**BOARD OF DIRECTORS OF CLINTON COUNTY COUNTRY CLUB**

Board of directors of the Clinton County Country Club for the coming year includes, left to right, (standing) Kenneth Penix Sr., vice president, Bernard Conklin and Tony Tiedt; and (seated) Ralph Lynam, Paul Schueller, secretary-treasurer, Lester H. Lake and president B.A. Deibert. Missing from the picture is Ed MacLuckie. Story on Page A-4.

## PP & K contest Saturday

The thud of toe against football and the shouts of youngsters will echo from every corner of the athletic field at the city park this Saturday evening when up to 250 boys are expected for the third annual Punt, Pass and Kick competition.

The youngsters will be divided into six age groups between 8 and 13, and each boy will compete with others in his age group for points in accuracy and distance of punting, passing and kicking. There is no body contact in the competition.

PUNT, PASS and Kick is sponsored nationally by the Ford Motor Co. and locally by Egan Ford Sales, Inc., of St. Johns. Bill Swears, high school teacher and basketball coach, is competition director for Egan's, and Gene Downing is PP&K chairman for the co-sponsoring St. Johns Jaycees.

Bruce Fowler of Egan Ford Sales said Monday 158 boys have returned application blanks, and another 100 are still out. In addition between 30 and 40 boys are expected to come from Westphalia and 15 to 20 from Fowler.

Saturday night's competition — with handsome Olympic style medals for first-, second- and third-place winners in each age group — will begin at 8:30 p.m. on the athletic field. Parents, brothers and sisters and other interested parties are invited to attend to watch the boys demonstrate their abilities.

SCORING WILL BE done on a point basis. Each boy's punt, pass and kick will be measured for distance in feet, and one point will be subtracted for each foot the ball lands away from a center line. Thus, the object is not only distance but accuracy.

Local winners will be compared with others in this Ford zone, and winners of that competition will compete in a series of district, area and national contests.

High school football coaches Bill Smiley, Frank Rosengren and Doug Japiga will supervise the starting line for the boys, the point from which they'll punt, pass and kick. Jaycees working downfield on the measurements will be Jack Downing, Roger Feeman, Shane Smith, Bruce Woodbury, Mart Livingston and Rod Brown. High school boys will also help with downfield activities.

AT THE SCORERS' table will

This Saturday night is St. Johns' annual Punt, Pass and Kick competition and these four participants, all students at Central School, are serving as a reminder of it to about 250 boys expected to be signed up by then. Left to right are Glenn Berkhausen, 12, Mark Jones, 10, Randy Wickham, 12, and John Wheeler, 12.

Two Clinton County supervisors presided at the District 6 supervisors meeting in St. Johns last Wednesday. Maurice Gove (right) is president of the district group and Willard Krebel is secretary. Additional picture on Page A-3.

## 65 supervisors attend meet here

Sixty-five supervisors from seven central Michigan counties attended the fall quarterly convention of the District 6 Supervisors last Wednesday at Smith Hall in St. Johns.

Their program included speakers, dinner served by the

## Water now chlorinated

St. Johns water users are now getting chlorinated water.

City Manager Ken Greer said the start-up of the water treatment plant is going normally, which is slow. This is because of the tremendous amount of electrical circuits that must work in harmony. Lots of fuses have been blown, but slowly technicians are getting everything in the proper sequence.

More engineers were due to start their phases of the operation this Wednesday, and Greer said water customers should be getting fully treated water within two weeks. Right now it is chlorinated. All phases of the water plant operation should be in motion by Oct. 17, and likely before then.

Bengal EUB Church ladies, and local entertainment. Maurice Gove, Birmingham Township supervisor, is serving as president of the district supervisors group this year, and Willard Krebel, Riley supervisor, is beginning his third term as secretary.

MORNING SPEAKERS included Tobey David and Horace Bradshaw of the State Department of Licensing and Regulations. During the afternoon James Hall of the East Michigan Tourist Assn. spoke, and Richard Hadfield of the State Health Department commented on solid waste disposal and dumps.

The Wilsons of Rodney B. Wilson High School provided musical entertainment at noon, and Doris Cramer of the St. Johns First Nighters, gave two humorous readings.

The attendance plaque for the meeting was awarded to supervisors from Shiawassee County for having the largest percentage of their board members present. The next district meeting will be held in Shiawassee County Dec. 7.

District 6 includes the counties of Clinton, Shiawassee, Livingston, Ingham, Eaton, Gratiot, and Saginaw. District meetings are held every three months.

## Catholics plan census in parish

Volunteer workers are preparing for a census at St. Joseph parish in St. Johns, and Fr. William Hankerd is looking for 135 volunteers to handle the parish assignment scheduled for Census Sunday, Oct. 23.

As estimated 20,000 volunteer workers in more than 100 Catholic parishes of the Lansing Diocese will attempt to visit every residence in the 15-county area. While every home will be visited, the canvasser will solicit information only where baptized Catholics reside, Father Hankerd said.

THE CANVASSER will complete the statistical census form which includes 40 questions. In addition, the canvasser will leave an opinion survey questionnaire for Catholics 18 and over in each dwelling. The opinion survey will be completed by the adult in the privacy of the home

BEAN HARVEST CAN BE A BIG OPERATION AROUND COUNTY

Clinton County farmers are finishing up their 1966 bean harvests this week with varying degrees of success. George McQueen, Extension agricultural agent, described this year's crop as average overall, with individual yields from poor to good. The average is about 20 bushels to the acre. This picture was taken on a 50 acre field on the Maurice Gove farm west of St. Johns as eight big harvesting machines from the Lake Odessa Canning Co. made short work of Gove's lima bean crop.

RAYMOND EBERT

## Teachers elect Ebert president

Raymond Ebert, seventh grade science teacher at Central School, has been formally elected president of the St. Johns Education Assn.

Ebert has been filling the post since the resignation of John Quinn, who moved, earlier this summer. James Bargar, high school art teacher, was elected vice president of the association.

Carolyn Anderson was elected a delegate to the state Michigan Education Assn. convention, with Robert LaBrie and Gwendolyn Walker to attend the district MEA convention as delegates of the local group.

Roger Feeman was appointed chairman of a committee to draw up a constitution. Ebert and Bargar will also serve on the committee with other members to be named soon.

## Farm Bureau meeting Oct. 11

The annual meeting of the Clinton County Farm Bureau will be held next Tuesday evening at Smith Hall in St. Johns. Dinner will be served at 7:30 p.m., and the business meeting will follow.

Details about the meeting plans can be found on a special Farm Bureau page this week on Page B-10.

## Cancer Society donates \$1,500

The Clinton County American Cancer Society chapter has presented a check for \$1,500 to be used to further cancer research.

The check was presented recently by Mr. and Mrs. Albert Fruchtl and Mrs. Carl Shabery to Dr. Jere Bauer of the University Hospital in Ann Arbor. Mrs. Fruchtl, chairman of the volunteer activities for the local chapter, said the money had been raised during the annual cancer drive.

The chapter was to meet Wednesday at 2 p.m. at the Central National Bank community room for an election of officers.

Driver ticketed for leaving crash scene

Wayne Hall of Lansing was ticketed by sheriff's officers Saturday for leaving the scene of an accident about 3:45 a.m. that morning. He reportedly was driver of a car which hit a telephone pole along Round Lake Road east of Hollister Road. Hall wasn't injured.

Horse hits car; no one injured

The inevitable battle between the horse and the horseless carriage was waged late Saturday evening on Round Lake Road at Upton in Victor Township. It resulted in a draw. Or maybe the horse won. Dandel J. Gunter, 54, of 9637 W. Beard, Laingsburg and two passengers were driving west on Round Lake Road at 11:50 when a horse stepped out from the roadside into the back fender of Gunter's car. Gunter and his passengers weren't hurt, and neither was the horse.

Crash scatters bread on street

Mrs. Mary Miller of Mead Road, R-3 St. Johns suffered bruises when a car driven by her husband, Bert H. Miller, 45, was struck by a bread truck at Higham and Spring streets Monday morning. Bread was thrown out of the truck onto the pavement. The truck driver, Danny L. Dunlap, 20, of Lansing, was ticketed for running a stop sign. He was driving west on Higham and the Millers south on Spring.

Car backs up, sideswipes another

No one was injured in a sideswipe accident late Sunday afternoon at Clinton Avenue and State Street in St. Johns. Harry J. Burgess, 17, of 405 W. Townsend, said he stopped too far under the traffic light and backed up. He said he did not see another car, which was sideswiped. It was driven by Russell D. Walker, 24, of Ithaca. Burgess was ticketed for an improper start from a parked position.

Retired St. Johns firemen who were guests of the present department at an informal dinner recently pose for a picture. Left to right are, seated, Harry Heathman, Dick Kenfield, Henry Schmidt, Hamp Lyons, Mike Hylar, Bill Good, Sam Black, Chuck Foley, Basil Michels, Eugene Cornwell, Vern Bond and Jim Smit; standing in the back, Carl Geller, Frank Coykendall, Ron Geller, Jack Smit and R.G. Becher.

Firemen recall feats of the past

Fighting fires years ago was a far different story from fighting them now, and those who fought them then and now exchanged a lot of entertaining and interesting stories recently. Seventeen former St. Johns firemen were guests of the fire department at an informal dinner Sept. 24, and the prevalent topic of conversation was firefighting. Most of the evening was spent reminiscing over a chicken dinner. Sonny Cornwell and Ray Kenfield Jr. were in charge of the program, and Cornwell served as master of ceremonies. There was no formal program, but each of the "old-timers" was presented with a door prize. The get-together has been in the planning stages for over a year since the idea grew during the term of Jim Karber as president of the fire department.

Following the informal program at Walker's Cafe, the group adjourned to the city hall firehouse, where the retired firemen were shown the city's present equipment and its use was explained.

Plan open house at all-gas home

The Briggs Co., St. Johns realtors, will host an open house this Friday, Saturday and Sunday at a new Blue Star all-gas home in Prince Estates No. 2. The house, at 907 S. Swegles Street, St. Johns, will be open for public inspection between 6 and 9 p.m. Friday and Saturday and 2 and 6 p.m. Sunday. It features gas heating, gas water heating, gas cooking (both indoors and out), gas yardlight and gas incinerator (which is optional). The home was constructed by Fedewa Builders of Westphalia. Complete details on the home and open house can be found on Page B-13.

Police seek 2 stabber suspects

St. Johns police have "90 per cent of the work done" in their investigation of the Sept. 24 stabbing of Willis Mygrants as he worked at the Citgo gas station. Police Chief Everett Glazier said the local police, headed up by Officer Russ Doty's investigations, have solid evidence as to the identity of the two stabbers, who also took about \$85 from the station cash register. So far police have been unable to locate the two men they are looking for, and they have apparently fled, Glazier said. He did not release the names. Mygrants was seriously stabbed and beaten by two men who he said appeared to be deaf mutes. He is recovering in St. Lawrence Hospital in Lansing.

Name Michigan Week chairman for county

Appointment of Mrs. Betty Jane Minsky, manager of the St. Johns Chamber of Commerce, as Clinton County Michigan Week chairman for 1967 is announced by John McGoff, regional chairman for the 14th annual Michigan Week May 21-27. Mrs. Minsky will immediately set up a county council which will be the planning body for Michigan Week in the county. On the council will be chairmen of the several county committees and also the Michigan Week chairmen of all communities in the county. It is hoped that before November a well organized community Michigan Week council will be in operation in each community of the county.

BETTY JANE MINSKY

community of the county.

McGOFF EMPHASIZES that the effort of the Michigan Week organization is not merely to stage a banner seven-day celebration next spring but to have all citizens at work throughout the year promoting the state and engaged in programs for the betterment of the state. He describes Michigan Week in May as the climax of months of vigorous effort for the glory and advancement of Michigan by people in schools, civic groups, business firms, labor unions and other organizations.

Mrs. Minsky and the chairmen of nearby counties are being asked by Regional Chairman McGoff, who is president of Panax Corp. of East Lansing, owners of several daily newspapers and radio stations in the state, to plan a lively program for May 21-27 and to make full use of Michigan Week for the benefit of community, county and region as well as the state. Mrs. Minsky was manager of the Cheboygan Chamber of Commerce before coming to St. Johns two years ago. She is the author of two books and numerous magazine articles on retailing and community promotion. Husband John Minsky teaches mathematics at St. Johns Junior High School.

Says old crimes taking on new dimensions

Col. Frederick E. Davids, commander of the Michigan State Police, left St. Johns Rotarians with these thoughts when he addressed their noon meeting last Tuesday: The transition from an agrarian to an urban society has given the old crimes new dimensions, he said. And at a time when "rights" are being stressed as never before, more and more restrictions are being imposed on law enforcement officials. While the majority of teenagers are law-abiding citizens, crime among young people under the age of 18 is increasing at a rate five times as fast as the growth in population. He stressed the need for increased personnel and better training.

DAVIDS SAID he is concerned over public apathy with respect to enforcement and apprehension of criminals and the growing tendency, for individuals and groups to break the law simply because they do not happen to like it. Davids, who began his law enforcement career as a trooper 29 years ago, left time after his talk for a question-answer session with Rotarians.

Tryouts for play scheduled

Wayne Hicks has been chosen to direct the First Nighters' comedy "Never Too Late," scheduled for Jan. 12 and 14. Tryouts will be held next Monday and Tuesday. Terry Foster, president of the First Nighters, will be the producer. The play, a family comedy about a 50-year-old man who is about to become a father, starred Paul Ford in the Broadway version. The script calls for four main parts — the 50-year-old man, his wife, and his daughter and son-in-law. There are also five other smaller parts in the play.

THE FIRST TRYOUTS will be held Monday evening at 8 p.m. in conjunction with the First Nighters business meeting in the community room of the Clinton National Bank. Tuesday night tryouts will shift to the Central National Bank community room and will last from 7:30 to 10 p.m.

At the same time, the First Nighters will conduct voice tryouts for a radio show being planned under the direction of Duke Wainwright and John Martin. It is a fantasy, "And the Gods Play" from a series of plays done by the Columbia Workshop in the 1940s.

MONDAY NIGHT'S First Nighters meeting program will include reports by Marilyn Motz and Tom Smith, students who won First Nighter scholarships for study this past summer at Olivet College.

Film on singer's life to be shown at Baptist Church

"The Tony Fontaine Story," a true story of one of the world's greatest singers, will be shown on film next Wednesday, Oct. 12, at 7:30 p.m. at the First Baptist Church of St. Johns.

Fontaine acquired nation-wide success when his hit record "Cold, Cold Heart" sold more than a million copies. He had other hits, too, including "Symphonic Clock" and "Bring Back the Thrill." Two of his most outstanding albums were "Showboat," recorded with Sophie Tucker, Patti Page and Tony Martin; and "Sunny Side of the Street" with Vic Damone, Frankie Lane and Billie Daniels.

As guest soloist, Fontaine appeared on many national TV shows, including the Ed Sullivan Show, the Steve Allen Show, and the Hoagie Carmichael Show. Since an automobile crash, Fontaine and his wife are dedicating their God-given talents to God. He is a religious recording artist for R.C.A. Victor while appearing in Christian concerts across the world. The film showing Oct. 12 will start promptly at 7:30 p.m.

Car parked off road hit by other

Nobody was hurt in a crash of an auto and a parked car along DeWitt Road south of M-21 Monday evening. The car parked along the road without parking lights was owned by Joe E. Karber of 812 N. Mead Street. County sheriff's officers said an auto driven by Margaret J. Ladisky, 22, of R-4 St. Johns had just met a car on the road and got over too far, hitting the rear of Karber's parked car with her right front end.

## Meet the teacher

... a brief biographical sketch of the new teachers in the St. Johns School System

### May Pulliam

Mrs. Jerry Pulliam, new sixth grade teacher at Perrin-Palmer and Swegles schools in St. Johns, formerly taught at Alma and has 10 years of teaching experience. She holds a bachelor of arts degree in elementary education from Michigan State University and is presently working on a master's degree in education at Central Michigan University. She is a member of the Michigan Education Assn. and is a Methodist Church Senior MYF counselor.

Mrs. Pulliam and her husband, a biology instructor, and their daughters Sheila and Sheryl, both 14 and freshmen, live at 109 N. Ottawa Street. Mrs. Pulliam is a native of Breckenridge. Her outside interests include reading, cooking and singing.

MRS. MAY PULLIAM

### Phillip Greer

Phillip E. Greer, who teaches Latin I and II and English I at Rodney B. Wilson High School, plans to eventually seek a doctorate degree at Michigan State University and to teach sociology at the college level.

Greer is starting his fourth year as a teacher and comes to St. Johns from Muncie Central High School, Muncie, Ind. He attended Ball State Teachers College, where he received a bachelor of arts degree in education and then earned a master of arts degree at Ball State University. He majored in Latin and sociology.

He is a member of the Michigan Education Assn. and the American Classical Assn. He attends St. Joseph Catholic Church and lives at 506 S. Oakland Street. Outside interests include reading historical novels and listening to jazz and folk music. "I am attempting to write a novel," Greer commented, "but with very little success."

He is a native of Weir, Miss.

PHILLIP GREER

### Baptists to hear 'Uncle Glenn'

"Uncle Glenn Perry" of the Rural Bible Mission will conduct the program in the primary and junior departments at the First Baptist Church this Sunday. The day has been set aside as Missionary Day. Perry's work is partially supported by the church.

The primary and junior departments are in a contest with each other and are working with each other and the rest of the Sunday school in competition with about 10 other churches. The theme is "Win One."

Sunday school Supt. John Arthur Romig reports a high rally day attendance last Sunday of 261.

### Car overturns, women escape

Mary Shotwell, 21, of 1815 E. Price Road, St. Johns, escaped injury last Thursday evening when her car slipped off Price Road and went out of control, overturning in a field on the north side of the road. The accident happened on Price a quarter-mile east of US-27.

The Saladin Shrine Chanters, with a program of music and songs, will perform Sunday afternoon at 2:30 at the Masonic Home in Alma.

Over one-third of the children killed in dwelling fires are alone when the fire breaks out, according to National Fire Protection Assn. studies.

### Ophthalmologist born at Maple Rapids honored

A Detroit ophthalmologist who was born in Maple Rapids was one of seven Michigan physicians presented with coveted Michigan State Medical Society certificates of commendation at the society's annual meeting in Grand Rapids last week.

He's Ralph H. Phin, MD, of Detroit who was born at Maple Rapids July 4, 1888. His certificate read:

"In recognition of his distinguished career as an ophthalmologist, Wayne County Medical Society leader, Wayne State University professor emeritus, Michigan Health Council leader in health career recruitment, and one of the founders of Michigan Medical Service."

DR. PINO RECEIVED his pre-medical education at Ferris Institute and his MD degree in 1916 from the University of Illinois. Honors bestowed on him include the American Academy of Ophthalmology and Otolaryngology Award of Merit and Honor Key in 1956, honorary doctor of science degree from Ferris State College in 1958, and membership on Governor Romney's citizens committee on higher education from 1953 to 1965. He was one of the founders and a member of the first board of directors of Michigan Blue Shield.

### Discuss fund for aid to children

Use of a special fund established from proceeds of the Miss Soap Box Derby Contest was discussed by the sponsoring St. Johns Jayceettes when they met recently at the home of Mrs. John Briganti.

The purpose of the fund is to provide needed educational material, services and experiences not available through other sources for emotionally and culturally deprived children. To date the fund has been used to distribute 40 used books to children and to lend \$7 to a 9-year-old boy to replace a lens in his glasses.

THE JAYCEETTES decided to use the fund to finance a special project. Members plan to spend some time each day working with an 8-year-old girl who has a particular vision problem. A pediatrician has recommended the use of Montessori and Froebelian materials in an effort to alleviate the problem. These are not regularly available in the normal school system.

Participating club members met again Monday evening with Mrs. Briganti to study the material and make plans.

At the Jayceettes' Sept. 22 meeting, Mrs. Rod Brown, Mrs. Mart Livingston and Mrs. Tom Peacock were initiated as new members.

The St. Johns Jaycee Auxiliary, more commonly known as the Jayceettes, was organized here Nov. 14, 1963, and chartered with the Michigan Junior Chamber of Commerce Auxiliary March 17, 1964. The purpose of the organization is to give assistance to the Jaycees whenever requested and to participate in activities that will be beneficial to the community. The wife of any member in good standing of the St. Johns Jaycees is eligible to join the Jayceettes.

### Jaycees to sell Halloween candy

The St. Johns Jaycee will conduct their annual Halloween candy sale again this year, this time with a house-to-house canvass Oct. 15 and 22.

Jaycee members will make the sales calls. A variety of packages will be offered. Proceeds of the sale will be used in the group's community service projects, which include among others Punt, Pass and Kick and Soap Box Derby.

Bill McCarthy is chairman of the candy sale project for the Jaycees, with Don Roegner and others assisting.

### Misinterprets turn signal, 2 cars collide

A Mt. Pleasant woman misinterpreted another car's turn signals Friday morning on US-27 and hit the rear end of the other car.

The woman, Buena L. Hess, said she thought the other car was signaling for a lane change to pass several school buses parked on the shoulder of the highway. She also went into the left southbound lane and collided with the other car when it slowed to make the left turn it was signaling.

The car hit from the rear was driven by Phyllis T. Bapert, 34, of R-5, St. Johns.

### DAR president general outlines new projects

Mrs. Harold F. Millman, Mrs. William Lusk, Miss Maralyse Brooks and Mrs. George H. Brooks attended the regional meeting of the DAR at the Union Building, MSU, Thursday at which Mrs. William Henry Sullivan, president general was a guest.

Coffee was served at 9:30 by the Lansing chapter and after a brief opening the President General spoke on her recent visit to Alaska and Hawaii and showed pictures of the DAR schools and their work among the mountain people of the south and the Indians of the west!

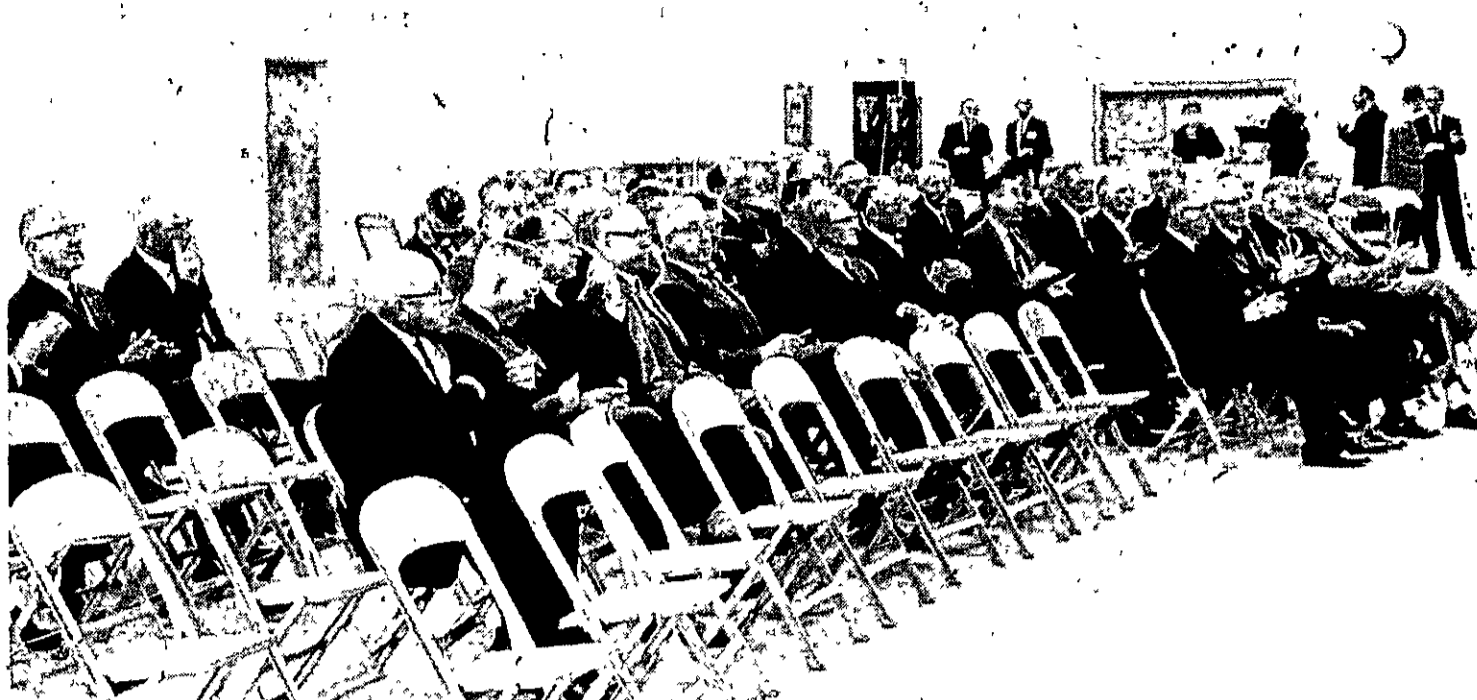

At 12:15, a reception in Parlor A was held preceding a luncheon. Mrs. Sullivan continued her talk on the DAR in which she discussed the activities during the anniversary year and their new projects, one being the refurbishing of Constitution Hall, the largest auditorium in Washington, D. C. and long known as a cultural center.

Another big project is establishing an \$8,000 student scholarship which will be awarded to a worthy student wishing to major in American history.

The third project is the building of an administration building at Tamasee DAR school in South Carolina.

There are many other projects which she hopes to carry out and also to increase the membership from 184,000 to 200,000.

The new leaf you turn is often the same one turned again.

DISTRICT SUPERVISORS MEET IN ST. JOHNS

These men are part of the group of 65 supervisors from seven central Michigan counties who attended the District 6 Supervisors conference at Smith Hall in St. Johns last Wednesday. Four speakers were on the day-long program. Lunch was served at noon by the Bengal EUB Church ladies. Additional picture and story on Page A-1.

### Ovid man takes new job with state ag unit

An Ovid man, Roy LaVeau of 232 Fitch Street, recently joined the weights and measures staff of the Michigan Department of Agriculture.

Married and the father of two children, LaVeau transferred to weights and measures after 14 years service with the department's food inspection staff. He has been assigned to extensive field training with a veteran weights and measures inspector on large capacity measuring devices.

LaVeau's employment in his new post stems from expansion of the Michigan Department of Agriculture's consumer protection program. Three other men were recently added to the force working on this type of device.

SUCH DEVICES include livestock, grain, and aggregate material scales, fuel oil meters, liquid gas meters and any other type of liquid meters or heavy duty scales.

The work of testing retail store scales is usually that of the department's food inspectors. They check these measuring devices as a routine part of the work while inspecting retail outlets for sanitation, wholesomeness of food and the honesty of labeling and advertising of food products.

Other special dates to remember are Sunday, Oct. 23, Youth Sunday. The youth will be in charge of the service and Rev. Charles Ball will be the speaker.

Sunday, Nov. 6, will be set aside as a special service to honor Dr. A. L. Spafford, retired minister of both churches, for his long service to these communities. Rev. Lawrence Taylor, district superintendent, will be here this day.

The Victor Quartet from Grand Rapids will be singing Sunday night, Oct. 16, at the Bengal Church. This will be a community hymn-sing. There will be a coffee hour following.

Harvest Home Sunday at Bingham is Nov. 27. Dr. Eugene Friesen will be the speaker.

### Bengal, Bingham start separate services Sunday

The Bengal and Bingham EUB churches will begin separate services Sunday, Oct. 9. The Bengal hours are church, 9:30 a.m.; Sunday school 10:30 a.m. Bingham hours are church 11 a.m.; Sunday school 10a.m. This action was voted at the combined local council meeting Tuesday, Sept. 27.

### FINED FOR DRUNKENNESS

Gary R. Bashore, 23, of 310 S. Lansing Street, St. Johns, was fined \$75 plus \$27.30 costs by Justice of the Peace Gordon Willyoung after Bashore's arrest Monday for being drunk and disorderly. He was arrested in DeWitt Township.

Draft's college qualification test Nov. 18, 19

Application forms for the Selective Service college qualification test scheduled to be given Nov. 18 and 19 are now available at all Michigan local board offices. It was announced today by state Selective Service headquarters.

Test scores may be used by local boards as one criteria in determining the eligibility of registrants for student deferments. The test may be taken by any registrant who has not previously taken the test and who intends to request occupational deferment as a student. Applications for the test must be postmarked no later than Friday, Oct. 21.

THE THREE-HOUR written examination will be administered by Educational Testing Service, Princeton, N. J. The 16 examination centers in Michigan will include colleges located at Ann Arbor, Berrien Springs, Dearborn, Detroit, East Lansing, Escanaba, Flint, Grand Rapids, Houghton, Ironwood, Kalamazoo, Marquette, Rochester, Saginaw, Sault Ste Marie and Traverse City.

More than 34,000 Michigan registrants took the draft tests which were scheduled last spring for the first time since 1963. It was reported that 88 per cent of the students taking the spring test passed with qualifying scores of 70 or better. Approximately 60,000 Michigan registrants were deferred in Class II-S at the beginning of the current school year.

MR AND MRS DALE SNYDER

### Clark-Snyder vows repeated Aug. 20

THE NEW MRSS Snyder selected a street length sheath of white silk organza over ice blue peau de soie with a matching jacket for the 6:30 p.m. service. A crown covered with the same fabric secured her shoulder length veil. She carried a white prayer book with a cascade arrangement of white feathered carnations, pink sweetheart roses and white baby's breath attached.

Miss Fran Dugger, the maid of honor, wore a street length sheath of blue silk organza over light blue peau de soie. She carried a cascade arrangement of white feathered carnations, pale pink gamelias and baby's breath.

ARTHUR SJOBERG acted as best man for his brother. Seating the guests were Larry Turly and Chris Abernathy.

For her daughter's wedding, Mrs Blakeslee chose a bonded jersey dress of plum with white accessories. The mother of the groom appeared in a black crepe suit with black and white accessories. Their corsages were of white feathered carnations and pink sweetheart roses.

A reception was held at the social hall of the church. Assisting were Mrs Morris Holloway, sister of the bride; Mrs Paul Blakeslee, sister-in-law of the bride and Mrs Arthur Sjoberg, sister-in-law of the groom.

The newlyweds are presently making their home in Lansing. The bride is a graduate of Rodney B. Wilson High School and the groom, who is serving with the US Army, attended Eastern High School in Lansing.

### Food handling class set Oct. 13

Is it safe to refreeze food that thawed when the freezer was accidentally disconnected? What is the safest way to process home-canned beans? How can we prevent several people from getting sick as they did last year at our family reunion picnic?

These and many more questions often asked by homemakers will be answered when the first fall Extension class meets Oct. 13 in St. Johns at Smith Hall. The class will begin at 1 p.m.

"AN OUNCE OF prevention is worth a pound of cure" certainly applies to food born illness. All persons who handle food must understand the methods of preventing contamination of food, whether in a restaurant, the church kitchen or in their own kitchen at home.

The class will be taught by Area Home Economist, Mrs Helen Meach. It will include up to date information of safe and sound food buying decisions, the storing, handling, preparing and preserving food. Special teaching outlines will be prepared for study group leaders but others may attend the class which will conclude at 3:30.

man Bancroft and Darwin Powers of St. Johns, and Dale Clark of Ionia, cousin of the bride.

THE BRIDE'S MOTHER wore a dress of turquoise sombrero linen with embroidery trim and matching hat. Her accessories were white and she wore a corsage of yellow gladioli. Mrs Irene Jumper, aunt of the groom, wore a green two-piece knit suit with white accessories and a corsage of yellow gladioli.

Honored guests were grandparents of the bride, Mrs Myrtle Clark of St. Louis and Mr and Mrs Roland Wood of Sheridan. The grandmothers also wore corsages of yellow gladioli.

Host and hostesses at the reception at the CSA Hall were Mr and Mrs Carl Hanson of Alma.

MRS JUDI JACKSON of Alma attended the guest book and refreshments were served by Mrs Barbara Greve of Flint, Miss Carol Gregory of Ionia, Miss Sue Shaull of Alma, Miss Kyle Snyder of St. Johns, and Mrs Betz Patrick of Ashley. Helping in the kitchen were Mrs Betty Malk, Mrs Betty Burt, Mrs Mary Clark and Mrs Lavonne Rogers.

Following a short trip in Upper Michigan and Canada, the newlyweds are making their home on Jerome Road near Alma.

The bride is employed at Michigan Chemical in St. Louis, and the groom is employed at Oldsmobile in Lansing.

JANYTH RUMBAUGH

Mr and Mrs John A. Rumbaugh of 425 Meadowview Drive announce the engagement of their daughter, Janyth Sue, to Thomas L. Jenkins, son of Mr and Mrs C. Lester Jenkins of 406 East Park Street.

The bride-to-be has attended Alma College and is a senior in elementary education at Central Michigan University.

Her fiance attended Lansing Community College and is an employee of the Michigan Department of Conservation. He will receive his degree from Ferris State College in Business Administration.

No wedding date has been set.

### Senior Citizens plan bazaar

At the Senior Citizens meeting Sept. 27 plans were completed for the annual bazaar to be held at the Drop-In Center Friday, Oct. 7. There will be booths for aprons, baked goods, candy, gifts and hobbies and lunches will be served throughout the day. The bazaar will open at 10 a.m.

Tuesday, Oct. 11, the local group will entertain the Golden Agers from Owosso. A large crowd is expected. Mrs Ernest Root and Mrs Carl Harris are in charge of the dinner which will be held at noon. Arthur Thelen is in charge of getting the dining room ready and Floyd Upton is head of the coffee-pouring committee, each to get his own helpers. Elzie Exelby, acting chairman, appointed the following reception committee: Mr and Mrs Charles Lapham, Mr and Mrs Floyd Upton, Mrs Elzie Exelby and Carmen Tranchell.

It will not be necessary to bring table service. Meat, coffee, cream and sugar will be furnished but members are asked to bring dessert or fancy salad. The meeting, as usual, will be held at the VFW Hall.

### Salon No. 581 officers are installed

Clinton County Salon No. 581 met at the home of Mrs Elnor Bell Tuesday, Sept. 27. Mrs T. A. Brooke conducted the patriotic meeting, which was followed by the business on hand.

The Salon received another quilt top from Mrs Helen Strouser to finish and send to the Denver Jewish Hospital. A report of the convention in July was given by Mrs Marjorie Pardee. The new dues of \$1.25 was approved, and officers of the 1966-67 slate were announced. The Salon won a \$2 award for early memberships sent in.

The meeting was closed after which Mrs Goldie Brooks, assisted by Mrs Marge Pardee, installed the incoming officers.

The mystery package was won by Mrs Marge Pardee. The October meeting will be hosted by Mrs Goldie Brooks.

Mrs Ernest Wexenman of 110 S. Prospect Street, St. Johns, has returned after spending three weeks at Huntington Beach, Calif., with her sons, Gary and Richard Payne and their families.

### Mrs Bartholomew hosts Elizabeth Circle

The Elizabeth Circle of the First Methodist Church met at the home of Mrs J. E. Bartholomew with 14 members and four guests present.

After a potluck luncheon the meeting was opened by Mrs Bartholomew with prayer and the reading of "Our Purpose" in unison.

Coming events discussed were the rummage sale in the church basement, Oct. 7-8; World Community Day at the West Bingham EUB Church Nov. 4 at 1:30 p.m. and a sewing workshop, for the fall, will be held each Wednesday afternoon at 1 p.m. in the basement of the home of Mrs Ed Sulka.

Devotions were given by Mrs Burt Whitlock. Design for Mission "Across the Atlantic," introducing the women of American Methodism to British Methodism was the program presented by Mrs Walter Thornton. The October meeting will be at the home of Mrs George Osgood.

To Our Many Clinton County Friends in Our Service Area.

Some weeks ago we were members of a group of ambulance operators who met with your elected representatives, at the county level. We informed them of our intention to discontinue our ambulance operations and offered our help to enable them to find ways and means to provide this service for the residents of the county.

Many rumors and misleading statements have been circulated in our area since that meeting.

The purpose of this letter is to clear the air and to inform you, our friends, of our intentions.

We cannot, nor can we pretend, to speak for all ambulance operators in the county. But our sincere intentions are these:

We do intend to discontinue, both our emergency and our convalescent ambulance service at the earliest possible date for good and valid reasons. Mainly having to do with shortage of help to man such 24 hour service seven days a week. The growing interference of such ambulance service with the performance of good funeral service and the increasing government regulations.

We do not intend to terminate this essential service until some equally reasonable arrangement is arrived at by our elected representatives at the county, city and village level - assuming that such an arrangement is forthcoming in a reasonable length of time.

Any question you may have concerning our decision, or any other facet of this situation, please feel free to contact us personally.

**704 SPORT KING 7X,35—C.F.—(578 ft.)—35.3 oz.—RLE 37.5**  
Swift's most popular wide angle binocular gives you a field of view equal to that of the human eye. Wider fields are possible and are sometimes advertised as a gimmick but add nothing to usable performance. This instrument is ideal for field sports and nature study because its wide field facilitates picking up and tracking fast-moving objects. Clear focus from 7 1/2 ft. to infinity. Gift boxed.

**789 SKIPPER 7X,50—C.F.—(376 ft.)—39 oz.—RLE 76.4**  
This rugged, workhorse binocular is the basic, naval design with the convenience of center focus added. It provides outstanding performance in poor visibility at dawn and dusk or in moonlight partially obscured by clouds. Clear focus from 11 1/2 ft. to infinity. Gift boxed.

**890 SCOUT 4X,30—C.F.—(594 ft.)**  
An ideal gift for a boy... gives him the feel of high-performance binoculars at minimum cost. Optically and mechanically, a fine instrument. Well worth keeping in the glove compartment and a useful theater or sports glass, too. Complete with pigskin case. Gift boxed.

# P-W upset; Bath wins; scoreless DeWitt beaten

The Pewamo - Westphalia Pirates were the upset victims in the second week of competition in the West Michigan Athletic Conference Friday night.

The Pirates fell to the Portland St. Patrick's Shamrocks 19-13 on a fourth-quarter touchdown by St. Pat's. It came on a two-yard run by Art Baker after Larry Simon blocked a P-W punt deep in Pirate territory.

The Shamrocks blocked four P-W punts during the evening and turned two of them into touchdowns. The other one came late in the first half and St. Patrick's recovered on the 30. Then Baker hit Russ Lennemann on a 29-yard scoring pass.

ST. PATRICK'S other touchdown, their first, came in the second quarter after they recovered a fumbled punt on the P-W 30. Steve Wilcox tallied on a five-yard run.

The Pirates of Pewamo - Westphalia scored first in the ballgame after only about two minutes had elapsed. Randy Pohl pitched a pass 25 yards to Larry Smith for the touchdown, and Pat Geller kicked the extra point.

St. Patrick's went ahead in the second quarter, but P-W tied the game at 13-13 early in the second half. The Pirates put together a steady drive, after the kickoff, highlighted by a 55-yard pass play from Ken May to Stan Fedewa. Gary Bissell got the touchdown on a five-yard run.

Coach Duane Blatt said the Pirates' offense looked good although they weren't able to complete passes against the Shamrocks like he thought they should.

IN OTHER CENTRAL Michigan Athletic Conference games, Bath dumped Webberville 13-0 and DeWitt was a 38-0 victim at the hands of Pottersville.

At Bath, it was the Tucker brothers, Randy and Mike, who set the pace for the Bees. Mike passed 18 yards to Bruce Miller for one touchdown, and Randy ran 55 yards for the other score.

The extra point came on a run by Randy.

Both touchdowns came in the second quarter.

DeWITT WAS beaten after Pottersville scored on their first series of plays at DeWitt. But the Vikings kept the pressure up, scoring again on the next two series and then getting three later touchdowns.

Vic Amey scored on one-yard and five yard runs and Dave Smith tallied on a 15-yard pass from Mike Helnze in the first quarter. Doug Smalley, who kicked two extra points, scored in the third period on a one-yard run after Ed Rutter intercepted a pass and returned it to the DeWitt 1.

## Ashley mows down Novi 21-12

ASHLEY-The Ashley Bears won their second game of the season Friday afternoon by mowing down Novi, a first-year high school, 21-12.

The Bears held a bare 7-6 lead after the first half on Dale Yelisk's 17-yard run and his point-after pass to Floyd Brown.

Coach Dale Howard's Ashley 11 wrapped up the game in the second half on Dick Chapko's one-yard plunge and a one-yarder by Roger Evans. Roger Keck and Evans ran extra points.

Ashley's defense responded well to Novi's challenges, with linebackers Mike Polash, Paul Polash and Dave Cordray playing outstanding ball.

EXPERIENCE Today's successes are built on the foundation of yesterday's hard earned lessons.

TROPHY WINNERS AT COUNTRY CLUB ANNUAL MEETING

Trophy winners at the Clinton County Country Club annual meeting last Wednesday were, front row (left to right) Gene Wild, Gilbert Bovan and Gene Stauffer; second row Glenn Capen, Tom White, Nick Hatto, Jim Durner and Mike O'Neil Sr.; back row, Kenneth Penix Sr., John Hopko, Howard Kortas, John O'Leary, Bernard Conklin and Dana Antes.

## Fulton bogs down, falls to Portland

Fulton High School's offense was slowed almost to a halt by Portland's Red Raiders Friday night and the Pirates suffered a 13-0 loss in their first Tri-Central League game.

Fulton managed only two first

downs all evening, both in the second half. The Pirates' defense, while giving up lots of yardage to Portland's Dan Simon and Denny McCrumb, managed to prevent Portland scoring on every series but two.

Portland tallied in the first quarter when Mike Davidson intercepted a Fulton pass on the 25 and returned it to the 12. McCrumb carried the four-yard line on one play and then packed it into the end zone on the second. His place-kick for the extra point was good.

LATE IN THE THIRD quarter the Raiders put together their only effective drive of the night for the second touchdown. Starting on the Fulton 47 after a punt, Simon and McCrumb alternated on running plays, with McCrumb carrying the final 10 yards for a touchdown on the ninth play of the series. His kick for the extra point was blocked.

Portland's first TD came after punt and 15-yard penalty forced Fulton back to their 12-yard-line.

Fulton's defense stopped a Portland drive late in the first period, with Terry Proko recovering a Portland fumble on the Fulton 12. Early in the second quarter the Raiders moved down to the Fulton 2, but a penalty

Portland's Denny McCrumb swings wide but is about to be hauled down by Fulton's Chris Barr (6) during first-half action in Friday night's football game. Coming up to help are Fulton's Carl Hagenbaugh (3), Denny Upton (67), Wes Havens (75) and Lloyd Johnson (85). McCrumb scored two touchdowns as Portland won 13-0.

and a 12-yard loss when Fulton's Dan Eyer downed quarterback Doug Davis stopped Portland at the 25. McCrumb tried a field goal from the 35 but it was no good.

AGAIN PORTLAND moved down to the Fulton 16, but the Raiders fumbled and Fulton recovered on their own 32.

The Pirates were unable to mount any sustained offensive.

## 2 youths hurt as car hits tree

Two Laingsburg youths suffered severe head cuts early Saturday morning when the auto they were riding in went off Upton Road north of Alward Road and hit a tree.

The victims were Rodney L. Winner, 19, of 5122 Alward Road, Laingsburg, and Terry R. Gillison, 19, of 600 Grand River, Laingsburg. Both were taken to St. Lawrence Hospital in Lansing.

## Charge 2 youths with having beer

Two youths were arrested over the weekend and charged with minor in possession offenses.

Douglas K. Lamb, 18, of Grand Forks, N. D., a Michigan State University student, was arrested Friday in Bath Township. Justice of the Peace T. B. Simpson fined him \$35 plus costs of \$19.90 and sentenced him to three days in the Clinton County jail.

Robert Montecinos, 19, of Adrian was fined \$15 plus \$20.80 costs and sentenced to three days in jail by Municipal Judge Alba Wert after Montecinos' arrest for minor in possession Monday in St. Johns.

Redwings put on a show of precision, the first quarter washed Hastings, league champions, 33-6 last Friday, free in a row for

their passing and Redwings rolled up 451 yards rushing. Receivers gathered passes from quarter-back Love for a total of

185 yards in the first quarter, the Redwings to a 20-9 lead in the first. 164 yards were from Bill Smiley was substituted quite frequently on offense and in the final half went almost all the way with his second defense.

The leading rushers for the game were Gary Boyce who carried seven times for 112 yards, right behind Boyce was Mike Green who carried 15 times for 98 yards and Randy Humphrey who carried eight times for 85 yards.

DUANE DOWNING led the receivers with two catches for 94 yards, the longest for 84 and a touchdown. Other receivers were John Salemi with two for 23 yards, Boyce with one for 19 yards and Terry Hart two for seven and a touchdown.

St. Johns won the toss at the start and elected to receive. Mike Green returned the kickoff 15 yards to the St. Johns 39. Eight plays and four first downs and St. Johns had a first and goal on the Hastings six. On the third play of the series Love flipped a pass to Hart in the end zone for the first six points. On the extra point Boyce ran the right end to make it 7-0 with less than five minutes played.

After the kickoff, Hastings, 29-0 two plays picking up two yards. After an incomplete pass they punted and St. Johns took over on their 49. After a 5 yard pen-

alty back to the 44, Boyce hit the left end on a reverse and went 53 yards to the Hastings three.

On the next play Humphrey went to the right for the TD and Boyce kicked the extra point to make the score 14-0 with four and a half minutes left in the quarter.

ON THE NEXT kickoff Hastings ran three plays for six yards and then punted again. St. Johns took over on their own 40. On the first play, Humphrey hit right tackle.

block on the Hastings left end and Humphrey was off for a 60 yard TD. Boyce's kick for the extra point was wide and the score was 20-0 with a minute still left in the quarter.

THE ONLY SCORE of the second period came on the Redwings first drive which covered 61 yards and was climaxed by Boyce who swept his own left end for the last eight yards. Boyce's try for the extra point was blocked and St. Johns led 26-0. Twice more in the second period St. Johns mounted drives, but both bogged down.

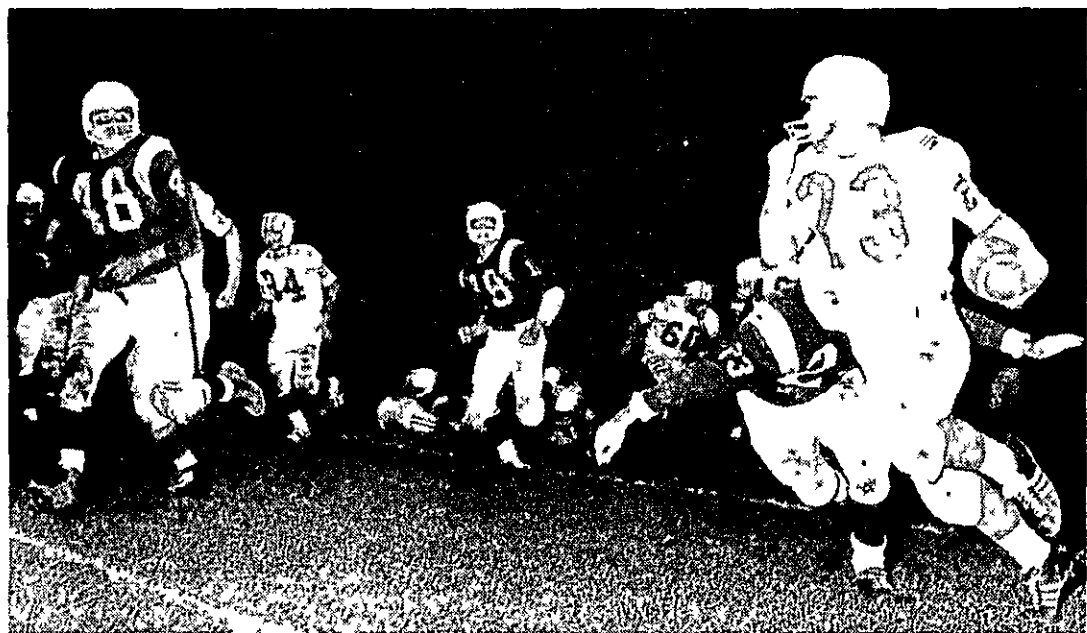

The St. Johns defense did an incredible job of holding the Hastings offense as they allowed only two first downs in the first half, with both of these coming in the second quarter. Hastings was held to 42 yards rushing, getting 31 of this in the second quarter. The deepest penetration of the Hastings offense was to the St. Johns 24 yard line late in the second quarter.

In the third quarter Hastings mounted a drive which carried to the St. Johns nine yard line. Here, Hastings quarterback Jim Williams went back to pass, was hit by two St. Johns linemen, fumbled and the fumble was recovered by Mike Green on the St. Johns 25.

A 10-yard loss by Love and a one yard plunge by Boyce set up the next play on the St. Johns 16. Love went back and lofted a long pass downfield, Hastings' Tom Hoke and St. Johns' Duane Downing both went into the air for the ball. It looked like a tie situation until they hit the ground, but Downing had the ball and went the rest of the way for an 84 yard TD play. Boyce's kick for the extra point was good and the score stood 33-0 with five minutes remaining in the third period.

Laingsburg's Dave Carroll caught a pass for three yards against Fowler mid-way in the second quarter Friday night but he didn't go any farther after Brendon George (32) grabbed him. The defensive play forced Laingsburg to punt on the next play. Pursuing the play in the background are Fowler's Larry Feldpausch (56) and John Wieber (41) and Laingsburg's Dennis Steere (25), Al Veith (40), Allen Chadwick (16) and Stan VanVelsor (18).

St. Johns' Gary Boyce (23) sprints away from Hastings tacklers during St. Johns' first-quarter rampage Friday night. Hastings players pursuing the play are Tom Timm (46), Lindon Endsley (48), Don Lawrence (19) and Dave Williams (23), trying for the tackle. Redwing players in the background are Terry Hart (84) and Jon Tatroe (60).

HASTINGS ONLY score came early in the fourth period on a 60 yard drive. Seven plays were needed, and Dave Williams went the last yard to score. The try for extra point was short and the score stood at 33-6.

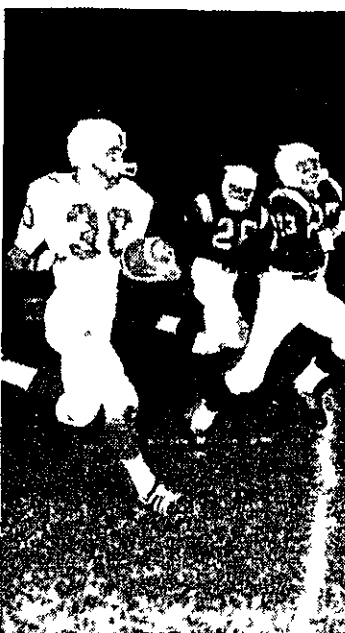

After the Hastings score St. Johns mounted another drive that took them from their own 30 to the Hastings 8. The drive stalled here as Bob Ironsides of Hastings intercepted a pass by Cary Hambleton.

THE REST OF THE game was an exchange of balls, as Hastings lost the ball on a fumble and a pass interception and St. Johns lost it on a fumble, but was in possession on the Hastings 20 when the final gun sounded.

In the game of life the man to watch the closest is yourself.

St. Johns end Terry Hart (84) snags a pass from Norm Love for St. Johns' first touchdown Friday night.

"I'll race you," Randy Humphrey (30) of St. Johns seems to be saying as he sprints by Rex Wieland (25) and Dave Williams (23) of Hastings. Humphrey scored.

### Grand Ledge wins, sets stage for Friday clash

The Grand Ledge Comets, who will host St. Johns in West Central Conference showdown this Friday, had to rally in the fourth quarter to beat Alma even though the 41-18 score might appear lop-sided.

The Comets, who tied in their opening non-conference game, are now 2-0 in the West Central, a record identical with St. Johns. Grand Ledge tied Gabriels 7-7 and then defeated Charlotte 14-7. The Redwings of St. Johns were victors 27-13 over Mason, 28-6 over Greenville and 33-7 over defending league champions Hastings.

Grand Ledge scored twice in the first quarter Friday night against Alma, but then Alma came back and led 18-14 at the half. In the fourth quarter, Grand Ledge bounced back when Mike Hanson hauled in a nine-yard pass from Ben Cadwell, Don Shipman and Cadwell ran for TDs from a yard out and Larry Boyce scampered 30 yards for a touchdown.

## Brown scores 2 touchdowns

### By Lowell G. Rinker

LAINGSBURG - Fowler football Coach H. Blaine Douglas expressed some concern at the opening of the football season that the Eagles might have big trouble their first three games but then the outlook should improve.

Well, Fowler slipped by Fulton 7-6 in their opener and tripped Potterville 12-7 Sept. 23. Friday night the Eagles skinned over the last of Coach Douglas' pre-season hurdles by humbling Laingsburg 25-7 here.

The Eagles had their troubles with penalties, again, and with fumbles, but their scoring was smooth and well-earned. They tallied twice in the second quarter and twice in the third. The defense was tough all night until the fourth period when Laingsburg finally took advantage of two Fowler fumbles and a nice run by Craig Bradford.

THE FOWLER DEFENSE successfully held Laingsburg speedster Dave Carroll to small yardage and only one important pass reception.

Penalties slowed up play most of the first half, and each team could get only two first downs. Fowler finally got on the scoreboard on the fifth play of the second quarter after taking advantage of a partially blocked Laingsburg punt from the end zone. John Weber returned the punt six yards to the Laingsburg 20, Neal Thelen bumped to the 17 and then halfback Ron Brown exploded up the middle and went all the way.

After trading two punts for a Laingsburg punt and fumble, the Eagles moved again with only seconds left in the half. A 15-yard Wolfpack penalty gave Fowler the ball on the 20, and then quarterback George Goerge hit big end Mike Nobach with a pass over the middle and Nobach scored. Bruce Thelen kicked the extra point, and the half ended 13-0.

BROWN SPARKED the third touchdown in the third quarter after Fowler received a Laingsburg punt. The speedy halfback peeled off runs of six and 13 yards, and Goerge hit Nobach with a pass for 17 yards to the Laingsburg 21. Brown then scooted up the middle for a touchdown.

Late in the third quarter, Fowler jumped on a fumbled punt and took over on the Laingsburg 24. Five short-gainer plays moved the ball to the 10, and Brendon Goerge circled the left end and bulldozed his way to within inches of the goal. Two plays later he made it into the end zone through the line.

The Eagles then got fumbly, losing the ball three straight times around Laingsburg's only touchdown. The first came after Fowler himself had recovered a Wolfpack fumble. The second came after Laingsburg had lost the ball on downs at the Fowler 31. Laingsburg picked up a first down with Bradford and Carroll running, and then on a fourth-down-and-three play, Bradford circled right end, bounced off three would-be tacklers and stumbled into the end zone. It was a 15-yard run.

BRADFIELD THEN caught a pass for the extra point.

Fowler fumbled again on Laingsburg's inside kick, but the Wolfpack could get only to Fowler's 26 yard line before luck turned against them. Fowler's Ralph Pung intercepted a pass on the goal line and lugged it back to the five. Fowler ran the clock out with only one play.

Fowler had only six first downs in the game but picked up 78 yards passing and 113 yards rushing. Laingsburg had eight first downs, 64 yards passing and only 38 rushing (36 of those yards came in the fourth quarter against Fowler substitutes).

Fowler punter Forest Conley Jr. averaged 38 yards on a half-dozen kicks, and none were returned by Laingsburg.

## Ovid man wins football contest

The Ovid area has its first winner in this year's series of Clinton County News football contests. John M. Kunkel of 218 E. First Street, Ovid, missed only three selections last week and has received a check for \$20.

Contest judges had to go to the tie-breaker again, though, before Kunkel showed through as the winner. Sherrle Wilkie of 407 E. Cass Street, St. Johns, also missed three selections. Kunkel's tie-breaker score was 13 and Miss Wilkie's 10; the actual total score of the tie-breaker game was 33 points, so Kunkel's estimate was closest.

KUNKEL WAS wrong only three times: he picked Lakewood over Greenville, Ovid - Elsie over Chesaning and Michigan over North Carolina. Miss Wilkie guessed the North Carolina upset correctly but missed when she picked Ionia over Charlotte, Pawnee - Westphalia over St. Patrick's and Fulton over Portland.

Each week the Clinton County News, through the advertisers on the contest page, offers \$20 to the person who can pick the most winners in football games listed. Complete rules can be found on the contest page in Section B this week.

## Chesaning trips Ovid-Elsie 13-0

OVID - Ovid-Elsie has had a lot of "firsts" this year, what with it being their first year as a combined high school.

Their latest was their first football league defeat. It came Friday evening when Chesaning defeated the Marauders 13-0 in a Mid-Michigan B game. Chesaning's Jim Mischler scored on runs of 35 and 36 yards in the first and third quarters respectively to be the thorn in Ovid-Elsie's side.

The Marauders put together only one real threat. That was in the second quarter, but they lost the ball on downs. Mike Seybert passed 41 yards to L. D. Jones on the seven yard line, but that's as far as the Marauders made it.

## 130 at Central PTA potluck

The Central School PTA met last Thursday night at Smith Hall, with approximately 130 parents and children enjoying a potluck dinner.

John Carmack, Dick Moldenhauer, Craig Puetz and Steve Parker displayed their vocal abilities. Mrs. Dorothy Parke accompanied them on the piano.

Old and new teachers were introduced by Sam Serrall, principal of Central School.

A film "Child Molester," was shown. It was thought at first that the children should not see the end result, but a discussion followed and it was a unanimous feeling that the children should also see the last part in order to realize the danger of being picked up by strangers. Bob Sirrine is making the film available to any group meeting.

## Bath band gets new uniforms

BATH - Bath's 55-member high school band is sporting flashy new blue uniforms, and they'll be showing them off at home football games this fall. A special program is planned for the homecoming game Oct. 14 between Bath and Potterville. The new uniforms cost \$5,000. The board of education paid half, and the rest was raised by the Band Boosters Club with dinners, bake and calendar sales and other projects over a five-year period.

# Surprisingly New! Superbly Cadillac!

ELDORADO...world's finest personal car

SEDAN de VILLE...another dramatic Cadillac surprise

## INTRODUCING THE 1967 STANDARD OF THE WORLD

You are looking at two of the newest luxury cars ever created. They are typical of Cadillac for 1967. The Fleetwood Eldorado—the world's finest personal car—is the first exciting case in point. Eldorado is a styling masterpiece... with its spectacularly long hood, its daring new roof lines and its dramatic rear quarter design. It is also an engineering triumph. For Eldorado is the first car in the world to combine the sure-footed traction of front wheel drive with the maneuverability of variable ratio power steering and the balance of automatic level control. And with all its spirit and action, Eldorado provides unusual five-passenger spaciousness and the quietness and comfort that only Cadillac could create. This brilliant newness also marks the Cadillacs you are most familiar with. For they are the most beautiful Cadillacs of all time... with a new forward-sweeping grille and a new side contour that flows from front to rear! And with this new Cadillac look come a number of other achievements... the most luxurious interiors in history... a new generously padded instrument panel... a more responsive Cadillac engine... improved variable ratio power steering... and a new General Motors-developed energy absorbing steering column. Discover Cadillac for 1967 for yourself... at your authorized dealer's. Once you have personally seen and driven these exceptional new automobiles, you'll agree that never before has anything on the highway said new so beautifully... or Cadillac so well!

# Exchange student here from Sweden

By JANET MANCHESTER  
Fulton High School

(I'm a 17-year-old senior and aim to keep you tuned in on all of our latest activities here at Fulton. These are some that I especially like, probably because I take part in them. I'm fairly active in F.H.A., and had a part in the junior play. I have also been a member of the annual staff and this year I'm a cadet teacher for Typing I class. Last year I served as our class secretary and this year I was elected student council secretary. I have been a cheerleader for four years. One year I was the junior varsity captain and this year I am varsity co-captain.)

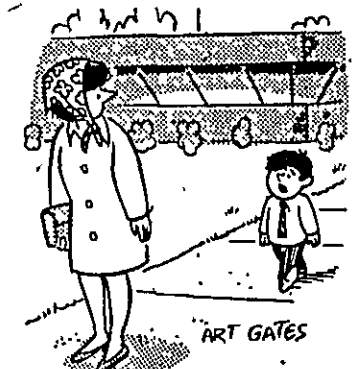

We have a lovely addition to our senior class this year. Her name is Anina Olsson, our exchange student from Sweden. She is staying with the Harold Todd family of Middleton.

The student body was entertained Monday, Sept. 26, at an assembly demonstrating glass blowing where we saw how many shapes were made.

Friday, Sept. 30, our football team met Portland on our new field. Last fall everyone sold magazine subscriptions to pay for an outside scoreboard. New

lights were put up this summer, so it was all set for play. Everyone is very happy to have the new field so close to the high school.

THE STUDENT council met and picked "Great Events in American History" for the homecoming theme. Classes are busily beginning to plan and build their floats for the big day, Oct. 7. The football team has selected five girls from the senior class to be the homecoming court. They are: Rhonda Wilson, Pam Dean, Linda Miller, Lana Aldrich and Janet Manchester. The student body will vote to pick one of these girls to be their queen.

"The teacher said I couldn't come back until I bring a note from my Psychiatrist."

# St. Johns gearing for homecoming

Pre-homecoming activities are keeping Rodney B. Wilson High School in an uproar. The fall spectacle will last a full week this year. Next Monday will be school spirit day, with seniors in charge, and there will be a pep meeting. Tuesday will be school color day with juniors in charge. A pep assembly is scheduled at noon Wednesday in the care of sophomores, and Thursday freshmen will be in charge.

Thursday activities include a snake dance and bonfire. Friday there will be an outdoor pep assembly, homecoming parade, homecoming game against Alma and homecoming dance with "The Plain Brown Wrappers" providing music. The queen and her court and escorts will reign at the dance.

THE SENIOR CLASS' theme for the 1966 homecoming is "The Clock Struck Midnight," and their float and dance decorations will bear this out. "The Chamber of Commerce, hoping to spark a better relationship between businessmen and the school, is sponsoring floats, so the junior and sophomore classes will enter floats based on school spirit themes.

Escorts at the football game for the queen and her court will be the fathers of the girls. Homecoming committee members are Jon Tatroe, Carla Motz, Judy Williams, Marilyn Motz, Elaine Curtis, Monica Hatta, Bill DeGroot, Joe O'Leary and Gay Bond.

HALLWAY NEWS NOTES: The 1966-67 Wilsonian staff has been named by the Journalism class. Dorothy Evtits is editor, Marla Parr co-editor, Debbie Meyer and Sharon Hall sales managers, Sue Kentfield and Val Salters reporters, Terry Foote and Diana Griffith advertising managers, Phyllis Case and Elaine Snyder bookkeeping, Phil Anderson photography, and Ted Loomis junior photographer.

Joe Gootter, sports writer, author, lecturer and columnist, entertained the student body last week with a humorous talk on the value of a sense of humor.

A new method of initiating freshmen has had its first trial. It began last Monday when freshmen bought their beanies and had to carry books for sophomores. Socks were Tuesday's innovation. Girls had to wear rolled down bobby-socks and boys white socks with the legs of their

pants folded up one fold. Wednesday was stuffed animal day, with each freshman carrying one with a sign reading "My favorite toy." Thursday they wore bibs, and Friday they wore all shirts, blouses and sweaters backwards, with signs stating, "Believe it or not I'm in high school."

THE ORCHESTRA this year is under the direction of Walter Cole; later in the year string students from MSU will be helping out.

Club officers this year include: Science Club, John Burnham president, Doug Blizard vice president, Linda DeVore secretary and Ed Lublow treasurer. G.A.A., Sue Leonard president, Carol Elsler vice president, Janean Geller secretary and Andre Lewis treasurer. F.H.A., Pat Smith president, Jean Fieischer vice president, Lynda Droste secretary and Cheryl Sutfin treasurer.

The Future Teachers are planning visits to Western Michigan, Central Michigan and Michigan State University for FTA meetings this year.

Don't ridicule the principles of others—try to convince them to accept your own.

# Student officers named; Fowler homecoming Friday

By JOANNE THELEN  
Fowler High School

The new addition to Fowler High School is nearing completion. Most classrooms, the library, new restrooms and the bandroom are now in use.

An assembly and pep rally were held Sept. 23 during activity period. Speeches were presented to the student body by those campaigning for student council offices.

Candidates for vice-president were Joe Koenigsnecht, Karen Simon and Paul Wieber. Secretary candidates were Mary Simon, Mary Lou Wirth and Joanne Thelen. Madeline Motz was treasurer candidate.

The assembly was concluded by a pep rally led by Junior Varsity cheerleaders Judy Feld-

pausch, Grace Myers, Betty Schomisch, Eva George and Mary Wieber. A pep talk was given by Coach Blaine Douglas.

ELECTIONS for student council officers were held Sept. 26. Elected vice president was Joe Koenigsnecht, who along with

aiding our present president, Rosanne Koenigsnecht, will assume the duties of president next school year. The new secretary and treasurer are Mary Lou Wirth and Nadine Motz, respectively.

Coinciding on the ballots with student council candidates were also homecoming queen and court candidates which were composed of the senior girls. Reigning as queen is Beth Becker. Her court consists of Mary Jo Wieber, Joanne Thelen, Mary Lou Wirth and Elaine Huftagel.

HALFTIME ceremonies include the presentation of the queen's float and class representatives. The coronation of the queen will take place at this time. The halftime ceremony will be accompanied by the Fowler Marching Band.

Climaxing the homecoming events will be a dance at the school gymnasium sponsored by the varsity club. Music for the dance will be provided by Exiles, a four-piece band consisting of a lead-bass guitar, drums and a vocalist.

On Sept. 28, freshmen, sophomore and junior representatives were elected for the football homecoming. Class officers were also elected.

THE SENIOR class officers are John Lutting, president, Neal Thelen, vice president; Mary Jo Wieber, secretary; Mark Armstrong, treasurer. Student council representatives are Judy Kramer and Robert Thelen.

The junior's elected Sharon Frechen, president; George George, vice president; Vonnie Becker, secretary; and Dan Feldpausch, treasurer. Student council representatives are Linda Thelen and Stan Pohl. Homecoming representatives are Karen Bergans, Bonnie Schmitt, and Lana Upton.

The new president for the sophomore class is Linda Simon. Vice president is Alan Pohl, secretary is Don Thelen, and treasurer is Sam Simon. Student council representatives are Diane Fox and Doug Messer. Homecoming representatives are Rosanne Smith, Cathy Schomisch, and Jean Feldpausch.

Serving as freshmen president is Don Koenigsnecht; vice president is Mike Klein; secretary is Ann Marie Weber; and treasurer is Eva George. Student council representatives are Keith Thelen and Shirley Thelen. Homecoming representatives are Germaine Huftagel, Joyce Geller, and Mary Wieber.

## Road Commission Weekly Report

The Board of Clinton County Road Commissioners held their regular meeting on Monday, Oct. 3. Most of the day was taken up by bid openings and discussions on the various projects that were bid.

Bids were received on two tandem trucks, two scraper trucks, four dump bodies, two underbody scrapers, processing of 20,000 to 30,000 yards of peastone, bituminous mat on Clinton Highway in Watertown Township and for a tractor-loader-backhoe combination. The last item was re-advertised as all bids were rejected at a former meeting. I will report on final decisions next week.

More bids are to be opened at the next commission meeting Tuesday, Oct. 18. At this time the bidding will be on a motor grader and an asphalt distributor.

ADDITIONAL traffic control was put on Round Lake Road last week. Signs indicating no passing zones were installed from US-27 to the east county line. A speed limit sign was installed last year for this road. Round Lake road has a history of many accidents and fatalities.

Gusty winds last week Thursday kept crews' out late at night. Many trees were blown down across roads, especially in the Bath-Dewitt area.

The new bridge on Island Road across the Maple River near Elsie is very near completion. It is expected to be opened to traffic in a few days.

CONSTRUCTION ON Colony Road is slowed this week because of vandalism. Extensive damage to the bulldozer will keep this \$35,000 machine off the job for a few days. The Clinton County Sheriff's Department is investigating.

DON EWING  
Road Clerk

## West Hubbardston By Clara Hogan

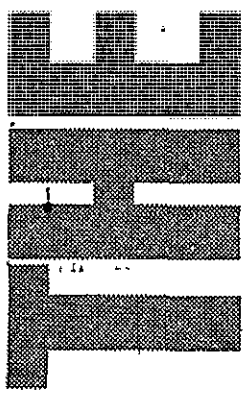

A number of guests were present at the home of Mr and Mrs Al Cunningham Saturday to greet Mrs Nancy Williams. Mrs Williams was on the campaign trail in behalf of her husband, G. Mennen Williams, who served as Governor of our state for 12 years and is now seeking the office of U. S. Senator. He was appointed head of African Affairs by the late President Kennedy and had a great deal of experience during his travels in Africa. Mrs Cunningham served cake and coffee to the guests after all enjoyed the talk given by Mrs Williams.

In preparation for the Forty Hours the ladies of St. John the Baptist parish cleaned the church Thursday. The Sisters then took over the decorating of the altars with autumn flowers. The altar boys are to be commended for their time and service coming for all devotions. Father Fox officiated at the baptism Sunday of Julie Kay Gage, daughter of Mr and Mrs William Gage. The sponsors were Mr and Mrs Robert Bell-gowan.

Mr and Mrs Will Roka and Karen of Owosso spent the weekend at the home of Mrs Roka's mother, Mrs Lillian Donohue. Mrs James Fahey returned to her home Thursday after spending some time in the Ionia hospital.

Mr and Mrs Jack Schineman and family of Lansing visited Mrs Anna Hogan Saturday. Mr and Mrs Ernest Bowers of Lansing visited William Freeman Sunday.

# NOW CARS

The NOW Cars. More than just "new" cars. The Now Cars are designed from scratch for today's driving by today's drivers. They are cars on top of today, from a company on top of today: The 1967 American Motors. 1967 is the year we've been planning for, pointing toward. The year we bring you cars full of today's spirit, bursting with today's ideas. Cars with more room, more power, more safety, cars more exciting than any we've ever built!

Engines for Now. Three sixes that go like eights—and four V-8s that weren't here a year ago. The most modern engines in the industry, from an acceleration Champ Six to the 343 cu. in. 4-bbl. Typhoon V-8.

Innovations for Now. Convertibles that are true six-seaters. Wink lights visible from the side; rally lights that herald your approach.

A road-smoothing 4-link rear suspension—the first time ever with a single-unit body.

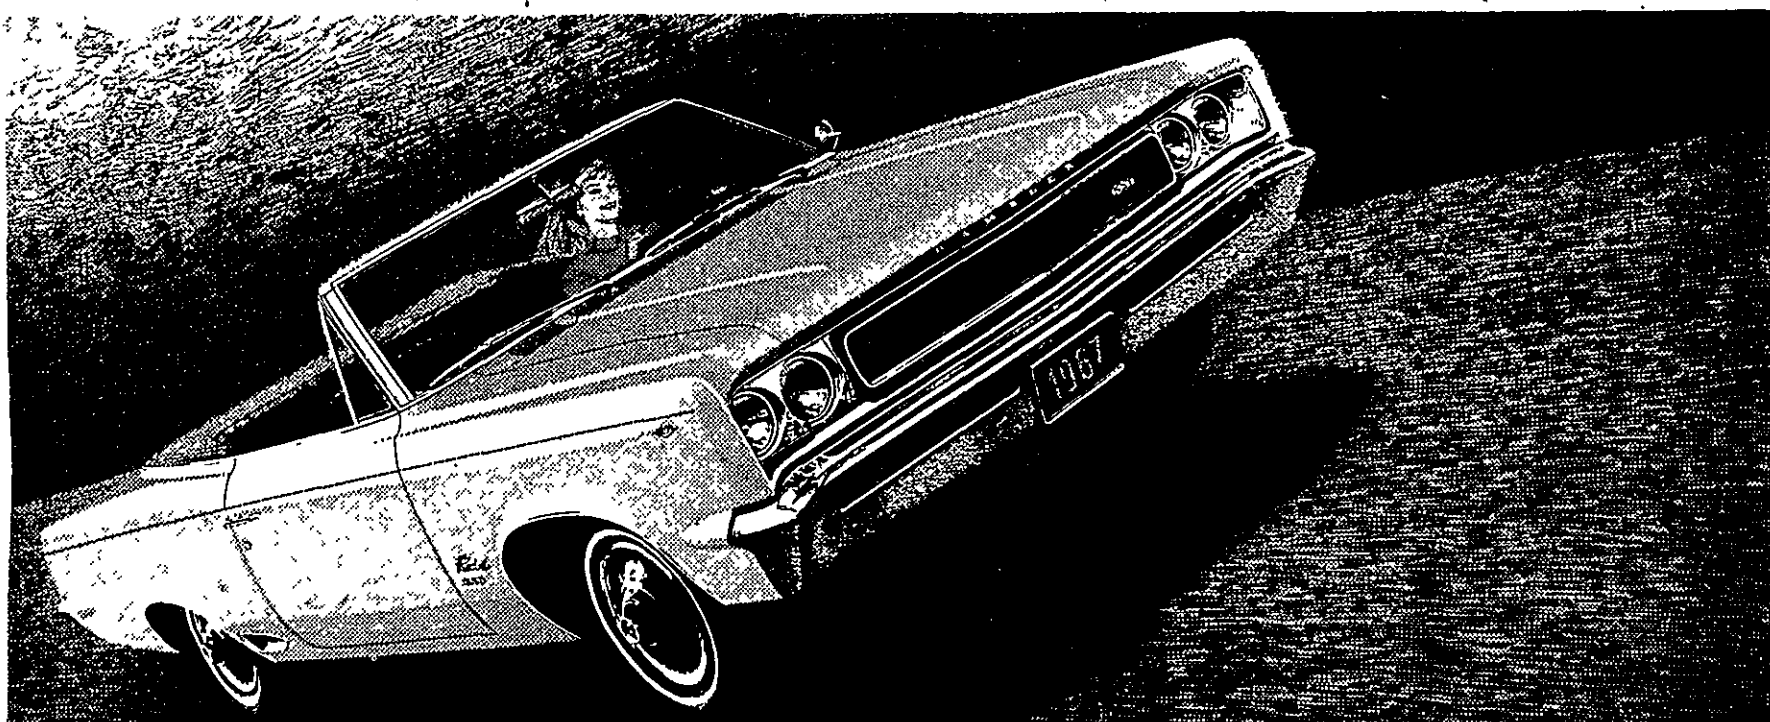

Safety for Now. Every 1967 American Motors car includes: long-awaited energy-absorbing steering column and deep-dish wheel; warning signal light to monitor both brake line systems; shoulder belt anchors; and the Double-Safety braking system we made standard five years before the rest of the industry. All built into solid, single-unit bodies.

Quality for Now. Our past is one of quality. Quality built in—like the Deep-Dip rustproofing and Ceramic-Armored exhaust systems pioneered by American Motors. And when quality is built in, the value stays in.

See your American Motors/Rambler Dealer today. He's the only Now Car dealer in town.

And now—this great new warranty.

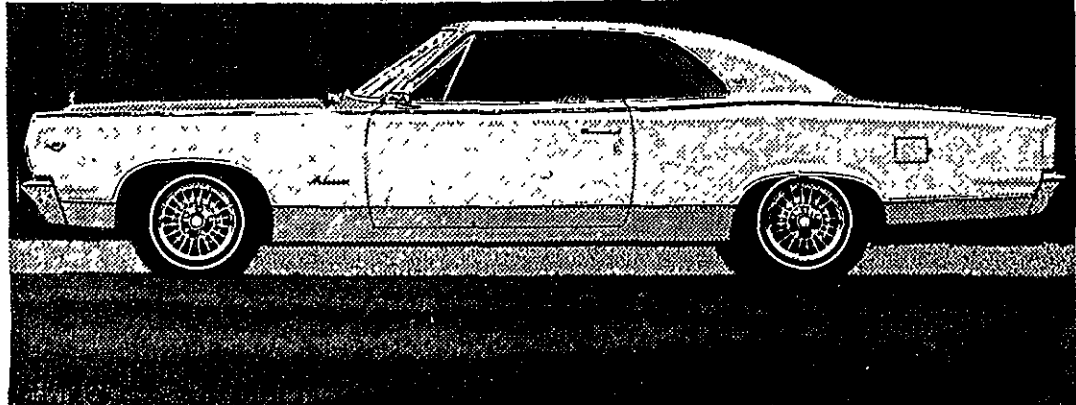

In addition to 2-year or 24,000-mile warranty on the entire automobile, American Motors Corporation warrants the engine block, head, oil pan, water pump, intake manifold, transmission case and internal parts (except manual clutch), torque converter, drive shaft, universal joints, rear axle, differential and rear wheel bearings of its 1967 cars to be free from defects in material or workmanship for 5 years or 50,000 miles, whichever comes first. The owner must change the engine oil and install an oil filter every six (6) months or 4,000 miles, whichever comes first, clean oil filter cap (filtered type) and carburetor air cleaner element every 4,000 miles and replace it every 24,000 miles and furnish evidence of this service to an Authorized American Motors Dealer every six (6) months and have him certify its receipt and the car's mileage. Further, American Motors Corporation so warrants the remainder of the car for 2 years or 24,000 miles, whichever comes first, except tires (warranted by tire manufacturer). Any part so defective will be repaired or replaced, in accordance with the applicable portion of the warranty, without charge at an Authorized American Motors Dealership. Owners are responsible for deterioration, misuse and normal maintenance. Quality built in—so the value stays in.

REBEL Now—the first Excitement Machines in the Intermediate class Cars for Now that never existed before! A 114" wheelbase. Excitement that's 197" long, 78" wide, 54"

high. More people-space inside than any other cars their size. A choice of five engines, topped by a 343 cu. in. Typhoon V-8. A wide road stance and 4-link rear suspension to glue down

corners, untwist curves. An SST convertible (above) that seats 3 in back comfortably. Rebel: SST hardtop and SST convertible; 770 hardtop, sedan, wagon; 550 sedans, wagon.

AMBASSADOR Now—full-size luxury cars created for today, priced for the young man who wants his luxury car right now. 118" wheelbase. Interiors now as spacious as the most expensive full-size cars.

ADPL convertible with room for 3 in the rear. Choice of 5 smooth, silent engines to command. Your choice of Ambassador DPL hardtop (above) and DPL convertible; 990 hardtop, sedan, wagon; 880 sedans and wagon.

RAMBLER AMERICAN Now—Typhoon V-8 thunder comes to the low, smooth, silent engines to command. Two Typhoon V-8s; three big 6's. America's only complete line of compacts: Rogue hardtop (above), convertible; 440 sedans, hardtop, wagon; 220 sedans, wagon.

New Camaro makes

Six Distinct Car Lines for Chevrolet in 1967

Five 1967 Chevrolet models appear to be standing at attention as the CAMARO, newest member of the family, makes its introductory bow to the public (foreground, CAMARO Super Sport). While each Chevrolet model has distinctive styling motifs, the all new CAMARO features a new approach to the "long hood-short deck" design so successfully introduced to U.S. buyers by the Corvette. All Chevrolet-built passenger cars go on public display at dealers' September 29.

CLINTON COUNTY SUPERVISORS' PROCEEDINGS

TUESDAY, SEPTEMBER 6, 1966

The Clinton County Board of Supervisors met on this date at 10:00 A.M. Prayer was offered by Supervisor Gove. A pledge of Allegiance was given to the flag. Roll was called and a quorum reported. Minutes of the July 27, 1966, session were read and approved. Minutes of the Special Meeting of August 19, 1966, were read and approved.

Following distribution of programs for the 6th District State Association of Supervisors meeting to be held at Smith Hall on September 28, 1966, the Chairman declared the Board as a Committee of the whole to attend said meeting.

A letter of resignation from Fred Culy, of DeWitt Township, as representative of the Tri-County Regional Planning Commission was read to the Board. A motion was made by Supervisor Cressman and supported by Supervisor Buck, that the resignation be accepted. Motion carried.

Jane Smith, of R.F.D. #4, Lansing, Michigan, Watertown Township, was nominated by Supervisor Carter as a member of the Tri-County Regional Planning Commission Board to fill the vacancy caused by the resignation of Fred Culy.

A motion was made by Supervisor Shepard and supported by Supervisor Angell, that nominations be closed and the Clerk instructed to cast a unanimous vote for Jane Smith, as Member of the Tri-County Regional Planning Commission Board for term ending April 30, 1967. Motion carried.

A motion was made by Supervisor Austin and supported by Supervisor Krebel, that Letta Parker of 1283 North Hollister Road, Ovid, Michigan, be appointed to succeed herself on the Clinton

County Library Board for a term of five years. Motion carried. Supervisor Carter, as Chairman of the Records, Printing and Equipment Committee made a report and certain recommendations.

A motion was made by Supervisor Buck and supported by Supervisor Clark, that the Building and Grounds Committee be given power to act on the recommendation of reconditioning the west basement vault for the purpose of storage of Court records. Motion carried.

Robert Yager, Robert Barnes and Paul Mahon, Sanitariums from Clinton, Gratiot and Montcalm Counties respectively, together with Dr. Smith, Director of the Mid-Michigan District Health Department, presented a proposed Health Ordinance in a form of a sanitary code requesting that it be adopted by all the three aforementioned counties.

After discussion a motion was made by Supervisor Shepard and supported by Supervisor Howe, that the ordinance be adopted as presented.

A motion was made by Supervisor Cressman and supported by Supervisor Underhill, that the foregoing motion be tabled until the next regular meeting. Motion carried.

Representatives of the Tri-County Regional Planning Commission gave a progress report before the Board and spoke on solid waste material disposal.

On motion made and supported, the Board recessed to 1:30 P.M.

A motion was made by Supervisor Moore and supported by Supervisor Buck, that reading of Supervisors expense accounts be dispensed with and they be paid as presented. Motion carried.

Supervisor Clark, member of the Appropriation and Finance Committee, presented a revised budget for Clinton County, which had been advertised for a final public hearing at this time. After discussion a motion was made by Supervisor Clark and supported by Supervisor Austin, that the budget as presented, showing a total need for expenditures of \$861,170.00 with \$639,420.00 to be raised by property taxation, be hereby adopted. Motion carried.

Gerald Walter, Zoning Administrator, together with Edward Blaisdell, of the Blaisdell Body Shop on U. S. 27 in DeWitt Township came before the Board to present a request for permission to enlarge a parking lot on his property to be used for the parking of wrecked and abandoned automobiles. After considerable discussion the Chairman referred the question to the Zoning Committee for a report at the next meeting.

A motion was made by Supervisor Moore and supported by Supervisor Austin, that this Board concur with action of the Clinton County Zoning Commission taken on August 16, 1966, and that the St. Johns Board of Education be permitted to erect a school on the following described parcel of land: Commencing at the Northwest corner of Section 23, T6N, R3W, from point of beginning, thence East along the section line a distance of 50 rods to a point, thence South parallel to the West line of said Section 23 a distance of 32 rods, thence West a distance of 50 rods to the section line, thence northerly along the West section line of said Section 23, to the point of beginning, said parcel containing ten (10) acres. Voting Aye on roll call were Supervisor Shepard, Moore, Setterington, Shinabery, Austin, Clark and Tiedt. Voting Nay were Supervisors Mayers, Gove, Hufnagel, Angell, Howe, Nobis, Cressman, Krebel, Underhill, Carter, Thelen, Buck and Price. Supervisors Reed and Coletta were absent, 7 Ayes - 13 Nays. Motion declared lost.

A motion was made by Supervisor Tiedt and supported by Supervisor Shepard, that this Board concur with action of the Clinton County Zoning Commission taken on August 16, 1966, and that the St. Johns Board of Education be permitted to erect a school building on the following described parcel of land: The East 1/4 of the Northeast 1/4 of Section 14, T6N, R2W, except a parcel of land 84 rods East and West by 36 rods 7.27 feet wide, north and south, approximately 19-1/10 acres. Voting Aye on roll call were Supervisors Shepard, Gove, Hufnagel, Angell, Moore, Shinabery, Nobis, Cressman, Austin, Clark, Krebel, Underhill, Carter, Thelen, Clark, Tiedt, Buck and Price. Motion carried.

A motion was made by Supervisor Shepard and supported by Supervisor Clark, that this Board concur with action of the Clinton County Zoning Commission taken on August 16, 1966, in the approval of an "Amendment of Section 14.3 Sub-section (d) paragraph three to reflect a minimum fee of \$5.00 and for each \$1000.00 of cost, or part thereof, any excess of Three Thousand (\$3000.00), \$1.00." Motion carried.

A motion was made by Supervisor Carter and supported by Supervisor Clark, that this Board concur with action of the Clinton County Zoning Commission taken on August 16, 1966, in the approval of an "Amendment of Section 15 to reflect the addition of Sec. 15.4 (f) providing for the charging by the Zoning Administrator of a fee of \$25 for all appeals taken under Section 15." Motion carried.

A motion was made by Supervisor Shepard and supported by Supervisor Buck, that this Board concur with action of the Clinton County Zoning Commission taken on August 16, 1966, in the approval of an "Amendment of Section 17 to provide for a fee of \$35.00 to be collected by the Zoning Administrator, upon application for rezoning." Motion carried.

A motion was made by Supervisor Shepard and supported by Supervisor Carter, that this Board concur with action of the Clinton County Zoning Commission taken on August 16, 1966, in the approval of an "Amendment of Section 3.10B to specifically provide for the abrogation of the individual trailer coach permit provisions except for uses allowed to trailer coaches qualifying under Section 3.10A of the ordinance." Following the call for a roll call vote those voting Aye were Supervisors Shepard, Angell, Howe, Nobis, Carter, Clark and Tiedt. WACOUSTA COMMUNITY METHODIST CHURCH

## To observe centennial

Wacousta Community Methodist Church will observe their centennial Oct. 15 and 16.

The Methodist Episcopal Church of Wacousta was organized in 1866, the church edifice was erected in 1867 and dedicated in 1868. Rev John Bragins was the first minister in charge and at that time Wacousta was on a circuit with Grand Ledge Methodist Church. In 1887 Wacousta, Delta Mills and Delta Center were placed together with the minister living in Delta Mills. In 1898 Wacousta asked to be stationed by itself, and the request was granted. Two acres of land with building were purchased from H. L. Weaver, next to the church for \$800.

The home was used for the minister to live in. Rev. A. J. Cartland, who presently is a resident of Clark Memorial Home in Grand Rapids.

In 1915 an addition was added, which presently is used for the sanctuary.

The present parsonage was purchased from A. H. Andrus in 1920 and Rev F. S. Kenny was the first minister to occupy the new home. The old parsonage was used as a Sunday school room for the children until 1937 and it was torn down.

Rev F. G. Wright served the longest time as pastor of the church, he was here eight years. His son, Frank married Shirley Miller and still lives in Wacousta and works at the MSU Hospital in Lansing.

Rev William J. Torrey came

to Wacousta in 1960 and the new education unit was built. The service of consecration and cornerstone-laying for the new unit was held Oct. 27, 1963. Rev Howard Lyman, District Superintendent presided.

THE PRESENT pastor is Rev Tom Peters. He and his wife, Mary and four children, came to Wacousta in 1964.

The Centennial celebration will begin Saturday evening with an informal reception at the church. A Sunday morning breakfast will be served by the Methodist Men's Club from 8 until 9 a.m. All friends and members are welcome.

Dr Stanley Buck, the Albion-Lansing district superintendent, will address the Sunday morning worship service at 10 a.m. Following the church school there will be a potluck dinner served in the dining area. Meat, potatoes and drink will be furnished. The new bulletin board will be dedicated.

## District president at Auxiliary meeting

A regular meeting of the Ladies Auxiliary to VFW Post 3738 was held Wednesday, Sept. 28. District President Grace Yerrick and Lois Sell of Vernon were special guests. Mrs Yerrick performed the annual inspection of the auxiliary.

Elaine Halfmann, the civil defense chairman, advised the ladies that a medical self-help class would start in Fowler next

week and urged them to enroll. It was decided to purchase additional American flags for presentation for new classrooms in Fowler and Westphalia. A \$5 donation was made toward a Christmas party for indigent patients at the Battle Creek Veterans hospital.

Marilyn Halfmann and Gerry Wieber were appointed to furnish lunch at the next meeting, which will be held Oct. 26. Dora Pohl and Ann a Droste are in charge of entertainment.

The medical self help class, sponsored by the Sections and Corners Extension group, met Tuesday evening at 8 p.m. at the high school for its first lesson on radiation and fallout. There will be six classes, each beginning at 8 p.m. If you missed the first one, you must be at the second one to enroll. No enrollments will be taken after the second lesson. Every adult should take these lessons if at all possible.

Mrs Frank Whittaker, Mrs Hilary Hader, Mrs Ivan Fink, and son Michael spent last Thursday, with Mr and Mrs Louis LaFave, in Detroit.

Mrs Margaret Koenigsnecht is visiting at the home of Mr and Mrs Henry Stump.

Mr and Mrs Louis George and family of Brighton spent Sunday with his parents, the Vince Georges. Phyllis George was home for the weekend.

### Careless smoking top fire cause

Smoking carelessness consistently tops the list of fire causes, according to National Fire Protection Assn. studies.  
 Unfortunately, we almost always blame the match and cigarette rather than the careless, unthinking person who used them.  
 The rules of smoking safety are simple and pure.  
 Make certain matches and cigarettes are completely out before you dispose of them.  
 Keep plenty of ashtrays around the home and office—large, deep ashtrays designed so a burning cigarette can't fall out. Always use the car ashtray when driving.  
 And if you smoke in bed or any time you're drowsy, don't. The bedding and clothing fires thus started cause hundreds of deaths yearly. Break the habit before it buries you!  
 If you are between 9 and 19 you can be a 4-H member. If you are over 19 you can serve the youth of America as a 4-H leader. No matter what your aim or interest, a place is waiting for you in 4-H. Explore the possibilities now during the National 4-H Week.

## Kurka to speak here tonight

Joe Kurka, Democratic candidate for state senator from the 30th senatorial district, will speak in St. Johns this evening (Thursday) at Walker's Cafe.  
 Kurka will give his views on state government starting at 8 p.m. The public is invited. Coffee will be served.  
 Kurka is seeking to unseat incumbent Senator Emil Lockwood at the polls this November.

ber. He is a native of Shlawassee County and operates a 400-acre farm north of Ovid.  
 He served 12 years as treasurer of the school board in Fairfield Township and has been a Fairfield Township trustee. He was the first chairman of the Michigan State Fair Authority and served that same number of years on the Michigan State Fair Commission, including time as chairman.  
 He is a legislative representative for NFO and was 1956 chairman of the Fairshare Bargaining Assn., a farm organization dedicated to raise milk prices for farmers. From 1955 to 1960 he served as chairman of the Shlawassee Democratic Committee.  
 New cases of tuberculosis in Michigan are up more than 12 per cent thus far in 1966, according to reports of the Michigan Department of Public Health. As of Sept. 16, a total of 2,398 new TB cases have been found as compared with 2,113 new cases at the same date in 1965. This is an average of 65 new cases per week.

## 'Welcome mat out' for DeWitt school annexation

DeWitt—The welcome mat is out for annexation of adjoining areas to the DeWitt Public School District.  
 The board of education reaffirmed that stand last Tuesday night for residents in the area of Clark and Stoll roads who appeared at the board meeting seeking information on annexation procedures.  
 Petitions are required before transfer action can be started. Though they would have to go through normal annexation procedures, the people were told by the board they could expect full cooperation from DeWitt school officials.  
 THE STATE superintendent of public instruction is currently holding hearings regarding possible realigning of DeWitt district boundaries.  
 Supt. Hobart Jenkins told the board four temporary mobile classrooms will be put into use

soon at the Scott Elementary School where a \$200,000 building project is under way. It was approved by voters last June and is expected to be ready for use by fall of 1967.  
 Mrs. Judy Schwerdt, a graduate of the University of Tennessee, and Mrs. Carole Strickland, a graduate of Eastern Carolina College at Greenville, N. C., were hired to teach elementary grades. Educational television for kindergarten through fourth grade was approved by the board. The board also authorized Jenkins to explore the possibilities of an adult education program in DeWitt.

senior, high school art teacher, reported progress in DeWitt's first formalized art program. Mrs. Virginia Recker, DeWitt's first foreign language instructor, discussed new approaches to language instruction. Mrs. Recker is tri-lingual, speaking English, French and Spanish.  
 William Gillingham, guidance director and counselor, reported on progress in implementing DeWitt's first program in the areas of guidance and related services.  
 More than half of Michigan's nearly 36.5 million acres of land is heavily forested, according to the Michigan Tourist Council. The state has some seven million acres of public forest land.

Mrs Parr and Mrs Brooks have held memberships in the club since 1918 and 1913, respectively. Mrs Lee DeWitt, who was unable to be present for the picture, has been a member since 1910.

## Woman's Club is 75

St. Johns Woman's Club observed their diamond anniversary Wednesday, Oct. 5, with a rededication service during the first program of the new season. The meeting was held in Niles Hall of the First Methodist Church of St. Johns.

The club, first known as the Ladies Literary Society was organized Dec. 19, 1891, at a meeting held at the home of Mrs M. Babcock. Its scope was to be the promotion of literary and scientific pursuits and to obtain a broader culture; intellectually, socially and morally.

THE FIRST YEARS work concentrated on the history, literature and art of Greece. In the following years Rome, Germany, France and England were studied. The programs also included music and current events.

The first officers of the Literary society were Mrs M. Babcock, president; Mrs H. M. Perrin, vice president and Mrs F. A. Travis, secretary and treasurer.

The founders of the society were Mary Babcock, Mary Perrin, Carrie Travis, Melissa Woolcott, Ruth Hughes, Carrie Steele, Marla Bromley, Mrs B. D. Palmer, Frances Grisson, Stella VanSickle, Celia Smith, Cora B. Smith, Mrs Captain Marvin, Emma Faxon, Minnie Coleman Waldron, Mrs William Castle, Elizabeth Fedewa, Emma Weller, Jennie Watson, Carrie Goette, Caddie Shaver and Mattie Morris.

THE CLUB JOINED the state federation in 1895 and in 1904 met with the Ovid and Elsie clubs and formed a county federation.

In 1910 the Ladies Literary Society became the St. Johns Woman's Club. It was about this time the organization began working with civic improvements. The first activity of this sort was the planting of an elm tree on the south side of the courthouse.

Their concern for the care of eyes, which is still continuing

today, began many years ago, when one of the founders, Mrs Frances E. Grisson, left a trust fund to help worthy women and girls obtain glasses or have minor operations.

The club house fund became the nucleus for the scholarship fund. The club helped to establish Girlstown and still helps to support it.

THE CLUB IS STILL considered a study club, as was the initial purpose, but the scope has been broadened to include such things as promotion of safety legislation.

Members of the St. Johns Woman's Club have gone on to higher offices. Mrs G. G. Hunter became state president of Woman's Clubs from 1924 to 1926. Ten years later Mrs Donovan Smith served as president of the West Central District and later became recording secretary for the state federation.

Mrs Manning Bross was president of the West Central District in 1958 and at present is holding the position of state chairman in continuing education.

The WRC met Sept. 21. The WRC held a regular meeting Tuesday, Sept. 21, at the home of Katie M. Woodruff. Following the business meeting, cards were in play with high prize going to Anna M. Lake and low to Flossie Woodhams.

The next regular meeting and thimble party will be at the home of Minnie Wright of 307 N. Mead Street, Tuesday, Oct. 4.

## CLINTON COUNTY NEWS PAGE for Women ... AND MEN, TOO

### Spud is nutritious, only 100 calories

By HELEN B. MEACH  
Extension Home Economist

Not so long ago we could tell the time of day when mother peeled the potatoes.

And when dad said, "Please pass the potatoes," his choice was boiled, mashed or fried. Not all on one occasion either. There were special occasion potatoes—escaloped.

Potato processors are giving mom a hand these days and dad's choice is no longer limited. Actually only about one-half of the potatoes we eat ever see our home kitchen paring knives.

One fourth of them come into our homes all ready to eat as chips, sticks, canned, dried and frozen products. Another big portion of the potato crop is served to us in restaurants.

HOME MAKERS NOW spend more for frozen french fries, frozen puffs, instant whipped potatoes and other convenience potato items than they do for fresh potatoes. It is even predicted that within the next ten years, 75 per cent of the potato crop will be processed.

If we home consumers are to get the most food value out of the potatoes we eat, we'll go easy with the paring knife. The potato is a treasure house of the nutrients we need in our daily diets. Protein is about the only essential nutrient that's missing and we get that in the meat, eggs, poultry, fish and dairy products we eat along with potatoes.

Although generous in flavor, temptation and nutrition, potatoes are basically conservative-caloria wise. Snowy white, energy-packed medium-sized spuds contain only 100 calories—the same number found in a large apple or orange.

POTATOES ARE likely to be economical, too. With a heavy late summer crop available now at produce counters, prices are likely to be more attractive than usual.

The potato grows underground in a cool dark environment. If you want the potatoes you purchase to keep well, keep

them cool and dry. And by all means, keep them in the dark. Even the lights in a store will cause them to light burn. But potatoes turn green instead of red or brown as you and I when we're exposed to sunshine. The green light burn color in a potato causes that part to become bitter and toxic and necessarily should be cut away—one legitimate job for your paring knife.

Should the challenge of the knobby home garden grown potato be too much for your paring knife, try this system. Scrub the potato clean. Cook it in its jacket. If you want mashed potatoes, hold the hot potato on a fork and peel the skin off and then mash it as usual. You have lost very little of the nutrient value. It works.

HERE IS A NEW and different recipe using potatoes and sour cream. It comes from the consumer's marketing office, MSU.

**Sour Cream Potato Soup with Chives**  
2 cups diced raw potatoes  
1 cup boiling water  
1 tsp. salt  
1 small onion sliced  
1/4 tsp. pepper  
2 cups dairy sour cream  
Fresh, dried or frozen chives  
Combine the first five ingredients and cook together for 15 minutes or until potatoes are tender. Add cream and stir till well blended. Do not boil. Serve hot. Garnish with chopped chives. This soup is rich and thick in consistency. You may wish to thin with milk. We tried this at our house and found it to be a real gourmet dish.

#### Mrs Jean Fox last week's Tops queen

Mrs Jean Fox was the queen of the week at the St. Johns Tops Club last week. She's a new member, having joined the previous week.

There were 25 members and four guests present last week for the graduation of Mrs Phyllis Acre. Miss Sandy Dershem sang several selections, accompanied by Mrs Julia Thornton. Refreshments were served after the program.

Candy has arrived for the candy sale, and members may pick up their supply this week.

Life is one continuous obstacle race for those who insist on jumping at conclusions.

### Sew now fly later

Enter the "Make It Yourself With Wool" contest—sew now, and you may fly later to Europe. The grand prize in the "Make It Yourself With Wool" Contest is a two week European holiday. You will be flown to and from England, France and Germany via TWA Star Stream Jet. Other prizes include college scholarships, US Savings Bonds, sewing machines and many more!

Mrs Byron Good of 2900 Collins Road, East Lansing, will serve as director of District Four for the "Make It Yourself With Wool" contest in Michigan. Mrs Lawrence G. Boettner, state director, of Bridgewater, has announced. Mrs Good's district includes Clinton, Genesee, Ingham, Livingston, and Shiawassee Counties.

The contest is a sewing contest for girls between the ages of 10 and 21. The girls must make their own garments from 100 per cent woolloomed, knitted or felted in America. The contestants in district four will model their wool garments at a style show Saturday, Nov. 12, at Anthony Hall, Michigan State University, East Lansing. The winners of the district contests in Michigan will model their garments at the State Style Show Saturday, Dec. 11, at the Union Building, Michigan State University, East Lansing. The state winner will travel to the National Finals in Las Vegas, Nevada.

Scholarships, savings bonds, sewing machines, luggage, tailoring books, electric scissors, cosmetics, wool wardrobes in yardage, jewelry, textured stocking wardrobe, wardrobe of gloves, magazine subscriptions, pinning shears, sewing kits and sewing aids are among the awards offered on the district, state and national levels.

MRS BYRON GOOD is the contact for any girl between the ages of 10 and 21 who is interested in entering the contest.

Mrs Lawrence G. Boettner, state director, of Bridgewater is also handling contest entries.

#### DAV to hear Bernard Killian

Clinton County Chapter No. 64 of the Disabled American Veterans, DAV, will have as their guest speaker, State Service Officer of the DAV, Bernard Killian, who is stationed at the Saginaw Veterans Administration Hospital. The regular meeting will be held Friday, Oct. 7 at 8:30 p.m. at the Veterans Memorial Building in Ovid.

Killian will assist anyone who has problems or questions in regard to veterans benefits, such as insurance, school, training, pension, compensation or hospitalization.

Meetings for October will be held Friday, Oct. 7 and Friday, Oct. 21, at the Veterans Memorial Building in Ovid.

### Mikael Ask and his American sister, Lisa Davis Swedish student views USA

"When it comes to material things the United States is ahead of Sweden," Mikael Ask, 18, exchange student from Sweden said.

In his native land most families are "one car - one television" families. One is not likely to find the profusion of small household appliances there either.

Culturally the United States is behind Sweden, Mikael feels.

THIS MAY BE attributed to there being only one television station in Sweden which broadcasts only during the evening hours. Many of the programs are designed to uplift the cultural values of the citizens of Sweden.

With only one station to view one is either uplifted or doesn't watch television.

"I FIND American television more entertaining because of the choices offered," he said.

"But I would like to see a good travelog occasionally," he added.

Mikael was emphatic about American food.

"I like it very much and I think I have already gained some weight."

MANY FOODS WE take for granted here are considered luxuries in Sweden. Many of the snack foods found in every home

would be considered in the luxury category, he said. One food he mentioned in particular was potato chips.

Mikael is making his home with the Roy Davises of N. US-27, St. Johns, this year while he is here as a representative of the Youth for Understanding program.

In addition to their Swedish foster son, the Davises have four children: Holly, who is studying at the University of Sheffield in England; Della, a Central Michigan University freshman; Alan, a University of Michigan sophomore and Lisa, a sophomore at Rodney E. Wilcox High School.

Mikael comes from Huskvarna, which is located about 200 miles southwest of Stockholm. He lives there with his father, Rune, who is a technical manager at a plastic factory; his mother, Harriet and a sister, Gudrun, 14.

HE BEGAN TO study English when he was 12. While attending school here he will be studying American literature, government, American history, typing and glee club.

He has been majoring in the sciences, mathematics and chemistry, and plans to go into civil engineering. After he completes his education he plans to work in industry.

# McGonigal Corners

By MRS. JOHN MCGONIGAL, Correspondent

## North to Alaska

Mrs Ruth Wright is a member of the Bath Baptist Church and very missionary minded. July 28, Rev James Jenkins, his wife, Donna, son Joey and Mrs Wright started on the long trip to Alaska; destination Eagle River and Anchorage.

They left Leslie, with a 1966 Ford pickup with a Pam Top, and a 1952 two ton Chevrolet and traveled to Okemos, where the brakes had to be adjusted on the Chevrolet which Mrs Wright would be driving through to Alaska. There the Jenkins

family spent the night with friends, and Mrs Wright was taken to her home near Bath, to be picked up the next day.

Two days later they arrived in Grand Forks, N. D., where they were to pick up a 1956 International school bus minus seats.

This portion of the trip was not without incidents for the Chevy, such as a broken brake line, out of gas and two lug bolts shearing off the left front wheel. These Mrs Wright calls minor, as it seems to happen to most who make a hobby of going places and doing things.

THEY STAYED in Grand Forks with Rev Gordon Sileo and his family until Aug. 11, when a complete overhaul of the bus motor, checking all other mechanical parts and loading furniture so as it would not shift enroute, was completed.

Continuing west on Highway, US-2 to Minot, where they angled northwest and crossed the Canadian Border at Portal just after dark. The customs inspectors were very friendly and directed them to a camp about 12 miles farther on; where they spent the night.

The extent of Canadian wheat

fields surprised Mrs Wright very much.

South of Edonnton they saw very few trees, except around farm homes. They saw many oil wells. The country is slightly rolling, and seemed to have a dark soil of gumbo consistency.

After Dawson Creek, the terrain quickly changed to mountains, which were very beautiful. Near Mile 386 they saw the first snow capped mountain peak and they camped within sight of it. They got water from the Tessa No. 2 River, which was very cold and clear. Some of the streams were gray looking and they did not use the water from them

except for washing and to put in the radiator on the Chevrolet which Rev Jenkins had nicknamed, Betsy. Her radiator had sprung a leak and from here on; Mrs Wright watched the gauge.

These small afflictions of the old truck just kept them alert and the landscape kept them very interested. They saw a cow moose and calf and took snap shots; the brakes gave out and they drove along Mucho Lake, stopped and took pictures, Old Betsy caught fire. Up and down mountains, across bridges, through towns and right into mountains again.

The driving was not as bad as people are led to believe and it

was not as cold as some would think.

They arrived at Eagle River Aug. 21 about 4 p.m. and after stretching a bit and looking the situation over, they left the bus and Betsy and traveled on to Anchorage in the Pickup, where a warm welcome awaited them. The Bible Baptist Church of Anchorage was happy to have their missionary back again. Its rather difficult to replace so able a person, mechanic, pilot, carpenter, cook, preacher and friend in the person of Rev Jim Jenkins.

MRS WRIGHT spent eight days in and around Anchorage doing

what she could do, to help get the Jenkins home in a livable condition again, and all the time enjoying the beautiful scenes. Now during this time Mrs Wright got in contact with Mrs James Miller and two children, who were heading back to Benldji, Minnesota for school. She left Aug. 20 with the Millers and with her helping with the driving they arrived in Benldji early Sept. 3.

That afternoon Mrs Wright left for home by bus and she arrived in Lansing the next day around noon. A call to her family and she was soon at the end of journey.

"Anybody going to Alaska and like a passenger, I'm ready," she said.

Mr and Mrs Guy Pace of 13571 Walnut Street, Bath, entertained over the weekend, Mr Pace's two sisters, Mrs Ruth Pace of Pontiac, and Mrs Donna Pace of Sao Paulo, Brazil. The main objective of Mrs Donna Pace was to visit the states and to enroll her daughter, Sherie in Florida Southern College at Lakeland, Fla. Mrs Donna Pace's husband is superintendent of the Pattern and Foundry of General Motors. Another Pace brother lives at Catano Do Sul.

### Pewamo

By Mrs Irene Fox

Fire was discovered in the home of Mr and Mrs Paul Fox Friday morning, Sept. 30, by neighbors who saw smoke rolling out. By quick action of the Pewamo fire department the home was saved but considerable damage was done to the inside. The Fox home had just been completely remodeled in early spring. The cause of the fire is still undetermined. Mr and Mrs Paul Fox expect to live in the Anthony Miller home until their home will be ready to move into. Construction work started Monday, Oct. 3. The Fox home is at 131 Jefferson Street, Pewamo.

Mrs Katherine Geller, Mrs Agnes Fox, Mrs Frank Whittaker and Miss Irma Schuller were Sunday visitors of Mrs Elizabeth Harris at Lourds Convalescent home in Pontiac.

Mr and Mrs Bill Bertrum Detroit were visitors of Mrs Katherine Geller Monday.

Mrs Christine Schuller, 74, of Mount Pleasant passed away during the last week. The funeral was Saturday, Mrs Schuller was an aunt of Mrs Mary Droste.

Mrs Mildred Fox left Thursday for Detroit to be with her daughter Miss Marjorie Fox who underwent surgery Thursday, September 29.

Oct. 16 is confirmation day at St. Joseph's parish Pewamo.

Mrs Eva Becker, Mrs Josetha Klein and Miss Clarine Klein attended the wearing apparel and accessories market at the Morton house in Grand Rapids.

Mrs Joseph Klein Jr. and daughter Letha and Mrs Gene Schrauben visited Henry Klein at St. Joseph's Seminary in Grand Rapids.

Mrs Andrew Fox went to Saginaw Thursday. Mr Fox returned home with her after spending several weeks at the Veterans hospital. His condition is about the same.

Dick Kramer of St. Johns spent Saturday and Sunday with his parents, Mr and Mrs Clement Kramer.

Mr and Mrs Andrew Fox were visitors of Mr and Mrs Louis Werner of Ionia Sunday.

Sunday, Sept. 25, dinner guests of Mr and Mrs Kenneth Parks and son Jack were Mr and Mrs Gary McQuillan and Kelly and Mr and Mrs Laurence Parks, and daughters Debbie and Terrie all of Lyons. Mr and Mrs Kenneth Parks and Jack are leaving Saturday, Oct. 8, for a two week vacation on the Gulf of Mexico.

Sunday, Oct. 2, dinner guests of Mr and Mrs Kenneth Parks were Mr and Mrs Lauren Parks, Dennis and Laurie of Maple Rapids, Mr and Mrs Louis Simon and daughters Shirley, Norma Jean and Janet of Pewamo, Mrs David Gene Parks of Ionia and Miss Sharon Gurnee of Palo, a friend of Jack Parks. The occasion was in honor of the second birthdays of Laurie and Janet which are one week apart.

# story time with GOD

Religion is a vital need at every age. And these boys and girls are busy gaining religious knowledge that will be important to them all through life. We grownups are accustomed to the Church's presence in community life. It is always there, gracing the horizon with its spire... offering its message of faith to a confused world.

But peek into the corner of a beginner's room on Sunday morning and behold the majesty of the Church's mission. It brings the consecrated talents of artists, writers and teachers together, and focuses them upon the eager minds of a generation preparing to face life. It gathers the spiritual truth unfolding for centuries, and in beloved story brings it to the ready ears of tots and toddlers.

Support and attend the church of your choice. Make sure your children are sharing in this life — enriching STORY TIME WITH GOD.

# 6 gallons of blood

## That's record of area's best donor

Dan Martemucci holds a record—he is the current largest blood donor in Clinton County. He has given six gallons of blood! Dick Newman has given four gallons of blood. These Clinton County residents are strong supporters of the Lansing Regional Red Cross blood program.

There are hundreds of other active supporters, too. And with the Red Cross participating in this year's Clinton County Communities Chest drive, all donors to the chest fund will be a supporter. The Communities Chest drive for this year gets under way Oct. 17.

It is important for the Red Cross to have such faithful blood donors because often the blood is used to save a life. Human blood has been termed a "miracle of nature" because it is now one of the great healing medicines of modern science. However, a great deal of time and work goes into the process of collecting and distributing blood.

WHEN THE RED Cross Bloodmobile visits Clinton County, Red Cross nurses and volunteers check the medical histories of each donor and then begin the process of collecting the blood in bottles. The bottles must be placed in chests packed with ice because blood is very sensitive to heat. When the day's collection is completed, the chests are taken back to the Red Cross blood center in Lansing and unloaded. The bottles are placed in a large walk-in refrigerator where they remain overnight.

Each bottle of blood has three pilot tubes that are numbered to match the bottle. One of these tubes is sent to the lab where technicians check the type, Rh, and serology. The results are recorded on a master sheet and the bottles are then labeled accordingly. Next the bottles are separated according to type, Rh, and time of collection. The label-

ed bottles remain in the refrigerator until an order for blood is received and then the bottles are packed in ice and shipped.

THE STORY OF BLOOD is a dramatic one. The blood collected by the Red Cross in Clinton County is used to replace blood lost because of injury, childbirth, or disease. It is used to treat shock due to injuries; for those undergoing surgery; for those severely burned; for anemia; to make blood derivatives. Not one drop is wasted—there is a use for it all and all the uses improve people's health and save lives.

Volunteers in Clinton County help to make the blood program a success. In DeWitt, the Women's Auxiliary of the Volunteer Fire Department provides all recruiting and volunteer help for the bloodmobile. Mrs. Bobby Spicer, is the volunteer chairman in St. Johns. In Ovid, Mrs. Ada Wittenberg works hard as volunteer chairman for the blood program, and in Elsie Mrs. Earl Slaugh is the volunteer chairman. The Westphalia Jaycees do all the recruiting in their community and work as volunteer blood chairman.

IN CLINTON COUNTY the volunteers are very important. However, there are still expenses in the blood program. Each bloodmobile visit costs approximately \$600 for expenses for the vehicle, doctors, and nurses. Although the residents of Clinton County are very responsible when the bloodmobile comes, money is still needed to pay the expenses of the visit. This money comes from voluntary contributions to the Communities Chest.

The total area of the Lansing Regional Red Cross Blood Center provided 80,769 pints in collection last year. If the blood has been sold at \$25 a pint, this

would have represented \$2,019,325. However, the blood in this region is not sold—the area of the Lansing Regional Red Cross Blood Center is a total coverage area. The only fees are hospital administrative costs when great quantities of blood are needed. Patients need only notify their local Red Cross to receive the blood.

IN ADDITION TO supplying blood to meet the needs of its residents, the regional blood program last year supplied 2,524 pints of blood to the Department of Defense for military use. This blood is used to make the derivatives serum albumin, used in fighting shock due to wounds, and gamma globulin, used in preventing infections such as hepatitis.

The region also provides blood for heart surgery cases at the University Hospital in Ann Arbor. Each case needs an average of 20 pints and there are at least three or four cases a week. Blood is fresh for three weeks after its collection. After that time it is sent to the Michigan Department of Health to be made into derivatives which are used to prevent and fight disease.

IN THE LANSING Regional Red Cross Blood Center there are three bloodmobiles operating five days a week. The bloodmobile visits need the support of every community to insure that the region will have enough blood on hand to meet the demands.

Every citizen is urged by the Red Cross to contribute to the blood program so that the area may remain a total coverage area. The area must also meet its commitments to the Department of Defense to keep the military supplied with its necessary quota. The American Red Cross Blood Program nationally will cost \$6,543,700 next year for technical and processing costs.

The Red Cross is again asking the support of Clinton County—both in blood donations and financial contributions—to keep the blood program going successfully.

### Bannister

Mrs. Robert Valentine  
Phone 862-4342

Linas J. Helman of Ithaca was guest speaker at the Ashley and Bannister Methodist churches Sunday. Helman is a member of the Gideon Society and told of the work of the Gideons. The Senior Choir sang the anthem and Raymond and Jim Stewart served as acolytes.

The first skating party of the season was held at Fenmore Friday evening. The Methodist Youth Fellowship of Bannister sponsor a skating party once a month during the fall and winter months.

"Affluence and Poverty—The Christian's Dilemma," is the title of the study course at the Methodist Church. The first of four meetings began Thursday evening with 12 in attendance. The goal of the course is not just study and accumulation of new knowledge but to obey the Great Commandment to love thy neighbor. Mrs. Robert Valentine is leader of the group.

Rev. Wayne Sparks gave the lesson at the Senior MYF meeting Wednesday evening. He told of how funerals are performed and many other aspects of death. The group was unable to tour Carter's Funeral Home in Elsie Wednesday but hope to be able to do so in the near future.

Mr. and Mrs. Carl Cox returned home Friday from Cleveland where Mrs. Cox underwent surgery.

Irving Wicks and Mrs. Myrtle Randolph of Lake Odessa were Sunday dinner guests of Mr. and Mrs. Eugene Ferrall.

Mr. and Mrs. Arthur Kreuger and Mr. and Mrs. Alton Oberlitter attended the funeral of Robert Weaver of Shepherd, formerly of Ithaca, Thursday afternoon.

Mr. and Mrs. Alton Oberlitter and daughters were Sunday dinner guests of Mr. and Mrs. Kenneth Bradley and family.

Friday evening guests of Mr. and Mrs. Arthur Kreuger were Floyd Moore, Jr., and friend of Ithaca. Sunday afternoon guests were Mr. and Mrs. Bob Slopkosy and family of Ovid. Miss Shelley Conrad spent the weekend with the Kraegers.

Roy Peck was taken by ambulance to St. Johns hospital Sunday morning. Mr. Peck enjoys receiving cards and it is hoped many will think of him in this way.

Some 416,000 Americans are blind.

By MRS. NEVA KEYS, Correspondent

### ENGAGEMENT TOLD

Mr. and Mrs. Joe Fabus of 5695 Shepardsville Road, Elsie, announce the engagement of their daughter, Joan Marie, to Allen J. Adair, son of Mr. and Mrs. Donald Adair of 127 W. Pine Street, Elsie.

No wedding date has been set.

Mrs. Laura Timm of Hillsdale was a house guest of Mr. and Mrs. Orlo Mead Sr. Thursday and Friday.

Mr. and Mrs. S. J. Keys and Jack attended a family dinner at the home of Mr. and Mrs. Kenneth Jones Sunday, in honor of their cousin, Miss Frances Chapman of Los Angeles, Calif.

### CHURCH NOTES

The Elsie Methodist Church joined with Christians around the world in the Sunday morning World-Wide Communion.

A new brass Communion Service set, given in memory of Mrs. Mary Ann Clark, was dedicated during the service. Her son, Joe Clark, made the presentation.

A special offering was taken for overseas relief and to the Chaplains in the armed forces to be used in working with our servicemen.

Sunday Oct. 9, the laymen of the Methodist Church will have charge of the entire service. Arrangements are being made

by Howard Peltier, lay leader. A fellowship coffee will follow the service in the Fellowship Hall.

Methodist leaders are urged to attend the Oct. 12 Workshop for all Commission Chairmen at Mount Pleasant Methodist Church.

The District Missions Convocation of the Methodist Church will be held at Alma Sunday, Oct. 23 from 3 to 8:30 p.m. at the Methodist Church. An informative program on the study materials to be used church-wide this year will be given. Also included in this convocation is the Youth Fall Rally.

Mrs. Lyle Dunham, Sharon Dunham, Mrs. Gordon Showers and Mrs. L. W. Burdick are enrolled in the Christian Workers' School being held on Monday evening at Mount Pleasant.

J. O. Schumacher, Elwin Whitaker and George Onstott have spent many hours in trimming

the shrubbery and other general work on the church and parsonage lawn.

The Methodist WSCS will hold its Oct. 5 evening meeting at the home of Mrs. James Dorman with Mrs. Ralph Stull in charge of the devotions. Mrs. Duane Green will present the program, "The Church and Its' People's Needs."

Mr. and Mrs. Gordon Kelley of Rapid River, U.P., spent Thursday and Friday with Mr. and Mrs. Ward Lewis.

Mr. and Mrs. Louis Peters of Capron, Ill., spent Tuesday and Wednesday with Mr. and Mrs. Ward Lewis. They also visited Green Meadows Farms.

## Dairy industry offers MSU scholarships

The Michigan dairy industry provides about 10 scholarships annually at Michigan State University for study in dairy production, dairy marketing or dairy food science.

Most recent contributor to the Michigan Dairy Memorial Scholarship Foundation was the Michigan Milk Producers Assn. Commemorating its 50th year of service to Michigan's dairy industry, the board of directors voted \$8,000 for the scholarship fund, with the annual aid to a student being designated as the "MMPA Presidents' Scholarship."

ONLY THE INTEREST from the foundation fund can be used for scholarships, but this amount will provide full tuition for one student each year.

Two of the four men who have served as president were present for the formal presentation of the funds in the Dairy Foundation Room in Anthony Hall on the MSU campus recently.

Ivan K. Maystead, Osseo, president from 1944 to 1955, and Glenn Lake, North Branch, president since 1955 attended. Nathan

P. Hull and Fred Meyer, the other two, are deceased. The marketing cooperative represents 70 per cent of the dairy farmers who ship milk to Grade A markets in Michigan.

DON MURRAY, MSU Extension dairyman, is the secretary-treasurer of the foundation. Prospective college students can get full information on scholarships by writing him at the Dairy Department, Anthony Hall, Michigan State University, East Lansing.

### Social security man in town Tuesdays

Roger W. Seamon, manager of the Lansing office of the Social Security Administration, states that a representative from his office will be at the courthouse in St. Johns every Tuesday from 9:30 to 12:00 noon.

Anyone desiring information regarding old-age and survivors insurance benefits, social security account numbers, or other business concerning social security, may contact him at those times.

## AGRICULTURE in Action

by M. L. Woell

MICHIGAN FARM BUREAU

The price of new-crop grapes has dropped in some instances to around \$60 per ton in Michigan, and growers are stomping mad. They have production figures to show that it takes \$80 to \$100 to reach the break-even point on costs and anything under such prices represents a loss.

Adding to the problem is the fact that only a few areas of Michigan are suited to grape growing and that it is a "labor intensive" crop—one requiring considerable handwork and care. Further, Michigan's grape growers have not yet developed an effective "voice" for their industry, which last year produced 75,000 tons of processing grapes from about 4,000 vineyards.

NOW, FROM ALL indications, the grower's voice is developing and apparently it will be a strident one. At recent meetings in the grape areas (Berrien, Van Buren, Kalamazoo, Allegan, Cass and St. Joseph counties), producers have only one thing at the top of their minds and on the tip of their tongues. Michigan grape farmers cannot stay in business under these conditions. When they drop out, everyone will lose—growers, processors and consumers.

A new factor in the price picture is the Michigan Agricultural Cooperative Marketing Assn. (MACMA), which has established a "Processing Grape Division" to deal on behalf of growers in matters of price and other terms of trade.

As in the case of many farm commodities, even in years of stronger prices, grapes represent a low raw product cost to processors, and relatively high-value manufactured end products such as juices, wine, preserves and flavorings.

NOT CONSIDERED particularly funny in the grape area is the children's joke about what the grape said when the elephant stepped on it.

The tag line is "it didn't say anything—it just let out a little whine" (wine).

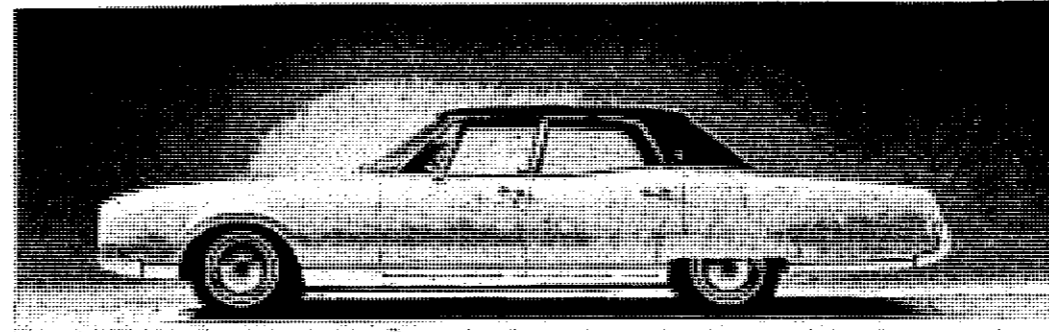

Michigan grape growers feel they've been given the elephant-foot treatment by processors this year, but instead of whining about it, they're getting geared to go for higher prices in 1967. Said one grower, "next year prices must be reasonable—\$100 to \$125 per ton, or we will be out of the grape business in Michigan. It's as simple as that..."

### Enrolls at Bryan College in Tennessee

Lana Carol Lade, daughter of Mr and Mrs Paul Lade of 6047 E. Colony Road in Elsie, has enrolled at Bryan College, Dayton, Tenn., as a senior majoring in elementary education.

The college, now in its 37th year, has a student enrollment representing 33 states and eight foreign countries.

Miss Lade is a graduate of St. Charles Community School where she was a member of the yearbook staff and recipient of a letter in music. She is a member of Miller Road Bible Church.

## Farmers ask hunter courtesies

With the hunting season near, Michigan hunters should review a few simple hunting rules as carefully as they check their equipment, a Michigan State University game management specialist points out.

Michigan United Conservation Clubs, farm organizations, the Michigan Conservation Department and the MSU Cooperative Extension Service have joined in an effort to maintain good relations between farmers and sportsmen.

Charles Shick, MSU specialist in game management, adds that some Michigan conservation clubs are offering rewards for the conviction of hunters causing damage to farm property. "Thoughtlessness has been responsible for the posting of more private land than any other factor," he said.

SHICK HAS LISTED a few simple rules for hunters:

1. To hunt on another man's land is a privilege. Abuse of that privilege has only one result—loss of a place to hunt.

2. Never hunt on a farm without permission. Ask the farmer first—he expects and has a right to grant or refuse hunting privileges on his land.

3. Don't impose upon a farmer by hunting with a large party or when another group is already on the land. An "army" of hunters and dogs will be resented. Three or four persons to a party is sufficient.

4. PROPER introduction to a farmer will help get permission to hunt on a farm. Farmers like to know who is on their land.

5. Guns and dogs should be kept in the car until after hunting permission is granted. As common courtesy, a hunter should not approach a house with a gun in hand.

6. Locate farm boundaries before you venture into the field. This will prevent trespassing problems.

7. Note location of livestock and perishable crops such as soybeans, alfalfa, clover and buckwheat. Farmers do not appreciate hunters and dogs trampling through these fields or near areas where livestock are pastured.

8. DOGS SHOULD BE under control at all times, and should never be allowed to chase livestock.

9. Always close gates. No farmer likes to round up his cattle on a neighbor's farm.

10. Don't break down fences. Go under them, or climb over at fence posts. If necessary, dogs should be lifted over fences.

11. Observe all game laws and gun safety rules. A shotgun should not be fired in the direction of livestock or buildings even though they may be out of range.

12. GUNS SHOULD BE unloaded and pointed in a safe direction near people and livestock. And, don't fire a gun near farm animals. Farmers resent having livestock frightened by a shotgun blast.

13. Be careful with matches and cigarettes.

14. Don't be a litterbug. Common sense and a little courtesy will go a long way toward creating a good relationship between farmers and hunters, the specialist says.

"Hunting in Michigan will depend on the attitude expressed toward the landowner, his crops, his livestock and other property if it is to remain as we know it today," Shick concluded.

### Dairymen add urea to silage to save money

Michigan dairymen can save \$15 to \$23 per cow in feed costs in the next year by adding 50 to 60 cents worth of feeding grade urea to the corn silage they are now making.

Don Hillman, Michigan State University extension dairyman, says rising prices of protein supplements, such as soybean and cottonseed oil meal, concern dairymen.

The dairy specialist says there is no need to feed additional protein supplement if they sprinkle in 10 pounds of feeding grade urea a ton as they make their corn silage, feed 5 to 10 pounds of good alfalfa hay, and add some urea to ground corn or cornage.

"AT PRESENT prices for protein we figure a farmer can save an average of \$20 a head in his feed costs in the next year. And \$20 a head for a 50-cow herd is \$1,000 clear profit," Hillman concluded.

Dairymen, who got a recent increase in bulk milk price, have found feed costs, hauling costs and other costs rising, too.

New farm credit plan that meets farmers' long-range credit needs

## 5 year "FARMER-PLANNED" LOANS

from Production Credit

Costs for improvements, machinery and equipment have climbed until it is no longer practical, or possible, to pay for them with short term (1 year) credit.

Use 1 - 2 - 3 - 4 and up to 5-year "intermediate term" loans to buy silos, tractors, implements, bulk milk tanks, irrigation equipment, home improvements and other farm needs.

# News of Interest to Clinton County Farm Bureau Families

Attend your county Farm Bureau annual meeting

## It's Farm Bureau policy time

### County annual meeting Oct. 11

Clinton County Farm Bureau members will convene at Smith Hall in the St. Johns Park on Tuesday, Oct. 11, for a family style dinner. Following the 7:30 p.m. banquet the annual business meeting will get under way promptly at 8:30 p.m.

Under the leadership of E. J. Bottum, county president assisted by David Conklin, vice-president, and Andy Cobb, third member of the executive committee, the organization's farmer members will consider a slate of over a dozen policy resolutions concerning state, national and county affairs.

"During the month of October in Michigan, 71 county Farm Bureaus will be holding their annual meetings. Every member ought to use these meetings, attend them to bring every constructive suggestion possible for strengthening Farm Bureau's programs.

"These annual meetings give the members an opportunity to take part in 'pointing the way.' The meetings are official opportunities for the members to help guide their organization.

"We need the help and leadership, the ideas and suggestions of every commercial farmer at these meetings, farmers doing a big job on their home farms. They are the busiest ones on the farm, but they are also the ones with the biggest stake in their farming future. Where can Farm Bureau fit into that future more effectively? I appeal to them to attend their county Farm Bureau annual meeting and to contribute their valued thought and leadership."

Message to the members from Elton R. Smith, President Michigan Farm Bureau

FOUR DIRECTORS WILL be elected to the 11-person county board from the following districts - Bath-DeWitt, Greenbush-Duplain, Dallas-Westphalia and one at-large position.

Members will be considering a proposed revised set of by-laws which will tend to make them more uniform with other county Farm Bureaus. Election of delegates to the Michigan Farm Bureau annual meeting will also be an important part of the agenda.

Entertainment will be interspersed throughout the business meeting, and also on the lighter side will be the introduction of the county Farm Bureau queen who will represent Clinton at the Michigan Farm Bureau queen's contest in November.

Awards will be given to community groups who scored highest in the year's contest, and a door prize will be awarded.

THE FAMILY STYLE dinner will be prepared by the ladies of the Greenbush church, and tickets will be on sale throughout the remaining days until Oct. 11 at the county Farm Bureau office or from members of the board and from community group secretaries. Tickets are \$1.75 per person. Members wishing to attend only the business meeting may do so.

### Beef cattle show no preference

It doesn't make any difference whether beef cattle are raised in fully covered feed lots or lots that are only 40 per cent covered.

In experiments conducted by Michigan State University animal

husbandry researchers Hugh Henderson and H. William Newland, the cattle raised in the two lots showed no difference in rate and efficiency of gain or carcass quality.

From the standpoint of management, the completely covered lots required less bedding in the winter. But they also required more in the summer. At the end of the year, there was no difference in bedding between the two lots.

Thus, conclude the MSU scientists, whether a beefman decides on a fully or partially covered feed lot will simply depend on which one he wants to build.

Half the troubles we complain of are troubles only because we complain of them.

## Resolutions ready for floor action

The County Farm Bureau Resolutions Committee held its final meeting Tuesday night at which time final drafts in county, state and national policy resolutions were submitted to the county board. These will be presented by the committee to the members at the annual meeting Oct. 11.

Gerald Pohl, chairman of the committee, expressed thanks to the community groups and to other committees within the organization for the fine cooperation given in submitting ideas for the 1966-67 slate of proposed resolutions.

AS EARLY AS August, members of the Resolutions committee attended a state-wide policy development meeting held at the Farm Bureau Center in Lansing, Michigan. Farm Legislative Councils Dan Reed and Bob Smith talked to the group on issues facing agriculture and Michigan citizens this coming year. From this meeting the committee met on a district basis in Howell in early September where more concrete plans were made as to development of sound policy in a crucial year.

Pohl called a meeting on the county level on Sept. 6 at which time each member of the committee chose a separate area to concentrate upon.

DURING THIS time more proposed resolutions were coming in from the community groups throughout the county which required a second and third meeting of the group in order that each might be given thorough consideration.

A very vital part of the County Farm Bureau, the resolution's committee works prior to the annual meeting in order to present a slate of sensible, current and constructive resolutions for the membership to vote upon. Besides Pohl, committee members are William Brook of Bath Township, James Becker of Bengal, Ernest Carter of Watertown, and Stanley Baird of DeWitt.

### 26,500 Farmers ask cost sharing under ACP

Some 26,500 farmers have requested cost-sharing under the 1966 Agricultural Conservation Program. The estimated total cost of carrying out these practices is over \$15 million.

These programs help farmers conserve privately-owned soil, water, woodland, and wildlife resources. Needed conservation work is encouraged by cost-share provisions of the Agricultural Conservation Program. Under this program the federal government shares approximately 30 per cent to 50 per cent of the total cost of carrying out solid and water conservation practices on farmland. Michigan was allocated about \$5 million for this purpose under the 1966 program.

As in previous years, farmer-elected ASC committees are administering the Agricultural Conservation Program (ACP) with technical assistance from state and other federal agencies in coordination with work plans of local Soil and Water Conservation Districts. Special emphasis is being given this year to special ACP projects, new beautification - conservation practices, and higher cost-shares for low-income farmers. Special projects encouraged through ACP have brought highly commendable solutions to some of our difficult agricultural conservation problems.

Farmers desiring cost-sharing should contact their local county ASCS office.

## The President's Column

BY E. J. BOTTUM  
County FB President

We have had a busy time in Farm Bureau the last two or three weeks with meetings in the local office plus meetings that the state Farm Bureau has scheduled.

My wife and I attended a Young Farmers District Conference at Howard Johnson's in Lansing. Those attending from Clinton County were Mr and Mrs Dick Woodhams, Mr and Mrs Lyle Greenwoods, Mr and Mrs Martin Sands and Mrs Bruce Mehney. This was a district meeting for the purpose of electing an alternate committee man for the district. There were about 50 young farm couples in attendance.

Larry Ewing, manager of Field Services Division, spoke on "The Young Farmers Role in Michigan Farm Bureau." We also met John A. Deppong, chairman of Community Programs department. Deppong is new in Farm Bureau, having started July 1. David Morris, district director, presided over the election before the end of the meeting.

WE HAVE STARTED A Young Farmers Committee in the county. Mr and Mrs Bruce Mehney are chairmen. They will be calling a meeting some time in October to set up their schedule

and plan a program of what they want to do.

A special information Public Relations dinner meeting was held for members of the press, radio and television in Charlotte Sept. 23. Mr and Mrs Robert O. Dittmer of WJUD radio were our guests at the dinner. The main speaker was Warren Collins, assistant director of the American Farm Bureau Federation Commodity Division. He spoke on the economics of farming.

Don't forget the annual meeting Oct. 11 at Smith Hall. I hope you all can make it.

## Mrs Blakeslee new FB Women's chairman

Farm Bureau Committee-women representing the 28 community groups within the county have named as chairman for the coming year Mrs Levi Blakeslee. Mrs Blakeslee assumed her duties on Monday at the committee's regular monthly meeting held in the Farm Bureau office, following installation of officers.

The business meeting was called to order by retiring Chairman Mrs Dorothy Ward. Introduced were the new committee women joining the committee this

year and tribute was paid to those leaving the group.

OTHER NEWLY elected officers are Mrs Gerald Gove, vice chairman, and Mrs David Morris, secretary-treasurer.

Following a noon luncheon Miss Helen Atwood, coordinator of Women's activities, Michigan Farm Bureau, talked to the group concerning the organization and the part they play in its strength. Announcement was made of the District 5 fall meeting to be held at the Methodist Church in Mason Oct. 17. Reservations are due in

the county office Oct. 12. This meeting will include installation of the new district chairman, Mrs Lewis Babbitt of Eagle Township, and a talk by the secretary-manager of the Michigan Farm Bureau, Dan E. Reed. Mrs William Scramlin will give a slide presentation of her trip to Ireland last September to the meeting of the Associated Country Women of the World. All Farm Bureau women are welcome to attend the annual fall district meeting.

Worry kills energy and vitality—and produces nothing.

### Here's how Michigan representatives voted on major issues in 1965, 1966.

Following is a summary of major roll call votes of interest to farm families taken in the House of Representatives during the 89th Congress (1965-66) (Michigan congressmen listed only)

In each case the vote consistent with Farm Bureau's recommendations is indicated.

Six roll calls are listed. In order they are:

1) March 26, 1965—The House approved (263-153) the administration's federal school bill (HR 2362) which provided \$1.3 billion for elementary and secondary education in school districts with 10 or more families with income of \$2,000 or less. Farm Bureau opposed federal aid to, and control of, education.

2) JULY 28, 1965—The House passed (221-203) a bill (H.R. 77) to repeal section 14 (b) of the Taft-Hartley Act, which permits states to enact laws prohibiting compulsory membership in labor unions. Farm Bureau supported section 14(b) and opposed the repeal bill.

3) Aug. 19, 1965—The House passed (221-172) the 1965 omnibus farm program bill (HR-9811). Farm Bureau opposed this bill which expanded the wheat certificate program and provided for direct payments to grain and cotton farmers.

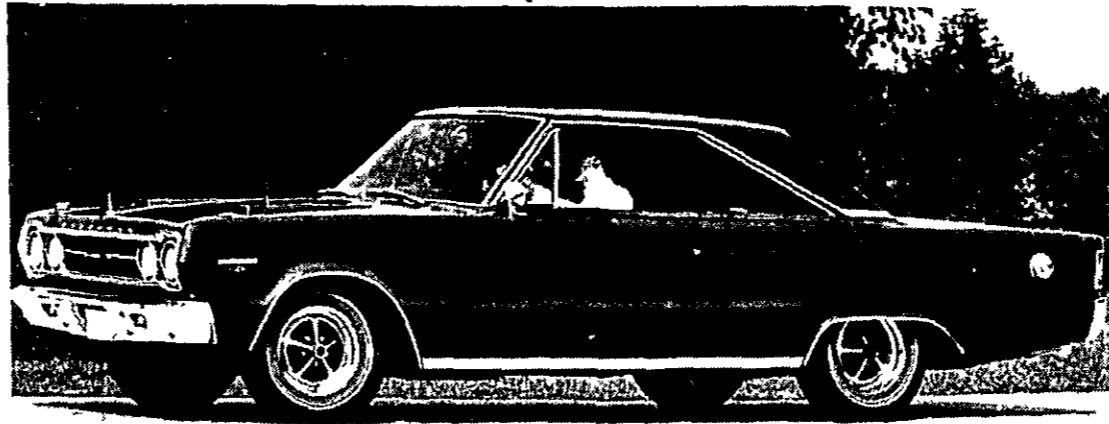

4) March 3, 1966—The House passed (189-183) the Cooley cotton checkoff bill (H.R. 12322) which was strongly opposed by Farm Bureau.

5) May 26, 1966—The House defeated (168-231) a motion to recommit the minimum wage bill (H.R. 13712) with instructions to delete coverage of hired farm workers. Farm Bureau supported this effort to strike farm labor coverage from the bill.

6) May 26, 1966—The House passed (303-93) the minimum wage bill which Farm Bureau opposed.

## 'Roses' of present state fiscal picture will wilt, economist tells FB

At the statewide meeting held in Lansing Aug. 23 for Farm Bureau county presidents, resolutions committee chairmen, and women's committee chairmen, Clarence Lock, commissioner of the Michigan Department of Revenue, outlined Michigan's financial condition and the tax picture as it looks at present and in the near future.

He said at the moment it could be described as "rosy" because of a surplus July 1, 1966, of \$154 million. He said the "casual observer" would probably say "Why worry?" However, this is a changing picture, and a second look should be taken at the appropriations made by the Legislature for the fiscal year 1966-67.

THE BUDGET will amount to \$974 million, or \$30 million more than the governor requested. Lock cautioned that this is only for the general fund, and does not include "earmarked funds," such as motor vehicle and gasoline taxes, sales taxes, and others that are earmarked for highways, schools, etc. He said the most optimistic estimated revenue picture for the same period, 1966-67, is \$882 million, which would leave a deficit of \$92 million to be paid out of the present surplus, cutting that figure by 60 per cent or more.

Lock likened this situation to a farmer having a bank account and in addition to spending all the money that was taken in during the year, spending 60 per cent of the reserves in his bank account.

HE SAID THE revenue estimates may well be too high because of many factors of concern that are involved. For instance, there is no question that this is a period of inflation; costs of everything including government are rising rapidly. There is a definite possibility that federal taxes will be increased which, if it happens, will siphon off money that would normally be spent for consumer goods, and in turn could reduce state revenues from the business activities tax, sales tax, etc.

The 1967 auto sales are a big question mark. They have been setting record after record after record for the past three of four years, which is contrary to normal cycles.

A further look at this ever-changing fiscal picture indicates that the Legislature, next year, will have to increase appropriations another \$75 million to \$90 million just to carry on the present programs and governmental services at the same level, with no additions of any kind. This is because of "built-in increases," such as additional students in elementary and high schools; continued increases in numbers of students attending colleges; large state expenditures on programs connected with medicare (he pointed out that federal programs usually require state matching funds); continued in-

creased cost of mental health programs (he said that while this is a rapidly expanding and costly program, it should save money in the long run); salary levels of state employees are rising. These and other built-in accounts for the expected \$75 million to \$90 million increased spending.

HE SAID THE 1967 session of the Legislature will be faced, for the first time in five years, with the necessity of raising additional funds if we are to carry on our present level of governmental services.

He pointed to three ways that this need can be met: 1) A complete tax reform program, which would include a state income tax with repeal or adjustment of other taxes; 2) increasing the present excise taxes, such as those on tobacco, liquor, etc. He warned, however, that these are minor items and over the long run would not solve the problem; 3) the present sales tax could be supplemented by extending its coverage to services, such as auto repair and other repair services (haircuts, hair dressing, cleaning, etc.). He said, however, that usually any discussion on tax reform revolves around the income tax.

HE SAID ONE pleasant aspect of the whole situation, if it can be called that, is that "if misery loves company, we have plenty of company." The problem is universal throughout the 50 states. Michigan has gone five years without any change in taxes and has paid off a heavy deficit and accumulated a surplus while, at the same time, increasing many services. He said that 42 states now impose sales and use taxes and three new states imposed them for the first time this year. At least 29 states now have both the sales and use tax and income taxes.

In comparing Michigan with other states, he said that Michigan is a high income state, ranking No. 11 in the amount of personal income, but from a standpoint of taxes, Michigan ranks 24th among the states. This is when the percent of personal income that is taken for state and local taxes is considered. In other words, 23 other states take

a "heavier tax bite" from people's income than does Michigan.

HE CONTINUED THE comparison and said that the principal cost of government is in the field of education and that, here again, Michigan is about average when compared with

### Holstein production records are noted

Milk and butterfat production levels established by Registered Holstein cows in this area have been reported by Holstein-Friesian Association of America. The individual lactations were tested under official supervision.

Vicinity cows listed in the Holstein report are:

Liza Village Dale, a five-year-old, produced 21,900 pounds of milk and 851 pounds of butterfat in 365 days. Green Meadow Topsy Starmlst, a seven-year-old, had 19,660 pounds of milk and 742 pounds of butterfat in 365 days. Christlevalle Franco-patty, a six-year-old, had 20,350 pounds of milk and 729 pounds of butterfat in 365 days. Hillmac Snowball Royal a six-year-old, had 18,490 pounds of milk and 725 pounds of butterfat in 365 days. Green Meadow Venus Ava, a five-year-old, had 17,490 pounds of milk and 733 pounds of butterfat in 305 days. All are owned by Duane & Velmar Green, Green Meadow Farms, Elsie.

These new production figures may be compared to the estimated annual output of 7,880 pounds of milk and 285 pounds of butterfat by the average U.S. dairy cow, notes the national Holstein Association.

other states, being 25th in expenditure per thousand dollars of personal income.

Lock closed by urging those present to give serious thought to the problem and what should be done to solve it.

## Do we love the land?

Editor's Note: The following is an editorial written by C. A. Porter Hopkins, that appeared in the September - October issue of the "Maryland Conservationist." We believe Porter's thought provoking article is well worth reading.

### CONSERVATION AND THE LANDOWNER

Ernest Swift in the National Wildlife Federation's "Conservation News" recently asked the provocative question, "Why continue to claim that people have a deep affinity with the elements of the earth when it is not so?" It is conveniently overlooked by most of us today that fewer and fewer Americans do have an affinity for the earth, for the facts are that we as a nation no longer live or work close to nature. With each passing decade the percentage of those who remain on our farms and in our forests shrinks noticeably, and any relation between suburban

living and rural living is coincidental.

That his continuing migration from the soil to the suburbs has weakened our national strength and changed our national character has been debated from pulpit, classroom, and editorial page. Whether we deplore or salute this migration is beside the point. What is to the point, however, is the absolute necessity for state and local governments to recognize the major role the farmers of America play in the conservation of our natural resources.

MOST OF OUR best land is now, and God willing, will be owned in the future by private citizens. It is to the individual who does have an affinity for land and who expresses this affinity by ownership and the responsibilities inherent to ownership that we will look in the future for our daily bread, as well as for our spiritual enrichment in the great outdoors.

For government and city dwellers to ignore the rural dwellers and landowners of America will be to invite disaster. With re-apportionment a reality, our citizens and their public servants would do well to consider what this change in governmental balance will do to the balance of nature.

**Patterson's A-C 'dealer of the month**

Harry E. Patterson of Patterson and Sons of St. Johns, implement dealership of East M-21, has received the coveted dealer of the month award from Allis-Chalmers.

The award was announced by R. M. Mehlhorn, branch manager of the firm's Lansing division. Only one out of 10 dealers qualify for the award during any one year.

Mehlhorn said the Patterson dealership exemplified the highest standards in all phases of operation. He cited the Patterson firm's aggressive buy and fly program in sales and the well-kept shop and highly trained service personnel.

Branch officials made the presentation of the plaque and a serving tray set to Harry E. and Harry W. Patterson last Thursday. Wayne Farmer, district representative, and Buell Puckett, branch sales manager, made the presentations.

FORM ASCS-204-3 (9-6-62)

**UNITED STATES GOVERNMENT Memorandum**

U. S. DEPARTMENT OF AGRICULTURE Agricultural Stabilization and Conservation Service

TO: Chairman, Michigan ASC Committee

November 22, 1965

FROM: Chairman, Gratiot Co. ASC Committee

SUBJECT: Projected Yields

The Gratiot County ASC Committee, which I am Chairman, would like an explanation of the so-called Projected Yields established by the State Committee for Gratiot County for corn. We feel the Community Committees who first established these projected yields know what these farms were producing and established a yield very fair and equitable. These yields were first established at much time and expense to our organizations. Now if we are required to factor back to the 82.6 bushel established many farmers will be lower for 1966 than what they were for 1965.

I think if you would carefully review the cultural practices used in this County, such as narrower rows, thicker population, improved seeds, and heavier fertilization, you will agree this yield should be higher.

Mr Barnett, the Farmer Fieldman for this area, when meeting last Friday with this Committee and the Extension Director, Mr John Baker agreed the yield should be up close to 90 bushel for the normal year.

This is very poor relations with the Community Committeemen since they were told to set a yield for each farm which they would be expected to produce in 1965 under normal conditions. Now you are felling them, in a round-about-way, they didn't know what they were doing. Also, publicity of a large amount has been put out by your office concerning projected yields established by County and Community Committees. You are now going back to the old method of telling us from Lansing how to run our programs.

Why didn't you tell us four months ago what we could increase our yields to before we originally projected these yields.

We would like a meeting with the State Committee at your earliest convenience and a location to please your committee. (The County Committee's regular meeting is scheduled for Wednesday, November 24, 1965.) We would like an explanation as to why the yield was cut so drastically; why Counties were allowed to spend an enormous amount of money to project these yields when we are suppose to be economy minded. This work was in vain.

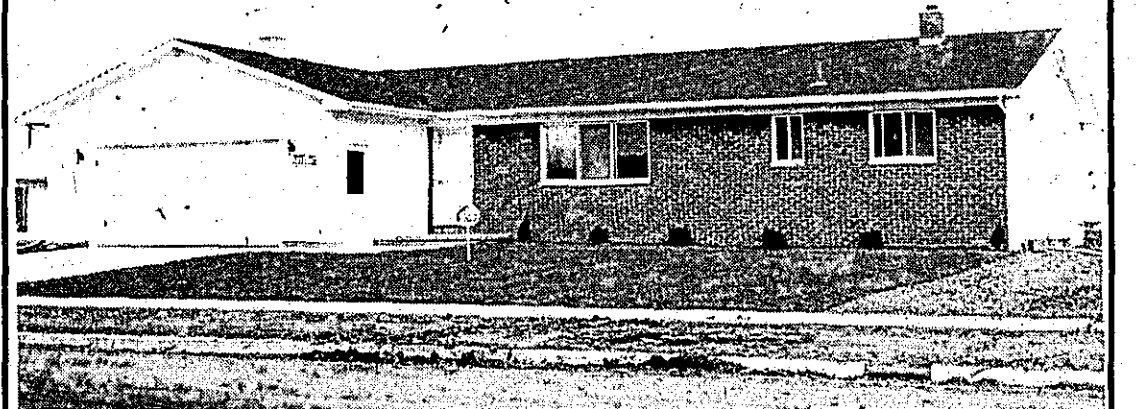

Your immediate reply is requested and appreciated. No factor will be determined or adjustments in yields made until your reply is received.

A look behind the weekly miracle

Newspapers across the nation set aside one week each year to do a little talking about themselves. That week is called National Newspaper Week, and this year it is being observed next week, Oct. 9-15.

We'll have a newspaper published next week. That's nothing new, because we publish every week. But herein lies one of our strengths—a strength we sometimes take for granted ourselves and a fact we're sure our readers take for granted.

It's no small job putting out a newspaper every week. It just doesn't fall together and take shape at the push of a button. A lot of people put in a lot of hours, both on the staff and off the staff, to make it a reality each Wednesday afternoon. It's really a small miracle.

We're happy and proud that so many families are reading the Clinton County News these days. We distribute 7,600 copies each week and each one of those has an average of at least two and maybe three readers.

That's a lot of people. Kind of scary sometimes when you stop to think of the responsibility that increases as readership increases. So, besides just the plain work that goes into putting out a newspaper, there is also the more-intangible responsibility.

Responsibility for what? Well, there's responsibility to provide our readers with something interesting to read... with something informative... with something thought-provoking... with something reliable. These all boil down to two items: "fact" and "opinion."

We try to provide interesting facts, and most of the time they're interesting because they're also informative. And we try to make the facts applicable to our local area, disregarding those that don't apply directly to people who read our paper (we figured the other printed and electronic media cover the news of general and widespread interest pretty good). Thus our emphasis is on LOCAL news, and there is less non-local news in the Clinton County News now than there ever has been.

We seek our local news from all sorts of sources—the general public, colleges and universities, public relations outfits, state police, sheriff, city police, justice and other courts, city government, county government... You name it and it's a potential news source. But again its news must be of direct interest to our readers or we don't use it.

Lots of news items are thought-provoking, and we try to make them reliable by being sure they are accurate and stated properly. Words have a permanency that demand a lot of care in putting them together; we're not always successful, but we try, and this is part of the work that goes into getting your newspaper out to you every week.

When facts alone aren't thought-provoking, we offer you opinions, but only on this editorial page and in a few by-lined columns. We don't feel opinions belong in the news columns, and we work to keep them out.

We've only touched the surface in telling you about the things that go into putting out a newspaper. Space doesn't allow us to tell everything at once, so we're going to use National Newspaper Week to kick off a series of weekly items that explain our operation.

The more you understand about us, the more assistance you can be to us and the more we can provide you with something interesting, something informative, something thought-provoking and something reliable.

Fire — wasteful tragedy — can be prevented

The most effective way to fight fire is to prevent its starting. This good advice is often heard but too little heeded. The unhappy results of this failure to heed are recorded annually in the fire losses of the United States and Canada.

In the two countries, more than 1,600 homes are destroyed or damaged by fire each day, in many instances with tragic loss of life. Fire strikes nearly 500 industrial and commercial places each day, and in addition to the waste of physical resources, there are incalculable costs in temporary or permanent loss of jobs and frequent business failures.

We have an unfortunate habit of dismissing most fires as "accidents," a sort of visitation of bad luck which, some how was unavoidable. But how unavoidable—or unpredictable—is the fire started by a carelessly discarded cigarette, or overloaded and defective electric wiring, or poorly maintained heating and cooking equipment?

Yet, as shown by National Fire Protection Assn. studies, these and similar, uncomplicated causes are responsible for the great majority of fires.

A need to acknowledge the fact that fires are not only wasteful but avoidable, then go on to reform the habits and remove the hazards which cause them. When each of us as an individual has done this, we will no longer risk our lives, jobs and possessions to the destructive forces of fire.

Back Thru the Years

Interesting Items from the Files of the Clinton County News

10 YEARS AGO From the Files of Oct. 11, 1956

A return to cooperative government in Michigan was the theme of Detroit Mayor Albert E. Cob's campaign talks as he made a whirlwind trip through Clinton county Tuesday.

More than 150 people, representing 25 rural school districts in Clinton Ingham and Eaton counties, voted at a mass meeting last Thursday night to set up a permanent, non-profit organization to publicize and present the plight of rural schools in the state and to fight with legal means, if necessary, the "forced annexation" of rural districts to their larger neighbors.

Paul Nobis, well-known Bengal township farmer, was named to the Clinton County Road Commission to succeed Joseph J. Hanses, of Westphalia, at Monday's session of the county board of supervisors.

25 YEARS AGO From the Files of Oct. 9, 1941

Established this Fall, the parochial school now operating at St. Peter's church in Riley township is the 100th Lutheran school in the Michigan District, says the Michigan Lutheran, official church publication, in an article printed in its October issue.

Long dormant, the Clinton County Agricultural Society, the organization that sponsored the annual county fair at St. Johns for many years, is now on its way out of existence.

Despite rain and inclement weather, the ninth annual Eagle Township Fair, held Friday and Saturday, Oct. 3-4, at Eagle village proved highly successful. It is estimated that from 2,000 to 2,500 people witnessed the historical pageant Friday night.

50 YEARS AGO From the Files of Oct. 12, 1916

The high school football schedule this fall promises some exciting games and should be well attended. The game which was to have been played with Durand last Saturday was cancelled. There will be a game this week Saturday with the Lansing reserves. The line-up is made up of good reserves.

L. D. Parr, the real estate man, reports the sale of five properties the past week and several others underway. He says the demand for houses to rent is something remarkable and that there is great need of small wooden homes to rent from \$15 to \$18 per month to take care of the fast growing population coming here, brought about by the rapid growth of the Hayes Wheel works and other lines of industry.

The Baptist people are planning on a big Rally day next Sunday, October 15. The Sunday school rally will be at 10:30, and the B.Y.P.U. rally at 7 o'clock.

Whither LBJ?

Reprinted from CUTLER-ORCSI COURIER Oroshi, Calif.

Although President Johnson has been rather adroit in his various campaign appearances when speaking from a prepared script, get him down on his beloved Federales, however, and off the cuff, and the Impression is something else again.

Witness his comments last week in trying to jolly up Americans who look with something less than equanimity at the inflationary way things are going. The President suggested that we should face up to "the problems of prosperity" or "go join the Republican Party."

This was OK as party politicking until a few moments later when he said a lot of people are worrying about inflation and "I'm worrying, too." Does that mean Lyndon is joining the GOP, for heaven's sake?

After asserting that wages dropped 4 per cent during the Eisenhower administration, which is difficult to believe, Mr. Johnson said proudly that since 1960 wages had gone up 20 per cent, while prices had advanced only 10. He didn't say, of course, that his own Department of Labor has officially admitted that the 1939 dollar now is worth 44 cents, and in eight years will be worth 25. Nor that the output per man-hour is lower now than it was in 1961 or in any preceding year of the New Frontier and Great Society.

"No one President," said LBJ, "can solve all the problems of the 20th Century." True, but does that indicate that since he's had his chance he thinks it's time for a change?

COUNTRY FLAVOR

The tide of color

HAYDN PEARSON

There are two surging tides in our year. In May green waves roll northward, cover the hills and valleys and sweep over ridges and mountainsides. In October a wave of color comes from the northland and spreads a tapestry of golds and scarlet, rich browns and shades of yellow and saffron. For a poignant period, glowing beauty transforms the land.

There are advance warnings. In early September swamp maples hang pennants of fire that burn in a lake of green. First frosts come. One watches, the color deepen in poison ivy, sumac and bittersweet. Then the waves come faster, and in the 10 month the tide is full.

It is a natural process. Through the summer trees manufacture chlorophyll. When time is fulfilled, Nature builds two layers of corky substance between the leaf and its stem and when the chlorophyll fades, the carotin comes to the fore. Then for a few golden days, one can fill

his memory gallery with pictures of beauty.

THE TIDE OF color is an integral part of the cycle that man labels a year. It means the end of a season. The miracle of life renewed is the magic of spring; warmth and moisture means growth and fruition; now frosty nights and mellow days write the conclusion.

Wildlife hurries its preparations for the time of cold and snow. The last migrating birds leave for the southland. We know it is a turning point, but for a time Nature spreads its colorful tapestry on upland ridges and over valley woodlands. The high tide of beauty is a climax of year. Life itself is a series of profound rhythms, and the man with faith accepts each as part of the experience that governs his years.

Last Friday morning, my father-in-law, Jack Calkins, stopped in to see if I would go north with him for the opening of "pat" season. I told him I couldn't right then but would try to arrange to go up some other weekend.

By the time I had gotten home Friday night I had decided that this sounded like a good way to spend the weekend. (My willpower at times isn't the best).

they travel in the woods seems to be beyond description as the dark reds and maroons of the oaks, the golds of the birch blend with the maples which run in shadings all the way from yellow greens to fiery reds. Take all of these colors and add the various shades of See HOPPER page 15

RAMBLIN' with Rink

By LOWELL G. RINKER

The family — that group of homogenous people who live in the same house and who spend considerable time together—is far from dying out, but it occurred to me the other day you don't see them out in public much.

There are so many activities going on in which only one or two members of the family are involved and from which the others seem to shy away, even as spectators. This is a shame, especially when the participating members are the children. They need the spectator support of their brothers and sisters, mother and father.

I NEVER WAS much of a performer when I was a kid, but I can remember being in a number of small plays in grade school and in a play in high school, and I always felt I did a better job because my folks were in the audience.

This is the same whether it be an individual performance such as a school play or a group performance such as a band concert. The St. Johns High School Band has in the past put on some fine concerts for only a handful of people. There could have been a large crowd if only the parents had come to watch.

THE PUNT, PASS and Kick competition in St. Johns has run into pretty much this same problem in its first few years. Perhaps this is just because it is new, but it shouldn't be, because there was enough enthusiasm among the boys

competing that the rest of the family certainly knew about it. The first year drew only about 10 dads to watch. Last year 178 boys participated, but the spectators numbered only about half of that. This year's PP&K competition will be this Saturday evening starting at 6:30, and there are a lot of people who have put in a lot of time on this project who would like to see more people out to watch—for the kids' sake, sake.

I don't believe there'll be a boy out there who won't kick and pass farther and better if he knows his folks are watching. He may not win, but his performance will be better, and the benefit of the family's "togetherness" will extend far beyond the benefits of PP&K.

THE FAMILY WORKING and playing together as a group is one of our country's strengths. And as individual activities increase in number and complexity and time, the family activity begins to play second fiddle, and a little of America's inner strength seeps away.

There are a lot of fine "togetherness" families here in St. Johns, and I'm proud to know many of them. They're easy to spot: they're the family you see in church together. That seems to be the cornerstone, because from there they're together in activity after activity—participating as a group and lending support to each other in individual activities.

How about your family? —Rink

A look into the past...

WHITTEMORE STREET BRIDGE OVER THE GRAND TRUNK

Railroading has long been a part of St. Johns, and this picture gives a good indication of it. It shows an old steam train passing under the Whittemore Street (now US-27) bridge in St. Johns. The picture was on the back of a postal card postmarked March 18, 1913 and was contributed by Florence Leydorf of Bannister.

**MICHIGAN MIRROR**

**Old apportionment issue will be coming up again**

BY ELMER E. WHITE  
Michigan Press Assn.

With 1970 coming faster than you realize, comes the national census and shortly thereafter the required state legislative apportionment.

"Apportionment" became almost a household word in the last go-round in Michigan. This was due largely to changes in the state Constitution and decisions handed down by the state and U.S. Supreme Courts regarding the one man-one vote principle.

The change in the Constitution provided for an eight-man bipartisan commission, with the members selected by the powers in the two majority political parties.

EVEN WITHOUT the precedent-breaking court decisions, it was clear that Michigan's new apportionment commission system was not designed to be independently effective.

Even with the provision for taking plans to the Supreme Court if agreement did not come from the eight commissioners, flaws in this section of the new Constitution were evident.

There will most assuredly be several ideas proposed for making the post-1970 apportionment work more quickly and smoothly.

ONE SUCH METHOD has already been put forth. But since the pressure is not yet on for action in this area, it has not been fully considered.

Apportionment would still be a big job under the proposal put forth early this year by a bipartisan group of House members.

Under their plan, each Congressional district would be cut into two nearly equal population districts to elect Michigan's 38-member Senate. Then each of the Senate districts would be divided into three, to provide a 114-member House of Representatives.

APPORTIONMENT WOULD start in the Legislature with this body setting the boundary lines

for the Congressional seats. Then the division of these into Senate districts and those into House districts would revert to an apportionment commission fairly comparable to that currently provided for in the Constitution.

Retaining the bipartisan commission could continue to be a problem despite the fact that initial division of the state would be accomplished before its job begins.

Constitutional amendment, requiring a two-thirds vote in both houses and approval by the people, is necessary before this or any other new apportionment method could be used.

CITIZEN PARTICIPATION in government has been a key phrase in Gov. George Romney's speeches since he first came into the public spotlight.

An example of the usefulness of citizen participation can be readily found in the State Mental Health Department.

This department reports that there are well over 5,000 volunteers actively working in state hospitals for mentally ill and retarded and at community clinics throughout Michigan.

TIME SPENT by these volunteers varies considerably, but it averages nearly 3,000 volunteers providing over 16,000 hours of service each month.

Major contributions of the volunteers can be seen in the form of new chapels at Traverse City and Kalamazoo State Hospitals, and park and recreation areas at Kalamazoo and Lapeer. These tangible evidences of volunteer efforts represent fund-raising and individual financial contributions.

As important, if not more so, is the contribution of time by the volunteers.

Department Director Dr Robert A. Kimmich notes that the volunteers provide a strong supplement to staff efforts and in many cases give services which

the staff is unable to provide.

"BECAUSE VOLUNTEERS are not paid and in most cases are not highly trained, it is possible for them to establish a relationship with patients which is more effective and more personal than is often possible for a paid worker," says Kimmich.

While all the volunteer efforts are important and greatly appreciated by department personnel, Dr Kimmich reports that perhaps the most important result is the volunteers' impact on the patients served.

"The patients are usually aware that the volunteer is making this effort for no reward other than the benefit he brings to those he serves, and this certainly is the highest motivation of all."

**Clothing can burn so be careful**

Flame... flash... fatality. That's an accident report in brief—an accident report about someone who neglected to remember that clothing can burn. It's an all-too-frequent report, according to National Fire Protection Assn. studies. And the most frequent victims of clothing fires are children and the elderly.

The trouble starts when people fail to keep a respectful distance from flames, sparks—any source of intense heat. Among them are matches, smoking materials, stoves, heaters of many types, fireplaces and outdoor fires.

Some types of clothing and fabrics are more prone to catch fire than others. Be careful of lightweight, loose-fitting clothes, ruffles, flounces, long and loose sleeves, flimsy nets and gauzes.

Some sweaters with brushed long fibers ignite easily. Little girls' flared and many petticoated party dresses are risky, as are many improvised children's costumes.

Sensible clothes and sensible caution are the effective safeguards against always-dangerous clothing fires.

**LETTERS TO THE EDITOR**

**Reader questions justice-'friend' job**

RECENTLY IN your paper I read where a man had just been charged with arson and that two more were also to be charged. The court was held in St. Johns by Mr. Willyoung and bound over to circuit court. If I am correct Mr. Willyoung is also friend of the court, is he not, and I doubt very much that he has the authority to hold both jobs.

I have read where his work as friend of the court is more and more demanding and that his pay was raised. When does he work as friend of the court? Every week he has his name in the paper! Apparently he spends more time in court than at his job as friend of the court.

I WOULD LIKE to know as a taxpayer why this condition is allowed to exist. Our taxes keep going up and this is probably one of the reasons. I believe a thorough investigation on a county level is in order to see how much these people earn and how many jobs in county government each hold. I also believe that when these jobs become available they should be made known to the public and based on tests or something other than political affiliations.

It seems that the circuit judge would do something about this situation, as he is well aware of it. We spend thousands yearly for law enforcement and yet the makers of the law are the enforcers of the law are the biggest law breakers. We publish the names of the people going to jail; let's publish the names of the county officials who also break the laws. From the rumors going around the county there is one public official who is immune from arrest and does just about anything he wants.

I challenge your newspaper to investigate on a governmental level and bring the truths to the people who pay the taxes.

TWO STOPS I always make when in Grayling are the Penquin Inn and the Shoppenagon Hotel. John Lutusek is the owner of the Penquin which dispenses good food along with liquid refreshments, if one is so inclined. John is a long-time resident of the area and I always stop to say hello. The other stop at the Shoppenagon is to see Arnold Mauren. We always figured that we had something in common because Arnold's mother came from Westphalia and St. Johns being only a short distance from there. Arnold's mother's name was Schmidt and Arnie says that he still has a few cousins living in Westphalia.

But, as the color reaches it's climax and the "pat" season well under way, the chances are I'll be heading back Grayling way again, soon.

**The "Low Down" From the Congressional Record**  
By Joe Crump

Senator W. F. Mondale (Minn.)

"The large-scale migration of talented professional people from (the developing) countries to the United States and other advanced nations threatens one of the paramount objectives of our foreign policy—reducing the gap between the rich and poor nations of the world.

"The brain drain is particularly severe in medicine. . . .

"One article on this subject by Dr. G. Halsey Hunt of the Educational Council for Foreign Medical Graduates, was published in the April 1966 issue of Federation Bulletin. He cites the staggering fact that, according to the latest figures, 10,974 out of 41,102 interns and residents working in American hospitals are graduates of foreign medical schools. Dr Hunt continues:

"Some countries such as Korea, Greece, and Peru are losing substantial portions of their very limited medical manpower through migration to the United States. . . . The immigration of foreign graduates now accounts for a substantial percentage (18 per cent) of the annual additions to the U. S. medical profession. We would have to build and operate about 12 medical schools to produce the manpower being derived through immigration (approximately 1,200 per year). The dollar value per year of this "foreign aid" to the United States approximately equals the total cost of all medical aid, private and public, to foreign nations."

"We should be planning now to move toward a situation where the richest nation in the world is able to meet its own medical needs. Then when we invite doctors from developing nations to this country, we can concentrate on providing them with training to handle the problems they will face upon returning home."

A GRASSROOTS COMMENT  
No one questions the need for improved medical services in the developing countries.

However, a quick look at the need for improved medical services in this country might be in order.

The U. S. Department of Public Health could undoubtedly furnish a long list of communities in the United States without medical services of any kind, or services too distant to be of any immediate benefit.

Our medical expansion plan should, indeed, correct the brain drain. The plan should also provide enough doctors to restore the word, "housecall," to the English language.—J.C.

Even the cost of getting even is mighty high and is hardly ever worth the price.

"IT IS A DEPRESSING and humbling experience for an American doctor to visit a medical school in one of the under-industrialized countries of Asia, to have his host open the conversation with a bland statement that "You people in the United States, and your hospitals couldn't get along without our doctors," and to realize that at the present time this is indeed a fact."

"If the 11,000 foreign graduates who are now occupying internships and residencies in United States hospitals were to be suddenly withdrawn, many United States hospitals would be forced to curtail sharply their services to patients. . . .

"ANOTHER REPORT on the brain drain . . . by Dr Kelly M. West of the University of Oklahoma School of Medicine. . . concludes:

"Some countries such as Korea, Greece, and Peru are losing substantial portions of their very limited medical manpower through migration to the United States. . . . The immigration of foreign graduates now accounts for a substantial percentage (18 per cent) of the annual additions to the U. S. medical profession. A number of things are coming up in the weeks ahead—among them Nation Zip Code Week.

An announcement by Postmaster General Lawrence F. O'Brien indicates that some 302 major cities have been selected to participate simultaneously in this event which runs from Oct. 10 to 15.

The project is to dramatize the need for greater public cooperation in and acceptance of ZIP code, thus giving the Post Office Department the help it needs to cope with today's record mail volume.

We have, in our reference library, a listing of zip code numbers for all cities throughout the country. So, if you need any numbers, please feel free to call. It will be our contribution to Zip Code Week Oct. 10-15.

IN OTHER CC NEWS we now have a supply of three new bulletins on hand that should be of some interest to the sportsmen.

They are: "Rules for Hunting Waterfowl in Michigan, 1966," "Rules for Hunting Small game in Michigan, 1966;" and "Rules for Hunting Deer and Bear in Michigan, 1966."

All three are Conservation Department brochures and list such vital information as license fees, seasons and bag limits, zones, general rules and miscellaneous information such as general gun rules, storage and transportation, Sunday hunting, hunting accidents and information on the Horton Trespass Law.

We have about 50 of each of these on hand at this time.

They are free of charge and are yours for the asking. Simply stop by our office up above

Parr's Drug Store and pick your's up.

AND FROM the Tourist Council has come a new supply of "Calendar of Events," listing those activities around the state that will be going on in October and November.

It calls particular attention to the "Autumn Show," which is almost statewide. This, of course, is fall, when Michigan's greatest show of the year is brought to you in living color. As the greens of summer give way to flamboyant scarlet, orange, yellow and brown of autumn, Michigan's forest become a color extravaganza and your reserved seats are in your own automobile.

So sayeth the Tourist Council. Free color tour suggestions on trips, broken into areas throughout the state, are available from them. Simply write them: Michigan Tourist Council, Lansing, 48926.
