

Bath second district to ratify contracts

By TIM YOUNKMAN

BATH—Bath Community Schools became the second school district in Clinton County Monday night to ratify a teacher contract for the 1971-72 school year. The Bath Board of Education gave unanimous approval to the new contracts, following teacher ratification last week.

Bath's school teachers join the DeWitt teachers.

The only other Clinton County district to have its teachers under a new contract is the DeWitt School District. Approval of their contract was made almost a month ago. Fowler, St. Johns, Ovid-Elste and Fawcett-Westphalia teachers continue to work under last year's contract and according to officials, negotiators are still far apart in coming to an agreement.

The new Bath contract calls for a \$350 increase in the base salary for a first level teacher holding a bachelor of arts degree. The new base has been set at \$7,700, up from last year's salary of \$7,350.

Another provision in the contract establishes a new step for the final pay raise in each job category. The teachers asked for the addition of an 11th level pay step for those teaching in the district 11 years. The new top level for bachelor of arts degree holders is \$11,555.

The master of arts degree calls for a base pay of \$8,316 and an 11th level salary of \$12,166.

"The teachers decided to take less at the base and add the increase at the new 11th level," Supt. Roger Carlson said.

The Bath Education Association (BEA) also won an unlimited sick leave clause

to the new contracts, replacing the old plan whereby the teachers received 45 sick days a year. If they did not use those days, the district would give the teachers half-pay for that time.

The rest of the contract terms are the same as last year, according to Carlson.

"The teachers were very happy and gave their overwhelming approval," commented Melvin Comeau, BEA chief negotiator. "The votes was something like 70-3 in favor of the contract."

Comeau said that there was no way the BEA could have secured a contract ahead of the Presidential price-wage freeze established Aug. 15. "We were just caught in it."

Comeau said the two sides held only two main sessions during the summer to negotiate the contract, although the BEA held several caucus meetings. "There was

nothing turbulent about the meetings and we made some real accomplishments."

He cited a new supplementary health provision called the Co-Pay Drug Program which pays for most drug prescriptions.

IN OTHER SCHOOL district negotiations:—The Fowler Board of Education and the Fowler Education Association (FEA) are still far apart on any final contract.

"We were still negotiating last night," Supt. Don Smith said Thursday. "It would be mere conjecture to say where we are at this point." All Smith would say was that neither side has come to an agreement and the two would have to work again Thursday night in another negotiating session. Smith said there were still three or four more issues to work on, including salary.

Gary Schray, chief negotiator for the FEA, said there were numerous items yet un-

settled.

"At this stage, there are numerous items unsettled," he said. "When we met Wednesday we gave them an entire new package which the board team is now studying."

Schray said the board had given no indication yet if the proposals would be accepted or a counter-proposal offered.

"The negotiations have been going on since April with very little progress—in fact no progress—during the summer," Schray said. "Now we all are starting to negotiate seriously."

He noted that the Presidential freeze hampered the progress of the contract talks as did the legislature in failing to fix a state aid formula earlier.

Schray declined to discuss specific items that are keeping both sides apart. "We have agreed not to go out on a limb on these things until we get this settled. We will meet again Thursday and I hope we

can get this thing wrapped up."

He said Thursday night's session would determine if a state mediator is needed. Other districts, such as Ovid-Elste, have already gone into mediation with the state.

The teachers are becoming more impatient and want to have a contract, Schray said. "But they don't want just any contract so they can say they have one. They want a good contract very badly and they are willing to wait to get some things they want in there."

He noted that thus far, the teachers have avoided talking about a possible strike if negotiations fall at the local level. "Of course, every year salary is a big part of it. But now we are getting away from the strictly teacher-oriented contract—and it's this way in many districts."

Both sides are waiting until after Thursday.

Six receive scout awards

By ANNETTE WHITE
News Society Editor

An Eagle Court of Honor was held Tuesday, Sept. 21 at the United Methodist Church in St. Johns for the purpose of presenting the highest award in boy scouting to six members of Troop 71.

Receiving the awards were John Ward, son of Mr. and Mrs. Wayne Ward; Mark Crosby, son of Mr. and Mrs. James Crosby; Lloyd Upham, son of Mr. and Mrs. Clarence Upham; Douglas King, son of Mr. and Mrs. Earl King; Dennis Demaray, son of Mr. and Mrs. John Demaray and Harry Moldenhauer, son of Mr. and Mrs. Louis Moldenhauer.

The award ceremony was held in the church sanctuary and was presided over by the pastor, Rev. Harold Homer of the United Methodist Church.

Preceding the Eagle awards other scouting awards were presented by John Williams, scoutmaster of the troop.

William Morris introduced various members in the audience and made special mention of guest Henry Dellor who had served in scouting under Lord Baden-Powell, founder of the boy scout movement in England in 1907.

An address was given by S.J. Serrell who explained the requirements necessary for the candidates to receive the Eagle award. He stressed the many hours of

Water, water everywhere and (ugh) raw sewage

By TOM DeWITT
Co-Editor

ST. JOHNS—Water, water everywhere.

That was the complaint of some 10 or 12 citizens who complained to the St. Johns City Fathers Monday night.

"I've got five feet of water in my basement and 10 inches in my garage," said Donald Harris, who also brought color photographs for the commission to look at.

Harris and several of his neighbors live on Garfield St. and apparently water run off from several streets is not being handled the way it should be by storm drains in the area. As a result, it is cascading down Clinton Ave. and up over the curbs, flooding the residences and their yards.

MAYOR ROBERT WOOD said an engineering report on the matter suggested raising the sidewalk in front of Harris' home.

"If that happens, I'll have to build a dike to keep my house from floating away."

The neighbor, who did not identify himself, said it was his opinion that the road was improperly constructed.

"They put the center of the road higher than the curb, and the water just rushes over the curb and onto my yard."

HARRIS SAID APPARENTLY storm drains at Lincoln and Garfield were not handling the water. It comes down Garfield

to their property and the storm drains there cannot take the overload.

"It happens every time it rains," he said. "It's happened twice in the last two nights."

Commissioner John Hannah asked if the problem was something new.

"It's always been bad, but it's getting worse," was the reply.

AND WATER WASN'T the only problem. Harris told commissioners there was a health hazard involved.

"I've had raw sewage in the basement also," he said. "I've had the health department check it out and here is a report which says the water contains 43,000 parts per million of raw sewage."

The Commission asked for a copy of the report.

Water wasn't the problem either.

ANOTHER CITIZEN, who did not identify himself, complained that he returned home Sunday night from a weekend trip to find at least five inches of raw sewage on his carpeted and paneled basement room.

"I've lived on State St. for 19 years and this has happened four times," he said. "We can always tell about 10 days before it is going to happen."

The man said the first signs are toilets flushing improperly and sewer gas smell in basements.

"The problem is that the DPW won't do anything until the sewage is in your basement," he said. "I called plumbers

and they checked out our lines, then I called the city. They could not find anything wrong last week."

BUT SUNDAY NIGHT, there was a basement full of sewage.

"The DPW people are very nice and come when you call them. I would just like to see a change in procedure to have them auger the sewer lines before something like this happens."

The man said the problem was caused by disposable diapers getting clogged in the lines. The DPW finds them on the end of the auger.

The Commission told the residents they would have City Manager Harvey Weatherwax look into the matters when he returns to work. Weatherwax was sick Monday.

IN ANOTHER WATER related matter, a report from the city manager said it would cost \$432 to clean out a ditch on US-27 at Walker Rd. to relieve water problems on the Walter McNutt property. Commissioners decided to look further into the matter to see if an arrangement could be worked out with the county on the matter.

HELLO! I'M COLLECTING FOR C.F.

This will be a familiar scene tomorrow night (Thursday, Sept. 30) when members of the St. Johns Jaycee Auxiliary will tour the city on a door-to-door campaign collecting funds for Cystic Fibrosis. Pictured are Mrs. Mary Hutton, chairman of the local campaign, left, and her neighbor Mrs. Mary Albers.

16 nominated for Chamber award

ST. JOHNS—A total of 16 nominations for two major awards were submitted to Chamber of Commerce officials who gathered last week to ballot on candidates who will be recognized October 5 for outstanding chamber and community work.

Chamber vice president Bill Patton, chairman of the awards banquet, explained that final selections for the Outstanding Member Award and Distinguished Community Service award have been made however names of the recipients will not be revealed until the night of the banquet.

"It is not difficult to see how many names were submitted," Patton commented. "There has been much community activity in recent years and many major projects undertaken. It was difficult to make the final decision, however, we've made provisions to recognize most of the nominees for their community and chamber involvement."

According to Patton a number of other awards will be presented in addition to the top two. The most honored, perhaps, will be the Senior President award of

which there will be two. These will be presented to the oldest living past president of the Chamber of Commerce and according to present records two persons qualify for the honor.

Other awards will be past president plaques and certificates of appreciation. The banquet will be held at Daley's Restaurant Tuesday Oct. 5 beginning at 7 p.m. A social hour will precede the dinner at 6:15 and all chamber members, and their guests are invited. Tickets to the event will be on sale at the door.

RECEIVE EAGLE AWARDS

Presented Eagle Scout awards Tuesday, Sept. 21 at the Methodist Church in St. Johns were from left, John Ward, Mark

Crosby, Lloyd Upham, Douglas King, Dennis Demaray and Harry Moldenhauer. The scouts are members of Troop 71.

Spanish language films at Clinton

ST. JOHNS—A new series of films at the Clinton Theater in St. Johns started Thursday night featuring Spanish language movies.

Fernan Perez of the WRBJ-Spanish Program and Bob Cruz, president of the International Enterprises in Lansing, announced that the movies will begin each Thursday night at 7 p.m. for 13 weeks.

They encouraged all high school students studying the Spanish language to attend the programs as an educational aid in mastering the language.

Volunteers collect \$400 for Stoller fund

ST. JOHNS—Student volunteers from the St. Johns area collected more than \$400 in a door-to-door campaign to raise money for the Dr. Paul Stoller Memorial Fund.

About 20 volunteers, under the direction of Mrs. Joan Devereaux, canvassed the city to collect the \$421.62 in a one-day drive.

Mrs. Devereaux said that most of the volunteers were associated with the city's youth drop-in center "Our House." Cheryl Munro won the honors for collecting the most money by turning in \$90. Mrs. Devereaux said.

City may get doctor

ST. JOHNS—If current negotiations continue, the efforts of the "Doctor Search Committee" of St. Johns will be successful in bringing a new physician to the city.

Following a meeting Monday night members of the seven man committee indicated that a doctor from a mid-Michigan city has indicated interest in locating in St. Johns and negotiations have reached the point where only details on financial assistance for the move need be arranged.

According to chairman Brandon C. White Jr., a number of local businessmen met with the committee Monday evening and indicated willingness to participate in a

fund-raising effort which would include contributions and public solicitations. White explained that costs of the move plus expenses of becoming established in the community are being offered the candidate.

In addition to business contributions support from area residents is being sought and persons in the area wishing to assist in locating the doctor in the community may do so by contacting any member of the committee or White.

Members of the committee are Bill Richards, Sr., Dr. Sherwood Russell, Kurt Becker, Frasier MacKinnon, Al Dean and Roger Hammontree.

Clinton bank starts citizen-honor plan

ST. JOHNS—The St. Johns office of Clinton National Bank will embark on a new citizen recognition program next month designed to bring attention to residents of this community who play active roles in projects of general benefit.

In announcing the new program, administrative vice president Brandon C. White Jr. explained that selections for the honors will be determined by a panel of Clinton National Bank employees but candidates can be nominated by anyone in the St. Johns area.

The recognition program will be based on general community participation of candidates or perhaps a one-time effort which deserves recognition. The weekly winner will receive a letter of commendation from an officer of Clinton National Bank and his or her name will appear on the sign of the bank for one week in the slogan, "This is John Smith week."

Candidates need not be residents of the city but should live in the general area of St. Johns.

day to make definite decisions on mediation or strike.

—TALKS AT Pawamo-Westphalia have not produced an agreement, although both sides believe that a final contract could be forthcoming. According to Supt. Roy Thelen, most of the items are out of the way except for the pressing issue of salary. "We are quite far apart on that," he said. Thelen hesitated when asked about the possibility of the teachers going out on strike. However, Larry Laitner, chief negotiator for the Pawamo-Westphalia Education Association (PWEA), said there would be no strike.

"We are not anticipating anything like that," he said. "There has been no strike vote taken."

"We've made a lot of progress, but there are still about four issues that have to be settled."

Laitner said those issues included class size, salary and other minor issues. He added that the PWEA is still working under last year's contract provisions.

"We will have quite a bit of ground to cover before a strike could be called,"

Laitner said. "We would first go to mediation and would not consider a strike before a fact finding board could be established." Besides Laitner, other negotiators are Harry Peacock, Paula Rehner, Marie Blauwinkle and Lucille Kramer.

—AT OVID-ELSIE, talks are continuing with a mediator from the state labor relations agency. The two sides were to meet again Tuesday.

"The main issues we are far apart on are economic," Supt. Donald Kenney said Friday. He pointed to the salary schedule as the main item.

The two sides will be aided in negotiations by state labor mediator Ed Connor.

—REPRESENTATIVES from both sides at St. Johns declined to give much information on the status of their negotiations. Supt. Earl Lancaster said the two groups met Aug. 23, following the Presidential freeze announcement.

He said the two negotiating teams will go back into session Tuesday night at the superintendent's office.

overnight camping and summer camp attendance needed to acquire the 21 merit badges required for the award. He also pointed out that only one percent of boys in scouting ever achieve the rank of Eagle. During the Eagle award ceremony the pins were first given to each boy's father who in turn presented it to the mother to pin on the uniform of her son. After each

boy had received his award he then presented his mother with a "Mother's Pin".

Speaking on behalf of Lloyd Upham and Mark Crosby was Rev. Carl Simon of St. Joseph's Catholic Church. Rev. Hugh Banning represented John Ward and Harry Moldenhauer. Michael Gehoski spoke on behalf of Dennis Demaray, and Douglas King was represented by Howard Williams.

I don't know about you but I'm turning in my badge and autographed picture of Sonny Gibbs (I never could pick 'em). Any time a 6-year old kid can out pick me in a football contest when I selected the games... well, it's time to quit. So I quit.

ST. JOHNS—Rehearsals for the St. Johns First-Nighters performance of "Double Exposure" were underway Monday in preparation for opening night, Nov. 4. The play is a three act farce-comedy, and is directed by Duane Miller and produced by Jeannie Moon.

Every once in a while some large company will do something nice for their customers and non-customers without trying to make a dime on it. Shell Oil is the latest. They've made available, free a little pamphlet, "Drive For Clean Air" to anyone who writes to them at Room 1541, One Shell Plaza, Houston, Texas 77002. The pamphlet tells how to keep emissions down, even on old clunkers like mine. And never once do they say "Buy our gasoline".

Something like that almost makes me forget their stupid television commercials.

The annual Exchange Club Toothbrush Sale was held Friday, September 24 but I have been informed that if anyone didn't get the opportunity to purchase one, a phone call to Milo Rowell at Boron's, 224-7423 will have you brushing along in style. And the dollar donation is put to pretty good use by helping to send youngsters to summer camp.

Oak St. to get curb

ST. JOHNS — Residents of the Oak St. area will be getting curb and gutter in the near future following action by the City Commission Monday night.

The Commission held a public hearing on the matter (again) and then voted to strike a special assessment roll in which the city would pay 20 percent of the total cost and residents would pay 80 percent.

City Manager Harvey Weatherwax had recommended the resi-

dents pay the whole shot. The cost per lineal foot will be \$5.48, cents for the residents. They may either pay cash or over a three-year period.

RESIDENTS AFFECTED BY the assessment are in an area bordered by Oakland and Wight St. on both sides of Oak St.

Only Commissioner Roy Ebert voted against the assessment. In other commission action, a partial report on the city audit

was heard with further hearings to be held at a later date. However, one item—some \$5,000, was due for collection from the St. Johns Public Schools. Nobody seemed to know why.

The Commission okayed Manager Weatherwax to obtain bids for a 150 foot extension of a water main and installation of a fire hydrant on US-27 at Townsend Rd.

THE COMMISSION ALSO voted to purchase 14.2 acres of land for further extension of the city park. The land is owned by a Detroit area resident who sold the property for \$28,300 on a land contract.

They okayed a maintenance contract for a cash register for \$60 a year and authorized Manager Weatherwax to seek bids for park equipment and two pickup trucks.

They also approved the hiring of a certified engineer to work out the plans of the park grant from the DNR.

Scouts plan broom sale

ST. JOHNS—Boy Scout Troop 81 will be selling brooms door to door in the city Sept. 27, 28 and 30 with the blessing of the City Commission.

Commissioners voted Monday night to allow the boy scouts to sell the brooms and waived any fees for doing so. The request for permission came from Scoutmaster Daale E. Maler

Redwings crush Orioles 31-0! St. Johns Holt starts at 7:30

CHARLOTTE—"We set a minimum goal last Monday to beat Charlotte by 30 points," chuckled St. Johns football coach Ernie Becker. "And we won by 31."

Becker was justly proud of his team's showing against the Birds last Friday night. Apparently Holt Week paid off. The Redwings dumped the Orioles 31-0 here Friday night.

"Our offensive line improved 100 per cent and our backfield showed a lot more hustle," Becker said. "But we still have lots of room for improvement."

Coming off a disappointing home opener loss at the hands of Mason, 15-14, the Redwings charged onto the Orioles' field and forced a Charlotte fumble on the first play from scrimmage. The Redwings' Jerry Smith came up with the fumble on the Orioles' 26 yard line and nine plays later, the Redwing machine was in the end zone with George Rosner scampering five yards for the score.

kept the Orioles deep in their own territory for most of the night. Charlotte ended up the evening with three first downs and 46 yards on the ground.

In the second period, the Orioles punted and the Redwings mounted a 50 yard drive which culminated with Bruce Cameron going into the end zone on a four yard jaunt.

Leading 13-0 at the start of the third frame, the Redwings, on the move again, capped a drive with a six-yard scoring pass from quarterback Ken Schueller to Gary Rappuhn.

The PAT kick was again missed.

WITH THE THIRD string defense in the game during the fourth quarter, the Orioles mounted a drive and were headed for a score when defenseman Bob Elliot picked off a pass on the St. Johns 10 yard line to stop the only Orioles' threat of the evening.

Prior to that, Schueller sneaked across the goal line to make it a 25-0 ball game.

The defense was also the stellar attraction as they blocked a punt. Mary Pettit blocked the

boot and Mike Moinet recovered the loose ball. The action led to the final Redwing TD when Bruce Cameron scampered 16 yards for the score.

Cameron was the leading rusher for the Redwings as he picked up 80 yards in 19 carries. Rosner was second with 44, and he also had 32 yards in pass receptions.

QUARTERBACK SCHUELLER aided his own victory with 30 yards and passed for 50. Dan McKenzie was also credited with 20 yards.

Schueller completed passes of 11, 15, 17 and six, with the final three passes leading to a score. The 15-yarder also led to a score in the third period.

The Redwings rushed for 172 yards, while the defense held the Orioles to 46. Charlotte added 30 yards through the air and the Redwings picked off one pass. Schueller did not have any interceptions for the night.

Defensively, the Redwings showed a balanced assault. Randy Devereaux led the charge with five solo tackles, followed by Gary Koenigsnecht with four, Mike Wilson, Kim Brewbaker, Earl Barks, Bruce Irish and Jim Hebler with three each.

The Redwings are 1-0 in the West Central and 1-1 on the season. They will tangle with unbeaten Holt Friday night at Holt. The game will start at 7:30.

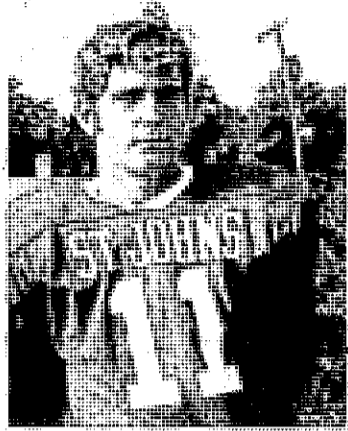

The Rams are 2-0 on the season and did not lose a game last season. They have an 8-0 string going for them.

"They are big, strong and experienced," says Coach Becker. "They are powerful with a strong running game and defense."

The Rams' Kris Doerr, who picked up 139 yards against Okemos last Friday, and Mark Adams, with 102 in 17 carries, will be a real test for the Redwing defense.

"WE WILL HAVE our hands full," Becker said. "We will definitely be the underdog."

PP&K Saturday

ST. JOHNS—Saturday, Oct. 2 has been declared Punt, Pass and Kick Day by Mayor Robert Wood of St. Johns.

More than 300 youngsters, ages eight through thirteen, are expected to match punting, passing and place-kicking skills in local competition on that day, Mayor Wood noted. The St. Johns Punt, Pass and Kick program is sponsored by the St. Johns Jaycees and Egan Ford Sales.

In his proclamation, Mayor Wood pointed out that Punt, Pass and Kick "offers young boys an opportunity to compete in a national program which underlines the importance of physical conditioning basic to forms of excellence."

Punt, Pass and Kick is in its 11th year under the co-sponsorship of the National Football League and the Ford Dealers of America. Participation this year is expected to top 1,000,000 for the fourth year in a row.

Participants in the program compete only against boys their own age. No special equipment is needed and participation does not impair a boy's amateur standing. There is no body contact and any boy, eight through thirteen years of age, is eligible to register at a participating Ford dealer. No entrance fee is required.

Punt, Pass and Kick receives the enthusiastic support of athletic coaches throughout the United States. George Allen, head coach of the Washington Redskins for example, has described the program as "the finest youth activity of its kind in the world."

Hearing Tests Set For St. Johns

Electronic hearing tests will be given at Steel Hotel in St. Johns. Certified hearing Aid Audiologists will be at our office to perform the tests.

Anyone who has trouble hearing or understanding is welcome to come in for a test using the latest electronic equipment to determine his or her particular loss.

Diagrams showing how the ear works and some of the causes of hearing loss will be available. Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Even people now wearing a hearing aid or those who have been told nothing could be done for them should have a hearing test and find out about the latest methods of hearing correction.

The free-hearing tests will be held Friday 9 a.m. to 2 p.m. If you can't get there call the number below and arrange for an appointment at another time. Lansing 482-1283.

65 yard pass stops Fowler

By TOM DeWITT

FOWLER—It was a battle of the defense.

The Fowler Eagles and the Pewamo-Westphalia Pirates locked horns Friday night in a great defensive struggle, with the Pirates coming out on top, 12-6. It was a 65-yard pass play, which had failed twice before, pass play with Piggott again that kept the unbeaten string intact for the Pirates.

4:30 left in the game, Quarterback Roy Piggott finally connected with Doug Walter on a downfield X pattern and Walter was all alone. He romped for 65-yards and the winning score.

WALTER ALSO SCORED the first touchdown for the Pirates in the first period on a 13-yard pass play with Piggott again throwing the ball.

As coach Bill Marks had promised earlier, the Pirates spent

most of the evening on the ground. But the Eagle defense was ready, as evidenced by the fact they held the Pirates to 36-yards on the ground.

Piggott threw the ball 15 times, with most of the passing coming in the final frame, but completed only six of those passes. The Eagles also looked sharp on defense, as they picked off four Piggott bombs.

The Pirate pass defense was equally alert, as they grabbed three of the Eagle aerials, twice stopping Fowler scoring threats. **TOM THELEN** WAS the hero, as he grabbed a Fowler pass in

the fourth quarter which ultimately set up the Pirate scoring bomb of 65 yards. For the Pirates, Piggott and Mike Gross also picked off Fowler passes.

The Pirate defense also held on the ground when it counted. As Coach Steve Spicer said, "We had the opportunities. There were three times we should have scored that we didn't."

The Fowler score came at the beginning of the third period. The Pirate kicked off and the Eagles made a decent runback. A penalty at mid field, gave the Eagles an additional 15 yards. **SOPHOMORE QUARTERBACK**

Bob MacKinnon, filling in for an injured Scott Spicer, moved the team well, slanting off tackle and over the middle. Within six plays, the Eagles were at the Pirate one yard line.

The Pirate defense tightened up and three plays over the middle were stopped short of the goal. But MacKinnon changed tactics hitting halfback Larry Halfman on a two yard pass play to even up the score. The PAT attempt failed.

The final quarter remained pretty much a defensive battle, with the only score coming on the 65-yard pass play. The Eagles failed to lie down and play dead, as they moved inside the Pirate 14 yard line and had fourth down and goal to go. However, the Pirate defense dumped MacKinnon on the 30 yard line to stop the drive.

THE EAGLES HAD 10 first downs to the Pirates four and 83 yards on the ground. Spicer and MacKinnon passed 19 times, with seven completions for a total of 83 yards.

Piggott passed 15 times, completing six, for a total of 124 yards. The Pirates picked up 36 yards on the ground. The Pirates fumbled twice, losing the ball once and the Eagles fumbled four times losing two.

The Pirates were the big losers in the penalty department, losing 75 yards on seven penalties while the Eagles lost 25 yards on three penalties.

The Eagles, however, lost more than the ball game. Quarterback Spicer has been lost for two weeks with a bruised spleen and end Roger Nobach is out for the season, having suffered a knee injury.

THE EAGLES WILL take their 1-1 record against Flint Holy Rosary this Friday night in an away contest. Sophomore MacKinnon will get the starting nod at quarterback and Mel Pohl will take Nobach's place at end. Holy Rosary is also 1-1 for the season.

Coach Steve Spicer said, "I feel we will have a good chance against them."

TD CATCH

Fowler's Larry Halfman (42) catches this Bob MacKinnon pass for the Eagles' only score of the night. Eagle Tony Thelen (83) puts a block on Roy Piggott (26) and the Pirates' Ben Wesley is about five steps too late.

Commenting on the P-W game, Spicer said, "I feel our defense did a very fine job, but I also feel P-W will have to be considered title contenders this year. They could win it on defense alone."

Coach Bill Marks felt the same.

"OVERALL, OUR DEFENSE was outstanding," Marks said. "Frank Spitzley and Steve Hunses played an outstanding game."

Marks also credited Tom Davern and Tom Thelen with outstanding performances, citing Thelen on both offense and defense.

The Pirates will meet Potterville Friday night at home and "We'll be trying to get more offense going this week," was Mark's comment.

Potterville is also 2-0 in the season, the same as P-W. Last week's 34-12 victory over Webberville earned them an honorable mention in Class D state polls this week.

HOWEVER, THE VIKINGS may have lost the services of key senior quarterback Dean Peters, who left the Webberville game with a wrist injury. Before he was injured, Peters passed for one TD and two conversions and scored on a one yard sneak.

Game time will be 8 p.m. at P-W field.

Score by quarters:
P-W 6 0 0 6-12
Fowler 0 0 0 0-6

Little Pirates
crush Eagles
48-12

PEWAMO-WESTPHALIA—The P-W Little Pirates romped again this week as they crushed the Little Eagles of Fowler by a score of 48-12.

The Little Pirates scored 14 points in the first quarter and 22 in the second and 12 in the final two frames. The Little Eagles scored their 12 points also in the last half.

Panthers maul Wolfpack

By TIM YOUNKMAN
Co-Editor

DeWitt—The DeWitt Panthers appear to be following a familiar pattern.

They bounced back Friday night to defeat Laingsburg after suffering a 24-14 loss at the hands of Bath a week ago. Last year, the Panthers were beaten in the season opener against Bath and went on to win the rest of their games to take the Central Michigan Athletic Conference championship for the second straight season.

And win they did. The Panthers appeared to be on the ropes early in the game when the Wolfpack scored on the third play of the game. Laingsburg's Jack Hurst pumped a 45-yard pass to end Chuck Ordway. The conversion attempt failed but Laingsburg was doing exactly what CMAC observers expected—they were heading to an easy win.

But then the Panthers broke loose. With 9:32 to go in the first half, Duane Shooltz, an all-state prospect, crashed over from the four-yard line to tie the game. Then, barely two minutes later, quarterback Ron Wilcox plunged one-yard to put the Panthers ahead for keeps. The play was set up by a fumble recovery by Murray Brockway. Tom Ashley caught a short flip for the two-point conversion. Two minutes later, Ron Brown

seeing action for the first time this year after an injury, scampered 15 yards for a touchdown. Chuck Berkimer set up this TD with a fumble recovery on the Wolfpack 40-yard line.

Three minutes after Brown's TD, with 1:10 left in the first half, Wilcox intercepted a pass and engineered the team to another score in five plays. Brown scored his second tally with only one second left on the clock on a one-yard run. Wilcox completed three of four pass attempts in that final drive.

The Panthers had taken the starch out of the Wolfpack by halftime with a surprising 28-14 lead. And they didn't let up.

With 1:07 left in the third quarter, Shooltz added more points with a three-yard sweep. The Panthers added the final touch when Rich Albertson, a junior fullback, plunged one-yard after Wilcox intercepted a Hurst bomb.

Coach Tom Isenhart, after experiencing his first win as head coach of the Panthers, had nothing but praise for his squad. He was particularly impressed with Wilcox.

"Wilcox passed for one touchdown, scored one himself, had a two-point conversion, set up two TD's with two interceptions and had a TD called back on an interception," Isenhart said.

He cited the play of Chuck Berkimer who managed eight solo tackles and one fumble recovery. He said he was very pleased with Shooltz's performance—130 yards in 19 carries, two touchdowns and two pass receptions for 62 yards. "He was the real workhorse with his 192 total yards," Isenhart said.

The coach gave credit to the whole team for the win. They

did an outstanding job. They played real hard and had excellent blocking." Isenhart had said earlier that poor blocking was the main reason for DeWitt's loss to Bath in the season opener.

He was also pleased with the punting performance of Wilcox who booted the ball twice for 40 yards each.

"We just grew up a lot this week," he said.

The Panther coach said he couldn't pinpoint Laingsburg's breakdown after scoring the quick TD in the first quarter. "Laingsburg should have the people this year to take the title, but we found that we could run on them and we did have a good scouting report. We plan on being the champ (CMAC) again," he added.

The Panthers will challenge Webberville Friday night. "They are big. Their line goes about 220, 230, 250 and 260. They are just huge kids. Our reports say to score quick against them or we'll have our hands full and we'll be hurt if they are fired up."

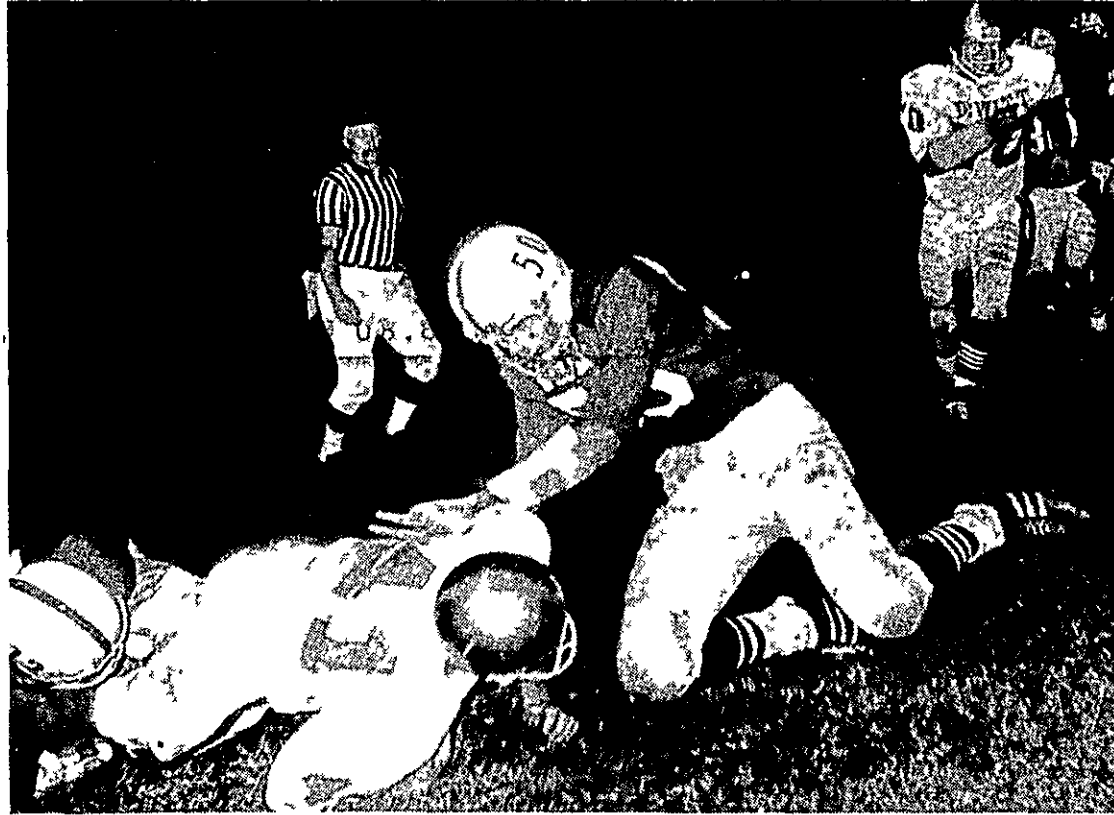

In the Laingsburg contest, DeWitt rolled up 213 rushing yards and 154 passing yards, compared with the Wolfpack's 80 on the ground and 60 in the air. The Wolfpack was outplayed in first downs, getting only four to DeWitt's 13. Wilcox hit eight of 22 passes while Hurst hit 10 of 22.

Scoring by quarters:
DeWitt 0 28 6 6—40
Laingsburg 6 8 0 0—14

CONVERTED

Tom Ashley (75) gathers in a two-point conversion pass during second quarter action that found DeWitt bombing Laingsburg for 28 points. DeWitt won 40-14.

DOWN BUT NOT OUT

DeWitt's Ron Brown (41) is felled by two Wolfpack defenders after a right-end sweep. They couldn't catch him in the second quarter when he caught a 15-yard pass and turned it into a quick six points. Laingsburg tacklers are Kevin McPhail (12) and Scott McDougall (50).

Stoll has banner night as Bees dump Leslie 18-6

LESLIE — Title-bound Bath notched its second straight win of the season Friday night by sweeping Leslie 18-6 in the Bees first conference test.

Bath, who had never beaten Leslie before, was led by senior quarterback Paul Stoll, whose 11 pass completions for 137 yards and two touchdowns, didn't give Leslie a chance to control the game.

Stoll started the scoring in the second quarter when he drove over on a 10-yard sweep. The three-yard quarterback hit end Fritz Ordway for a 30-yard scoring bomb in the third quarter and flipped a 12-yarder to Roy Dobson to complete the Bees scoring.

The Bees had contained Leslie for all but 23 seconds of the final quarter, when Bob Whipple slipped past the second-string Bath secondary and caught a 50-yard Joe Shipman pass to put Leslie on the board.

The Bees rolled up 17 first downs compared with only six for Leslie. "Our offense did a tremendous job," Bath Coach Ron Skorich beamed. "It's a great feeling," he added about beating Leslie for the first time.

"We played a good game and should have had two or three more touchdowns than we did. Defensively, we did a fine job," Skorich cited six standouts from the defensive unit, including Randy Markham, Jack Brown, Larry Feuger, Dobson, Gary Shaw and Joe Mitchell.

The defense held Leslie to less than 100 yards on the ground and 65 yards in the air. Leslie man-

aged three completions in eight passing attempts. Bath will tackle Pinckney at home Friday night. Pinckney, losers in the first two starts this season, will have size to their advantage.

"They are a big team and have a lot of kids back this year," Skorich said. "But they have lost even though they were supposed to be tough." The Bath coach said the Pirates would outweigh the Bath line by about 30 pounds a man—he estimated their size at about 200 and Bath's at 170.

Scoring by quarters:
Bath 0 6 6 6-18
Leslie 0 0 0 6-6

from VAN W. HOAG

Dear friends,
It deserves emphasis that the time, the place, the character of the funeral service, the merchandise used, the cemetery selected - these are decisions of the family of the deceased. The funeral director acts only as a representative of the family. The clergyman should be consulted in matters that concern him before any decisions are made.

Respectfully,

Price District

By Mrs Harold Crowley

The Price Women's Society met at the church for the September meeting with Mrs. Austie Waldelich, Mrs. Justin Eaton and Mrs. Clarence Neller as dinner hostesses. Mrs. Benjamin Walker led the devotionals and program which consisted of a Bible quiz. The group served the St. Johns Child Study Club dinner Sept. 15 to members and their husbands. It was voted to discontinue planned meals by the hostesses for each month and be replaced by a potluck. However, each hostess is to prepare the dining room each time and provide a beverage. The potluck dinners will be served, Sept. through April with the remaining months to be afternoon meetings.

Marie Simon now Mrs. Kenneth Smith

PEWAMO—Msgr. Thomas Bolger performed the Saturday, Sept. 25 wedding service uniting in marriage Marie Theresa Simon and Kenneth C. Smith in St. Joseph Catholic Church. The altar was decorated with yellow and green gladiolus for the 1:30 p.m. ceremony. Organist was Mrs. Ernest Schaefer.

The bride is the daughter of Mr. and Mrs. Norbert Simon of R-1, Pewamo and the groom's parents are Mr. and Mrs. Kenneth C. Smith of R-3, Portland.

The bride, given in marriage by her father, chose an empire-style gown of satin with a nylon overlay featuring an A-line floor length skirt, long sleeves and high neckline. A floral pattern decorated the bodice and cuffs. Her French triple tier shoulder-length veil was secured in place by a crown of satin rosebuds and she carried a cascade bouquet of yellow roses, centered with lavender orchids, white pompons and yellow and white streamers.

Joyce Simon of Pewamo, sister of the bride, was maid of honor and serving as bridesmaids were

Kathy Smith of Portland, sister of the groom, and Kathy O'Brien of Ypsilanti, friend of the bride. The attendants wore gowns of crepe over satin with a peasant-style lace bodice. The maid of honor was in gold and the other attendants in green. They wore starflowers in their hair and carried bouquets of gold and yellow poms and woodroses.

Jeffery Brown of Portland, friend of the groom, was best man and assisting as groomsmen were James Miller of Sunfield, brother-in-law of the groom, and Gary Gross of Pewamo, friend of the groom. Seating the guests were ushers Ronald Simon of Pewamo, brother of the bride, and Douglas Smith of Portland, brother of the groom.

A 5:30 p.m. reception was held in St. Joseph Parish Hall preceded by a buffet dinner.

The bride is a 1964 graduate of Pewamo-Westphalia High School and the groom is a 1964 graduate of Portland St. Patrick's High School.

They will make their home in Mt. Morris.

MRS. KENNETH C. SMITH

Diane Biergans bride of John Caudy Jr.

FOWLER—Fall arrangements of mums decorated the altar of Holy Trinity Church for the Saturday, Sept. 18 double ring wedding ceremony uniting in marriage Diane G. Biergans and John F. Caudy Jr. Rev. Albert Schmitt performed the 2 p.m. service.

The bride is the daughter of Mr. and Mrs. Herman Biergans of East Main Street, Fowler and the groom's parents are Mr. and Mrs. John F. Caudy Sr. of 208 Wight Street, St. Johns.

The bride was given in marriage by her father and chose a gown of white organza over white taffeta featuring long full sleeves ending in a wide cuff, a high neckline and bib effect down the front of the gown, ending at the hemline. White applique flowers trimmed the cuffs, sleeves, bodice and skirt. A Camelot-style headpiece secured her floor-length net illusion veil and she carried an arrangement of white roses and daisies with white streamers.

Karen Biergans of Fowler, sister of the bride, was maid of honor and serving as bridesmaids were Mrs. Dennis Kloekner of Munster, Ind., sister of the bride, Mrs. James Biergans of Grand Ledge, sister-in-law of the bride, Joan Koenigsnecht of Fowler, friend of the bride, and Mrs. Ronald Spitzley of Westphalia, friend of the bride. Laura Caudy of Grand Ledge, niece of the groom, was flower girl. The attendants wore long gowns of brown chiffon featuring a ruffle around the hemline, a mortar crepe bodice and long full sleeves. An embroidered sus-

pender effect went over the shoulders and around the high neckline. They wore headpieces of orange and brown bows. The flower girl was gowned in orange chiffon with green embroidery around the neckline and waistline. She carried a basket of rose petals.

Arthur A. Caudy of Chicago, brother of the groom, was best man and assisting as groomsmen were Tom Lewis of St. Johns, friend of the groom, Paul Klein, Bill Miller and Paul Droste, all of Lansing and friends of the groom. Seating the guests were ushers, James Biergans of Grand Ledge, brother of the bride, and George Kimble of Owosso, cousin of the groom. Ring bearer was Patrick Biergans of Grand Ledge, nephew of the bride.

A 5 p.m. reception was held in the Social Hall of the church for 300 guests. Special guests at the wedding and reception were Mr. and Mrs. Alphonse Caudy Sr. of St. Johns, great aunt and uncle of the groom, Mr. and Mrs. Guy Kennedy of Charleston, W. Va. and Mrs. Arthur C. Henthorn of St. Johns, Mr. and Mrs. J. D. Doescher of Miami, Fla., aunt and uncle of the bride.

Following a wedding trip to the Eastern States the new Mr. and Mrs. Caudy will make their home in Lansing.

The bride is a graduate of Fowler High School and the groom, a 1962 graduate of Rodney B. Wilson High School, attended Michigan State University and is a graduate of Lansing Community College.

Blue Star Mothers

An all day meeting was held on Oct. 21 when the St. Johns Chapter '88 of Blue Star Mothers were hosts to the state presidents annual general meeting.

The business session was called to order by the President, Mrs. Bessie Davis of Lansing in Pilgrim Hall of the Congregational Church.

Roll call of the three districts of Michigan found 77 present. The welcome was given by Mrs. Edna Eldred, local president. Response was given by the Michigan state president, Mrs. Marie Woods of Bay City.

At 11:30 recess was called and a luncheon was served in Wilcox Hall. A short program followed with two readings by Mrs. Eldred and a humorous letter read by Mrs. Bessie Davis.

Mrs. Betty Edelemeyer was elected president of the club for the coming year. All newly elected and appointed district officers were installed with Mrs. Marie Woods installing officer and Mrs. Chloe Bartholomew chaplain.

The three districts of Michigan presented their individual presidents with a gift and each gave the president of the state club a gift.

A short memorial was held honoring the mothers who have passed away during the past year.

The meeting was closed after the closing of the bible by Mrs. Mary Masarik, chaplain.

Mrs. Viana Bond was chairman of the luncheon committee assisted by Mrs. Francis Haultsky.

Most everybody saves for a rainy day, but few wait for one.

MRS. LEONGERLADTHELEN

Couple travel North following wedding rite

WESTPHALIA — Arrangements of pink, blue and white gladiolus decorated the altar of St. Mary's Catholic Church for the Saturday, Sept. 25 double ring ceremony uniting in marriage Jean Elizabeth Thelen and Leon Gerald Thelen. Rev. James Schmitt performed the 1:30 p.m. service.

Organist for the ceremony was Mrs. Daniel Spitzley.

The bride is the daughter of Mr. and Mrs. Paul J. Thelen of R-2, Fowler and the groom's parents are Mr. and Mrs. Leonard M. Thelen, of R-1, Pawamo.

The bride, given in marriage by her father, chose an empire-style gown with a self train trimmed with imported hand clipped pearls and white lace and organza. The gown featured a high neckline and Bishop sleeves with cuffs trimmed in the same lace. A Juliet cap, trimmed with imported Italian hand clipped lace secured her chapel-length train, which was edged with pearls and white orchids, pink roses, baby nuns and blue baby breath.

Maid of honor was Ruth Thelen of Fowler, sister of the bride and other attendants included Judy Thelen of Fowler, sister of the bride, Kathy Thelen of Pawamo, sister of the groom, and Betty Fedewa of Lansing, friend of the bride, Julie Thelen of Pawamo, niece of the groom, was flower girl. The attendants wore floor-length gowns of organza in a blue and white pastel print featuring an empire-style waistline, ruffles at the neckline and at the end of the long sheer sleeves.

Ervin Thelen of Pawamo, brother of the groom, was best man and serving as groomsmen were Gary Thelen of Pawamo, brother of the groom, Dave Thelen of Fowler, brother of the bride, and Bruce Thelen of Lansing, friend of the groom. Seating the guests were ushers Ray Thelen, brother of the groom, and Ray Cogswell, uncle of the bride, Perry Thelen, brother of the bride, was ring bearer.

A 5 p.m. reception was held for 500 guests at St. Mary's Hall in Westphalia. Special guests at the wedding and reception were Mrs. Elizabeth Harr and Joseph W. Thelen, grandparents of the bride.

Following a Northern Michigan and Canada wedding trip the new Mr. and Mrs. Thelen will make their home in Westphalia.

The couple are both graduates of Pawamo-Westphalia High School.

MRS. KENNETH WAYNE LENTZ

Vicki Sue Palus now Mrs. Kenneth Lentz

BANNISTER—Vicki Sue Palus became the bride of Kenneth Wayne Lentz on Saturday, Sept. 18 in St. Cyril Catholic Church. Rev. Thomas Kowalczyk performed the double ring 11 a.m. ceremony before an altar decorated with yellow and white gladiolus and mums.

Organist was Mrs. Carol Slag and Bob Ladski, soloist.

The bride is the daughter of Mr. and Mrs. Louis Palus of R-1, Elsie and the groom is the son of Mr. and Mrs. Blaine Lentz of Elsie.

The bride was given in marriage by her father and approached the altar wearing a gown fashioned of tulle rose-point lace in traditional style featuring a high neckline with pearl trim and wide cuffed Bishop sleeves. The skirt fell in gathered fullness to floor-length and five tiers of lace accented the bodice. Her mantilla veil of tulle rose-point lace went to the floor forming the train. She carried a bouquet of red roses, white carnations, white mums and baby breath.

Maid of honor was Joanne Ladski of Elsie and serving as bridesmaids were Brenda Nuffer of Lansing, cousin of the bride, Mrs. Dale Terryberry of Central Lake, sister of the bride and Kathy Palus of Elsie, sister of the bride. Tonya Lentz of Ovid, sister of the groom, and Kristie Palus of Elsie, sister of the bride, were flower girls. The attendants wore gowns of polyorganta sheer stripe trimmed with Venice lace featuring an empire-style waistline, full long skirt and puff sleeves. The bridesmaids were in mint green and the flower girls wore yellow. Their headpieces were hats of nylon horse hair braid trimmed with wood fibers to match the color of their gowns and they carried baskets of mint green and yellow carnations with baby breath.

Greg Spaulding of Copemish, cousin of the groom was best man and serving as groomsmen were Kelvin Fizzell of Owosso, cousin of the bride, Joe Palus of Elsie, brother of the bride and Mike Lentz of Elsie, brother of the groom. Seating the guests were ushers, Dale Terryberry of Central Lake, brother-in-law of the bride and Keith Chandler of Lansing, cousin of the bride.

A 1 p.m. reception was held for the couple at the Legion Hall in Elsie. Special guests at the wedding and reception were Mr. and Mrs. Oliver Lentz and Mr. and Mrs. Clifford Smith, grandparents of the groom.

After a wedding trip to Northern Michigan and Canada the couple will make their home at 328 Sycamore, Lansing.

The bride is a 1970 graduate of Ovid-Elsie High School and is employed at USG and G in Lansing.

The groom, a 1967 graduate of Ovid-Elsie High School, has served a four year tour of duty in the Navy and will attend the fall term at Michigan State University.

Mrs. Woodbury hosts Morning Musicales

ST. JOHNS(c)—Mrs. Howard Woodbury hosted the St. Johns Morning Musicales at its first meeting of the fall season Thursday morning. There were 29 members in attendance, with Mrs. C. L. Kaltrider and Mrs. Wayne Woodbury also present. Mrs. Winchell Brown, club president, presided at the short business meeting.

Guest performers were the two winners of the 1971 music scholarship awards given annually by the local club.

Sue Davis, daughter of Mr. and Mrs. Jack Davis and a sophomore at St. Johns High School, played a Handel Sonata for Violin. She was accompanied by her sister, Anne Davis.

Paul Witgen, senior at S.J.H.S. and son of Mr. and Mrs. Jerome

Witgen, sang a contemporary religious song, "He", and "If With All Your Hearts" by Mendelssohn. He was accompanied by Mrs. Duane Davis.

Both students attended Blue Lake Summer Music Camp near Muskegon. Witgen, also a cornetist, participated in both vocal and instrumental groups. Miss Davis entered competition and won the position of first chair in the Second Violin section of the orchestra. She also took harp lessons.

Mrs. H. M. Bross introduced the club's program subject for the year, "Music and Holidays." Other members of the Program Committee are Mrs. Dean Stork, Mrs. Richard Amstutz and Mrs. Woodbury. Mrs. Peter DeCamp made the program book covers.

Theme of the day was the Jewish High Holy Days now being celebrated. Mrs. Bross told of the background and customs of the Jewish New Year, Rosh Hashanah, and the Day of Atonement, Yom Kippur.

Mrs. Robert Rice sang a Kaddish in the Hebrew language. This is a prayer for the dead, which is a part of every Jewish Sabbath service. She chose one composed in 1914 by Maurice Ravel. She also sang, in Hebrew, the traditional Kol Nidre and, in Yiddish, "Eli, Eli," an ancient cry to God. Mrs. Rice was accompanied by Mrs. Duane Davis.

As the group gathered, the hostess was assisted by Mrs. Stork and Mrs. Bross in serving bagels spread with cream cheese. Mrs. Brown poured coffee at the lace-covered table, centered with Autumn flowers and leaves.

Two new members were present, Mr. and Mrs. W.J.D. Escher. Although membership in the Morning Musicales has always been open to men, Escher is the first one to avail himself of the opportunity.

CONFERENCE HELD

The Annual Charge Conference of the Price and Shepardsville United Methodist Churches was held on Tuesday evening at 7:30 p.m. at the Shepardsville Church. There was considerable discussion about the securing of a full time pastor and the problems to be faced.

The officers of the Council of Ministries of both churches were elected and will begin their work in January.

Dale Squiers was elected charge treasurer.

Each church was given a certificate showing that their World Service and Conference Benevolences has been paid in full.

Mrs. Harold Crowley, of the Price church served as secretary for the conference.

Refreshments of cookies, punch and coffee were served by the ladies of the Shepardsville church.

Anna Alderman extend their thanks to the people of the Shepardsville United Methodist Church for the nice things done for them to make their 90th birthdays a day they will long remember.

Celebrate anniversary

Mr. and Mrs. Charles E. Palen Sr. will be honored at an open house in celebration of their 50th wedding anniversary.

The event will be held on Oct. 9 from 3 to 5 p.m. and will be held in the couple's home, near Ovid on West M-21.

Relatives, friends and neighbors of the couple are invited to attend and it is requested that there be no gifts.

Hosts will be their children, Mrs. Rex G. Baker and Charles Palen Jr. and their families.

The Chippewa Chippers 4-H Club met Tuesday, Sept. 21 at the home of Shari Sigafosse. Certificates for summer projects were given to members. Prizes were awarded to Tracey Humberger, Cindy Nixon and Brenda Pank for selling the most magazine subscriptions. Entertainment for the evening was a game of kick ball. The October meeting will be at the home of Sharon Heinze.

Mrs. Grant Thompson of Alma, called on her cousins, Mr. and Mrs. Raymond Stewart and Mr. and Mrs. Ray Peck recently. Education Sunday was observed at the Bannister United Methodist Church Sunday morning services. It was a special service recognizing all Sunday school teachers and all Bible school workers. Special music was provided by the Junior Choir with Mrs. Walter Miller at the organ and Mrs. John Schlarf at the piano.

LOVELY CANDIDATES

One of these young women will be voted Ovid-Elsie's 1971 Homecoming Queen. They are, seated from left, Kathy Howley, Sherry Doubrava, (standing) Linda Sheldon, Kathleen Saxton and Francie Marton.

Start title bid Friday

Marauders crush Chippewa Hills

REMUS—Last week it was defense. This week it was offense as the Ovid-Elsie Marauders crushed Remus Chippewa Hills Friday night 22-0.

The Marauders thoroughly dominated the hapless Warriors, running up 354 yards compared with Remus' 61. Quarterback Tom Kirinovic scored two touchdowns on short runs and full-back Glen Bensingier added another to give Ovid-Elsie their second straight win of the young season, both non-conference titles.

Kirinovic also passed to end Ron Mead for one conversion and Bill Foran kicked two extra points.

The Marauders took charge early in the first quarter when Kirinovic plunged in from two

yards away and Foran added the extra point. Kirinovic scored again in the second quarter from the same distance, with Foran adding the conversion, as the Marauders took a 14-0 lead into the dressing room at halftime.

The scoreless second half exploded in the fourth quarter when Bensingier scampered six yards for the last touchdown and Kirinovic hit Mead on a short pass for the two-point conversion.

Chippewa Hills could only manage 12 plays in the first half as the rugged Marauder defense refused to budge an inch against the Warrior-attack. The O-E defense forced six fumbles in those 12 plays and recovered all six. Kirinovic and Charlie Miller also intercepted Warrior passes to give Chippewa Hills eight turnovers in the game.

While halfback Gary Groom did not manage to score in the game, he became the Marauders' workhorse, carrying the ball 19 times for 144 yards. Kirinovic hit Bensingier four times with passes for 80 yards, while Mead gathered in a 25 yard toss to give the Marauders 85 yards in the air. Ovid-Elsie hammered the Warrior line for 269 yards rushing.

The other statistics also tell the story of Ovid-Elsie's dominance. They gained 11 first downs against only three for Remus. Kirinovic hit five of 15 passes and the Chips could only complete one in nine attempts. Chippewa Hills fumbled and lost the ball seven times compared with two Marauder fumbles.

Lynn Webster led the defense with eight solo tackles, while Rick Staples and Rick McCreery added six each. The only sophomore in the lineup, Rob Nethaway, had five tackles and came up with three of the Warrior fumbles.

"Nethaway is the baby on the defensive team, but he weighs 265 pounds," quipped Russ Pope, Marauder assistant coach.

The Marauders will go up against another undefeated team Friday night to open their 1971 Mid-Michigan B Conference title drive. Ovid-Elsie will host the St. Louis Sharks and Marauder Coach Mark O'Donnell thinks he'll be in even better shape this time.

End Tim Boock and middle linebacker Dan Egbert should be ready to go against the Sharks after suffering sprained ankles in the Portland game two weeks ago. Both players are returning senior lettermen this year, and neither saw action against Chippewa Hills.

The Ovid-Elsie-St. Louis contest will mark the 1971 Homecoming for Ovid-Elsie students and O'Donnell has not lost a homecoming game since Ovid and Elsie merged in the middle 1960's.

The Marauder junior varsity tied Byron JV's 8-8 Thursday night in the junior tilt. Jim Lawrence scored the lone Marauder touchdown and added the two point conversion.

The Ovid-Elsie Frosh squad dumped Fowlerville 16-0. Scoring by quarters:
Ovid-Elsie 7 7 0 8-22
Remus 0 0 0 0-0

ELSIE P.T.A. MEETS

The Elsie Parent-Teachers Association held its first meeting of the new school year at the E.E. Knight School on Monday evening.

The Boy Scouts, under the direction of Ernie Bywater and Don Gilbert, presented the Flag Ceremony. President Archie Moore conducted the business meeting with routine reports after which a contribution to the Fourth Grade Music program was made.

The Carnival, which is given annually, will be Oct. 16, and plans were discussed. Larry Nicholas is general chairman and all people who are willing to help are to contact him at the E.E. Knight School. Bill Price is in charge of the raffle. The Carnival will be at the Elsie Junior High from 5:30 p.m. to 9:30 p.m. on Saturday, Oct. 16. It was decided to have a talent show in February. The date will be announced later.

Mrs. Leota Kajdas, kindergarten teacher, won the room count.

Donald Kenney, supt. of Ovid-Elsie Schools, Larry Nicholas and Nyal Flegel, Elsie junior high principal were introduced and made a few comments.

The meeting was adjourned for refreshments and to meet and visit with the teachers.

The next regular meeting will be a family potluck at 6:30 p.m. at the E.E. Knight School with Dr. Robert Beach showing slides.

Such a week!

By RENEE BASHORE

Ovid-Elsie--Sept. 27-Oct. 1 is Homecoming Week at Ovid-Elsie High School.

On Wednesday, Sept. 29, the junior girls will challenge the senior girls in the annual "Powder Puff" football game. This will be held on the Marauder football field at 7 p.m.

Then, on Thursday, Sept. 30, all of the faithful Marauder high school fans are invited to the Burning of the M. This is a chance for the classes to show how much spirit they have. This is held at 7 p.m. at the school parking lot. The class that shows the most spirit then receives the Spirit Jug until the next spirit contest, later on in the year.

Friday, Oct. 1, is the highlight of the week--the varsity homecoming game. Ovid-Elsie challenges St. Louis at 8 p.m. and the 1971-72 Homecoming Queen will be crowned during halftime ceremonies.

After the game, Ovid-Elsie's Student Council will sponsor an open dance from 10 p.m. to 12 midnight, featuring the rock band "Ormandy."

Hope to see you there!

SPECIAL SWIMMING

The St. Johns High School swimming pool was full Wednesday with approximately 70 some special education students from the district. The annual swim, one of several during the year, featured both free swimming and instruction.

CHILLY?

These three boys said they were cold, despite the 84 degree temperatures of the pool water.

Mr. and Mrs. Charles Mankey, Mrs. Fred Bergen visited Mr. and Mrs. Floyd Hamer on an afternoon early last week.

Mr. and Mrs. Frank Wild of Stockbridge, Mrs. Pauline Ford of Munith, Mrs. Marilyn Barnhart of Williamston were dinner guests of Mr. and Mrs. Elmer Wood, Mrs. Richard Wood, Karen and Lenore recently. The picnic dinner honored Lela Wood on her birthday.

Mr. and Mrs. Richard Howe were hosts to the Friendly Farmers Farm Bureau Group on Wednesday evening, Sept. 15. Mrs. John Klaver gave the Woman's report of the County meeting and tour through the new Farm Bureau building in Lansing. Other reports were given and a general discussion was held. Plans were made for the group to meet and attend the county annual dinner and meeting at Smith Hall on Oct. 12.

YOLANDA (Didi) MAQUILING

meet Didi, our gal from Honolulu

Every now and then our loan accounting department takes on a Hawaiian atmosphere accented by fresh orchids or other island flowers. For this refreshing change of pace we can thank Yolanda (Didi) Maquiling, our gal from Honolulu.

Didi, who formerly worked as a telephone operator in her home town, came to the mainland in 1970 and began working at Clinton National Bank in April of that year. After getting a good grip on the operations of our bookkeeping department, Didi was transferred to loan accounting where she is now in charge of such things as computer print-out distribution, loan coupon clearance and, of course, Hawaiian floral arrangements.

But then her talents extend beyond these daily routines. Didi lists her hobbies as singing and playing the piano and she has combined the two pastimes effectively. In addition she conducts a regular teen class at the Church of God in Owosso and in between all these activities she's anxiously making preparations for her marriage to David Statler next April.

Didi visited her native Honolulu early this summer and, by her own words, was happy to get back. Those of us who work with Didi were also happy to have her back. Not just for the work she does so well, but also because even the plastic flowers on the file cabinets began to show lack of care while awaiting return of Didi, our gal from Honolulu.

School was funday

ST. JOHNS—School was fun on Wednesday.

That was the general consensus of opinion of some 78 special education students who were guests of the high school swimming coach Wayne Morrison at a special swimming period.

The students splashed and played in and around the pool for some 30 minutes. Some swam, some learned to put their heads under water for the first time, others played water basketball and still others just stood around on the edges of the pool.

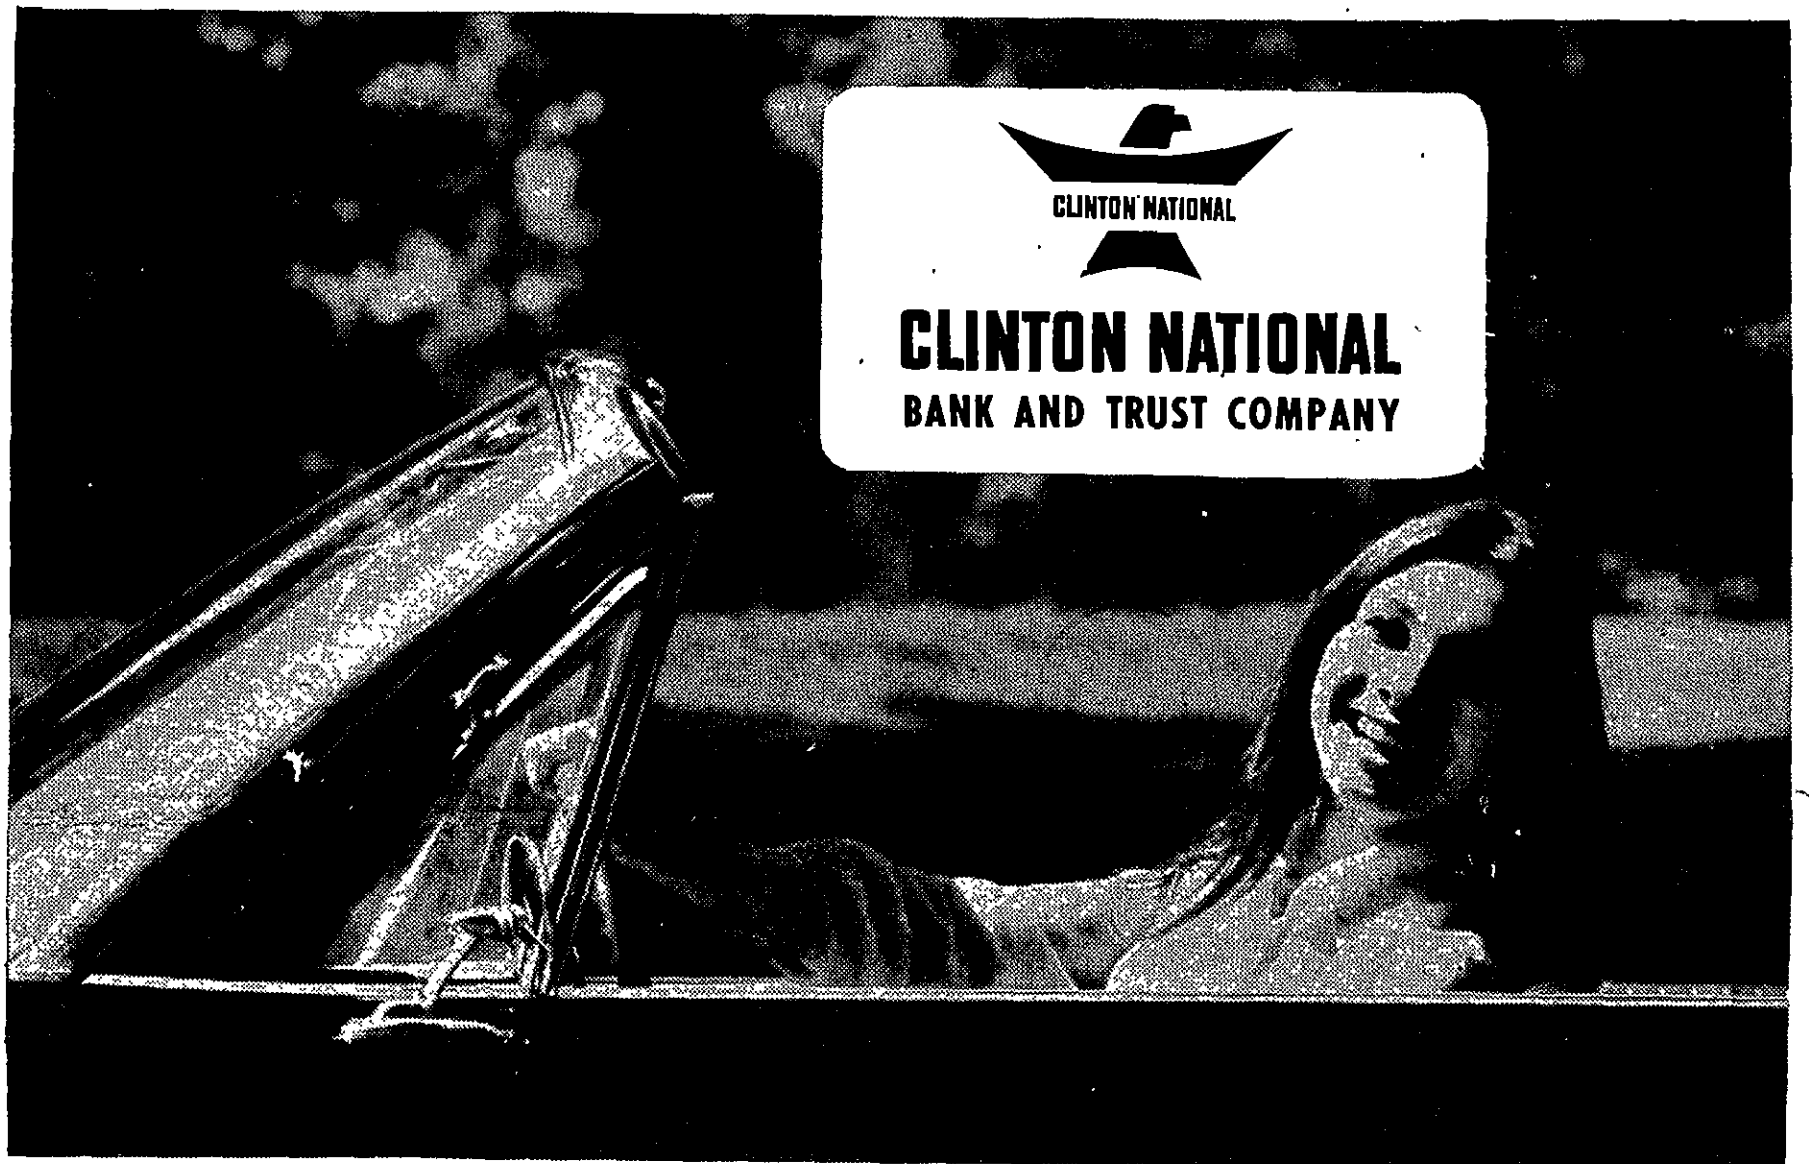

Several St. Johns High School students acted as lifeguards and instructors for the students, helping them whenever they could.

"IT'S A GOOD experience for these kids," said Assistant Principal Bill Swears speaking of the high school student assistants. "It tends to give them a deeper appreciation of those less fortunate than themselves."

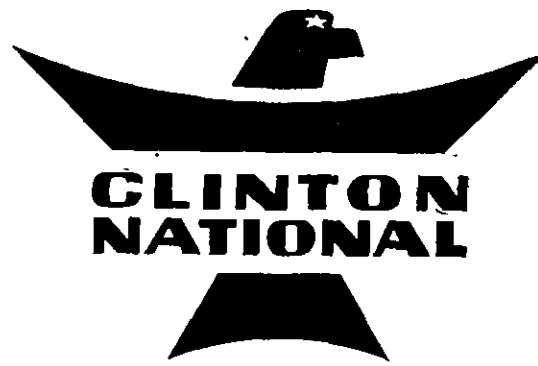

Coach Morrison spent his time in and out of the water supervising the whole show, and taking a moment here and

Morrison also took about 10 minutes for formal instruction, teaching the entire group the fundamentals of swimming.

"It's a great opportunity for these kids," said one of the special education teachers. "They really look forward to this."

The special swim sessions are planned several times during the year. This was the first one.

And it was definitely fun!

Outdoor notes

LANSING--Effective next Monday, September 27, the Department of Natural Resources will rigidly enforce this state's fishing, hunting, and trapping regulations over all Indians in Michigan, except those in the Keweenaw Bay area who are covered by the recently court-ordered Treaty of 1854.

Exempted from the DNR's enforcement effort will be Indians from the L'Anse and Vieux Desert bands of the Chippewa Tribe who, under that Treaty, were granted unrestricted hunting and fishing rights on all unsold lands in certain specified townships of the Keweenaw Bay area.

The DNR's action to require full compliance with the state's fish and game laws by all other Indians elsewhere throughout Michigan was ordered this week by the Natural Resources Commission in a resolution which it adopted at a special meeting on Mackinac Island.

The Commission's directive was spurred by the Supreme Court's recent statement of clarification on the much-publicized Jondreau case, and last Wednesday's (Sept. 15) ruling by the Ottawa County Circuit Court.

The Supreme Court, in clarifying its ruling of last April in the Jondreau case, spelled out that the Treaty of 1854 conveyed unrestricted hunting and fishing rights only to certain Chippewa Indians in certain designated Townships of Keweenaw Bay. Last Wednesday, the Ottawa County Circuit Court, in a separate case, upheld that same position and approved a restraining order which stops Indian defendants in that suit from fishing outside the authority of Michigan's fishing laws.

On the basis of evidence presented in that case, the Circuit Court ruled that Great Lakes fish

stocks are being seriously injured by Indian commercial fishing, which has expanded out of control in wake of the Jondreau decision. The DNR's enforcement efforts will not go into effect until next Monday in order to give commercial fishing Indians proper notice and to allow them to remove nets in waters other than the Keweenaw Bay area.

This week's action by the Natural Resources Commission also took note of the fact that Michigan Indians do not hold unrestricted hunting and fishing rights under the 7 other treaties which involved their ancestors. Under 5 of those treaties, hunting and fishing rights were rescinded when Michigan became a state and gained title to lands previously held by the Federal government.

The other 2 treaties did not convey hunting and fishing rights to this state's Indians. As repeated during the course of the Indian fishing controversy, the Commission and DNR sympathize with the general plight of

Michigan Indians and, to that end, they will now allow additional Indians to apply for commercial fishing licenses under the Great Lakes fisheries zone management plan.

The DNR anticipates issuing some so-called "compassionate" commercial fishing licenses to Indians in those zones where added commercial activities will not place undue pressure on Great Lakes fish stocks. The DNR's issuance of such licenses to some Indians will be made after it weighs the probable impact of allowing more commercial operators in certain zones.

Indians wishing to seek licenses under the zone management plan should contact DNR district fisheries men in their areas. They will be required to present cards issued by Michigan's Commission of Indian Affairs, which certify that they are of bonafide Indian ancestry.

Men never grow old by living —only by losing interest in it.

By JOHN AYLSWORTH

Oct. 3-9, 1971 has been designated as National 4-H Week as nearly four million youth throughout the country join in the celebration of the 4-H Youth Program. The theme is "4-H Bridges the Gap" between the youth and the adults.

Clinton County has over 1400 different boys and girls enrolled in 97 local clubs throughout the county. They are assisted by 300 adult volunteer leaders in developing skills in related projects. The youth can develop leadership and citizenship by participating in many of the opportunities provided to them throughout the year.

How many of you members have stopped to think a minute how lucky you have been since you've been in 4-H. You've gotten your name—maybe your picture—in the paper, you've gotten a ribbon and some premium money from the County Fair, and you've learned a lot about the project you took.

For some 4-H'ers this has also led to being a club officer or getting State and National opportunities.

For example, Kathy Nichols of DeWitt and a member of the Olive 4-H Projects club in ten years went from her apron project in clothing to meeting President Nixon at the White House during National 4-H Week as a member of the 4-H Report to the Nation team. She has also had the opportunity to visit Japan on the 4-H Caravan program, the National 4-H Congress at Chicago, plus many other places throughout the state and nation on various award trips.

For what 4-H offered her, Kathy is sharing her leadership in working with inner city boys and girls so they too might gain some experiences and opportunities from the 4-H Youth program that offered her so much.

DAVID SEEGER of the Bath All Purpose 4-H Club and Alan Cobb of the Elsie 4 Corners

club will be attending the National 4-H Dairy Conference at Madison, Wis., Oct. 3-5 during National 4-H Week. They will join five other 4-H'ers to represent Michigan at the National 4-H Dairy Conference.

While there they will be touring the University of Wisconsin Research Center, the American Breeders Service farm, the World Dairy Expo and Exhibits, hearing top notch speakers regarding the Dairy Marketing Clinic, managing dairy farms by computers plus many points of interest in the Madison area. 4-H has opened up many different experiences and opportunities to David and Alan.

We received word this week that James McQueen has been officially designated the State Winner in the National Leadership program. He will receive a trip to the National 4-H Conference at Chicago Nov. 26-Dec. 1. His selection took place during interviews at the State 4-H Youth Exploration program but was not officially announced till this week as were the other State Project winners.

Jim has had the opportunity to participate in the National 4-H Conference and National 4-H Citizenship Short Course at Washington, D.C. His leadership has been shared through his local 4-H club as a teen leader, camp counselor, club officer and many others.

4-H Activities such as Spring Achievement, County Fair, six County Award Trips, Interstate 4-H exchanges, camp, county contests, leader and member training programs, and State and National activities are just a few of the many opportunities available to youth outside their local 4-H club.

I could go on and on stating what members have learned and shared through the 4-H Youth Program. Today there are many youth enrolled in 4-H but there

are many who do not belong to any youth program. We need to reach these youth also but our big handicap is lack of adult leadership. People seemed to be involved in many things but don't have time for youth development and yet are the first to holler when the young people get into trouble.

Have you as a parent thought what you could do to improve the community or work with our young people teaching project skills, how to work together, how to have fun etc. A person doesn't have to be a specialist or expert to be a leader but one who is willing to help share the talents they have.

What about you, the youth between 10 and 18 years of age? Do you belong to some youth group learning to be a better citizen, learning some skills or how to get along with people and yet have some clean fun.

The 4-H Youth Program has much to offer the youth and adults in Clinton County. Why not find

out more about the program today and join up. For more information contact the Cooperative Extension Service, 1003 S. Oakland, St. Johns or phone 224-3288.

JEANNINE SEEGER of the Tail Waggers 4-H Club appeared on Channel 6 TV, WJIM, Lansing, Sunday on the Community Calendar Program at 11:00 a.m. featuring the work of the 4-H Leader Dog program. Jeannine is the president of the Tail Waggers 4-H Club.

The Happy Hustlers 4-H members have enrolled for the winter program and elected the following officers: Fran Riley—president; Pat Fox—treasurer; Mary Whitford—news reporter; recreation leaders—Candy Scharnweber and Wendy Brockmeyer. Susan Aylsworth was retained as secretary from the summer club.

Old and new members were introduced and reports were handed in for the summer program.

North state feeder cattle sale Oct. 11

EAST LANSING—Some 9,000 feeder cattle in lots from five to 60 head of uniform grade, weight, breed and sex will be marketed at six Northern Michigan Cooperative Feeder Cattle Sales, Oct. 11 through Oct. 22.

The sales, all beginning at noon, will be held: Monday, Oct. 11, Northern Beef Cooperative Sales, Bruce Crossing; Tuesday, Oct. 12, Bay De Noc Beef Breeders Association Sale, Rapid River; Thursday, Oct. 14, Northern Michigan Beef Breeders Association Sale, Gaylord; Tuesday, Oct. 19, Thunder Bay Beef Breeder Association Sale, Alpena; Wednesday, Oct. 20, Northeastern Michigan Hereford Calf Association, West Branch; and Friday, Oct. 22, Western Michigan Beef Breeders Association Sale, Baldwin.

Animals will be sold at auction by the pound. Range of weight of individual animals within a single lot is usually no more than 50 pounds. Catalogs listing each lot, number of head, breed, total weight, average weight, sex and grade will be available the day of the sale. Terms are strictly cash. Cooperating agencies are the Michigan Department of Agriculture; Cooperative Extension Service, animal husbandry department of Michigan State University; and Michigan Feeder Cattle Producers Council.

Cooperative feeder cattle sales were started in 1945 through the combined effort of the MSU animal husbandry department and Cooperative Extension Service. The volume of cattle handled has risen from approximately 500 head in 1945 to almost 10,000 head.

CHARTER TOWNSHIP OF BATH TOWNSHIP BOARD REPORT

Regular Meeting of the Bath Charter Township Board met Tuesday September 7, 1971 at the Township Offices.

Meeting called to order at 8 p.m. by the supervisor.

Minutes of the August 16, 1971 meeting were approved. Minutes of Township Planning Commission of August 23, 1971 were read.

Letters from Department of Natural Resources, Clinton County Commissioner and Clinton County Planning Commission were read and placed on file. Trustee Bragdon reported that Planning Commission desired to have copies of Township meetings and a copy of all Township Ordinances.

Board approved to budget \$1,789.37 as their share of the Tri-County Police Radio Communication System.

Police Chief reported on class C liquor license for Kenneth Schmidtman and action on license was tabled until next meeting.

Board approved the relocation of a SDM License from 6082 to 6081 Park Lake Rd.

Board approved the Lions Club door to door light bulb sale. Board awarded contract to Haskin and Son for black topping of fire department drive and sealing of parking lot.

Board approved purchase of chain saw for fire department. Board gave fire chief permission to take a fire truck to the Fireman Field day October 3, 1971 at Lansing Mall.

Vouchers were approved for payment.

LEE REASONER, Clerk

AGRICULTURE IN ACTION by CARL P. KENTNER Michigan Farm Bureau

In most of the surveys taken around the country, it appears that non-farmers have a rather good understanding of the farmer's plight.

The city consumer understands the farmer is not getting rich, and that prices paid in the store do not all go to the farmer.

Farmers are one of the groups hardest hit by inflation. For example, in the past ten years, the cost of farming has gone up 31 percent, while prices received by the farmer have gone up only 14 percent. Therefore, he is making less net profit than he was ten years ago.

Even though most city people understand this, there are those who complain about the price of food, and think the farmer is to blame. The way things average out, however, the farmer receives somewhere around 41 cents of the consumer's food dollar. This varies considerably, since the amount of processing required determines how much of this dollar goes to the farmer. In a loaf of bread, he receives only two or three cents, depending on the price of wheat, while he gets just about all of it in a dozen eggs.

It's the fancy packaging and processing that drives the cost way above what the farmer received for the raw product, but most busy housewives would not want it any other way. They are busy, and many work outside the home. Therefore, the time they save in food preparation is more valuable than the extra cost for convenience foods.

So they would rather pay more for a frozen TV chicken dinner than to buy all the ingredients and prepare it at home.

Yes, food has gone up. It has gone up 68 percent in the past 50 years. However, wage rates are up 542 percent in the same period. The consumer is the real winner in America, thanks to the productivity of America's farmer . . . the man who produces enough food and fiber for himself and 47 other persons . . . a giant of a man.

Milliken proclaims state harvest days

LANSING—Gov. William G. Milliken has proclaimed Sept. 15 through Oct. 15 Michigan Harvest Days to recognize the role that "the production of fruits and vegetables plays in our state's economy."

During the 30 day period, Michigan fruit and vegetable producers, wholesalers, retailers and agricultural marketing representatives from Michigan State University and the State Department of Agriculture will promote the use of Michigan fresh fruits and vegetables.

Planned activities include tours of orchards, and wholesale and retail operations. The Harvest Days symbol is a cornucopia with an outline of Michigan and the words "Michigan . . . the

Bountiful." Produce wholesalers and retailers are being urged to use it in their newspaper advertising.

According to George Stachwick, director of agricultural marketing at Michigan State University and Harvest Days chairman, the primary purpose of the event is to increase per capita consumption of fresh fruits and vegetables.

"Total consumption continues to grow along with the population," Stachwick explained, "but the average amount of fresh produce consumed by an individual has declined."

To boost consumption, recipes and suggestions for serving fresh fruits and vegetables are being prepared by MSU consumer mar-

keting information agents for use by newspapers.

Stachwick sees Harvest Days as an annual event. "We plan to expand our activities in the years ahead, and develop more specific activities through local committees."

This year's program was planned by a statewide steering committee composed of: Stachwick; Fred Hasler, secretary-general manager, State Apple Committee; Jack Davis, S.B. Davis Co., Grand Rapids; Roger Foerch, National Onion Association; Roy Kaschky, Michigan Potato Council; Ken Tanner, Marketing Division, State Department of Agriculture; and Dick Reath, County Extension Director, Michigan State University.

EDUCATION

1. In the past few years, many citizens have complained to their legislators about campus disorder, including violence and vandalism, at Michigan's colleges and universities. But these institutions are governed by elected boards and cannot be regulated by the Legislature. Would you favor a Constitutional change providing for a greater degree of governmental control over state-supported colleges and universities?

4. Would you favor amending the State Constitution to allow for appointment by the Governor (with the advice and consent of the State Senate) of Michigan State University governors, rather than Michigan regents, and Wayne State University governors, rather than the present procedure of nominating the candidates at state political conventions with final selection in the November General Election?

4. As Michigan law now reads, installment loan contracts may be sold to a finance company or bank without the permission or even the knowledge of the purchaser. Once a loan contract is turned over to the financier, all rights to challenge the terms of the deal are lost, as are any maintenance guarantees that were included in the initial agreement. Legislation has been introduced to regulate this practice in an effort to weed out fly-by-night business operators. The argument against changing the law is that strict regulations may jeopardize the sincere individual who is attempting to set up a small business and needs to sell his contracts to secure ready cash for further investment in his business. Nevertheless, there will be an effort to change the law. Would you support it?

SOCIAL PROBLEMS

1. Michigan's laws prohibiting marijuana are among the strongest in the nation, but they have obviously failed to do the job. The present penalty for possession and/or use of marijuana is up to 10 years in prison for the first offense. Do you feel that the maximum penalty for the possession (as opposed to sale) of marijuana (as opposed to stronger narcotics) should be reduced and replaced with a more flexible penalty plan?

GRIFFIN REVIEWS PLANS FOR JOBS IN NORTHERN MICHIGAN — U.S. Senator Robert P. Griffin (R-Mich) goes over a copy of the Regional Economic Development Plan and Five-Year Program of the Upper Great Lakes Regional Commission. Discussing the plan for the Region, which includes all of Upper Michigan and the northern half of Lower Michigan, is Thomas F. Schweigert, Federal Cochairman of the Commission. The proposed five-year program would develop an estimated \$1.2 billion in private investment and create 100,000 new jobs within the Region, which also takes in portions of Wisconsin and Minnesota. The proposed public investment program of \$546 million over the five years would be financed by \$382 million in Federal funds and \$164 million in state and local funds.

Jade hits 1,000 lbs. butterfat **Cropsey in film**

BRATTLEBORO, Vt.—An official production record exceeding a half ton of butterfat has been completed by Green Meadow Venus Jade 5943177 (VG), a Registered Holstein cow owned by Duane and Velmar Green, Elsie.

This is the first time that "Jade" has achieved the 1,000 pound butterfat production level in a single lactation. This record ranks among 3,250 similarly completed by Registered Holstein cows on official test.

The Michigan Holstein's official record of production totaled 22,430 pounds of milk and 1,017 pounds of butterfat in 365 days. She started her lactation at the age of 6 years 5 months and was milked twice daily.

"Jade" was bred in the Green herd. She was sired by Wis Reward 1303180 (VG), a bull that has earned Silver Medal Production Sire recognition.

MICHIGAN STATE UNIVERSITY supervised the weighing and sample testing of her production in cooperation with the Dairy Herd Improvement Registry program of the Holstein-Friesian Association of America.

GREENVILLE, S.C.—Alan Lee Cropsey, son of Mr. and Mrs. Harrison Cropsey of 5833 West Howe Road, DeWitt, appears in "Flame in the Wind," a new full-length, color, Christian film produced by Bob Jones University, Greenville, S.C.

More than 14,000 persons attended the world premiere of the film on the campus recently. Other premiere showings are scheduled for the fall in major cities throughout the nation.

A gripping saga set in the splendor 16th-century Spain and the terror of the Spanish Inquisition, "Flame in the Wind" is the story of a student desperately searching for truth amid his turbulent, chaotic era.

It is a faculty-student endeavor. Katherine Stenholm, director of this film and several other award-winning productions, heads Unusual Films, the university's motion-picture unit.

BOTH DR. BOB JONES, university chancellor, and Dr. Bob Jones, III, president, acted in major, historically documented roles. Other leading actors were chosen from nearly every department of the school.

The 55-piece BJU Orchestra performed the fast-moving conflict's original musical score composed and conducted by Dr. Dwight Gustafson, dean of the school of fine arts. A thousand 16th-century-garbed extras in the scene of the martyrs' burning were members of the university family.

The sets and costumes were designed and constructed in the campus facilities. Over 1,000 hours were spent on make-up alone, one old monk's taking up to four hours to apply.

Extensive use of special photographic techniques using 35mm slides made in Spain by an Unusual Films crew brings to the screen actual Spanish scenery.

By Mrs. Goldie Moore

Mrs. Ray Moore attended the September meeting of the Friendly Neighbors Study Group held on Sept. 15 at the home of Mrs. Edith Light of St. Johns.

Program books were filled out and a general discussion of the work for the coming year was held. Directions for the Christmas workshop should be taken into office before the next meeting to get a workshop book printed in time for the workshop in November. The next meeting will be at the home of Mrs. Ray Moore on Oct. 20.

Mr. and Mrs. Ray Moore were Friday evening visitors of Mr. and Mrs. Edwin Mohrke of Centerville Road.

Mrs. Mildred Stoy, Mrs. Alvis Wilson, Mrs. Helen Ceasar, Mrs. Maxine Crawley attended a bridal shower for the bride to be of Gale Crawley on Friday evening recently.

September good time to prepare grass waterways

September is one of the best times to establish grass waterways for field drainage, says a Michigan State University soils expert.

"This is an especially important time if the grass waterway is to be established by seeding," says Russell G. Hill, extension specialist in soil and water conservation. "Late summer-early fall seedings are highly recommended for optimum success, yet no seeding should be done later than September."

Stressing the need for grass waterways, Hill points out that excess water normally runs off a field source over natural drainage ways. Unless these waterways are protected, erosion may be severe and gullying will result.

"Gullies spoil the beauty of a farmstead," he says, "but more importantly, they present an accident hazard for farm machinery."

"Gullies can also cut fields into small, unworkable areas. Silt washed from a field or from an unprotected waterway can fill drainage ditches and polluted lakes and streams. Fish habitat will suffer and the aging of lakes will be accelerated."

If a field is in hay or pasture and a good sod is already present, leave the sod in the natural drainage way when the field is plowed, Hill advises. He offers the following additional tips for waterway construction:

—Make waterways wide enough to carry the run-off water, with sides higher than the center. (Narrow waterways cause water to cut around the edges of the channel.)

—Grass in waterways can be encouraged by top-dressing with a nitrogen fertilizer. Keep the grass mowed to a height of three to four inches.

—Keep livestock off waterways when ground is wet.

—Reinforce weak spots in waterway with sod replacements.

—Do not use waterways as farm lanes since wheels will break the sod and cause gullies to develop.

Additional information can be obtained by writing to the MSU Bulletin Office in Agriculture Hall for Extension Bulletin E-457 entitled "Pave Your Waterways with Grass." The bulletin may also be available at local County Extension Service offices throughout the state.

Ambulance training slated

LANSING—An area medical group has moved toward fulfilling a need to employ certain medical care techniques at the accident scene, before a patient's condition has time to deteriorate prior to his arrival at a hospital.

The Tri-County Emergency Medical Services Council—an organization dedicated to the improvement of emergency medical services in Clinton, Eaton and Ingham counties—has announced sponsorship of a 13-week course in basic training for emergency medical technicians (ambulance).

The course offering followed weeks of planning by the council, the Michigan Department of Public Health and the Michigan Office of Highway Safety Planning.

The 81-hour course was announced last week by Council Chairman John G. Wiegstein, M.D. He said the course is aimed at the development and upgrading of skill levels of all those persons who are engaged in providing emergency medical care services, such as policemen, firemen and ambulance personnel.

Dr. Wiegstein said while this is the first such comprehensive course to be offered here—and it will be limited to about 25 registrants—the council hopes to be able to eventually offer the training to all 700 persons in the three counties who work in and around ambulances.

As offered here, it will consist of 26 three-hour sessions comprising lectures, demonstration and practice, and an opportunity for practical application of acquired knowledge in a hospital emergency room setting.

Classes will meet Tuesday and Thursday evenings beginning next September 21 at St. Lawrence Hospital in Lansing. There is no registration fee or other expense to course participants. The only eligibility requirement is prior completion of the Red Cross course in advanced first aid, or

its equivalent. Dr. Wiegstein said the council was able to offer the course because of a fund grant furnished through the Michigan Office of Highway Safety Planning to the State Health Department's Emergency Medical Services Section.

THE HEALTH DEPARTMENT'S role will be to furnish the text books and other materials necessary to the course.

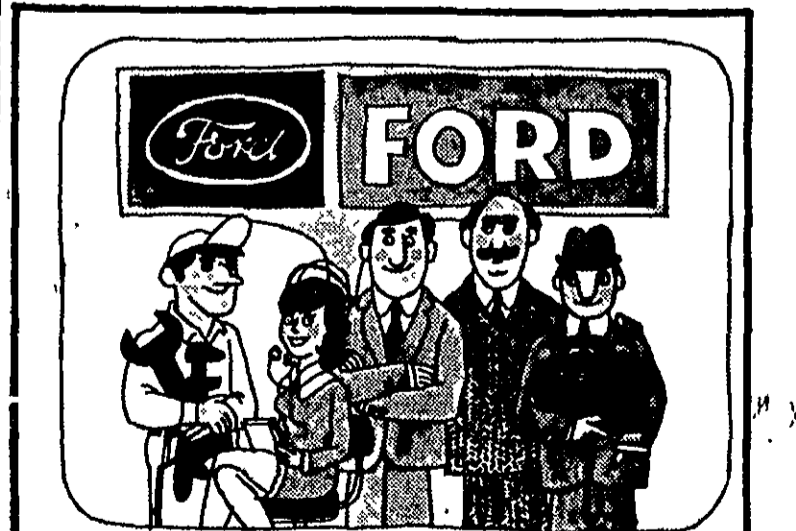

Dr. Wiegstein said a number of area physicians have volunteered to serve as course instructors. They are specialists in chest surgery, orthopedics, ophthalmology, internal medicine, obstetrics, gynecology, pediatrics, radiology, cardiology and psychiatry. Completing the instructional staff will be several medical technicians and non-medical personnel from the Michigan State police and the Holt Fire Department.

The Tri-County Emergency Medical Services Council is the first of 14 such councils in the state to offer this new course. State officials are hopeful this move will set a trend to be followed by the other councils in their respective regions.

KMB needs help with junk cars

ST. JOHNS — Keep Michigan Beautiful, Clinton County Chapter plans to hold a monthly meeting on Thursday, Sept. 30 at 7:30 p.m. in the Community Room of the Central National Bank according to county chairman, Bruce Campbell.

Slides will be shown of the junk car clean-up. Arnold Minarik, co-ordinator of the county-wide project, would still like to hear from persons who can help finish up this project. Over 500 cars have been moved and crushed. There are just under 200 to go.

"We need trucks (any size) with winches, tow bars or boom cranes; and if you've got the spirit of '76 call 224-6761, ext. 221 and volunteer your time to help clean-up the junkers that are left," said Campbell. "Since we are a non-profit organization, any in-kind contribution or donation is tax deductible. For further information on membership, donations and how you can help, call Fred 224-7182, or Sylvia 641-4497 or Loreta 834-5547."

Any interested and concerned citizens are cordially invited to attend the meeting.

"We would like to remind the residents of Clinton County that Oct. 2 is a first Saturday in the month; and that means if you live in town to put all your glass containers near the curb, and if you live in the country to bring your bottles up to Smith Hall," he said.

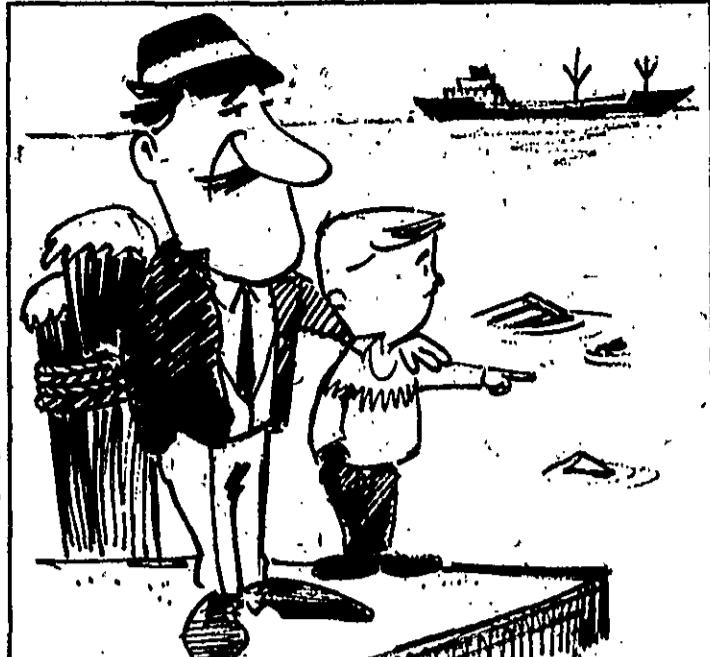

The 4-H's would like you to clip off the metal rings and clean jars — no food in them, you don't have to wash the paper labels off.

"Every glass container counts, the average person uses 10 pounds of glass or more in a month," he said. "If you save glass and recycle it you are

contributing to the betterment of American and not adding to our pile of waste."

Local pride has again instilled itself in area citizens, especially those around DeWitt and the Looking Glass. Last Saturday Sept. 25 they got together and cleaned-up a good portion of the river.

"Our hats off to these wonderful people. If you have done any clean-up work this fall or intend to within the next two weeks, write a note to 207 E. Walker, St. Johns 48879 stating who, what, when, where and we'll enter you in a state-wide contest. Be sure to take before and after pictures," he said.

"Don't worry, son, we don't use it for swimming, only drinking"

Mrs. William F. Ernst

Edward Pasch, 80, a former resident of this community but of later years a resident of St. Johns, passed away at Clinton Memorial Hospital on Sunday, Sept. 19 after a long illness. Funeral services were held on Wednesday, Sept. 22 at St. John Lutheran Church with burial in Mt. Rest Cemetery.

Sunday, Sept. 19 dinner guests of their mother and grandmother, Mrs. Edna Watamaker were Mr. and Mrs. Clark Jeffers and family of Milford and Mr. and Mrs. Larry Hideout of rural Howell. Mr. and Mrs. William Ernst and Maxine spent Friday evening, Sept. 17 with Mr. and Mrs. Herman Noller of rural Hubbardston. Friends, relatives, and neighbors gathered at the home of Mr. and Mrs. Donald Schmitt and family on Sunday afternoon, Sept. 19 and surprised them with a housewarming party.

Question results

A few weeks ago some of us were sitting around the house chambers, during a lull in the budget action, discussing what we felt to be the most critical issues facing the state during the balance of this year and next. As the basis for my contribution to the discussion I used the results of the questionnaire I sent out to over 8,000 homes earlier this year. It is my feeling that responses to questionnaires such as mine reveal what is uppermost in the minds of the people and therefore should be of prime concern to us who are engaged in running the people's business.

Now that we are in recess for a few weeks and the immediate day-to-day problems of legislation are not before us, I plan to use this column for the next few weeks to review the results of that questionnaire, discussing our successes and failures in achieving some of the objectives which you would like to see attained.

First, let me publicly express my appreciation to all of you who took the time to reply to the questionnaire. The response was tremendous, proving again that the people of the 87th District are concerned about the direction their state government is taking.

TO MY THINKING, one of the most significant questions we asked was, "What do you consider to be the top priority issues for the Legislature in 1971?" This was followed by a list including Environmental Quality, Spending, Education, Abortion, Drug Abuse, Transportation and Safety, Consumer Protection and Housing. You were asked to indicate by using the numbers 1, 2, 3, etc. to indicate your priority of concern.

It did not come as any big surprise that "Spending" received the highest number of 1st place entries—38 per cent of all respondents placed this number one. Not too far behind was "Education" with a score of 25 per cent.

An interesting statistic to me is that if you combined the 1st and 2nd place tabulations for "Spending" and "Education" they were almost equal with 57 per cent placing "Spending" in either 1st or 2nd place and 55 per cent giving either 1st or 2nd consideration to "Education".

Next in line for number one choice were Drug Abuse (13 per cent) and Environmental Quality (12 per cent) while the remaining fields—Abortion, Transportation, Housing and Consumer Protection—lagged far behind in the two, to six percent range.

TURNING TO THE QUESTION of spending for a moment, I must candidly confess we were not very successful in reversing the trend of spending in the state. Faced as we were, early in the year, with a deficit in last year's budget, because of the general economic conditions and the General Motors' strike which severely reduced revenues, we finally found ourselves raising the state income tax rate by 50 per cent. Thankfully, we were able to at least restore local property tax credits so that the real increase in tax will not be quite so severe.

In another section of the questionnaire, still relating to spending, you were asked in which area of state government operations spending cutbacks should be made. Here again you were given a list including Education, Mental Health, Environment, Social Services, Highways, Crime Control and Public Health and were asked to rate these as 1st, 2nd, 3rd, etc.

To this question 41 per cent of you listed Social Services as the primary place to make cutbacks and another 21 per cent gave this second position.

It is ironic that, primarily due to a mushrooming ADC case-load which in turn was spurred by the softness of the economy, it was in the social services area

Rep. Douglas Trezise
87th District

that last year's budget went all out of whack and supplemental appropriations had to be made at the expense of borrowing from other funds, advancing tax dates and reducing costs in other areas of government.

IT IS ALSO significant that it was the insistence of some of us that these social services costs be brought under control in the new budget year that forced the whole legislative process to its knees while Speaker of the House William Ryan of Detroit, in effect, took the members of his party out on strike. The final effect of those efforts is still unknown since, at the time of recess, the Social Services' budget for the current fiscal year was still not settled. While we were successful in cutting some money out of the bill as it left the House, the Senate lopped another \$30 million and the differences between the two versions remain to be reconciled.

In total, then, the progress of the Legislature toward meeting the wishes of us in the 87th District in the area of spending and taxation has thus far been limited. Our victories have been few and we have not yet been able to reverse the trend of excessive increases in government costs related to the growth in the state's economic base. But this will not deter those of us who remain dedicated to responsible fiscal management from continuing our efforts in accord with the wishes expressed by you through my questionnaire.

Antique show for Armory

LANSING—Twenty-eight cities in nine states are represented in the 50-exhibit Lansing Fall Antique Show-Sale, in the National Guard Armory, South Washington Avenue, Oct. 1-3.

Leading antiques dealers from such widely separated locations as Grand Forks, North Dakota; Louisville, Kentucky; Canadigua, New York; Pittsburgh, Meadville, and Level Green, Pennsylvania; and Lodi, Wisconsin, will be next-door neighbors for three days with their counterparts from Michigan and other nearby states.

The exhibit hall of the National Guard Armory will be transformed overnight into a cosmopolitan bazaar and an early American trading post and general store, all rolled into one.

Some of the exhibits will be as American as apple pie, to

contrast with others which are unmistakably Oriental, European, or a blend of several cultures.

Everything will be for sale, with a range of prices to fit every budget.

"Nearly everyone is an antique collector or a potential collector today," says Ervin A. Steiner, Jr., manager of the show.

"Many people are becoming collectors as a hedge against inflation. When they discover that antiques increase in value instead of becoming obsolete, they come to regard their antique collections as investments," he says.

Hours of the Lansing Antiques and Collectors Show-Sale, in the National Guard Armory, South Washington Avenue at Wayburn, October 1 through 3, Friday, Saturday and Sunday, are from 1:00 to 10:00 p.m. Free parking

is available for show visitors, and the show is open to the general public.

United Fund deserves support

Let's get a couple of facts off the boards right at the start. Most will agree that the United Fund efforts in the majority of communities have dragged in recent campaigns.

And much of the cause is due to "unpopular" agencies sponsored by U.F. boards. But the fact remains the large bulk of the money donated to U.F. stays right at home.

Most folks believe in strong support of youth organizations such as Scouting, and will be

happy a portion of their contribution will aid the programs. The list to which United Fund contributes has grown over the years. Yes, it seems at times that no agency is refused to get a slice of the pie.

Now, however, you as a contributor can specify exactly where you wish your contribution to go, and you can be assured that your money will go there. You will get an acknowledgement so stating.

So no more hangups or excuses would seem legitimate to not give to U.F. this year. In many communities, this may be the year of decision as to the future of this way of supporting your favorite charitable organizations.

-MacD.

Bridging the gap

National 4-H week, October 3-9, is an appropriate time to call attention to youth, leaders and Extension professionals who make this informal educational program work for the benefit of all.

Recently, Blaine J. Yarrington, President of American Oil Company and President of the National 4-H Service Committee, summed up the 4-H goals and philosophy when he said:

"4-H is an action-oriented, practical, learn-by-doing program that helps young people learn how to make a living, how to make sound judgments and how to become good citizens of their community and their country."

We believe that any program which achieves these goals deserves the wholehearted support of all people who are interested in America's young people.

The youngsters come from every state in the Union, as well as from territories like Puerto Rico, Virgin Islands and Guam. They live on farms, in rural, non-farm homes, in suburbia and in the country's largest cities. A growing number each year are from inner-city, low-income homes, where the need for 4-H type programs is greatest.

Theme of this year's National 4-H Week is "4-H Bridges the Gap."

The 4-H'ers between the ages of 10 and 18 are certainly helping to bridge the gaps resulting from traditional prejudices, generations of ignorance and area isolation. They are working to improve communication between generations and the haves and have-nots.

Through their clubs they are working for the betterment of their homes, their communities and their country.

Many clubs join together to work on individual community problems, such as conservation,

health, nutrition and safety. The young people inaugurate roadside clean-up drives and collect waste paper and bottles for recycling. The older members work with younger ones teaching better nutrition ideas, leadership and how to be of service.

But 4-H is more than just the present members who are gaining knowledge while having the time of their lives.

It is the half-million volunteer adult, teen and junior leaders who work with them, guiding their efforts and encouraging them to greater achievement.

It is the men and the women with the Extension Service—both Federal and State—who supervise 4-H programs and projects, expanding 4-H as the needs are made known.

It is individuals, corporations, civic organizations and foundations who give encouragement through support at all levels from local communities to programs of national and international importance. Their financial aid, technical assistance, incentives and recognition span half a century.

And it is the more than 30-million former 4-H'ers who have benefited from their 4-H experiences and now pass on their knowledge and encouragement to present members.

Clinton County has over 1400 boys and girls enrolled with nearly 300 projects each year. They are guided by over 300 adult leaders who volunteer their time and services in guiding the youth in learning many different skills related to their projects.

We salute the total 4-H organization and wish it continued success in serving America's young people. We endorse 4-H expansion into urban areas and look toward even greater service to all youth of our great nation.

The Church of Christ observes its 75th anniversary with a whole day of planned activities including special guest speakers and a scheduled dinner and evening ceremony.

The Southwest DeWitt Farm Bureau elected new officers at a recent dinner meeting. Elected were Ernest Carter, president; Mrs. Blanche Crane, vice-president; Mrs. Virgia Carter, secretary and Mrs. Irma Hartke, discussion leader.

If there had been 31 days in the month of September a new record would have been established at Clinton Memorial Hospital. During the 31 days of August, 55 babies were born at the hospital compared with an average of 30 or 31. In September, 54 births were recorded at Clinton Memorial and had the month lasted two hours longer there would have been two more for a new record.

Less than half of Clinton County's eligible voters have registered for the upcoming election. The Clinton County Farm Bureau is lending assistance in the registration drive.

Robert Hulse was the guest speaker at the St. Johns Exchange Club and reported on his recent activities as delegate of Boys' State. He was sponsored by the local club.

The conflict

There are mighty battles raging Clear across this troubled land For whatever it may cost them Men must sometime take a stand; There's a prime consideration In our attitudes today, Do we judge it on its merits Or let politics hold sway?

Every man has his convictions Every dreamer dreams his dream, But once we're joined in battle We may change course in mid-stream; The high hopes with which we entered Lose some luster in the fray, Do we stay by our convictions Or let politics hold sway?

Changes make for new positions, Ideals change with passing years, No one solves tomorrow's problems Based on outworn facts and fears; But we seek to learn in passing, In our work or in our play, Does our vote reflect our judgment, Or let politics hold sway?

Changing the court

By TIM YOUNKMAN

Some changes should be forthcoming concerning the Supreme Court and the way men can be picked for vacancies. Changes should be forthcoming, but they will not materialize.

Many Americans, including U.S. congressmen, have been dismayed over the process that elevates one of our citizens to be a supreme judge, whose rulings definitely have an effect on each of our lives.

In the past, the choosing of a justice has been automatic. The President finds a man he wants for the job—whether political patronage or whatever—and announces the fact to the Senate. In the past the Senate has given almost unanimous approval of any pick.

It was a little heartening when several appointees of the Nixon administration were not rubber stamped A-OK by the Senate. There were finally a few voices strong enough and influential enough to halt a miscarriage of

our governmental system. As it turned out, a conservative (in fact two conservatives) were picked by Nixon to the High Court, namely, Chief Justice Warren E. Burger and Justice Harry A. Blackmun. Two others were not approved. They were Clement F. Haynsworth Jr. and G. Harrold Carswell.

One thing should be pointed out. At least all of the previous appointees (and nominees) were judges and not, officially, connected with the Republican or Democratic parties.

Now, President Nixon has openly favored filling one of two vacancies on the court with Rep. Richard H. Poff, a Virginia Republican. It was a good political move for the President—taking a Republican and a member of Congress. It would seem unusual if the Senators voted down a member of the lower chamber for the position.

It is unfortunate that our system allows such political

goings-on to nominate a man for a prestigious and responsible position.

The appointment of a new Supreme Court justice is, at best, action on the fringe of politics. It is, at worst, action to ram through questionable legislation without fear of the Court's interference.

The Court was set up as an ultimate safeguard—and part of a checks and balance system on the legislative and administrative branches. It seems that it will safeguard nothing if we allow its manipulation by another branch of the government.

Anything can be termed political if enough of the psychological undertones are investigated, but such abusive politicking should not be condoned by the legislative branch or the citizenry in general. It should point up, that while nothing will probably be done to correct the situation now, action can be initiated to change some of these inconsistencies when a future court opening appears.

'IF IT FITZ . . .

At least Klan is honest

By JIM FITZGERALD

horrified by the Klan. That's the sad thing. You don't have to be a Kluxer to be opposed to mixing black and white.

You can be a white liberal who attends fund-raising parties for the Black Panthers. You might even be black. But when it comes to Black Joe climbing into bed with White Jane, you see red. You want to throw up. Heck, you're still having trouble accepting Catholics marrying Protestants, Isadore Steinberg courting Rosie O'Grady, and the Lone Ranger hunking so close to Tonto.

That's what it's all about; the tattered old bromide: "Would you want your sister to marry one?"

The cocktail-hour liberals can give you a lot of doubletalk about how they want to improve the lot of the black man. But most of them talk from behind their trimmed hedges and precious property-values in Suburbia. They'd welcome a black neighbor as long as he is Willie Mays or Ralph Bunche. Otherwise, there goes the neigh-

borhood and you can't blame a man for protecting his investment, can you?

At least Miles and his Klan are honest. They're dead set against "mongrelization" of the white race. And they know the surest way to prevent White Jane from marrying Black Joe is to keep a fence between them. The Klan works to keep that fence strong and the men in sheets get a lot of help from hypocrites who say the fence is a terrible thing—except where it touches their backyard. And please don't put any windows in it.

The Klan and the hypocrites are equally wrong, as time will prove. The only real answer is "mongrelization." Love thy neighbor, like The Man said. As viewed from the moon, we are all neighbors.

The world will be a better place when none of us gives a damn who our sister marries, just so long as she gets the guy she wants and he treats her right.

Which opinion should bring another letter from Mr. Miles.

From the State House

Over at last

By REP. DICK ALLEN

The regular legislative session is over at last! Hooray! Unfortunately we will be beginning again in late October and probably run until near the end of the year.

Does this sound like I don't like my job? I hope not, because I thoroughly enjoy it. But I do think we spend too much time in legislative session.

Let's put it this way. Say your family was planning to buy a home. How much time would you spend looking at houses? Would you spend time studying building materials and construction techniques? How much time consulting banks and other financial institutions about mortgages and interest rates? Would you take some time to look over schools, fire departments and other public services in the area? Would you try to learn a little about soil porosity and septic tank function if the location was rural or about adequacy of the sewage system and chances of a backup in an urban area?

WOULD YOU TALK to public officials about such matters as past taxes, future projects likely to result in increased property taxes, possible highway construction, and zoning laws as they may affect industry or commercial development in the area? And perhaps a little time talking with people in the area to determine what kind of people live there?

And then, of all the time spent, how much would you devote to family debate or argument about which house to buy?

Legislative sessions primarily consist of this last function. Certainly, as in buying a house, the debate and discussion are es-

sential. In certain cases they may be lengthy and heated. This might be an indication that the time for a final decision has not yet arrived.

But more often I think it means the background work has not been thorough enough. If the whole family (or Legislature) has sufficient background information, quite likely they can agree.

AND BAD DECISIONS, in legislation or home buying, are most likely to be due to insufficient time spent learning about the situation. They are probably never due to insufficient time spent in debate and argument!

So I'll say it again. Michigan's Legislators spend too much time, in housing! During the break I will only write these newspaper columns, sporadically. I think the readers need a little political break, too.

I hope to visit some of the State's institutions and other facilities for whom I have, in some cases, voted appropriations without ever having seen them! I plan to talk to directors, and local employees in State programs, I have had to vote on some of these without much first-hand experience as to what is going on.

AND I PLAN to spend time talking with people in every township, city, and village in the 88th District. I am going to be circulating petitions for the Governor's Property Tax Relief proposal. In the process I hope to learn first hand what the people in our area think about state issues.

Thoughts on welfare

By REV. HUGH BANNINGA

Here's some food for thought today. I raise the question, "Who did you say was on welfare?"

PUBLIC ASSISTANCE, WELFARE, RELIEF, THE DOLE: That's what they call aid received by the poor. **SUBSIDY, CAPITAL GAINS, GOVERNMENT GRANTS, TAX INVENTIVES:** That's what they call aid received by people in the middle and upper income brackets.

In 1968 the U.S. spent \$9.8 billion on public welfare grants. It is estimated that over \$50 billion per year in taxes is lost to the government through tax loopholes for middle and upper income brackets.

In 1969 the total budget of the OEO was about \$1 billion. Representative William Ayers (Ohio) called it "The most expensive experimental program in the history of the U.S." In 1964 the Department of Defense cancelled the B-70 bomber project after spending \$1.6 billion. They wrote it off as a bad experiment.

Nixon's family assistance plan would pay each unemployed family of four \$1600 per year. In 1969 the average payment to farmers and corporations for not

growing crops was \$47,000. Senator Eastland got \$146,792 in 1969. Twice Congress has defeated a bill which would put a \$20,000 ceiling on such grants.

The Social Security Administration has said that a family of four living on an income of below \$3600 is living below the poverty line. If we stopped the Vietnam war for just three seconds, we could pay a family of four \$5500, which the NWRO says is the poverty line.

The federal government couldn't scrape together \$125 thousand this year to provide food for 20,000 underfed Detroit families, mostly elderly. In 1969 the U.S. subsidized the tobacco industry \$5 million to give cigarettes away abroad in the Food for Peace Program, and \$28 million to subsidize and advertise tobacco exports.

THE REV. ANDREW YOUNG of the SCLC says, "Welfare is only wrong when the poor want it. The rich get subsidies and oil depletion allowances. That's called initiative. It only gets to be a dirty word when its applied to the poor. The truth is that the rich are on welfare and the poor are on starvation."

St. Paul spoke about the love of money in his first letter to Timothy. He knew that the attraction of riches made some people do a lot of immoral things. In chapter 6, verses 6-10 he says, "Do you want to be truly rich? You already are if you are happy and good. After all, we didn't bring any money with us when we came into the world, and we can't carry away a single penny when we die."

So we should be well satisfied without money if we have enough food and clothing. But people who long to be rich soon begin to do all kinds of wrong things to get money—things that hurt them and make them evil-minded and finally send them to hell itself.

"For the love of money is the first step toward all kinds of sin. Some people have even turned away from God because of their love for it, and as a result have themselves with many sorrows." (From The Living New Testament)

Again I raise today's question, "Who did you say was on welfare?"

Next week we'll take a look at some of the facts and some of the myths concerning the area of welfare.

Measuring sentiment on issues

Rep. Douglas Trezise
87th District

Last week in this column we discussed the results of my earlier questionnaire which indicated that respondents considered taxing and spending the prime issue facing the state. A full 38 per cent put it in the Number One position and another 19 per cent placed it Number Two.

Following spending in concern, was education. It was listed first by 25 per cent of those responding and second by another 30 per cent. This week I would like to discuss our education problems in general as well as analyze the specific responses to several questions asked in this category.

Much has been said and written about the proposal of Gov. Milliken to eliminate the local property tax as a source of financing schools. There is no need to elaborate on that plan here except to emphasize that the question of quality education—and equality of education—is tied to the problem of finances. In my opinion, no effective change in our education system can come until the financial base is changed.

It now appears that efforts to achieve this basic goal must wait another year. Insistence by the Democrats that any ballot proposal to reduce property taxes for schools be tied to removing the constitutional ban on a graduated income tax has assured that we will not vote on the issue this fall.

Apparently, both sides in that dispute will be circulating petitions throughout the state during the coming months and, if both are successful in obtaining almost 300,000 signatures, we will have both questions before us at the 1972 election.

From the results of my questionnaire, I can draw several conclusions about the attitudes of 87th District people toward their education system. The first is that people are only moderately satisfied with the education provided in our schools.

TO THE QUESTION, "In general, are you satisfied with the quality of education that students in our public schools are presently receiving?" 55 per cent answered "yes" while 45 per cent were in the negative.

vocational education but do it within the present amount of money available to you."

Not too surprising was the response to the question "Should every Michigan resident be a member of a two-year community college district?" where only 34 per cent said "yes". This, too, was indicated at the polls a few years back and the feeling apparently is that we are being serviced adequately by Lansing Community College and Genesee Community College, even though our students have to pay a higher tuition because of being non-residents of those districts. Two questions related somewhat to the now defunct Spencer-Ryan school aid plan which was passed last year produced interesting responses.

The first question was: "Should poorer school districts get as much money per pupil as the richer ones if they both levy the same property tax, with the state making up the difference?" It produced an 83 per cent favorable response. This was predictable

since all the schools in the 87th District fall into the "poorer" category by having less tax base per pupil than the state average.

But another provision of Spencer-Ryan was to allow school districts the authority to grant property tax relief on their own by substituting a local income tax for an equivalent amount of property tax revenue. Only 44 per cent favored this approach. Apparently, we are hesitant about giving income taxing authority to our school boards even though the number one priority of all is to achieve relief from property taxes.

Finally, the questionnaire attempted to measure sentiment for a proposed constitutional amendment to have members of the State Board of Education appointed rather than elected on a partisan basis.

Only 43 per cent favored the change, preferring to elect directly as many public officials as possible, even though I suspect very few could name today those Board members elected as recently as last fall.

LETTERS TO THE EDITOR

Harmful chemicals can be controlled

Dear Editor:

I would like to take slight exception to the portion of your Sept. 22 editorial, entitled "Needless Tragedy", the effect a ban on phosphates in detergents would have on the eutrophication of our lakes and streams.

Although your statements were correct as far as they went, you failed to point out that the experts feel phosphorous compounds are the main cause of an increased rate of eutrophication of our lakes leading to their death, e.g. Lake Erie.

Your implication that phosphates should not be banned because eutrophication would have occurred anyway, e.g. fertilizer run-off, is like saying auto emissions should not be controlled because other sources of air pollution, e.g. steel mills, will destroy our air.

The point is that phosphates and other harmful chemicals in detergents can be controlled and be controlled relatively simply. Phosphates in fertilizer, on the other hand, cannot be eliminated as they are needed to enable farmers to provide the food necessary to feed our overpopulated world.
