Administrators join school association

CORUNNA—Eight Clinton County school officials met here Sept. 23 with administrators from 15 area school districts to outline the formation of the Mid-Michigan School Administrators Association.

The group was formed to cope with the breakdown in communication between local administrators and the state education agency in Lansing.

Two Clinton administrators were named officers of the group. Earl Lancaster, superintendent of St. Johns schools was elected vice-president and James Ritchie, superintendent of the DeWitt schools was elected trustee.

Other officials are Dr. Jack Mobley, superintendent of Owosso schools, president; Raymond Hill, assistant superintendent of Owosso schools, secretary treasurer; and Raymond Dennis, superintendent of Corunna schools, trustee.

Officials of the newly formed group said that the school administrators "were organized to direct attention more forcefully to the urgent need to repair the rapidly deteriorating relationships between the Michigan Department of Education and local school administrators along with the need for collective action in meeting pressing problems in the areas of fiscal reform, curriculum, quality programs, drug education and others."

Other Clinton County administrators in the organization are Steve Bakita, administrative assistant, St. Johns schools; Donald Kenney, superintendent, Ovid-Elsie schools; Donald Smith, superintendent, Fowler schools; Roger Carlson, superintendent, Bath schools; Roy Thelen, superintendent, Pewamo-Westphalia schools; and B. Stanley Pocius, superintendent, Clinton County Intermediate School district.

"Urgency for the need for the new organization gained impetus after many of the administrators returned from the joint school administrators school board conference held in Detroit at Cobo Hall Sept. 17-19," Mobley said.

"The newly formed administrators group is intended to serve as an action group searching for answers and speaking for administrators in Mid-Michigan in their quest for support for better education," Mobley said.

Other members of the group include W. J. Ross, superintendent of Byron schools; Richard Clark, assistant superintendent of Corunna schools; John Koczman, superintendent of Durand schools; Howard Maltz, superintendent of Laingsburg schools; Harold Montgomery, superintendent of Morrice schools; Gilbert Dunn, superintendent of New Lothrop schools; Ken Somerlot, administration assistant of Owosso schools; Joe McDevitt, superintendent of Perry schools; George Kallos, superintendent, Victor Peterson, deputy superintendent, and Dr. James Green, assistant superintendent from the Shiawassee Intermediate District.

Representatives from Saginaw County are Gerard Keldel, superintendent; Warren Newman, assistant superintendent and Robert Rhode, administration assistant from Chesaning Union schools.

Clinton Hospital personnel honored

ST. JOHNS—Two health care personnel from Clinton Memorial Hospital here have received a \$50 honorable mention award in the 13th annual Search for New Hospital Achievements contest sponsored by Michigan Blue Cross.

Among honorable mention winners were Harold B. Reed, Clinton Memorial Hospital Administrator and Elvira Scripser, a registered nurse and chairman of the hospital's product evaluation committee.

Awards were presented last weekend at the association's conference in Traverse City. Winners were judged on inventiveness in suggesting ways to cut costs or improve patient care in hospitals.

Post office closed

ST. JOHNS—The St. Johns Post Office will be closed Monday Oct. 11 in observance of Columbus Day.

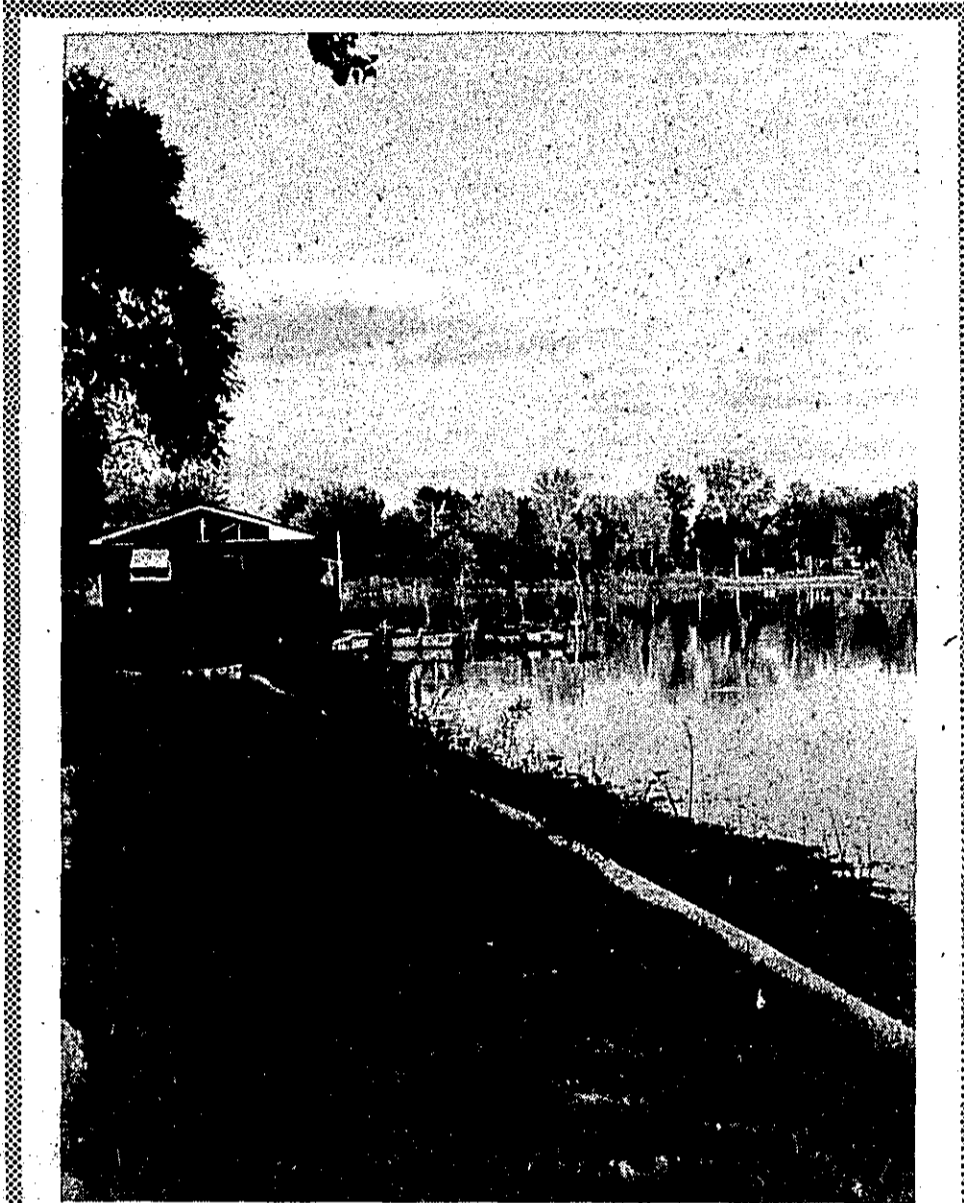

There will be no delivery of mail, however, the lobby will be open for those customers having lock boxes or desiring to purchase stamps from the vending machine.

Mail deposit at the Post Office by 4 p.m. will receive Holiday dispatch.

NEW QUEEN

Linda Easlick, Ovid-Elsie's 1970 Homecoming Queen, places the crown on Kathy Saxton, designating her the new queen for 1971 during festivities Friday night. Her court includes, from left, Linda Sheldon, Francie Marton, Sherry Doubrava, and Kathy Howley.

SUMMER LINGERS ON

The boats may not be moving for the rest of this year, but last week in Clinton County proved that summer had not given up completely to the coolness of fall and the onslaught of winter. The quiet afternoon was captured along Park Lake, in Bath Township.

Parking board names officers, sets plan of action in motion

ST. JOHNS—Election of officers and agreement on a plan of action completed the formation last week of a second parking lot advisory board in two years.

The first board, established last year, was dissolved after initial findings were completed, but lack of funds, according to city officials, delayed any action on the proposals.

The new board, directly responsible to the St. Johns city commission, named Robert Thompson as chairman. Other officers include Edward Mankey, vice-chairman and City Manager Harvey Weatherwax, secretary.

Other members named to the commission are Edward Idzkowski, Donald Roesner, Rollin Huard and John Hannah. Idzkowski and Mankey were appointed for one-year terms, while Thompson and Roesner will serve two years. Huard, as president of the Chamber of Commerce will be replaced by succeeding presidents of that organization.

Hannah, a member of the city commission, and Weatherwax will act in liaison capacities between the city and the parking advisory board.

In initial action, the group agreed on a plan calling for a general survey of the central business district for development of future parking area locations and a completion of a questionnaire among merchants to determine their suggestions and proposals.

According to Thompson some work on locations has been accomplished by Weatherwax and a group of Chamber of Commerce members which met last year. This information will serve as the basis of the new study. He expects information gathered in the next few weeks to be compiled so that a long-range program for parking can be recommended to the city commission by Jan. 1, 1972.

Weatherwax told the group that approximately \$20,000 has been deposited in a parking fund over a period of years with some of this balance coming in the past two years since new meters and stricter enforcement policies have been installed. According to Weatherwax, weekly parking

Clark station robbed Tuesday in hold-up series

ST. JOHNS—A young man with a gun took between \$30 and \$40 from an all night gas station here early Tuesday morning.

Police Chief Everett Glazier said it was the first time in about six years that something like this has happened in the city.

Apparently it wasn't the young man's first try at it either. Lansing police report two similar robberies Oct. 1 and 2 in that city. The suspect there matched the suspect here.

Clark Station attendant Vince Pouch told police a man came running into the station with a sawed-off single barrel shotgun and demanded money. He forced Pouch into the back room of the station. He took the money and ran.

THE SUSPECT WAS described as a white male, 19 to 20 years old, about 5-10 and 155 pounds. He was wearing blue jeans, a blue jacket and had a blue ski stocking cap pulled down over his face.

St. Johns Police said the report was received at 1:11 a.m. An officer patrolling in the immediate area arrived within a minute of the call.

Police said the subject may have fled on foot to a car parked nearby. The police officer had noticed the vehicle prior to the report and was turning around to check it out when the call came in. The vehicle was gone when the officer returned. It was described as a compact car.

Downing, Feldpausch win honors

ST. JOHNS—Two St. Johns residents were singled out by the area Chamber of Commerce Tuesday night for their participation in community affairs. Jack Downing received the distinguished citizen award for his efforts in the establishment and operation of the St. Johns little league program and Bernard Feldpausch was presented a trophy recognizing him as the distinguished chamber member.

Downing was selected from a field of eight nominations while six candidates were submitted for the award received by Feldpausch.

JACK DOWNING

BERNARD FELDPAUSCH

Chamber vice-president Bill Patton, awards banquet chairman, explained that the honors were presented for the first time in Chamber history but both are part of an awards program that will become part of the chamber's annual activities.

Downing and Feldpausch received their recognition before an assembly of 100 chamber members and their guests who gathered at Daley's Restaurant for the event.

In addition to these top awards senior president's plaques were given to Clarence Ebert and Lee DeWitt, the two oldest former chamber members who have served

as president. In addition, three immediate past presidents, Robert Dimer, Brandon C. White, Jr., and James Leon, received plaques for their services.

Sixteen other certificates of appreciation were awarded to persons supporting chamber or general community projects. Receiving certificates were Virgil Zeeb, Elwood Daley, James Leon, Bill Barber, Kurt Becker, Jim McKenzie, Ed Schmitt, Wayne Beaufore, Louis Merignac, Al Dean, Carmen Tranchell, Norbert Rehman, Rev. Hugh Banning, Robert Magell, Brandon C. White Jr. and Charles Coletta.

Downing, a former president of the St. Johns Jaycees, was instrumental in establishing the city's little league program and during the six years of its existence he has worked in every capacity from fund raiser to coach to groundskeeper. He has been a leader in one of the league's most current projects, that of obtaining a lighting program for night games and a project which involved expenditure of nearly \$10,000, all of which was contributed by individuals and groups in the community.

Downing was also cited for his participation in the annual punt, pass and kick derby as well as the annual soap box derby race which regularly draws upwards of 5,000 persons to the city each spring.

He is active in the Methodist Church and has assisted with a number of youth activities sponsored there.

Downing is a graduate of Pewamo High School and is employed at Egan Ford Sales where he is an auto technician and transmission specialist. He and his wife, June, have four children, Brenda, Becky, Brian and Barbie. The family lives at 409 W. Cass in St. Johns.

Feldpausch is the owner of Bee's Chevrolet-Oldsmobile agency in St. Johns and has long been active in community affairs. He has worked on numerous civic projects and for the past two years has served as chairman of the Christmas decorating and event program for the city. He directs the annual soapbox derby race and has worked with members of the St. Johns Area Development Corp. toward location of new businesses and industry in the area. He is past president of St. Joseph Church council and is a member of the usher's club.

Feldpausch, formerly from Fowler, resides with his family on Sevy Road in rural St. Johns. He and his wife, Adeline, have seven children.

Chamber lauds work of presidents

ST. JOHNS—The St. Johns Area Chamber of Commerce paid tribute to five past presidents Tuesday night with two receiving senior award recognition while two others were cited for their work on projects for economic development in the area.

Clarence Ebert and Lee DeWitt were selected by a panel of chamber judges to receive the senior president award while Robert Dimer, Brandon C. White, Jr., and James Leon each were presented past president plaques. White and Leon were also awarded certificates of appreciation for their roles in the formation and programming of the St. Johns Area Development Corp., a non-profit group formed to abet economic growth of the St. Johns area.

Fox appointed to Bank board of directors

ST. JOHNS—John A. Fox, manager of the St. Johns division of Federal-Mogul Corp. has been appointed to the board of directors of Clinton National Bank and Trust Co.

Both Fox and his wife, the former Shirley Davarn, are natives of the Clinton area. He is the son of the late Mr. and Mrs. Urban Fox of Bengal township. His step-mother, Mrs. Martha Fox, lives at 757 N. Main St. in Fowler. His wife is the daughter of the late Roger Davarn of Pewamo and Fowler. Her mother is a former executive secretary of the Central Michigan Cancer Society and presently lives at Perry.

Mr. and Mrs. Fox are buying the Fox family farm in Bengal and are in the process of re-modeling a house there as residences for themselves and their four children.

Fox is a graduate of Fowler High School and holds a B.A. degree in production and personnel management from Michigan State University. Immediately following his graduation from MSU in 1956 he became as-

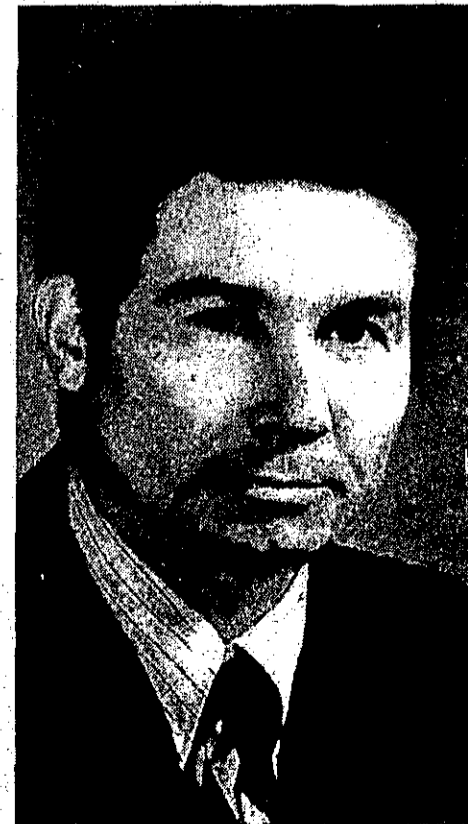

sociated with Federal-Mogul through their management training program at the National Seal division in VanWert, Ohio.

Subsequently he served in supervisory positions at the VanWert plant and later at National Seal plants in Downey and Redwood City, Calif. He was appointed plant manager at Redwood City in 1964.

In 1970 he was promoted to manager of the Vellumoid Plant of the National Seal division of Federal-Mogul in Worcester, Mass. He was named manager of the company's St. Johns division on Aug. 1, 1971.

Fox served two years in the U.S. Army as section chief of photo evaluation. He is an active member of the MSU Newman Club as well as the university's Society for Advancement of Management.

The family is affiliated with Holy Trinity Parish in Fowler. There are three sons - Patrick, 16, Thomas, 15, and James, 11 - and one daughter, Jane 13. They are enrolled in the Fowler schools.

ST. JOHNS — An ecumenical group of students from Central Michigan University will present the folk musical "Natural High" at the Congregational Church in St. Johns on Sunday evening, Oct. 10.

"Natural High," written by Kurt Kaiser and Ralph Carmichael portrays a small group of youths who deal with the "highs" of their culture. They discover that the "High" given by Jesus Christ makes sense when so many have been turned off and become disillusioned.

The Central students received their start about a year and a half ago when four or five students gathered to share their concerns with each other. They saw a need to communicate with students around them the meaning they had found for their lives.

At that time these students discovered a musical entitled, "Tell It Like It Is" and decided to share its impact with others.

About twenty students showed up to present this first musical. They soon caught on and after another venture with "Tell It Like It Is", they discovered the new musical "Natural High".

Today, 83 students under the direction of Marilu Van Dam, from the Presbyterian Church in Mt. Pleasant, criss-cross the

state to present themselves and their music.

Because of the size not all of the group travels to every place, but they have sung in various

places from Detroit to Traverse City, Michigan.

Students who sing with the group are mainly under-graduates who come from every con-

ceivable background all over the state of Michigan. The accompanists for the group are a piano, drums, acoustic guitar and two electric guitars.

Our House seeks commission help

ST. JOHNS—Our House, the controversial drop-in center for St. Johns teenagers, needs help. And Monday night, members of the adult committee went before the City Commission asking that the project be taken over by the government.

Robert Barnes, president of the Board of Trustees, said the youth center was in need of financial help to pay winter heating costs, insurance, water bills and salary for the supervisor.

"We are seeking to have Our House in some manner become part of city government," he said. "It is much too big a job for the small handful of us."

THE PROBLEMS ARE that an Office of Economic Opportunity grant from training of the supervisor, Nolan Johnson, expires in February and other grants, \$500 for equipment and \$100 for supplies, are running low.

"It will cost us \$1,700 for insurance plus the heating and

water costs this winter," Barnes said. "If the funds are not available, we will have to shut down when the cold weather arrives."

The Commission expressed strong reservations.

Said Mrs. Robert Rand, "The center is very controversial and the citizens that are opposed to it, are violently opposed, and those that are for it, are just as strong in their views. It puts us, as a governing body, in a very bad position."

MRS. RAND SAID it was her opinion that the commission should not rush into a decision on the matter.

Barnes replied, "Teenagers are controversial. There are many that are not proud of them, and there are a few that we are proud of. But unfortunately, we have them and the center is an attempt to provide a service to them." "It's my opinion," said Commissioner John Hannah, "That there should be more public response to help out. The place has a bad reputation and it's

going to be very hard to change," Barnes admitted a lack of supervision in the beginning has hurt their cause.

MRS. RAND SAID, "People, at least the ones who have talked to me, feel generally, they are providing schools, libraries, and parks for these kids and they don't want their tax dollars going into this."

Barnes said the average group of kids using the center were not the ones who would go to the other places.

"We have had three groups since we opened. We have had the long hairs, the average students and the student leaders. Most of them have drifted off and we are getting the students who do not feel any identification with the schools," he said. "This is a place where they feel an identification."

Hannah and Mrs. Rand had visited the center Monday afternoon.

"I WAS VERY impressed with the supervisor and the way he was running things," said Mrs. Rand.

The Commission promised they would study the matter further before making a decision and tabled the request.

63 boys attend safety course

WESTPHALIA — Sixty-three boys will be safer hunters this fall thanks to the Westphalia Jaycees and the Pewamo-Westphalia Gun Club.

The boys turned out for the club's sponsored Hunter Safety program which featured instruction on gun and archery safety.

The Gun Club furnished their equipment, which included actual shooting on a range. The 63 boys took part in the program.

Instructors for the program were Bob Droste, Gene Droste, Leo Klein, Duane Blatt, Jim Oleniczak and Joe Lipinski.

Wanted: bridge players

ST. JOHNS—If you like to play contract bridge, or if you think you would enjoy playing the game, then you should get in touch with the Jaycees.

Again this year the St. Johns Jaycee chapter will be sponsoring Couples' Contract Bridge. The playing consists of approximately ten matches against other couples according to a pre-arranged schedule.

Each match is played in a three week period at the couples convenience in their home. It is not necessary to be a member of the Jaycees or an accomplished bridge player to join.

Isenhart not happy with DeWitt showing

WEBBERVILLE—DeWitt won, but Head Coach Tom Isenhart isn't happy.

Isenhart, in his first year as head coach, was decidedly unhappy with the way the Pirates performed against a much weaker Webberville team.

"We played a poor game," Isenhart said. "It was hard to get up for Webberville after beating Laingsburg last week."

But that wasn't the whole story. DeWitt lost three starters during the contest with head injuries. Quarterback Ron Wilcox was injured when he lost his helmet running through the Spartan line, but continued for another 30-yards before being hit hard. His head was injured when several Webberville players joined in the tackle.

Ron Brown, a running back, was hurt shortly afterward when he hit the line and was felled by several Spartan tacklers. Mike Moody was knocked unconscious and missed the second half in another play.

Wilcox and Moody are expected to rejoin the team when they take on Pewamo-Westphalia for the Homecoming contest this Friday. Brown was not expected to play, Isenhart said, but he added that the situation could change.

DeWitt opened the scoring in

the second quarter when Wilcox ran in from three-yards out. Brown scored the points after touchdown. Seven minutes later Wilcox passed to Tom Ashley for a nine-yard TD, but the conversion attempt failed.

Greg Glover provided the only Webberville action when he flipped a TD pass to put the Spartans on the board with 1:09 left in the first half.

DeWitt came back with 3:10 left in the third quarter when Chuck Berkimer pounced on a Webberville fumble in the Spartan end zone for a touchdown.

Isenhart said Tom Ashley was the standout. Ashley intercepted one pass to bring his season total to four in three games. Jim Tews also had a fumble recovery for the DeWitt defense.

DeWitt also lost the services of Jerry Marrott, a 6-2 210-pound defensive tackle, who suffered a broken wrist during practice Wednesday. He will be out for the rest of the season, Isenhart said.

"The defense looked good during the second half," the coach said. "I'm sure Webberville will win some games this year. They are a good hitting ball club."

The battle of the unbeaten will take place at 8 p.m. Friday at DeWitt when the Panthers host the Pewamo-Westphalia Pirates for

the homecoming tilt. Both teams have 2-0 records in the Central Michigan Athletic Conference and the game could decide who will win the CMAC crown this year. DeWitt is the defending champ and has not lost a league contest in 16 outings.

Parking

receipts from meters have averaged \$243. Added to the fund, Weatherwax explained that when the renewed parking meter program completes three full years of operation and establishes a firm revenue pattern, the city will then become eligible for revenue bonding on a parking program.

This method of financing, in effect, is secured by the anticipated income from use of parking meters and lots where rates are charged. The three years span under the current parking meter program will be met in November and Weatherwax expects that all bonding requirements will be met and this could open a new avenue for support of a parking program.

Survey of land sites and merchant proposals will get underway immediately, Thompson said, with hopes that a tentative program can be established by Jan. 1.

The first group had established a three phase proposal for the city commission a year ago, with the first phase mapping out at least 12 parking spots in the city lot at Spring Street and M 21. Further development suggested using land behind Consumer's Power Company and Dr. R.L. Wohler's office for more spots. Other proposals suggested buying the building housing Miller's Furniture Store, adjacent to the Clinton County News offices on Walker Street, and putting in parking places backed by the American Legion parking facilities.

Harud noted that the plan, though not officially dead, would probably not be initiated since unofficial engineering reports indicate the cost would be too great to establish a developed lot at the Spring Street location. The engineers from two separate firms told city officials that the drainage problems would double the cost of the lot, making it extremely difficult to regain the revenue in meter costs.

Citizens aid in securing doctor

ST. JOHNS—Members of the business community and citizens of the city and surrounding area are being asked this week to contribute to a fund to raise some \$5,000 to bring a new doctor to the city.

Brandon C. White, chairman of the Doctor Search Committee, said the group agreed to solicit contributions from the business community between now and Oct. 15.

White also said other persons wishing to make a donation could do so by contacting him at the Clinton National Bank or Wayne Hicks at Central National Bank. The goal of the group is \$5,000. It will be used to defray the first 90 day expenses, specifically heat, rent, lights, telephone, except long distance, malpractice insurance premium and the first 90 days of wages for a receptionist.

"WE ROUGHLY ESTIMATE the cost to be \$4,200, but we are asking for \$5,000. The money that is not used would go toward bringing in another doctor in the future," White said.

Attending the committee meeting Monday night was a group of interested citizens who wanted to know why osteopathic doctors were not allowed to practice at Clinton Memorial Hospital.

White told the group members, "That is good question to be raised at a future meeting. Tonight, we are meeting to determine how we will raise the money to get our new doctor here."

Early TD's sting Pinckney, Bath easy winner 28-8

BATH—The Bath Bees are for real and suddenly all of their Ingham County League opponents are realizing that fact.

There was a time, when the Bees joined the league, that they were not taken very seriously. Even after last year's 4-4 showing, no one expected Bath to come back this season with as much talent and hard-nose determination as they have displayed.

The Pinckney Pirates believe it now, though. They felt the sting of the Bees Friday night at Bath by being dumped 28-8. The Pirates only scored after Bath Coach Ron Skorich sent in the second squad—and Pinckney managed a score with 23 seconds left in the game.

Bath started the scoring on a pair of 44-yard touchdown plays, both in the first period. Bath's all-state candidate at quarterback, Paul Stoll flipped a pass to end Fritz Ordiway who scrambled 44-yards for the touchdown. Roy Dobson took a handoff and dove through the Pirate line for the points after touchdown.

Shortly afterward, Joe Mitchell broke through the Pinckney offensive line and decked the Pirate quarterback forcing a fumble. Bath's Don Henry picked up the

loose ball and dashed 44 yards for another Bee touchdown.

The Bees put the game away for good in the third quarter when Stoll hit Jeff Smith for a 14-yard TD. Mitchell scored the two-point conversion. Then Stoll struck again on a 15-yard pass to his favorite target, Ordiway, for the icing on the cake.

The only Pirate score came with 23 seconds left in the fourth quarter against an inexperienced but determined second string for the Bees. Steve Bishop ran a six-yard sprint into the end zone for six points.

Bath outplayed Pinckney as the statistics indicate. The Bees rumbled for 208 rushing yards and added 108 air yards. Stoll completed nine of 15 pass attempts. The Pirates had 159 yards rushing and 50 in the air on four of 11 pass attempts.

"Larry Feguer and Randy Markham played an exceptional game," Skorich said. "As did Roy Dobson. Dobson had 13 solo tackles, while Feguer had 10 and Markham had nine."

Skorich said the early strike by the Bees paralyzed the Pirates. The Bees kicked off and recovered a fumble in the first series of downs. On the first

offensive play, Bath's Stoll threw the 44-yard bomb to Ordiway. "I guess they just weren't ready," Skorich said of the Pirates. "They were big and tough and they are a class B school. They just couldn't get going against us."

The TD passes now brings Stoll's career mark to 28, including the seven bombs this year.

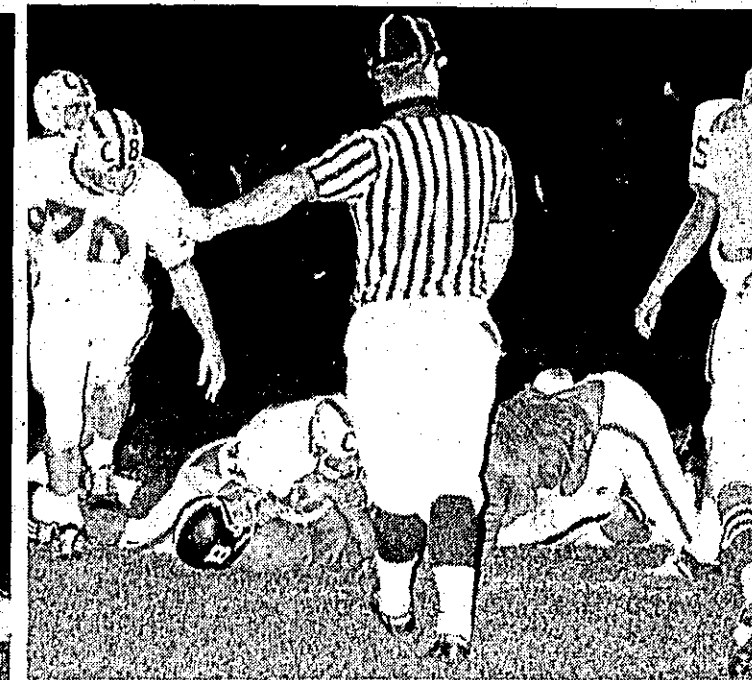

Bath plays Dansville Friday at 4 p.m. at Dansville. Last year the two teams played to a 6-6 tie and both are out to correct that misfortune.

Dansville has not won a game this year and has one tie in the three games. "They are small and quick, but they do not have much personnel," Skorich said. He noted that only 15 or 16 players went out for the varsity squad this year.

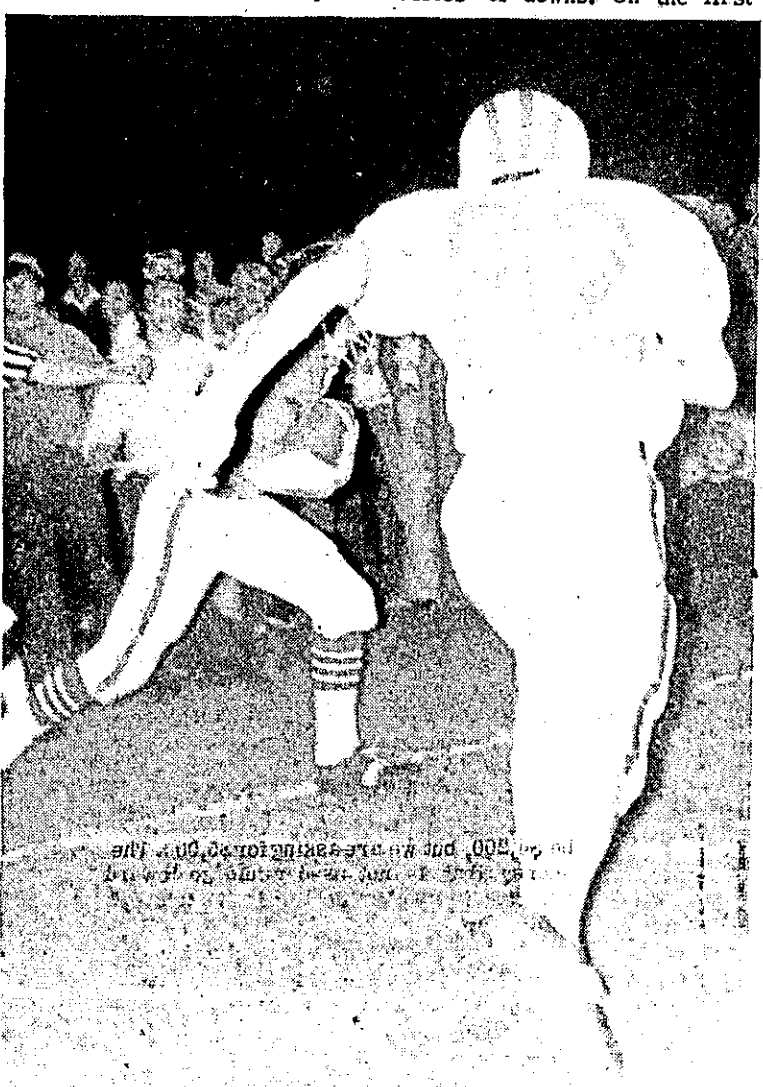

Scoring by quarters:
Bath 14 0 14 0—28
Pinckney 0 0 0 8—8

Roy Dobson almost makes it in for Bath but a host of Pinckney Pirates halt his progress just short of the line.

Joe Mitchell piles over from the two for a two-point conversion.

Jeff Smith scampers 14 yards for a Bee touchdown after gathering in a pass from Paul Stoll.

TOUCHDOWN

Gary Groom helps doom the St. Louis Sharks on this off tackle dive into the Ovid-Elsie end zone. It put the 27th point on the board of O-E, while St. Louis still hadn't penetrated the Marauder 20-yard-line.

By TIM YOUNKMAN
Co-Editor

OVID-ELSIE—St. Louis head coach Mike Oatley, a former St. Johns prep standout, must have felt like General Custer at Little Big Horn.

It wasn't supposed to go like that at all, according to the high school grid scene observers. After all, St. Louis gave O-E a run for the money last year and the Marauders did lose some fine personnel in graduating seniors and some injuries. But the final score told the story Friday night—Ovid-Elsie 40, St. Louis 6.

The Marauders dazzled the OE Homecoming crowd with a strong and explosive offense combined with their usual solid defense. The Marauders rolled through the St. Louis defense for 429 yards while allowing only 124.

Ovid-Elsie, now boasting a perfect 3-0 record, drove in for touchdowns the first three times they controlled the football.

The Marauders, after starting the first drive from their own 24-yard-line, broke through the Shark line with a series of quick openers by halfbacks Gary Groom and Gordon Baker. Groom carried the ball over for the first score from the 15 yard marker and kicker Bill Foran booted the first of his four extra points.

The Sharks bogged down in their first series of downs and were forced to kick, driving the Marauders back to their own 15-yard-line. And it appeared that the Shark defense might have pulled together after stopping O-E runners at the line on their first two attempts. With third

down and long yardage, Marauder quarterback Tom Kirinovic hit end Ron Mead with a pass and Mead scampered 83 yards for the second touchdown.

Before the Sharks could get their breath, the same combination struck again. Leading 14-0, Kirinovic found Mead again on a 27-yard-pass to record the third TD. The Sharks were never within striking distance after that.

But a 21-0 lead wasn't enough for the hungry Marauders, defending champions in the Mid-Michigan B Conference. With less than two minutes to go in the half, St. Louis quarterback Dennis Gardner dropped back for a pass and was buried by defensive end Dave Winkler forcing a fumble. The loose ball was caught in mid-air by middle guard Rob Nethaway. The 265-pounder rumbled down to the Shark 25-yard line before the speedier offensive backs could catch him, with 35 seconds remaining in the half.

Kirinovic hit Foran with a pass to the seven-yard-line and Groom ran it in on the next play. Foran's kick made the Marauder lead 28-0 at the half.

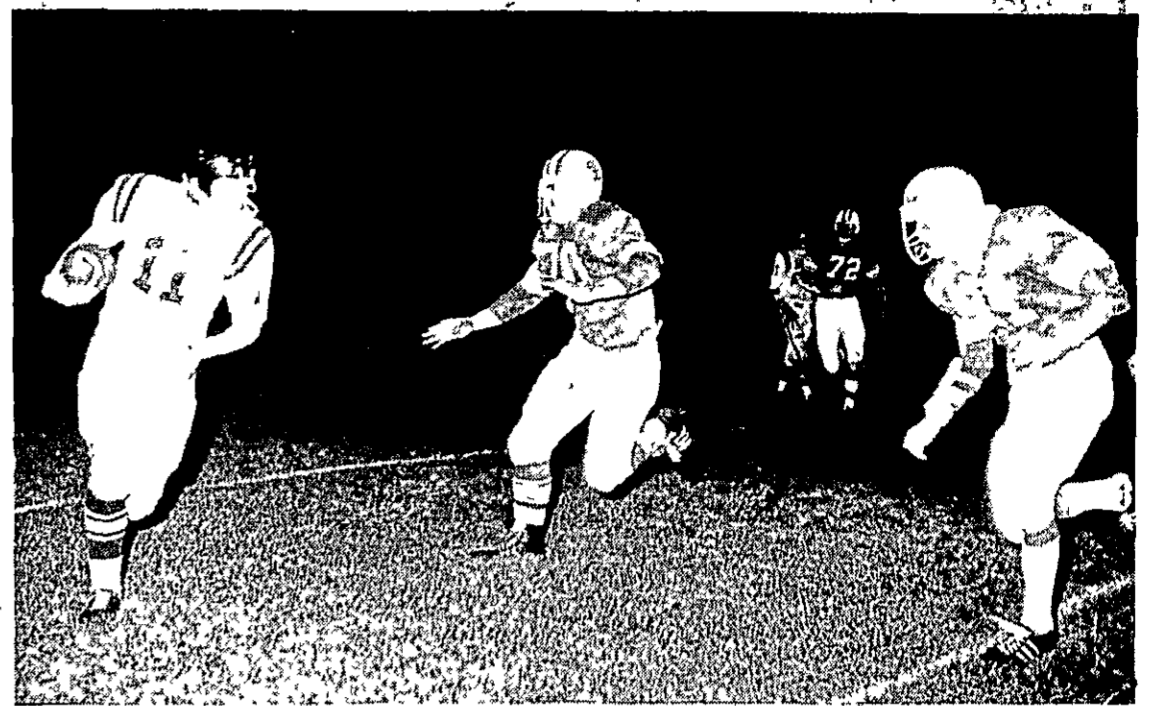

The only Shark score came in the third quarter on a quarterback sneak from the one-yard-line by Dennis Gardner. The St. Louis score followed a 55-yard run by halfback Joe Vetere.

The Marauders came right back in the fourth period with a 64-yard drive in nine plays ending with an 18-yard run by halfback Jeff Grant.

The final touchdown was set up by Bill Foran's interception and on the first play, quarterback Charlie Miller came off the bench and fired a short pass to end Foran who dashed 58 yards to the end zone.

The Marauders rolled up 222 yards on the ground against 121 for St. Louis and completely dominated the air routes with 207 yards passing compared with only three for the Sharks.

Ovid-Elsie quarterbacks Kirinovic and Miller completed seven of 14 passes while St. Louis could only manage one completion in eight attempts. Two Shark tosses were picked off by alert Ovid-Elsie backs. The

OFF TO THE RACES

Quarterback Tom Kirinovic slips around end and tries to avoid Shark tacklers Greg Starry (31) and Marty Reichard (70). The run helped set up another Ovid-Elsie TD.

rugged O-E defense also forced five Shark fumbles and recovered two of them.

Groom was the leading rusher with 94 yards while Mead was the tops in pass yardage with 128. Mead was a halfback at the sea-

son's start but because of injuries Head Coach Mark O'Donnell converted him to an end, which appears to have paid some dividends to the O-E passing attack.

The Marauder defense gave up only five first downs. Nethaway was the leading tackler with nine solo hits. Middle linebacker Dan Egbert added seven and end Tom Winkler had six.

The Marauders travel to Ithaca Friday night to take on the witless

Yellowjackets in another conference clash.

The O-E frosh squad crushed the St. Louis freshmen 62-12 as six players scored touchdowns for the Mini Marauders.

The Little Marauders did not have as nice a time with the Shark JV's dropping their first game in 15 outings. St. Louis won 28-14.

Board denies

ST. JOHNS — The St. Johns Board of Education Wednesday night denied a grievance by the St. Johns Education Association (SJEA) after the board fired an East Essex elementary teacher in July.

The teacher, Judy Wright, who had taught first grade at the East Essex school since the district consolidated with St. Johns, was fired after "a decision was made because of the fact that in the opinion of Administrators and parents, Mrs. Wright had not been performing at a satisfactory level of teaching." The statement was issued by Earl Lancaster, superintendent of St. Johns schools.

The superintendent said Mrs. Wright was notified in July that she would not be offered a contract for the 1971-72 school year. After that, a grievance was filed by the SJEA in her name, but it was denied by Lancaster. The next step in the grievance procedure was to present the grievance to the board and they denied it Wednesday night.

The final step in the grievance process is binding arbitration, which will occur within several weeks, according to Lancaster. The case will be heard by a member of the American Association and will be binding, he said.

The remedy requested in the grievance calls for "immediate reinstatement of Judy Wright and payment of any and all loss of compensation resulting thereof. That both Judy Wright and the SJEA be informed of all information forming the basis for her dismissal and that just cause be shown."

Lancaster said that should arbitration result in the teacher's reinstatement a large number of parents from the area would be angry. He did not elaborate on the reasons.

The board was able to fire the teacher since she was working under a special certificate that had to be renewed each year and approved by the board, according to Lancaster.

"When her certificate ran out in June, our lawyers told us that she was no longer under tenure and could be dismissed," Lancaster said.

The teacher subsequently received her full teaching certificate in August, but Lancaster said, the board was not obligated to recognize the tenure.

PRETTY CANDIDATES

One of these pretty seniors will be the 1971 Fowler High School Homecoming Queen. They are Joany Pohl, Janet Rademacher, Mary Lou Fox, Joy Weber and Beth Fox. The queen will be named at halftime of the Fowler-Pottersville game Friday night.

Beth Fox is Fowler H.S. writer

FOWLER—The Clinton County News is proud to announce that Beth Fox, 17, a senior at Fowler High School, will be the 1971-72 correspondent from the school. Miss Fox, daughter of Mr. and Mrs. Mark Fox, of 911 E. Kent St. Fowler, is a candidate for homecoming queen this year. She has been a four year member of the student council and was president of her sophomore and junior class. She is also a member of the girls' basketball team at Fowler.

Love doing well

BIG RAPIDS — Former St. Johns High School football player Norm Love is having a successful season as quarterback at Ferris State College here even if the Bulldogs aren't. Love has thrown 28 completions of 52 attempts so far this season for 172 yards. Last Saturday, the 205 pound junior threw 14 of 28 passes

The 1971 Football Homecoming at Fowler will be held October 8.

Since a Basketball Homecoming was voted down by the Student Council, they decided to add something special to this year's Football Homecoming.

Unlike other years a queen's court was chosen by the student body, but the queen will not be announced until halftime of the Pottersville vs. Fowler game.

A KING AND COURT were also chosen, which had never been done before at Fowler. Members of the queen's court are: Joany Pohl, Janet Rademacher, Mary Lou Fox, Joy Weber and Beth Fox.

The king and court are: John Pohl, King, and court members are Alan Harr, Steve Schafer, Dennis Kramer and Roger Nobach.

The Eagles will start Thursday night preparing for the defeat of the Pottersville Vikings by participating in a Snake Dance.

will gather around a bonfire for cheering, speeches, and also including burning the effigy of a Viking.

Everyone is getting ready for all of the excitement Thursday and Friday, and are also hoping for a great Eagle victory.

The Snake Dance consists of three girls each from the 9th, 10th and 11th grades riding on cars, a float with the queen's court on it, cheerleaders, football players and the rest of the student body.

Making its way through the town and back to the school, members of the snake dance

and it looked like the Eagles would get another chance. But with fourth down and 12 yards to go, Holy Rosary tried a pass. It was no good, but interference was called.

"We fell apart right there", Spicer said.

FOWLER LED IN passing with 83 yards on seven completed passes of 20 attempts while Holy Rosary had three completed passes on nine attempts for 81 yards. Each team had one interception.

Friday night will be homecoming for the Eagles as they host Pottersville in a CMAC game. Pottersville took their first loss of the season last Friday at P-W.

"They are a quick, fast team and we will have to contain them at the line of scrimmage or we are going to be in trouble", said Spicer.

The Eagles played their first game without first string quarterback Scott Spicer and end Roger Nobach. Spicer received a bruised spleen and Nobach is out for the season with a knee injury. Both players were hurt the previous week in the Pewamo-Westphalia game.

THE GAME REMAINED tied until late in the fourth quarter

picked up a Flint fumble and raced 60 yards for the score. The PAT attempt was good as McKimmon threw to Denny Kramer.

Kramer also returned a kick off 70 yards to Flint's 20 yard line at one point in the game and Mel Pohl grabbed a McKimmon pass for 40 yards at another.

"We were right down on their two yard line and tried three times without scoring", said Coach Spicer.

Eagles tie game then lose

FLINT—Again, failure to take advantage of breaks and moving the ball when it counted, cost the Fowler Eagles another victory Saturday night here as Holy Rosary handed them their second defeat in three starts, 28-14.

But it wasn't as bad as the score would indicate. The game was tied with 4:50 remaining in the fourth quarter of the non-league contest.

"We had our chances", said Coach Steve Spicer. "And we played a decent game."

At the end of the first quarter, the Eagles found themselves on the short end of a 14-0 ball game.

BUT THEY CAME TO life in the second quarter when Tony Thelen grabbed a Bob McKimmon pass for two yards and the score. In the third quarter, Pat Thelen

Rams zap Redwings 22-15

HOLT—"We had them beat!" That's what head football coach Ernie Becker had to say Monday about the scare the St. Johns Redwings threw into a tough Holt Ram team Friday night.

It's just too bad there are four quarters in football games.

Leading 15-6 at the end of the third frame, the Redwings saw the game slip away from them when they fumbled on their own 25 yard line.

A PREVIOUS RAM TD in that fourth period put the game within reach for the Rams and the final score was the clincher.

The Redwings drew first blood when Dean Eberhard kicked a 27-yard field goal to put the Wings out in front 3-0. That was in the first period.

In the second period, Holt quarterback Jim Knivilla capped a 45-yard drive with a three-yard option run. However, the PAT attempt failed and the Rams owned a 6-3 lead at the half.

The third quarter, however, belonged to the Redwings. Bruce Cameron intercepted a pass at midfield and returned it to the Ram 11 yard line. Three plays later, it was Cameron again, scoring from the three.

THE REDWING DEFENSE set up another score when quarterback Ken Schueller intercepted a pass and returned it to the Holt 35 yard line.

On the second play from scrim-

mage, George Rosner bolted through the middle of the line and romped 43 yards for the touchdown and the Redwings led 15-6.

The Rams fought back in the fourth period with Kris Doerr capping off a 45-yard drive with a five yard run. It was a 15-14 ball game at that point.

The Rams kicked off to the Wings and somehow, St. Johns lost the ball. The fumble was recovered by Don McNelly on the Redwings 25 yard line and six plays later, it was Doerr again across for the score. Knivilla ran the two point conversion, and that was the ball game.

FOR THE NIGHT, the Wings had six first downs to 14 for the Rams. As Coach Becker said, "I was disappointed at our failure to move the ball on key plays, but they were a very strong defensive team."

The Rams piled up 240 yards on the ground and nine through the airways with one of six passes being completed. The Redwings had 118 yards on the ground and 25 through the air on one pass completed of six attempts. The Rams intercepted one of the Redwings' passes late in the game, while the Redwings picked off three Ram passes.

Besides Cameron and Schueller's interceptions, Kevin Hayes also picked off a pass.

Rosner was the leading rusher with 75 yards in 10 carries and Schueller added 19 more in five carries. Each team lost one

fumble. DEFENSIVELY, THE Wings linebacker Gary Koenigsnecht was credited with 12 tackles and Randy Devereaux with 11. Devereaux also recovered lost Ram

fumble. "If we would have got a couple of first downs in the second half, and take away that fumble, we would have won the game," Becker said.

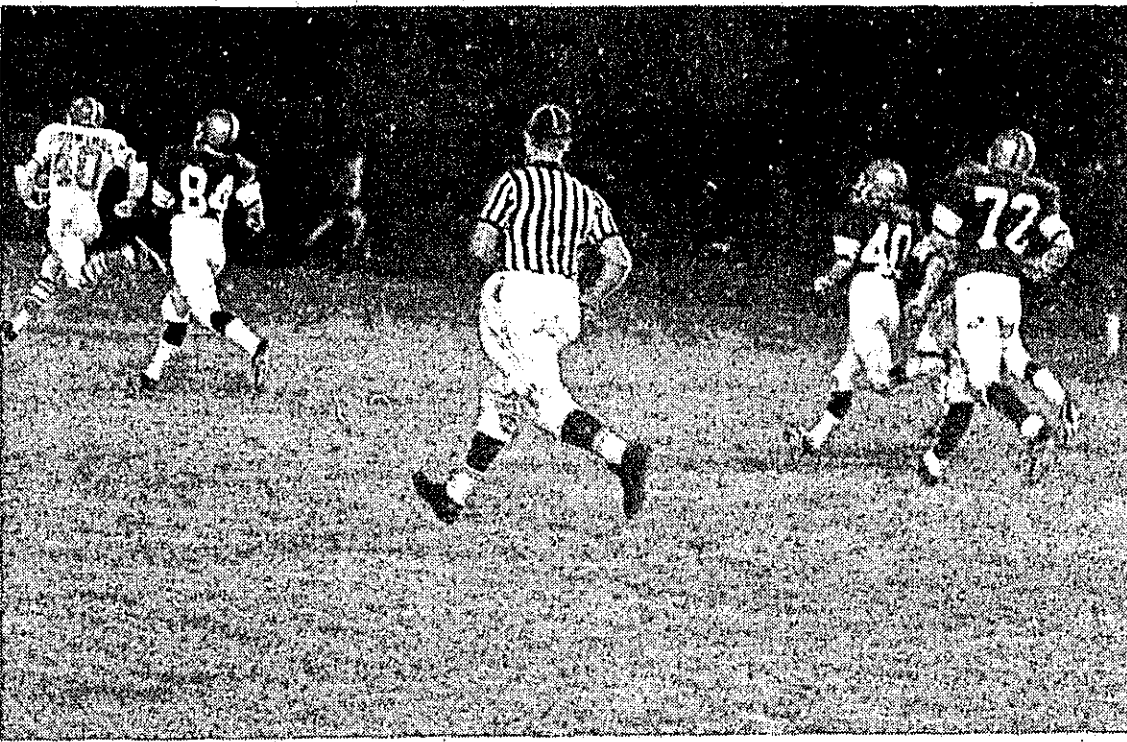

they are tough, but we had them." Becker said he felt his defensive unit showed improvement this week.

On Friday night, the Redwings will journey to Ionia to meet the Bulldogs in a WCC conference

game. Both teams have a 1-0 record in the conference.

size wise, we have met this season," Becker said, "I expect they will pass more against us than other teams."

Game time at Ionia is 8 p.m. Score by quarters: St. Johns 3 0 12 0 15 Holt 0 6 0 16 22

TOUCHDOWN RAMBLE

St. Johns' George Rosner (40) does a new dance called the Touchdown Ramble as he heads for pay dirt in Friday night's game with the Holt Rams. Rosner ran a dive play for 40 yards and the score in the third quarter.

14-6

P-W makes it three in a row

PEWAMO-WESTPHALIA—It's three in a row and still going strong.

That's the way the Pewamo-Westphalia Pirates feel this week as they get ready to face the DeWitt Panthers this Friday night. For the Pirates, the game will be one of the high points of the year.

Last year, the Pirates were robbed of the conference championship by DeWitt, as the Panthers won 20-14.

Last Friday night, Coach Bill Marks' Pirates defensive unit held off a flurry of Pottersville passes to stop the Vikings 14-6 in a game here.

THE GAME SAVER was an interception by Mike Gross on his own two yard line, which stopped what appeared to be a sure Viking score. The interception came in the third quarter, after the Vikings had moved down the field on a 55-yard drive.

The Pirates drew first blood in the game when quarterback Roy Piggott found his favorite target, All Conference End Al Fedewa on a 47-yard pass play,

The score capped a 63-yard Pirate drive.

The Vikings proved they were not out of the game by any standard, as Quarterback Dean Peters threw a 40-yard scoring bomb to Bob Nemeth.

The only other score of the night came in the second period when Piggott and Fedewa again hooked up, this time with a 70-yard pass play. Piggott added the two-point conversion with a run.

"OUR DEFENSE WAS again outstanding and our offense looked much better," said a happy Coach Marks. "We held a team to six points that has averaged 30 points a game this year."

That defense held the Vikings to 73 yards on the ground and 117 yards through the air. In the second half, most of those Viking passes were short ones, over the middle, as the Pirate defense was set for the bomb. Several of the passes contributed to the 11 first downs the Vikings had for the night, however.

For the Pirates, Piggott threw

four completed passes of 11 attempts for 135 yards. In addition, P-W picked up 128 yards on the ground with Mike Fedewa leading the rushing with 43 yards. Gerard Fedewa picked up 36 yards. The Pirates had eight first downs. Each team had one interception, with the Vikings throwing 22 times and completing nine.

TOM THELEN AND Gerard Fedewa led the defense with eight solo tackles each. Coach

Marks credited Piggott and Mike "Moose" Miller with an outstanding defensive game. Miller, the middle guard, plugged many a hole and dumped Dean Peters several times for big losses.

It will be homecoming for DeWitt this Friday night and the Pirates will have their work cut out for them. The Panthers have won the CMAC title two years in a row and haven't lost a league game in 16 starts. They are 2-1 for the season, with their only

loss a non-league affair with Bath.

"We know they have a good team," said Marks. "But we're out to make it four in a row." The game will get under way at 8 p.m. at DeWitt.

Score by Quarters: P-W 6 8 0 0 14 Pottersville 6 0 0 0 6

Arkansas Lassies basketball team challenges DeWitt

DeWITT—It should be a game the male members of the DeWitt faculty will remember for a long time.

The DeWitt faculty, known as the DeWitt Stars, will challenge the nationally known all-girl basketball team, the Arkansas Lassies, at the DeWitt High School gym Oct. 19 starting at 8 p.m.

The game, sponsored by the Panther Booster Club, will provide funds for the new video tape camera the club purchased for the athletic department. The new equipment cost was in excess of \$1,800, a club spokesman said. "It was decided that with the increasing interest in a girls' basketball program in most high schools and junior high schools that presenting a top notch pro team of this caliber would further enhance this interest," the spokesman said.

The Lassies will bring many years of road experience and nearly a million miles of travel and entertainment to town.

Having played in all 50 states, as well as overseas before packed audiences, this world championship troupe will bring

a record of 149 wins in their last 151 games to challenge the Stars. The games were all played under men's basketball rules and against all-male teams. They will also provide comic entertainment with some of their Globetrotteresque antics.

The team features Elvera Neuman, who has a 41-point per game average, in her eighth season with the team. Her career high was 85 points in a game last season.

Other members of the team include Linda Yearby, Linda Fancett, Marli Witt, July Oelrich and Betty Jo Johnson.

Advance tickets are on sale at all DeWitt schools or send a self-addressed stamped envelope to 1005 E. Geneva Drive, DeWitt, 48820 with the ticket price. Admission in advance is \$1.25 for adults and \$1 for students.

The last event sponsored by the Booster Club, the Detroit Lions basketball team against the Stars, was a sellout far in advance of the game, so Booster members have urged fans to purchase tickets in advance. De Witt's gym capacity is 1,200 seats.

Little Pirates eat up teams

POTTERSVILLE—Coach Harry Peacock's Little Pirates eat football teams every Thursday night.

At least that's what the story seems to be when they play. The Little P-W Pirates have won three in a row, all by great margins, with their latest triumph a 50-12 drubbing of the Little Vikings here last Thursday night.

They scored 16 points in the first quarter, 14 in the second, 14 in the third and six in the fourth. They had 15 first downs,

244 yards rushing, 173 yards passing, completing 11 of 23 pass attempts. They also forced three fumbles.

Dan May scored 20 points, Pat Thelen and Dan Jones, eight each, Dean Miller and Gary Beachnau, six each and Randy Walter, two.

IF YOU WANT to watch the team that eats football teams alive, catch the DeWitt game at the P-W field Thursday night at 7 p.m.

OFFICIAL NOTICE OF SALE \$200,000.00 Ovid-Elsie Area Schools, Clinton, Shiawassee, Saginaw and Gratiot Counties, Michigan. Tax anticipation notes.

Sealed bids for the purchase of tax anticipation notes of Ovid-Elsie Area Schools, Clinton, Shiawassee, Saginaw and Gratiot Counties, Michigan, of the par value of Two Hundred Thousand Dollars (\$200,000), will be received by the undersigned at the Administration Building, 8989 Colony Road, Elsie, Michigan, until 8:00 o'clock, p.m., Eastern Standard Time, on the 14th day of October, 1971, at which time and place said bids will be publicly opened and read.

The notes will be dated October 1, 1971, will mature April 1, 1972, and will bear interest at a rate or rates not exceeding six per cent (6%) per annum. Both principal and interest will be payable at a bank or trust company located in the State of Michigan to be designated by the original purchaser of the notes, which paying agent qualifies as such under the statutes of the State of Michigan or of the Federal Government. Denominations and form of notes to be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at the time of delivery.

The notes shall not be subject to redemption prior to maturity. For the purpose of awarding the notes the interest cost of the notes will be computed by determining, at the time or times specified herein, the total dollar value of all interest on the notes from October 14, 1971, to their maturity and deducting therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest dollar interest cost to the school district. No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered. The loan is in anticipation of the December 1, 1971 operating tax.

A certified or cashier's check in the amount of 2 per cent of the par value of the notes, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the school district, must accompany each bid as a guarantee of good faith on the part of the bidder to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the notes. Checks of unsuccessful bidders will be promptly returned.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys, 2500 Detroit Bank and Trust Building, Detroit, Michigan, which opinion will be furnished without expense to the purchaser prior to the delivery thereof, approving the legality of the notes. The purchaser shall furnish notes ready for execution at his expense. Notes will be delivered without expense to the purchaser at a place to be designated by the purchaser.

The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposal for Notes."

FOOT IN MOUTH

Occasionally a fellow thinks twice before he speaks—and even then lives to regret it.

Open Letter from VAN W. HOAG

Dear Friends,

It deserves emphasis that the time, the place, the character of the funeral service, the merchandise used, the cemetery selected—these are decisions of the family of the deceased. The funeral director acts only as a representative of the family. The clergyman should be consulted in matters that concern him before any decisions are made.

Respectfully,

Van W. Hoag

Linna Underwood now Mrs. Keith Leslie

MAPLE RAPIDS—The Congregational Christian Church of Maple Rapids was the scene of the Aug. 14 double ring ceremony uniting in marriage, Linna Jean Underwood to Keith Carl Leslie, Rev. Robert Meyers performed the 7 p.m. service before an altar enhanced with baskets of yellow and white gladiolus and lighted candelabra.

Parents of the bride and groom are, Mr. and Mrs. Oak Underwood of rural Perrinton, and Mr. and Mrs. Wayne Leslie of Middleton.

Solist for the ceremony was Mrs. Karen Grubbaugh singing "Where Do I Begin", "One Hand One Heart", "The Lord's Prayer" and "A Time For Us". Mrs. Helen Howe accompanied her on the organ. Attending the guest book was Miss Stiny Powers.

Given in marriage by her mother and father, the bride approached the altar wearing a floor-length gown of white lace over puffed crepe, featuring a fitted bodice with a sheer lace stand up collar and short puffed sleeves. The gathered A-line skirt ended in lace scallops and white satin ribbon accented the cuffed sleeves and empire style waist. A lace covered Juliet cap secured her full-length mantilla well edged in matching lace scallops and she carried a colonial bouquet of white daisies, forget-me-nots and yellow rose buds. A lucky sixpence for her shoe was given to the bride by her brother, Wayne, from his trip to New Zealand.

Mrs. Elaine Kupiec of East Lansing, served her sister as matron of honor with Janet Chick, friend of the bride, and Diane Cunningham, cousin of the bride, assisting as bridesmaids. Mollie Kupiec, niece of the bride, was flower girl.

The attendants wore gowns of

puffed crepe styled similar to the bride's dress. White lace accented the collar and cuffs and a white lace bolero was worn over the bodice. The matron of honor and flower girl wore dresses of mint green, with the two bridesmaids in pale yellow. Each carried brown wicker baskets of yellow and white daisies with white streamers.

Darrell Taylor was best man, with Robert Gray and Alan Zamarron, all friends of the groom, serving as groomsmen. Seating guests were Wayne Underwood and Dennis Leslie, brothers of the bride and groom. Daniel Underwood, nephew of the bride, was ring bearer. The gentlemen wore white dinner jackets with yellow carnations.

Following the ceremony, the couple greeted 200 guests at a reception held in the Fulton High School Student Commons in Middleton. Host and hostess were Mr. and Mrs. John Brown.

Special guests were Mr. and Mrs. Bruce Kirvan of St. Johns grandparents of the bride, Mrs. Mattie Leslie of rural Middleton and Mrs. Lillie Vallance of rural Pompell, grandmothers of the groom.

After a short honeymoon in Northern Michigan the new Mr. and Mrs. Leslie will reside at 4484 Jantice Lee Drive, Apt. 5A, Okemos.

Both graduates of Fulton High School, the groom is presently working at Oldsmobile as a die making apprentice.

MR. AND MRS. KEITH C. LESLIE

OVID

Carla Motz now Mrs. Mark Emerson

EAST LANSING—Carla Marie Motz became the bride of Mark Lee Emerson on Saturday, Aug. 14 in St. Johns Student Center in East Lansing. Rev. Schoelke performed the ceremony with Rev. Hicks of Johnstown, Ohio, assisting in the Ecumenical service.

Organist for the ceremony was Bob Sargeant.

The bride is the daughter of Mr. and Mrs. Ronald Motz of R-3, St. Johns and the groom's parents are Mr. and Mrs. Mark Emerson of Johnstown, Ohio.

The bride was given in marriage by her parents and the groom was escorted to the altar by his parents.

The bride chose a gown of tulle rosepoint lace featuring a high neckline, Bishop sleeves and a floor-length veil matching the gown. She carried a bouquet of shasta daisies. Complimenting her attire was an heirloom cameo necklace, a gift from her late grandmother, Mrs. Mary Wahl.

Nadine Nosel of Lansing, cousin of the bride, was matron of honor and serving as bridesmaids were Julie, Jane, and Jill Emerson of Johnstown, Ohio, all sisters of the groom. The attendants wore floor-length blue and white gowns accented with miniature daisies on the long flowing sleeves and they carried a bouquet of daisies.

Jeffery Little of Ft. Lauderdale, Fla., cousin of the groom, was best man. Assisting as groomsmen were Thomas Bishop and Tom Cleveland, friends of the groom, and Ronald Motz II, brother of the bride. Seating the guests were ushers Larry Jones and Robert Young, friends of the groom.

A reception was held in the Student Center for 250 guests. Special guests at the wedding and reception were Mrs. Mark Emerson and Mr. and Mrs. Dan Green all of Ohio, grandparents of the groom and Mrs. Christine Motz, of St. Johns, grandmother of the bride.

Following a Northern Michigan wedding trip the new Mr. and Mrs. Emerson will make their home in Johnstown, Ohio.

The bride and groom are both graduates of Michigan State University.

MR. AND MRS. MARK LEE EMERSON

Judy Bridger now Mrs. Barry Taft

WACO, TEXAS—Seventh and James Baptist Church in Waco, Texas was the setting for the Saturday, Sept. 18 wedding ceremony uniting in marriage Judy Karen Bridger and Barry Wayne Taft. Rev. David Matthews performed the double ring ceremony before an altar decorated with baskets of gladiolus.

Soloist for the 2 p.m. service was Jesse H. Day and organist was Mrs. Jesse H. Day Jr.

The bride was given in marriage by her father and chose a gown of sate-peau in A-line design featuring a ruffled Victorian neckline and Bishop sleeves. Lace panels crisscrossed with pearls accented the bodice and front of the skirt and a Dior bow secured her chapel-length train. A headpiece of lace petals secured her finger-tip veil of illusion and she carried a cascade bouquet of carnations centered with a yellow-throated orchid.

Edna Shiver, of Waco, Texas, was maid of honor and Myra Shirley, also of Waco, was bridesmaid. The attendants wore light blue chiffon dresses featuring long sleeves and a royal

blue bolero effect over the bodice. They carried blue and white chrysanthemums with blue streamers.

Best man was William J. Todaro of Waco, Texas and serving as groomsmen was Kenneth Bridger of Dallas, Texas, brother of the bride. Seating the guests was usher Alan Taft of Ovid, brother of the groom.

A reception at the church was held immediately following the ceremony. Special guests at the wedding and reception were Mr. and Mrs. Harold Irish and Mrs. John Taft, grandparents of the groom and Mrs. Mary Burch and Mrs. Ella Bridger, grandmothers of the bride.

For travel on their wedding trip from Texas to Michigan the new Mrs. Taft chose a bright orange hotpants ensemble.

The bride is a 1971 graduate of University High School and the groom is 1968 graduate of Ovid-Elsie High School.

The bride is the daughter of Mr. and Mrs. Bill Bridger of Waco, Texas and the groom's parents are Mr. and Mrs. Robert Taft of 111 East Williams Street, Ovid.

Ralph Lynam speaks at 'Friends' meeting

ST. JOHNS (C)—Friends of Bement Public Library met Thursday night, Sept. 30, in the Municipal Auditorium to hold their annual meeting. Ralph Lynam was featured speaker of the evening.

Cider and doughnuts were served to the multi-aged group as they gathered for the meeting. Among the children present were 16 who received money awards, given by the Friends group, for book reports written in connection with the Library's Summer Reading Club. Mrs. Gaylord Desprez, assistant librarian introduced the winners.

Mrs. Edward Mikula reported a total of 660 pieces of reading material borrowed from the Hospital Book Cart during the past year. This activity is a project of the Friends, as well as of the Library itself. Bedside library service is given three times weekly at Clinton Memorial Hospital, with Mrs. Mikula, Mrs. Thomas Colaman, Mrs. Lloyd Campbell, Mrs. Rollin Huard and Mrs. Floyd Countryman working as volunteers. The Women's Guild of St. John's Episcopal Church gives the National Geographic Magazine to the book cart.

Mrs. H. M. Bross, librarian, gave highlights of additional activities of the Friends group during the past year, reporting two meetings of the Friendly Forum, the purchase of a bicycle rack for the Library, serving of refreshments at a Board meeting of the Central Michigan Library System, also at the open house honoring Doyle Fitzpatrick, author of "The King Strang Story" during American Library Week last April.

She spoke of the newest project of the group, financing of prizes for the Library's Summer Reading Club program for children. She also gave credit to the Friends of the Library and to Girl Scouts of the community for their service in connection with the used book sale during Slide-walk Days in August.

Mrs. Bross spoke of the classes in English for foreign-speaking persons, taught in the Library by Mrs. George Osgood, who donates her services. This project is sponsored by Bement Public Library, and is financed

from Library funds, approved by the governing Board of the Library.

Ralph Lynam, speaker of the evening, told of his work as a representative on the Board of Lions International. Composed of 27 members from different countries of the world, this board coordinates the work of the Lions Clubs, which number close to 26,000 groups. He spoke especially of their work for the blind and their special interest in the CARE organization. He closed his talk with a tape recording of actual activity in a camp kitchen in Bengal, India, where Lions Clubs members were assisting CARE workers in the feeding of 7,000 refugees from Pakistan.

Mrs. Larry Plowman, vice-president, conducted the business meeting, during which the following persons were elected to terms of three years on the board of the Friends of Bement Public Library: Mrs. Delbert Conklin, Mrs. Robert Barnes, Mrs. Mikula, Mrs. Lawrence Fish and William J. D. Escher.

Those remaining on the 15-member board are: Mrs. Margaret Paige, Mrs. Winchell Brown, Mrs. Dick Devereaux, Mrs. Plowman, Mrs. Dale Finch, Mrs. Dick DeGroot and Howard Casler.

Retiring from the board were: Mrs. F. W. Smith, Mrs. Countryman, Mrs. Virgil Zeeb, Mrs. Earl Lancaster and Fraser MacKinnon.

Refreshments were served by Mrs. DeGroot, assisted by Mrs. Countryman, Mrs. Plowman and Mrs. Rademacher. Dues to the Friends of Bement Public Library are one dollar a year for an entire family.

MR. AND MRS. ANTHONY SPITZLEY

Celebrate anniversary

WESTPHALIA—Mr. and Mrs. Anthony J. Spitzley of Westphalia will celebrate their 50th wedding anniversary on Sunday, Oct. 17. A Mass of Thanksgiving will be offered at 10 a.m. in St. Mary's Church in Westphalia and an open house will be held at the Parish Hall from 2 to 5 p.m.

All friends and relatives of the couple are invited to attend. Hosting the event will be the couple's daughter and son-in-law, Mr. and Mrs. Norbert Fox of Westphalia and daughter, Dolores Spitzley also of Westphalia.

Mr. Spitzley and the former Theresa Pohl were married on Oct. 18, 1921 in St. Mary's Church and have resided at their present address most of their married life.

Mr. Spitzley owned and operated an implement business in Westphalia until his retirement in 1954.

The couple has five grandchildren who are also assisting in the celebration. A son, Ronald was killed in World War II.

HOSPITAL NOTES

Twelve walls of the Clinton Memorial Hospital will take on new looks with original paintings, given to the hospital by Mrs. Harold Annis of Maple Rapids. The pictures, a collection of oils, water colors, and acrylics, are florals and scenes of Lake Superior shores.

Another benefactress, Mrs. Dora Robbenolt, of Waverly Road, Lansing, has given the Hospital Auxiliary Board knitted slippers, at different times, to be sold at the gift counter.

This past summer Mrs. Robbenolt knitted an afghan, to be used for a money making project. Numbered donations will be board members and the afghan will be awarded to a donor at the

annual Christmas cookie sale.

With the generous donation of yarn by Mrs. Wendell Devereaux of "Marie's Yarn Shop", Mrs. Geraldine Niergarth, with an assist by Mrs. Edward Sulka, has made baby hat, sweater, bootee sets. They will be sold at the hospital gift counter.

Gift counter sales are a major source of income for the Hospital Auxiliary Board. The current project is the permanent on-the-wall installation of rental television sets in each room. The sets will be wired to a new roof antenna and will have pillow speakers and remote controls, thereby giving better reception and convenience.

Students receive awards in summer reading program

ST. JOHNS(c)—Seventeen children have received cash prizes for work done in the Summer Reading Club sponsored by Bement Public Library. Awards were given by the Friends of the Library at their annual meeting in the Municipal Auditorium last Thursday night.

Winners were announced by Mrs. Gaylord Desprez, assistant librarian, and checks were presented by Howard Casler, treasurer of the Friends of the Library.

Denise Cerny received a prize for the most outstanding of all the book reports submitted. She is the daughter of Mr. and Mrs. James Cerny and a fifth-grader at Central School.

Tamela Willett, daughter of Mr. and Mrs. William Willett,

was given a prize for the best book report written by a third-grader. Mrs. Desprez explained that originally third-graders were not included in the program, but several participated and, since Tamela's report was exceptionally good for her age group, it had been decided to reward her. She is a student at Swegles School.

Lynn Fiermoen from Central School, daughter of Mr. and Mrs. Emil O. Fiermoen, and John Willette of St. Joseph's School, son of Mr. and Mrs. James F. Willette, won the book report prizes for Fourth Grade girls and boys, respectively.

Kim Paski of Swegles and Terri Barker of St. Joseph's tied for fifth grade book report honors. Their parents are Mr. and Mrs. Richard Paski and Mr. and Mrs. Elmer E. Barker. Carol Fox of St. Joseph's and Sherri Harte of the Riley School tied for the sixth grade. Their parents are Mr. and Mrs. Bernard Fox and Mr. and Mrs. Neil R. Harte.

Laura Hurst, daughter of Mr. and Mrs. Paul Hurst, tied with Pamela Jorae, daughter of Mr. and Mrs. Roger N. Jorae. Both are seventh graders at St. Joseph's School.

The following children received prizes for completing the program: Kim Japinga, third grade, Swegles School; Stephanie Smith, third grade, St. Joseph's School; Carolyn Bast, fourth grade, St. Joseph's School; Becky Stewart, fifth grade, Ferrin-Palmer School; Shelley Miller, sixth grade, St. Joseph's School; Deana Fosmo, sixth grade, Rodney B. Wilson School; and Jeannie Parker, seventh grade, Rodney B. Wilson School.

Rules of the Summer Reading Club were that those participating should read a total of 15 books and write a book report about one book. One hundred fifty nine children joined the club at the end of school in June. Of those, 21 read 15 or more books. Seventeen children wrote book reports. Twelve read more than five books, and 40 read five or less. Eighty-six of those who joined read no books at all.

PRIZE WINNERS

These students were the prize winners of the Bement Public Library Summer Reading Program, sponsored by the Friends of the Library. Seated from left, John Willette, Lynn Fiermoen, Denise Cerny and Tamela Willett. Back row from left, Sherri Harte, Terri Barker, Kim Paski, Pamela Jorae and Laura Hurst. They were awarded prizes at the annual meeting of the "Friends" held last Thursday. Missing from the picture is Carol Fox. PHOTO BY ANNETTE WHITE

COMPLETE READING PROGRAM

These students were among those who completed the Summer Reading Program held at the Bement Public Library. Seated from left, Stephenie Smith, Carolyn Bast and Kim Japinga and standing from left, Deane Fosmo and Shelly Miller. Missing from the picture are Becky Stewart and Jeanne Parker.

Business notes

By MIKE PREVILLE
News Advertising Manager

Close only counts in horse-shoes but I think Wanda Forbuck's efforts in the County News' Football Contest deserves some attention. Wanda didn't win but she selected 15 of the 16 games correctly.

Card of Thanks

MILLER—We want to thank our children and grandchildren, our relatives, neighbors and friends for gifts and cards we received for our Golden Anniversary. Mr. and Mrs. Arnold Miller. 23-1p

JASTRAM—I wish to express my thanks to Drs. Jordan and Smith, surgeons, nurses and aides at Carson City Hospital for the wonderful care I received during my three weeks stay there. Also thank you to relatives and friends for the cards, visits, phone calls, flowers, plants and other gifts. And for all other assistance and food brought to our home. It's appreciated very much. Esther Jastram. 23-1p

Charles Slim of St. Johns won the contest and the \$20.00. Charles missed the same game (Yale vs. Colgate) but was closer on the tie-breaking point total. One important note on the contest . . . be sure and select the winning team in the tie-breaking contest as well as estimating the points. We receive a few entries that had only the point total . . . and had to be marked wrong.

Moonlight Madness, a special sale held by St. Johns merchants will be underway tonight (Wednesday) from 7:00 p.m. The sale will feature many special items and prices.

I used to like Fridays. TGIF and all that. But no more. Friday has become a bad, bad day for me lately.

Like last Friday. Everything that was planned didn't work out. Every surprise was unpleasant. And because of a "spoff" I was hit, kicked, rolled out of bed and woke up Saturday morning cold, tired and sore from sleeping on the floor. And I still don't know what a spoff is. Last Friday Alice was going

to jump in her car and run some errands. Erik was supposed to go to Scout camp. Joel was supposed to behave.

Things started going bad on the way home. There I was whipping up the freeway in lots of traffic. Listening to the "Tooth Fairy" on the radio. When bang . . . the car hood folded over the windshield. The only thing I could see was my

obituary passing before my eyes. Then I made the big mistake. I went straight home to recount my near miss. I wasn't out of the car when I was informed; the car wouldn't start, there was nothing to eat, Erik wasn't going to camp, the door and other assorted things were broken or at least not working, the boys were fighting with the neighbors, her, themselves and were off somewhere plotting a bank job or something.

The next few hours were hectic. Run here, run there; do this, do that. But I did it . . . did it all. Started the car, went shopping, fixed the door, ran errands . . . the only thing I did wrong was finding the boys. They were downtown letting the air out of tires.

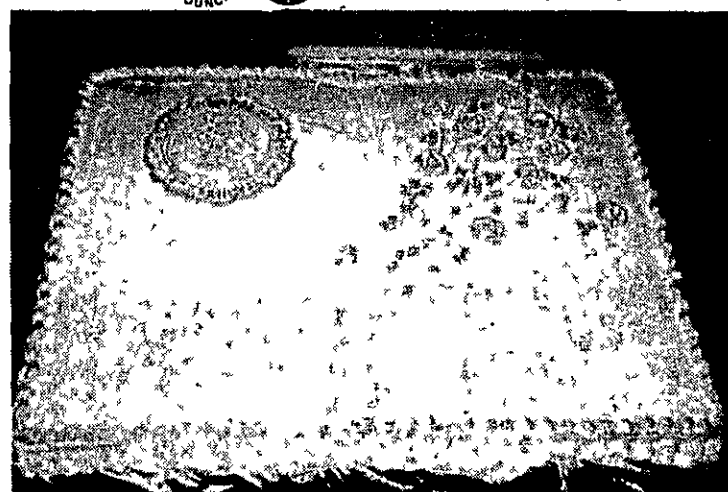

At 10 I was pooped. I went to bed.

At 3 in the morning I woke up. For a moment I didn't know why. Then I found out why. I was being hit . . . The Big M was either having a nightmare or turning vicious. She wanted her "spoff". I tried to find out why she was hitting and what a "spoff" was but the only thing I received for asking was a shove.

I asked her the next day what a "spoff" was. She remembered her dream and that I had it . . . but she didn't know what it was either.

Don't help a good boy go bad.

Lock your car. Take your keys.

MRS. JOYCE RUMSEY

127 West Main Street

Maple Rapids, 682-4243

The first P.T.A. meeting of the Maple Rapids School was held Tuesday, Sept. 21 beginning with a potluck supper in the gym, which was decorated in the school colors for the occasion. A cake was made and decorated by Mrs. Darrol Hunt with the P.T.A. furnishing the ingredients.

Mr. Pihl, Supt. of the Fulton Schools was guest speaker. After dinner the Girl Scouts took charge of the children for the regular P.T.A. meeting. They will con-

tinue to baby-sit for parents at future meetings. The P.T.A. membership drive is now in progress.

The first pack meeting of Boy Scouts, Troop 510, was Wednesday, Sept. 22 combined with the annual Schooler Night. Cub Scout master Dean Ball presented the scouts with awards and ten new boys were welcomed to the troop. The scouts received their Tom Watt kits. Mr. Ball announced the need of a new cub scout master and leader of the Webelos scouts. Wayne Ball has assumed the job of cub scout master. After the closing ceremony refreshments were served.

Mr. and Mrs. Clifford Halsted received birthday cards from President Nixon honoring their 80th birthdays which are one week apart. They were also given a birthday dinner by their daughter and family, Mr. and Mrs. Kenneth Henry.

Mrs. Dale Shooley is in the Carson City Hospital.

DeWitt river project lacking in manpower

HEAVE HO!

That National Guard truck at the top of the hill is aiding DeWitt volunteers in removing an old railroad trestle cement base from the Looking Glass River near the municipal park. With some effort, and a few tries, they managed to complete the task.

Youthful volunteers discover an old handmade raft and remove it from the river.

THE DUANE MILLER FAMILY

meet our good-acting banker, Duane Miller

Bad actors just don't make good bankers so we're pleased that Duane Miller is one of our better actors. In fact, when it comes to matters of banking we think he's something special, but the letter of the word comes to light during his leisure hours as a member of the St. Johns "First Nighters" little theater group.

During normal business hours you'll find Duane performing his role as assistant manager of our Valley Farms office, an assignment which follows periods in the adjustment department and our management training program. Duane has been with CNB&T since May 1969 and during this time has worked in St. Johns and Elsie before joining the Valley Farms staff. In addition he has completed five study programs sponsored by the American Institute of Banking programs which involve work outside usual business hours.

And speaking of outside hours, we weren't kidding about Duane's acting ability. Not only has he performed in theater work, but he's also currently directing a play for First Nighters entitled "Double Exposure" which is slated to "hit the boards" November 4. Duane's second leisure pastime happens to be writing and we're sure if he puts his mind to it that he could be acting in one of his own plays some day.

Duane is a graduate of Lansing St. Mary's High School but along with his wife, Linda, and three daughters — Michelle, Karen and Kathy — now lives at 407 E. Walker St. in St. Johns.

Visit our Valley Farms office and get to know Duane, but don't be offended if he wishes you "Break a leg" as you depart. It's an old theater expression that good actors — and good bankers, sometimes — use to extend best wishes. And, as we said, Duane's a good actor, but more importantly, he's a good banker, too.

It takes a lot of extra effort to make a city a community and CNB&T has begun a program for recognizing citizens in the St. Johns area for their participation toward this end. And already we've found the task to be a challenge, indeed. With so many people working so hard on so many projects, we expect some of our judges (CNB&T staff members) to come away from the weekly selections a bit dizzy, but nevertheless, the name of each week's honored citizen will appear on the west message panel of our time and temp sign at the front of our St. Johns office. We call this our....

Citizen of the Week Plan

NEXT WEEK IS CHARLIE COLETTA WEEK

Charlie has long been active in civic and community affairs, having served as a city commissioner for over 18 years. During this time he completed two terms as mayor and has worked on numerous commissions toward city development and growth. Through the years he has participated fully in all types of community projects and no one can recall the time he has declined a request to join in any function of general benefit to the St. Johns area. At present he is serving as president of Rotary Club and county chairman of the United Fund drive. Charlie Coletta-CNB&T's citizen of the week.

Simply supply CNB&T with the name of your candidate and some information on why you feel he or she should be honored. You can either phone or drop us a line and you need not identify yourself. If your candidate wins, a letter from one of our officers will affirm the selection and the following week will be named in honor of the winner.

Educational flood

While job prospects for college graduates continued to deteriorate this year, it doesn't seem to have cut down on the number of students in our colleges and universities this fall.

The educational grist mill runs merrily along. As a result, we continue to flood the job market with people with one, two, or even three degrees, and few places for them to put into practice what it has taken several years and much money to learn.

The reality of the tight job market has become obvious to students. There is a growing pessimism about job prospects and students are being less selective in their search for a job. There is also a strong tendency by students to accept the first job offered fearing there may not be a second.

And the more degrees a person has today can actually work against him due to pay scales established, even though the job seeker would be willing to work for less.

If our high school counselors and teachers are still painting a rosy picture for their students in encouraging all who can to get a four-year degree, then the job market will remain in its unpromising status. While we must continue to have a percentage of our young people receiving higher academic education, we should place equal effort in steering others into vocational and trade school training.

It might be interesting to inquire of your local high school counselors as to their present approach in this regard.

Arenac County Independent

The knife you feel in your back is your Congress in action again.

This one is just a little pin prick in the present era of "be kind to your government" but it is one of the sorest pricks of all ... Congress silk sheeting its own bed.

Congress is overloaded with older men ... men who would not be allowed to function in private business or in government itself at the employee end.

Some younger Congressmen have come up with a supposed way to get rid of the old men ... a financial pay-off.

It is obviously a way to pay out money to Congressmen and in no way is it designed to get rid of the aged. If we wanted over-age men out of Congress we would simply forbid them to function past the age of 65 ... or at least forbid them to run for office if over 65.

We haven't even taken the time to research necessary measures. If Congress needs approval from the people, it could get it in a hurry.

Sixteen of the 38 major committees in the House and Senate are over 70 years of age. Can anyone imagine 42 percent of the businesses in America being run by men over 70 years of age? Remember, a committee chairman is not a figurehead board chairman. He is the president, the chief executive officer, the man who makes the business or committee go or not go.

The knife in the back comes in the form of dollars handed to Congressmen ... and the revelation that Congressmen are getting a pension equal to 80 percent of their salary and are only required to spend 32 years on the job to get it.

YOU'RE PAYING your Congressman \$40,000 a year now. They get a pension of \$32,000. They're expecting a raise to \$50,000 in 1973 with a pension going to \$40,000.

Make you sick? You bet. And there seems nothing can be done about it.

We've had hundreds of reports from Cong. Elford Cederberg down through the years ... heard him blast the spenders many times.

AMONG THOSE reports we wish he was conscientious enough to send is a once-a-year report on Congress. It would seem a conservative congressman like Al would want his people to know.

He could tell us regularly, in a big news release, even sent to us in a franked envelope. He could tell us what we pay him, the size of his pension, a detailed list of all the fringe benefits paid him.

He could list the dollars spent in special trips, the special privileges granted them in Washington.

IF HE DID all these things, we'd also be willing to publish his account of what is expected of him, and his colleagues.

Congressmen set the pace for goodies paid to themselves. State legislators think they are just as good and attempt to keep up with the pace.

Having been so good to themselves, there's no way in which they can, with heads up, do anything about keeping the public payroll under control.

The knife slips in a little deeper ... with the taxpayer absorbing all the pain.

On stands and change

By TIM YOUNKMAN

How quickly time can change the entire picture of a world in agony.

It was 1966, January. The sentiment of the overwhelming majority of American citizens seemed, by Presidential polls, at least, to dictate further involvement in the Vietnam struggle. It dictated that we should terminate (although that was too strong a word at the time) relations with the British government.

Yes, only five years ago. The British were rapidly turning into a neutral enemy.

It isn't so easy to recall the circumstances. Even the feelings subsided quickly—within two years. Of course, at the same time, Charles DeGaulle was running France and seemed somewhat allied against our best interests also.

What caused the turmoil? The basic disgusting reason was British approval of a proposal to admit Communist China into the United Nations. At the same time, the British decided to continue aid and trade with North Vietnam. Remember the talk of bombing Haiphong harbor?

The former parent government of the United States also had begun discussing trade with the Red Giant, while our neighbors to the north, Canada, had already started a wheat trade with China. It was a hard pill for Americans to swallow. "After all," the argument went, "we saved them from the Nazis and the Kaiser. Now they turn and stab us in the back."

We indeed had a policy to uphold. We had fought a bitter con-

lict in the name of the United Nations against the Communists in Korea. We had lost good men in that war. Now we were entrenched in another one a decade and a half later along the same lines and our SEATO allies (which included Britain) were falling to live up to their share of the treaty.

Negotiate a settlement in Vietnam? Absurd was the term that official Washington would answer. We subscribed to the basic ideal of freedom for the South Vietnamese and agreed to fight to the end.

WE Poured money, equipment, men and know-how into the war. We were the greatest power on earth. There was nothing we could not do.

That was the sentiment then. Remember?

While some of us still feel that way, the majority of us can look back and see the basic flaw in our reasoning at the time.

It is generally understood, now, that all-out war in whatever disguise is not the only answer to a secure peace. The avenue of war has been exhausted at our level. Only by fighting for survival, as in our Revolution or Civil War or the World Wars, can all-out no-holds-barred war bring about some sort of answer to the major problems.

We found that after each war, long periods of reconstruction sapped the strength and dignity of our nation. That reconstruction produced problems even greater

than those just solved. For example, we have rebuilt Europe to a point, economically, that war could break out again—in Germany, the Balkans, the Middle East etc.

We, as a people, have turned around to accept the idea of Red China. That government controls the immediate destiny of 800 million people and ultimately, at least half of the world's population. China's action could have a definite bearing on our own way of life here. She cannot be ignored. So the banner of not admitting Red China into the United Nations is no longer relevant.

We will undoubtedly end up in some kind of a trade treaty with China after Nixon's visit to the Orient. Another banner gone.

It is entirely possible that we may some day trade with North Vietnam.

THE POINT is: we have always taken various stands in recent years that swiftly become untenable. The reasons for the stand vanishes, but the hard-nose viewpoint remains.

It is one example of why we allowed ourselves to be mired in the Vietnamese rice paddies. It would do us well—even at a grass roots level—to look around us and question our policies as they exist and how they will affect our future. It is a dead serious business.

Without such soul-searching on our parts it will not be possible to change our course into another Viet-like tragedy.

'IF IT FITZ ...'

You remember Simone Simone

By JIM FITZGERALD

I ran out on my front porch and hollered at a passing car: "Robert Slack gave Shirley Temple her first screen kiss."

The driver didn't stop and applaud. He didn't even honk his horn. He obviously flunked Art Appreciation in school. I'll bet the jerk doesn't even know why "The Little Colonel" was a unique movie. (Because it started out black and white but switched to Technicolor near the end.)

You may wonder why I yelled at a motorist. Because nobody was home except the 2 cats, that's why. And I quit talking to the cats 2 years ago when I discovered the dumplings didn't even know the name of Simone Simone's leading man in "The Cat Woman." (Kent Smith.)

My amazing intelligence has led me to the discovery of a rather profound truth: there is no sense being smart if no one knows it. What I mean is, the last man on earth is bound to be a stoop. Why should he bother being smart when there is no one around to look at him in awe and say: "Geeyou're smart."

There's a TV show called "The Movie Game." 2 panels of movie stars compete to see who knows the most about movies. They're usually pretty good but I'm always better. My only problem is getting my family to sit down and see how great I am.

"It's 7 o'clock, time for Movie Game," I say. And everyone gets up and leaves the room. "I don't care who the 2 male stars of 'King Kong' were," my son says.

"Bruce Cabot and Robert Armstrong," I say. "How do you people expect to learn anything?" So I am left alone with the TV set, with no choice but to run and scream answers between questions. For instance, the question might be who played the Laird Cregar role in the remake of "I Wake Up Screaming"? The answer is Richard Boone and I will also tell you that the ori-

ginal version starred Betty Grable, Victor Mature and Carole Landis who killed herself in real life after an unhappy love affair with Rex Harrison.

That's quite a mouthful. And I have to run into the sewing room, to tell my wife, and into my daughter's bedroom to tell her, and into the basement to tell my son who is hiding—and still get back to TV for the next question.

"And I came up with the right answer 3 seconds before Shirley Jones' panel got it," I tell my amazed family.

"You are truly a marvelous man," my wife says.

But the other day she also said this: "The children have asked me to ask you to do them a favor. When they have guests, would you please not run through the house screaming that Stuart Irwin threw watermelons to Judy Garland in her first movie? It embarrasses them and they don't know how to explain you to their friends."

"It is a terrible thing for children to be ashamed of their father," I said. "I remember that movie where Frankie Darrow had no respect for his dad, Lewis Stone, who was a brilliant man, and ..."

"I think it would be simpler if we all just leave the house when the Movie Game is on TV," my wife told the kids.

"Take the cats with you," I said. "They don't even know who Simone Simone was."

So now I am forced to yell at passing cars: "Hey, Mrs. Frankie Laine and Helen Parrish were the other 2 girls in Deanna Durbin's first movie, '3 Smart Girls.'"

That should screech some brakes. Onward and Upward.

GRASSROOTS OPINION

COMMENTS FROM OTHER PAPERS

MARATHON, N.Y., INDEPENDENT: "We have always admired men of courage. We admire men in politics who take crucial steps in their deliberations, knowing full well

that what they might do, may well mean political disaster. A politician becomes a man when he votes his mind, his inner thoughts and lays aside expediency for the sake of true public representations. While we realize that the game of politics is not often played this way, we also realize that the people will admire a man who can stand up and say that this vote may well mean the end of my political career."

We spend our hurried days 'n nights Just tryin' to keep pace, With schedules we have set ourselves In a frenzied sort of race; There simply is no time to spare Our calendar's full dated We're forced by every circumstance Life's just too complicated!

I've countless things I aim to do Once this "rat race" is o'er, I'll organize myself for sure So I'll accomplish more! No matter if my good intent Is slightly over-rated Some day I'll have a minute's time Now life's too complicated!

A thousand projects fill my mind When I can time arrange Perhaps my problem's not unique But others think me strange; A lot more days in every week Would make me quite elated And over-scheduled once again, Life's just too complicated!

Welfare not understood

By REV. HUGH BANNINGA

Public assistance or "welfare" is one of the most costly and most criticized, yet least understood programs in Michigan.

While our country gets richer, millions of people are poor and stay poor, and our present efforts seem to have little effect.

With little public information and with the contradiction of poverty amidst riches, it is natural that rumors, myths and stereotypes about welfare programs and welfare recipients have become commonplace in the mind of the public.

If we hope to overcome the problems of public assistance, we must work with facts, not myths. Let's take a look at some of the common myths and the facts to set these myths straight. (Please note that my factual material is based on information supplied by my diocesan Christian Social Relations Department.)

MYTH: The welfare rolls are filled with able-bodied people who can and should work.

THE FACTS: Studies over the past few years by the Michigan Department of Social Services show that 4 per cent of all welfare recipients are actually considered employable—16 per cent are over 65 years of age, 8 per cent are disabled or blind, 57 per cent are children (under 18) and 15 per cent are single parents who must care full-time for their children at home.

Employable welfare recipients are handicapped by lack of edu-

cation and job skills and language problems. Jobs which they can find pay such low wages that the family is generally still eligible for welfare. Averaging for all public assistance programs in Michigan, 65 per cent of all recipients are white, 35 per cent are black.

MYTH: Welfare is an accepted "Way of Life" to most recipients; they obviously prefer the "dole" to working for a living.

THE FACTS: Recipients of Aid to the Blind, Aid to the Disabled, and Old Age Assistance, because of their infirmities, are likely to receive welfare for the rest of their lives. 45 per cent of all welfare cases are in these categories.

Most families receiving Aid to Dependent Children and direct relief have problems which can be overcome. Their average length of time receiving ADC is 34 months. Once off the welfare rolls the average family, when it finds that it cannot earn enough money to support itself and must reapply for welfare, does not do so for 20.5 months or just under two years.

13.8 per cent of all families receiving Aid to Dependent Children have at least one member working, bringing home an average of \$67 a month, even though all but the first \$20 is subtracted from the welfare check, which gives the welfare recipient little incentive to go to work.

Present regulations require that all employable recipients register for work or training with the Michigan Employment Security Commission. If he refuses to take a job found for him without good reason, the recipient's welfare can be cut.

MYTH: Welfare grants are high and make for an easy life for welfare families.

THE FACTS: Public welfare is often called "institutionalized poverty" because welfare grants are set below poverty levels. The ADC food allowance is 83 cents a day per person, or 28 cents a meal. It is impossible, even for the best homemaker, to provide a balanced and adequate diet for her family on this amount.

\$15 per month per family is budgeted for all utilities—well below actual needs, especially during a Michigan winter. A monthly allowance of \$9 per person must cover clothing, household items and other "incidentals", obviously below needed levels.

Besides the money problems of having to rely on welfare, the social stigma attached to being poor is a tremendous and damaging burden to the welfare recipient, especially to the children.

Space limitations brings us to a halt for this week. We'll continue with the myths and the facts on welfare next week.

PLANNING DRIVE

Rep. Richard Allen (R-Ithaca) (right), and Gov. Milliken plan close cooperation of the Governor's property tax relief petition drive. Allen, with other individuals and organizations will lead the gathering of signatures in the 88th District.

Closely watched rulings

Two seemingly unrelated rulings—one in Seattle and one in Lansing—are being closely watched by Capitol observers and by many Michigan college students.

In Seattle Superior Court Judge Lloyd Shorett ordered the University of Washington law school to admit Marco DeFunis, 22, of Bellevue, Washington, who had graduated from the university with highest honors.

In Lansing, the Civil Service Commission made a ruling that, in effect, destroyed the basis on which civil service was founded in Michigan.

What's the connection? Well, both rulings involved special treatment for minority groups.

In the State of Washington case, the judge ruled that the university couldn't reject DeFunis as a law student in favor of 31 minority applicants who were admitted with lower qualifications.

But in the Michigan case, the Civil Service Commission changed the rules so that people less qualified for jobs may be hired over those better qualified if they are of a minority race.

In the Seattle case, the judge said he sympathized with the university's efforts to "achieve greater minority representation in the field of law" but he added that the "constitution is color blind".

Judge Shorett's ruling, if upheld by higher courts, will be of particular interest to many Michigan students who have had the same experience as DeFunis in trying to gain admittance to the University of Michigan law school

and to Michigan State University. White students have complained to Michigan legislators that they know from experience that some of the state's top tax-supported institutions are discriminating against them in favor of blacks.

Within the last year, one Senate aide was forced to go to the University of Minnesota for admittance to its law school because "there was no room at the inn" for him in the University of Michigan.

Most Capitol observers agree that the recent change in rules by the Civil Service Commission destroys the need for a civil service system. The need to hold examinations no longer exists, they contend, if the results can be ignored.

Meanwhile, the Commission is also under fire for what one Capitol guide contends is loading

examinations with terms that only a black person would be able to answer. He raised the question as to why Capitol guides must be able to speak the language of the few rather than know Michigan history and government, as he takes people on tours of the state Capitol.

In conclusion, it appears to many people that in Michigan, at least, the civil rights pendulum, first activated back in the 1950s, may now have swung too far in the other direction.

Letters to the Editor

Friendly city?

Dear Editor: We were taxpayers and lived here near St. Johns for 40 years and would still be living here if we could afford to pay the high taxes that were levied by people who built a school complex way out of reach of other people retired and living on a fixed income. We were forced to sell or let our farm and buildings deteriorate.

We still have all our capital in St. Johns banks and come here twice a year to conduct our business and for a check up with our doctors and dentist here. And to see relatives and friends.

Now my complaint is that we come here with a travel trailer and have stayed at the city park, but this fall we were expelled from the park where we were parked without causing any expense to the city.

St. Johns had better wake up to the fact that travel trailers are here to stay and St. Johns can benefit by accepting them in its beautiful city park. "Is St. Johns a Friendly City?"

Well done

Dear Editor,
Just finished reading your article on the Canadian Armed Forces helicopter that forced landed in a corn field near St. Johns, Mich. and burned. Unfortunately we only had one copy between six crew members.

The article was so well covered, that I've been requested to drop you a line to see if there was any possible way I could get 5 copies sent up to myself. Myself and four other crew members would greatly appreciate it if you would do this. The story covered in the Wednesday, July 21 issue of the Clinton County News.

If you could send it C.O.D. I would gladly absorb any costs incurred by you.

On behalf of crew members of C.A.F. Hel. 10414.

Analyzing the questions

Rep. Douglas Trezise
87th District

Regular readers of this column know that for the past few weeks I have been reviewing the results of the legislative questionnaire which was mailed to over 8,000 homes in the 87th District earlier this year. The object is to assess your opinions of problems facing the state and determine whether the legislature is moving in the direction favored by the voters of this area.

Thus far, we have discussed "Spending" and "Education" as these were the subjects which those who responded to the questionnaire felt were the top priority items.

This week I'd like to review the problem of "Drug Abuse" which followed those two as a matter of concern. In fact, 13 per cent of you felt this was our number 1 priority, 18 per cent placed it second while another 38 per cent placed it in 3rd or 4th position.

The only question asked in my questionnaire relative directly to the drug problem read:

"Michigan law requires a mandatory 20-year prison term for giving or selling even a tiny bit of marijuana. Judges have been extremely reluctant to impose this penalty. Should they be given a more flexible plan for punishment instead of the present 'minimum mandatory' penalty plan?"

To this question, 63 per cent of you said "yes" and 37 per cent "no". While this is not an overwhelming majority, I feel it is significant enough to indicate a general trend toward revision of some of our drug statutes and the penalties in particular.

This project was undertaken in this session of the legislature in House Bill 4882 which passed the House of Representatives on June 3 and is now in committee in the Senate. Called the "Controlled Substances Act of 1971", the bill centralizes in the State Board of Pharmacy complete control over the manufacture, distribution and dispensing of all opiates or opium derivatives, hallucinogenic substances, amphetamines, barbiturates and many other drug groups which are defined in the act as "controlled substances."

The bill gives a good deal more latitude to the courts in cases of use and possession of marijuana. It classifies possession of marijuana as a misdemeanor. The maximum penalty would be 90 days in jail, a \$500 fine or both for the first offense. The second conviction, however, could result in a 1 year maximum jail sentence, a fine of up to \$1,000 or both.

Without going into a lot of detail—which I will be glad to provide to anyone who is interested—the general theme of the bill is to classify substances according to their relative danger to society, adjust punishments accordingly, with emphasis on punishing the seller or pusher. I, for one, hope this bill will be high on the Senate's calendar when we return to session late this month.

While HB 4882 was probably the most significant piece of drug legislation introduced thus far, there have been many others. A very important item in this field was approved in the appropriations bill for the Michigan State Police.

That bill, HB 4242, provided for the establishment of a new narcotics division within the intelligence department of the State Police and appropriated \$1,276,280 for that purpose. It is anticipated that \$750,000 of

that would be available from federal funds. The objective of this unit will be to track down the sources of illegal drugs—the organized crime involvement—and try to stop the supply before it reaches the street peddler.

Other legislation includes an act, already signed by Governor Milliken, allowing local units of government to spend money on drug clinics and other means of curbing drug abuse. This express power was never given previously although some units have expressed it.

In addition, there are at least a half dozen other bills in the hopper relating to establishment of state drug abuse treatment centers. The question of Drug Abuse is an important one to people of the 87th District. The legislative record indicates it is no less important to your representatives in Lansing.

LETTERS TO THE EDITOR

Thanks Fitz for column

Dear Editor,
After reading the article of Sept. 29 by Jim Fitzgerald, I wish to say "Bravo!". We need more people like him in this old "white washed" world.

It is time for people who attempt to elevate themselves by looking down on a person because of color of skin, pulled themselves up where they belong. If their insides were as white as they believe their outsides are, they might have different attitudes, as God looks at the inner, not the outer body. Matt. 15:8,9.

The Song of Solomon, or Canticle of Canticles, as it is termed in the Catholic Douay Version of the Bible, does a nice job of picturing the Bride of Christ, and in the first chapter verse 4, it speaks of a black girl.

I was interested in the footnote on that verse in the Douay Catholic Bible as it states— "As to verse 4, I am black but beautiful—That is the Church of Christ founded in humility appearing outwardly afflicted, as if black and contemptible, but inwardly, that is, in its doctrine and morality, fair and beautiful." This is good food for thought. I just cannot see how anyone can profess to be a Christian if they have prejudiced feelings for anyone, merely because of their skin color.

There is no partial in the Bible where God is partial in that way. A good example is found at Acts 10:34, 35 where it states—

"God is no respecter of persons, but in every nation, he that fears him and does right is acceptable to Him."

Jesus in his sermon on the Mount quoted Psalm 37:9-11 (38 in Catholic Bible) when he said, "The meek shall inherit the Earth." Is one meek if one hates certain skin colors or upholds wars or hates long hair, without looking at the inside individual?

If it were left up to men or women of this attitude, how could we have a "New Earth" where righteousness is to prevail? (2 Peter 3:13)

In the new system attitudes will have to change and that means attitudes of all colors, as God's people will be of all nations, kindreds and tongues. (Revelation or Apocalypse 7:9)

It is well known if you were black you had to go to the rear of the bus. In the new system, under God's kingdom, if we cannot accept all of our brothers and sisters, we may have to get off of the bus. "We reap what we sow." Galatians 6:7, 8—Matt. 25:52.

Sincerely,
Mrs. Clare Matter

Washington Reports

FLS a corporation

Rep. U.S. Garry Brown
3rd. Congressional Dist.

WASHINGTON, D.C.—The House last week approved a comprehensive child care and development program and removed the Free Legal Services for the Poor program from the Office of Economic Opportunity (OEO), re-establishing it as a corporation.

The child care program would authorize 80 per cent federal matching grants to private, public and non-profit groups to construct, equip and staff day care centers offering comprehensive educational, nutritional and health services to pre-school age children.

It had been tentatively approved by the House to establish a ceiling of \$6,960 on annual income for a family to receive service free; however, House Republicans pointed out in extended debate that this would run the program's cost to the taxpayer to as much as \$20 billion a year. In the final bill, the ceiling was reduced to \$4,300.

Youngsters from families with an income above \$4,300 would pay graduated fees that increase with income.

An amendment to the bill by the House makes it possible for cities of 10,000 or more to be eligible to sponsor a child development program. Before, the limit had been a population of 100,000.

The House passed bill differs somewhat from the Senate bill and thus; the legislation will now go to a conference committee of members of the House and Senate.

The same legislation also provides that the Free Legal Services program will be re-

established and administered as a private corporation with a 17 member Board of Directors made up of six members from the national bar associations, four from among the poor and project attorneys, and seven appointed by the President.

The legislation, if enacted, would bar the new corporation's attorneys from engaging in any lobbying activity on behalf of poor clients or organizing and aiding demonstrations for minority groups against proposed federal, state, or local legislation.

Such activity is considered political and not the proper function of a government agency.

A HOUSE AMENDMENT would also bar the corporation's attorneys from representing clients in criminal cases, the guarantee of representation in such cases being clearly established in law and the means being provided by public defender systems.

Both this measure and the child care program were part of comprehensive legislation authorizing a two year, \$5 billion plus expenditure for OEO anti-poverty programs.

Most newsworthy on the Senate side last week was the passage of the Mansfield Amendment to the defense procurement legislation. The amendment, which would provide for the total withdrawal of U.S. troops from Vietnam within six months of the release of U.S. prisoners of war had previously been attached to the extension of the selective service act. The House refused to go along with the amendment and it was removed from the

final conference report. A similar fate is expected for this second Mansfield amendment.

Scheduled for action next week is the Revenue Act of 1971, which incorporates President Nixon's proposals for a New Economic Policy. Also to be considered is President's proposal to delay salary increases for federal employees for six months, from Jan. 1 until July 1, 1972.

Other legislation that will be considered includes:

- A Joint Resolution providing for an Equal Rights for Men and Women Amendment to the Constitution.
- A supplemental appropriations for unemployed benefits and allowances Black lung benefits.
- Veterans Medical Care Act.
- Free letter mail for overseas servicemen.

Former Pewamo man celebrates "usual" birthday

MACKINAW CITY—It was a special day—Sept. 3. At least, it was special for a native and former resident of Pewamo.

George Coffman, born in Pewamo, Sept. 3, 1877, celebrated his 93rd birthday last month in his usual manner. He went to work as usual and "celebrated" the day by repairing watches, as he does every summer here.

Coffman, at the age of three, moved with his parents, Mr. and Mrs. George H. Coffman, to Mackinaw City.

He does his watch repairing along with his pharmacy operation on Huron Street and the special day found many of his long-time friends dropping into the shop bearing gifts, cards and good wishes.

Coffman has had several interesting occupations in his 93 years, including a taxidermist, watchmaker, pharmacist, funeral director and embalmer and a Mackinaw City councilman for the past 22 years.

He received his degree in pharmacy from Ferris Institute in 1900 and has been practicing pharmacist ever since. He can be found at his store working six days a week during the summer months.

He was named Grand Marshal for the Mackinac Bridge opening and this year he was Grand Marshal for the Memorial Day Pageant at Mackinaw City.

Among his accomplishments, Coffman was a major figure in the development of Historic Fort Michilimackinac. He located the original foundations of this fortress.

He is a life member of the Mackinaw City Masonic Lodge 448. He noted that he has crossed the Straits of Mackinac every

way but swimming, even on ice skates with a hand-held sail propelled by the wind currents.

He works at the pharmacy alone in the mornings then his wife joins him at noon. He can be seen each morning walking to work. Coffman still does not wear glasses, has his own teeth and gets about most of the time without a cane, according to friends.

A keen minded gentleman with a superb memory, Coffman keeps customers and friends entertained and spellbound with tales of his many adventures along the Straits.

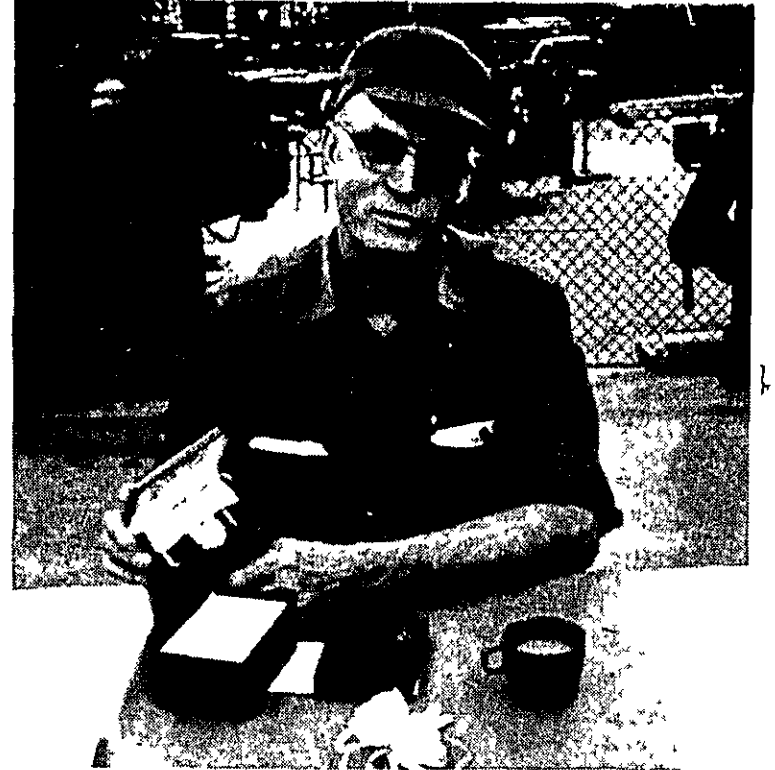

SJHS magazine sale campaign

ST. JOHNS—Save those magazine orders for members of the St. Johns High School who are participating in the fundraising magazine sale drive starting Oct. 8.

The sale, sponsored by the high school's student council, will raise funds for various student projects throughout the year, according to Alan Henning, chairman, and Ted Jorae, co-chairman.

Prizes will be offered to the school department that brings in the most in sales. \$100 will be offered to the department and individuals can win posters and blacklights.

The chairman said he would like people in the area to hold up renewing their current subscriptions or ordering new magazines until a member of the student body can contact them. The sale will run for two weeks.

Covercrops a bargain

ST. JOHNS—There are many benefits for the farm operator who plants winter cover crops, according to George McQueen, Clinton County Extension Agent.

"They help control erosion, add organic matter and plant nutrients to the soil, and increase water percolation. They also reduce leaching, improve soil structure and provide early spring pasture. All this from one inexpensive practice," he says.

Cover crops can be used on almost any land from which a cultivated crop has been harvested.

"Even home gardeners have found this practice valuable. A cover crop will act as a living umbrella over land that may be bare and exposed to wind and water for more than six months of the year. When finally worked into the soil, a cover crop acts as a green manure."

RYE, WINTER BARLEY, oats and thick-planted corn are all

good cover crops, according to McQueen. Rye is the most popular, and should be seeded at a rate of 1 1/2 to 2 bushels per acre. Cover seeding, like most crops, will respond well to fertilizer, especially nitrogen. Extra nitrogen may be added when seeding new crops in the spring because decomposition of old organic matter may temporarily tie up some of the nitrogen needed to give a new crop a boost.

Winter cover crops are especially important on lands subject to wind erosion, asserts the County Extension Specialist.

"Cover crops protect the land during winter and when spring comes, strips of growing rye can be left at cross angles to the prevailing winds to protect young plants such as sugar beets, melons, corn, beans and cucumbers."

In Grenada

By JOHN AYLSWORTH

EDITOR'S NOTE: This week's 4-H column is written by Mr. James Marrast, a professional 4-H youth agent from the Island of Grenada located in the West Indies.

Jim is visiting Michigan and Clinton county on the Professional Rural Youth Leaders Exchange (PRYLE) program. This program provides an opportunity in the United States for professional youth leaders from other countries to participate in a special study observation program.

It is conducted by the National 4-H Club Foundation in behalf of the Cooperative Extension Service.

IS THERE 4-H IN GRENADA?

I am James Marrast, 4-H Agent for the 133 square miles island named Grenada or the Isles of Spice in the West Indies. The population of the Island is over 100,000 people. Before answering the question "Is there 4-H in Grenada?" I would like to thank Mr. John Aylsworth, 4-H Youth Agent of Clinton county for giving me the privilege to use his column in this week's paper to tell the story about the 4-H organization in my little island.

Yes! there is 4-H in Grenada, the movement starts in 1959 as a result of reading literatures from the United States on 4-H. A farmers' club gave the birth of the first 4-H club with the membership of 30 youth, 15 boys and 15 girls.

Today there are 37 clubs with a total membership of 1,500 4-H'ers. All the clubs are formed in schools, meetings are held in schools and all projects are on school land. Projects are strictly agricultural.

The most popular ones are growing of small plots of tomatoes, cabbage, carrots, beans, cocoa, nutmegs and bananas plus a little handicraft, goat and rabbit rearing. In all these projects both boys and girls are involved. In some clubs there are 70 members who are broken up into small groups thus forming several projects within a club.

A TEACHER FROM each school serves as the leader for the club of the respective school. There is absolutely no volunteer leaders for 4-H program in the Island, not that we don't need them but the answer is we cannot get volunteer leaders. The word 4-H is not yet echoed at the homes of parents in Grenada.

We are knocking on the doors for help, but no response yet as they have not yet digested the motto of the 4-H movement which says "To Make The Best Better". We will continue to work on the parents until we convince them that 4-H is a family affair and not for the kids alone.

My responsibilities are to plan clubs' programs, visit different clubs each day assisting them with their project and after school attending meetings. The movement is under the Ministry of Agriculture. Each year we are given a sum to initiate the programs for the year. At no time is the amount received capable of running the movement for a year and this makes it very difficult to implement projects envisaged, and as a result we are forced to construct projects where no money is required.

On May 9 of this year, 400 4-H'ers walked 20 miles as an oath of mobilization for greater

interest in 4-H. On that day I viewed it a pity that the 4-H division had not a camera to take some snaps to review and even to send to other countries.

I must state that we are gaining some grounds with 4-H but by no means complacent. We are fully aware of all our limitations but we are hoping some day to overcome them and to create a better media for 4-H activities on the island.

With my four months' visit here in Michigan observing 4-H works, I trust on my return home I will be better equipped to change the flavor of 4-H in Grenada by creating wider varieties of projects.

JAMES MARRAST

Outdoor notes

MICHIGAN'S WATERWAYS Commission is shooting for next summer to start construction of the long-stalemated boating facility and harbor of refuge on the east side of the Platte River, with hopes of having the new project ready for public use in 1973.

The Commission, at its meeting in Eagle Harbor last week, gave the go-ahead to completing development plans for the facility after receiving word that the proposed \$2.3 million project had drawn the support of the Natural Resources Commission.

That latter Commission, in a special telephone poll last week, adopted a resolution urging the Waterways Commission "to develop the minimum facilities required (for the project) on the east side of the river...to cause the least disruption of the natural environment."

In an immediate follow-up to this action, the Waterways Commission last week instructed its staff to ask the U.S. Corps of Engineers to take steps to gain some \$1,150,000 in federal funding for the Platte River project.

At the same time, the Commission directed its staff to carry through on engineering investigations to refine construction plans now that the project's development site has been shifted from the west side of the Platte River to the east side.

The decision to move the site to the east side of the Platte River's mouth was made to meet the environmental concern of various groups, which had sounded general opposition to the facility because it would destroy the natural character of the area. Because of that very concern, the Natural Resources Commission had delayed its support of the project until last week.

In taking action then, the Commission joined Gov. Milliken's Environmental Quality Council and the Michigan United Conservation Clubs in favoring revised plans to build the boating complex on the east side of the river.

Keith Wilson, Director of the Waterways Commission, reports that environmental changes to the Platte River can be held to a minimum by building the facility on the east side which, in his words, has already "suffered substantial degradation" by various types of development.

He notes that selection of the east side site will cancel the need to develop a 2 1/2-mile public access road to the project, as would have been required on the west side. Wilson explains that an existing road on the east side will enable boaters to gain access to the new boating complex.

The Waterways Director also notes that the Platte River development will not "stick out" on the east side as it would have on the west. Instead, it will be nestled in sand dunes, which will screen the facility within the surrounding landscape.

The Platte River site is located within a 300-acre area excluded from the new Sleeping Bear Dunes National Lakeshore which borders it.

Wilson and his staff are hopeful that the modified plans for the boating facility will also be endorsed by National Parks Service officials in a meeting to be held this week.

Wilson reports that it is difficult to say how much the facility will be reduced in scope from original plans until engineering studies are completed on the project.

However, he estimates that the proposed launching and parking facilities might be cut back to accommodate 750 car and trailer units. Under original plans, those facilities were to have served 1,000 such units.

Also waiting to be answered by further studies is the question of docking facilities at the boating complex. Previously those facilities were on the drawing board to handle 33 charter, enforcement, and research boats plus recreational watercraft which might break down and require emergency mooring in the Platte River area.

Unchanged for safety reasons is the Waterways Commission's plan to build a 950-foot, L-shaped breadwater extending from the west side of the Platte River's mouth. Wilson explains that the breakwater must be located there to protect boaters from storms which blow up in the area.

Several months ago, Wilson stressed that the area at the mouth of the Platte River offers protected shoreline features not available elsewhere in the general area. He added that from a boating safety standpoint, there are no alternative points for locating a harbor of refuge along that part of Lake Michigan.

Plans to develop the new facility drew urgent attention by the Waterways Commission after 7 coho salmon fishermen drowned in the Lake Michigan area 4 years ago when they were unable to reach a safe point of refuge.

1847 purchase leads to Centennial Farm status for Nurenbergs

PEWAMO—A farm owned by Arnold and Dorothy Nurenberg, R-1, Price Road, Pewamo, has been designated as a Centennial Farm by the Michigan Historical Commission.

The farm, located in Westphalia Township, has been in the possession of the family since 1847. It was originally purchased in 1847 by Daniel W. Heath, great-grandfather of the present owner.

Secretary of State Richard H. Austin, who heads the Michigan Department of State which directs activities of the Michigan Historical Commission, said the Centennial Farm program in Michigan was inaugurated in 1948. Since that time, certificates and metal markers have been awarded to some 3,000 Michigan farms.

The Historical Commission administers the program while the markers are provided by Detroit Edison and Consumers Power Companies.

Explains Austin, "a Centennial Farm is one which has been in the continuous possession of the same family for 100 years or more."

For this purpose, the Historical Commission considers a farm to be 10 or more acres having estimated sales of more than \$50 yearly, or less than 10 acres but having estimated sales of \$250 a year.

Anyone who owns a farm who wishes to apply for Centennial Farm certificate is asked to write for an application to: Centennial Farm Program, Michigan Historical Commission, Michigan Department of State, Lansing, Michigan 48918.

AB&T announces new organization

LANSING — The following changes in organization structure and redistribution of responsibilities at the American Bank and Trust Company have been announced recently by Hubert B. Bates, Chairman and H. Andrews Hays, President.

Chester E. Kennedy, AB&T Vice President, was named Financial Planning Division Head. The Financial Planning Division is a new division of the bank. Its activities will include corporate financial planning, forecasting and development of bank-wide responsibility accounting, coordination of budget preparation and asset management.

Raymond H. McConnell, AB&T Vice President was named Operations and Data Processing Division Head. McConnell is responsible for planning and development of the bank's Electronic Data Processing capabilities and accountable for the internal operations of the bank.

Vice-President Charles C. Stickey has been designated as Operations Department Manager. In this capacity he will supervise the activities of the checking account service, proof and transit, check paying, and print shop sections.

Vice-president Douglas Gilman was named Branch Administration Division Head. This is a new division of the bank, reporting directly to the president and is responsible for the operations and growth of the bank's branch system that has now grown to thirteen branches.

Donald L. Bunting, an AB&T Vice President, was named Marketing Department Manager and will be responsible for the entire marketing effort of the bank to

include advertising, business development and public relations. Bates and Hays, in announcing these appointments, stated that the growth of American Bank and Trust over the past few years has created the need for this re-organizational structure.

GOOD CATCH

Mrs. Jessie Stanley, 477 Solon Road, DeWitt, presents some competition for the DeWitt Lions Club members with these prize catches. The members were pictured several weeks ago with a fine string of trophies, but Mrs. Stanley claims these are bigger on the average. Total weight of the three fish is 66 pounds. They were caught Wednesday during a trip to Manistee Lake.

CHAMPS

Larry Slade and Dick Rutter hold onto some champion fish they caught recently. The big one weighed 36 pounds 15 ozs. and the smaller one was 26 pounds. They are Chinook Salmon. The 11 1/2 pound steelhead looks almost like a midget. Oh yes, the big Chinook won third place in the Manistee Salmon Derby which brought Larry some nice fishing tackle. Larry and Dick are from St. Johns.

VFW AUXILIARY NEWS

The regular monthly meeting of the VFW Ladies Auxiliary was held Wednesday, Sept. 22 at 8 p.m. Business consisted of the annual District inspection which was conducted by Phyllis Nestle, district nine president of Alma. She was accompanied by Kay Potter also of Alma.

A donation was made to the Battle Creek Indigent Hospital Christmas party. Plans are still in progress for the redecorating of the women's lounge in the club rooms.

The next meeting will be Oct. 27. The lunch committee is Joyce Kloeckner and Barbara Parsons. Entertainment will be furnished by Eunice Wirth and Mary A. Smith.

The Kitty was won by Carolyn Klein.

Cynthia Schrauben, daughter of Mr. and Mrs. Mark Schrauben of Fowler was recently awarded

\$5 by the Department of Michigan VFW poster contest. Cynthia won second place in "This is My Country" poster contest.

Mrs. Lula Boak was a guest of Mr. and Mrs. Carl Boak Wednesday. Thursday, Mrs. Larry Barbour went to Lansing to visit Mr. and Mrs. Allen Boak and family. And on the way home visited Mr. and Mrs. Clyde Lapham of near DeWitt.

Mr. and Mrs. Bruce Campbell of Lansing were Friday evening visitors of her parents, Mr. and Mrs. Martin Thelen and family.

Mr. and Mrs. Cecil Boak of St. Johns visited Mr. and Mrs. Charlie Boak Sunday evening. Pauline Thelen of Lansing and Mrs. Rose Thelen of Fowler were Sunday visitors of Mr. and Mrs. Martin Thelen and family.

Tom Feldpausch and LuAnn Benjamin visited her grandmother, Mrs. Lula Boak Saturday evening.

John Thelen is a patient at the Clinton Memorial Hospital. He was then there Friday noon.

Mr. and Mrs. Roman Simon spent the past week in Logan, Utah visiting their daughter and son-in-law, Mr. and Mrs. Richmond Auger.

WORTH WHILE TRIP

"Let's go fishing in Canada," was a suggestion brought up among some St. Johns fishermen a while ago. And off to Canada they went—and here are the results. This is one day's catch in the north country, proudly displayed by George McCurry and Joe Sapp. Others on the trip included Paul Heller, Frank Shaw, Don Mazzolini and Harry Witt. They were on a fly-in excursion, 100 miles north of Blind River.

NATIONAL 4-H CLUB WEEK

**WE JOIN WITH OTHERS
IN SALUTING
THE HEADS...
THE HEARTS...
THE HEALTH... AND
THE HANDS
THAT MAKE UP 4-H...**

There's a lot of "scare" talk about America's youth these days. Every paper you read. Every time you twist a dial. You worry. Then, you start thinking about a great bunch of kids who make up 4-H. The kids who make up America. They've dedicated their growing-up years to learning and helping. Developed skills and put them to work — at home, in their communities. They're "hip" on strong bodies and strong character. They care about the world. Suddenly, the "scare" talk turns into "care" talk. And you relax. It's bright and hopeful again. Thanks, all you 4-H'ers. America's future belongs to you. You are America's future!
