Q. Can you tell me the day of the month when glass pick-up is due? And is there a place to deposit newspapers? Our Keep America Beautiful group is an excellent idea - recycling important - provided we know how best to cooperate. FD, ST JOHNS.

A. Glass and newspapers are better - the second time around. . . 4-H'ers want your glass the first Saturday of the month set out by the curb before 10 am if you live in town. For countryites and those who don't meet the deadline bring it to the fairgrounds before 1 pm. St Sylvia's Guild is continuing their newspaper drive the weekend of Oct 13 and in '73 the weekends of Mar 2, June 22 and Sept 14. Newspapers can be deposited at the rear of St Joseph's School from Friday evening through Sunday night. Help will be on hand Saturdays from 1 to 4 pm for those who can't lift heavy bundles. Newspapers can be deposited in the Salvation Army box in St Johns Southgate Shopping Plaza, also.

Q. Is there a statute or labor law prohibiting management from withholding vacation time from their employees to make up for days lost due to illness? NU, ST JOHNS.

A. Here's some sickening news: There is no state labor law which requires an employer to give either vacation or sick time, unless priorly agreed under contract, says Tom Walton, administrative assistant for the Department of Labor. He refers to Act 62, Public Acts of 1925 as amended which doesn't cover any fringe benefits such as pensions, severance pay, vacation, sick leave etc. There's very little that can be done but Walton invites you to stop by the wage-hour division at 300 E Michigan, Lansing for an informal chat. Until then take 2 aspirin, drink plenty of fluids and get a good night's rest.

Q. While driving along east M-21 within the city limits I noticed a rather unsightly appearance of old car parts and other junk which doesn't seem to help our city image of keeping things clean and wholesome looking. Can anything be done about getting the business owner to clean up his area? IC, ST JOHNS

A. Not until 90 days are up. Dealers are allowed that length of time to comply with the inoperable vehicle or "junk car" ordinance. After 45 days, Randy Humphrey, who's in charge of code enforcement for the city, mails out a notice. At the end of the allotted period, the area should "warrant" the owner's attention. He is given 48 hours to clean it up or face a fine. Any complaints should be channeled through Humphrey.

Q - I started receiving reduced social security retirement checks last year when I turned 62. I am now 63 and have suffered a stroke. Can I apply for monthly disability payments. RO, FOWLER

A - Uncle Sam takes care of its own. If you are found eligible to receive disability benefits, your retirement benefits will be changed over to disability benefits. You cannot collect benefits under both the disability and the retirement programs at the same time. Your monthly disability payments would be higher than those you receive now under the retirement programs.

St Johns High plans annual College Night

Commission approves Bath \$4.2 million sewer project

ST JOHNS -- Clinton County Commissioners gave final approval Thursday for a tentative \$4.2 million sewer project for Bath Township.

Meeting in special session, the county board passed a resolution creating the Clinton County Sanitary Sewage Disposal System 4, Charter Township of Bath. Commissioner Walter Nobis cast the only no vote. Commissioners then unanimously ok'd a bonding resolution. Earlier an operating contract was negotiated between Bath Township and the Clinton Department of Public Works.

Plans call for a connector system to carry sewage from the township to the DeWitt Township treatment plant. It would ultimately be expanded to handle the increased load. Areas to be served are Park Lake and Bath, a developed area east of Bath toward DeWitt, the Ann Drive area, high school, Nelson

subdivision and a Slight Road subdivision.

AN APPLICATION for a \$747,000 grant, an increase over the previously announced \$660,000, has been filed with the State Department of Natural Resources. Due to the grant hike, the 40-year bond issue has been reduced from \$3,700,000 to \$3,550,000, according to Gladys Sibley of Stauder, Barch & Assoc. The Gross Pointe Farms bond financial and marketing consultants were retained by Bath Township to make the economic feasibility study.

Mrs Sibley said if the \$747,000 grant is received bonds totaling \$3,550,000 will be sold. These would be repaid over a 40-year period, the maximum length of time allowed under state law. Estimated cost of the project is set at \$4,297,000.

She explained a recent supreme court

decision has thrown questions on any bond issue program above a 6% interest level. She informed the board the bond interest has therefore dropped to 6% from 7%. Interest being programmed on tap-in fees has been lowered from 8% to 7%.

TAP IN FEE has tentatively been set at \$2,000 for those who tap in directly as soon as hookup is complete. The amount can be paid in installments over 25 years with the interest of the unpaid installments not to exceed 7%.

Those who tap in after 1974 must pay \$2,350 cash for a direct hookup. The figure represents an additional \$350 for the riser cost. Indirect users, those not on the line but who will eventually tap in, must pay \$650. But, Mrs Sibley stressed, only those using the facilities will pay.

Customers will also be charged ap-

proximately \$9.75 a month for debt retirement. This becomes nonexistent at the time bonds are paid off, with the first call date Nov 1, 1987. An additional monthly service fee of between \$2.50 and \$3.50 will cover operation and maintenance.

Mrs Sibley said this is not ruling out the possibility for a federal grant sometime in the future. These monies could be used for further expansion or to retire bonds.

CLINTON BOARD chairman Gerald Shepard explained that even with the board's approval, the resolution must still go back to the township board. Bath officials earlier passed the motion 4-3 but before a legal opinion can be offered, a 5-2 vote must be recorded. Miller and Canfield, bonding attorneys, cannot issue bonds without such an opinion.

Sale of bonds isn't expected until the end of December or the first of the year, according to Timothy Green, DPW head. If a wider margin vote is tallied anytime prior to that time, the project can proceed as scheduled.

Pair found guilty in murder case

ST JOHNS -- Jurors in the trial of 2 men charged with the murder of a Round Lake businessman returned a verdict of guilty as charged, after several hours of deliberation Monday.

The trial of 39-year-old Richard David Collins of Lansing and 30-year-old William Franklin Graves of Eaton Rapids began last week in the court of Circuit Judge Leo Corkin. The pair is charged with murder and attempted murder in connection with the shooting death of Ivan Hempsted during the armed robbery of his gift shop near Laingsburg May 22. The 62-year-old Hempsted died in Lansing's Sparrow Hospital several hours after the robbery with a head wound while his 53-year-old wife, Marjorie, recovered from injuries she received in the incident.

MRS HEMPSTED was among the witnesses Clinton County Prosecutor Jon Newman called last week. The jury spent an entire day isolated from the courtroom last week as Judge Corkin ruled on several pre-trial motions by defense attorneys Fred Lewis and James Moore. Lewis is the court-appointed counsel for Collins while Moore represents Graves.

Earlier the two defendants were each charged on 2 counts of armed robbery but these warrants were dropped as the prosecution focused on the murder charge.

ACCORDING TO POLICE, about \$20 in small bills and a diamond ring worn by Mrs Hempsted were taken in the robbery. Collins and Graves were later apprehended by police near Lansing several hours after the May 22 incident. They have been held in Clinton County Jail at St Johns since that time.

Court officials declined to speculate on the trial's length but most observers agreed the jury is expected to enter deliberations this week in an effort to decide the case.

Judge Leo Corkin set the time of sentencing for Wednesday at 9:30 a.m.

Clinton County \$750,000 road project nears completion

ST JOHNS -- A \$750,000 road project -- 1 of the biggest undertakings Clinton County has ever witnessed -- is now in its final stages of completion.

Funds for the resurfacing and reconstruction project, which started Mar 16, came from a \$750,000 bond issue. The amount is to be repaid over a 10-year period from Motor Vehicle Highway fund receipts.

The improvement plan was initiated by the county road commission, last spring. "When we were thinking about it," recalls Robert Eldridge, road commission clerk, "we emphasized the north-south flow of traffic into Lansing." Final decision on roads to be

included came from the board.

ACCORDING TO ROBERT ANCEL, project engineer, 63.3 miles have been resurfaced at a cost of \$650,000. In the reconstruction program, 6.5 miles of roads have been completed at \$92,000. Five miles remain to be finished in the 2 areas.

Resurfacing plans call for 3.65 miles including 3 miles of Chandler Rd from M-21 to Colony, a quarter mile of First St from Hollister Rd to Ovid, and a 4/10 mile section of Shepardsville Rd at M-21 north of the railroad. Reconstruction of 1.3 miles of Park Lake Rd in Bath Township from S County Line Rd to

State Rd is still scheduled.

Upon completion 74.75 miles will have been resurfaced. Approximately 81,664 tons of asphalt were used at a cost of \$9.73 a ton. Low bidders were Spartan Asphalt and Reith-Riley both of Lansing.

FOUR PROJECTS HAVE been delayed because of unfavorable weather conditions. Round Lake Rd from Chandler to St Clair has a gravel application but no resurface and Wacousta Rd was unable to be completed. Wright Rd north of Fowler and Alward Lake Rd from US-27 to Loomis were postponed due to September's rainy weather. Airport Rd from Chadwick to Leman will be finished with sand and gravel in late fall or early winter.

Francis Rd between Herbison and Stoll Rd was not resurfaced because of an improper base. According to Ancel, the road needs complete reconstruction and funds are not available at this time for such a costly project.

R JAY HEBNER, road commission superintendent, reports "roads generally good, but they badly need gravel and grading which county crews are working on." He also pointed out that crews are working on shoulders bringing them up and applying gravel where needed.

"We get the comment that all roads

need shoulder work," Hebner said, "but even though that may be true there's only so much money and it can only go so far." He stated he doesn't anticipate any fewer complaints this winter and that it all depends on the weather.

"We've already got a lot of complaints," Eldridge interjected. "Residents on newly surfaced roads are complaining they need speed zones due to the traffic increase," he added. "This isn't the solution to our road problems," Eldridge admitted, "but it's sure helped out. We could do a project like this 2 or 3 times over."

"IT'S REMARKABLE what we've went through," Hebner feels. We don't intend to short change our annual projects now because of this project repayment, he continued, and it's possible the county board could very well give an allocation to help us out. And if any federal grants are coming up, Clinton County should be near the top of the list.

Hebner disclosed it is the commission's desire to resurface 10 to 12 miles annually in addition to reconstruction. This would depend on approval from the county board.

The road commission has a work force of 46 with an average field force of 35 to cover some 1,100 miles of county roads along with state highways.

Licensing for lottery sale begins this week

LANSING -- The Bureau of State Lottery began accepting formal applications for lottery sales agent licenses this week, according to Lottery Commissioner Gus Harrison.

Several hundred letters, some dated prior to creation of the Lottery Bureau on August 1, are already on file, Harrison said, but application forms have not previously been available. Those who have already requested the forms should receive them this week.

HARRISON SAID the Bureau expects to license about 5,000 businesses around the state as lottery agents. All types of business will be considered, but a key factor in the selection process will be potential sales volume. The geographic location of the business and other variables will also be considered and small businesses will not be ruled out.

While fees and commissions have not yet been finalized, Harrison said there will be a licensing fee of \$10. That fee will be payable at the time of license issuance, and should not be submitted until applications are approved.

LICENSED AGENTS will receive a 5% commission on sales. In addition, the Bureau contemplates a bonus system whereby agents would be rewarded for selling the tickets which win major prizes. Bonuses may also be created as incentives for increased ticket sales.

Harrison said agent selection will be based on several factors in addition to probable sales volume. Applicants must submit State Police fingerprint cards which will be used to determine prior criminal involvement. Applicants must also pass a credit check and meet other financial criteria to qualify.

Agents in rural communities will not, of course, be expected to sell as many

tickets per locations as those in urban centers. As a general "rule of thumb", most agents would be expected to sell a minimum of 250 tickets per week.

Once applications are received, it will take about three or four weeks before a decision is made regarding licensing desirability. Many businesses may be placed on a "waiting list" for future licensing.

LICENSE APPLICATIONS are available from the Bureau of State Lottery, 1000 Long Blvd, Suite 14, Lansing, Michigan 48913.

Bath High School

Busy Bees

by Patti Higbee

The students at Bath High School started the year in a very busy way. On Tuesday, Sept 12, all of the classes had class meetings where new officers were elected and 1971 Yearbooks were distributed. The officers for the four classes are as follows:

Seniors: Irene Snay, president, Jeannine Seeger, vice president, Darci Easlick, secretary, Nancy Barks, treasurer. The seniors chose 10 representatives to represent them in the Student Council.

Juniors: Sue Bos, president, Glen Tarrant,

vice president, Audrey Schafer, secretary, Mary Stoll, treasurer, and four representatives were selected for the Student Council.

Sophomores: Cindy Fineis, president, Brian Stoddard, vice president, Mark Hanson, secretary and Mark Hanson, treasurer. Four sophomores were elected as Student Council Representatives.

Freshmen: Steve Hawks, president, Mary Martin, vice president, Becky Derner, secretary and Mike Goodwin, treasurer. Four Student Council representatives

were selected by the class. The theme for the Homecoming floats is movies. The classes are building their floats around the following movie titles: Seniors - "All You Wanted To Know About The Bees But Were Afraid To Ask," Juniors - "What's Up Doc," Sophomores - "Godfather," and Freshmen - "No Place To Run."

At a pep rally before the game the cheerleaders did a pom-pom routine to "Long Cool Women." The Pop Band played the Bath Bees fight song.

The Girls Varsity Basketball team won its first game Tuesday night 44-20 against Ionia. High scorer for Varsity was Gina Mazolini. Other members of the team are Angie Sirrine, Lynne Grosi, Mary Beth Rehmann, Nancy Dickman, Bernie Fox, Kathy Strahle, Patty Fowler, Deb Weiber, Chris Henning, Becky Conley and Jill Bunce.

Linda Eisler, high scorer for the JV team, also lead the team to their first victory. Members of the JV team are Deb Armstrong, Leisa Bissell, Becky Bond, Nancy

Rogers, Betsy Wirick, Julie Harris, Toddy Haske, Diane Knight, Kendie Knight, Myra Ostrander, Jennifer Ott, Polly Bunce and Andy Exelby.

The girls' next games are Tuesday and Thursday, here, against Waverly and Greenville, with JV starting at 6 pm and Varsity at 8 pm.

The Girls Swim Team lost its first swim meet Thursday night to Eastern of Lansing. The mixer afterwards appeared to be more a success than the total score, but with the excitement of their first meet the girls didn't seem to

care. With more than 30 girls out this year, Coach Mrs Linda Linder thinks the prospects for this year's team are looking good.

With Homecoming only three weeks away, each class, with a gleam of the winning float in their eyes, is busily working on their float. Plans for this year's Homecoming are somewhat changed from last years. After the game Friday night there will be a mixer, in the cafeteria, open to the alumni and to the public. Saturday night the Homecoming dance has been planned and all alumni are invited.

They were chauffeured around the football field and escorted to the center of the band by their fathers, where they awaited the moment when one of them would be crowned queen.

The four floats, made by the various classes were driven around the field and judged at halftime. Since the theme this year was "The Twentieth Olympiad", each class was required to center their float around this theme. The sophomores took first place honors with their float, "The Only True Victory is World Peace" took second, placing third were the freshmen with "Get the Point", and fourth place went to the seniors and their float, "We're Number Won."

The homecoming dance immediately followed the game with the "Smackdab" providing the music.

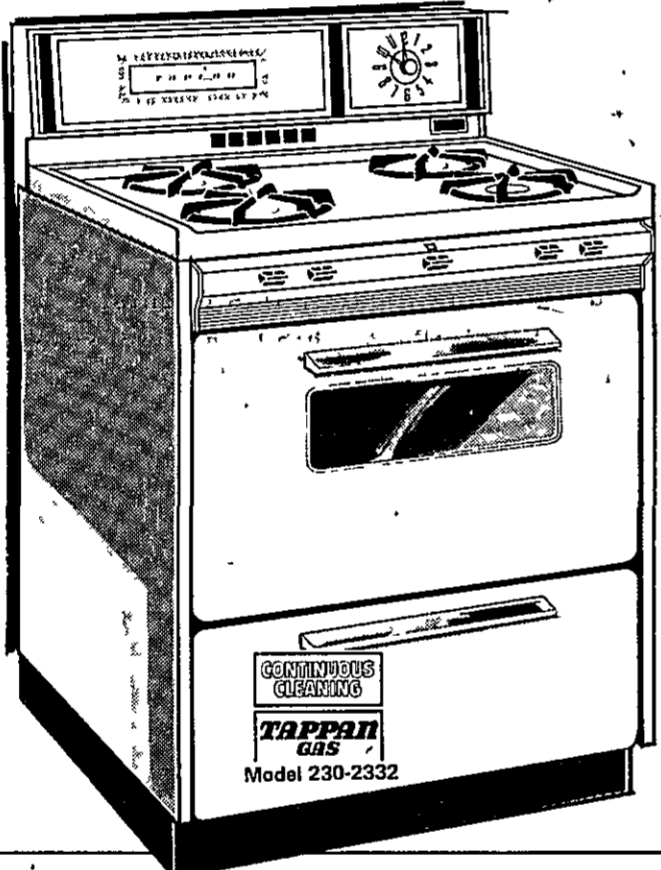

During the week grades 8-12 competed against each other for the most spirited class. Each class was assigned to a hall and were given three days to fix it up in any way to show their spirit. The contest was judged by the varsity cheerleaders and by the principal, Mr Barr with the sophomores winning.

One of the most important things of making a homecoming complete is a victory by the football team. Our mighty Pirates did just that by defeating the Morrice Orioles 33-0. Fulton had 359 yards in offense which helped their record to three wins and no losses.

Morrice was also handed another defeat Thursday night when the junior varsity Pirates beat them 56-0.

FURRY ALSO announced the complete national ACT schedule for the 1972-73 academic year. The schedule is (with corresponding registration periods in parenthesis): Oct. 21, 1972 (Aug 21-Oct 2); Dec. 9, 1972 (Oct 9-Nov 13); Feb. 24, 1973 (Nov 27-Jan 29); April 28, 1973 (Feb 12-April 2); July 21, 1973 (April 16-June 25).

Cost to students for the ACT Assessment, which takes about 3 1/2 hours to complete, is \$6.50.

Saturday evening will climax "Spirit Week" with a dance featuring the Nick Vellenti Quartet. The theme for Homecoming is, "It's Up To You." The dance begins at 8 pm in the high school cafeteria. Tickets are \$2 couple and \$1.25 single. They may be purchased from any DeWitt High School student council member.

This year's homecoming is being planned by the student council. Officers are - Tim Farr, president; Roxanne Rice, vice president; Kathy Esterline, secretary; and Cindy Jaskiewicz, treasurer. Sponsor is Evart Stevens.

Bath Charter Township

Bath Charter Township
September 27, 1972

The regular monthly meeting of the Bath Charter Township Board was held September 5, 1972 at the Township Offices 14480 Webster Rd, Bath.

Meeting called to order at 8 pm by Supervisor Van-Sickle.

All board members were present also Clinton County Commissioner Gerald Sheppard.

Planning Commission minutes of August 28, 1972 were read and placed on file.

Supervisor presented Arthur M Corcoran, Construction Grant Administrator of the Department of Natural Resources, to the board, who answered many questions concerning the Grants for the Sanitary Sewer System. State Grants can still be had if contracts are awarded by October 5, 1972.

Trustee Snider moved that we install the sewers in accordance with Financial Feasibility Study #2, which includes the State Grant for collector sewers of \$660,000. Be it further moved that if grant is withheld or the township cannot meet the requirement to get said grant, the entire project be stopped at once, until some grant is available.

Seconded by Trustee Bragdon. Roll Call-4 yes votes and 3 no votes. Carried.

Supervisor reported only one reply had been received on enlarging the parking area at the township office. No action taken.

Board approved application for Bath Township Lions Club Annual Light Bulb Sale.

Board was advised that Raymond Yerkie of Bath Township had been appointed to Clinton County Zoning Board of Appeals.

Vouchers #8115 thru #8175 were approved for payment. Meeting adjourned at 10:15 pm.

A Special Board Meeting was held September 11, 1972 at 7 pm to adopt a Resolution pertaining to Sanitary Sewer System Project.

All board members present.

Trustee Snider moved that the following Resolution be adopted:

"WHEREAS, the Charter Township of Bath did on the 1st day of December, 1969, request the Clinton County Department of Public Works, pursuant to the authorization provided in Act 185, Public Acts of Michigan, 1957, as amended, to take the necessary steps to establish, construct and finance the sewage to take the necessary steps to establish, construct and finance the sewage disposal system to service specified areas in the Charter Township of Bath; and WHEREAS, the preliminary feasibility study and report made with respect to said sewage disposal system by Fishbeck, Thompson and Carr, consulting engineers of Lansing, Michigan, indicated the need for the sewage disposal including sufficient lands and rights and lands for sewage treatment plants and lagoon systems; and WHEREAS, said engineers for the Township have recommended to the Township and

to the Department of Public Works, that it is more practicable, desirable and feasible for the Township to construct certain sanitary sewer mains and pumping stations necessary to connect the sewage collection system of the Charter Township of Bath to the sewage treatment plant presently in existence in the Township of DeWitt, rather than constructing independent sewage treatment facilities in the Township of Bath; and WHEREAS, the Township Board of Trustees is of the opinion that it is in the interest of the health, safety and welfare of the citizens of the Charter Township of Bath to proceed immediately to construct said sewage collection system including necessary interceptors and force mains without regard to the fact that federal funds and grants in aid may not be available to the Township; and WHEREAS, the Township is advised that in the event a contract is entered into by the 8th day of October 1972, for construction of said system, subject to approval and sale of bonds in the amount of Three Million Seven Hundred Thousand Dollars (\$3,700,000) necessary to finance said improvements, that a grant from the State of Michigan for collector sewers in the amount of Six Hundred Sixty Thousand Dollars (\$660,000) will be available; and WHEREAS, the Charter Township of Bath, in order to finance the project, is in need of the sum of Three Million Seven Hundred Thousand Dollars (\$3,700,000); and WHEREAS, the only practicable and feasible method of financing said sewer improvements if by issuance of bonds of the County of Clinton in the amount of Three Million Seven Hundred Thousand Dollars (\$3,700,000). Pursuant to the authorization of Act 185 of the Public Acts of 1957, as amended, and WHEREAS, a feasibility study has been prepared projecting the method of repayment of said sum over a period of forty (40) years, NOW, THEREFORE, BE IT RESOLVED: That the Charter Township of Bath hereby requests the Board of Public Works of the County of Clinton to approve the project in the amount of Three Million Seven Hundred (\$3,700,000) and to proceed with all necessary steps to construct the project subject only to receipt of a commitment from the State of Michigan by and through its Water State Resources Commission for a grant for collector sewers in the approximate amount of Six Hundred Sixty Thousand (\$660,000). Seconded by Trustee Bragdon. Carried. September 27, 1972

The Mid-Monthly Board meeting of the Charter Township of Bath was held September 18, 1972 at the Township Offices 14480 Webster Rd, Bath.

Meeting called to order at 8 pm by Supervisor Van-Sickle.

All board members present also Clinton County Commissioner Gerald Sheppard.

Minutes of September 5, 1972 were reviewed and accepted.

Supervisor advised the board the Clinton County DPW approved the Sanitary Sewer Project as adopted by the Township Board at their September 14, 1972 meeting. Clinton County Board of Commissioners also approved the sewer project. Bids for the Sanitary Sewer Project will be open October 2, 1972. All action taken depends on the approval and sale of the bonds.

A special Board Meeting will be held Tuesday September 26, 1972 at 8 pm to review a resolution and contract for construction of the sewer system.

Paul Thompson Sanitary Engineer has made application for Federal Grant money. It is now the understanding that if Federal Grants are made available before construction starts we could still be eligible for Grant Assistance.

Supervisor presented the board with a 10 point addition to construction projects of the township roads.

Board adopted the 10 point addition at a cost not to exceed \$5,000.00 to the township.

Board adopted the 10 point addition at a cost not to exceed \$5,000.00 to the township.

Board adopted a resolution to charge 2¢ per name for voter registration list.

Vouchers #8176 thru #8201 were approved for payment. Meeting adjourned at 9:10 pm.

Bits and Pieces — Pride and Honor

By HAROLD SCHMALTZ

The week of October 8 thru 14 is quite unique to we folks in the newspaper business. This is a time set aside for the public to acknowledge as "NEWSPAPER WEEK". So if you don't mind I'll blow our own horn a little this week.

A newspaper means many different things to many different people. It can be a place for someone to see who's getting married or who's engaged. For others it is a source of finding out who died while for many it's a place to read about current matters in city and county government. And for many others it's a source of wholesome reading surrounding local sports events.

A newspaper also carries very important advertising messages forth to a quality group of readers, in other words, people who spend their money to buy what we print. We appreciate our readers and we want you to know it.

We're proud of what we do here at the Clinton County News. From every picture we take to every little word of copy that goes into our ads we're proud of our product. Pride in our work sustains us thru times when criticisms loom over what we thought was our best effort. Service to our reading public and our advertisers is our purpose and we in the newspaper field live it daily.

NEWSPAPER PEOPLE ARE a rare breed of individuals. Many times personal schedules are scrapped because of conflicting events relating to matters of interest to our readers. In most instances personal planning has to be taken secondary while we pursue our journalistic duties. We're a dedicated bunch and in our own way we're just as professional as a doctor is in his service at the hospitals across the land. This is what makes a newspaperman what he is.

We continually strive to make our product a better product. Realizing, of course, it's impossible to please everyone, we're a group that tries harder than any other walk of life. We try and we try hard to accomplish this. We realize that every event no matter what its magnitude is important to someone and we have to consider its role of importance in determining whether it gets a spot in the paper or not. Sometimes in making these decisions we seem to discriminate against some while appearing to appease others. This is not an intentional thing on our part. We do the best job in selectivity we can and this should be sufficient to satisfy most.

Thank you for your continuing support in your local newspaper. We print it for you and we want you to enjoy it.

O-E Band Boosters are a busy group

OID-ELSIE -- Band Boosters claim to be one of the most active volunteer groups in the Ovid-Elsie School District. Composed of parents of senior and junior high bandmen, as well as beginning musical students, the group also includes interested alumni of the band. Officers this year are: Don Hinkley, president; Charles Palen Jr, vice president; Mrs Lawrence Marriage, secretary and Mrs George Putnam, treasurer. For the third consecutive year the Ovid-Elsie Band attended Band Camp at Michigan State University. Students were chaperoned by the following people who gave freely of their time to drive to East Lansing to remain in the dormitories all night or to be present during the week: Pat Rivest, Mrs Ken Applebee, Mrs Bill Staples, Mrs George Putnam, and Mrs Van Reid, Assisting Don Thayer, senior band director, and Van Reid, junior band director, with the boys were Dennis Hunt, Don Hinkley, and Bruce Welton. Another activity of Band Boosters was chaperoning the bandmen at Michigan State University Band Day. Starting at an early hour of 6:30 am riding in the school buses, sharing a sack lunch, and returning about 12 hours later were: Mr and Mrs Don Hinkley, Mrs Jack Schwark, Mrs George Putnam, and Mr and Mrs Van Reid. During the football season the concession stand is operated by Band Boosters with help from the students. For the first home game serving in the booth were: Mrs Ray Babcock, Mrs Glen Williams, Mrs Merle Baese, Mrs Adrian Huss, Mrs Ken Applebee, Mrs Donald Hier, Mr and Mrs George Keek, and Mr and Mrs Charles Palen Jr.

Brenda Bancroft, Donnie Smith and Jill Seperic, all of St Johns were declared local winners in the poster prevention contest sponsored by Arnold Pharmacies. Each received a \$15 prize and are eligible for 1 of 3 \$100 prizes in the final judging of the statewide contest which is scheduled this week in Detroit. Judges for the local contest were James Bargar, art teacher at St Johns High School, Mrs Carol Duguay, president of the St Johns Art Guild and Harry Wiley, a retired businessman and well-known local artist. More than 65 posters were submitted in the contest here.

Elsie

ELSIE(c) -- The tragic death of Jose U Rios on Sept 4, in an automobile accident near Saginaw, touched the lives of many people, including those who knew him when he attended the local school and graduated with honors in the first class from the new Ovid-Elsie High School. During his senior year he was selected by the entire student body as president of the Student Council.

The St Cyril Catholic Church in Bannister will hold a special ceremony and Mass Wednesday evening at 8:20 pm, Oct 4 in memory of Jose. He attended St Cyril's Church with his younger brother, Gilberto Rios and their mother, Mrs Rosa Torres while they lived here. Mrs Torres was a teacher in the Knight Elementary School. At the time of his death, Rios was Admissions Counselor at Saginaw Valley College, vice-chairman of the LaRaza Advisory Committee at the State Board of Education and a secretary of the Association of Chicano for College Admissions.

A Memorial Fund for Scholarships has been started in the name of Jose U Rios which will aid worthy students in furthering their education. Contributions should be sent to Saginaw Valley College, % "La Nueva Generacion", Bay City, Michigan 48706. Rios, a Puerto Rican, loved his country deeply and loved working with and helping the Spanish-speaking population of this nation. With his death went a tremendous potential to accomplish much good for the Chicano movement. These words were expressed in a recent issue of "El Renacimiento," a newspaper for Spanish-speaking people. He also spent much effort to Civil Rights for people. Mr Woodard also has 34 grandchildren, 22 of whom are married and have presented him with 35 great grandchildren.

Engaged

MARY IRENE PERRY

ST JOHNS - Mr and Mrs Kenneth Perry of 1630 West Price Road, St Johns announce the engagement of their daughter, Mary Irene to Gary Allen Taylor. He is the son of Mr and Mrs Richard Taylor of 110 East Lincoln Street, St. Johns.

The bride-elect is a graduate of St Johns High School and is employed at Cutler Plastics in Lansing. The prospective groom is also a graduate of St Johns High School and is employed at Oldsmobile. The couple is planning a Nov 11 wedding.

MRS DAVID BOAK

Couple travel north following wedding

FOWLER - Judy Feldpausch became the bride of David Boak Friday, Sept 15 in a 2 pm ceremony held in Most Holy Trinity Church, Fowler. Rev Albert Schmitt officiated at the double ring ceremony before an altar decorated with arrangements of white, yellow, orange gladiolus and carnations.

Organist for the service was Mrs Bernita Halfmann. The bride is the daughter of Mr and Mrs Kenneth Feldpausch of 531 North Main Street, Fowler and the groom's parents are Mr and Mrs Charlie Boak of West Fifth Street, Fowler.

The bride was given in marriage by her father and chose a full-length gown of white organza trimmed with Chantilly lace appliques. The gown was styled with a lace bodice, a mandarin collar, antique lace sleeves and a lace ruffle which edged the hemline. Matching lace edged her full-length mantilla veil and she carried a bouquet of yellow sweetheart roses and white carnations.

Maid of honor was Diane Boak and "assistant" bridesmaids were Debbie Feldpausch, Luane Feldpausch, Beth Feldpausch and Dee Dee Weber, all of Fowler. The attendants wore full-length gowns of mint green chiffon with a dark green velvet bodice and green sleeves. A ruffle accented the hemline of the gown which had an empire-style waistline. They wore a headpiece of flowers matching fall colored bouquets.

Best man was Dennis Boak and serving as groomsmen were Dan Schaefer, Bill Armbrustmacher, Tom Feldpausch and Nick Thelen, all of Fowler. Seating the guests were ushers Dwight Boak and Dave Thurston, both of Fowler.

The couple greeted 350 guests at the reception which was held at the Fowler Conservation Club. Special guests at the wedding and reception were Mrs John Feldpausch, Mrs Lula Boak and Mrs Lula Jastram.

Following a wedding trip to Northern Michigan the new Mr and Mrs Boak will make their home at 108 1/2 North Main Street, Fowler. The couple are both 1970 graduates of Fowler High School

Burnham-Bentley wedding rite held

MR AND MRS TOMAS L BENTLEY

WACOUSTA - Rev Edward F Otto performed the Aug 5 wedding ceremony which united in marriage Terri Lynn Burnham and Tomas Lynn Bentley. The altar of Wacousta United Methodist Church was banked with white gladioli for the 2 pm double ring service.

"O Promise Me", "We've Only Just Begun" and "The Lord's Prayer" was rendered by Marilyn and Carolyn Winsor.

The bride is the daughter of Mrs John Ernst of 7104 West Townsend Road, St Johns and Eugene Burnham of 904 East Cass, St Johns and the groom's parents are Mr and Mrs Kenneth G Bentley of 11441 Francis Road, DeWitt.

The bride, given in marriage by her father, chose a full-length gown of acetate and nylon lace over acetate taffeta styled with an empire-style waistline, full lace Bishop sleeves and a full attached lace train. The front of the skirt featured a lustrous acetate satin panel and a lace stand-up collar decorated the bodice. A headpiece of acetate and nylon lace petals secured her three tiered nylon tulle veil and she carried a bouquet of yellow sweetheart roses with white carnations.

Maid of honor was Katherine Bentley of DeWitt, sister of the groom, and bridesmaids were Paula - Gibson, DeWitt and Kathleen Beagle of St Johns. Junior bridesmaid was Sandra Bentley of DeWitt, sister of the groom, and flower girl was Loretta Huhn, St Johns. The attendants wore full-length gowns of nylon sheer featuring lantern sleeves with fitted cuffs and lace bows and streamers trimming the back. The maid of honor was in green and the other attendants wore blue. They wore petal veils and carried a bouquet of pink, white, blue and green carnations centered with white sweetheart roses. The flower girl wore a full-length pink dotted Swiss gown.

Best man was Kenneth L Bentley, DeWitt, brother of the groom, and serving as groomsmen were Michael Nichols, DeWitt and Robert Cager, Alma, Roy Burnham, St Johns, brother of the bride, was, junior groomsman and Matthew Winsor, Perrinton served as ring bearer.

A reception with 300 guests in attendance was held in Fellowship Hall of the church immediately following the service.

Special guests at the wedding and reception were Mr and Mrs Oman Taylor, Greenville, grandparents of the bride; Mr and Mrs William Bentley, Harrison, grandparents of the groom; Mrs Florence Bentley, Ithaca, grandmother of the groom; Mrs Mattie Leslie, great-grandmother of the groom; Mr and Mrs Floyd S Taylor and family of Tucson, Ariz.

For travel on their wedding trip to Northern Michigan the new Mrs Bentley chose a beige, orange and black knit suit. The couple are now making their home at 500 West McConnell in St Johns. The couple are both 1972 graduates of St Johns High School.

MRS ROBERT CRAIG

Monica Nemcik now Mrs Robert Craig

BANNISTER - St Cyril's Catholic Church was the setting for the Saturday, Sept 9 wedding ceremony which united in marriage Monica Ann Nemcik and Robert G Craig. Rev Thomas M Kowalczyk performed the double ring service before an altar decorated with white gladioli and pink carnations.

Organist was Mrs Carol Slagh and soloist was Robert Ladiski.

The bride is the daughter of Mr and Mrs Lawrence F Nemcik of 10757 Wilson Road, Bannister and the groom's parents are Mr and Mrs Donald L Craig of 7630 West Hibbard Road, Ovid.

The bride, given in marriage by her father, chose an ivory gown of organdy trimmed with Venice lace and Peau d'Ange lace styled with an A-line silhouette with a high neckline and modified Bishop sleeves. A see through yoke decorated the fitted bodice and an attachable chapel-length train was attached to the A-line skirt. Lace appeared on the bodice, sleeves and hemline of the gown. Her sunburst mantilla veil was edged with matching lace and she carried a trailing cascade-style bouquet of white orchids, white and pink roses and ivy.

Gayla Rasmussen of Owosso, was maid of honor and assisting as matron of honor was Mrs Jean Bates of St Johns, sister of the bride. Bridesmaids were Shawnee Mach of Ashley, cousin of the bride, and Melanie Nemcik of St Johns, niece of the bride. Flower girl was Amy Craig of Ovid, sister of the groom. The attendants wore identical gowns of candy pink and ivory. The ivory bodice and full Bishop sleeves were trimmed with Mochelle lace and chiffon bonding. The pink A-line skirt was softly gathered at the waistline and a deep ruffle flounce decorated the hemline. They carried a wicker basket of pink roses, carnations, purple statis and baby's breath and wore a headpiece of flowers.

The flower girl carried a basket of pink rose petals and wore a headpiece of pink rosebuds.

Best man was John Craig, brother of the groom, and assisting as groomsmen were Charles Bates, brother-in-law of the bride, John Oakley and Robert Nemcik, brother of the bride. Seating the guests were ushers, Larry Nemcik, brother of the bride and Joe Sottosanti.

A 6:30 pm reception was held at Slovak Hall in Bannister for 600 guests with Mr and Mrs Frank Mach, aunt and uncle of the bride, as host and hostess.

Special guests at the wedding and reception were Mr and Mrs Chauncey Green and Gale Craig, grandparents of the groom.

Following a wedding trip to Mackinac Island and the Upper Peninsula the couple will make their home in Spartan Village, East Lansing.

SEWING WITH LEATHER, FAKE FUR AND VINYL can add interest and versatility to a wardrobe.

But for those who don't know a few basic rules the endeavor can end in disaster. Since many fall styles are incorporating these SPECIAL FABRICS into the fashion scene, we'd like to help you out.

Come to our "SEW SPECIALS" program, 7:30, Smith Hall, St. Johns and learn those basic techniques for sewing with leather, fake fur and vinyl. It's on October 11!

A representative from the Unique Zipper Company will be coming to discuss the following topics:

Choosing Patterns, Cutting Techniques, Construction Hints, Choosing Notions, Zipper installation and Easy Project Suggestions.

The project suggestions will be suitable for gift giving, home furnishings and personal accessories.

All of the techniques shown can be readily adapted for beginners and the more

advanced sewer. Come along and get some ideas for Christmas presents. Don't forget to bring a friend!

When sewing with vinyls and leathers choose patterns with straight simple lines like raglan or kimono sleeves and a minimum of seams and darts.

Use paper clips, hair clips or masking tape to hold seams in place when sewing. Set a long stitch, 8 to 10 stitches per inch, on the machine; a short stitch may tear the fabric.

Stitch with the shiny side of the vinyl away from the metal throat plate. If this is not possible use a sheet of tissue paper between the throat plate and vinyl to allow material to move through without sticking.

Of course vinyl cannot be pressed with an iron. Finger press the seams and darts and pound them flat with a pounder or ruler.

For more information come to Smith Hall next Wednesday.

Conservation districts attend area meeting

At two meetings, Thursday, Sept. 28, at Delta Township Hall, government leaders in the Capitol Area learned that soil erosion is nobody's friend. It strips the farmer's fields of rich food-producing soil and severely damages homesites and industrial grounds. Even worse, eroded soil always ends up somewhere, often in a municipal reservoir or a streambed.

A silted reservoir can inflict a water shortage on a community and sediment in a streambed is conducive to flooding. Constructing new reservoirs and dredging streams can be a costly and cumbersome burden.

The directors of the Capitol Area Association of Soil Conservation Districts reminded government leaders that developers and contractors could reduce soil erosion and pollution from urban construction sites by following the guidelines listed below:

-Select land where drainage patterns, topography and soils are favorable for the intended use.

-Use those areas not suited for urban development for open space and recreation.

-Develop large tracts in small workable units on which construction can be completed rapidly so large areas of soil are not left bare for long periods.

-Limit grading to a minimum and remove as few trees as possible.

-Control water runoff to storm sewers or other outlets.

-Use mulch or temporary grasses to protect erosive areas during construction.

-Construct basins to detain runoff and trap sediment on the site during construction.

-Plan for safe disposal of the increased runoff from rooftops and parking lots.

-Establish permanent vegetation as soon as possible.

Free assistance in conservation planning and in the application of good environmental practices is available to contractors and others involved in land development projects from the Soil Conservation Service through its office at 100 South Ottawa Street, St. Johns.

Pirates upset DeWitt

PEWAMO - Pewamo-Westphalia edged DeWitt Friday night 12-7 on the arm and legs of senior quarterback Roy Piggott.

Normally Piggott is a halfback and end but injuries forced Coach William Marks to start him at quarterback, a spot he played last season.

EARLY IN the first quarter Piggott connected on a 29-yard pass play to end Dan May for the first score. DeWitt blocked the kick attempt.

Strong defensive play and turnovers by both teams thwarted any scoring attempts in the second and third quarter.

Then with 5:39 left in the

game DeWitt's Duane Shooltz plunged into the end zone from 3 yards out. Chris McNeilly kicked the extra point and the Panthers had a slim 7-6 lead.

Three minutes later Piggott ran 55 yards on a quarterback option to score the winning touchdown.

COACH MARKS commended Piggott on his performance and said "he called a real good game and obviously was in control of the game."

DeWitt moved the ball well early in the game logging 95 yards rushing during the first period. The Panthers totaled 159 yards rushing for the night and 21 more in the

air. They also led P-W in first downs 11-9.

The Pirates recorded 109 yards rushing and 65 in the air but Piggott's run was all they needed.

SHOOLTZ PACED the DeWitt offense with 67 yards and caught 1 pass. All-state lineman Gary Bouts topped the Panther defense with 11 solo and 6 team tackles. In

addition to his extra point kick, McNeilly intercepted 1 pass for DeWitt while making 7 solo and 4 team tackles.

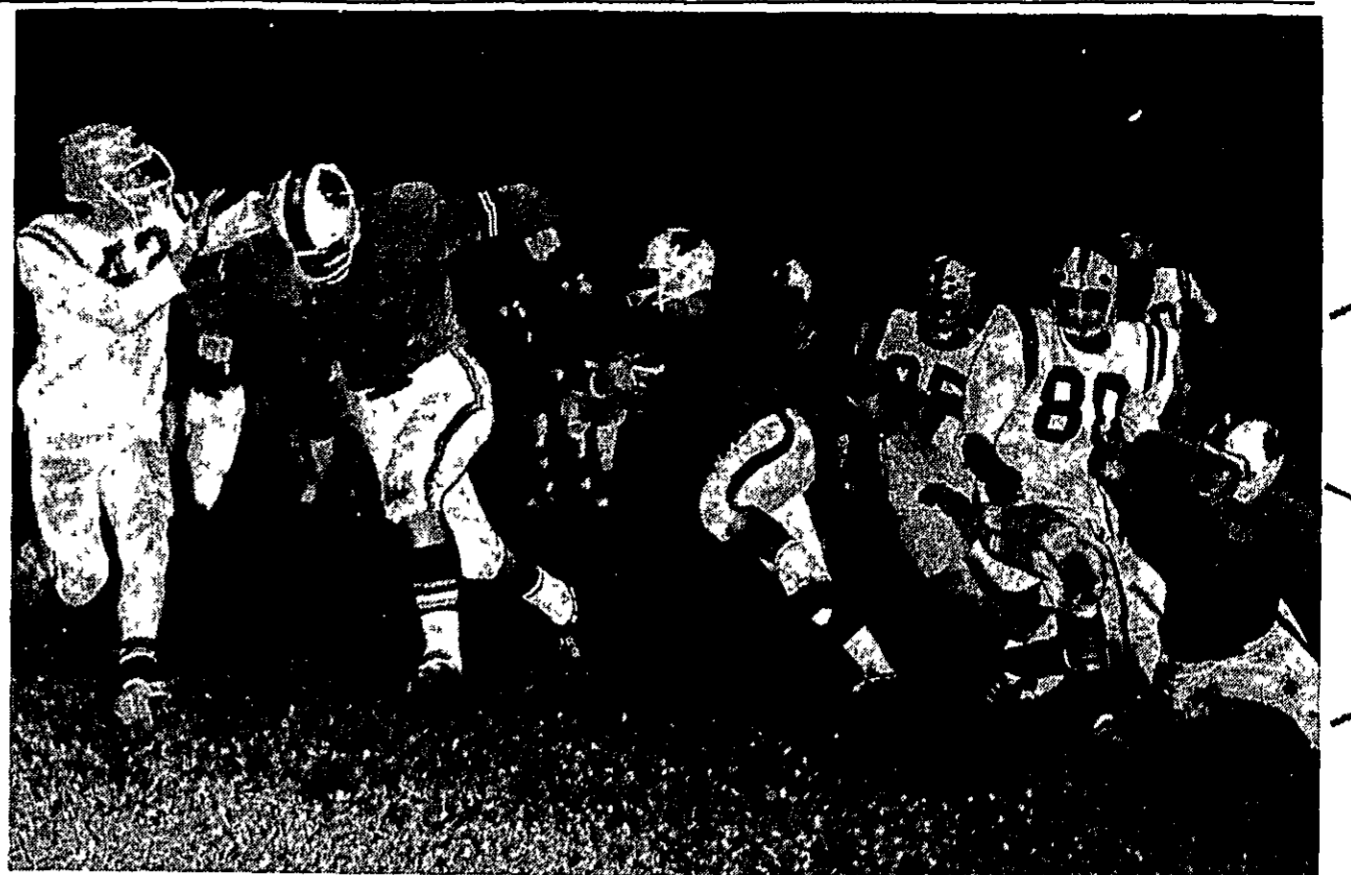

This week both teams continue Central Michigan Athletic Conference action as P-W travels to Portland St Patrick and DeWitt hosts Bellevue in their homecoming game.

Other contenders for the honor were Gary Groom of Ovid-Elsie, DeWitt's Chris McNeilly and Larry Halfmann. Groom scored 1 touchdown in O-E's win over Chesaning and set up another by intercepting a pass. McNeilly kicked an extra point, intercepted a pass while making 7 solo and 4 team tackles. Halfmann led the Fowler ground attack

in their 13-0 win over Olivet with 90 yards rushing in 14 carries.

The 6-foot-2 177-pound senior passed to Dan May for the first touchdown and then ran 55 yards to score with only 2 minutes remaining in the game. A former halfback and end, Piggott took over as quarterback after the regular signal caller was injured in a previous game.

OTHER CONTENDERS for the honor were Gary Groom of Ovid-Elsie, DeWitt's Chris McNeilly and Larry Halfmann. Groom scored 1 touchdown in O-E's win over Chesaning and set up another by intercepting a pass. McNeilly kicked an extra point, intercepted a pass while making 7 solo and 4 team tackles. Halfmann led the Fowler ground attack

PANTHER POWER SWEEP

DeWitt running back Duane Shooltz follows tackle Tom Ashley during a power sweep play in Friday's game against Pewamo-Westphalia. Fighting off Ashley's block in an attempt to tackle Shooltz is the Pirates Dan Thelen. Shooltz scored DeWitt's lone touchdown as P-W won the game 12-7.

P-W's Piggott Player of Week

Roy Piggott earned the COUNTY NEWS "Player of the Week" honor for his fine performance in leading Pewamo-Westphalia to a 12-7 victory over DeWitt.

Ovid-Elsie's Gary Groom surges ahead to pile up yardage for the Marauders in Friday's 18-6 win over Chesaning. Groom logged 72 of the 132 yards rushing by the O-E offense. He also scored 1 touchdown and set up another with a pass interception.

Ovid-Elsie still undefeated

Chesaning scored the first touchdown but Ovid-Elsie scored the last three to win the game. It was a typical Indian - Marauder game, with both sides handing out hard hitting blocking and tackling.

Chesaning scored the first touchdown on a 45 yard drive that started from an intercepted O-E pass. Chesaning used nine plays to go in for the TD with halfback Robb Rehmann doing most of the running and also picking up the TD. The run for the conversion was no good.

The scoring stirred up O-E who came back and tied up the score in just three plays, the big play being a 55 yard TD pass from quarterback Tom Kirinovic to end Randy Loynes. Loynes who is the fastest lineman on the team just out ran the Chesaning secondary. Dan Egbert's kick for the extra point was blocked and the score at the half was 6 to 6.

O-E kicked off to the Indians to start the second half and forced them to punt when they could not move the ball. On the punt, defensive end Rick Staples broke through and blocked the punt giving O-E a first down on the Chesaning 17 yard line. Five plays later, halfback Gary Groom crashed over left guard Frank Enos to pick up the TD. Enos opened up a good hole to let Groom go in standing up. Again the conversion attempt was no good.

O-E kicked off to Chesaning and on the first play from scrimmage and Gary Groom picked off a Chesaning pass at the 44 yard line and returned it to the Chesaning 20 yard line.

Three plays later the Marauders had a fourth and six yards for a first down on the sixteen yard line when quarterback Tom Kirinovic threw a touchdown pass to Rich McCreery to make the score 18 to 6. Egbert's kick was wide to the right for the extra point.

Chesaning put the ball in the air 22 times, completed 6

and had four intercepted. Two by Groom and one each by Rich McCreery and Randy Bowles.

Dan Egbert and Rob Nethaway led the team with 13 tackles each. Egbert was also awarded the best hit award by the coaches. Rick Staples was voted outstanding defensive player for the team as his blocked punt set up the winning TD. He also tackled the quarterback in the backfield 2 times for losses to stop Chesaning scoring drives. Staples had seven tackles before he left in the third quarter because of injuries.

Coach Mark O'Donnell, praised the whole team

especially the offense for cutting down on turnovers. O-E never fumbled the ball during the game.

O-E will travel to St Louis Friday night for a league showdown with undefeated St Louis who is ranked 6th in Class B. Last year O-E beat St Louis 40 to 6. O'Donnell stated that they haven't forgotten that defeat and they have been pointing to this game all season.

The O-E JV and Freshmen squads both lost to the Chesaning squads by identical scores of 8 to 6. The Freshmen will be at St Louis tonight and the Junior Varsity will be at home at 7:30 pm Thursday entertaining St Louis.

Holt humbles Redwings

ST JOHNS - Last Friday night the Redwings were blanked in front of the home fans by a good Holt Rams team 26-0. The score was not indicative of the contest as the Redwings committed numerous costly mistakes. The first Ram touchdown was scored when a Holt defensive lineman broke through the line and stole the ball from St Johns quarterback Jim Lynch and rambled 15 yards for the score. In the second quarter after a St Johns fumble, deep in their own end of the field, Holt quarterback Dan Briggs rolled to his right into the end zone for the score from 4 yards out. Both first half runs for the two point after touchdown failed and Holt went into the locker room with a 12-0 lead.

The second half proved to be a continuation of the nightmare as numerous Redwing misfortunes kept them in deep trouble. A kick off by Holt to start the second half struck a Redwing lineman and rebounded straight back to the waiting arms of a Holt Ram. Then a blocked punt by Vowel Vaughns of the Rams resulted in the 3rd Holt touchdown.

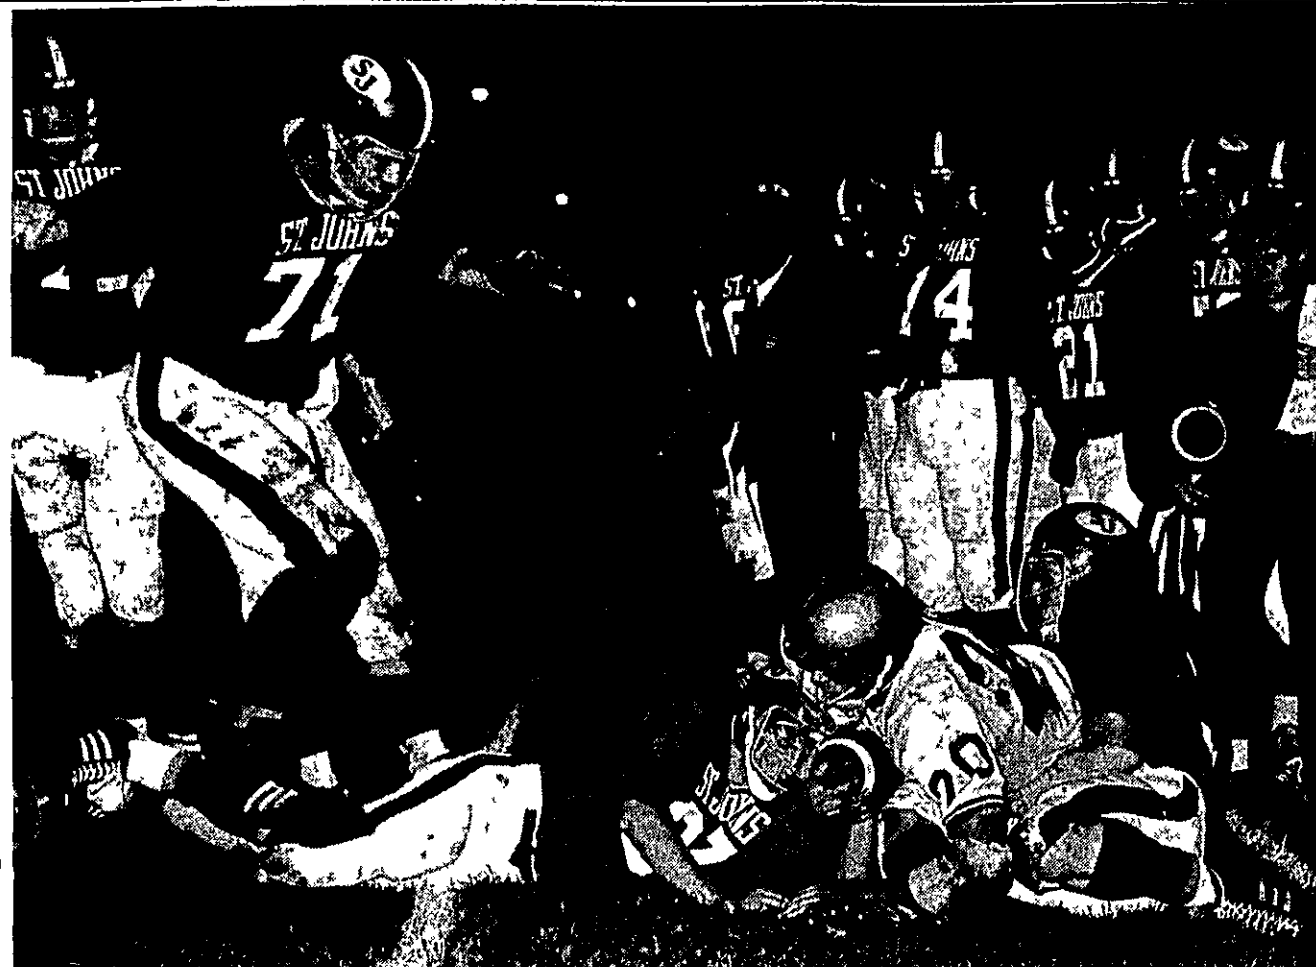

A St Johns fumble and two dropped passes from center on crucial fourth down situations kept the Redwings on defense the majority of the second half. Starting Holt tailback Jim Knivvila put the final points on the board when he leaped over the line from one yard out for the TD and then swept the left side

for the two points after. The final score read Holt 26, St Johns 0.

Rushing - Holt, 170 yds. St Johns, 70 yds; passing - 7/2-37 yds, 6/1-26 yds; fumbles - Holt-4, St Johns-5; first downs - Holt 13, St Johns 5; plays - Holt 58, St Johns 35.

Bruce Irish of St Johns was in on 22 tackles and recovered 1 fumble while Marvin Pettit did a commendable job at his linebacker position with 20 tackles.

Next week the Wings tangle with the Ionia Bulldogs in a home league contest. The Redwings are 1-0 in the league and both co-favorites for the title. Waverly and Grand Ledge have been beaten once.

Two St Johns defenders rack up a Holt ball carrier on the sidelines during Friday's game on the Redwings field. The Rams defeated St Johns 26-0 but Redwings defenders stubbornly yielded ground. Two Holt touchdowns were scored by the defense.

JVs demonstrate poise in 14-14 tie with Holt

HOLT - The St Johns junior varsity displayed a fine performance under pressure Thursday night at Holt in coming from behind to tie the Rams 14-14. "I was pleased that we were poised enough to come from behind and tie," commented Coach Al Werbish. "That's the mark of a good ball club."

points first on two quarterback option plays early in the game.

St Johns halfback Kalim Latimer then put his team on the scoreboard with a 21-yard touchdown run but the 2-point conversion attempt failed.

The Redwings defensive unit came out from halftime and held the home team scoreless for the remainder of the game. In the 3rd

period, St Johns tied the score on a 7-yard TD run by Danny Salazar and a pass from Brian Pertler to Ray Schneider for the 2-point conversion.

ST JOHNS END Ken Randolph set up Salazar's TD with an outstanding grab of a Pertler pass. Coach Werbish also cited Randolph for his "nice downfield blocking throughout the game."

Latimer led the Redwings ground attack with 97 yards rushing in 12 carries. Pertler hit on 3 of 4 passes for 17 yards. Catching passes for St Johns were ends Scott Smith, Ken Randolph and Ray Schneider. Singled out for fine defensive play were Jeff Thornton and Jim Moriarty. Each intercepted a pass and Thornton led the team in tackles with 14.

"Our pass defense was real good," said Werbish, "and I don't think they ever completed a pass."

ONE UNPLEASANT NOTE in the game was the injury to defensive halfback Bill Horman. According to Werbish, Horman broke his arm after being "sandwiched between 2 blockers while attempting a tackle." He is expected to be out for the season.

This week the Redwings junior varsity travels to Ionia Thursday night for a West Central Conference game.

Fowler continues streak

FOWLER - The Fowler Eagles extended their unblemished record to 3-0 Friday night as quarterback Scott Spicer passed for 2 touchdowns in a 13-0 win over Olivet.

Fowler remains in first place of the Central Michigan Athletic Conference race while Olivet drops to the cellar with an 0-3 mark.

Spicer's first scoring toss was a 14-yarder to Tony Thelen. Mel Pohl kicked the extra point. Pat Thelen was on the receiving end of Spicer's second pass as the

pair combined for a 25-yard scoring play. The kick was blocked.

Defense was also a major factor in Fowler's win. Coach Steve Spicer reported Olivet "had only 4 first downs all night and there never was a scoring threat". Cited for outstanding play on defense by their coach were tackle Dave Osborne and linebacker Rich Epkev.

Russ Noback and Pat Thelen each intercepted an Olivet pass.

Fowler logged 171 yards rushing and 141 in the air

while Olivet was held to 85 yards rushing and 35 passing. Spicer hit 9 of 14 passes and gained 45 yards

rushing in 8 carries. Larry Halfmann led the offense with 90 yards in 14 carries.

This week the Eagles travel to Laingsburg in an effort to win their fourth victory of the season.

ST. JOHNS

A very seldom buy at these Prices.

A THIRD TAILBACK, Dave Snider, also scored on a 3-yard plunge. The final TD came on a 26-yard pass play from second string quarterback Keith Haske to end Ken Barber. Haske completed 3 of 5 passes for 61 yards.

Starting quarterback Jim Knauf completed 3 of 7 passes for 68 yards while carrying the ball 4 times for 31 yards.

DePaepe had special praise for his offensive line and said "they controlled the line of scrimmage and gave the backs lots of running room". Members of the offensive line include ends Carl Bashore and Gary Whitford, tackles Peter Kurnez and Dan Whitmore, guards Bob and Curt Pettigrew and center Doug Beaufore.

THE ST JOHNS COACH noted the game's turning point was when "they had the ball on our 10-yard line with the score 14-0 and our defense pushed them back."

According to DePaepe, defensive standouts were nose guard Duane Haviland, linebacker Nick Pytlowanyj and safety Greg Hazle. Defensive highlights were recovered fumbles by Jeff Brasington and Paul Wood plus a pass interception by Eric Grost.

Offensive totals in the game for St Johns were 317 yards rushing and 129 yards passing.

THE FRESHMEN are now 2-1 for the season while their only loss to a strong Mt Pleasant squad. This week the Redwings host Ionia in a Thursday night contest.

Fowler News
Attending the Droste reunion at the Fowler Conservation Park Sunday Sept 24 were the children, grandchildren, great-grandchildren and great-great-grandchild of the late Peter and Emma Droste. A ham and potluck dinner was served at 1:45 to about 180. A variety of games were played and everyone young and old had an enjoyable afternoon and early evening.

To The Editor: Abortion is murder! Why do people think that just because these beings are so tiny they don't have the right to live simply to accommodate our selfish motives. The slayings of Hitler horrified the world and he was surely insane. Is that what today's society has slipped to - insanity? Sincerely, Dianne George

Clinton County News editor, Jim Edwards, left, and Harold Schmaltz, advertising director of the News, right, chat with Kurt Becker at the Chamber of Commerce coffee. The event was held last Wednesday with about 40 persons in attendance.

from VAN W. HOAG

Dear friends,

It deserves emphasis that the time, the place, the character of the funeral service, the merchandise used, the cemetery selected - these are decisions of the family of the deceased. The funeral director acts only as a representative of the family.

The clergyman should be consulted in matters that concern him before any decisions are made.

Respectfully,

Mrs Griffin visits Clinton County

By ANNETTE WHITE
Associate Editor

ST JOHNS — "My main role is being a homemaker and mother," says Marge Griffin, the petite Danish-American blonde who is the wife and enthusiastic campaigner of Michigan Senator Robert Griffin.

She quickly added that election years are different however. While the senator

is in Washington tending to the affairs of Congress she is acting as a "sounding board" for his views on the campaign trail.

Greeting Mrs Griffin when she came to St Johns last Wednesday were two longtime friends, Mrs Kurt Becker, a former sorority sister at Central Michigan University, and Mrs Fred Lewis, whose attorney husband attended the University of Michigan law

school with the Senator.

GRIFFIN, the Senate assistant minority leader opposes Democratic candidate Frank Kelley in the November election. He is seeking his second full term in office as a US Senator.

During her 3-hour stop here, she visited patients at the Jackson Nursing Home, Clinton Memorial Hospital and toured the downtown business area passing out a

cookbook compiled by she and the Senator. The cookbook, "Marge Griffin's Family Cookbook" goes along with a hand shake and a smile to each person she meets. The cookbook was conceived 6 years ago, she said when Time magazine reported that "Bob Griffin knew 55 ways to cook hamburger."

A gourmet chef, the Senator did much of the cooking while attending law school and his wife taught school at Slausen Junior High School in Ann Arbor.

It's obvious that Mrs Griffin enjoys political campaigning and having an aunt stay with the children allows her to be away most of the week. Tuesday thru Thursday she campaigns alone and during the weekend she hits the trails with her husband. "I have Mondays off to get my hair done" she quipped.

THE COUPLE divides their time between two homes, one in Bethesda and one at Long Lake in Traverse City. At home yet are son, Jim a high school senior and 11-year-old, daughter, Jill. The Griffins other sons are Paul, a recent graduate of Tufts University in Boston and Rick, who attends Western Michigan University in Kalamazoo with his wife, Chris.

At first concerned about the move from small town Traverse City to big city Washington, she felt her children may have difficulty to this new life. However both the Griffins soon learned that their children gained a great deal from their exposure to youngsters from varied backgrounds and nations.

Mrs Griffin works actively every Tuesday with other Senate wives for the Red Cross and takes constituents on tours of Washington when they visit the city. She states that some of her more memorable moments have been attending White House events and dining next to Golda Meir at an Embassy dinner. A former government teacher, she said watching the legislative process on Capitol Hill is of great interest to her.

Does the Senator ever seek her advice on political issues and do her views always coincide with his?

"HE VALUES my opinions," she responded "but I don't think any two people should agree on everything. That is if they are thinking people."

What is the most unusual question put to her during her trek through the state? With an expression of amusement she replied that

one lady asked her how she could stand living with a boa constrictor snake? The query was in reference to her son's unusual pet.

What was Mrs Griffin's reply? She simply told the questioner that "being a tolerant mother I simply learned to live with it." She also stated that the reptile was no longer a member of the Griffin household.

Mrs Griffin does not shy away from discussing controversial issues with the voters or press, when asked about her opinion on the drug situation among young people, she plunged right into a learned discussion of the subject.

"COLLEGE KIDS seem to be shying away from drugs and it's now reaching out to the younger children," she said. While praising the drug education programs currently conducted in schools and churches, Mrs Griffin stressed that the major responsibility still rests with parents.

"Youngsters must be informed about the hazards of taking drugs," the Senator's wife pointed out, "and parents play an important role in this task."

Mrs Griffin also commented that she favors the establishment of community drug crisis centers where youngsters faced with problems in this area can receive professional guidance.

On the abortion issue Mrs Griffin's view coincided with the Clinton County Republican Party. In their fall convention the party passed the resolution which recommended that the voters study the abortion issue carefully and "vote their conscience in November."

BEFORE SHE left for another round of hand shaking in Lansing, she lunched with Mrs Becker, Mrs Lewis, Mrs Virginia Zeeb, president of the Clinton County Republican Women and Mrs Liz Nobis, vice-chairman of the County Republican Executive Committee.

We Salute!

Mrs Barnum organizer of student trip

ST JOHNS — A six-week study-tour of Paris, Berlin, Warsaw, Moscow, Leningrad and London is now being organized for students for next summer, July 9 to Aug 16.

Mrs Beatrice Barnum has been appointed Counselor by the Foreign Language League for this Study-Tour. Mrs Barnum has been a teacher in St Johns Public Schools for 4 1/2 years and this will be her 4th summer as a Counselor in Europe for the League.

The Foreign Study League is the oldest and largest international high school in the world and is a subsidiary of Transamerica Corporation. Since 1964 more than 50,000 students have participated in the League's program.

The League charters jets, leases European dorms, schools and schedules trips and tours. The students spend 3 to 4 hours a day in the classroom learning about the area. The remainder of the day, evenings and weekends are filled with planned excursions, field trips and tours. There is also free time for shopping and sight seeing.

Next summer's tour includes 11 days each in Moscow and Leningrad. This

particular tour is very contact Mrs Beatrice Barnum and plane space fills num, 601 N Clinton Ave, St up quickly with students Johns or phone 224-2167. from all parts of the US.

If interested, it is important to enroll now. Any student between the age of 15 and 19 who has a desire for European culture, history and adventure is eligible. For further information,

Mrs Marge Griffin chats with Mrs Belle Gillison at the Jackson Nursing Home in St Johns, this week as she brought her husband's campaign to the Mid-Michigan area. Mrs. Gillison is looking over a cookbook that is part of the Griffin campaign literature.

Area students to learn about fire prevention

ST JOHNS — Next week hundreds of St Johns, Ovid-Elsie and DeWitt area small fry will join millions of others throughout the country in a high-pressure campaign to teach the facts of fire prevention.

Third and fourth graders will be encouraged to become Fire Prevention Week "pests" by the Hartford Insurance Group,

sponsors of the 25-year-old Junior Fire Marshall program of fire safety education. Young participants are instructed to enlist the aid of parents in inspecting their homes for fire hazards.

Junior Fire Marshal has been teaching fire prevention and safety to children since 1947, and is directly responsible for saving innumerable lives.

The Clinton County Insurance Agents Association is sponsoring the program in this area. Among the activities they have planned for the children are rides on fire trucks, classroom lessons and the distribution of materials to children in the third and fourth grades.

Each class will be asked to complete a home fire safety report and the school with the highest percentage of participation will be awarded a plaque.

"HE VALUES my opinions," she responded "but I don't think any two people should agree on everything. That is if they are thinking people."

What is the most unusual question put to her during her trek through the state? With an expression of amusement she replied that

Dan Beck's called Clinton County's Johnny Appleseed

By LEE PETERS
News Staff Writer

ST JOHNS -- He doesn't wear an iron skillet on his

head or carry a burlap bag over his shoulder and he's not lanky and lean.

But Dan Beck can still be nicknamed Clinton County's

Johnny Appleseed. As a lad, he planted an appleseed and watched it grow. His mom wanted to cut the tree down, but the young son convinced

her to let it grow to see what it would become. Now it's producing an apple similar to the Northern spy. His dream is to conduct research

to the study the 1 of its kind apple to determine what contributes to its good keeping quality.

The Greenbush Township fruit grower has continued to plant apple trees since he took over the family business 10 year ago. His latest specialty is 2 varieties of dwarf trees growing on 5 acres.

NINE YEARS AGO Beck planted the Imperial strain of double red delicious apples. "Agricultural experts admit they don't know if they're going to grow them commercially in this part of the county," Beck explains, "because the climate is cooler."

Beck, vice president of Beck & Hyde Farmarina Inc, says this variety must be grown in trellis similar to a grape arbor. "Otherwise," he adds, "they'll topple over. With the correct agriculture practice with a #9 root stock, approximately 1,500 bushel per acre can be the outcome." But Beck stresses that his, first harvested 4 years ago, are being grown strictly on an experimental basis.

The second type is the smoothie strain of Golden Delicious grown off Malling Merton root stock #106. According to Beck, the root stock controls the total tree height of 9 to 12 feet. This is the first harvest from these trees planted 4 years back. He says they're a great combination apple, good for cooking and eating.

"Ease of harvesting is better," Beck maintains referring to the dwarf trees. And it's much better for

It's "pick your own" time at Dan Beck's orchards 7 miles north of St Johns and 1/4 mile east at the Sunoco station on Maple Rapids Road. At their 60 acres, trees are loaded with apples as Dan and his wife Jeanette show.

Sen McGovern needs 'clarification'

Sen George McGovern now is reported to be considering a series of "fireside chats." These are supposed to "clarify" his views on amnesty and other disputed issues. We're for the idea. That is if McGovern can really decide where he does stand.

Some months back, McGovern backed a proposal for an automatic unconditional general amnesty for draft resisters, deserters and those who broke laws as anti-war protesters.

Later, he supported a program of unconditional amnesty for all who became draft evaders because of moral objections.

Still later he favored granting amnesty only after the Vietnam War is ended.

This, friends, is fuzzy stuff for a man who wants to be President.

Regarding bussing, McGovern said early this year that "bussing and redistricting as ordered by the federal courts are necessary prices we are paying for a century of segregation in our housing standards." He said this in denying he planned to take a stand against bussing.

The next time around it was this: "We're going to use bussing to break down the walls of segregation. We're going to try to create at least within the schools for a few hours a day the kind of society where humans treat each other as equals. And I think that is a concept worthy of our support."

When he got to Michigan, however, he tried to play down the issue and avoid talking about it.

His inconsistency early in the game was highlighted by his initial plan for giving everyone in this country \$1000 a year. This, he no longer mentions.

On taxation his idea is to impose heavier taxes on investment income and risk takers. At the same moment he shouts for creating more jobs for the poor and unemployed.

Every day this man makes new charges, calls names and engages in character assassination.

At least 3 times he has made comparisons between President Nixon and Adolf Hitler. This is startling even from a McGovern.

The man's problem as I watch him nightly on the tube is that he is in a state of panic. His basic difficulty is that he got the Democratic nomination by appealing to the New Left. Then he found out this was only a minority inside the party.

So he flits here and there trying to please both his New Left backers and the regular Democrats who have been deserting his cause.

Yes, he needs "clarification" of his view. But based on the record to date the "clarifications" are valid only for the time he pauses between breaths.

Power structures busy in Michigan

In his book "The Making of the President - 1960," author-television political authority Theodore White defined what it took to win the Democratic presidential nomination.

White broke the party power structure into: 1) The South; 2) Large labor unions; 3) Big City bosses; 4) Eastern money.

The successful nominee controlled 3 of the 4 elements, White asserted.

Power structures make interesting studies, particularly as they relate to current and future history. Citizens of Michigan should be aware that the struggle for who controls what in this state is underway in earnest and some extremely potent forces are being created. The voice of the little man, sad to say, well could be lost.

Though its influence and political organization may have lost glitter since death of Walter Reuther, at the top of the heap remains the United Auto Workers Union. Its national president Leonard Woodcock was mentioned as a potential Democratic Party vice presidential nominee. Michigan Democratic politics will continue under domination of the UAW and as other political forces emerge, it's hard to imagine the UAW won't once again pull itself together politically to fend off the newcomers.

Chief among the new arrivals, of course, is the Michigan Education Assn. Residents of this area are well aware of MEA activity since the organization pledged a portion of its war chest to an unsuccessful candidate for the 99th House District Republican nomination.

It is the MEA that sounds the battle cry and spells out reasons new political forces are emerging. Says its president, 34-year-old Terry Herndon:

"Some organizational interests tend to make out, others don't. And we for years didn't. We aspire to being a force of significant size so that all the other forces including labor will have to recognize us and deal with us."

Herndon's philosophy ultimately will lead others to the political wars in aggressive fashion. Big business is sure to unite more positively than in the past, and the Michigan Farm Bureau already has urged its membership to become more actively involved.

What all this means to the voter is he will be dished up a far greater amount of sophistication in future elections as high priced public relations, advertising agency and public opinion people challenge his intelligence. Though the MEA didn't win in our area this time around, future candidates who can survive without large-scale special interest backing likely will become scarce.

Questions about Social Security

Q: My cousin and I, who are both retired, worked full time for nearly 9 months of last year on a special project. My cousin got a notice telling him his monthly social security payment has gone up because of his earnings. I didn't get any kind of notice and my payments haven't increased. Should I do anything about this now?
A: You do not need to do anything at this time. The Social Security Ad-

ministration starts refiguring benefits about 6 months after the year following any additional earnings. Even though there is a continuous updating of records, the recomputations are processed in groups and continue for several months. If you are due an increase in payments, you should receive notice of it shortly. If you don't hear by the end of the year, you should get in touch with your social security office.

The kids didn't seem properly impressed when I told them their father had the widest PD the eye doctor had ever seen.

All my teenage daughter wanted to know was what kind of eyeglasses I would be wearing. I told her black horn-rims. She ran out of the room screaming that I would make her the laughing stock of the whole school.

For gosh sakes. I thought horn-rimmed glasses were the sharpest, particularly with a brushcut. I think an actor named Russell Nye started it in an Ethel Merman play called "Call Me Madam". A guy in horn-rims looks like he could take them off and hold them jauntily in one hand while scoring touchdowns and ravishing women with the other hand. This is a big improvement over the old image of a mousy professor in wire-rimmed glasses who wore galoshes and flinched at females.

But now my daughter assures me wire-rims are THE thing. Only an oaf would wear horn-rims.

"Why is that?" I asked her.
"Because wires are cool," she explained. Certainly, I should have known that.

But I'm so dumb, I thought the guys who sell glasses had taken a tip from the guys who sell long skirts and skinny lapels on Tuesday and then on Wednesday elect Susie Shortskirt and Frank Fatlapels the best dressed God and Goddess in the world.

"When the layered look comes to optometry, it will probably be fashionable to look at the world through the bottom of milk bottles," I told my daughter who was wearing a sleeveless sweater over her raincoat.

A PERSONAL LOOK AT THE NEWS

Between the lines

with Jim Edwards

It was bound to happen . . . and it has. Detroit's professional sports broadcasting teams seem to have been caught up in the "laugh-a-minute, let's yuk it up" style so popular currently with television's news, weather and sports staffs.

At least, it seemed that way one evening last week as I happened to tune into a Tiger baseball game on the car radio. Because of the Detroit Tiger announcing staff's rigid resistance in giving the score any other time than between innings, I took it for granted "we" were winning. The reason—all the "jab in the ribs, git it?" joking by the announcing team. But, it wasn't until the 8th and 9th innings, I discovered, later, that the Tigers were behind.

Then, during the Detroit Lions game Sunday, the same "let's make it funny" attitude prevailed. Of course, the Lions had scored every time they had the ball at that time, so it wasn't so bad.

I just wonder if the team owners haven't suggested to the announcers they take on the same kidding game used by newscasters as they introduce the evil weatherman or woeful sportscaster announcing his team's defeat. Of course the Cosell-Meredith image may also be appealing, rating-wise to the management of the stations carrying Tigers or Lions games.

If it keeps on, it could turn into something like this:

"Hi, Harry, how'sitgoing? What clever dummies you got for the listeners today."
"Oh, boy, Oh boy, O boy. I've got some winners this afternoon. Listen to this -- 'Fans, while there's a time out on the field, I

thought I'd pass on this little morsel I picked up in the locker room, just before the opening kickoff. It seems Rocky Rockhead couldn't remember the plays, so he had the trainer write em in his helmet. Just wait until he remembers he can't read!"

"Haw, haw, haw. Oh, goodness, Harry, that's a winner. Hey, I've got one too. . . tell me whatcha think of this? You see, Mudville's got a linebacker named Juan Aul. I'll say something like this -- 'Aul is outstanding player, but you'll have to say this -- when you've seen Juan, you've seen him Aul.'" "Yeeech. That's rotten. You've got a real loser there."

"Then, I guess you'd say 'Aul is lost'."
"Hey, we're ready to go on the air with the kickoff. Why don't you take the play-by-play for the kick?"

"It's a high, end-over-end kick coming down to Fleet Foot. Oooh, he's clobbered by 3 charging defensive men. One of them is giving him a hand back to his feet. That's what you call 'handing it to a Foot'. Hey, that wasn't bad was it Harry?"

"It stunk, but what can you expect from a foot joke? Heh, heh."

"Harry, the big brass is coming into the booth. I wonder what they want."

"Alright, guys, we're going to give up on the personal, funny, 'ha-ha' stuff. It's just not working with those rotten jokes."

"Well, what's the matter with them, anyway? We've only been on the air for a few minutes. Give it a chance."

"Naw, we're giving it up. But, don't feel bad. If you guys are willing to put on dresses, you've been hired to do the weather on Channel 6."

View from the Senate

By SEN. WILLIAM S. BALLENGER

Announcement that a Michigan Police Hall of Fame would be built in Flint to honor policemen who have died in the line of duty and acts of heroism comes just when Michigan residents are still in a state of shock over the murder of a veteran Michigan conservation officer in the Upper Peninsula.

The murder of Conservation Officer Gerald Welling of Hermansville, a 32-year veteran in the State Department of Natural Resources, brings to at least four the number of dedicated game protectors who have been slain in the line of duty.

Welling was run over by two men in a pickup truck, carrying a snowplow apparatus on the front when he attempted to stop two poachers, one of whom he had arrested twice previously.

Thus, the name of Officer Welling goes down in the annals of the Department -- along with Arvid Erickson, Emil Skogland and Andrew Schmeltz -- as men who have given their lives to save Michigan's wildlife.

Officers Erickson and Skogland were slain in 1926 by an ex-convict, who cut up

their bodies, put them in sacks and dumped them into Lake Superior off an ore dock in Marquette.

Officer Schmeltz was killed in 1936 by a poacher, who put 70 sticks of dynamite under his body and blew it to pieces. Poachers play rough.

Several other officers have

been seriously wounded in other attacks.

Word from Flint did not mention whether conservation officers would be included in those honored in the Police Hall of Fame, but it's hoped that room can be made for these dedicated servants of the people of Michigan.

MTU student in ed co-op program

HOUGHTON, Mich. — Craig A. Puetz is among the 26 engineering students who are participating in the earning-while-learning cooperative education program of Michigan Technological University's College of Engineering.

Puetz, a sophomore mechanical engineering major, is spending the fall quarter on the job with Saginaw Steering Gear. He is the son of Mr. and Mrs. Leonard Puetz of 109 South Scott Road, St. Johns.

The program enables students to gain insight into

their vocational choices so that they can more readily decide where their actual job interests lie, explained Dr. James A. Kent, dean of the College of Engineering. Each work assignment gives the student the opportunity to apply what he has learned in the classroom and provides him with insights and motivation to learn more.

Also important is the financial opportunity which is not available in most college programs. The co-op program began in 1969 and now has more than 70 sponsoring industries.

How to survive a heart attack

Do you know that heart attacks strike more than one million Americans each year?

And do you know that more and more they tend to be relatively young men in their early forties?

SINGTREND

A recent pamphlet mailed to physicians by the American Heart Association states that the trend for heart attacks among younger men had been rising steadily for the last two decades.

For men between 25 and 44, the coronary death rate has gone up 14 per cent.

The number of people between 45 and 64 who actually die of the disease has risen 4 per cent.

It is still true that heart attacks predominantly strike the elderly.

But 176,000 of the 675,000 Americans who will die from coronaries this year will be under 65. Their cases, public health officials tell us, are best called "premature" heart disease. Many could be saved, if they knew what to do when stricken.

INDUSTRIAL SOCIETY

Once considered an inevitable consequence of growing old, heart disease emerged as a national epidemic early in this century.

The epidemic increased in ferocity, as control of such major disease killers as diphtheria and pneumonia extended the life span of the average American into the coronary-prone age ranges.

But that is only part of the story.

The transition from a predominantly rural to an affluent urban culture has also changed the average American's life style.

Four hallmarks of it are a rich diet, sedentary living, cigarette smoking and a good deal of emotional tension.

"Just as TB was the prevalent disease in a young industrial society," says a well-known cardiologist, "the disease of a mature industrial society is coronary disease."

EARLY SYMPTOMS

Thousands of men die unnecessarily, or risk death, because they are unable to recognize the early symptoms of a heart attack.

Some are even psychologically unwilling to face up to the possibility that they may have suffered a coronary.

Without becoming a nervous wreck from unnecessary worry, men after the age of 40 should heed

warnings such as prolonged, heavy pressure or squeezing pain in the center of the chest, behind the breastbone.

Sometimes the pain spreads to the shoulder, arm, neck or jaw.

Pain or discomfort is often accompanied by sweating, Nausea, vomiting and shortness of breath may also occur.

THE OUNCE OF PREVENTION

Many more lives could be saved if people acted immediately whenever symptoms of a possible heart attack appear.

Minutes count; waiting is dangerous.

Anybody in this situation should call the doctor right away and describe the symptoms. If the doctor is not immediately available, have somebody take the person to an emergency room at once.

The pamphlet "Heart Attack" can be obtained by writing to the local chapter of the Michigan Heart Association, 200 Mill Street, Lansing, Michigan 48933.

Bruce Chalmers of Campbelltown, Australia, was a recent weekend guest of Dr and Mrs E M Slagh in executive in an Australian factory that produces auto axles and pistons for large American car companies is making an official tour of several plants and this is his fourth business trip to the United States.

Friday evening, Charles Olson, son-in-law of the Slaghs took Chalmers on a tour of the Sealed Power Corp. in St Johns. He was very impressed by their large operation and remarked that it was one of the cleanest and most efficient of any he had inspected, in various places around the world.

Chalmers was high in praise of the friendly and cooperative spirit which he encountered in touring American plants.

On Saturday, they accompanied Russell Bouck on a fishing trip to Higgins Lake where they were joined by Frank Bernath and also fished at Houghton Lake. The total two days catch produced three 4-inch perch and they were caught by Bouck.

Chalmers left here Monday for tours in the Detroit area and will return to Australia after Indiana and Texas inspection tours.

One of Chalmers' children attends Campbelltown High School where Michael Slagh is teaching history and geography. Through his invitation, Chalmers visited his parents here.

He said young Slagh is planning an African Safari following the completion of his teaching duties. The Safari will take the group from one end of Africa to the other and Mike will then go on to England before returning home to Elsie.

Mr and Mrs Jack Loynes of Elsie are both teaching school in Australia and living in Sidney, just 30 miles from Mike Slagh.

Beginning Oct 7, the First Baptist Church of Elsie will have Sunday School at 10 am and the church service at 11 am. All other services remain the same.

Leroy E Winans, a native of Elsie, now living in

Shreveport, La, was recently named plant manager for the Shreveport facility now owned by Gould, Inc.

Winans was transferred to the Shreveport plant when it was under Ford ownership in 1968, from Ford's Owosso battery plant. He has held the position of general foreman of production and superintendent while serving with Ford in Shreveport.

He began his "battery career" with Auto-Lite in 1955 in Owosso and when Ford purchased Auto-Lite in 1961 was assigned to the Auto-Lite division of Ford.

As plant manager, Winans will assume complete responsibility for operations of the Shreveport plant, which now produces 6,500 batteries a day for both original equipment and replacement markets. The plant runs two shifts and has the capacity to increase production to 9,000 batteries a day.

The Automobile Battery Division operates 111 manufacturing plants nationwide and is one of the nations largest producers.

Winans, son of Mr and Mrs Carl Winans of Elsie and a 1953 graduate of Elsie High School attended the General Motors Institute for management in Flint. The Ford Motor Company sponsored him at the GM Institute.

He is married to the former Shirley Kral of Bannister and has four children. They reside at 2037 Pitch Pine Rd, Shreveport, La. He was baseball coach in the summer recreation SPAR league this past summer, instructing a Junior A team for Brookwood-Southern Hills Athletic Association.

Unique ideas for contemporary fabrics

Everyday, or so it seems, the contemporary seamstress finds new sewing products in the market.

Among these is a "new breed" of fabrics which make sewing at home more exciting and more demanding. Fake fur, velvet, leather, and vinyl rank among those fabrics which require special attention.

The County Extension Service of Gratiot, Clinton and Shiawassee Counties is sponsoring a workshop designed to help the home seamstress with sewing on these four contemporary fabrics. Miss Karen Alves, Educational Representative for Unique Zipper Company, will be the guest speaker.

Three programs are scheduled for your convenience so select the one best for you. They are Tuesday, Oct 10, 1:30 pm in the Commercial National Bank in Ithaca; Wednesday, Oct 11, 7:30 pm in Smith Hall, Fairgrounds, St Johns; and Thursday, Oct 12, 1:30 pm in the Casino, McCurdy Park, Corunna.

Miss Alves will teach basic sewing techniques for leather, vinyl, fake fur, and velvet and will include easy practice project suggestions for each fabric. She will tell you how to choose the right pattern and the right equipment and how to adjust your sewing machine.

She will give you construction hints and show you how to install the Unique Invisible Zipper. Following the workshop, everyone will have the opportunity to ask questions about sewing.

Each woman who attends the program will be given a booklet on Unique Invisible Zippers and a special pamphlet on working with contemporary fabrics. It contains project patterns and instructions. This would

be a worthwhile, and rewarding way to spend an afternoon or evening, so mark it on your calendar now. There is no charge and the program is open to all interested women.

Miss Karen Alves is an Educational Representative in the mid-Eastern United States for Unique Zipper Company. She received her B.S. in Textiles, Clothing and Fashion Design from the University of Texas at Austin. A specialist in clothing techniques and fashion trends, Miss Alves loves to sew and makes her entire wardrobe.

Traveling from her home in Cleveland, Ohio to cities and towns throughout her area, Miss Alves speaks to women who sew. In fabric and department stores, she demonstrates everything one needs to know about installing the Unique Invisible Zipper in all kinds of fabric. At home economics teacher meetings, she serves as a resource person giving consumer information on Unique products and ideas for visual aids.

She is often requested to be guest speaker at county extension meetings, conducting sewing workshops. Giving programs to adult education, college and high school clothing classes is another facet of her career.

The Extension Service feels fortunate to have this talented young woman present an educational program in Ithaca, St Johns and Corunna, Oct 10, 11 and 12.

'Johnny Appleseed'

Gamaliel Ariaz of St Johns is just 1 of the pickers at the Beck orchard, where both standard and dwarf varieties are grown.

(Cont. from page 1 B)
"pick your own", especially for his 4 youngsters who enjoy helping. His big decision now is whether to plant more.

THERE'S 60 acres of apples on the 80-acre Beck Farm 7 miles north of St Johns and 1/4 mile east at the Sunoco station on Maple Rapids Road.

Pick your own has already started at the orchards but Beck discloses a mild frost will improve the quality of apples. Standard varieties to choose from include McIntosh and Cortland now in season followed by Red and Golden Delicious and finishing up with Jonathans. The season has been known to continue until Nov 5 in a better year of which '72 is one.

Beck and his wife Jeanette employ a crew of 10 to 12 pickers during harvest season. Apples are loaded into 18 bushel wooden boxes. These can be stacked 6 high in a storage room kept at 32 degrees adding up to a 5,000 bushel capacity.

Fresh fruit will be packed and sold to Blue Goose Fruit Sales, a national sales organization. Processing varieties will be purchased by the Morgan-McCool Co of Traverse City. They are earmarked for apple sauce, juice and apple slices. At least 20% of the crop will be marketed at Beck's Farm Market on US-27 at Hyde Road.

BECKS, who also grow squash, tomatoes, cucumbers, melons and cherries, say now's the time to buy apples. Open from sunup to sundown, families can go out on weekends and are invited to bring a picnic.

4-H'ers of the Bengal Community Club are observing National 4-H Week Oct 1-7. Going over the 4-H Pledge are from left, Kelly Eaton, 12, Jeff Rice, 11, Diane Vitek, 15, James Thelen, 10, and Gary Schafer, 13. Club members total 46 with 10 leaders.

A new day - a new way

ST. JOHNS - National 4-H Week's theme "A New Day - A New Way" encourages 4-H'ers, their leaders and friends to strive even harder to make the 4-H program relate to the needs of young people today.

In Clinton County during the Oct 1-7 observance, 1,470 members will reaffirm the principles 4-H has stood for and they'll look to see where 4-H is headed in the future. This number includes 515 boys and 955 girls, with 692 farm and 778 coming from rural non-farms, villages and cities.

Leaders of the 94 Clinton Clubs, according to John Alysworth, extension 4-H

youth agent, include 243 women and 88 men. Popular projects are clothing and knitting with an enrollment of 908 girls and 8 boys. Foods and nutrition has been selected by 288 girls and 65 boys. Some 251 4-H'ers are enrolled in horticulture, followed by horses 194 and handicraft 174.

All in all, says Alysworth, there are 100 different projects open to young people age 10 to 18. They must reach their 10th birthday Sept 30 but must not have passed their 18th birthday by Sept 30.

Clinton is the only county in Michigan working with leader dogs for the blind.

Thirty-six 4-H'ers are training dogs to be sent to the Leader Dog School in Rochester. Other new projects are snowmobiles, ceramics, bicycling and creative arts.

A number of clubs are putting on exhibits at schools and local businesses promoting 4-H activities and national 4-H week. Most recent is a display at the Clinton National Bank of Thursday night's mammoth pumpkin and giant sunflower contest.

Local and state 4-H activities include Share the Fun, public speaking, interstate exchange trips, national citizenship 4-H

delegate, spring achievement, county fair, gun safety competition, food tours and style shows. Others are county trips awards to Snow Camp, Detroit Trip, Yankee Springs, Barry County with a state youth week and a Toronto trip. Highlights of the 4-H year locally include youth exploration days, softball league playoffs and horse shows.

A new innovation is the extension office working with Fowler and St Johns junior high science students with a series of 6 half hour programs dealing with the molecular age.

"We'd like to organize new clubs where 5 or more members are interested with adult supervision," states Alysworth. Local clubs can form their own program and elect officers and in doing so learn parliamentary procedure." If you want to join call the extension office," he explains.

"Have fun and learn skills with kids your own age," challenges Alysworth. Young people want to be involved in making decision that affect their lives. They want to be able to play an important role in making this country a better place to live.

4-H gives young people that opportunity-to help solve the problems of today-to make the best better.

1973 Dodges offer much quieter ride

Silence is golden for the intermediate-size 1973 Dodge Charger and Coronet. Redesigned suspension pieces, sound deadeners and additional noise insulation material are standard equipment for all models. "Our primary interest has been to design a quiet vehicle that can be compared favorably with larger, more expensive, standard-size models," said Richard D. McLaughlin, general sales manager of Dodge Division.

"The 1973 Coronets and Chargers not only have an attractive appearance, but offer a higher sense of luxury and comfort and incorporate the Torsion Quiet ride advancements similar to those on the standard-size Dodges. Our engineers gave maximum attention to Charger S.E. and the new entry will play a major part in refining the performance-oriented image Charger has enjoyed since its inception," McLaughlin said.

New styling lines on body sides, fenders and window openings, as well as higher levels of interior exterior ornamentation add to this more refined image.

MODELS AND POWERPLANTS For 1973, Charger and Coronet models continue their unique split-wheelbase individual styling market approach. The two-door coupe and hardtop Chargers are built on a 115-inch wheelbase. The four-door sedan and two and three seat station wagon Coronets are built on a 118-inch wheelbase.

Both a 225-cubic inch Slant Six engine and 318 CID V-8 will be offered as standard on the two-door Charger coupe and Charger models as well as the Coronet and Coronet Custom sedan models. The top-of-the-line Charger S.E. and all Coronet station wagons have the 318 CID V-8 standard.

OPTIONAL POWERPLANTS for Charger, coupe and Charger models include the "performance-oriented" 340 V-8 available only with the Rallye package. All Dodge intermediates have the 400 CID two-barrel engine.

The WSSC of the Eagle Methodist Church will serve dinner at 12 noon in the dining room in the basement of the church Oct. 3. At the dinner the Golden Tears ladies will be guest of honor. The public is invited to attend.

Chevrolet restyles pickups for 1973

Chevrolet, which sells more cars and trucks than any other manufacturer in the world, in 1973 will offer three product lines that are completely new from the ground up.

IN THE MODEL year that just ended, Chevrolet broke its all-time past sales record. Along the way new sales records were established for the Corvete, the Monte Carlo, the Caprice, the Nova, and the Vega, which gives some idea of the breadth of Chevrolet's current sales strength.

"The addition of an improved product and improved service to the momentum built in the past year should guarantee a super year for Chevrolet in 1973," he concluded.

THE 1973 Chevrolet passenger cars and trucks are scheduled for public introduction on Thursday, September 21.

All told, Chevrolet will offer 47 passenger car models in '73, eight more than in the previous year.

The new Monte Carlo, one of the industry's strongest candidates for Car of the Year honors, has outstanding handling and roadability characteristics.

From its improved, resistant bumper and new roofline to its sculpted taillights, the Monte Carlo has redesigned interiors, instrument panel and steering wheel.

ALSO NEW is an acoustically-engineered double-panel roof while a power-operated all-metal sliding roof is optional.

Another customer-plus is a new 22-gallon fuel tank. The full-size standard Chevrolet, the industry's top selling car, offers a new luxury series, the top-of-the-line Caprice Classic.

The Classic sports a convertible model for the first time along with two and four-door hardtops and a four-door sedan.

Also offered are two and three-seat Caprice Estate wagons which have a 125-inch wheelbase and the popular Glide-Away tailgate.

NEW STATION WAGON names in 1973 are keyed to comparable Chevrolet series. Thus the former Kingswood becomes the Impala wagon and the Bel Air replaces the former Brookwood station wagon in the Chevrolet lineup.

Both Nova and Camaro have new model entries in 1973.

The Nova hatchback coupe features a lift-away deck and six-feet of flat floor when the rear seat is in a downward position. Utility is the hallmark of this remarkably-handling family car either for in-town shopping or for country cruising or camping.

The newest member of the Camaro family is the Camaro Type LT coupe, a luxury touring model which has a 145-horsepower, Turbo-Fire 350 cubic inch engine.

NEW STYLING and handling highlight, too, Chevrolet for 1973 along with the introduction into the line of the Colonnade hardtop design. The Chevelle is offered in three series, a top-of-the-line luxury Laguna, popular Malibu and a new base deluxe model.

In addition, the SS option is available on Malibu Colonnade hardtop coupes and Malibu station wagons.

Wheelbases for the Chevelle include 112-inch for coupes, and 116-inch for sedans.

At the same time, new names adorn Chevrolet's wagon line-up including the Laguna Estate and Laguna; Malibu Estate and Malibu; and Deluxe.

TWO AND three-seat wagons are offered in all Chevrolet series.

A new, improved Vega offers eight new exterior colors, exclusive to this car line. Four Vega models are the hatchback coupe, notchback coupe, Kammerck wagon and panel express truck.

America's only production sports car, the Corvette, features evolutionary changes which include a resistant front bumper, side guard beams, slide-away windshield wipers, a new air induction system for the engine, steel-belted radial ply tires and a new Turbo-Fire 64-cubic-inch V-8 power plant.

CHEVROLET in 1973 offers a wide variety of new colors. Availability includes 16 paints and seven extra-coat vinyl tops.

All paint and top colors except black (new for the Chevrolet) and white are new. Fifty-three color combinations are obtainable with the new paint and vinyl top offerings.

Where are your kids tonight?

Curfew law helps control loitering, but downtown is still hangout

By LEE PETERS
News Staff Writer

ST JOHNS — Tom is 16. He walked downtown last night because he didn't have anything else to do. His teenage friends were sitting on curbs and in business doorways so Tom joined them. He was still walking the streets when a police officer approached him at 8:30 the following morning.

This problem is one many small towns across the country are facing. And now it's an every night scene on the middle block of St Johns' business district.

The Clinton Avenue hangout has been a popular spot for local youth for the past 3 years. With an increasing drug problem more complaints are being made. St Johns teens say there's no place to go. Businessmen don't want gangs loitering in front of their stores and citizens don't like the general appearance. So the problem's been dropped in the laps of the St Johns Police Department.

"WE'RE RIGHT IN the middle," admits Sgt Lyle French, a 16-year SJPd veteran. "The kids think we're harassing them and merchants and citizens don't think we're doing enough," he replied when confronted with the question.

"Most of the complaints from passersby," he brings out, "are profane language and disregard for other people's property. Often they run out in the street and sometimes they run out in front of cars to see if they'll stop." Sgt French thinks Friday and Saturday nights are worse, but that added it's happening every night.

"Basically it's the same group of kids over there," says Sgt French who has even observed young marrieds with babies. "They say there's nothing to do but if they'd get involved in school activities such as band and sports they wouldn't have this free time on their hands," he adds. "When they say there's nothing to do my answer is you've got too much free time," he points out. They want to be out and this way it doesn't cost them anything, he thinks.

A MAJOR PROBLEM is littering of candy bar wrappers, pop cans and even broken bottles. "We've found parking meters they've fooled around with," Sgt French relates, "and a couple have come up missing. If we ever catch them tampering with parking meters it's a misdemeanor punishable by up to \$100 and up to 90 days, 1 or both." He also cited a broken plate glass window.

"The drug problem is still there," the longtime law enforcement officer openly admits, "but they're being more careful where they pop pills and smoke grass." He continues. "Under 18

smoking is still illegal but a law like any other—it's almost impossible to enforce. It's no problem to get cigarettes from vending machines." Now that 18 is the legal age for drinking, he stresses, we are having less of a problem with alcohol as far as minors go.

"AS A RULE if you go down there and say hey quiet down they'll do it," he says. "Basically the kids are cooperating and as a whole we have a good bunch of kids," he asserts, but he advises, if they're in a group of 10, 15 or 20 and an officer comes up and requests them to move on and they don't they can be arrested for failing to obey a police officer.

"With labor laws such as they are," the St Johns father maintains, "it's hard for them to get a job and then there's some that don't want to work." His answer is a properly run teen center. But the problem, according to Sgt French, is the kids want to run it all themselves without any adult supervision. He speaks from an experience he had with the unsuccessful teen hangout, "Our House."

IN THIS DAY AND AGE, he continues, adult and parental supervision must play a part. . . but it doesn't. "Too many parents figure they're better off when their child's out of the house," he has learned. "I've also heard parents complain they can't do anything for them anyway."

Sgt. Lyle French walks down Clinton Avenue, the downtown business district with St Johns Mayor Robert Wood.

And area parents can be held responsible under the local curfew law passed by the Michigan legislature in 1969. Children under 12 must be off the streets between 10 pm and 6 am and the law for those under 16 is midnight to 6 am. This is a must unless the child is accompanied by a parent or guardian or other adult designated by parent or guardian. The curfew law relates to public streets, highways, alleys or parks. "It's a tool we can use," replied Sgt French. "We stop a group of kids in a car riding around. If they've got a 12-year-old in the car we can say it's best you head for home." The department has taken action on curfew violations. Children flagrantly violating can be taken to probate court after a petition is signed. Depending on their background, punishment could be a lecture from the judge or probation. "And," Sgt French concludes, "we take them home to make sure they get there and have a discussion with their parents."

***The opening hour for hunting any bird or animal, state-wide, on Oct. 6 is 10:00 a.m., EST, and on Oct. 20, in Lower Peninsula, 10:00 a.m., EST.

1972 MICH. DEPT. NAT. RES.

Except for woodcock, which may be hunted from sunrise to sunset, the shooting timetable above covers all migratory birds in Michigan for the 1972 season. It brackets hunting hours on a Monday-through-Sunday basis to avoid confusion that might be created if the timetable shifted hours in the middle of weekends. The shooting hours were also set on a weekly basis to reduce the loss of hunting time to a minimum. As in recent years, the shooting schedule divides the state into 2 areas--the entire Lower Peninsula and eastern part of the Upper Peninsula, and the western Upper Peninsula. Hunters are urged to check the 1972 Michigan Waterfowl Hunting Guide for a detailed description of the timetable's dividing line between the eastern and western Upper Peninsula.

Al Mitchell has returned from five days of sailing and fishing on Lake Ontario. He was selected as one of the top ten agents of the Flint General Agency of the Northwestern Mutual Life Insurance Co. for this outing. Also the first two days he won first prize for the biggest Northern Pike and brought one home for proof.

Patrick Foran entered Ingham Medical Hospital Wednesday where he underwent major surgery. He will be confined there for several days.

The 30 people of this area, their wives and husbands, who spent a week's vacation golfing at the Gulf Hills Country Club and Dude Ranch at Ocean Springs, Mississippi last March had a reunion at the North Star Country Club last Saturday.

Following an afternoon of golfing and visiting, they enjoyed a steak fry on the patio and a potluck supper, with the assistance of Adrian and Mary Cook, owners of the Golf Course.

There will be an Elsie Area ambulance first aid training session at E E Knight Elementary School Tuesday evening from 7 to 9 pm, Oct 10. It is open to the public. Volunteers are needed and there will be two sessions per week.
