improve the Carp River? Because Marquette just happens to be in the middle of the district from whence comes the Democrat Chairman of the Appropriations Committee.

I believe the Governor is making an extra effort to single out those programs he deems unwise and cut them from the budget now. Otherwise, if and when state revenues fall below estimates as they are expected to, the Governor would and will have to order an across-the-board cut in spending, without regard to the worth of individual programs.

JUDGE GAP I notice that the Michigan Supreme Court has recommended that the state create 14 new circuit court judgeships, 13 more probate court judges, and two district court judges. They have made this recommendation on a statewide comparison of population growth, average caseloads and other factors. Many of the new judgeships recommended are for outstate Michigan.

Now Speaker Crim has used his ultimate power to appoint—or not to appoint—to frustrate the will of the House majority. The Michigan Director of Common Cause has "forgot" to report some expenses he criticizes others for not reporting, and he recently said that some legislators could be "bought" without saying who. The House felt he should be given a chance to explain his charges and his inconsistencies, in view of the exacting standards he and Common Cause have demanded of all public officials.

But now that is not to be, thanks to the rather dictatorial whims of Democrat Speaker Crim.

Michigan is already on an extremely tight budget; the Legislature cut all it felt it could from current appropriations; the Governor has cut even more; and there may yet be an across-the-board cut if revenues fall below estimates.

In light of that, I can't see that the Legislature would appropriate the more than \$500,000 these new judgeships would require. In the meantime, our courts will have to make do. This is unfortunate, since it recalls the old saying, "Justice delayed is justice denied."

COMMON CAUSE CRIM Now that he has reaped his profits from his sale of MSU-Ohio football tickets, Democrat House Speaker Bobby Crim has turned his thoughts back to legislative business.

Specifically, he has said that he will not name a special House committee to investigate the so-called citizens' lobby group known as Common Cause. Common Cause, you will recall, bludgeoned the Legislature into passing a comprehensive political-control and public-financing-of-campaigns bill, using the threat of a statewide petition drive.

A full House approved a resolution to investigate Common Cause on August 14 after heated debate. Speaker Crim was one of those arguing against the resolution. He also voted against it. The final vote was 56 in favor, 37 opposed, with the 56 supporters including many Democrats. The House, obviously, expressed its will and directed the Speaker to carry it out.

Now Speaker Crim has used his ultimate power to appoint—or not to appoint—to frustrate the will of the House majority. The Michigan Director of Common Cause has "forgot" to report some expenses he criticizes others for not reporting, and he recently said that some legislators could be "bought" without saying who. The House felt he should be given a chance to explain his charges and his inconsistencies, in view of the exacting standards he and Common Cause have demanded of all public officials.

But now that is not to be, thanks to the rather dictatorial whims of Democrat Speaker Crim.

FT. EUSTIS, VA. — One of the things Private James L. Hetzer worried about before coming to the Transportation School here was instructors other than his father, Sergeant First Class Walter J. Hetzer.

"I came in with the idea that I was going to get a hard blow dealt to me, but they've been pretty fair. Sometimes they look at me like they're wondering how come I don't understand. They're under the impression that 'Daddy' has been helping me with all this stuff. But it's been blind material to me.

The younger Hetzer, whose mother, Mrs. Betty L. Hetzer, and recent bride, Judy, live at 15309 Rosemont, Bath, Mich., came to the southeastern Virginia post specifically to take the airframe repair course his father is teaching.

Ft. Eustis is the Army Transportation Center for training soldiers in all modes of transportation operations and maintenance.

Sergeant Hetzer believes his son should, "do it on his own and learn it the way everyone else did." Only once did the sergeant answer a question for him during off-duty time.

But, says the father, who has been an instructor at Ft. Eustis for three and one-half years, he is not harder on his son, nor expects more from him than from other students. He might correct his son from time to time by pointing out that a

pocket's unbuttoned or by mentioning that he needs a haircut, but "it's nothing more than I would say to any other soldier. I expect him to conform, but he is living his own life in the military."

James, a 1970 graduate of Mason High School, chose the course because he feels with this training he can get a "fairly decent" job in civilian life. It could be some time before he is a civilian, since he doesn't know if he'll make the Army a career. "It's hard to say. It all depends on how I excel." So far, excelling has been no problem for him.

Pvt. Hetzer has been in the Army a little more than three months, as opposed to his father's twelve years, but he has already made some significant achievements. He was top soldier out of 600 in his basic training cycle and as a result, he received an early promotion and won the American Spirit Honor Trophy at Ft. Knox, Ky.

During class, Pvt. Hetzer says it's "Dad" or "Son." "I only see him as I'm passing through and I just say, 'What's happening Dad?'" Or sometimes I call him by his first name, Jack. But never sergeant."

Both Hetzers maintain that this unusual situation has not affected their off-duty relationship.

During the week, James Hetzer lives in the barracks and he says he "pulls all the dirty details right along with everyone else." And, of course, there are some weekends when he has duty.

But if Friday afternoon comes and his name isn't on the duty roster, he takes off with his father to enjoy what Sgt. Hetzer terms a "regular, off-duty, civilian-type weekend."

They are getting to know each other better says Pvt. Hetzer. His father's service travels took him to Vietnam for three years and Korea for four.

"The part of my life when I was really maturing I just didn't see him. So now when we get together it is not like a father and son, it's more like a brother to brother relationship," says Pvt. Hetzer.

Sgt. Hetzer is the son of Mrs. Edith V. Hetzer, 3536 Loveside Tr., Lansing.

His wife, Chung, lives in Newport News, Va.

## DNR says "put-take" pheasant hunting season off to good start

LANSING—Pheasant hunters participating in Michigan's popular put-take program generally experienced a successful opening week, says the Department of Natural Resources, which has released about 6,500 birds at 17 southern state game and recreation areas since Monday, Sept. 15.

Put-take areas include Rogue River, Flat River, Barry, Gourdneck, Three Rivers, Portland, Sharonville, Dansville, Gregory, Gratiot-Saginaw, Deford and Lapeer state game areas; and Ionia, Steeple Hollow, Holly, Bald Mountain and Wetzel state recreation areas.

Opportunities for hunters will continue to abound throughout the long put-take season (now through November 14 and from December 1 through January 4) with 53,500 more pheasants awaiting random releases on over 20 additional "opening days."

Put-take areas are stocked one to three or more times each week by DNR wildlife biologists at undisclosed times before and after the 10 a.m. to 7 p.m. daily hunting hours.

"Reports from the field indicate that hunters appear enthusiastic and generally satisfied, and that pheasants harvested are of good appearance," says Vic Janson, DNR southern Michigan game bird specialist. "The birds are flying well, too, and behave more like wild pheasants than did some of the birds last year."

Janson observes that most put-take areas had good crowds during the week, although no area was over-crowded with hunters with the possible exception of Wetzel in Macomb County. He adds that DNR Conservation Officers patrolling the areas reported few game law violations and received no reports of injuries.

"Most of the successful hunting is in the morning hours,

although hunters are finding birds throughout the day," Janson notes. "Heavy ground cover and good weather conditions are also helping make for good hunts."

Janson reminds hunters that there is no application deadline for put-take permits, allowing them to join the put-take action at any time during the season.

Hunters must have the permit in addition to their small game license to hunt pheasants in put-take areas. Applications are available at license dealers, but the completed application and \$10 fee must be sent to the Put-Take Pheasant Program, Box 4013, Lansing, Michigan 48926, for processing. Most permits are issued within a week, says Janson.

Area maps and rules of the southern Michigan put-take program are available from most license dealers and from DNR field offices, says Janson.

Deputy Robert Winn and Deputy Larry Ruby of the Clinton County Sheriff Department are shown measuring one of the 79 marijuana plants which were confiscated at 5311 Alward Rd., Laingsburg, Thursday Sept. 18. According to the deputies, most of the plants were nine to ten feet high. The tallest plant measured eleven feet. Mr. and Mrs. Roger Cady of 5311 Alward Rd., Victor Twp., are scheduled to appear in district court Sept. 28 to answer charges of possessing of marijuana. The plants were found growing in a garden adjacent to their home.

## 4 ways not to be fuelish.

1. Lower your thermostat to at least 68° during the day. And to 60° at night.
2. Turn off lights and appliances not in use.
3. Hold your speed under 50.
4. Send your name and address to Energy Conservation, Box CW, Washington, D.C. 20240, and we'll send you a free booklet, "75 WAYS NOT TO BE FUELISH".

# Oldsmobile 1976.

## An Olds for everybody.

### And good mileage in every size.

Take a look at the beautiful new 1976 Oldsmobiles in your dealer showroom. They're impressive.

Then take a look at the 1976 EPA Mileage Guide test figures for Oldsmobile. They're impressive, too.

They show that good gas mileage runs in our family. Remember these mileage figures are estimates. Naturally the actual mileage you get will vary depending on the type of driving you do, your driving habits, your car's condition, and available equipment.

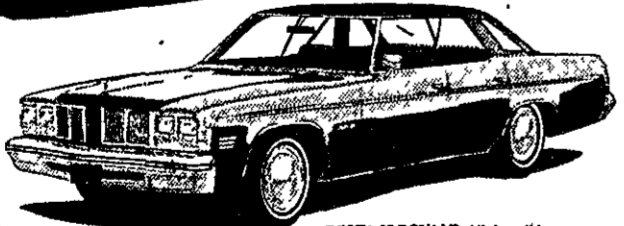

From sporty Starfire supercoupons to full-size, front-wheel drive Toronados, there's good gas mileage in every size Olds.

That's quite a feat considering the array of sizes and models that Olds is offering this year. With this kind of selection, there's bound to be an Olds to fit your lifestyle and pocketbook. And every Olds, whether small, mid-size or full-size is built to be right for the times.

This year Oldsmobile is offering an available five-speed overdrive transmission on Starfire, Omega and Cutlass models. (You may be used to thinking of five-speed as strictly a performance feature, but the fifth gear gives you overdrive efficiency.)

We invite you to make a total comparison. Good gas mileage, traditional Oldsmobile engineering, construction, dependability and solid comfort. You'll find each Olds packed with value because it's built with the care and attention to detail that's a tradition at Oldsmobile. Can we build one for you?

### 1 Credit at Cost

Plenty of city dollars would like to work on your farm. You can hire them at cost through PCA. PCA brings money direct to the farm, giving you full, immediate benefit from today's changing interest rates.

### 2 Planned Cash Flow

A simple forecast of your monthly income and expenses for the year helps you spot "borrowing" times and "repayment" times well in advance, so your cash keeps flowing along smoothly. It's a new idea to some lenders, but PCA has been doing it for years.

### Plan reception for new doctor in St. Johns community

Clinton Memorial Hospital Auxiliary Board held its fall planning meeting on Wednesday, September 17, with Mrs. Jean Anthes presiding. Forty-three members responded to roll call. Mrs. Anthes appointed the committees for the coming year. Each member was given a copy of the amended constitution and the four changes noted. Mrs. Montague, chairman of the puppet committee, reported that the members are ready to commence their holiday sewing of Christmas stockings and caps. A new sewing machine will be purchased for the use of the sewing committee members. They have been busy this summer making 70 new articles besides doing the routine sewing. Other committee chairmen reporting very active summer were: tray favors, televisions, gift shop and candy strippers. Mrs. G. Garapetian, corresponding secretary, has spent a busy summer writing "Get Well Notes" and acknowledgements. Mrs. Irene Zeeb, chairman of the Board of Directors, spoke of a "special care unit" that is under consideration. She also reported two new members have been added to the staff: Dr. John Cook and Dr. Thomas Mathew. Mrs. Mary Crosby reported on a meeting of the Michigan Association of Hospital Auxiliaries that she and Mrs. Zeeb attended. She said twenty-five hospitals were represented and the interchange of ideas was very beneficial. Mrs. DeCamp, Director of Volunteer Services, was invited to attend the Board meetings and act as a liaison between the Auxiliary and Volunteer Services. A letter was received from Mrs. Gertrude Redman, a 87 year old recipient of meals she has received as part of a community service. She expressed her gratitude in a very charming manner. She also enclosed a check for \$100.00. The members were very appreciative of her letter and her monetary gift. In appreciation for their years of service, Honorary Membership was bestowed upon Mrs. Rex Strine, Mrs. Gayle Vaucanson, Mrs. Louis Wolf, Mrs. Joseph Mathews and Miss Evelyn Putnam. The members are sponsoring a reception Sunday, September 28, from 4:00 to 6:00 p.m. in the hospital dining room honoring Dr. and Mrs. John Cook. He is the new surgeon who has recently joined the staff. The public is invited to attend. A welcome was extended to the new board members.

### Alpha Eta holds planning meeting

The Alpha Eta Chapter of Delta Kappa Gamma met Sept. 9 at the Ovid-Elise High School. Officers for the ensuing year are: president, Etta Smith; first vice - president, Mrs. Louise Somerlot; second vice - president, Mrs. Estelle Geller; recording secretary, Mrs. Jane Knight; corresponding secretary, Mrs. Helen Mowl; treasurer, Mrs. Dorothy Baketa; parliamentarian, Mrs. Thelma Ruhl; historian, Mrs. Elizabeth Nobis. This was a workshop meeting, giving the various committees a chance to organize the year's activities. Following the workshop a business meeting was held with the president, Mrs. Etta Smith, presiding. Thirty members responded to roll call. Committee reports were given outlining plans for future meetings. Julie Shepherd wrote the chapter, expressing her appreciation for being selected as the 1975 Scholarship Fund recipient. Mrs. Etta Smith and Mrs. Louise Somerlot plan to attend a state program workshop at Boyne Mountain Lodge, Sept. 26-28. Mrs. Ethel Huot, Affirmative Action chairman, will be attending a series of workshops this year. Booklets outlining the year's activities were distributed. The books followed the bicentennial theme of red, white and blue. The members expressed appreciation for the work done by Mr. and Mrs. Kenneth Somerlot in formulating the book. Dessert was served by the hostess. The next meeting will be held Oct. 14 in the community room of the Central National Bank, St. Johns. This will be a "Bicentennial Celebration" with an antique display, patriotic music and members in gala colonial attire.

### Salem United Methodists set bazaar, bake sale

The Salem United Methodist Church will sponsor a Bazaar and bake-sale Sept. 25, 26, and 27 in the Community Room of the Central National Bank of St. Johns. The sale will be open to the public from 9-5 Thursday; from 9-9 Friday; and from 9-1 on Saturday. The members are sponsoring a reception Sunday, September 28, from 4:00 to 6:00 p.m. in the hospital dining room honoring Dr. and Mrs. John Cook. He is the new surgeon who has recently joined the staff. The public is invited to attend. A welcome was extended to the new board members.

### Lutheran Church sets weekday school

The St. Johns Lutheran Church has started Weekday School Activities to be held on Wednesdays from 3:30 to 6 p.m. About 60 children enrolled. Grades are starting at 3rd through 6th grade. Pastor Michael Ruhl teaches the 7th and 8th grade Confirmation Class. Activities include singing, projects, lessons and snacks are served by the ladies of the congregation.

**Ken Coin**  
sketches  
on display

Ken Coin

Ken Coin has drawn three large pen and ink sketches of early DeWitt which have been matted and are on display in the lobby of the DeWitt Public Library as part of their Bicentennial observance. The sketches are of Brook's Drugstore and William's Grocery which burned in the big fire of October 1930, and the other is Brazees' General Store which survived the fire and has been remodeled into the Shingle Shack Restaurant. These buildings were built in the 1830's and 40's when DeWitt was county seat and a very busy and bustling town.

**1839 tax assessment**

In 1839 when Clinton County became an administrative district, DeWitt Township, including the village of DeWitt, had a tax assessment as follows:

Town Tax	162.56
County Tax	205.06
State Tax	216.89
Road Tax	821.93

1,406.83 Total

They were trying to improve their roads and heavy taxes were levied for that purpose. Equalized Evaluation of the property of the township and village at that time was \$108,586., just a fraction over \$3.00 per acre. The Equalized Evaluation of Twp. and City this year of 1975 is \$510,177,837.00. In 136 years the value has gone up just a trifle!

Means of communication were in a most primitive state in 1839 and the people in hard circumstances with little money and hardly able to bear the burden of additional taxes. But they were in favor of the idea of an independent county organization. The first county commissioners were: Calvin Marvin, Ephraim Utley and Robert E. Craven.

**Offer Red Cross**

**home nursing course**

The Mid-Michigan Chapter of the American Red Cross will offer a home nursing course open to the public beginning Tuesday, September 30. The instruction will cover a wide variety of topics to aid families in caring for the chronically ill and elderly at home.

The course, taught by volunteer Registered Nurses with Red Cross training, will be held from 9 a.m. to 11 a.m. at the American Red Cross, 1800 East Grand River Avenue, Lansing. Interested people may call 484-7461 for information on enrolling.

The course on Tuesday is the first of six consecutive sessions, the remainder being scheduled for later dates. Session topics include maintaining health, recognizing illness, body

mechanics, personal service for the bed patient, and medicines and simple treatments.

Joan Burge, Red Cross Home Nursing Director, said that skyrocketing costs of nursing homes and hospitalization have led to an increased interest in learning the basics of home nursing care. "We feel that at least one member of each family should have some training in health care in the home. Most families will face the situation of having to care for an elderly or chronically ill person," Mrs. Burge explained.

Upon completion of the course, Red Cross Home Nursing certificates will be awarded. The course is offered free of charge. An optional Red Cross textbook in home nursing is available at \$1.50.

**Police report**

Timothy Russell Farr, 4445 Herbison Road, DeWitt, had a few problems driving Friday night when, driving down Webb Road, near Locust St., he crashed into the guard rail, smashing the right rear of his automobile.

A DeWitt Police officer observed him and followed Farr to the DeWitt Bar where he was ticketed for reckless driving and leaving the scene of an accident.

**New faces at City Hall**

Attractive, bright, concerned about her job - that's Sharon Pierce, DeWitt's new Account-Clerk.

Mrs. Pierce, 28, has been with the city since late July when City Council appointed her to the temporary position of City Clerk.

That job expired on Sept. 1 and apparently the city was satisfied with her performance because they hired her for the new part-time position.

Mrs. Pierce

Mrs. Pierce is no stranger to the DeWitt area, having grown up in DeWitt Township on Wieland Road, graduating from the "old" DeWitt High School about 10 years ago.

After high school, she attended LCC, planning to become a dental assistant.

She changed her mind and ended up working first for Michigan National Bank in the installment department and then with Darling Building Supply.

Later, she got her first taste

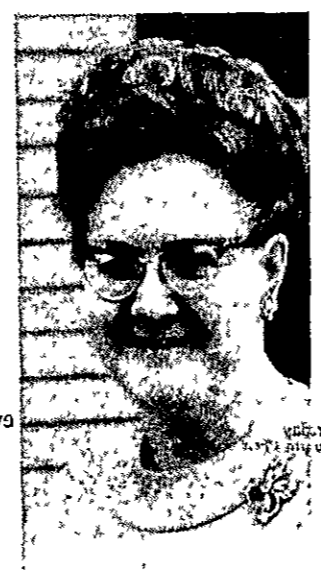

of city government, working as a clerk for the Lansing Parking Division Supervisor.

When DeWitt was looking for a city clerk in July, Mrs. Pierce said, "I was looking for a nice part-time job and I wanted to stay in DeWitt," so she applied and was hired.

So far, the job has been full-time and Mrs. Pierce commented that, "it's been an education."

When she isn't busy attending to the affairs of the city, Mrs. Pierce, likes to bowl, sew, entertain her friends and decorate her house.

Mrs. Pierce thinks DeWitt is, "a nice friendly town, - I wouldn't want to live anywhere else", and resides at 1812 Waxwing, with her husband, Michael and her 2 sons; Brett, 4 1/2 and Brad, 8 months.

Mrs. Terpenning

Experience is the word that best describes Ella Mae "Mickey" Terpenning, DeWitt's new Clerk - Treasurer.

A native of the Grand Rapids area, Mrs. Terpenning describes herself as a graduate of the "school of hard knocks" who has worked as an office manager for many years with a CPA, a realtor, an insurance company and a mortgage company.

Mrs. Terpenning came to the Lansing area 5 years ago and says she has worked off and on during that time.

She moved to DeWitt 2 1/2 years ago and said when the City Treasurer's job was available in early June, she applied because, "I lived in the town and I was unemployed."

Coming into a tense situation, Mrs. Terpenning worked diligently to get the year's taxes out and is now, as Clerk - Treasurer, the city's office manager, responsible for all the bookkeeping and minute taking at city council meetings.

Mrs. Terpenning lists her favorite past-time activities as bowling, reading and dancing. She also has 3 children and 3 grandchildren and lives at 611 Cherry St.

Talking about DeWitt, Mrs. Terpenning said, "I recently find that this is quite a nice little town to live in."

# Ovid-Elsie announces swimming pool schedule

The fall schedule of activities for the Ovid-Elsie pool has been announced by pool director Charles Holcomb.

The family night swim programs will be continued on Tuesday and Thursday evenings from 7 to 9 p.m. The fee for the entire family is \$1.

Wednesday, beginning at 7 p.m., has been designated as Ladies Nite. The instructor for this special night encourages women who can't swim and interested in learning to attend, along with those who come for relaxation and exercise.

Beginning Competitive Swim has been added to the pool schedule this year at 5 p.m. every Wednesday. The program is for elementary school students with some swimming skills wishing to improve and

who look forward to racing.

Also, a 6 p.m. program on Wednesdays for elementary students who wish to advance their competitive skills will be offered.

Swim and Guard Corps for junior and senior high students will be on Tuesday and Thursdays after school. Their initial activity will include completion of painting the Ovid-Elsie pool area.

Saturday morning programs will also be offered beginning at 9 a.m. with Competitive Swim and followed at 10 a.m. with Tiny Tots.

All programs are beginning this week of Sept. 22. For further information contact Charles Holcomb at Elsie Junior High School 862-5151 or 862-5620 during the evenings.

## Shepardsville

The General meeting of the Shepardsville UMW met Thursday evening, Sept. 18, at the church. The business meeting was presided over by the president, Mrs. John Spencer.

The usual reports were read and accepted. Correspondence was read from the district meeting regarding the Annual Meeting to be held in Mt. Pleasant on Sept. 23. It was voted to hold the General Meetings in September and April, discontinuing the January meeting. The secretary was asked to write the district president what we have to do to get ready for the Workshop to be held at the church on the evening of October 28 from 7 to 9:30 p.m. The Planning Committee will be looking after the refreshments following the Workshop. Mrs. Charles Walker reported on a project for Community House in Grand Rapids. The Highlights subscription was cancelled and the money will be given to the World Hunger Relief Fund. It was suggested that each circle have a bi-centennial program sometime thru their program year.

The program for the evening was in charge of Mrs. Francis Hall. The program opened with all singing America the Beautiful. She reported on two study books that could be used during the bi-centennial year. One was *The Nation* yet to be and the other *Southeast Asia*, Christian presence. Together we share with them a common task to help build a world of peace, justice and reconciliation.

Mrs. Karl Smith, Mrs. Marian Walker, accompanied by Mrs. Alan Personous, sang *Go Make Disciples Of All Men and O Perfect Love*.

Devotions were in charge of Mrs. Karl Smith. Her scripture was taken from the Gospel according to Luke. All took part in a Litany about the scripture lesson. Her topic was on missionary work in Nepal and how Christian missionaries

worked among them and taking part in some of their activities. Most of the people in Nepal are Hindus.

She closed with a short prayer. The circles will resume their activities in October.

Guests of John Spencer on September 17 were his granddaughters, Mrs. A. D. Brocci of Wellsville, N.Y. and Mr. and Mrs. Richard Barker and

family of Monroe. They came to help their grandfather celebrate his 94th birthday. His daughter, Mr. and Mrs. Guy Cox of Lakeland, Florida spent a few days with her father. They left on Thursday morning to start back to Florida and sunshine. Mr. Spencer was the recipient of many cards and he says Thanks to those who helped to make his day a happy one.

## County Board forms development corporation

By Jim Schmitz  
County News Writer

The County Board of commissioners have had a problem in past years allocating federal Comprehensive Employment Training Act (CETA) funds to small county townships who don't have a full-time supervisor to administer work.

This year, they decided to correct the problem and formed a public corporation — the Clinton Development Corporation — to disperse some \$130,000 of CETA funds they haven't specifically designated for other projects or governmental units.

Gerald Ambrose, county administrative assistant, is directing the corporation and met in late July and early August with township supervisors and other interested persons to formulate the corporation, elect temporary officers and discuss what the corporation might do.

At the Aug. 13 meeting, Robert Bellgowan, Sr., Lebanon Township Supervisor, was elected president and Paul Thelen, Dallas Township supervisor, was elected vice president.

The corporation is modeled on a similar operation in Shiawassee County, with whose officials Ambrose and County

Commr. Walter Nobis, chairman of the finance committee, met with prior to Clinton County's forming its corporation.

As of now, 13 of the 16 county townships have agreed to become part of the corporation and the remaining 3; Essex, Bingham and Olive; have indicated they will join as soon as their boards meet to give their approval.

At their Sept. 2 meeting, the County Board of Commissioners told Ambrose they wanted him and the corporation members to sit down and figure out what the supervisors want to do with the money, how many people they're going to hire, what they're going to pay and how many work hours will be allotted.

Ambrose told the board he wanted to "get underway by the middle of September," and asked for part of the \$130,000 to get the corporation operating.

The board responded favorably and gave Ambrose up to \$10,000 to hire a field superintendent who will be responsible for the supervision of any future work.

Though the federal funding will be spent by June 1976, Ambrose would like the Corporation to become an ongoing organization.

"Hopefully," he said, "there

will be some other means of funding in the future."

In other action the board:

- agreed to a 3-year insurance program with Farm Bureau insurance, whose annual premium will be \$24,932. The contract took effect Sept. 1.
- approved the payment of \$1,870.53 to the law firm of Fraser, Treilcock, Davis & Foster for advisement on the Bath-DeWitt Township sewer pact.

- were told by Arden Pierson, registered land surveyor in the County Drain Office, that the Wandell Extension Drain had been stopped from being improved because of a Circuit Court injunction asked for by residents of the Stoney Creek area in Bengal Township.
- heard that employees from the County Sheriff's Dept. voted to join the Fraternal Order of Police Union by a 12 to 7 margin.
- were told by County Clerk, Ernest Carter that a total of 39 county farmers had applied for tax exemption under the state "Farm Land" and Open Space Preservation Act.

## Report from the capital 87th District Rep Francis R Spaniola

The Special House Public Service Commission (PSC) Committee, of which I am a member, has been working quietly but diligently, over the summer. We are trying to determine whether the state of Michigan has any clear idea of what our energy needs are and how valid the PSC studies are that have been cited by the utilities as partial justification their rate increases.

The investigation is still in progress and we will continue to have public hearings throughout the state. We have conducted a series of interviews with the staff of the Commission. We are talking with members of the staff to find out if the procedures are equitable for the public and for the utilities as well.

There have been some interesting revelations. One of the things that has troubled me is that most of the PSC employees are people who have worked for the utilities. . . basically, while they are no doubt honest in their approach, they have a natural built in bias.

Another problem is that it is extremely difficult to verify some of the information obtained from the utilities. For example, the Research and Planning section which issues such items as long-range reports on power needs in the state relies almost entirely on information from the utilities for compiling their data. While there is nothing unethical about the utilities furnishing this information, it should be verified by other people with expertise in the area of power who can check the authenticity of the information.

This special committee, and more specifically, the chairman of the committee Howard Wolpe (D-Kalamazoo) have come under attack for the manner in which this investigation is being conducted. Wolpe has been accused of wounding a political witch hunt.

It has been suggested by some that Attorney General Frank Kelley, who has been mentioned as a candidate for the U.S. Senate, would benefit politically from such an investigation. It was felt that Kelley, who provides the committees legal staff, would look like a hero for

his role in the study.

Others, including Lou Gordon, have carried their criticism to the other extreme. They feel the committee is not tough enough with the utilities and that it is not working fast enough.

I feel that most of the criticism has been unjustified. Both sides have been treated fairly by the committee. There is no one that I know in the Legislature who is more fair and more concerned about protecting everyone's rights than Howard Wolpe. He has made every effort to be even-handed with all concerned. For example, a concession was made to the minority party, allowing them to seek their own staff, thus resolving the conflict regarding Kelley.

Rising utility rates, combined with public distrust of the entire regulatory process, demands a full and comprehensive inquiry into the system by which the public utilities are regulated. The public is entitled to know whether or not the PSC has been operating at arms length from the industry it is designed to regulate, whether or not all interests have comparable access to the Commission, whether or not it is being asked to assume the cost of utility mismanagement. In short, the public is entitled to know why it is paying the rates it is paying.

But while ensuring the public's right to know, we do not intend to cripple the industry or reduce the efficiency of the utilities. We are trying our best to be fair.

## Area Holsteins classified

Ernest Jackson of Ovid reports that his Registered Holsteins were classified for body conformation on Aug. 29. The scoring was done by an official classifier of Holstein-Friesian Association of America, Brattleboro, Vermont.

Dairymen enrolled in this herd improvement program receive a numerical score for each animal evaluated. The True-Type Holstein represents theatrical perfection and has a value of 100 points on the classification score card. Each animal is scored, receiving a rating of Excellent (90 points or more), Very Good (85 through 89), Good Plus (80 through 84), Good (75 through 79), Fair (65 through 74) or Poor (64 points or below).

Including animals previously scored, the Ernest Jackson herd has 19 Very Goods and 32 Good Pluses.

To provide a more complete image of each animal, the classifier also uses comparative terms to describe twelve major parts of the animal's physical characteristics. This "word picture" serves as a guide for planning a breeding program to improve the herd.

The information from the classification of the herd will be summarized by the Holstein Association on its high speed computer. Returned to the breeder, these reports provide useful information for selection in the herd. The data is also published and available as reference for the herd improvement programs of Holstein dairymen everywhere.

## 4-H Chatter 4-H meat judging

By JOHN AYLSWORTH

### 4-H MEAT JUDGING

Seven Clinton County 4-H members are trying out for the State 4-H Meat Judging Team with the State Contest being held Saturday, October 18, at Michigan State University. The members are Lisa Hicks and TyAnn Cobb - Bengal Community, Tammy Harris and Darlene Deveraux - Kountry Cousins, Lisa Kuenzli, Jolene Kuenzli, and Dawn Cartwright - Stony Creek 4-H club.

The members are practicing each Tuesday and Thursday afternoon at Sheldon's Packing House in Ovid. Members will judge two classes of beef carcasses, and/or wholesale cuts, two classes of pork carcasses, and/or wholesale cuts, two classes of beef and pork retail cuts, three classes of oral reasons on beef, pork and retail cuts. Plus identify 24 retail cuts of beef, pork and lamb as to species, primal cut, retail cut, and recommended cookery method.

### NEW CLUB INST. JOHNS

A new 4-H Dog Obedience Club has been organized in St. Johns, under the leadership of Peg Feeman and Tom Zink. The group held their first meeting on September 16, with eight members enrolling. The members worked their animals on basic obedience. The clubs next meeting will be Tuesday, September 30, 7:00 p.m., at Smith Hall, when the members will elect officers and select a club name. Other youth wishing to join the club should contact Mrs. Roger Feeman in St. Johns, and plan to attend the next meeting.

### FAIR PROJECT DONATION

The Fowler Fireballs 4-H club members have donated \$10 toward the fair beautification project in landscaping the area. The club will be enrolling soon for the winter program according to Virginia Martin, who is serving as organizational leader.

### ELECT OFFICERS

The Happy Hustlers 4-H members have elected Ann Fox as President for the 1976 program year. Other officers elected as follows: Kristine Aylsworth Vice President, Teresa Hudson - Secretary, Carol Fox - Treasurer, MaryAnn Smith News Reporter, Shelly Kurnez and Kathy Gavenda - Recreation

### ROLLER SKATING TIME

Arrangements have been made for 4-H Roller Skating Activities at the Ranch Roller Rink in St. Johns, every third Thursday from October through May, from 7-10 p.m. The cost is \$1.25 per person. 4-H clubs are urged to send in their reservations as early as possible for what months they would like to go roller skating. The first 4-H roller skating activity will be Thursday, October 16 in St. Johns.

### ELVES ELECT OFFICERS

The Ovid Village Elves have

elect officers for the coming year as follows: Lisa Huffman - President, Erica Elder - Vice President, Kathy Doten - Secretary, Wendy McCreery - Treasurer, Angie Elder - News Reporter, and Jill Lasher - Telephone Caller. Members signed up for the winter projects in the areas of sewing, toddler, indoor gardening, macrame, and photography. Sandie Lasher is the clubs new organizational leader. The members will go roller skating at the Ranch Roller Rink on October 16, and November 20. The club will put up a 1976 display in one of the downtown stores in Ovid. A committee has been elected to make plans for a club tour either biking or hiking later this fall.

The top five scorers in the State Contest will participate in the National 4-H Meat Judging Contest, November 12, at Kansas City, Missouri. Last year Clinton County team won the State Contest with Dale Deveraux of St. Johns going to Kansas City.

### GET YOUR MSU TICKETS

4-H Youth groups have the opportunity to purchase tickets to the Michigan State University football game with Northwestern on Nov. 15, at the special rate of \$3 per person. One adult ticket can be secured at the rate of \$3 for every youth. The regular ticket price is now \$7. To place orders, send check made out to Michigan State University with your request stating the number of tickets wanted to: Ticket Office, Jenison Field House, MSU, East Lansing, MI 48824.

### DAIRY CLUB POTLUCK

The Clinton County 4-H Dairy Club members who showed animals at the State 4-H Dairy Show at Michigan State University, August 18-20, held a family potluck dinner, Sunday, September 21, at the home of George Hazle. The members celebrated winning the Herdsmanship Award by having the cleanest exhibit of animals during the three-day show. The members received their checks for showing at the State 4-H Show.

### "Egg Center" holds open house

GRAND RAPIDS - Farm Bureau Services' unique Egg Distribution and Product Research Center in Cascade Township near Grand Rapids was open to press and public for the first time since it became fully operationally earlier in the year.

### wide approval.

The research department at the center is currently working on still more new ideas for egg products, to open new markets for Michigan eggs. Egg Marketing Division distributes shell eggs all over Michigan, and egg products are further distributed to Indiana, Ohio and parts of Illinois and New York. The center has the capacity for processing some 30,000 lbs. of egg products per week, and distributing capacity for 450,000 dozen shell eggs per week.

The \$325,000 building was constructed in the latter part of 1974 to replace an egg processing center in Jenison that burned to the ground the previous Christmas eve.

"The success we have had so far under our new egg marketing program", said Clyde Springer of St. Johns, vice president, Egg marketing Division, "indicates that we have come far in meeting many of our goals... providing Michigan consumers with fresh, wholesome eggs... and fulfilling our cooperative's responsibility to the egg producing farmers of Michigan for fast and efficient marketing."

The facility is only the second of its type in the U.S. (another is located near San Francisco), and is probably the first plant approved by the U.S.D.A. for the processing of fresh, hard cooked eggs. There is a U.S.D.A. inspector at the plant all the time.

Under the new egg marketing system, eggs are sorted, processed and packaged on the farm, with the distribution center acting as an assembly and shipping point. This unique system makes better use of producers' management skills and investments, and moves distribution closer to the point of production for the most efficient service to the consuming public.

Besides distributing fresh shell eggs and whole, hard cooked eggs, the center also processes Country Queen tm hard cooked chopped, frozen eggs. Three years in development, the frozen egg processing facilities are the first of their kind. While the quick-frozen eggs can remain in their frozen condition indefinitely, they are as fresh as homemade after thawing. Patents are pending on much of the custom-made equipment used in the frozen egg processing. The product has been promoted and sold to the institutional market for six months, where it has gained

**INCOME TAX SCHOOL**  
Each year Michigan State University co-sponsors an income tax school for practitioners, in cooperation with the Internal Revenue Service and State Treasurer's Tax Division. This year's session for this area will be held at Long's Conference Center on South Cedar Street in Lansing, Nov. 13 and 14. Sessions will begin at

8:30 a.m. both days, and will end at 8:30 p.m. the first day, and 4:30 p.m. the second.

This is a good opportunity for those in the business of filing returns to sharpen their skills, and bring themselves up-to-date on late developments.

Some of the new things that will be discussed include the Tax Reduction Act of 1975, the New State Single Business Tax,

and changes in the Homestead Property Tax Credit.

For those who find this date inconvenient the sessions will be repeated at the Ramada Inn, Saginaw, at corner of M-46 and I-75 on November 17 and 18, and at Jackson's Holiday Inn (I-94 and US-127), on November 20 and 21.

To register send 28 dollars to Continuing Education Service, Michigan State University, East Lansing, Michigan 48824. Call the County Extension Office for more information. (224-3288)

### A child's play tells us

Clinton County  
Home Economist

Chloe Padgett

Last week we talked about getting reacquainted with your preschoolers. We discussed ways that you can help your child to develop through his play.

There are a variety of things you can learn from watching your child play. Let's consider some of these.

Children reveal their feelings and conflicts in play. You can begin to learn how your child's mind works by watching him. He shows what interests him most, and what he's learned from life around him.

Play exposes his hopes and fears, revealing things that bother or confuse him. It shows his skills and personality development.

Here are things you may want to observe:

develops in play. At two years your child will need some guidance in meeting other children. He will play better by himself. A little later at three or four, he'll play better with other children.

-Watch for the roles your child takes in his activities. Is he the leader or the follower? Does he have a creative imagination? Notice to see how he holds his own with a group of children.

-Watch to see how he uses his experiences in play. Provide opportunities for your child to see different things. Trips to the zoo, or fire station, for example, give him new roles. Watch to see if he uses these experiences in his play.

-Listen while you watch. His words tell you what's on his mind and what is important to him.

# FARM BUREAU NEWS

## William Kissane is "Farmer of the Week"

A St. Johns cash crop farmer, William Kissane, was named Farmer of the Week, Monday, Sept. 8. The weekly award is cosponsored by Michigan Farm Radio Network and Farm Bureau Insurance Group.

Recipients are selected on the basis of the quality of their farming operation and their contribution to the agricultural community. Nominations are made by Michigan farm organizations such as Michigan Milk Producers' Association, Michigan Livestock Exchange, Michigan Potato Council as well as Farm Bureau Insurance agents.

Selection is made each week by representatives from Michigan Farm Radio Network and Farm Bureau Insurance Group. Awardees are announced each Monday morning on the statewide "Michigan Today" radio program. The Farmer of the Week is presented a personalized

certificate and 12 digit calculator by his local Farm Bureau Insurance Group agent.

Kissane's involvement in community and agricultural affairs includes 4-H leader, past Farm Bureau Membership Campaign chairman, past chairman State Discussion Topic committee for Farm Bureau, member St. Joseph Church, St. Johns and present County Farm Bureau President. Kissane and his wife, Judy, have 2 children.

The basic purpose behind "Farmer of the Week" is recognizing a Michigan farmer each week for outstanding agricultural contributions to the industry. It is a public service project aimed at giving the farmer higher visibility throughout the state. The award was presented at the September meeting of the Parker Center Community Group of which the Kissanes are members.

## Farm Bureau Women's Committee invites all members to participate

Each Farm Bureau Woman is extended an invitation to participate in the activities of the County Women's Committee.

Starting in 1945, the committee a unit within the complete Farm Bureau structure, provides an opportunity for the member to study those problems which are of particular interest to them and do together those things which cannot be accomplished alone.

Officers for 1975-76 include Mrs. David Morris, chairman; Mrs. Donald Swagart, vice chairman; and Mrs. Raymond Mayers, secretary. Other committee chairmen are Mrs. Ray Moore, citizenship; Mrs. Gerald Gove, information; Mrs. Milburne Moore, safety; Mrs. Dick Woodhams, legislative; and Mrs. Stuart Watts, health.

The committee meets the first Tuesday each month at 10:30 a.m. with noon luncheon and program following. The October

meeting to be held the 7th will feature installation of new officers and a recognition of past chairmen of the Gratiot Organization.

Some events of the past year were a tour of the churches of Midland and the Great Hall, an arts and crafts pavilion; assistance with a booth promoting agriculture at the State Fair, a dinner meeting with husbands as guests featuring a presentation by a person from the Department of Natural Resources who spent 3 summers with his family as lone residents on High Island in Northern Lake Michigan studying birdlife.

There was a series of programs on various commodities raised in the county. A Christmas craft show and active participation in the State Annual meeting were among other projects during the past 12 months.

The new program will be announced at the October

meeting. All interested Farm Bureau ladies are invited to become a part of the Farm Bureau Women's Committee. Meetings are held at the county office.

### FARM BUREAU CALENDAR OF EVENTS

## Farmer Pete's wife

by Mrs. Ray Peck

Variety is the spice of life? It seems that when it comes to cooking that my men-folks want sameness not variety, at all. Spice, to them, goes in pumpkin pie!

I love to try new recipes that sound interesting, different and GOOD. It spruces up my job as chief cook and bottle washer. I also raise a variety of new and different vegetables to help take away the sameness and put vitamins in our meals, freezer and cans.

This will go down in our family history as the Zucchini summer. Tho' I've raised it before and attempted to cook it - usually winding up eating myself - this summer I searched for as many ways as possible to use it.

They knew why too and really did do a fair job at going along with it and me. In September I

was to give a Farm Bureau Women's Committee lesson-study-program on vegetables.

Now Zucchini squash are probably the most prolific of all the vegetables in the world. I wish that I had kept track of just how many bushels or wheelbarrow loads one mere hill produced. Believe me, unless you have a dozen kids and they all want Zucchini squash for breakfast, dinner and supper put only one hill in. It has the redeeming quality that it doesn't spread but stays in a very neat place not spreading out at all!

If you don't pick it it will quit producing but kept picked it is like wildfire. I wonder what makes it give forth like that. If it could be crossed with a more profitable vegetable it would be wonderful. Imagine picking a

bushel of cucumbers in 'one place'!

And they do make good pickles. They also taste quite good when pickled small - five to 6 inches, and sliced then and eaten raw. So do the Patty pan scalloped summer squash. Very tasty?

Pete and Sam wouldn't understand that they did add spice to our life. . . Those two and the Zucchini. . . all summer. They would come in for meals and rattle the kettles on the stove or peek into the oven and ALWAYS say something to Mrs. Zucchini. They were a couple of clowns.

It is fun to laugh and joke and appreciate the abundance of good food we have available. It's also kind of nice to hear a word once in a while when they compliment the cook. How about that.

## Farm Bureau Annual meeting to be Oct. 14

Official notification will be mailed this week to the over 1530 family members advising them of the Annual Meeting of the Clinton County Farm Bureau. A highlight of the year for the Bureau, the meeting will feature policy development, election of directors and approval of a list of delegates to the State Convention in December.

The meeting will be held Oct. 14 at Smith Hall in St. Johns beginning at 7:30 p.m. with a buffet style jam dinner served by the ladies of St. Johns Lutheran Church. The business meeting will be chaired by Clinton Farm Bureau President Bill Kissane, who will be assisted by other members of the Board of Directors.

Other items of interest on the agenda will be a special Bicentennial Observance arranged by the Citizenship Committee, crowning of the County Farm Bureau Queen, honoring of the Discussion Meet winner and presentation of the Young Farmer of the Year Award.

There will be a contest for the

Mr. and Mrs. Fred Rowell spent Sunday, September 14, with their brother and sister, Mr. and Mrs. Frank Rowell of S.E. Dallas. Mrs. Frank Rowell returned home Sunday from the Carson City Hospital where she was a medical patient for ten days.

William S. Ernst and son, Ronald of Battle Creek spent Friday night and Saturday, September 12 and 13, with Mrs. William Ernst and Maxine Ernst. Mrs. William S. Ernst flew to Greensboro, North Carolina on Thursday, September 11, where she will visit relatives for a few weeks.

Mrs. Steve Thelen and children of rural Muir visited her mother, Mrs. Floyd Foerch, Monday, September 15.

Mrs. Herman Noller of rural Hubbardston and Mrs. Albert Moritz of St. Johns were Sunday afternoon guests of Mrs. Maxine Ernst.

Mrs. Fred W. Pasch called on Mrs. Fred Selhke of Fowler on Thursday afternoon, September 11.

most original and attractive table centerpiece and a display of pictures of Farm Bureau events of the past. A story of Farm Bureau's 56 years in the county will be included in the program booklet.

Directors to be elected are those to represent Dallas-Westphalia, Bath-DeWitt, Duplain-Greenbush and 1 at large. Nominations have been submitted by Community Groups in the eligible townships. Speaking briefly at the Annual Meeting will be Bill Spike, District V Director and Harold Scharp, Michigan Farm

Bureau regional representative. The 8 Citizenship Seminar Scholarship winners will also report on their week at Albion College.

Receiving a special honor will be Marile Drew, retired Michigan Farm Bureau staff member who over the past 20 years has done much to serve agriculture in the state and especially in Clinton County. Tickets may be purchased from Community Groups, from the members of the Board of Directors or through the County Office. They may be reserved in advance but only a limited number will be sold at the door.

## New benefits for Farm Bureau members

Farm Bureau members will enjoy increased benefits in 1976 through a program which has been in effect for the past 7 years. Each year as part of the Farm Bureau membership each member and their spouse are provided with an Accidental Death and Dismemberment Policy.

Benefits have included \$1,000 accidental death coverage for both member and spouse, \$1,000 for loss of 2 hands or 2 feet, \$1,000 for sight of 2 eyes, 1 hand and 1 foot, and sight of 1 eye, 1 foot and sight of 1 eye; \$500 of loss of 1 hand or 1 foot or sight of 1 eye and \$250 for either loss of one index finger or 1 thumb.

Beginning January 1, the county board has voted to participate in an increased program which will place \$2,000 Accidental Death coverage on the Farm Bureau member, \$1,000 on the spouse and \$500 on each minor child.

Another benefit from belonging is an automatic 20% discount to all Farm Bureau members on a Hertz rented car within the continental United States and 10% discount outside of the country. The Hertz discount card will be sent each member with the 1976 membership card. A third benefit which is planned for 1976 is the mailing of a printed county newsletter each month to each Farm Bureau family in Clinton County.

The newsletter will be compiled in the county and printed and mailed from Farm Bureau Center. This will give each Farm Bureau member current news each month on County Farm Bureau activities and items of interest which will help each member become more aware of their organization and ways in which they can participate.

## Sheriff's report

Darrell DeVault, 2833 E. Iroquois St., Grand Ledge, is now an unhappy man who lost \$452 worth of golf equipment Aug. 23 at the Royal Scott Golf Club in Grand Ledge.

Some culprit took the golf clubs, bag and balls out of a parked golf cart when DeVault wasn't looking.

The Sheriff's Dept. also

reported that John Smalldon, 5037 W. Jason Road had had several items, including a 6 gallon gas can and 26 gallons of gas, taken from his residence. Elyllis Anderson, 1805 W. Grand River, Eagle, told the Sheriff's Dept. that two boy's bicycles, worth \$290, were stolen from her residence, Aug. 25.

# Redwings win, prepare for Corunna

St. Johns Redwing traveled to Charlotte, Friday, to claim their first conference victory of the season, 21-0.

Jerry Bashore sprinted 6-yard for a t.d. with 6:23 left in the first quarter. The two-point conversion attempt failed.

In the second quarter Greg

Hazle hauled in a 7-yard pass from Keith Haske for a touch-down. Haske ran in the 2-point conversion, bringing the score to 14-0 at the half.

Nick Koeningknecht carried the ball 16-yards for the third score of the game and Carl Bashore took two points with a good kick with 4:09 left in the third quarter.

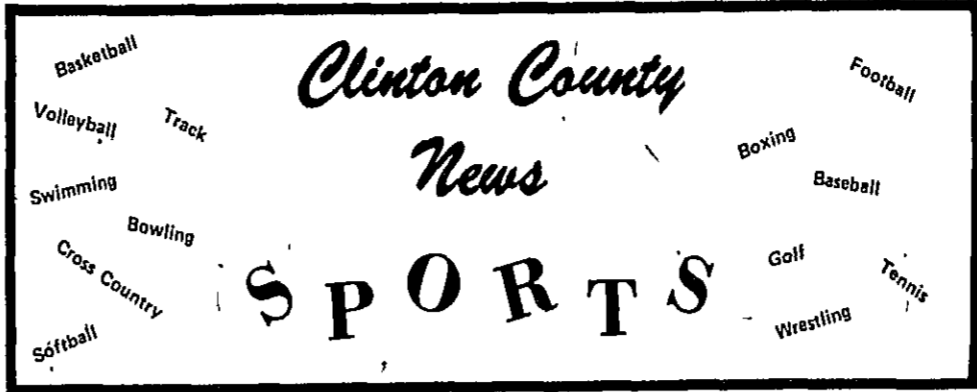

Pleasant game," he said.

Gonzales expects a difficult match with Corunna, next week.

"They took Saginaw Swan Valley who have been league champs for three years in a row, and their line is very big, with four guys in their offensive line-up weighing over 200 pounds," Gonzales said.

The largest Redwing is Jerry Bashore who is 6'3" and weighs 195 pounds. He is an offensive quarterback and defensive linebacker.

However, Gonzales says that he thinks his team will stand the challenge and that they can make up for the weight difference with quickness and the right strategy.

## Fowler Eagles sack Bellevue 32-0

The Fowler Eagles added another victory to their winning ways Friday night as they swooped-up 5 touchdowns and a 2-point conversion on their way to a 32-0 victory over Bellevue.

The Eagles, who went unchallenged last season, have shut out both of their opponents this year.

The Eagles opened their visit to Bellevue with Jim Weber

recovering a fumble and running for a 35-yard touchdown run. Weber recovered two fumbles in the game.

The Eagles bagged 2 more touchdowns before half-time and added 2 more TD's in the second half.

Dave Schmitt was responsible for a one-yard run past the goal-line in the second quarter and John Ellsworth caught a 6-yard pass from Dave Schmitt for the

second touchdown of the second quarter.

After half-time, John Ellsworth scored a two-yard touchdown and added the 2-point conversion.

Rick Fink scored the last touchdown of the game during the third quarter with a 16-yard run.

John Ellsworth carried 13 times for 73 yards to lead the offense.

## DeWitt rolls over Olivet

DEWITT -- The DeWitt Panthers made it 2 in a row Friday night, rolling over Olivet 34-14.

First quarter scoring provided the momentum for DeWitt as the Panthers racked up 22 points in the opening period.

Dave Powell scored the 1st 6 points on a 4-yard run, set up by a 30-yard gain by Levi Strouse. Strouse also added the 2-point conversion to give DeWitt an 8-0 lead.

Dale Butler scored next for the Panthers, sailing in from the 17-yard line.

The 2-point conversion on a run by quarterback Warren Willis pushed the score to 16-0.

The 3rd TD of the period came when Willis connected with Tim Elkins on a 30-yard scoring pass.

Olivet got on the scoreboard in the 2d quarter when Kelly

Coplen went in from the 3, following a DeWitt fumble recovered by Olivet.

DeWitt got into the scoring action again in the 3d quarter on a 15-yard run by Strouse. The conversion failed.

J.P. Perez led the defense with 13 tackles.

Coach Tom Isanhart also praised the offensive line for their strong performance.

The Panthers (2-0) next take on Webberville (1-1) away Friday night.

Powell picked up his 2d touchdown of the evening in the 4th quarter, hauling the ball 57 yards.

Olivet picked up the final touchdown of the game when Brian Clibraise picked up a Panther fumble and returned in 30 yards. Dave Brazie ran in the 2-point conversion.

Two DeWitt runners picked up over 100 yards to pace the Panthers to 316 yards rushing. Powell led the rushing with 127 yards in 11 carries. Strouse rushed for 102 yards in 17 carries.

Willis was 5-for-10 in the air for 75 yards.

The DeWitt defense held Olivet to 32 yards on the ground and 80 in the air.

## Pewamo-Westphalia meets Fowler head-on Friday

As far as Pewamo-Westphalia is concerned, the 1975 CMAC football championship could be decided Friday night in Fowler when the undefeated Pirates take on also undefeated Fowler.

taking all the marble this year.

The Pirates take on Fowler following Friday night's close 14-12 victory over Webberville.

Luke Pohl scored both touchdowns for the Pirates, running for 5 yards on 1 and 3 yards on the other TD.

for P-W, running for 100 yards in 12 carries.

Elsewhere in the league, DeWitt and Potterville will be interested in the P-W, Fowler clash. Both teams are also undefeated with 2-0 records in the young season.

DeWitt put on an impressive show of strength Friday night against Olivet, piling up almost 400 yards on the way to a 34-12 victory.

Fowler, defending CMAC champs, are the targets for the rest of the league and P-W coach Bill Marks said at the beginning of the season that his Pirates had a good chance of

Webberville also scored twice, but was unable to convert either extra point attempt.

Keith Schafer led the offense

## Oct. 3 is deadline to register for St. Johns Punt, Pass, and Kick

There is just one week remaining for youngsters in St. Johns to register for the local Punt, Pass & Kick Competition.

Bruce Fowler, Ford Dealer sponsoring the popular youth activity in this area, said that registrations would be taken through Friday, Oct. 3. The St. Johns PP&K Competition is scheduled for Oct. 4, at 6:30 p.m. at the High School Athletic Field in the Park.

"Although time is growing short, any youngster 8 through 13 years of age can still compete," said Fowler. "All a contestant need do is come into our showroom, accompanied by a parent or guardian, and fill out the PP&K registration form. There's no entry fee or charge of any kind, and that goes for all six levels of competition, up to and including the

National Finals."

The Ford Dealer pointed out that trophies will be awarded for 1st, 2nd and 3rd place in the local competition in each of the six age groups. Increasing the youngster's chances of winning one of the 18 trophies is the fact that each contestant competes only against others of the same age. And since there is no body contact, an entrant's size is not as important as his ability to punt, pass and place-kick for distance with accuracy.

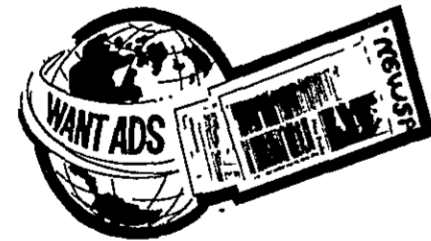

"Winners can continue on up through the Zone, District, Area and Division contests to the National Finals," the Ford Dealer said. "It's possible that one or more of our Local winners could wind up in the Finals, which will be held at the Super Bowl X in Miami on January 18, 1976."

"Registering for PP&K right now in our dealership could mean all that for some youngster or youngsters here in St. Johns, but they should register right now," the dealer concluded.

When contestants register, each entrant gets a free PP&K Tips Book. It contains helpful pointers from the pros on punting, passing and kicking. In the 1975 edition are suggestions from NFL stars Ray Guy, Ken Anderson, and Chester Marcol. Complete PP&K rules and suggested conditioning exercises for contestants are also included.

This is the 15th anniversary year for PP&K. From its inception, the youth activity has been sponsored by the Ford Dealers of America in conjunction with the National Football League. In that time more than 11.5 million youngsters have taken part in PP&K, making it one of the largest and fastest growing activities of its kind in America.

St. Johns Jaycees are co-sponsors of the Local Competition. Refreshments will be available through the St. Johns Jayettes.

## Join the people who've joined the Army.

Since the end of the draft a lot of young people are discovering a good place to invest their time. The Army.

They've come, over 300,000 strong, for things they may not have found anywhere else. Some came for the job training. Where else can you get your choice of over 300 good jobs? Some, for the chance to travel. Where else can you get to go almost anywhere in the world?

Some came for the personal challenge. Where else can you get as much responsibility right out of high school? Some, for education. Where else can you get such a good head start on college? (With

up to 75% of your tuition paid for while you're in the Army, and 36 months of financial assistance at colleges throughout the country when your enlistment's over.)

Some came for the financial rewards. Where else can you get a starting salary of \$000 a month (before deductions) and a raise to \$000 in just four months? (Plus free meals, housing, medical and dental care, a 30-day paid vacation every year, and low cost transportation to help you enjoy it.)

And some came for a different kind of reward. Where else can you do a service to yourself while you're being of service to your Country?

## Redwing golfers defeat Ionia

ST. JOHNS -- St. Johns Redwing varsity golfers added to their undefeated status Thursday when they defeated Ionia 186-185 at Clinton County Country Club.

John Watkins led the Redwings, carding a 37. Loren Larsen finished with a 42, Dave Cole 42 and John Bond 44.

Ionia's Robert Klein also finished with a 37 followed by teammates Tim McNamara 48, Ken McKeen 49 and Gary Bushong 51.

The Redwing junior varsity also won, downing Ionia 183-214.

Wayne Dedyne took low score with 45 followed by Jim Dedyne, Carl Nobis and Steve Bissell, all with 46s.

The 45 by Wayne Dedyne and the three 46 scores were all lower than the closest Ionia score by Joe Schueller of 48.

Ionia's Greg Salters finished with a 53 and Dave Bosley and Rick Hood both recorded scores of 58.

Bees crush Williamston 20-0

BATH-Bath's Bees are after the Ingham County title this year and started out in convincing fashion Friday night, crushing Williamston 20-0. The Bees wasted little time, scoring the first time they got their hands on the ball, set by Tim Carlson recovering a fumble. The Bees drove 65 yards highlighted by a 32-yard run by Randy Kindy. Dan Bass then scored on a 2-yard run. Mike Voorheis tossed for the other 2 touchdowns, hitting Bass for a 43-yard score and Pat Zeeb for 39 yards.

Extra point wins for O-E

CHESANING-Ovid-Elsie scored 3 times Friday night and a lone extra point kicked by Ron Nethaway provided the winning edge as the Marauders defeated Chesaning 18-18. Ron Shively ran for 1 touchdown on a 20-yard scoring trip and picked up 165 rushing yards for the game. Brian Byrnes added another touchdown on a 5-yard run and Roger Lover scored the 3d on a 15-yard touchdown run.

Bissell aces, could win trip, \$1,000

NEW YORK -- Steven Bissell of St. Johns is eligible to win a free trip to Scotland and \$1,000 as a result of scoring a hole-in-one at the Chardell Golf Course. Bissell's ace qualified him for the 15th annual Rusty Nail Hole-In-One Sweepstakes, a national competition sponsored by the Drambuie Company of Edinburgh, Scotland. The winner will be announced early next year.

# A MESSAGE TO THOSE PERSONS RECEIVING SOCIAL SECURITY OR DISABILITY BENEFITS

**1** Why is there so much interest today in the direct deposit of social security checks?

The Treasury Department has initiated a program to encourage the recipients of all recurring Federal payments to deposit these directly into a financial institution. Under this plan, an individual can have his check sent directly to the Central National Bank for deposit.

**2** How will I benefit from direct deposit of my social security check?

It saves a special trip to Central National just to deposit your check. It eliminates worry about the check being lost or stolen in the mail. And, any time you are away from home or cannot come to the bank, your check is automatically deposited for you.

**3** Can I have it deposited to my savings account as well as my checking account?

If you want a portion to go into the savings each month, ask Central National about an automatic transfer of a specified amount each month from checking into savings. By law your Social Security check must be directed one specific account, either checking or savings.

**4** How do I sign up for this service?

Simply complete the government form (SF1199) available at Central National Bank Personnel at Central National Bank will be glad to help you complete the form.

**5** How do I get the information needed to complete the forms?

All the Social Security information you will need is on your monthly check or in your initial awards letter from Social Security. If you need any assistance or have any questions, Central National will be glad to assist you.

**6** Do I send the form directly to social security?

No, you should complete the top half of the form only and take it or mail it to Central National Bank. They will complete the form, sending one copy to you and one to Social Security.

**7** After I sign up, when will the bank start receiving my check?

It should take about a month for the form to be processed. At the start of the program, it could take slightly longer.

**8** What about terminating the direct deposit program?

Simply contact the Social Security office and request that they start sending the checks directly to you. Also notify Central National.

**9** Is there any charge for this service?

No, it is a completely free service of Central National Bank.

**10** What if the amount of my check changes?

The correct amount of your check will be deposited each month.

**11** I get payments from both the social security and supplemental income. Do I have to fill out two forms?

Yes, a separate form is necessary for each check you receive.

**12** My spouse and I receive a check jointly. Can we use direct deposit?

Yes, just so the account in which it is deposited is in both your names.

**13** Can I deposit my check directly to my spouse's account?

No, the account to which your check is deposited must carry your name.

**14** Can my minor children's checks be deposited to my checking account?

If the checks carry your name as representative payee, they may be deposited to your checking account. If you wish to deposit these funds to a savings account, you must have a separate account for each child.

## Hassle continues over special assessment district

By Jim Schmitz  
County News Writer

DEWITT TWP - The hassle over the newly-created special assessment district between the DeWitt Twp. Board of Trustees and certain citizens has entered a new round over petitions asking for a referendum on the assessment for police and fire operation in the 1976-1977 fiscal year.

A citizens group headed by Max and Joan Calder handed over petitions to Township Clerk Donna Syverson prior to Sept. 15, but, according to Mrs. Syverson, they didn't have enough to meet the required 10 per cent of the township property owners and now, any additional petitions would be invalid because the millage had to be spread on the tax roll Sept. 15.

According to Mrs. Syverson, there are 5,266 property owners listed on the assessment roll and only 423 names were turned in asking for a referendum on the fire assessment and 412 for police.

The citizens group, however, isn't satisfied with the township's story and their attorney, William Jackson, said they will fight them on two accounts.

First of all, Jackson said, he believes they did have enough signatures and added he can't agree with Township Attorney J. Richard Robinson's interpretation of state statutes governing referendums from where Mrs. Syverson got the Sept. 15 deadline.

"It's my opinion we have until the annual County Board of Commissioners' meeting Oct. 14," Jackson said when the board will consider any millage requests from county governmental units and any objections to the millages, which would be turned over to County Prosecutor Jon Neuman for a ruling.

An even more important issue, according to Jackson, is that he and his clients, consider 1 mill the special assessment to be a violation of the Michigan Constitution because DeWitt Twp. residents are already being assessed for 15 mills and the state constitution says that townships can't levy more than 15.6 mills without the approval of the voters.

Mrs. Syverson doesn't go along with Jackson's interpretation and says the township isn't levying millage - but has created a special assessment district whose value will be specified in terms of dollars, not mills.

## Bath in line for HUD money

(From Page 3)

This individual, according to Dunningan, could be hired by the township or loaned by the Mid-Michigan Health Department.

Another \$5,000 will be earmarked for paying another individual to do all the ongoing paper work involved and both positions could be supplemented by Comprehensive Employment Training Act Funds.

This will leave about \$40,000, Dunningan said, to parcel out in \$2,000 and \$3,000 stipends to about 20 houses which are deemed by the township as sub-standard.

The Township Board of Trustees and Dunningan have tentatively agreed that the money will be used to fix up houses that need better heating, plumbing and electrical work.

To help the low - income individuals who come to the township to ask that work be done, the township can either give them the money or else can loan it to them at a low interest rate of 5 per cent that can be paid back over a 2-3 year period.

By-product of the loan program is that when the money is paid back, the township can use it for whatever purpose it wishes. Another virtue is that low income individuals will get loans they normally couldn't afford at the going home improvement loan rate of 15-18 per cent.

The program will last for 1

year, starting from the time when the township gets the money and Dunningan hopes that the township, if funded, will become a regular recipient of the federal money.

"If we do a good job this year," he said, "we stand to get more money next year."

If Bath can make the federal funding an ongoing thing, the township will join the list of regular recipients like Lansing, which was given nearly \$29 million from the same source, this year.

## What's A Funeral All About?

It's about someone who lived among friends and relatives/ Someone who has made impressions on other people. Someone who will be remembered by them.

In short, a funeral is about a human being.

And that's why we believe it should be special.

1. I need a station wagon in the summer...

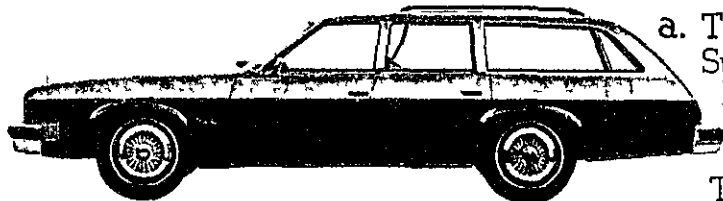

- So I can put our water skis inside and head for the beach.
- So I can put the sails to our sailboat inside and head for the Club.

2. I need a station wagon in the winter...

- So I can carry the kids and their hockey equipment.
- So I can carry the kids and their skis.

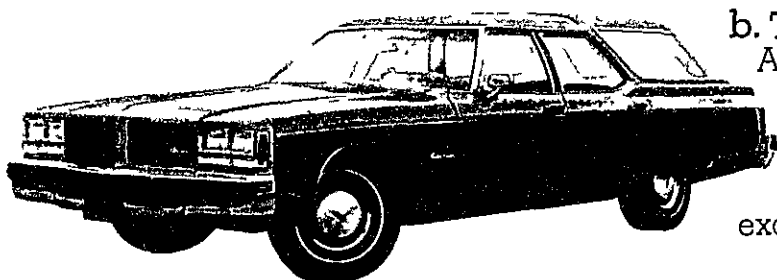

3. I'd like my station wagon to be...

- The mid-size car of my dreams turned into a wagon.
- The full-size car of my dreams turned into a wagon.

a. The Vista Cruiser:

Surprisingly economical, this is one mid-size wagon that will stand up to families, to heavy loads, to just about anything. With standard equipment like a Rocket 350 V-8, automatic transmission, power steering and power brakes, it still carries a lower price tag than many other wagons. The Vista Cruiser is no ordinary wagon.

b. The Custom Cruiser:

A station wagon in the tradition of the Olds 98—the one wagon with many of the 98's quality touches—wall-to-wall cut-pile carpeting, electronic message center, deep foam seats with a center armrest on the front seat, and much more. Exceptional luxury in an exceptionally hard-working wagon.

Vista-Cruiser and Cutlass Supreme Cruiser standard features include: Rocket 350 CID V-8 engine • Turbo Hydra-matic transmission • Catalytic converter emission control system • 116-inch wheelbase • Vari-ratio power steering • Steel-belted radial tires • Power brakes (front/disc and rear/drum) • Front seat center armrest • Deluxe vinyl upholstery • Plush pile carpeting • Rocker panel and wheel-opening moldings • Simulated wood grain body side panel (Vista-Cruiser). Available equipment includes: Rocket 455 CID V-8 engine • Tempmatic air conditioning • Sport wheels • Fuel economy meter • Rear-facing third seat (includes rear vent windows).

Custom Cruiser standard features include: Rocket 455 V-8 engine • Turbo Hydra-matic transmission • Power steering • Power brakes (disc/front, drum/rear) • Power ventilation • Wall-to-wall cut-pile carpeting • Bench front seat with center armrest • Electronic message center • High-energy ignition system • Catalytic converter emission control system • Steel-belted radial tires • 127-inch wheelbase • Dual rectangular headlamps • Rear wheel-opening covers • Divided second and forward-facing third seat (3-seat models) • Roof dmp, side-window and wheel-opening moldings • Spare tire extractor. Available equipment includes: Tempmatic air conditioning • Night-light door lock illumination • "Invisible" theft alarm system • Fuel economy gauge • AM/FM stereo radio • Anti-spin axle.
