Edward Sulka to return as Sealed Power head

Edward Sulka, former St. Johns resident, will return next week after a three-year absence to assume the post of plant manager at Sealed Power Corporation.

Robert Kirschner, operations manager, said Sulka will succeed Lawrence G. Sexton who is being reassigned.

Sexton's new responsibilities will be announced in the near future, Kirschner said.

Sulka joined the company in 1940 in Muskegon and was transferred to the St. Johns division in 1946 as a machine shop supervisor.

He held positions of general foreman and machine shop superintendent in the St. Johns plant prior to accepting the position of plant manager of Sealed Power's casting and machining operations in Mexico City in 1967.

Sulka, his wife Evelyn and daughter Jan, plan to relocate in St. Johns within the next few weeks, according to Kirschner.

The appointment was announced Friday, Oct. 9.

EDWARD SULKa

Ovid-Elsie teen dies in crash

Jeri L. Jenkins, 17, of 412 N. Main St., Ovid, died Saturday at McLaren General Hospital in Flint from injuries sustained in a car accident in Owosso Thursday night.

Miss Jenkins, daughter of Mr. and Mrs. Vernon Jenkins and a senior at Ovid-Elsie High School, was a passenger in a car driven by Don Goodrich of Ovid.

Owosso police said the Goodrich auto was hit by another car driven by Linda K. Henning at the corner of M-52 and W. King St. in Owosso. Police further said that the charge against Miss Henning of failure to yield right of way would be reviewed later this week.

Altogether, there were six people injured in the accident, three in each car. All of them were taken to Owosso Memorial Hospital for treatment. Miss Jenkins was later taken to Flint.

Funeral services for Miss Jenkins were held Tuesday with burial in Maple Grove Cemetery.

FIRE PREVENTION WEEK

Elementary students in St. Johns toured the city's streets on the back of the fire trucks last week to celebrate Fire Prevention Week.

HOMEcoming 1970

DeWitt School Supt. James Ritchie crowns Queen Kathi Paquet and King Bob Jackson during the DeWitt High School homecoming dance Saturday night. Many area homecomings were drenched Friday night as a rainstorm moved across mid-Michigan.

Private school aid, voting age included

November 3rd election holds key to important offices and proposals

Editor's Note: This is the first in a series of articles which will deal with the upcoming general election, the issues and candidates and how they relate to Clinton County.

Clinton County voters have less than one month before visiting the polls in a general election which could well serve as a barometer for things to come in 1972.

A total of 16 national, state and county offices are being sought by 63 candidates ranging from governor to county commissioner. The candidates represent

five parties — Republican, Democratic, American Independent Party, Socialist Workers Party and Socialist Labor Party — and voters will be faced with a 17 1/2" x 20" ballot listing all of the candidates.

In addition to the partisan ballot nine candidates names appear on a non-partisan sheet and of the nine two, will be elected to the state supreme court; one to the 3rd appellate district court of appeals and one for county judge of probate court.

THE THIRD ballot containing state matters is the proposal ballot. Four proposals are being

presented to voters in Clinton County, one of which has direct county involvement. The fate of the other three hinges on state-wide election results.

The one issue directly relating to Clinton County is a proposal for the county to participate in an airport authority to direct operations of Capitol City Airport.

The proposal, which reads, "Shall Clinton County participate as a member of the Airport Authority pursuant to Act 73 of the Public Acts of 1970?", would allow, if accepted, a one-mill levy which would go toward the airport's operation.

Perhaps the next most discussed proposal on the ballot is that of public aid to non-public schools, popularly referred to as "parochial."

THIS PROPOSAL, if accepted, would add language to the state constitution which would prohibit use of public funds to aid any non-public elementary or secondary school; prohibit use of public funds, except for transportation, to support the attendance of any students or the employment of any person at non-public schools at any other location or institution where instruction is offered in whole or in part to non-public school students.

In addition the amendment would prohibit any payment, credit, tax benefit, exemption or deduction, tuition voucher, subsidy, grant or loan of public monies or property, directly or indirectly, for any of the aforementioned purposes.

This particular proposal is the outcropping of months of debate among legislators and interest groups involved with the question

of public aid to private schools. Another issue of some major discussion is one calling for voters to decide whether 18-year old persons should be allowed to vote. This proposal also would bring about a change in the state constitution which presently provides that only those 21 years or older may cast ballots in public elections.

THE FINAL issue on the state proposal ballot in Clinton County is one which, if accepted, would allow the state of Michigan to borrow the sum of \$100,000,000 and issue general obligation bonds to assure repayment. Use of the monies would be directed to the construction of low income housing with appropriate service facilities.

Money from the proposal would also be directed toward elimination of slum areas and for making grants, loans and advances to various municipalities of the state for such purposes.

The non-partisan ballot includes the name of one Clinton County man, Timothy M. Green. Green is seeking re-election to his current position as Judge of Probate Court in the county.

Other candidates on the non-partisan ballot are, for Justices of the Supreme Court: John R. Dethmers, James Reed, Edward S. Piggins, Royal D. Rood, John B. Swainson and G. Mennen Williams. Two of the six will be elected.

Other candidates on this ballot are seeking the judgeship of the Court of Appeals in the 3rd appellate district. They are Robert B. Burns and James E. Carr. One is to be elected.

Next Week: County, township and city candidates and issues.

Saturday at 10 a.m.

Success of auction depends on bidder

The items have been collected, the time has been set and all that awaits success of the St. Johns Little League benefit Auction is the appearance of hundreds of bidders ready to make purchases with a mind to the fact that bidding should be done with a spirit of donating.

A spokesman for the sponsors of the project expressed hope that area residents will show up in large numbers next Saturday when the auction gets underway at 10 a.m. in Smith Hall. "Not only that," he said, "but we hope they'll bid with open hearts. A lot of energy has gone into this fund raising project by a number of groups and now it's to the point where the community as a whole must participate to insure final success."

The auction, planned to cover costs of lighting equipment at the Little League field, is being sponsored

by Rotary, Lions and Exchange clubs of St. Johns along with the Jaycees and Boys Clubs. The five groups have been working for nearly one month in gathering donated merchandise which will be sold to high bidders by Al Galloway, who is contributing his auctioneering services.

Bruce Fowler, general chairman of the project for Rotary Club, announced Monday that the quonset hut near Smith Hall will be open this Thursday evening

from 7 to 10 and workers will

be on hand to accept contributions.

As part of the festivities of the day a pep band of St. Johns High School students will perform and according to Bruce Fowler, several candidates for office in the upcoming election have been invited to attend.

Bidders won't have to worry about lunch, either. Members of the St. Johns Jaycees will conduct a refreshment stand on the grounds throughout the entire sale.

Commission closes McConnell Street

By TOM McLENEY
News Staff Writer

Public debate lasting over a half hour Monday night ended in the St. Johns City Commission approving an additional 60-day trial period for the blocking off of McConnell St. between Church Street and Clinton Street at the noon hour.

Commissioner Jeanne Rand moved that the additional period be granted to Rodney B. Wilson Junior High School officials to see whether or not the students can behave responsibly during the 11 a.m. to 1 p.m. blocking-off period.

A public hearing on the proposal began at 8 p.m. Monday and, through it, many people voiced their pro and con attitudes on the closing of the street. After all of the participants were finished, all of them seemed to be satisfied with the outcome.

Election inspectors for the upcoming general election were appointed at Monday's meeting.

First precinct inspectors include D. Irene Zeeb, Erica Dean, Sharon A. Ziegler and Ethel Holm.

Second precinct inspectors are Elma Parr, Frances M. Diebert, Louise Fernholz and Doris Munger.

Second precinct inspectors are Don Britten, Helen Fitzpatrick, Jane A. Springer and Mary Beth Jarvis.

Third precinct inspectors are Elma Parr, Frances M. Diebert, Louise Fernholz and Doris Munger.

Fourth precinct inspectors are Ladd Bartholomew, Alberta Cornwell, Mary Meyer and Barbara MacKinnon.

Those appointed to the absent voters counting board are Doris King, Jan Bensinger, Jeanette Huard and Rebecca Daley.

Asked if these appointed people had to go to any type of instruction period for these inspector positions, City Clerk Tom Hundley said, "All of these people have to attend specific instructional classes for these positions."

City Manager Harvey Weatherway asked permission from the Commission to obtain bids on 100 new water meters for the city at a cost of \$50-\$55 apiece.

Commissioner John Hannah moved that Weatherway be given permission to obtain bids on 50 and 100 three-quarter inch water meters, respectively, to find out how much money the city will save by buying the meters in a bigger quantity. The motion was unanimously passed.

CONTRIBUTION

The little league benefit auction received a boost from Egan Ford Monday morning when officials of that firm announced contribution of a Chevrolet station wagon. Members of Egan's staff and representatives of the sponsoring organizations gathered to accept the auto and number it among the items to be auctioned Saturday morning at Smith Hall. From left, Bob Gill, president Exchange Club; Bruce Lanterman, president Lions Club; Larry Burns of Egan Ford; Walt Russell, president Boys' Club; Bruce Fowler, Egan Ford and president of Rotary Club.

O-E Board explains ratification

Ovid-Elsie's Board of Education decided Monday that the public should be kept informed of school policies and decisions by the board concerning issues of vital concern to parents.

In keeping with this belief, the board explained the circumstances surrounding the board's recent ratification of the contract with the Ovid-Elsie Education Association.

It was the opinion of the board that the contract provides for benefits that are unjustified in the economic area. However, they said it was evident that the teachers were no longer willing to negotiate the matter and would have deprived our community of their services if their demands were not met.

A mutual agreement between the board's negotiating team and the teacher's negotiating team was a fact prior to the approval of the board of education.

The board did not ratify the agreement prior to the deadline

stipulated by the teachers, and the teachers, with the aid and counsel of the Michigan Education Association and the National Education Association, refused to bargain further and prepared to strike.

According to the board, it was under duress and their children's best interests in mind that the board reluctantly ratified the agreement on Sept. 5.

Trezise warns Exchange Club on Parochialism

R. Douglas Trezise, Republican candidate for the state's 87th district house seat, cautioned St. Johns Exchange Club members not to be "carried away with emotions" on the Parochialism issue.

He told them to "look for all authoritative information they can and to reach an informed decision by the time they vote."

During his remarks Trezise said he felt one of the most important things for a representative to do is to maintain an effective two-way communications channel open between him and his constituents and pledge to do his best in this connection if elected.

He then proceeded to outline some of the areas which will concern the legislature during the coming session. They include education, the environment, drug abuse and campus and civil unrest.

Concerning education he stated that "we still must find a more permanent and equitable method of financing education," which he said should include some form of limiting the amount of local property tax levied for school purposes.

Concerning this issue of support of non-public schools, Trezise said:

"How I feel about Proposal C is no more important than how you feel about it," he said. "We both have just one vote on November 3rd."

Ballenger wins endorsement

Two United Transportation Union legislative boards Friday endorsed Rep. William S. Ballenger (R-Ovid) in his bid for the state's 30th district senate seat. Republican spokesmen indicated that it was the first time in recent memory a Republican candidate for a mid-Michigan seat has received the endorsement of an AFL-CIO affiliated labor union.

Ballenger was endorsed by the union's legislative boards E and T. He was informed of the action through a joint letter signed by Paul Treska of the board T and Robert C. Pitsch of board E.

At the same time it was revealed, according to Republican spokesmen, that of the House Republicans, Ballenger compiled the voting record most closely matching the UAW's legislative goals during 1969.

"I don't base my voting decisions on the wishes of any group," Ballenger said.

"On each issue I vote for what I believe to be just and proper," he said. "The same philosophy also leads me to support measures to improve conditions for farmers."

Sealed Power recognized for annual report

Sealed Power Corporation has been selected to receive a first-place award for having issued the most informative stockholder annual report of the automotive parts industry classification in the 1970 Annual Report Survey sponsored by Financial World, the nation's oldest business and financial weekly. The bronze Oscar-of-Industry trophy symbolic of this achievement will be presented to Gordon E. Reynolds on Wednesday evening, October 28, at the Twenty-Sixth Annual Report Awards Banquet in the Grand Ballroom of the New York Hilton Hotel.

Presentation of the coveted Oscar trophy will be by Richard J. Anderson, editor and publisher of the 68 year old Financial World, before an audience of more than 1,200 business, industrial and financial leaders from throughout the United States and Canada.

Approximately 5,000 annual reports were reviewed in 91 classifications this year in the annual competition to promote the improvement of shareholder financial statements. In the automotive parts industry classification Curtis H. Corporation placed second and Midas International Corporation was third.

TRADES CLASS HOME

Floor joisting sounds like something they did during the time of King Arthur and the round table but its actually the second step in the construction of a home by the Building Trades class at St. Johns High School. This is the first year that students from Bath and Fowler have also joined in on the construction project. Pictured working the afternoon shift are, from left, Cleo Friend of Bath High School, Jerry Denovich of St. Johns High School, Gary Palmier of Bath, Duane Fedewa of Fowler High School and Mike Geiger of Bath. Their instructor is Terry Seybert. The expected finish for the house is the middle of May. (News Photo by Tom McElaney)

St. Johns offers adult program

The St. Johns public schools have announced a new adult education program beginning Oct. 26. The evening courses will run 10 weeks meeting one night each week.

The charge will be \$25 per course with persons being in class thirty hours per course, according to school officials.

The courses, open to the public, will be held in ten or more students enroll. The courses include welding, radio and small appliance repair, auto body, blueprint reading, cabinet making, machine tool, beginning typing, bookkeeping, introduction to business and basic Spanish.

Additional classes which are not listed may be offered providing ten or more persons report an interest in the subject.

For further information, officials will receive calls at 224-2394 extension 237.

Shape schools for 70 is theme of ed week

"Shape Schools for the 70's" is the theme of this year's American Education Week observance from October 25-31.

Communities across the nation are becoming more concerned

St. Johns teachers attend meet

St. Johns schools were well represented Oct. 8-10 at the Michigan Science Teachers' meeting in Grand Rapids.

They heard discussion on new trends and ideas in subject matter, methods and materials for instruction.

St. Johns High School teachers attending were Gary Kingsley, Jerry Fullam, Mike Goshko, and Gary Larson.

Other teachers were Lennie Fisher from the junior high school and Joanne Seavey, Riley sixth grade elementary teacher.

about the effectiveness of the school's role in today's society, according to Walter Nickel, St. Johns Schools Administrative Assistant.

Citizens as well as educators are becoming more aware of the inadequacies in our educational programs," he said. Demands from all quarters will come for improvement during the 70's, he added.

American Education Week, held annually since 1921, is sponsored by the National Education Association, the American Legion, the National Congress of Parents and Teachers and the U.S. Office of Education.

In addition to the traditional emphases on school visitation by parents, good citizenship, and the need for strengthening and supporting the schools, this year's observance will focus on ways in which the schools might be changed and how more people can work together in shaping the schools for the 70's. This includes how to foster greater

awareness in the individual of the opportunities to participate in directing the institutions that serve him, Nickel said.

St. Johns speakers available

St. Johns public schools have announced that instruction and administration personnel from the district will be available to speak before any organization or community groups interested in learning more about their schools.

Walter Nickel, administrative assistant at the public schools, said that speakers would be happy to make public appearances, especially during American Education Week set for Oct. 25 through Oct. 31.

Interested groups may contact Nickel at 224-2394.

Jeanne's Beans opened for business this week in the location formerly occupied by King and Frost Lumber Co. The new restaurant will be open from 11 a.m. to 9 p.m. daily and closed Mondays.

Jeanne's Beans opens doors

There's a new place to dine in St. Johns. Jeanne's Beans opened its doors to the public, Tuesday. The restaurant, located in the former King and Frost Lumber Co. building behind the Redwing Lanes bowling alley, will concentrate its menu on casserole dishes.

Remodeling of the building included building a kitchen and equipping it, carpeting the floors of all dining rooms and, of course, furnishing it with restaurant furniture. Business hours for the new eat-

ing spot are 11 a.m. to 9 p.m. daily except Monday, when the establishment is closed. A regular Sunday brunch will be part of the fare at the restaurant. This will be served from 11 a.m. to 2 p.m.

A meeting room is available for luncheon gatherings and early evening meetings. Private parties will also be handled in the restaurant by reservation.

Two months of redecorating have gone into the new business and the owners, Mr. and Mrs. Robert Rand, cordially invite everyone to come in and visit them, soon.

DeWITT SCHOOL OPENS

Hundreds of people line up to hear DeWitt Board of Education Pres. Willard J. Reed outline a brief history of the formation of the Middle School. After dedication ceremonies Sunday guests toured the new facility, one of the finest intermediate schools in Michigan.

REGULAR CLINTON COUNTY ZONING APPEAL BOARD MEETING

'Torch' editors tell of News visit for day

By BARB MAIER and SHIRLEY
HALFMANN
St. Johns High School

In accepting an invitation to
spend the day with the Clinton

JAMES R. FEDEWA

Fedewa named K of C Master

James R. Fedewa, 36, of Fowler, was appointed Master of the Southwestern District Hennepin Province (Lansing Diocese) of the Fourth Degree Knights of Columbus.

He succeeds Frank Schmitt of Lansing who had recently resigned the post after 14 years.

Fedewa joined the Knights of Columbus council 2890 in Westphalia at the age of 18. Afterwards he became treasurer and Deputy Grand Knight, Grand Knight and trustee.

He has held various other positions within the organization including Faithful Scribe, Captain, Navigator and Faithful Admiral.

His district is planning its 15th annual Exemplification for Oct. 17-18 with the Flint Assembly as host at the Pick-Durant Motor Hotel. The class will be named in honor of the past state deputy Frank W. Lawrence.

County News staff we obtained a keen insight into Newspaper publication.

This visit was in accord with National Newspaper Week. As editors of the St. Johns High School paper, the Torch we realize what effort goes into putting together a newspaper.

We feel that this is a great way of communicating with people and letting everyone know what is happening throughout the immediate area as well as around the world.

Newspapers attempt to cover all of the items of interest to people. They cover everything from sports to play productions to unique feature stories.

It isn't easy to obtain the information for these stories. The cooperation of all parties involved is needed in order to make the story of interest to the public.

We enjoyed our visit immensely and feel that the day was well worth while. It was an experience we will not forget.

Cheryl Metzger, DeWitt High School correspondent, visited the News offices Wednesday to view the newspaper operations as part of National Newspaper Week, Oct. 4-10. Here Society Editor Annette White shows Cheryl the fundamentals of writing a wedding article.

Redwings wring Homecoming win

By TOM McLENEAY
 News Staff Writer

Ah! Revenge. Isn't it sweet? It was sweet alright, but, it was a little bit wet, too. Unending rain and wind pelted the field Friday but the Redwings pelted the Bulldogs of Ionia 6-0 for their 20th consecutive home victory and a homecoming triumph.

Game time arrived in between the raindrops but with about five minutes gone, the clouds broke loose until there was about two minutes left in the game.

The lack of high-scoring offensive game was one of the results of the rain. Punts and fourth-down turnovers were

frequent throughout the entire evening.

The first half ended in a 0-0 deadlock that many people thought would continue till the end of the game. The Redwings did have their moments, though.

Ionia received the opening kick off but was unable to sustain a drive and gave the ball over to St. Johns on downs.

The Redwings tried their luck but ended up in the same situation. Defensive back Pat Foltz of Ionia intercepted a Randy Atkinson pass with 7:12 remaining in the first quarter.

The interception runback put the ball on the SJ 30.

Ionia took their pass intercept-

ion and moved to the SJ 15 where Bulldog quarterback Nick Ludwig passed into the end zone for the, opps, interception by defensive quarterback Ken Schueller of the Redwings.

Mr. Schueller, as usual, was in the right place again and grabbed the Ionia touchdown pass. After the game, Head Coach Jeff Smith praised Schueller's quick thinking when he said, "Only a heads-up player like Ken would touch the ball down in the end zone while being only two yards inside the goal line. Anybody else would have run out and would probably have gotten dropped on the two-foot line."

The ball was placed on the SJ 20 where the Redwing offense took over first and ten.

Larry Hayes immediately moved the ball 15 yards in two

plays to the SJ 35 but the miserable field conditions and a lack of blocking by the Redwing offensive line prevented the drive from going any further.

Randy Atkinson, a young man of many talents, then punted 42 yards to the 31 yard line of Ionia.

The ball changed hands a few more times until Ionia was on the march again. This time, with a little less than ten minutes in the first half, the Redwing defense put up a wall on their own six yard line and stopped Ionia on downs.

That's all the first half was; two touchdown threats by Ionia thwarted by St. Johns.

Halftime homecoming festivities were cancelled because of the constant downpour of rain. An announcement from the press box told the crowd that Alice Vil-

larreal was the new Homecoming Queen.

Many of the spectators left during the halftime with justified reason. There wasn't any sense in staying out there unless you had a football game to win or one to root for.

Those were just about the only people that did stay.

St. Johns received the kick off and were forced to punt. The Redwings then recovered a fumble on their own 39 which was immediately given to Ionia on another fumble by St. Johns. Larry Hayes then intercepted a Bulldog pass on the SJ 25 and returned it to the 47 of Ionia.

Hayes' effort was wasted as the Redwing machine was forced into neutral with a punting situation. Then, the whole ballgame

started to change.

Ionia took the SJ punt and ran it back four yards to their own 20 yard line. On the next play, St. Johns recovered a Bulldog fumble on the 23 of Ionia.

Two plays by the Redwings then gained and lost the same two yards. The next play was a full-back draw over the left side of the line. And, presto, a touchdown for the Redwings.

Steve Mead took a perfect hand-off from Atkinson and pounded 25 yards into the end zone standing up for the score. Smith, after the game, said, "Credit Mead for the run, Atkinson for the call and the offensive line for the right blocking."

That's what it was, alright, a

Continued on Page 9A

The Sports Beat

Clinton County News

It may look a bit like follow the leader, and the Ithaca Yellowjacket on the bottom isn't so sure that he wants to play.

Lover loves rain

Marauders whitewash Ithaca 16-0, keep Mid-Michigan B league lead

With their game plan washed out by a driving rain the Ovid-Elsie Marauders overcame some costly turnovers and penalties to grind out a strong 16-0 victory over the Ithaca Yellowjackets Friday night.

Marauder coach Mark O'Donnell had looked for a wide open offensive show but with the heavy rain dousing the passing attack the "Marauders" went overland. With Ron Lover rushing for 132 yards and Glenn Bensinger, 50 yards, the Marauders netted 200 yards through and around the Ithaca line.

Midway in the second quarter tailback Lover bulled over from the 4 for the first of his two

touchdowns. Quarterback Greg McKay then found Cal Woodard by himself in the end zone for a two point conversion and a 8-0 lead.

The jackets who were the victims of the second consecutive shutout by the Marauder defense moved the ball between the 20's but never had a serious scoring threat. The Marauders also scored a safety in the final stanza.

The hard running Lover finished the scoring in the fourth quarter capping a water soaked drive by diving across the goal line from 3 yards out.

O'Donnell said he was very satisfied with the game and looked forward to Midland Bullock Creek, the Marauders' next opponent, who "will be tougher." The Marauders now stand 2-0 in the conference and 3-1 for the season.

Scoring by quarters:
 O-E 0 8 0 8-16
 Ithaca 0 0 0 0-0

Marauder end Cal Woodard stretches for two more points against the Yellowjackets Friday night. This second quarter conversion sent the Marauders to an early 8-0 lead, icing the game.

DeWitt 'Mudders' d(r)own Spartans 38-0

The DeWitt Panthers could use a new name. Maybe they could call them the DeWitt Mudders.

It's not so odd since they rolled to their easiest win of the season and scored the most points in one single outing, drowning the Webberville Spartans 38-0.

DeWitt opened the scoring in the first quarter with a 24-yard touchdown pass from Ron Wilcox to Steve Tews. Wilcox rolled right on a keeper for the 2-point conversion.

After that, Webberville didn't stand a chance. After exchanging the ball, DeWitt rolled again on a drive to the 10-yard line. Wilcox scored on a keeper and added another conversion for a 16-0 lead going into the second quarter.

In that period halfback Mike Moody capped another drive on a two-yard run, after a long 55-yard dash on the previous play.

It was only 22-0 at the half, and that was better than any of DeWitt's previous games.

But they were not to be denied more points.

Wilcox added another eight points on an 18-yard sprint and a conversion to up the score to 30-0.

Jim Ashley added six more with a 16-yard run and Chuck Brekemer finished the scoring with a two point conversion.

The Panthers gained 294 yards on the ground and 30 in the air for a total offense of 324 yards. Webberville mustered only 9 yards—total offense.

The Panthers also tallied 14

first downs compared with two for the Spartans.

Wilcox hit on two passes in five attempts, and one was good for a TD. Webberville quarterbacks went 0 and 12 attempts.

The defense was sharp for DeWitt as they swiped two passes and gobbled-up four Spartan fumbles.

DeWitt will travel to Pewamo-Westphalia Friday night for a

game that could well decide the outcome of the Central Michigan Athletic Conference leadership race.

Last year when the Panthers went undefeated with a 9-0 record, the P-W Pirates gave them the roughest time in a close 18-16 game.

Scoring by quarters:
DeWitt 16 6 8 8—38
Webberville 0 0 0 0—0

St. Johns

Continued from Page 8A

team effort. And, that's what won the game. The Redwings didn't play well Friday night but maybe the weather had something to do with that. What counted was that they hung on for the rest of the game and stopped a very big and powerful Ionia ball club.

Another scoring opportunity by the Redwings came to an end when an Atkinson pass that traveled some 45 yards, barely slipped through the drenched hands of halfback Dennis LaVeck.

Statistically, the game went to Ionia, who gained a total of 214 yards to St. Johns' 170. The Redwings did recover two fumbles and intercept three passes; one

each by Schueller, Roy Peder-son and Hayes.

Ironically, with the playing conditions as bad as they were, the Redwings only lost five yards on penalties compared to 50 against Ionia.

Hayes took individual rushing honors with 58 yards net. Mead was a close second with 56 and Atkinson and Gary Burk had 23 and 17, respectively.

According to Coach Smith, the biggest point in the game for St. Johns, next to the touchdown, was a tackle made in the fourth quarter by Brad Huntley. Huntley slammed his man to the ground and had to be taken off the field

Webberville fullback Gary Theis skirts left end only to be roughly greeted by a host of pursuing Panthers during first quarter action.

on a stretcher and rushed to the hospital.

Brad is okay, according to Smith. Smith said that tackle was the extra boost the Redwings needed to keep Ionia from scoring.

The Redwings were somewhat lucky last Friday but this Friday, they're going to have to be more than lucky when they invade Lansing Waverly High School. Alma beat Waverly last Friday but that could be misleading. Alma's undefeated in four starts and has a very surprising season underway.

Waverly is led by quarterback Dave Dunham, who stands six feet six inches tall and weighs 210 pounds. Another standout is running back Doug Prout, who runs a 10.2 second 100-yard dash. Prout is practically half of Waverly's offense.

Smith indicated Sunday that there would be some changes in the starting lineups for Friday's game. He attributed this decision to lack of effort in last Friday's encounter.

"Waverly isn't as big as Ionia but they are very quick. They are bigger than us and the game itself is a must win for Waverly. It's their homecoming and St. Johns is the only team they haven't beaten since they joined the West Central Conference," said Smith.

Smith also commented that there is no love lost between the coaching staffs of the two schools.

The game Friday is at Waverly and it begins at 8 p.m.

Scoring by quarters:
St. Johns 0 0 6 0—6
Ionia 0 0 0 0—0

Hengesbach wins second in PP&K

Pewamo's Warren Hengesbach was the only St. Johns area boy to place in the Lansing Zone punt, pass and kick competition Saturday.

Hengesbach, who topped the city events a week ago in the 10-year-old class, scored 207.5 points in the Lansing competition, only 2.5 points off the first-place mark.

He won the local event with 178 points.
The Lansing competition was

held at Eastern High School with 20 mid-Michigan cities represented.

Bath, Dansville tie in mud battle

The Fighting Bees' struck early Friday night in a driving rain and then yielded a six-pointer to Dansville before both teams bogged down for the night in the mud to tie 6-6.

Bath struck on a 31-yard pass from Paul Stoll to Doug Sage but the lead was short lived as Dansville's Gary Frisell sloshed 41 yards to tie the game.

Dansville had six scoring opportunities during the game but each time they lost the ball on downs.

Bath is 2-1-1 overall and 1-1-1 in Ingham County League competition.

St. Paul drops Fowler, 6-0

Fowler's raindrenched homecoming crowd found little to cheer about Friday night as Owosso St. Paul slipped in a touchdown and spoiled the festive mood, 6-0.

Owosso scored when Jerry Haber passed to Joe Vogel for the score on a 40-yard play.

Fowler fumbled the muddy ball 11 times and rumbled for 135 sloshy yards total offense.

Fowler, with a 2-2 record overall, will travel to Potterville Friday.

Redwing JVs dump Ionia 26-0

Homecoming revenge began early Thursday as the Redwing Junior Varsity trounced the Ionia JV's 26-0.

It was a sweet feeling all around as a 28-0 loss of a year ago was remembered with undaunted accuracy.

For those local Redwing fans who are worried about next year's crop of varsity gridders, forget your worries. There's another crop of those little, quick running backs coming up.

Some of them include Bruce Cameron, Gary Mankey, Bob Hunter and quarterback Mike Sutherland. There are also a couple of quick, sure-handed ends by the names of Mike Wilson and Gary Rappuhn. Defensive stalwarts are Earl Barks and John Makara.

Game action began last Thursday with St. Johns kicking off to Ionia and then recovering the ball when the Ionia runner fumbled on the runback. The junior Redwings immediately strode in to the end zone with the final scoring play being a pass from Sutherland to Rappuhn that covered 13 yards.

The next feat of the Redwings understudies was to conduct a goal line stand on their own 2 yard line. The "good guys" then proceeded to march 98 yards in 12 plays for their second score of the night. This came on a 23-yard pass from Sutherland to Cameron with 11:54 left in the second period.

The next touchdown of the game was all Mr. Cameron. St. Johns kicked to Ionia who, after a

series of downs, was forced to punt on the Redwing 32 yard line. Cameron took the punt on the SJ 5 and ran it back to the SJ 19. Then, after a two-yard run by Sutherland on a keeper, Mr. Cameron split the line and romped 78 yards for the third Redwing TD of the night.

Two men from Ionia working the downs markers said to each other, "How did that number 40 score that touchdown?"

"He ran an off-tackle pattern, designed to pick-up short yardage."

If the one Ionia fan was right in his analysis, then the Redwings were playing their own kind of football. In fact, that's all they did during the first half of the game with the score showing St. Johns ahead 20-0.

Second half action was strong but there was no scoring until mid-way in the fourth quarter when the Redwings went in for their final TD of the night with 6:54 remaining in the game.

Reserves finished the game for St. Johns and the final score was 26-0.

The win Thursday brought the junior varsity record to 2-1-1. St. Johns junior varsity tangles with Waverly next at Memorial Field Thursday at 7 p.m. Take the kids down and see the same kind of game you're accustomed to with this year's Redwing varsity; rough, hard-nosed football.

THERE SHE IS!!!

Alice Villarreal, Redwing Homecoming Queen for 1970, is helped on with her robe and crown by 1969's homecoming queen, Vicki Johnston. Alice was crowned queen during the Homecoming dance that followed the game with Ionia. Inclement weather prevented the crowning from taking place at halftime.

SPORTS

King, queen coronation highlights DeWitt fest

By Cheryl Metzger
DeWitt H.S. reporter

The coronation of Kathi Paquet and Bob Jackson, 1970 queen and king, highlighted the homecoming dance Saturday night in the high school cafeteria with the Roy Simon Quartet providing the music.

The king and queen were crowned during mid-dance ceremonies by DeWitt School Supt. James Ritchie.

Using Fairy Tales as the main theme, DeWitt's Student Council-sponsored Homecoming Week began with the sale of the traditional mums.

Monday morning, at the first series of daily assemblies, Kurt Kluge, Student Council president, "Kicked off" the busy Homecoming week which was filled with traditional tricycle races, bon-fires, pep talks, rallies, a parade, the Friday night football game, coronation of a new king and queen, with the climax being the Homecoming Dance Saturday night.

Throughout the week a variety of assemblies ranging from a Car Smash one day, an auction of football jerseys the next, to the introduction of tricycle team members Thursday, and honored guests Mayor Lawrence Keck and Superintendent James Ritchie, Friday.

Spirit Week was a busy time at DeWitt.

The Car Smash was held in the parking lot Tuesday afternoon. Football players and coaches were given one free hit and then the balance of the school body demolished the car, which was decorated with the Webberville Spartans' names.

"Don't ever say a DeWitt football player wouldn't give you the shirt off his back!" was the theme used to publicize the auction of players' jerseys Wednesday.

Bids began at three dollars with the highest being sold at twenty dollars. Thursday evening the tricycle race was held between classes.

The freshmen were victorious, defeating the seniors by 15 seconds. A new event this year, a Rolling Pin Derby, was held, and again the freshmen were victorious. The derby was a one mile run cross country, and each class entered a team.

Afterwards a huge bonfire was lighted, a short pep talk given by Coach Gary Roberts; and then the traditional burning in effigy of a Webberville Spartan. As the fire roared, the cheerleaders led the crowd in a snake dance around the parking lot.

"A Salute to the Community and School" was presented Friday with special city and school officials participating.

A pre-game parade was held that evening, originating at the high school with a contest for the three best decorated cars. Money prizes were later awarded.

The caravan of cars then led the way into DeWitt where they joined the marching band and floats. "Jack and the Beanstalk" carried the freshmen Princess Denise Fox and Prince Joe Cavanaugh.

The freshmen decorated their float with a large beanstalk as the main background. Shades of gold, arabian lamps and a flying carpet were part of the decor used to adorn their float "Arabian Panthers".

Rod Shepard and Debbie DeBow were sophomore representatives. Using a red and white striped candy house, juniors carried out the theme of "Hansel and Gretel". Debbie Clayton and Mike Moody were seated at the side of the rocky path leading to the candy house.

MSU concert series offers Broadway hits

"1776," one of Broadway's most successful musicals of recent years, will open Michigan State University's Broadway Theatre Package Monday and Tuesday, Oct. 12-13.

"1776" will be followed Nov. 19 by the Alvin Nikolais Dance Theatre. The musical "George M!" will be presented Jan. 26-27, followed by "Forty Carats" in March and "To Be Young, Gifted and Black" in April.

All five events are available as the Broadway Theatre Package of MSU's Lecture-Concert Series. Tickets are available at the MSU Union Ticket Office.

"1776" was one of the surprise hits of the New York season when it opened in March, 1969. No one had thought that musical entertainment could be made out of the solemn, historical event that gave birth to the American nation.

That year, the show won the double laurel of the New York Critics' Circle Award and the Tony Award.

The idea of turning those three hot weeks of debate 200 years ago in Philadelphia into a musical belongs to Sherman Edwards, a one-time history teacher turned song writer.

In the performance in the MSU Auditorium, Paul Tripp, known to millions of youngsters as a children's entertainer, will play Benjamin Franklin. Other leading members of the cast include Don Perkins as John Adams and William Kiehl as John Hancock.

The Alvin Nikolais Dance Theatre appearing Thursday, Nov. 19, will present original dances choreographed by Nikolais and performed by the highly skilled members of his company.

Nikolais, acclaimed the "Magician of Modern Dance," juggles lights, sounds, props and bodies to create a world of illusion that has been called "beautiful, stimulating, witty and totally engrossing."

"George M!" Jan. 26 and 27, is the musical biography about song and dance man, George M.

Cohan. It was a solid Broadway hit for two years.

Tony Tanner will play Cohan and perform such hits as "I'm a Yankee Doodle Dandy," "Oyer There" and "It's a Grand Old Flag."

The comedy hit, "Forty Carats," to be seen March 2, was written by the authors of "Cactus Flower." The play, which one reviewer called "a welcome gift to any theatre," asks the question: If a daughter can marry a man twice her age, can her mother marry one half hers?

"To Be Young, Gifted and Black," the longest running off-Broadway hit of 1969, is the story, told in her own words of Lorraine Hansberry, the young author of "A Raisin in the Sun." It will be seen April 6.

The play, a major statement of the black experience in America, utilizes an interracial cast of seven.

Miss Hansberry, who died of cancer in 1965 at the age of 34, was the fifth woman and the only black dramatist to win the New York Drama Critics' Circle Award for best play of the year. The award was for her first play, "A Raisin in the Sun."

Announcements

Friends and relatives of Mr. and Mrs. Vincent Geller are invited to attend an anniversary dance Saturday, Oct. 24 at the Bingham Grange starting at 8:30 p.m.

The couple are celebrating their 25 wedding anniversary.

The South Central District of the Michigan Federation of Music Clubs will hold its annual fall meeting on Friday, Oct. 23, at the United Methodist Church, Tecumseh. "Information Begets Inspiration" will be the theme for the day which begins with registration and coffee hour at 9:30 a.m.

Program for the day will include a business session group conferences, a 12:30 p.m. luncheon speaker, Mrs. Cedric Dowling who is president of the Michigan Federation of Music Clubs, an organ demonstration and recital, and an evaluation period.

Officers of the South Central District include: president, Mrs. Karl Gilson of Lansing; Vice-president, Mrs. C.W. Lambert of St. Johns, and secretary-treasurer, Mrs. Louis H. Blood. Several members of the St. Johns Morning Musicals plan to attend this meeting.

CHURCH NEWS

Layman Sunday was observed at the Maple Rapids Methodist Church last Sunday with Gary Schneider delivering the message assisted by Alan Schmidt.

Others taking part in the service were Donald Alan, Pete Blomaster, Mrs. Barbara Craig and daughters Levanna and Karen, Donald Welsman, Mr. and Mrs. Kenneth LaBar and Mr. and Mrs. Dennis Kendall.

Ushers were Dean Ball and Pete Fox and greeters from the service were Mrs. Ronald Dean and Pamela Schneider.

PROGRESS

A man may be on the right track, but he's bound to get run over if he just sits there.

Is your kitchen in 'shine and sparkle condition'?

By HELEN B. MEACH
Extension Home Economist

What is the shape of your kitchen? It may be in "shine and sparkle condition" but you may be walking unnecessary miles to keep it so.

The shape of your kitchen affects your efficiency. Work centers forming the points of a triangle are the ideal kitchen work arrangement. A kitchen arranged so traffic and other activities are not inside the triangle

means fewer interruptions for the homemaker and fewer possible accidents for family members.

The usual patterns for work center arrangements are U- and L-shapes, and a "two wall" kitchen. The U-shaped kitchen is arranged on three adjoining walls.

And the triangle shouldn't be too wide—nine to 11 feet is good. Usually the sink is in the center of the U. And if it happens that it's also on the outside wall, there's usually a window above. The open end of the U leaves

room for other activities, like children's play or dining.

The L-shaped kitchen places the food preparation area on two adjoining walls, so it goes around a corner. However, you can still have a triangular arrangement of food centers.

A long narrow room almost forces a two-wall kitchen arrangement, particularly if the room is less than nine feet wide. By arranging the food mixing, sink, and range centers across from each other, two on one wall,

one on the other wall, you can still have a triangular arrangement.

Just be careful to avoid two-wall kitchen that has a major traffic pattern directly through it to another part of the house. A two-wall kitchen shouldn't be a hallway.

Whatever the shape of the room, the kitchen can still have the work triangle arrangement. For optimum efficiency, the lengths of all three sides of the triangle should total no less

than 15 feet. But if the three sides total more than 23 feet, you'll find that you're wasting time and every walking from work area to work area, past space that you could probably do without.

In any kitchen layout where cabinets and appliances are arranged across from each other, be sure to allow a minimum of four feet between counters, so you can move around, and open drawers and doors. Five feet is really preferable.

If you're planning to build or remodel a kitchen, consider the other activities, besides meal preparation, you might like there. You might include space for children to play, a dining table, a desk and even laundry equipment. If you do include these activities in your kitchen, you'll be more efficient if you keep them out of the food preparation area—the mix, sink, and range triangle.

Ambition is the incentive that makes purpose great and achievement much greater.

St. Johns Public Schools

Adult Education Classes

Classes begin October 26 for 10 weeks

Register by mail or at the Vocational

Office at St. Johns High School. Classes

not listed may be offered if ten or more persons are interested.

THESE CLASSES WILL BE OFFERED

WELDING

Learning to weld for the farmer, handy man, or industrial worker. Arc, Oxyacetylene, Helarc & Micro wire.

RADIO & SMALL APPLIANCE REPAIR

Learn how to trouble shoot & repair simple electrical problems by using basic test equipment.

AUTO BODY

A basic course dealing with the preparation and painting of automobiles. Learn how to use and care for spray equipment.

BLUEPRINT READING

Learn how to read prints of homes, commercial buildings, & machine parts. Mathematics of the trades can also be covered.

CABINET MAKING

A basic course in cabinet construction, use of woodworking machinery & Formica application.

MACHINE TOOL

Learn how to operate metal lathes, vertical and horizontal mills, surface grinders etc. and make that metal project you want.

BEGINNING TYPING

Designed for beginner and advanced persons. Work at your own pace. Learn the keyboard and type personal and business documents.

BOOKKEEPING

Utilize all aspects of double-entry bookkeeping.

INTRODUCTION TO BUSINESS

Coordinating the starting and operating of a business using "in class" projects and research methods.

BASIC SPANISH

An excellent opportunity to learn basic expressions. This course would be of particular value to the persons who plan to travel to a Spanish-speaking country.

The charge for classes will be

\$25⁰⁰

per course and will run 10 weeks

Payment for Classes to Accompany Enrollment

Each class will meet one evening

per week. Time and evening will be

arranged by instructor and class members

News About Clinton County - Service Personnel -

Marine Pvt. EUGENE R. ANDERSEN, son of Mr. and Mrs. Melvin Anderson of Laingsburg, was graduated from basic training at the Marine Corps Recruit Depot, San Diego.

He is a 1970 graduate of Laingsburg High School.

Air Force Tech., Sgt. EDWARD R. GRIFFITH, son of Mr. and Mrs. R. C. Griffith of 211 South Traver Street, St. Johns, has arrived for duty at Carswell Air Force Base, Tex. He is a civil engineering technician with a unit of the Strategic Air Command.

Previously he served at Pleiku Air Base, Vietnam.

Griffith's wife, Carol, is the daughter of Mr. and Mrs. Charles F. Cox of North Little Rock, Ark.

THEODORE J. BEDELL, 23, son of Mr. and Mrs. Theodore E. Bedell, R-1, Houghton Lake, was promoted to Army specialist five Aug. 27, near Long Thanh, Vietnam, where he has been serving with the 73rd Surveillance Airplane Company.

Spec. Bedell, a sensor specialist in the company, entered the Army in April 1960, completed basic training at Ft. Knox, Ky., and was last stationed at Ft. Huachuca, Ariz. His wife, Karen, lives at 504 W. Walker, St. Johns.

Dennis R. Oakley, 20, son of Mr. and Mrs. Velmer F. Oakley, 6997 Scott Road, St. Johns was recently promoted to Army Specialist Four while serving in Germany.

Spec. Oakley is assigned as a weapons assembly specialist in Battery C of the 32nd Field Artillery's 1st Battalion near Hanau. He entered the Army in October 1969, completed basic training at Ft. Knox, Ky., and was last stationed at Ft. Leonard Wood, Mo.

PHILLIP J. FIZZELL

Second Lieutenant PHILLIP J. FIZZELL, son of Mr. and Mrs. K. E. Fizzell of 1508 Alta Vista Drive, Owosso has been awarded his silver wings upon graduation from U.S. Air Force navigator training at Mather AFB, Calif.

Following specialized aircrew training at Castle AFB, Calif., he will be assigned to Carswell AFB, Tex. He will serve with the 7th Air Refueling Squadron, a unit of the Strategic Air Command, America's nuclear deterrent force of long range bombers and intercontinental ballistic

missiles.

Lieutenant Fizzell, a 1964 graduate of Elsie High School, received his B.A. degree in geography in 1968 from Michigan State University. He was commissioned in 1969 upon completion of Officer Training School at Lackland AFB, Tex.

His wife, Mary, is the daughter of Mr. and Mrs. Frank Viecek of 145 W. Oak St., Elsie.

Army Private Thomas L. Koenigsnecht is assigned to Company D' 11th Battalion, 4th Bri-

gade, here in the Training Center, Armor (USATCA).

He will spend the next two months learning the fundamental skills of the soldier in today's modern action army-firing live ammunition under simulated combat situations, learning protective measures and first-aid for chemical biological and radiological attacks, as well as being schooled in the use of modern arms.

Following the completion of Basic Training, PVT Koenigsnecht, who is the husband of

lished in Michigan and available to the public.

These include Grand Traverse, Osceola, Arenac, Muskegon, Montcalm, Ionia, Sanilac, and Lenawee counties.

In addition, Delta, Emmet, Charlevoix, Leelanau, Gladwin, Ottawa, Shiawassee, Genesee, Lapeer, St. Clair, Macomb, and Livingston counties are also mapped and are awaiting final publication.

Soil maps show the nature and extent of the various kinds of soil in the area. While soil conditions may appear similar at the surface to the layman, they are indeed quite different to the trained soil scientist. Soils may respond differently depending on their use.

For example, a soil may be quite favorable for growing corn; however, the same soil may have severe limitations for septic tank filter fields.

The soil survey is geared to everyone's use. Farmers, land

developers, land appraisers, foresters, land-use planners, sanitarians, architects, engineers, and others are using soil data.

Interpretations of the soil maps indicate the limitations of the soil for many uses. Some of these include: foundations for building; septic tank disposal fields; sanitary landfills; irrigation; road construction; camp sites; playgrounds; farm crops; trees; and many others.

Maps also indicate the suitability of the soil material as a possible source of topsoil, sand, gravel, borrow for highways, and impermeable material for dams and levees.

Cratty has stated that utilizing soil survey information during the planning process can save the individual, as well as taxpayers, thousands of dollars.

He noted that the cost of chaotic growth is staggering - in ugliness to the landscape, in land and water waste, in damage to buildings, and most of all, to man's spirit.

Funeral services were held Friday, Oct. 9 at the Houghton Chapel of the Osgood Funeral Homes Inc., Ovid with Rev. Wal-

Open Letter
from VAN W. HOAG

Dear friends,

The funeral director, as well as the clergyman has a responsibility to ease the grief of the bereaved family. His counsel can be relied upon in the difficult time from the hour of passing to the final service.

To relieve the sorrow of the distraught survivors and to add a comforting memory picture is the funeral director's sincere concern.

Respectfully,

Van W. Hoag

Hoag Funeral Home

ter Kargus officiating. Burial was in the Middlebury Cemetery.

He was a lifelong resident of Ovid and a member of the Ovid United Church. He married the former Leta Goodrich in Angola, Ind. on March 20, 1938, and was employed in the Chevrolet Division of General Motors in Flint.

Survivors include his wife; three sons, Robert, Brian and Brad all of Ovid; three daughters, Mrs. Joan Swan and Mrs. Janet Besger both of Ovid and Mrs. Jane Conklin of Elsie; two brothers, Henry Parker of Ovid and Ezra Parker of Hastings; nine grandchildren.

Rose Batora

Funeral services were held for Mrs. Rose Batora, 73, who resided on County Line Road, Elsie, at St. Cyril Catholic Church in Bannister Saturday morning. The Rev. Fr. Edward Konieczka officiated and burial was made in the Ford Cemetery. Mrs. Batora died Wednesday evening at the Postrian Nursing Home in Flint after an illness of two years. She was born in Cleveland, Ohio, Feb. 11, 1897, the daughter of John and Mary Kral, and had resided in Elsie for the past 45 years. She and Mr. Batora were married May 29, 1922 at Bannister. He died in 1966. A housewife, she was a member of St. Cyril Catholic

Animal waste

Concern for environmental quality has embraced nearly all sections of today's society. . . and the livestock industry, including dairying, is no exception.

"Animals produce about one billion tons of waste per year," reports Dr. C. A. Lassiter, Michigan State University dairy expert. "The concentration of animals, larger herds, and the close proximity of animals and people complicate the problem."

Church and its Altar Society.

Surviving are one daughter, Mrs. Helen Spaleny of Flushing; two sons, Joe of Bannister, Edward of Elsie; two sisters, Sister Mary Christina of Grand Rapids, Mrs. William Ondrusch of St. Johns; two brothers, John Kral and Joe Kral, both of Ashley and 14 grandchildren.

Peter Minarik

Funeral services for Peter Minarik, 80 of Bannister were held Wednesday at the St. Cyril's Catholic Church with the Rev. Fr. Edward Konieczka officiating. Rosary was recited Tuesday evening at the Carters Funeral Home in Elsie. Mr. Minarik died Sunday at the Brown Nursing Home in Perrinton after an illness of three months.

He was born in Czechoslovakia May 15, 1890 and had resided in the Ashley and Bannister areas for the past 45 years. His life work was farming. He and the former Victoria Palatka were married June 11, 1917. He was a member of St. Cyril's Church and the Catholic Slovak Union.

Surviving are four daughters, Mrs. Helen Vasilek and Mrs. Maxine Presler, both of Midland, Mrs. Julie Zelenka of Lansing, Mrs. Irene Bernath of Bannister; three sons, Peter of Central Lake, Rudy of Perrinton, Louis of St. Johns; one brother, Joseph of Elsie; and eight grandchildren.

MEETINGS

The St. Johns Morning Musicale met at the home of Mrs. Harold Lundy, Thursday morning with 17 members and guests present.

Mrs. Winchell Brown, vice-president presided.

Mrs. Lundy gave a commentary on the Sonata Form, a type of musical structure usually based on two themes presented in different keys which is an extended composition for one or two instruments, usually in three or four movements, contrasting in rhythm and mood. As examples Mrs. Lundy played Sonata Pathétique by Beethoven and Mrs. Jack Stenberg played variations on a Theme by Beethoven.

It was announced the South Central District of Music Clubs would convene in Tecumseh on Oct. 23.

The St. Johns Morning Musicale is a member of the Michigan Federation of Music Clubs and National Federation of Music Clubs.

The Welcome Wagon newcomers Club met Wednesday,

Announcements

The Clinton Memorial Candy Strippers will present "The Good Ship Hope" narrated by Annette Bisanz, RN who served aboard the ship as a teaching nurse. The program will be held Saturday, Oct. 17 at 1:30 p.m. in the basement of St. Joseph Catholic School.

Students interested in careers in medicine and the general public are invited to attend.

Refreshments will be served by the hospital's auxiliary.

Final plans are being completed for the annual Fall Harvest Festival and Smorgasbord dinner to be held at St. Patrick's Church in Portland, on Sunday, Oct. 18. Country Store, fancy goods and other booths will be available in the school gymnasium. The Smorgasbord dinner will be served in the school cafeteria from noon to 5 p.m.

Dinner tickets will be \$2 for adults and \$1 for students.

The public is invited to attend this annual fall event.

The Owosso Young Women's Christian Association (YWCA) will hold a voting information discussion open to the public on Oct. 20 at 8 p.m.

A short presentation will be given by the candidates and issues will be discussed with a question and answer period following. The YWCA is located at 621 W. Oliver St., Owosso.

Oct. 7 at the Central National Bank with Mrs. Lee Worley, vice-president, conducting the meeting in the absence of the president, Mrs. Joanne Gentry.

The First Nighters presented a sneak preview of their up and coming production, "Night of January 16". Jan Pyle of the acting group introduced part of the cast, Eugene Livingston, Duane Miller, Glenn Hill and Sharon Speck.

New members introduced were Mrs. Harry Murphy, Mrs. Bruce Wood, Mrs. Ted Dault and Mrs. Garry Oden.

A couples party is planned for Saturday, Oct. 17 at Daley's and couples planning to attend should contact Mrs. Lee Worley at 224-3861 for reservations.

Following the meeting a program on "Interior Decorating" was furnished by the County Extension Service.

Next month's program will be held at Consumers Power in Lansing on Nov. 4. The group will be meeting prior to the trip at the bank to coordinate rides.

Refreshments were served by Mrs. Gerald Johnson.

CHURCH NEWS

New officers were elected to head the St. Johns Ministerial Association at their October meeting. President of the association is Rev. Carl A. Stone, pastor of the Church of God, Rev. Averill M. Carson, pastor of the First Congregational Church in St. Johns will serve as vice-president with Rev. Robert D. Koeppen, pastor of St. Johns Lutheran Church as secretary. Rev. Carl Simon, associate pastor of St. Joseph Catholic Church will assume the duties of treasurer.

Steve Karnes of Laingsburg will be song leader and guest soloist at the Congregational Christian Church of Eureka on Oct. 16, 17, and 18. He is a sophomore at Lansing Community College where he is president of a Christian organization called the Campus Disciples.

Rev. Wesley Smith of N. U. S. 27 St. Johns, will be the featured speaker at these meetings. Rev. Smith is a former school teacher who has done extensive work among today's youth culture. He will be showing a film on Saturday night of some aspects of this work. Rev. Smith is the author of Mission Impossible, the story of his ministry to teens in Flint.

Services will be at 7:30 p.m. on Friday, Saturday, and Sunday nights with a coffee hour after each service.

LIBRARY BOARD

Members of the Clinton County Library Board are from left Mrs. Dorothy Cressman, Mrs. Elizabeth Hess, Mrs. Janet Woodruff and Mr. Edward Idzkowski. Another member, Mrs. Leta Parker, was absent when the picture was taken at Daley's Restaurant on US 27 south of St. Johns. This was one of their many throughout the year according to Idzkowski.

Baby sitting clinic date set for Oct. 19

The St. Johns Jayettes will again sponsor their Baby Sitting Clinic this year. All youth participants will receive a certificate upon completion of the training course in taking care of children. Their names will also be entered in the Baby Sitters Booklet put out by the Jayettes and distributed to families in the community.

The clinic will be held starting Oct. 19 for six consecutive Monday evenings from 7 to 8 p.m. at the United Methodist church in the basement.

The Clinic is open to all boys and girls in the seventh grade or higher grades. Any one interested in attending should obtain an application which will be available in their school office and return it, filled out and signed by their parents, to their principal's office.

More information may be obtained by contacting Mrs. Robert Bogdan at 224-3976.

Married

DeLores Hoskins, wed. Louie Hoskins at St. Michael's Catholic Church in Long Beach, Calif. on Saturday, Oct. 10. Father Condon celebrated the nuptial mass while Terri Pentland of Phoenix, Arizona and Hank Robb of Dallas, Texas acted as bridesmaid and best man.

The bride is the daughter of Samuel and Mable Hoskins of Peoria, Ill. Upon her 1967 graduation from the Academy of Our Lady in Peoria she enlisted in the navy and completed her three year tour of duty October 9. The groom meanwhile is the son of Aloysius Thelen of Westphalia and a 1967 graduate of Pewamo-Westphalia High School. He currently is stationed at the Long Beach Naval Hospital as a hospital corpsman.

The newlyweds are honeymooning in San Francisco and will reside at 1058 Molino Ave. Apt. No. 3, Long Beach, Calif.

Social Events

Rev. and Mrs. Charles W. Thompson of Bad Axe were guests recently of his mother, Mrs. Marian Thompson.

Red Cross project done

The Red Cross "ditty bag" Christmas project has been completed for 1970 by the citizens in the Mid-Michigan area and states throughout the nation. This annual project began Aug. 1 and required about two months to complete.

The gift bags are distributed to every American Serviceman in South Vietnam on or before Dec. 25, gift bags sent through the Mid-Michigan Chapter of Red Cross this year will go to the headquarters of the 7th Air Force. There are no individual names on the bags, they are distributed at random.

The people in the Mid-Michigan Chapter area have been involved with the Red Cross Christmas

SCHOOL NEWS

The St. Johns Citizen's Curriculum Study Committee met Tuesday evening, Oct. 6 in the High School Library with 16 members in attendance.

Ken Lashaway, vocational coordinator, was present to discuss the vocational education program. Lashaway's talk covered all vocational areas - home-making, agriculture, industrial education and business education. He pointed out that the program is still developing. Vocationally reimbursed classes included building trades, drafting, auto and power mechanics, metals, electronics, business education and homemaking. Other classes in each of these areas will be offered as the program develops.

Pre-vocational classes at the junior high include arts and crafts in the seventh grade and exploratory industrial arts in the eighth.

The next meeting will be in the High School Library on Wednesday, Oct. 21 at 7:30 p.m. The committee will tour the vocational classrooms and meet with teachers and students.

Following the tour Bert LeFevre will discuss what happens to high school graduates - college, service, vocational school, nursing, factory employment. Duane Wirick will talk about dropouts.

Graduates

ELSIE (c) - Gwendolyn Baker daughter of Mr. and Mrs. Robert T. Baker of 214 West Pine St., Elsie graduated from Central Michigan University August 21 with a bachelor of arts degree with a major in English and a minor in Sociology.

STATE LIBRARY POST

Jay Smith, left, of Mason, director of the Ingham County Library and a director of the Central Michigan Library System, offers his congratulations to Mrs. Ladd Bartholomew of St. Johns, newly elected president of the Central Michigan Library System. Mrs. Bartholomew is also a member and past president of the Bement Public Library in St. Johns.

'Moog' music, art at MSU

Visitors to Michigan State's Kresge Art Center Gallery Tuesday evening (Oct. 20) will hear a concert of electronic music as they view the exhibit.

The taped music concert will feature selections from the library of MSU's electronic music studio.

Larry Nelson, a doctoral candidate in music and assistant director of the electronic music studio, said that the music is not intended as background music.

"The concert should provide a dual experience—an aural and visual experience," he said.

Woman's Club meets in church Undercroft

The St. Johns Woman's Club opened their new year at Episcopal Church in the Undercroft Wednesday afternoon with 40 members and guests present. A dessert was served from a lovely tea table decorated in the fall theme.

The meeting called to order by the President, Mrs. John Rumbach was then led in prayer by Mrs. Lloyd Harris.

A memorial to Mrs. Rolan Sleight was presented by Mrs. Clifford Lumbert and a book "Pictorial History of Michigan" was shown which is to be presented to the Bement Library in her memory.

It was announced the West Central District of Women's Clubs would convene in Grand Rapids Oct. 15. A display of Arts and Crafts from various clubs will be shown.

Members of the club helped Sunday at the open house at the Mental Health Clinic.

For the program Mrs. John Goebel of Ovid was introduced. She explained and demonstrated the art of Eggcraft and also displayed beautifully decorated jewel boxes, creches, cradles and flower holders.

The next meeting will be held in the United Methodist Church on Oct. 21 at 1:15 p.m. The program will be on Mental Health Department. This meeting is open to all interested women in the area.

Former grad receives PhD.

Robert Shoup the son of Mr and Mrs Lawrence Shoup of St. Johns, received his PhD degree in Nuclear Physics at the Florida State University on September 8. The title of his dissertation was "The Study of Electromagnetic Transitions in the ⁵⁵Co Nucleus."

Dr Shoup graduated from Rodney B. Wilson High School in June, 1962, and received his BS degree in physics at Michigan State University in June 1966.

He is currently employed as a research associate at the Cyclotron Laboratory of the University of Michigan.

He and his wife, the former Cynthia Malmstrom of Fort Lauderdale, Florida, will be living at 2353 Woodbridge Way, Ypsilanti.

MR and MRS ROBERT WILBUR

REV and MRS DONALD ZIMMERMAN

Wedding and anniversary feted at Methodist Church

The United Methodist Church in St. Johns was the scene of the Sunday, Oct. 4 wedding ceremony uniting in marriage Ann Marie Wilbur and Rev Donald M. Zimmerman.

Best man was David Monclvalz of Phoenix, Ariz., and serving as ushers were Wayne Woodbury of St. Johns and Rev Lucien Behar of Spring Arbor. Ring bearer was Donald Zimmerman of Phoenix, Ariz.

A reception was held at Niles Hall following the ceremony and a special celebration took place in honor of the bride's parents who were observing their 30 wedding anniversary. Mr and Mrs Wilbur were married in 1940 in St. Johns and their attendants, Mr and Mrs Clifford Slogum of Owosso were present for the wedding and anniversary celebration. Hosts and hostesses were Mr and Mrs James Boyce and Mr and Mrs R. Lee Ormston.

Special guests at the wedding and reception were Mrs Clarence Kaltrider of St. Johns, grandmother of the bride, and Mrs Cora Wiles of Argentine, grandmother of the groom.

Following the reception a buffet was served at the home of the bride's parents with Mr and Mrs Edward Sulka of Mexico City as host and hostess.

The couple will make their home in Phoenix, Ariz., where the groom is employed as a design engineer at Sperry-Rand Co. He is a graduate of Seattle Pacific College and was ordained a minister in 1969 and under appointment by the General Missionary Board of the Free Methodist Church.

The bride, a 1965 graduate of Rodney B. Wilson High School, is a 1969 graduate of Spring Arbor College and a candidate for a master's degree at Eastern Michigan University.

also carried a cascade bouquet of the same flowers as in the bridal bouquet.

The baby has two brothers and two sisters. Grandparents are Mr and Mrs Jack Surgis, Mrs Margarette W. Ernst and Mr Edward Ernst, Sr. The mother is the former Barbara Surgis.

TREFIL—A girl, Dawn Sue, was born to Mr and Mrs Joseph Trefil of R#1 Perrinton, Oct. 1 at Clinton Memorial Hospital. She weighed 8 pounds 4 ounces. The baby has five brothers. Grand-

parents are Mrs Thomas Trefil of Perrinton and Mr and Mrs Ira DeMarais of St. Johns. The mother is the former Phyllis DeMarais.

WILKIE—A girl, Susanne Marie, was born to Mr and Mrs Garth Wilkie of R#2, St. Johns, Oct. 4 at Clinton Memorial Hospital. She weighed 8 pounds 5 ounces. The baby has two brothers and three sisters. Grandparents are Mr and Mrs William Wilkie and Mr Arlie Peck. The mother is the former Doris Peck.

MORRISON—A boy, John Wayne, was born to Mr and Mrs Dennis Morrison of Parks Road, St. Johns, Oct. 6 at Ingham Memorial Hospital. He weighed 9 pounds 12 ounces. The baby has one brother and two sisters. Grandparents are Mr and Mrs Russell Morrison of St. Johns and Mr and Mrs Albert Hildebride. The mother is the former Cathy Hildebride.

BLIZZARD—A boy, Michael Lynn, was born to Mr and Mrs Bruce Blizzard, Sept. 21 at Carson City Hospital. He weighed 7 pounds 3 ounces. Grandparents are Mr and Mrs Arnold Blizzard and Mr and Mrs Alfred Wickerham all of DeWitt. The mother is the former Susan Wickerham.

ELINOR PURDY

Former grad Stretch and Sew Shop

Mrs Leonard Purdy, the former Elinor Osborn and 1946 graduate of Rodney B. Wilson High School, has recently opened a Stretch and Sew shop in Toledo, Ohio.

It all started with a class that Mrs Purdy attended at the Stretch and Sew in Ann Arbor. Following the course she realized that her interest was greater than that of just an avid seamstress so she decided to train at the shop's home office in Eugene, Ore. and open her own shop which deals solely with knit fabrics. Her shop is one of 70 franchised Stretch and Sew shops throughout the United States.

Mrs Purdy also teaches sewing to her customers through a series of eight week courses. To date she has 175 students who learn to work with knits through lectures and demonstrations during each course.

Better known to her students as Ozzie, she starts each student, regardless of experience, with the same lesson and that is making a size two T-shirt. She feels this lesson prepares each student with the know-how to make anything with a set-in sleeve. From there the students learn the secret of matching stripes, learning how to apply a hidden zipper or make a V-neckline. Most students can whip up a dress in 20 minutes upon completion of the course.

Mrs Purdy prides herself on making all of the clothes for her husband who is a pharmacist and owns and operates a Rexall Drug Store in Milan, Mich. and also for her son, David, who is an engineering student at the University of Michigan.

In her spare time Mrs Purdy is an avid golfer and a few years ago she scored a hole-in-one in tournament play at the Portland Country Club.

Mrs Purdy is the daughter of Mr and Mrs Gilbert Osborn of 703 Spring Street, St. Johns.

by a discussion of election facts and issues. Discussion leaders will be Bill Ballenger, Gerald Langford, Gerald Shepherd and Ernest Carter who will touch on the subjects of parochial amendment, airport authority and county millage.

Organist, Rhonda Woodbury accompanied vocalists, Mr and Mrs Leslie Kroger of Wilmore, Ky. Host and hostesses, Mr and Mrs Clifford Slogum of Owosso were Mr and Mrs Howard Woodbury.

The bride was given in marriage by her father and was attired in an empire-style gown of lutesong material that she had designed and made herself. The gown featured a Sabrina neckline, short sleeves and a small bow attached to the back of the A-line skirt. Panels of wide embroidered organza lace accented the front of the skirt. A Juliet cap, accented with pearl flowers, secured her short veil embroidered with a silk thread design and she carried a cascade arrangement of yellow sweetheart roses, white stephanotis and ivy.

Mary Jane Wilbur, sister of the bride, of Spring Arbor was maid of honor and serving as flower girl was Karen Zimmerman of Phoenix, Ariz. The attendants wore gowns identical in style to the bride's gown featuring a royal blue velvet bodice and sky blue lutesong skirt. They

Middle School opening

Close to 400 people attended the open house festivities held Sunday afternoon at the new DeWitt Middle School.

DeWitt School Board President Willard Reed addressed the assembled group at 3 p.m. just prior to the datestone setting. Reed gave an accounting of how the middle school was started.

A well-rounded program of classes and electives are offered at the new school.

Fully-equipped science labs, a library, a shop-craft room, a home economics room and a very adequate gymnasium highlight the areas within the school.

Built on land adjacent to the DeWitt senior High School, the buildings are surrounded with trees which are currently changing colors very rapidly.

A copper box was placed in the datestone of the building and was filled with various mementos of the construction and the time proximity.

Included among the enclosed articles were specifications of the building and architect's drawings, a picture of superintendent

James Ritchie and several news articles concerning the building of the new school. Also, a copy of the Oct. 7 edition of the Clinton County News was placed in the box.

General contractor for the school was Britsch Construction Company. Mechanical construction was done by Dard, Inc. and electrical work was accomplished by Martin Electric Co.

CPA's meet

The members of the Central Chapter of The Michigan Association of Certified Public Accountants will hold a meeting on Wednesday, Oct. 21 at the Capitol Park Motor Hotel in Lansing.

The meeting will begin at 6 p.m. with a reception for the speakers who will be CPAs in government service.

Their topic will be "Getting to know your fellow CPAs in Governmental Service." The meeting will be chaired by Max A. Coon, CPA of Lansing, central chapter chairman.

MICHIGAN'S FIRST LADY VISITS

Mrs. William Milliken brought her husband's campaign into St. Johns last Wednesday when she visited the downtown business district and was guest of honor during a coffee gathering held in the home of Mrs. E.O. Prince. Mrs. Milliken, above, greets Mrs. O.B. Moore as Mrs. Prince, center, and Mrs. Milliken's press secretary look on. Lower photo shows the governor's wife chatting with Mrs. Jack Walker, left, and Mrs. Charles Coletta. Later, the first lady was a luncheon guest of the St. Johns Area Chamber of Commerce at Daley's restaurant.

Child development depends on toys

Selecting and providing toys for young children is a very important process, says Lorraine Sprague, Extension Home Economist serving Clinton, Gratiot and Shiawassee counties. Their safety as well as their educational value must be given careful thought.

A child has, has a very definite effect on this physical, mental and social development. With some understanding of such important development, adults can be most influential through their guiding the kind of play in which their child participates.

Grandparents, well known for their toy shopping activities, can better select games and toys for grandchildren when they understand what such toys can do to help the youngsters in their growth and development.

It helps to understand a child when adults realize that to a child, his "play" is his "work". A lesson Play and A Child's Development is being offered by the Family Living Education Department of the Cooperative Extension Service in Corunna, Ithaca and St. Johns.

Leaders from Extension Study groups will attend. Other persons from such groups as Child Study clubs, P.T.A. organizations, churches, Nursery schools, 4-H leaders, and High School Family Living classes are invited to attend the meeting of their choice.

All are scheduled between 1:30 and 3:30 p.m., as follows:

Wednesday, October 14, St. Johns, Smith Hall; Thursday, October 15, Corunna, Casino.

These toys would make wonderful Birthday and Christmas gifts, says Miss Sprague.

Ignore breakfast?

By LORRAINE SPRAGUE
Extension Home Economist

Who says breakfast is the same old thing? Think carefully and note how the homemaker has gone from chef to short-order cook to simply a purchasing agent. That much maligned and missed meal has exciting products for the table these days.

A popular frozen foods company did research about breakfasts and came up with some interesting facts. Following are a few of these facts:

—Three-quarters of all U.S. families don't eat breakfast together. One-third of all homemakers and one-quarter of all husbands eat alone. In one out of every four homes, at least one child eats alone. Where does your family fit into these facts?

—The average time spent at the breakfast table is 20 minutes—20 minutes of interruptions by telephone calls, last minute touches on homework and other such things.

—Breakfast is a do-it-yourself meal. In half the families that don't eat together, either the husband or the children or both serve themselves. (How many children do you know who get their own skimpy breakfast, if any, and leave for school while Mom catches those final forty-winks?)

—Even when Mrs. Homemaker does struggle out of bed and

prepares breakfast, chances are she isn't happy about it.

—Less than 20 per cent of all family members eat a breakfast which homemakers considered nutritionally complete. They felt that 60 per cent of their children and 70 per cent of the teenagers eat less-than-adequate breakfasts.

Such research as this, and other has led manufacturers to put on the market "instant" type breakfasts to drink or even eat, frozen breakfasts to cook in the oven while the individual dresses, and the newer type high protein meals. All of these are devised to make easy, quick meals that children can prepare by themselves. True, they miss the companionship of adults, but they can have the all important nutrients with which to start their day anyway.

Science projects some possibilities for us to derive greater breakfast benefits, with perhaps less efforts. Included are:

—The micro-wave oven which makes possible a frozen breakfast ready to eat in three minutes.

—The four day work week. Research shows that in general weekend breakfasts are larger and better balanced nutritionally.

—The future switch to more work done right at home through computer tieups with the job. This will enable more people to have the time to eat leisurely at home. Don't laugh. Computers are taking over more and more of today's work. Even a computerized kitchen has been predicted.

—More staggered hours of companies to ease traffic congestion could also allow more time for the morning meal.

Some of these proposals sound unreal? Fifty years ago who would have believed a moving picture machine right in your own home? But more important is today! Today's people need adequate nutrition; they need adequate food to start them off in the morning and to carry them until their noon meal. Traditional breakfasts are not necessary, but food is important. Science has made possible, quick, easy and exciting meals for your family, if you don't wish, or are unable to prepare breakfast for them.

Rice Ideas

By HELEN B. MEACH
Extension Home Economist

Are you eating more rice these days? Most Americans are. Rice production is reaching new peaks in this country. In fact—an average U.S. Consumer ate a record eight pounds of rice in 1969. That's fifty per cent more since 1959.

Rice is eaten around the world with each country producing its own distinctive rice dish such as the Spanish paella, Italian risotto, Indian pilau, Mid-East pilaf, Swedish risgränsgröt, Southern jambalaya.

Yet there are still many misconceptions about the nature and treatment of rice. There are over 7,000 cultivated varieties of rice, which is a member of the grass family called *oryza sativa*. Wild rice, found in the Great Lakes region, is not a true rice but a related genus.

Brown rice is rice that has been hulled. When both the hull and kernel are removed, the rice is classified as white. The final milling process removes a thin coating, known as the polish, on the rice grain.

Contrary to what many people think milled white rice does not have to be washed before cooking. Washing or boiling in large quantities of water only deprives the rice of much of its valuable vitamin content. Rice should be cooked in only as much water as it can absorb to reach the ready-for-eating stage.

Boiled rice which is the basis for many dishes requires careful measuring and a heavy cooking pan.

Next week I will answer some of your questions on basic cooking methods for rice with a special recipe or two added for good measure.

STYLE SHOW

This may just be the dress that Dora Medina, left, decides to model in the style show sponsored by the St. Joseph's Altar Guilds tomorrow, Oct. 15 in the St. Joseph's Gym at 8 p.m. Chairman is Marielle Rehmann, center, and Norma Bauer, right, will also be modeling fashions. A special feature of the evening will be a review of costumes from years back. A dessert smorgasbord will begin the evening and various prizes will be given away throughout the party. Tickets may be purchased at the door or from any Guild member for \$1.

LCC choirs to entertain tri-county

Lansing Community College choirs will have extensive exposure to audiences in the Tri-County area during the 1970-71 school year.

Highlights of the choirs will be

Don't judge blanket on fiber alone

With all the different fibers available, choosing a warm blanket for the cold winter nights ahead can be a real problem, says a textiles specialist at Michigan State University.

"About two out of every three blankets on the market are made of man-made fibers," explains specialist Bernetta Kahabka. "The acrylic, polyester and modacrylic synthetic fibers are noted for warmth without weight, resistance to moths and mildew and easy launderability."

Rayon, however, is an exception. "A rayon blanket may lose much of its original appearance after laundering. Rayon will also shrink and mat," Miss Kahabka explains.

Rayon's main advantage is that it is inexpensive.

Wool fiber blankets, with proper care, retain the nap necessary for warmth.

The specialist notes that consumers are becoming more concerned about flammability of clothing and household textiles. Rayon blankets, unless specially treated, are considered flammable, she says.

Wool, acrylic, modacrylic and polyester fiber blankets are considered flame resistant.

Many blankets on the market are blends of two or more fibers. Polyesters, acrylics and nylons are often blended with rayon. Rayon is added to produce a satisfactory blanket at less cost. The other fibers contribute shrink resistance, increase strength and flame resistance, give bulk and loft, Miss Kahabka explains.

The Christmas program at Everett High School in Lansing Dec. 5, winter term concert March 9-10 at the college, a spring tour of the area March 11-12, presentation of the Mikado by Gilbert and Sullivan with a double cast at Everett March 12 and a spring concert June 12.

The Lansing Symphonic Choir will be engaged in highlights of "A Day with the Arts" on Oct. 25 at the Lansing Civic Center.

The group will appear in a special Christmas Concert with the Lansing Symphony on Nov. 29, hold a concert of Purcell's "Laudeamus Te" with soloists and dance in March, and present the opera Lakme by Delibes with

14 Tri-County soloists at Everett on May 21. The choral program at the college includes a variety of nine vocal groups directed by Dr. David Machtel and accompanied by Gilbert and Sullivan.

No previous experience is necessary for the student who wishes to participate in group singing, according to the college course guide.

The groups include the Lansing A Capella Choir, the Lansing Girls' Glee Club, Lansing Men's Glee Club, the Lansing Symphonic Choir, the Lansing Tudor Singers, the Lansing Steinmen, the Lansing Lassies and Lansing Lads.

★ IN MEMORIAM

BALLINGER - In loving memory of our Mother, Rose Ballinger, who died 17 years ago Oct. 17. The depths of sorrow we can not tell Of the loss of one we loved so well, And while she sleeps a peaceful sleep, Her memory we shall always keep. Her children. 24-1p

PLAY IT SAFE A little caution on that holiday trip may save a life - and it may be your own.

Symphonic Choir holds rehearsal

The Lansing Symphonic Choir, sponsored by Lansing Community College under the direction of Dr. David Machtel, will hold an open house Oct. 14 at 7:30 p.m. for singers in the Tri-County area interested in joining the group.

This year's program will include singing at the "Day With the Arts", a performance as the guest choir of the Lansing Symphony, a sacred cantata presented with solo, chorus and dance, and finally giving the opera "Lakme" by Dillies with 14 different local

Academy deadline Nov. 1

Time is running short for those Clinton County youths 17 to 21 interested in attending one of the U.S. service academies, according to third district Rep. Garry Brown (R-Mich.).

Those interested in classes for the 1971 summer term must have their applications for appointment in Brown's office no later than Nov. 1.

Brown said that he has no vacancies available at the Air Force Academy this year.

Two openings exist at the Naval Academy and one at the Military Academy at West Point, N.Y.

Brown is authorized to nominate ten men each vacancy, including openings at the U.S. Merchant Marine Academy, Kings Point, N.Y.

He said that boys interested in the Air Force Academy should contact him in case an opening

develops prior to the closing of nominations.

The Coast Guard Academy is the only one of the service schools which tenders appointments solely on the basis of an annual nationwide competition. Applications should be made directly to the Director of Admissions, U.S. Coast Guard Academy, New London, Conn. (06320) by Dec. 15.

Brown said that all applicants must submit the College Entrance Examination Board test scores. Young men who have not already taken the morning College Boards should arrange to take the Nov. 7 test series, he said.

Normally, candidates who qualify for an Academy appointment

achieve a SAT Verbal of 500 and a SAT Math of 550, Brown added.

He indicated that he does not utilize the Civil Service or other special test of academic achievement.

He will enlist the services of a district advisory board to assist him in selecting the best qualified nominees for appointment to the service schools, a screening method which is being actively promoted by the academies themselves.

A letter circulated earlier this year to all members of Congress by the Naval Academy indicated that young men "seem to achieve a higher percentage of success at Annapolis, both in terms of performance and retention" after being screened by a selection committee.

Nine third district residents entered the academies last summer.

"WHERE SERVICE IS A HABIT"

Coffee hour for Enslin

Clinton County's Citizen for Enslin committee announced Monday that Mrs. Richard Enslin, wife of the Democratic candidate for U.S. Representative from the Third District, will be in St. Johns Oct. 19.

She will attend a special coffee hour reception at the Enslin Neighborhood Center, 506 S. Scott Road, beginning at 2 p.m.

Didn't it rain. We took the Big M and our two boys to the Ovid-Elsie game Friday night. Everyone including the Big M got soaked. She hasn't been that wet since the summer of '57 when she took a bath.

Toward the end of the game the players looked like they were more interested in body surfing on the rain soaked field than in football. One unidentified player after taking a blast from Marauder Frank Dudash set the mark with a skid of about 10 1/2 yards.

Snowmobiles will be getting a lot of attention this weekend at Beck & Hyde Farm Marina. The 1971 Ski-Doo and Evinrude will be the center of attraction during the openhouse planned for

Business notes

By MIKE PREVILLE
News Advertising Manager

Thursday, Friday and Saturday. Our favorite though is the Cushman Tracker, an ATV that looks like a tank. We went for a test ride in that marvelous machine with Dan Beck and it is everything that it claims to be.

Well, it finally happened. We became real believers in the Lions. We've wagered coffee and coke against them so far this season until last Sunday. We figured 40-0, 38-3, 28-14 against pretty good opposition...so they should take Washington by at least 10. We can sell the car and get a second mortgage fairly easy...but how we going to tell Big Mama she doesn't belong to us anymore.

John Wampler of St. Johns is

FOOTBALL WINNER

John Wampler (L) is awarded the \$20.00 prize for winning the County News' football Contest by Editor Tim Younkman. Wampler picked 13 of 16 contests correctly.

Fruit cocktail bars

Fowler school budget hearing set tonight

The Fowler Board of Education will hold a public hearing on the 1970-71 budget for the Fowler District tonight, Oct. 14 at the high school library at 8 p.m.

Copies of the budget are available at the Administrative Offices in the high school building.

The budget calls for an anticipated expenditure of \$495,403.00 compared to an expenditure of \$427,644.00 for the year 1969-70.

The 1970-71 income is estimated at \$481,163.00. This would leave an unbalanced budget in the amount of \$14,240.00 which represents part of the cost of furnishing free text books and supplies.

The Supreme Court decision came too late for the Board of Education to make provision for the added expense.

Milk price looks good

Prospects are good for a continuation of present favorable milk prices through 1970 and beyond, according to C. R. Hoglund, Michigan State University agricultural economist.

Ovid-Elsie FFA members rate with nation

Representing 43 years of agricultural instruction are Ovid-Elsie FFA advisors Joe Shaltry, left, and Albert Ackley. Shaltry joined the O-E staff three years ago, while Ackley has been teaching agriculture students for 40 years.

These dairy judging contestants from the Ovid-Elsie chapter of the Future Farmers of America (FFA) topped the state competition and will enter the national finals this week in Kansas City, Mo. From left are David Wyrick, Jim Stewart and Frank Quine.

The Ovid-Elsie FFA chapter also won the state meat judging contest with this team of Lynn Whiting, left, Gwyn Nethaway, Paula Nethaway and Kim Jorae (standing at rear). They will also attend the Kansas City national finals this week.

Jerry Hittle takes fourth in national tractor meet

Jerry Hittle of Ovid placed fourth at the 20th Annual Eastern United States 4-H Tractor Operator's Contest Sept. 29 at Richmond, Virginia.

Representing Michigan, Jerry was one of the eighteen entries from throughout the eastern states. This was Michigan's highest placing in this contest for a number of years. The contest was held during the State Fair of Virginia, at Richmond.

Indiana placed first with 205 points, New York second with 262 points, Kentucky third with 410 points, Jerry Hittle of Michigan fourth with 422 points, and Delaware fifth with 579 points.

Breakdown of penalty points for Jerry was 120 points on the written exam (6 missed questions), 50 points on safety, 151 points on the 2 wheel trailer, and 101 points on the 4 wheel wagon. The lowest scores are the winners.

During the three day event at Richmond, Hittle had the opportunity to tour Yorktown, Williamsburg, and Jamestown. He was accompanied on the trip by George McQueen, Extension Agricultural Agent and was joined by his family at Richmond in time for the contest.

Hittle is a member of the Spring Valley 4-H club under the leadership of Mr. and Mrs. Jack Schwark. He is presently a Junior at Ovid-Elsie High School and is the son of Mr. and Mrs. Gerald Hittle. He qualified for the regional contest by winning the State 4-H Tractor Operators Contest at Michigan State University during 4-H Youth Exploration Days Program on August 27.

Jerry was Clinton county's 3rd representative in three years that has won the State Contest and participated in the Eastern Regional Contest. David Schwark of Ovid in 1968 and Mathew Peck of Elsie in 1969.

Jerry Hittle of Ovid displays the form that swept him to first place in the State 4-H tractor operator contest and fourth place in the nationals. Sept. 29 at Richmond, Va.

Glass bottles

By JOHN AYLWORTH

The 4-H Teen Leaders "Disposable Glass Containers Mean \$ to 4-Hers" project got off to a successful start Saturday as the teen leaders collected glass bottles in St. Johns while teen leaders and other adult leaders brought in large supplies from the county area. The group started picking up bottles at 10:00 a.m. and were finished collecting and had sorted them by colors by 12:30 p.m. There were 23 teen leaders and 3 adults picking up in St. Johns.

A truckload of glass containers was delivered to the Owens Illinois Plant Friday at Charlotte amounting to 4920 pounds and brought the 4-H Teen Leaders \$49.20. The group collected 251 returnable bottles and 62 gallon and half gallon jugs that they were able to sell also. Proceeds of this project will go to the National 4-H Center Expansion Drive at Washington, D.C. and other county 4-H projects.

A donation of glass milk bottles (1/2 pints, quarts, and half gallon) was graciously received from Mr. William Richards. There were over 3000 milk bottles formerly used by Richards Dairy Company. Some of the proceeds from the milk bottles will be donated to the Little League lighting drive.

The teen leaders plan to continue this glass container pick up project each month. They would appreciate people saving their glass containers for them to pick-up in St. Johns on the first Saturday of each month. The next pick-up will be on Saturday November 7. People outside of St. Johns are asked to save their glass containers and contact one of the local 4-H clubs near them to see if they are participating in this project. Any person having questions about this project should contact the County Extension Office in St. Johns or call 224-3288.

The Owens Illinois Glass Plant in Charlotte plans to continue their plan of purchasing glass containers as long as people bring them enough to make it worthwhile. The company said over 14 tons of glass was brought in on the purchase day in September and they expected more than 15 tons last Friday. There are three Owens Illinois Plants in Michigan purchasing glass containers. People are urged to save their glass containers instead of sending them to the dump.

Diane Hazle of St. Johns has been appointed to the State 4-H Council for a three year term representing Clinton, Gratiot, and Shlawassee Counties. She will be participating in the State 4-H Council's Annual Meeting and attending the leaders forum October 26-31 at the National 4-H Center in Washington D.C. Diane is a leader in the Bengal Community 4-H Club and a member of the Clinton County 4-H Council.

Someone picked-up by mistake a black and white burgundy plaid jumper exhibited by Norma Brya of St. Johns at the County 4-H Fair when the projects were picked-up. Members are asked to help locate Norma's jumper as she would like to add it to her school wardrobe. If anyone knows where it is please contact the County Extension Office.

Clinton County will have six teen leaders attending the State-wide Teen Leader Workshop October 15-17 at Camp Kett. They are: David and Kathi Haviland of DeWitt, Dan Barz, Vickie Thelen and Kathy Howell of St. Johns, and Billy Parker of Ovid. They will be learning leadership techniques, identify resources, how to work with younger members, and conduct training meetings back home.

The Clinton County 4-H Club Fair Association will hold its annual meeting on Monday, October 19, 8:00 p.m. at Smith Hall in St. Johns. Business includes a review of the 1970 Fair, plans for 1971 Fair, improvements needed, and election of 2 directors for a three year term. The public is invited to attend.

A new 4-H Club is being organized in the County Farm area under the leadership of Mrs. Gayle Stevens. There were 12 girls and their mothers attending the organizational meeting. Officers elected are as follows: President, Donna Stevens; Vice President, Julie Green; Secretary, Ruth De-

Boer; Treasurer, Linda Thurston; Newsreporter, Diane DaBoer; and Recreation Leader, Michelle Desprez. The group learned more about what 4-H is all about through a slide presentation by John Aylworth, Extension 4-H Youth Agent. The girls will select their club name and complete their enrollment cards at their next meeting.

The Elsie 4 Corners 4-H Club held their organizational meeting at the E.E. Knight School in Elsie. Before the election of officers, each candidate gave a short talk on why he wanted to be elected to that office. The results of the election is as follows: President, Marie Blakely; Vice President, Kam Washburn; Secretary, Annette Zuckerswerdt; Treasurer, Dan Washburn; Newsreporter, Debbie Pokorny. A new office of club Historian was created and Margaret Horak was selected for this position. Ten new members were enrolled bringing the enrollment to around 40 members. The club's next meeting will be November 3 at the Elsie Library where the members will tour the facilities and hear Mrs. Clements give a talk on the use of the library.

The Bengal Community 4-H members enrolled for the winter program and have 32 members. The election of officers is as follows: President, Jeff Hazle; Vice President, Greg Hazle; Secretary, Diane Vitek; Treasurer, Stuart Hazle; and Newsreporter, Debbie Thelen. Song and recreation leaders, Sue Ann Suchek and Mary Weber. The club voted to have dues for the winter program.

The Clinton County 4-H Dairy exhibitors at the State 4-H Youth Exploration Days at MSU got together Sunday with their families for steak fry and pot luck dinner. The members used the prize money for 2nd place Herdmanship to cover their steak costs.

The Clinton County 4-H horse leaders attended an excellent horse clinic at Flushing on Sept. 26 at the Russell Jameson Ranch. Mr. and Mrs. Halsey Murch, professional trainers for Mr. Jameson spent the day with the leaders showing how they start training a foal at 3 months and later on to two years when they begin to ride the horse. Also they demonstrated and explained the techniques in starting to train the horse, use of proper equipment, and how to ride correctly. All in all the day was well spent by the leaders who attended the clinic.

Questions & answers on Social Security

Q My cousin is receiving benefits from Social Security because my uncle died. My cousin is mentally retarded and will never be able to work. I understand Social Security stops at age 18. Isn't there something that can be done to help him after age 18?

A A child's benefits may go on after age 18 if he has a physical or mental impairment which began before age 18 and which will keep him from working for 12 months or more. If he meets the requirements as a disabled adult child, his or her benefits can go on for the rest of his life. His benefits may stop if he becomes able to work, gets married, or if his condition improves.

Since your cousin is already receiving benefits, whoever receives his Social Security checks for him should come to the office 3 to 6 months before your cousin's

18th birthday.

Even if a disabled child was not receiving benefits when he became age 18, he can qualify when one of his parents, who is covered by Social Security, dies, or becomes entitled to retirement or disability benefits. He still must have been disabled before age 18.

Q I will be 62 soon. When should I come to the office? A Your retirement application can be taken as much as 3 months before your retirement. A person reaching age 65 should file for Medicare 3 months before his 65th birthday even if he intends to continue working.

Bring your birth certificate and your last tax return or W-2 statement. If you are having trouble securing these, please contact this office anyway so we can help you.

Home Ec. aids P-W students

by SUSAN SCHNEITZ

In Homemaking I the first thing we do is to learn how to can. In addition to this we learn the steps in canning and the way to store the canned goods. Finally in canning we mark the dates on the cans and put them away until later on in the school year. We also learn to preserve goods by freezing.

The second thing we do is embroidery. Embroidering is one of the needle crafts we learn to do. We learn the five basic stitches and it is required that every student in Homemaking I embroider at least one article. This may be a potholder, pillowcase, dolly, etc.

Now we do this, we start sewing. The first thing we do in sewing is learn the basic steps and make an apron. We students did not use a pattern but we cut according to measurements. After the apron we make a simple blouse and skirt. With these two garments we learned the more complicated steps that require interfacing, putting a zipper, and button holes, putting a sleeve in, etc.

Now we come to one of the most important things—breakfast foods. We learn that every one works better who has a well balanced breakfast. As we study breakfast foods we cook as well. The most common breakfast foods we cook in Homemaking I are bacon, ham, eggs, cereals, hot breads, etc.

As we go along we start on the subject of grooming. In this subject we learn how to care for our complexion, what kind of shampoo we should use for the various types of hair etc. This is one of the most interesting

subjects for the girls.

The next thing we do is talk about babysitting. In babysitting we learn what to do in case of emergencies. We also learn the list of things the parents should write down before they leave and how to keep children happy.

The next thing we know it is Christmas time and the girls are busy making decorations. They can make Christmas candles, wreaths from punch cards, and Christmas trees from teasel weed and other projects. Now comes Christmas vacation. When we go back after Christmas vacation, the girls start reviewing for exams.

After exams the girls start talking about menu planning. Luncheons also go along with this. In this we learn the three types and what goes in each and who needs each kind.

Then comes party planning. In party planning we learn what the various people do such as the hostess, guests, etc., and the requirements of a good party. The girls then make candy making treats they all enjoy.

Nutrition and proper diet are two of the most important things we talk about. This subject is important because we learn the things we need such as vitamins, minerals, etc.

The girls then start on the problems of planning and improving a girls' room. In this we learn the proper positions of furniture, what to do to improve it, and how to use colors.

The girls then sew a spring garment either for themselves or for a younger friend who then models it in the fashion show.

Finally the girls learn how to arrange flowers. The things they need to do it, and the different shapes they can arrange them in. Next follows a unit in manners. Then comes exam time and then school is out.

HOMEMAKING II
In Homemaking II we start out with canning and freezing. Next we plan a wardrobe which the girls seem to enjoy. Then they have an introduction in crocheting.

The next thing we do is sew a garment with corduroy or wool. Then we study wool and silk. Next we talk about foods and prepare dinners.

Then comes Christmas time when the girls are busy sewing a gift or making some kind of decoration.

When the girls go back to school they are busy studying and reviewing for exams.

Now comes an important subject of home nursing and a Civil Defense Course in first aid. Next they learn some easy house cleaning tricks and learn how to plan the kitchen.

Then they sew a child's dress and make a cotton suit or another garment.

Next and last they learn how to judge and buy small appliances and outdoor cookery.

HOME ECONOMICS FOR GRADES 11&12

The reimbursed vocational Home Economics is offered in grades eleven and twelve. The two classes this semester are Home and Family Living and Child Development. Many boys are enrolled.

The key purpose for the Home Economics programs in the future will be:

- 1) Enriching family living.
- 2) Preparing for gainful employment.
- 3) Providing for professional education.
- 4) Preparing for effective citizenship.

A vital part of the homemaking program at Pawamo-Westphalia High School is the Future Home-maker's Chapter, which took highest honors in Michigan last year for their activities.

Plaids and patterns

By LORRAINE SPRAGUE
Extension Home Economist

At one time no well dressed room would think of wearing plaids and patterns at the same time. One period of furniture and an orderly arrangement of pattern was considered the only possible furnishings. Not today.

Modern rooms that are truly interesting have some variety of design—not a cluttered "collection" but a meaningful assortment to avoid monotony. Harmony is desired, but this does not mean "sameness".

Such thinking matches our up-to-date philosophy that composites of ideas are our way of life. Individualism thrives on a sort of free thinking attitude. "It's my home - I like it this way" allows one to express one's own creativity.

"Pattern" refers to style as well as specific design on fabrics. An assortment of many diversified patterns can clash, but they can also harmonize. The ultimate test is eye-appeal. With one common factor dominating, it's entirely possible to place two or three patterns in a single room and come up with a satisfying effect. Of course the third pattern would be used sparingly. The dominating factor can be color, size, line or shape.

It might even be specific items such as potted plants, art objects or such that serve as a tying-together feature.

When about to mix patterns in furnishing fabrics, its best to use swatches. Large swatches are best. Almost every department or fabric store carries swatches just so the customer can take them home and try them in their actual setting. Looking at and living with such swatches draped over the area to be covered allows a better perspective.

Don't let yourself be rushed into making a quick decision. Look at the swatches in daylight and at night. Check them in relation to the rest of the room. Be sure you can live with your selection for a considerable length of time.

Home decorating can be fun and self satisfying. Take time to think through your situation, look for ideas, test before you make a final decision and above all remember you are decorating for you and your family - not friends or relatives.

4-H clubs win honors, aid community

4-H WINNERS

Five youthful 4-H members took honors Thursday Oct. 1 in the Sunflower growing contest held by the Clinton County 4-H Chapter. From the right is Ed Fajvor, of Rt. 5 in St. Johns, with a sunflower 21 1/4 inches in diameter, Terry Ballinger, of Rt. 6 in St. Johns, with one 20 in. in diameter, and a three-way tie for third place with sunflowers 19 inches in diameter. The trio was made up of Sarah Seeger, Rt. 2, Bath; Yvonne Ortiz, Rt. 1, Elsie, and her sister, Janie Ortiz, \$5 went to the winner, \$3 went to 2nd place and a \$2 prize went to each of the three third place winners.

St. Johns breeders named to HFSA

St. Johns was represented in a new listing of Michigan members approved by the Board of Holstein-Friesian Association of America.

Irene L. Wing and Douglas Witt, both of St. Johns, were listed among the 43 state dairymen among the 1,307 persons joining the world's largest dairy breed society.

Michigan's new members joined the nearly 28,000 people actively breeding Registered

Holstein-Friesian cattle that receive a reduced rate when registering and transferring their animals, according to the association.

The members will gain a voice in developing policy for the breed by the selection of delegates to their national convention as well as representation on the Board of HFSA.

The association bulletin, Registered Holstein News, reported that the goal of every member is

to attain the title of "breeder" which suggests the dairyman that excels in improving the genetic base of his herd.

The bulletin added that this is accomplished by superior management and complemented by the breed's official programs that evaluate production and functional conformation of each animal.

The end result is a more efficient dairy cow... a direct advantage to the producer and ultimately the consumer of milk and dairy products.

PUMPKIN PIE, ANYONE

These three young 4-H members were judged the winners Oct. 1 during the annual Pumpkin and Sunflower growing contest held at Smith Hall on the 4-H Fairgrounds. From right, they are Ron Schaefer, of Rt. 6, St. Johns, whose pumpkin weighed in at 87 1/2 pounds; Joel Henning, of 3708 Wildcat Rd., with one of 85 pounds, and Earl Flegler, Jr., of 7422 Church Rd., St. Johns, with one 65 pounds. Both the pumpkins and the sunflowers will be on display this week at the Clinton National Bank.

GREEN ONES GO HERE AND THE BROWN ONES ARE OVER THERE

Saturday was just another work day for these Clinton County 4-H members who are seen here sorting the thousands of bottles they collected. They will receive one cent per pound of glass from the Owens-Illinois Glass Co.

BOTTLES, BOTTLES EVERYWHERE AND NOT A DROP TO DRINK

This is just a small portion of the bottles collected by Clinton County 4-H members Oct. 3 during their drive to raise money for themselves and their projects for the coming year. The 4-H'ers covered the entire county Saturday picking up bottles and delivering them to the 4-H Fairgrounds where several other 4-H'ers were taking the paper off the bottles and sorting them for shipment to one of the Owens-Illinois Glass Co. collection centers in the area.

Seed tested for disease

Bean growers, elevator operators and seed organizations may again have their bean seed tested for internal bacterial blight infection according to George McQueen, Clinton County extension agent.

Testing begins Oct. 19 and continues until March 31 at the Plant Disease Diagnostic Laboratory, Department of Botany and Plant Pathology, Michigan State University. A charge of \$5 per sample will again be made.

A five-pound seed sample should be taken from each 200-250 per hundred weight of beans.

An information form must accompany each sample, which are available from the Clinton County agricultural extension office, from bean elevators, or from the botany and plant pathology office.

ELECTION NOTICE

General Election
Tuesday, November 3, 1970

To the qualified electors of the TOWNSHIP OF WESTPHALIA, Clinton County, Michigan,

for the purpose of electing candidates for the following offices: viz: Governor and Lieutenant Governor

County Commission Proceedings

WEDNESDAY, JULY 1, 1970

The Clinton County Board of Commissioners met Wednesday, July 1, 1970 at 9:00 a.m. Prayer was offered by Ernest Carter. A pledge of Allegiance was given to the flag. Roll was called and a quorum reported. Present were Cobb, Nobis, Gove, Sirrine, Chamberlain, Underhill, Hufnagel, Montgomery, Lankford and Andrews, Commissioner Shepard was excused.

Minutes of the June 15 meeting were presented. Corrections were made. It was then moved by Hufnagel, supported by Cobb, to approve the minutes as corrected. Voted and carried.

Chairman Nobis asked that Resolutions from the Nov. 3 and 17, 1969 Commission meetings, pertaining to Special Use Permits, be read in order to clarify the matter.

A communication from Livingston County calling attention to a proposed amendment to Act 288, P.A. 1967 (Subdivision Control Act) was presented. Chairman Nobis referred the matter to the Land Use Committee.

Commissioner Andrews reported on area meetings being held on the Millage Proposal for Road Improvement. He deplores the lack of interest and attendance at the meetings to date. No particular objections are being voiced however, when the people are informed of the facts. Discussion followed.

Chairman Nobis asked for a clarification of certain items in the Audit Report submitted for the Tri-County Regional Planning Commission. Andrews and Cobb, Commission representatives to Tri-County, will check out the matter and report back to the Board.

The Board recessed for Committee meetings at 9:50 a.m. Upon again being called to order, Willard Krebel, as a member of the Board of Directors Michigan Society for Mental Health introduced Dr. Beverly Hunt, President of Ingham, Eaton and Clinton Chapter of Mental Health and Bruce Ambrose, Director of the Society of Mental Health, Lansing Office.

Mrs. Hunt explained their purpose here, namely the recommendation of the Society to place Clinton County in the Kalamazoo State Hospital service area instead of the Traverse City State Hospital area as it presently is. She suggests that more patients can be referred to St. Lawrence Hospital for limited treatment on a short term basis. Those requiring prolonged treatment to be committed to Kalamazoo State Hospital.

She requests the Commissioners to appoint a study committee to make an extensive and complete investigation of all the facts relating to Mental Health Care such as time of treatment, place of commitment, types of treatment, recovery rate, etc. and to report back to this Board with a recommendation. Discussion followed with several Commissioners asking questions and receiving answers to the same.

Mr. Ambrose explained the origin, functions and funding of the State Mental Health Board.

It was moved by Montgomery supported by Gove to appoint a Mental Health Study Committee to investigate the various aspects involved and to make a report to the Board. Voted and carried.

Chairman Nobis appointed the Health Committee to act on the matter.

Commissioner Chamberlain submitted the following Committee report:

PROPERTY COMMITTEE REPORT

1. After viewing black-top drive and parking area, it was decided to check into the proper method of preserving the black-

top and to get an estimate of the cost of sealing all the surfaced areas around county buildings.

2. Also approved asking for bids on painting the Courthouse wood trim and windows.

3. Decided to continue with the 3M copying machine rental for a couple of months.

4. The Committee recommends that bids be taken for a short wheel-base, 4 wheel drive vehicle with a front mounted plow, with a trade-in of a 1966 International Scout.

Discussion was held on extra time served by Department Heads. It appears that County policy is presently being followed.

It was moved by Cobb supported by Underhill to approve Commissioners expense accounts as presented. Voted and carried.

The Board recessed for lunch at 12:00.

P.M. SESSION

Upon again coming to order, Dale Chapman and Don Haske appearing for the Department of Public Works presented a Resolution and signed contract from the Village of Westphalia requesting assistance in acquiring, installing and operating a sanitary Sewage Disposal system for the Village. It was moved by Montgomery supported by Hufnagel to approve a Resolution establishing Clinton County Sanitary Sewage Disposal System No. III, (Village of Westphalia) and approving the contract thereof in the estimated amount of \$1,053,663. On a roll call vote, those voting aye were Cobb, Nobis, Gove, Sirrine, Chamberlain, Underhill, Hufnagel, Montgomery, Lankford, Andrews and Shepard, 11 aye, nay none. Motion declared carried unanimously.

RESOLUTION

This contract, made and entered into this 30th day of June, 1970, by and between the COUNTY OF CLINTON, a Michigan county corporation (hereinafter referred to as the "County", by and through its Board of Public Works, party of the first part, and the VILLAGE OF WESTPHALIA, a Michigan municipal corporation located in the County of Clinton, Michigan (hereinafter referred to as the "Village") party of the second part,

WITNESSETH:

WHEREAS, it is immediately necessary and imperative, for the public health and welfare of the present and future residents of the Village, that adequate and proper facilities for the disposal of sewage be acquired and constructed to service the Village; and

WHEREAS, the County, under the provisions of Act 185, Public Acts of Michigan, 1957, as amended (hereinafter sometimes referred to as the "Act"), has established a Department of Public Works for the administration of the powers conferred upon the County of said Act, which department is under the immediate control of a Board of Public Works (hereinafter sometimes referred to as the "Board"), and under the general control of the Board of Commissioners of the County of Clinton; and

WHEREAS, said Act authorizes a county to acquire sewage disposal systems as defined in said Act, and to improve, enlarge, extend and operate such systems; and

WHEREAS, by the terms of said Act, the County and the Village are authorized to enter into a contract for the acquisition, improvement, enlargement or extension of a sewage disposal system and the payment of the cost thereof by the Village, with interest, over a period of not exceeding forty (40) years, and the County is then authorized, pursuant to appropriate action of its Board of Commissioners, to issue bonds of the County to provide the funds therefor, secured primarily by the full faith and credit contractual obligation of the Village and secondarily by the full faith and credit pledge of the County if duly authorized by appropriate resolution of its Board of Commissioners; and

WHEREAS, said Act provides the only practicable method and means for acquiring and financing the necessary sewage disposal facilities and appurtenances so vitally necessary for the public health and welfare of the residents of the County residing in the Village to be served, and will result in the lowest cost for the money necessary to be borrowed for such purpose; and

WHEREAS, plans and an estimate of cost of the said sanitary sewer improvements have been prepared by Fischbeck, Thompson and Carr, consulting engineers, of Lansing, Michigan (hereinafter sometimes referred to as the "consulting engineers"); which said estimate of cost totals \$1,053,663 and

WHEREAS, in order to issue such bonds, it is necessary for the County and the Village to enter into a contract as provided in said Act; and

WHEREAS, it is also necessary for the County and the Village to contract relative to the operation and maintenance of said sewage disposal system;

NOW, THEREFORE, in consideration of the premises and the covenants of each other, the parties hereto agree as follows:

1. The County and the Village approve the establishment of a sanitary sewage disposal system in the County of Clinton under the provisions of Act 185, Public Acts of Michigan, 1957, as amended, consisting of a sewage treatment facility, lift stations, sanitary sewer interceptors, trunks and other lines, force mains and pump stations, together with all necessary appurtenances and rights in land adequate and sufficient to furnish sanitary sewer disposal service in those areas in the Village in need of such service. Said areas, and the sewer improvements to be located therein shall be as set out in the plans for the project prepared by the consulting engineers and referred to in the preamble hereto.

2. The sewage disposal system referred to in paragraph 1 above is designated by the County Board of Commissioners as CLINTON COUNTY SANITARY SEWAGE DISPOSAL SYSTEM NO. 3 (VILLAGE OF WESTPHALIA), hereinafter sometimes referred to in this contract as the "System."

3. The Village hereby consents to the use by the County of the public streets, alleys, lands and rights-of-way in the Village for the purpose of constructing, operating and maintaining the System and any improvements, enlargements and extensions thereof.

4. The System is designed to service those areas in the Village in need of sanitary sewer service and is immediately necessary to protect and preserve the public health, and the Village does, by these presents, consent to such service being furnished by the System to the individual users in these areas.

5. The Board and the Village hereby approve and confirm the plans for said System prepared by the consulting engineers and the estimate cost thereof in the sum of \$1,053,663. Said estimated cost includes all surveys, plans, specifications, acquisition of property for rights-of-way, physical construction necessary to acquire and construct the System, the acquisition of all materials, machinery and necessary equipment, capitalized interest, and engineering, engineering supervision, administrative, legal and financing expenses necessary in connection with the acquisition and construction of the System and the financing thereof.

6. The Board will acquire and construct the System, and, for that purpose, will take bids for the acquisition and construction thereof prior to the time that any bonds are issued for the purpose of financing part of the cost of the System. The Board shall in no event enter into any final contract or contracts for the acquisition and construction of the System if such contract price or prices will be such as to cause the actual cost of the System to exceed the estimated cost as approved in paragraph 5 of this contract, unless the Village, by resolution of its Village Council, (a) approves said increased total cost and (b) agrees to pay the excess over the estimated cost, either in cash or by specifically authorizing the maximum principal amount of bonds to be issued, as provided in paragraphs 9 and 10 of this contract, to be increased to an amount which will provide sufficient funds to meet said increased cost and a similar increase in the installment obligations of the Village pledge under the terms of this contract to

the payment of such bonds.

7. The System shall be acquired and constructed by the Board in accordance with the plans and specifications therefor based upon plans approved by this contract. Provided, however, that minor variations from said plans and specifications may be made without the approval of the Village if such variations shall not materially affect such plans and specifications. All matters relating to engineering plans and specifications, together with the making and letting of final construction contracts for the System, the approval of work and materials thereunder, and construction supervision, shall be in the exclusive control of the Board. All acquisition of rights-of-way shall be done by the VILLAGE.

8. The County shall be the owner of the System, and the Board shall operate, maintain and manage the same for and on behalf of and as the agency of the County, for the use and benefit of the Village and its inhabitants. Said System shall be maintained in good condition and repair, to the satisfaction of the Board and the Village, which shall have the right to inspect the System at any time and to recommend to the Board any repairs, replacements, extensions or improvements which the Village may feel necessary or desirable. The Board may make such repairs, replacements, extensions or improvements as it may approve, either upon recommendation of the Village or upon its own initiative, but only after funds to pay the cost thereof shall be made available to it, and the Village shall be obligated to furnish such funds if the Board feels that work to be performed is necessary. The County will provide insurance on the machinery, pumping stations or similar equipment of the System against fire or loss by explosion or destruction, of the comprehensive type customarily carried, and will also provide sufficient liability insurance protecting the Village and the County against loss on account of damage or injury to persons or property imposed by reason of the ownership or operation of the System or resulting from any act of omission or commission on the part of the County, its agents, officers or employees, in connection with the operation, maintenance, expansion, improvement or repair of the System. All cost of operating and maintaining the System shall be made available to the Board either directly by the Village or from rates and charges collected from users of the System. Upon proper agreement between the County and the Village, the System may be leased to the Village and operated and maintained by it in accordance with such terms as the parties may agree upon, and upon full repayment by the Village of all costs of construction of the System, as hereinafter provided, the County shall, upon request of the Village, convey full ownership of the System to the Village.

9. To provide for the construction and financing of the System in accordance with the provisions of Act 105, Public Acts of Michigan, 1957, as amended, the Board shall take the following steps:

(a) The Board will submit to the Board of Commissioners of the County of Clinton a resolution providing for the issuance of bonds in the aggregate principal amount of Six Hundred Seventy Thousand (\$670,000) Dollars (except as authorized pursuant to paragraph 6 of this contract) to finance a part of the cost of said System. Said bonds shall mature serially as hereinafter provided in this contract, and secondarily, if approved by a three-fifths (3/5) majority of the members of the Board of Commissioners, by the full faith and credit of the County of Clinton. After due adoption of the resolution, the Board will take all necessary legal procedures and steps necessary to effectuate the sale and delivery of said bonds. The balance of the cost of the System shall be paid from proceeds of grants from the Michigan Water Resources Commission.

(b) The Board shall take all steps necessary to take bids for and enter into and execute final construction contracts for the acquisition and construction of the System, as specified and approved in paragraph 1 of this contract, in accordance with the plans and specifications therefor based on the preliminary plans approved by this contract. Said contracts shall specify a completion date agreeable to the Village and the Board.

(c) The Board will require and procure from the contractor or contractors undertaking the actual construction and acquisition of the System necessary and proper bonds to guarantee the performance of the contract or contracts and such labor material bonds as may be required by law, in such amount and such forms as may be approved by the Board.

(d) The Board, upon receipt of the proceeds of sale of the bonds, will comply with all provisions and requirements provided for in the resolution authorizing the issuance of the bonds and this contract relative to the disposition and use of the proceeds of sale of the bonds.

10. The cost of the System to be financed by the issuance of the aforesaid bonds shall be charged to and paid by the Village to the Board in the manner and at the times herein set forth. The principal amount thereof (\$670,000) shall be paid to the Board on the due dates and in the amounts as set out in Exhibit A attached hereto and made a part hereof. It is understood and agreed that the bonds of the County heretofore referred to will be issued in anticipation of the above contractual obligation, with principal maturities on the first day of the next calendar month following the due date of principal installments, in amounts corresponding to the principal amount of the above installments, and the Village shall also pay to the Board in addition to said principal installments, on April 1st and October 1st of each year, as accrued interest on the principal amount remaining unpaid, an amount sufficient to pay all interest (not capitalized) due on the next succeeding interest payment date on said County bonds from time to time outstanding. The first eighteen (18) months of interest due on the bonds shall be capitalized. The Village hereby specifically agrees that the bonds shall bear such rate or rates as may be determined upon public sale thereof, subject only to such maximum interest rate limitation, if any, as may be provided by law. From time to time as the Board is billed by the paying agent or agents for the bonds to be issued for their services as paying agent, or registering bonds, and as other costs and expenses accrue to the Board from handling of the payments made by the Village, the Board shall notify the Village of the amount of such paying agency fees and other costs and expenses, and the Village shall, within thirty (30) days from such notification, remit to the Board sufficient funds to meet such paying agency fees and other costs and expenses.

Should cash payments be required from the Village in addition to the amounts specified in the preceding paragraph to meet additional costs of constructing the System, the Village shall, upon written request by the Board, furnish to the Board written evidence of its agreement and ability to make such additional cash payments, and the Board may elect not to proceed with the acquisition or financing of the System until such written evidence, satisfactory to the Board, has been received by it. The Village shall pay to the Board such additional cash payments within thirty (30) days after written request for such payment has been delivered by the Board to the Village.

The Board shall, within thirty (30) days after the delivery of the County bonds heretofore referred to, furnish the Village with a complete schedule of maturities of principal and interest thereon, and the Board shall also, at least thirty (30) days prior to the due date of any Village debt service payment hereunder, advise the Village in writing of the exact amount of interest or principal and interest due on the County bonds on the next succeeding maturity date.

If any principal installment or interest is not paid when due, the amount not so paid shall be subject to a penalty, in addition to interest, of one per cent (1%) thereof for each month, or fraction thereof, that the same remains unpaid after the due date.

11. The Village, pursuant to the authorization of paragraph (2), Section 12, Act No. 185, Public Acts of Michigan, 1957, as amended, hereby irrevocably pledges its full faith and credit for the prompt and timely payment of its obligations pledged for bond payments as expressed in this contract, and shall each year levy an ad valorem tax on all the taxable property in the Village in an amount which, taking into consideration estimated delinquencies

in tax collections, will be sufficient to pay such obligations under this contract becoming due before the time of the following year's tax collections. Such annual tax levies, by virtue of the provisions of Section 6, Article IX of the Michigan Constitution of 1963, shall be without limitation as to rate or amount, being for the purpose of providing funds to meet the contractual obligations of the Village in anticipation of which the County bonds hereinbefore referred to are issued. Nothing herein contained shall be construed to prevent the Village from using any, or any combination of, the means and methods provided in paragraph (2), Section 12 of said Act No. 185, Public Acts of Michigan, 1957, as now or hereafter amended, for the purpose of providing funds to meet its obligations under this contract, and if, at the time the annual tax levy there shall be other funds on hand earmarked and set aside for the payment of the contractual obligations due prior to the next tax collection period, then such annual tax levy may be reduced by such amount.

12. The Village may pay in advance any of the payments required to be made by this contract, in which event the Board shall credit the Village with such advance payment on future due payments to the extent of such advance payment.

13. The Village may pay additional moneys over and above any of the payments specified in this contract, with the written request that said additional funds be used to purchase or call bonds for redemption prior to maturity, in which event the Board shall be obligated to apply and use said moneys for such purpose to the fullest extent possible. Such moneys shall not then be credited as advance payments under the provisions of Section 12 of this contract.

14. In the event the Village shall fail for any reason to pay to the Board at the times specified the amounts required to be paid by the provisions of this contract, the Board shall immediately notify in writing the County Treasurer of the County of Clinton, or such other official charged with the disbursement of funds returned by the State and now or hereafter under the Act available for pledge, as provided in this paragraph, particularly funds derived from the State Sales Tax levy, and the County Treasurer of such default, and the amount thereof, and if such default is not corrected within ten (10) days after such notification, the County Treasurer, or such other official charged with disbursement to the Village of the aforesaid funds, particularly funds derived from the State Sales Tax levy under the law and payable to the Village pursuant to Section 10, Article IX of the Michigan Constitution of 1963, is, by these presents, specifically authorized by the Village to withhold from the aforesaid funds the maximum amount necessary to cure said default, and to pay said sums so withheld to the Board, to apply on the obligations of the Village as herein set forth. Any such moneys so withheld and paid shall be considered to have been paid to the Village within the meaning of the Michigan Constitution of 1963, the purpose of this provision being solely to voluntarily authorize the use of said funds owing to the Village to meet any past-due obligations of the Village due under the provisions of this contract. In addition to the foregoing, the Board shall have all other rights and remedies provided by law to enforce the obligations of the Village to make its payments in the manner and at the times required by this contract.

15. It is specifically recognized by the Village that the debt service payments required to be made by it pursuant to the terms of Section 10 of this contract are to be pledged for and used to pay the principal of and interest on the bonds to be issued by the County, as provided by this contract and authorized by law, and the Village covenants and agrees that it will make all required payments to the Board promptly and at the times herein specified, without regard to whether the System is actually completed or placed in operation.

16. If the proceeds of the sale of the bonds to be issued by the County are for any reason insufficient to complete the System, the Board and the Village hereby agree to the issuance of additional bonds in an aggregate principal amount sufficient to complete the System and the automatic increasing of the annual payments required to be made hereunder by the Village in an amount so that the total payments required to be made as increased will be sufficient to meet the annual principal and interest requirements on the bonds herein authorized, plus the additional bonds to be issued. In lieu of said additional bonds, the Village may pay over to the Board in cash sufficient moneys to complete the System.

17. After completion of the System and payment of all costs thereof, any surplus remaining from the proceeds of sale of bonds shall be used by the Board for either of the following purposes, at the option of and upon request made by resolution of the Village Council, to wit: (a) for additional sanitary sewer improvements in the Village, subject to approval of the Board, or (b) credited by the Board toward the next payments due the Board by the Village hereunder.

18. All contracts for connection to the System, whether such connections are made during construction or after the System is placed in operation, shall be made by the Village. The actual costs of such connections shall be paid by the Village except to the extent that the costs of such connections are included in the cost of the System.

19. The obligations and undertakings of each of the parties to this contract shall be conditioned on the successful issuance and sale of bonds pursuant to Act 185, Public Acts of Michigan, 1957, as amended, and if for any reason whatsoever said bonds are not issued and sold within two (2) years from the date of this contract, this contract, except for payment of preliminary expenses and ownership of engineering data, shall be considered void and of no force and effect. In the event that said bonds are not issued and sold, all preliminary costs, including specifically for engineering, legal and land acquisition expenses, shall be paid by the Village, and the Village shall have ownership, possession and use of all of said land and the plans, specifications, surveys and other engineering data and materials prepared. Upon sixty (60) days written notice to the Village, the Board may call such costs due within such two-year period if it should appear that the project will not go forward.

20. The Board and the Village each recognize that the holders from time to time of the bonds issued by the County under the provisions of Act 185, Public Acts of Michigan, 1957, as amended, to finance part of the cost of the System, will have contractual rights in this contract, and it is, therefore, covenanted and agreed by each of them that so long as any of said bonds shall remain outstanding and unpaid, the provisions of this contract shall not be subject to any alteration or revision which would in any manner materially affect either the security of the bonds or the prompt payment of principal or interest thereon. The Village and the Board further covenant and agree that they will each comply with their respective duties and obligations under the terms of this contract promptly at the times and in the manner herein set forth, and will not suffer to be done any act which would in any way impair the said bonds, the security therefor, or the prompt payment of principal and interest thereon. It is hereby declared that the terms of this contract, insofar as they pertain to the security of any such bonds, shall be deemed to be for the benefit of the holders of said bonds.

21. This contract shall remain in full force and effect for a period of forty (40) years from the date hereof, or until such lesser time as the bonds issued by the County are paid in full. At such time within said forty-year term as all of said bonds are paid, this contract shall be terminated and ownership of the System shall be transferred to the Village. In any event, the obligation of the Village to make payments required by Section 10 of this contract shall be terminated at such time as all of said bonds are paid in full, except for any deficiency or penalty thereon which may at that time remain unpaid.

22. The Village shall defend, indemnify and save harmless the County and Board from and against any and all claims of any nature whatsoever, including damage to property of the County or Board or injury to or death of employees or agents of the County or Board, arising out of the construction, operation and/or maintenance of the System.

23. This contract shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

24. This contract shall become effective upon approval by the Village Council of the Village, by the Board of Public Works of Clinton County, and by the Board of Commissioners of Clinton County and when duly executed by the President and Village Clerk of the Village and by the Board of Public Works for and on behalf of the County. This contract may be executed in several counterparts.

IN WITNESS WHEREOF, the parties hereto have caused this

instrument to be executed as of the day and year first above written.

Mr. Chapman then presented a Bond Resolution for Westphalia at an estimated cost of \$670,000. It was moved by Montgomery supported by Gove to approve the Bond Resolution and to authorize the Chairman and Clerk to sign the same. On a roll call vote, aye were Cobb, Nobis, Gove, Sirrine, Chamberlain, Underhill, Hummel, Montgomery, Lankford, Andrews and Shepard. 11 ayes, 0 nays. Motion declared carried unanimously.

BOND RESOLUTION

A RESOLUTION PROVIDING FOR THE ISSUANCE OF BONDS TO DEFRAY PART OF THE COST OF A SANITARY SEWAGE DISPOSAL SYSTEM IN THE COUNTY OF CLINTON TO SERVICE THE VILLAGE OF WESTPHALIA IN SAID COUNTY; PROVIDING FOR THE PAYMENT AND SECURITY OF SAID BONDS; AND PROVIDING FOR OTHER MATTERS RELATIVE TO SAID BONDS AND THE SECURITY THEREFOR.

WHEREAS, the County of Clinton, Michigan, acting by and through its Board of Commissioners and pursuant to the authority conferred upon it by Act 185, Public Acts of Michigan, 1957, as amended, did, by resolution duly adopted by a two-thirds (2/3) vote of the members-elect of said Board of Commissioners, establish a Department of Public Works in and for the County of Clinton for the administration of the powers conferred upon the County by said Act; and

WHEREAS, pursuant to the authorization of Section 2 of said Act 185, Public Acts of Michigan, 1957, as amended, a Board of Public Works has been appointed and is functioning as the governing body of said Department of Public Works; and

WHEREAS, the County, by and through its Board of Public Works, and the Village of Westphalia have entered into a contract for the construction, financing, operation and maintenance of a sanitary sewage disposal system in the Village of Westphalia in said County, to be known as "Clinton County Sanitary Sewage Disposal System No. 3 (Village of Westphalia)," to provide sanitary sewer service for the said Village, which said contract is herein set forth in full and made a part of this resolution, as follows: and

WHEREAS, said contract has been duly approved by resolution of the Board of Public Works, the Board of Commissioners of the County of Clinton and the Village Council of the Village of Westphalia, and has been fully executed by all the parties thereto; and

WHEREAS, plans, specifications and estimates of cost of the sewer improvements comprising the present scope of said Clinton County Sanitary Sewage Disposal System No. 3 (Village of Westphalia), described in paragraph 1 of the contract and therein referred to as the "System," have been prepared by Fischbeck, Thompson and Carr, consulting engineers, of Lansing, Michigan, and have been duly approved by the Board of Public Works; and

WHEREAS, under the provisions of said contract, the Village of Westphalia has obligated itself to pay that part of the cost of said System to be financed by the issuance of bonds of the County by paying the installments, plus interest, as specified in paragraph 10 of said contract, and has further obligated itself to levy taxes annually, to the extent necessary, for the purpose of meeting said installments, which taxes are without limitation as to rate or amount, all as provided in paragraph 11 of said contract; and

WHEREAS, the County now proposes to issue its bonds, as authorized by said Act 185, Public Acts of Michigan, 1957, as amended, in anticipation of and secured primarily by said contractual obligations of the Village of Westphalia, to provide the necessary funds to pay part of the cost of constructing said System, and all things necessary to the authorization and issuance of said bonds under said Act 185 having been done, and the County of Clinton being now empowered and desirous of authorizing the issuance of said bonds; and

WHEREAS, the Board of Public Works has approved the issuance of bonds for the project and has recommended bond authorization by the Board of Commissioners of Clinton County:

THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF CLINTON COUNTY AS FOLLOWS:

Section 1. Wherever used in this resolution or in the bonds to be issued hereunder, except where otherwise indicated by the context:

(a) The term "County" shall be construed to mean the County of Clinton, Michigan.

(b) The term "Village" shall be construed to mean the Village of Westphalia, Clinton County, Michigan.

(c) The term "Board" shall be construed to mean the Board of Public Works of the County of Clinton, Michigan.

(d) The term "System" shall be construed to mean the sewage treatment facility, lift stations sanitary sewers, force mains, pump stations, appurtenances and rights in land comprising Clinton County Sanitary Sewage Disposal System No. 3 (Village of Westphalia), as described in paragraph 1 of the contract, as set forth in the preamble to this resolution.

(e) The term "Contract" shall be construed to mean the Contract heretofore made and executed between the County and the Village, as set forth in the preamble to this resolution.

(f) The term "Contractual payments" shall be construed to mean the debt service installment payments required to be made by the Village to the Board pursuant to the provisions of Section 10 of the Contract and pledged to the payment of the principal of and interest on the bonds authorized by the provisions of this resolution.

Section 2. The plans, specifications and estimates for the System, as prepared by Fischbeck, Thompson and Carr, consulting engineers, of Lansing, Michigan, are hereby accepted and approved, and it is hereby determined to be advisable and necessary for the public health of the County to acquire, construct and complete said System as provided in said plans and specifications.

Section 3. The Contract as set forth in full in the preamble hereto is hereby ratified, confirmed and approved.

Section 4. The total estimated cost of acquiring and constructing the System, including payment of incidental expenses as specified in Section 6 of this resolution, which total estimated cost is \$1,053,663 is hereby approved and confirmed.

Section 5. The estimated period of usefulness of the System is determined to be not less than fifty (50) years.

Section 6. For the purpose of defraying part of the cost of the System, including payment of engineering, legal and financing ex-

penses and interest on the bonds for a period of eighteen (18) months, there be borrowed the sum of Six Hundred Seventy Thousand (\$670,000) Dollars and that in evidence thereof there be issued the bonds of the County in an equivalent aggregate principal amount, which bonds are sometimes hereinafter referred to in this resolution as the "bonds." The balance of the cost of the System shall be paid from the proceeds of grants from the Michigan Water Resources Commission.

Section 7. Said bonds shall be designated CLINTON COUNTY SANITARY SEWAGE DISPOSAL SYSTEM NO. 3 BONDS (VILLAGE OF WESTPHALIA), the principal of and interest thereon to be payable primarily out of the contractual payments required to be paid by the Village pursuant to the Contract, and shall consist of one hundred thirty-four (134) bonds of the denomination of \$5,000 each, dated as of Oct. 1, 1970, and payable serially as follows: \$40,000 May 1, 1973; \$30,000 May 1st of each of the years 1974 and 1975; \$35,000 May 1st of each of the years 1976 and 1977 and 1978; \$40,000 May 1st of each of the years 1979, 1980 and 1981; \$45,000 May 1st, 1982; \$50,000 May 1st of each of the years 1983, 1984; \$60,000 May 1st each of the years 1985 and 1986; \$40,000 May 1st of each of the years 1987 and 1988.

Said bonds shall bear interest at a rate or rates to be determined on public sale thereof, but in any event not exceeding such maximum interest limitation thereon, if any as may be provided by law, payable on May 1, 1971, and semi-annually thereafter on Nov. 1st and May 1st of each year, both principal and interest to be payable in lawful money of the United States of America at a bank or trust company qualified by law to act as paying agent, to be designated by the original purchaser of the bonds, with the approval of the Board, which purchaser shall also have the right to designate a copying agent similarly qualified and approved. All bonds shall have proper coupons attached thereto evidencing interest to their respective date of maturity.

Bonds maturing in the years 1973 to 1980, inclusive, shall not be subject to redemption prior to maturity.

Bonds maturing in the years 1981 to 1988, inclusive, shall be subject to redemption prior to maturity, at the option of the County, in inverse numerical order, on any interest payment date on or after May 1, 1980, at 103% of par if redeemed prior to May 1, 1983; at 102% of par if redeemed on or after May 1, 1983, but prior to May 1, 1986; and at 101% of par if redeemed on or after May 1, 1986, but prior to maturity.

Thirty days notice of the call of any bonds for redemption shall be given by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and in case of registered bonds, thirty days notice shall be given by mail to the registered holder at the registered address. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem said bonds.

Section 8. The Chairman of the Board of Commissioners and the County Clerk are hereby authorized and directed to execute said bonds when issued and sold for and on behalf of the County, and to affix the seal of the County thereto, and to execute the interest coupons to be attached to said bonds by causing their facsimile signatures to be affixed thereto. Upon the execution of said bonds and the attached coupons, the same shall be delivered to the County Treasurer of Clinton County, who is hereby authorized and directed to deliver said bonds and attached coupons to the purchaser, as hereafter determined by the Board, upon receipt of the purchase price therefor.

Section 9. Said bonds and the attached coupons shall be payable primarily from the contractual payments received by the Board on behalf of the County, for the payment of which the Village in the Contract has pledged its full faith and credit pursuant to the provisions of Act 185, Public Acts of Michigan, 1957, as amended. Pursuant to the provisions of Section 6, Article IX of the Michigan Constitution of 1963, the Village has covenanted and agreed to levy taxes annually, to the extent necessary, to provide the funds to meet the contractual payments when due, in anticipation of which the bonds are issued, which taxes are without limitation as to rate or amount. All of such contractual payments are hereby pledged solely and only for the payment of principal of and interest on the bonds.

Section 10. Pursuant to the authorization provided in Act 185, Public Acts of Michigan, 1957, as amended, the full faith and credit of the County of Clinton are hereby pledged for the prompt payment of the principal of and interest on the bonds as the same shall become due. If for any reason there are not sufficient funds on hand from the contractual payments to pay the principal of and interest on the bonds when due, upon written notification by the Board of the County Treasurer of the amount of such deficiency, the County Treasurer shall promptly deposit into the debt retirement fund for said bonds the amount of such deficiency out of County funds. If it becomes necessary for the County to so advance any such moneys, it shall be entitled to reimbursement from any surplus from time to time existing in the fund from which said principal and interest are primarily liable, or from any other legally available source. The County recognizes and covenants that, to the extent necessary, to provide funds to meet its full faith and credit pledge herein provided, it is obligated to levy ad valorem taxes against the taxable property in the County, which taxes, pursuant to Section 6, Article IX of the Michigan Constitution of 1963, are without limitation as to rate or amount.

Section 11. It shall be the duty of the Board, after the adoption of this resolution and the sale of the bonds herein authorized, to open a special depository account with the bank or trust company designated as paying agent for the bonds, to be designated DEBT RETIREMENT FUND—CLINTON COUNTY SANITARY SEWAGE DISPOSAL SYSTEM NO. 3 (VILLAGE OF WESTPHALIA), herein sometimes referred to as the debt retirement fund, into which account the Board shall deposit all contractual payments as received and into which account any advances made by the County pursuant to Section 10 of this resolution shall be deposited. The moneys from time to time on hand in said debt retirement fund shall be used solely and only for the payment of the principal of and interest on the bonds or, to the extent of any surplus, to reimburse the County for any advances made pursuant to Section 10 hereof.

Section 12. The operation, maintenance and administration of the System, and the acquisition and construction thereof, shall be under the overall jurisdiction and control of the Board as the agency of the County, and the provisions in the Contract relative to the operation, maintenance and administration thereof by the Board are hereby recognized, approved and confirmed.

Section 13. Said bonds and the coupons shall be in substantially the following form:

UNITED STATES OF AMERICA
STATE OF MICHIGAN
COUNTY OF CLINTON
CLINTON COUNTY SANITARY SEWAGE DISPOSAL SYSTEM
NO. 3 BOND
(VILLAGE OF WESTPHALIA)

No. ----- \$5,000.00
KNOW ALL MEN BY THESE PRESENTS that the COUNTY OF CLINTON, a county municipal corporation of the State of Michigan, for value received, hereby promises to pay to the bearer hereof or, if registered, to the registered holder, the sum of FIVE THOUSAND DOLLARS, on the first day of May, A.D., 19____, with interest thereon from the date hereof until paid at the rate of _____ percent (%) per annum, payable on May 1, 1971, and semiannually thereafter on the first day of November and May of each year, upon presentation and surrender of the proper interest coupons hereto annexed, as they severally become due. Both principal of, and interest on this bond are payable in lawful money of the United States of America at _____.

The bonds of this issue are payable primarily from the proceeds of contractual payments to be paid by the Village of Westphalia, located in the County of Clinton, Michigan, to the Board of Public Works acting for and on behalf of the County of Clinton, pursuant to a certain contract, dated _____ 1970, between said governmental units, whereby said Board, on behalf of the County, is to construct a sanitary sewage disposal system and appurtenances in said County to service the Village of Westphalia, being designated as "Clinton County Sanitary Sewage Disposal System No. 3 (Village of Westphalia)." By the provisions of said contract and pursuant to the authorization provided by law, the Village of Westphalia has pledged its full faith and credit for the payment of its contractual payments. The County of Clinton has irrevocably pledged to the payment of this issue of bonds the total contractual payments, which said total payments are established in the amount required to pay the principal of the

interest on the bonds of this issue when due. As additional security for the payment of the bonds of this issue, the County of Clinton, pursuant to the provisions of Act 185, Public Acts of Michigan, 1957, as amended, and a three-fifths (3/5) vote of the members-elect of its Board of Commissioners, has pledged its full faith and credit for the prompt payment of the principal of interest thereon.

This bond is one of a total authorized issue of one hundred thirty-four (134) bonds of even date and like tenor except as to rate of interest and date of maturity, aggregating the principal amount of \$670,000.00, numbered consecutively in direct order of maturity from 1 to 134, inclusive, issued pursuant to a resolution duly adopted by the Board of Commissioners of the County of Clinton on July 1, 1970, and under and in full compliance with the Constitution and statutes of the State of Michigan, including specifically Act 185, Public Acts of Michigan, 1957, as amended, for the purpose of paying part of the cost of constructing a sanitary sewage disposal system and appurtenances in said County to service the Village of Westphalia. For a complete statement of the funds from which and the conditions under which this bond is payable, and the general covenants and provisions pursuant to which this bond is issued, reference is made to the above-described resolution.

Bonds of this issue maturing in the years 1973 to 1980, inclusive, shall not be subject to redemption prior to maturity.

Bonds of this issue maturing in the years 1981 to 1988, inclusive, shall be subject to redemption prior to maturity, at the option of the County, in inverse numerical order, on any interest payment date on or after May 1, 1980, at 103% of par if redeemed prior to May 1, 1983; at 102% of par if redeemed on or after May 1, 1983, but prior to May 1, 1986; and at 101% of par if redeemed on or after May 1, 1986, but prior to maturity. Thirty days notice of the call of bonds for redemption shall be given by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and in case of registered bonds, thirty days notice shall be given by mail to the registered holder at the registered address. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem said bonds.

This bond is fully negotiable, having all the qualities of a negotiable instrument under the law merchant, the uniform commercial code and the negotiable instruments law.

This bond and the interest thereon are exempt from any and all taxation whatsoever by the State of Michigan or by any taxing authority within said State.

This bond may be registered as to principal only on the books of the paying agent in the name of the holder and said registration noted on the back hereof by said paying agent, after which no transfer shall be valid unless made on the books and noted hereon in like manner, but transferability by delivery may be restored by registration to bearer. Such registration shall not affect the negotiability of the interest coupons.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond, and the series of which this is one, have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF, the County of Clinton, State of Michigan, by its Board of Commissioners, has caused this bond to be signed in the name of said County by the Chairman of the Board of Commissioners and to be countersigned by the County Clerk and the corporate seal of the County to be hereunto affixed, and has caused the annexed interest coupons to be executed with the facsimile signatures of said Chairman of the Board of Commissioners and County Clerk, all as of the first day of October, A.D. 1970.

Section 14. Nothing contained in this resolution or the Contract shall be construed to prevent the County from issuing additional bonds under the provisions of Act 185, Public Acts of Michigan, 1957, as amended, for any of the purposes authorized by said Act, but any such bonds shall in no way have any lien on or be payable out of the contractual payments pledged to the payment of the bonds of this authorized issue except such additional bonds as may be necessary may be issued to complete the project, pursuant to the authorization provided in Section 16 of the Contract.

Section 15. The proceeds of sale of the bonds (except capitalized interest on the bonds) shall be deposited in a special depository account in a bank to be designated by the Board, said account to be designated CLINTON COUNTY SANITARY SEWAGE DISPOSAL SYSTEM NO. 3 (VILLAGE OF WESTPHALIA) CONSTRUCTION FUND (hereinafter referred to as the "construction fund"). The moneys from time to time in such fund shall be used solely and only to pay costs of acquiring and constructing the System. Any premium or accrued interest paid at the time of delivery of the bonds herein authorized and a sum sufficient to pay interest on the bonds for the period for which it is capitalized shall be deposited into the debt retirement fund established under the provisions of Section 11 of this resolution.

Section 16. The provisions of this resolution, together with the Contract shall constitute a contract between the County and the holder or holders of the bonds from time to time, and after the issuance of such bonds, no change, variation or alteration of the provisions of this resolution and the Contract may be made which would lessen the security for the bonds. The provisions of this resolution and the Contract shall be enforceable by appropriate proceedings taken by such holder either at law or in equity.

Section 17. The County covenants and agrees with the successive holders of the bonds and coupons that so long as any of the bonds remain outstanding and unpaid as to either principal or interest—

(a) The County and the Board, as the agency of the County, will punctually perform all of its obligations and duties under this resolution and the Contract, including the collection, segregation and application of the contractual payments, in the manner required by the provisions of this resolution.

(b) The County and the Board, as the agency of the County, will apply and use the proceeds of the sale of the bonds for the purposes and in the manner required by the Contract and this resolution.

(c) The County and the Board, as the agency of the County, will maintain and keep proper books or record and account relative to the application of funds for the construction of the system and the contractual payments received pursuant to the Contract or advanced by the County. Not later than three (3) months after the end of each year, the Board shall cause to be prepared a statement, in reasonable detail,

Continued on Page 7B

Continued from Page 6B

sworn to by its chief accounting officer, showing the application of the proceeds of the sale of the bonds, the cash receipts from the contractual payments or advanced by the County during such year, and the application thereof, and such other information as may be necessary to enable any taxpayer or any holder or owner of the bonds, or anyone acting in their behalf, to be fully informed as to all matters pertaining to the construction of the System and application of funds therefor, or for the payment of the bonds during such year. A certified copy of said statement shall be filed with County Clerk of the County of Clinton and the Village Clerk of the Village of Westphalia, and a copy shall also be sent to the manager or managers of the account purchasing the bonds.

Section 18. The Board is hereby designated, for and on behalf of the County, to (a) prepare and submit application to the Municipal Finance Commission for its approval of the issuance of said bonds and the form of notice of sale as required by law; (b) prepare form of notice of sale, fix a date of sale, conduct the sale, and accept the best bid received at such sale; (c) publish such notice of sale, after approval thereof, in The Bond Buyer, of New York, and in the Clinton County News of St. Johns, Michigan, at least seven (7) full days prior to the date fixed for sale; and (d) do all other acts and take all other necessary procedures required to effectuate the sale, issuance and delivery of the bonds.

Section 19. All resolutions and parts thereof in conflict with the provisions of this resolution are, to the extent of such conflict, hereby repealed.

Section 20. This resolution shall become effective immediately upon its passage.

Mr Chapman then presented a Bond Resolution for the Village of Maple Rapids at an estimated cost of \$415,000.00. It was moved by Montgomery, supported by Lankford, to approve the Bond Resolution. On a roll call vote, those voting aye were Cobb, Nobis, Gove, Sirrine, Chamberlain, Underhill, Hufnagel, Montgomery, Lankford, Andrews and Shepard. 11 ayes, 0 nays. Motion declared carried unanimously.

BOND RESOLUTION

A RESOLUTION PROVIDING FOR THE ISSUANCE OF BONDS TO DEFRAY PART OF THE COST OF A SANITARY SEWAGE DISPOSAL SYSTEM IN THE COUNTY OF CLINTON TO SERVICE THE VILLAGE OF MAPLE RAPIDS IN SAID COUNTY; PROVIDING FOR THE PAYMENT AND SECURITY OF SAID BONDS; AND PROVIDING FOR OTHER MATTERS RELATIVE TO SAID BONDS AND THE SECURITY THEREOF.

WHEREAS, the County of Clinton, Michigan, acting by and through its Board of Commissioners and pursuant to the authority conferred upon it by Act 185, Public Acts of Michigan, 1957, as amended, did, by resolution duly adopted by a two-thirds (2/3) vote of the members-elect of said Board of Commissioners, establish a Department of Public Works in and for the County of Clinton for the administration of the powers conferred upon the County by said Act; and

WHEREAS, pursuant to the authorization of Section 2 of said Act 185, Public Acts of Michigan, 1957, as amended, a Board of Public Works has been appointed and is functioning as the governing body of said Department of Public Works; and

WHEREAS, the County, by and through its Board of Public Works, and the Village of Maple Rapids have entered into a contract for the construction, financing, operation and maintenance of a sanitary sewage disposal system in the Village of Maple Rapids in said County, to be known as "Clinton County Sanitary Sewage Disposal System No. 2 (Village of Maple Rapids)," to provide sanitary sewer service for the said Village, which said contract is herein set forth and made a part of this resolution, as follows:

THIS CONTRACT, made and entered into this 10th day of 1970, by and between the COUNTY OF CLINTON, a Michigan municipal corporation (hereinafter referred to as the "County"), by and through its Board of Public Works, party of the first part, and the VILLAGE OF MAPLE RAPIDS, a Michigan municipal corporation located in the County of Clinton, Michigan (hereinafter referred to as the "Village"), party of the second part.

WITNESSETH:

WHEREAS, it is immediately necessary and imperative, for the public health and welfare of the present and future residents of the Village, that adequate and proper facilities for the disposal of sewage be acquired and constructed to service the Village; and

WHEREAS, the County, under the provisions of Act 185, Public Acts of Michigan, 1957, as amended (hereinafter sometimes referred to as the "Act"), has established a Department of Public Works for the administration of the powers conferred upon the County by said Act, which department is under the immediate control of a Board of Public Works (hereinafter sometimes referred to as the "Board"), and under the general control of the Board of Commissioners of the County of Clinton; and

WHEREAS, said Act authorizes a county to acquire sewage disposal systems as defined in said Act, and to improve, enlarge, extend and operate such systems; and

WHEREAS, by the terms of said Act, the County and the Village are authorized to enter into a contract for the acquisition, improvement, enlargement or extension of a sewage disposal system and the payment of the cost thereof by the Village, with interest, over a period of not exceeding forty (40) years, and the County is then authorized, pursuant to appropriate action of its Board of Commissioners, to issue bonds of the County to provide the funds therefor, secured primarily by the full faith and credit contractual obligation of the Village and secondarily by the full faith and credit pledge of the County if duly authorized by appropriate resolution of its Board of Commissioners; and

WHEREAS, said Act provides the only practicable method and means for acquiring and financing the necessary sewage disposal facilities and appurtenances so vitally necessary for the public health and welfare of the residents of the County residing in the Village to be served, and will result in the lowest cost for the money necessary to be borrowed for such purposes; and

WHEREAS, plans and an estimate of cost of the said sanitary sewer improvements have been prepared by Fischbeck & Thompson, consulting engineers, of Lansing, Michigan (hereinafter sometimes referred to as the "consulting engineers"), which said estimate of cost totals \$878,456.00; and

WHEREAS, in order to issue such bonds, it is necessary for the County and the Village to enter into a contract as provided in said Act; and

WHEREAS, it is also necessary for the County and the Village to contract relative to the operation and maintenance of said sewage disposal system;

NOW, THEREFORE, in consideration of the premises and the covenants of each other, the parties hereto agree as follows:

1. The County and the Village approve the establishment of a sanitary sewage disposal system in the County of Clinton under the provisions of Act 185, Public Acts of Michigan, 1957, as amended, consisting of a sewage treatment facility, lift stations, sanitary sewer interceptors, trunks and other lines, force mains and pump stations, together with all necessary appurtenances and rights in land adequate and sufficient to furnish sanitary sewer disposal service in those areas in the Village in need of such service. Said areas, and the sewer improvements to be located therein, shall be as set out in the plans for the project prepared by the consulting engineers and referred to in the preamble hereto.

2. The sewage disposal system referred to in paragraph 1 above is designated by the County Board of Commissioners as CLINTON COUNTY SANITARY SEWAGE DISPOSAL SYSTEM NO. 2 (VILLAGE OF MAPLE RAPIDS), hereinafter sometimes referred to in this contract as the "System."

3. The Village hereby consents to the use by the County of the public streets, alleys, lands and rights-of-way in the Village for the purpose of constructing, operating and maintaining the System and any improvements, enlargements and extensions thereto.

4. The System is designed to service those areas in the Village in need of sanitary sewer service and is immediately necessary to protect and preserve the public health, and the Village does, by these presents, consent to such service being furnished by the System to the individual users in these areas.

5. The Board and the Village hereby approve and confirm the plans for said System prepared by the consulting engineers and the estimate cost thereof in the sum of \$878,456.00. Said estimate cost includes all surveys, plans, specifications, acquisition of property for rights-of-way, physical construction necessary to acquire and construct the System, the acquisition of all materials, machinery and necessary equipment, capitalized interest, and engineering, engineering supervision, administrative, legal and financing expenses necessary in connection with the acquisition and construction of the System and the financing thereof.

6. The Board will acquire and construct the System and, for that purpose, will take bids for the acquisition and construction thereof prior to the time that any bonds are issued for the purpose of financing part of the cost of the System. The Board shall in no event enter into any final contract for contracts for the acquisition and construction of the System if such contract price or prices will be such as to cause the actual cost of the System to exceed the estimated cost as approved in paragraph 5 of this contract, unless the Village, by resolution of its Village Council, (a) approves said increased total cost and (b) agrees to pay the excess over the estimated cost, either in cash or by specifically authorizing the maximum principal amount of bonds to be issued, as provided in paragraphs 9 and 10 of this contract, to be increased in the installment obligations of the Village pledged under the terms of this contract to the payment of such bonds.

7. The System shall be acquired and constructed by the Board in accordance with the plans and specifications therefor based upon plans approved by this contract; Provided, however, that minor variations from said plans and specifications may be made without the approval of the Village if such variations shall not materially affect such plans and specifications. All matters relating to engineering plans and specifications, together with the making and letting of final construction contracts for the System the approval of work and materials thereunder, and construction supervision, shall be in the exclusive control of the Board. All acquisition of rights-of-way shall be done by the Village, except that upon final approval and execution of this contract the Board will acquire the three parcels of property described in Exhibit A attached hereto and made a part hereof. Funds for such acquisition shall be advanced by the County, to be reimbursed from the proceeds of sale of bonds or by the Village if for any reason bonds should not be sold.

8. The County shall be the owner of the System and the Board shall operate, maintain and manage the same for and on behalf of and as the agency of the County, for the use and benefit of the Village and its inhabitants. Said System shall be maintained in good condition and repair to the satisfaction of the Board and the Village, which shall have the right to inspect the System at any time and to recommend to the Board any repairs, replacements, extensions or improvements which the Village may feel necessary or desirable. The Board may make such repairs, replacements, extensions or improvements as it may approve, either upon recommendation of the Village or upon its own initiative, but only after funds to pay the cost thereof shall be made available to it, and the Village shall be obligated to furnish such funds if the Board feels that the work to be performed is necessary. The County will provide insurance on the machinery, pumping stations or similar equipment of the System against fire or loss by explosion or destruction, of the comprehensive type customarily carried, and will also provide sufficient liability insurance protecting the Village and the County against loss on account of damage of injury to persons or property imposed by reason of the ownership or operation of the System or resulting from any act of omission or commission on the part of the County, its agents, officers, or employees, in connection with the operation, maintenance, expansion, improvement or repair of the System. All costs of operating and maintaining the System shall be made available to the Board either directly by the Village or from rates and charges collected from the users of the System. Upon proper agreement between the County and the Village, the System may be leased to the Village and operated and maintained by it, in accordance with such terms as the parties may agree upon, and upon full repayment by the Village of all costs of construction of the System, as hereinafter provided, the County shall, upon request of the Village, convey full ownership of the System to the Village.

9. To provide for the construction and financing of the System in accordance with the provisions of Act 185, Public Acts of Michigan, 1957, as amended, the Board shall take the following steps:

(a) The Board will submit to the Board of Commissioners of the County of Clinton a resolution providing for the issuance of bonds in the aggregate principal amount of Four Hundred Fifteen Thousand (\$150,000.00) Dollars (except as authorized pursuant to paragraph 6 of this contract) to finance a part of the cost of said System. Said bonds shall mature serially as hereinafter provided, and shall be secured primarily by the contractual obligation of the Village to pay the installments due, plus interest, as hereinafter provided in this contract, and secondarily, if approved by a three-fifths (3/5) majority of the members of the Board of Commissioners, by the full faith and credit of the County of Clinton. After due adoption of the resolution, the Board will take all necessary legal procedures and steps necessary to effectuate the sale and delivery of said bonds. The balance of the cost of the System shall be paid from proceeds of grants from the Michigan Water Resources Commission.

(b) The Board shall take all steps necessary to take bids for and enter into and execute final construction contracts for the acquisition and construction of the System, as specified and approved in paragraph 1 of this contract, in accordance with the plans and specifications therefor based on the preliminary plans as approved by this contract. Said contracts shall specify a completion date agreeable to the Village and the Board.

(c) The Board will require and procure from the contractor or contractors undertaking the actual construction and acquisition of the System necessary and proper bonds to guarantee the performance of the contract or contracts and such labor and material bonds as may be required by law, in such amount and such forms as may be approved by the Board.

(d) The Board, upon receipt of the proceeds of sale of the bonds, will comply with all provisions and requirements provided for in the resolution authorizing the issuance of the bonds and this contract relative to the disposition and use of the proceeds of sale of the bonds.

10. The cost of the System to be financed by the issuance of the aforesaid bonds shall be charged to and paid by the Village to the Board in the manner and at the times herein set forth. The principal amount thereof (\$415,000.00) shall be paid to the Board on the due date and in the amount as set out in Exhibit B attached hereto and made a part hereof. It is understood and agreed that the bonds of the County heretofore referred to will be issued in anticipation of the above contractual obligation, with principal maturities on the first day of the next calendar month following the due date of principal installments, in amounts corresponding to the principal amount of the above installments, and the Village shall also pay to the Board in addition to said principal installments on April 1st and October 1st of each year, as accrued interest on the principal amount remaining unpaid, an amount sufficient to pay all interest (not capitalized) due on the next succeeding interest payment date on said County bonds from time to time outstanding. The first eighteen (18) months of interest due on the bonds shall be capitalized. The Village hereby specifically agrees that the bonds shall bear such rate or rates as may be determined upon public sale thereof, subject only to such maximum interest rate limitation, if any, as may be provided by law. From time to time as the Board is billed by the paying agent or agents for the bonds to be issued for their services as paying agent, or registering bonds, and as other costs and expenses accrue to the Board from handling of the payments made by the Village, the Board shall notify the Village of the amount of such paying agency fees and other costs and expenses, and the Village shall, within thirty (30) days from such notification, remit to the Board sufficient funds to meet such paying agency fees and other costs and expenses.

Should cash payments be required from the Village in addition to the amounts specified in the preceding paragraph to meet additional costs of constructing the System, the Village shall, upon written request by the Board, furnish to the Board written evidence of its agreement and ability to make such additional cash payment, and the Board may elect not to proceed with the acquisition of financing of the System until such written evidence, satisfactory to the Board, has been received by it. The Village shall pay to the Board such additional cash payments within thirty (30) days after written request for such payment has been delivered by the Board to the Village.

The Board shall, within thirty (30) days after the delivery of the County bonds heretofore referred to, furnish the Village with a complete schedule of maturities of principal and interest thereon, and the Board shall also, at least thirty (30) days prior to the due date of any Village debt service payment hereunder, advise the Village in writing of the exact amount of interest of principal and interest due on the County bonds on the next succeeding maturity date.

If any principal installment or interest is not paid when due, the amount not so paid shall be subject to a penalty, in addition to interest, or one per cent (1%) thereof for each month, or fraction thereof, that the same remains unpaid after the due date.

11. The Village, pursuant to the authorization of paragraph (2), Section 12, Act No. 185, Public Acts of Michigan, 1957, as amended, hereby irrevocably pledges its full faith and credit contract, and shall each year levy an ad valorem tax on all the taxable property in the Village in an amount which, taking into consideration estimated delinquencies in tax collections, will be sufficient to pay such obligations under this contract becoming due before the time of the following year's tax collections. Such annual tax levies, by virtue of the provisions of Section 6, Article IX of the Michigan Constitution of 1963 shall be without limitation as to rate or amount, being for the purpose of providing funds to meet the contractual obligations of the Village in anticipation of which the County bonds heretofore referred to are issued. Nothing herein contained shall be construed to prevent the Village from using any, or any combination of, the means and methods provided in paragraph (2), Section 12, of said Act No. 185, Public Acts of Michigan, 1957, as now or hereafter amended, for the purpose of providing funds to meet its obligations under this contract, and if at the time of making the annual tax levy there shall be other funds on hand earmarked and set aside for the payment of the contractual obligations due prior to the next collection period, then such annual tax levy may be reduced by such amount.

12. The Village may pay in advance any of the payments required to be made by this contract, in which event the Board shall credit the Village with such advance payment on future due payments to the extent of such advance payment.

13. The Village may pay additional moneys over and above any of the payments specified in this contract, with the written request that said additional funds be used to purchase or call bonds for redemption prior to maturity, in which event the Board shall be obligated to apply and use said moneys for such purpose to the fullest extent possible. Such moneys shall not then be credited as advance payments under the provisions of Section 12 of this contract.

14. In the event the Village shall fail for any reason to pay to the Board at the times specified the amounts required to be paid by the provisions of this contract, the Board shall immediately notify in writing the County Treasurer of the County of Clinton, such other official charge with the disbursement to the Village of funds returned by the State and now or hereafter under the Act available for pledge, as provided in this paragraph, particularly funds derived from the State Sales Tax levy, and the Village Treasurer of such default, and the amount thereof, and if such default is not corrected within ten (10) days after such notification, the County Treasurer, or such other official charged with disbursement to the Village of the aforesaid funds, particularly funds derived from the State Sales Tax levy under the law and payable to the Village pursuant to Section 10, Article IX of the Michigan Constitution of 1963, the purpose of this provision being solely to voluntarily authorize the use of said funds owing to the Village to meet any past-due obligations of the Village due under the provisions of this contract. In addition to the foregoing, the Board shall have all other rights and remedies provided by law to enforce the obligation of the Village to make its payments in the manner and at the times required by this contract.

15. It is specifically recognized by the Village that the debt service payments required to be made by it pursuant to the terms of Section 10 of this contract are to be pledged for and used to pay the principal of and interest on the bonds to be issued by the County, as provided by this contract and authorized by law, and the Village, covenants and agrees that it will make all required payments to the Board promptly and at the times herein specified, without regard to whether the System is actually completed or placed in operation.

16. If the proceeds of the sale of the bonds to be issued by the County are for any reason insufficient to complete the System, the Board and the Village hereby agree to the issuance of additional bonds in an aggregate principal amount sufficient to complete the System and the automatic increasing of the annual payments required to be made hereunder by the Village in an amount so that the total payments required to be made as increased will be sufficient to meet the annual principal and interest requirements on the bonds herein authorized, plus the additional bonds to be issued. In lieu of said additional bonds, the Village may pay over to the Board in cash sufficient moneys to complete the System.

17. After completion of the System and payment of all costs thereof, any surplus remaining from the proceeds of sale of bonds shall be used by the Board for either of the following purposes, at the option of and upon request made by resolution of the Village Council, to wit: (a) for additional sanitary sewer improvements in the Village, subject to approval of the Board; or (b) credited by the Board toward the next payments due the Board by the Village hereunder.

18. All contracts for connection to the System whether such connections are made during construction or after the System is placed in operation, shall be made by the Village. The actual cost of such connections shall be paid by the Village except to the extent that the costs of such connections are included in the cost of the System.

19. The obligations and undertakings of each of the parties to this contract shall be conditioned on the successful issuance and sale of bonds pursuant to Act 185, Public Acts of Michigan, 1957, as amended, and if for any reason whatsoever said bonds are not issued and sold within two (2) years from the date of this contract, this contract, except for payment of preliminary expenses and ownership of engineering data, shall be considered void and of no force and effect. In the event that said bonds are not issued and sold, all preliminary costs, including specifically for engineering, legal and land acquisition expenses, shall be paid by the Village, and the Village shall have ownership, possession and use of all of said land and the plans, specifications, surveys and other engineering data and materials prepared. Upon sixty (60) days written notice to the Village, the Board may call such costs due within such two-year period if it should appear that the project will not go forward.

20. The Board and the Village each recognizes that the holders from time to time of the bonds issued by the County under the provisions of Act 185, Public Acts of Michigan, 1957, as amended, to finance part of the cost of the System will have contractual rights in this contract, and it is, therefore, covenanted and agreed by each of them that so long as any of said bonds shall remain outstanding and unpaid, the provisions of this contract shall not be subject to any alteration or revision which would in any manner materially affect either the security of the bonds or the prompt payment of principal or interest thereon. The Village and the Board, further covenant and agree that they will each comply with their respective duties and obligations under the terms of this contract promptly at the times and in the manner herein set forth, and will not suffer to be done any act which would in any way impair the said bonds, the security therefor, or the prompt payment of principal and interest thereon. It is hereby declared that the terms of this contract, insofar as they pertain to the security of any such bonds, shall be deemed to be for the benefit of the holders of said bonds.

21. This contract shall remain in full force and effect for a period of forty (40) years from the date hereof, or until such lesser time as the bonds issued by the County are paid in full. At such time within said forty-year term as all of said bonds are paid, this contract shall be terminated and ownership of the System shall be transferred to the Village. In any event, the obligation of the Village to make payments required by Section 10 of this contract shall be terminated at such time as all of said bonds are paid in full, except for any deficiency of penalty thereon which may at that time remain unpaid.

22. The Village shall defend, indemnify and save harmless the County and Board from and against any and all claims of any nature whatsoever, including damage to property of the County or Board or injury to or death of employees or agents of the County or Board, arising out of the construction, operation and/or maintenance of the System.

23. This contract shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

24. This contract shall become effective upon approval by the Village Council of the Village, by the Board of Public Works of Clinton County, and by the Board of Commissioners of Clinton County, and when duly executed by the President and Village Clerk of the Village and by the Board of Public Works for and on behalf of the County. This contract may be executed in several counterparts.

IN WITNESS WHEREOF, the parties hereto have caused this instrument to be executed to the day and year above written,

COUNTY OF CLINTON

WHEREAS, said contract has been duly approved by resolution of the Board of Public Works, the Board of Commissioners of the County of Clinton and the Village of Maple Rapids, and has been fully executed by all the parties thereto; and

WHEREAS, plans, specifications and estimates of cost of the sewer improvements comprising the present scope of said Clinton County Sanitary Sewage Disposal System No. 2 (Village of Maple Rapids), described in paragraph 1 of the contract and therein referred to as the "System," have been prepared by Fischbeck, Thompson and Carr, consulting engineers, of Lansing, Michigan, and have been duly approved by the Board of Public Works; and

WHEREAS, under the provisions of said contract, the Village of Maple Rapids has obligated itself to pay that part of the cost of said System to be financed by the issuance of bonds of the County by paying the installments, plus interest, as specified in paragraph 10 of said contract, and has further obligated itself to levy taxes annually, to the extent necessary, for the purpose of meeting said installments, which taxes are without limitation as to rate or amount, all as provided in paragraph 11 of said contract; and

WHEREAS, the County now proposes to issue its bonds, as authorized by said Act 185, Public Acts of Michigan, 1957, as amended, in anticipation of and secured primarily by said contractual obligations of the Village of Maple Rapids, to provide the necessary funds to pay part of the cost of constructing said System, and all things necessary to the authorization and issuance of said bonds under said Act 185 having been done, and the County of Clinton being now empowered and desirous of authorizing the issuance of said bonds; and

WHEREAS, the Board of Public Works has approved the issuance of bonds for the project and has recommended bond authorization by the Board of Commissioners of Clinton County;

THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF CLINTON COUNTY AS FOLLOWS:

Section 1. Wherever used in this resolution or in the bonds to be issued hereunder, except where otherwise indicated by the context:

(a) The term "County" shall be construed to mean the County of Clinton, Michigan.

(b) The term "Village" shall be construed to mean the Village of Maple Rapids, Clinton County, Michigan.

(c) The term "Board" shall be construed to mean the Board of Public Works of the County of Clinton, Michigan.

(d) The term "System" shall be construed to mean the sewage treatment facility, lift stations, sanitary sewers, force mains, pump stations, appurtenances and rights in land comprising Clinton County Sanitary Sewage Disposal System No. 2 (Village of Maple Rapids), as described in paragraph 1 of the contract, as set forth in the preamble to this resolution.

(e) The term "Contract" shall be construed to mean the Contract heretofore made and executed between the County and the Village, as set forth in the preamble to this resolution.

(f) The term "contractual payments" shall be construed to mean the debt service installment payments required to be made by the Village to the Board pursuant to the provisions of Section 10 of the Contract and pledged to the payment of the principal of and interest on the bonds authorized by the provisions of this resolution.

Section 2. The plans, specifications and estimates for the System, as prepared by Fischbeck, Thompson and Carr, consulting engineers, of Lansing, Michigan, are hereby accepted and approved, and it is hereby determined to be advisable and necessary for the public health of the County to acquire, construct and complete said System as provided in said plans and specifications.

Section 3. The Contract as set forth in full in the preamble hereto is hereby ratified, confirmed and approved.

Continued on Page 8B

Continued from Page 7B

Section 4. The total estimated cost of acquiring and constructing the System, including payment of incidental expenses as specified in Section 6 of this resolution, which total estimated cost is \$678,456 is hereby approved and confirmed.

Section 5. The estimated period of usefulness of the System is determined to be not less than fifty (50) years.

Section 6. For the purpose of defraying part of the cost of the System, including payment of engineering, legal and financing expenses and interest on the bonds for a period of eighteen (18) months, there be borrowed the sum of Four Hundred Fifteen Thousand (\$415,000) Dollars, and that in evidence thereof there be issued the bonds of the County in an equivalent aggregate principal amount, which bonds are sometimes hereinafter referred to in this resolution as the "bonds". The balance of the cost of the System shall be paid from the proceeds of grants from the Michigan Water Resources Commission.

Section 7. Said bonds shall be designated CLINTON COUNTY SANITARY SEWAGE DISPOSAL SYSTEM No. 2 (VILLAGE OF MAPLE RAPIDS), the principal of and interest thereon to be payable primarily out of the contractual payments required to be paid by the Village pursuant to the Contract, and shall consist of eighty-three (83) bonds of the denomination of \$5,000 dated as of Sept. 1, 1970, and payable serially as follows:

\$40,000 May 1, 1972; \$25,000 May 1st of each year from 1973 to 1977, inclusive; \$50,000 May, 1978; \$25,000 May 1st of each year from 1979 to 1982, inclusive; \$50,000 May 1st of each of the years 1983 and 1984.

Said bonds shall bear interest at a rate or rates to be determined on public sale thereof, but in any event not exceeding such maximum interest limitation thereon, if any, as may be provided by law, payable on May 1, 1971, and semi-annually thereafter on Nov. 1 and May 1 of each year, both principal and interest to be payable in lawful money of the United States of America at a bank or trust company qualified by law to act as paying agent, to be designated by the original purchaser of the bonds, with the approval of the Board, which purchaser shall also have the right to designate a co-paying agent similarly qualified and approved. All bonds shall have proper coupons attached thereto evidencing interest to their respective date of maturity.

Bonds maturing in the years 1972 to 1976, inclusive, shall not be subject to redemption prior to maturity.

Bonds maturing in the years 1977 to 1984, inclusive, shall be subject to redemption prior to maturity, at the option of the County, in inverse numerical order, on any interest payment date on or after May 1, 1976, at 103% of par if redeemed prior to May 1, 1979, at 102% of par if redeemed on or after May 1, 1979, but prior to May 1, 1981; and at 101% of par if redeemed on or after May 1, 1981, but prior to maturity.

Thirty days notice of the call of any bonds for redemption shall be given by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and in case of registered bonds, thirty days notice shall be given by mail to the registered holder at the registered address. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem said bonds.

Section 8. The Chairman of the Board of Commissioners and the County Clerk are hereby authorized and directed to execute said bonds when issued and sold for and on behalf of the County, and to affix the seal of the County thereto, and to execute the interest coupons to be attached to said bonds by causing their facsimile signatures to be affixed thereto. Upon the execution of said bonds and the attached coupons, the same shall be delivered to the County Treasurer of Clinton County, who is hereby authorized and directed to deliver said bonds and attached coupons to the purchaser, as hereafter determined by the Board, upon receipt of the purchase price therefor.

Section 9. Said bonds and the attached coupons shall be payable primarily from the contractual payments received by the Board on behalf of the County, for the payment of which the Village in the Contract has pledged its full faith and credit pursuant to the provisions of Act 185, Public Acts of Michigan, 1957, as amended, Pursuant to the provisions of Section 6, Article IX of the Michigan Constitution of 1963, the Village has covenanted and agreed to levy taxes annually, to the extent necessary, to provide the funds to meet the contractual payments when due, in anticipation of which the bonds are issued, which taxes are without limitation as to rate or amount. All of such contractual payments are hereby pledged solely and only for the payment of principal of and interest on the bonds.

Section 10. Pursuant to the authorization provided in Act 185, Public Acts of Michigan, 1957, as amended, the full faith and credit of the County of Clinton are hereby pledged for the prompt payment of the principal of and interest on the bonds as the same shall become due. If for any reason there are not sufficient funds on hand from the contractual payments to pay the principal of and interest on the bonds when due, written notification by the Board to the County Treasurer of the amount of such deficiency, the County Treasurer shall promptly deposit into the debt retirement fund for said bonds the amount of such deficiency out of County funds. If it becomes necessary for the County to so advance any such moneys, it shall be entitled to reimbursement from any surplus from time to time existing in the fund from which said principal and interest are primarily payable, or from any other legally available source. The County recognizes and covenants that, to the extent necessary, to provide funds to meet its full faith and credit pledge herein provided, it is obligated to levy ad valorem taxes against the taxable property in the County, which taxes, pursuant to Section 6, Article IX of the Michigan Constitution of 1963, are without limitation as to rate or amount.

Section 11. It shall be the duty of the Board, after the adoption of this resolution and the sale of the bonds herein authorized, to open a special depository account with the bank or trust company designated as paying agent for the bonds, to be designated DEBT RETIREMENT FUND - CLINTON COUNTY SANITARY SEWAGE DISPOSAL SYSTEM No. 2 (VILLAGE OF MAPLE RAPIDS), hereinafter referred to as the "debt retirement fund," into which account the Board shall deposit all contractual payments as received and into which account any advance made by the County pursuant to Section 10 of this resolution shall be deposited. The moneys from time to time on hand in said debt retirement fund shall be used solely and only for the payment of the principal of and interest on the bonds or, to the extent of any surplus, to reimburse the County for any advance made pursuant to Section 10 hereof.

Section 12. The operation, maintenance and administration of the System, and the acquisition and construction thereof, shall be under the overall jurisdiction and control of the Board as the agency of the County, and the provisions in the Contract relative to the operation, maintenance and administration thereof by the Board are hereby recognized, approved and confirmed.

Section 13. Said bonds and the coupons shall be in substantially the following form:

UNITED STATES OF AMERICA
STATE OF MICHIGAN
COUNTY OF CLINTON
CLINTON COUNTY SANITARY SEWAGE DISPOSAL SYSTEM
No. 2 BOND
(VILLAGE OF MAPLE RAPIDS)
No. _____ \$5,000

KNOW ALL MEN BY THESE PRESENTS that the COUNTY OF CLINTON, a county municipal corporation of the State of Michigan, for value received, hereby promises to pay to the bearer hereof, if registered, to the registered holder, the sum of _____

FIVE THOUSAND DOLLARS
ON THE FIRST DAY OF May, A.D. 19____, with interest thereon from the date hereof until paid at the rate of _____ per cent (%) per annum, payable on May 1, 1971, and semi-annually thereafter on the first day of November and May of each year, upon presentation and surrender of the proper interest coupons hereto annexed, as they severally become due. Both principal of and interest on this bond are payable in lawful money of the United States of America at _____

The bonds of this issue are payable primarily from the proceeds of contractual payments to be paid by the Village of Maple Rapids, located in the County of Clinton, Michigan, to the Board of Public Works acting for and on behalf of the County of Clinton, pursuant to a certain contract dated May 14, 1970, between said govern-

mental units, whereby said Board, on behalf of the County, is to construct a sanitary sewage disposal system and appurtenances in said County to service the Village of Maple Rapids, being designated as "Clinton County Sanitary Sewage Disposal System No. 2 (Village of Maple Rapids)." By the provisions of said contract and pursuant to the authorization provided by law, the Village of Maple Rapids, has pledged its full faith and credit for the payment of its contractual payments. The County of Clinton has irrevocably pledged to the payment of this issue of bonds the total contractual payments, which said total payments are established in the amount required to pay the principal of and interest on the bonds of this issue when due. As additional security for the payment of the bonds of this issue, the County of Clinton, pursuant to the provisions of Act 185, Public Acts of Michigan, 1957, as amended, and a three-fifths (3/5) vote of the members-elect of its Board of Commissioners, has pledged its full faith and credit for the prompt payment of the principal of and interest thereon.

This bond is one of a total authorized issue of eighty-three (83) bonds of even date and like tenor except as to rate of interest and date of maturity, aggregating the principal amount of \$415,000 numbered consecutively in direct order of maturity from 1 to 83, inclusive, issued pursuant to a resolution duly adopted by the Board of Commissioners of the County of Clinton on _____, 1970, and under and in full compliance with the Constitution and statutes of the State of Michigan, including specifically Act 185, Public Acts of Michigan, 1957, as amended, for the purpose of paying part of the cost of constructing a sanitary sewage disposal system and appurtenances in said County to service the Village of Maple Rapids. For a complete statement of the funds from which and the conditions under which this bond is payable, and the general covenants and provisions pursuant to which this bond is issued, reference is made to the above-described resolution.

Bonds of this issue maturing in the years 1972 to 1976, inclusive, are not subject to prior redemption.

Bonds maturing in the years 1977 to 1984, inclusive, shall be subject to redemption prior to maturity, at the option of the County, in inverse numerical order, on any interest payment date on or after May 1, 1976, at 103% of par if redeemed prior to May 1, 1979; at 102% of par if redeemed on or after May 1, 1979, but prior to May 1, 1981; and at 101% of par if redeemed on or after May 1, 1981, but prior to maturity.

Thirty days notice of the call of bonds for redemption shall be given by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and in case of registered bonds, thirty days notice shall be given by mail to the registered holder at the registered address. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem said bonds.

This bond is fully negotiable, having all the qualities of a negotiable instrument under the law merchant, the uniform commercial code and the negotiable instruments law.

This bond and the interest thereon are exempt from any and all taxation whatsoever by the State of Michigan or by any taxing authority within said State.

This bond may be registered as to principal only on the books of the paying agent in the name of the holder and said registration noted on the back hereof by said paying agent, after which no transfer shall be valid unless made on the books and noted hereon in like manner, but transferability by delivery may be restored by registration to bearer. Such registration shall not affect the negotiability of the interest coupons.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond, and the series of which this is one, have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF, the County of Clinton, State of Michigan, by its Board of Commissioners, has caused this bond to be signed in the name of said County by the Chairman of the Board of Commissioners and to be countersigned by the County Clerk and the corporate seal of the County to be hereunto affixed, and has caused the annexed interest coupons to be executed with the facsimile signatures of said Chairman of the Board of Commissioners and County Clerk, all as of the first day of September, A.D. 1970.

COUNTY OF CLINTON

Date of Registration	Name of Registered Owner	Registrar

Section 14. Nothing contained in this resolution or the Contract shall be construed to prevent the County from issuing additional bonds under the provisions of Act 185, Public Acts of Michigan, 1957, as amended, for any of the purpose authorized by said Act, but any such bonds shall in no way have any lien on or be payable out of the contractual payments pledged to the payment of the bonds of this authorized issue except such additional bonds as may be necessary may be issued to complete the project, pursuant to the authorization provided in Section 16 of the Contract.

Section 15. The proceeds of sale of the bonds (except capitalized interest on the bonds) shall be deposited in a special depository account in a bank to be designated by the Board, said account to be designated CLINTON COUNTY SANITARY SEWAGE DISPOSAL SYSTEM No. 2, (VILLAGE OF MAPLE RAPIDS) CONSTRUCTION FUND, (hereinafter referred to as the "construction fund"). The moneys from time to time in such fund shall be used solely and only to pay cost of acquiring and constructing the System, Any premium or accrued interest paid at the time of delivery of the bonds herein authorized and a sum sufficient to pay interest on the bonds for the period for which it is capitalized shall be deposited into the debt retirement fund established under the provisions of Section 11 of this resolution.

Section 16. The provisions of this resolution, together with the Contract, shall constitute a contract between the County and the holder or holders of the bonds from time to time, and after the issuance of such bonds, no change, variation or alteration of the provisions of this resolution and the Contract may be made which would lessen the security for the bonds. The provisions of this resolution and the Contract shall be enforceable by appropriate proceedings taken by such holder either at law or in equity.

Section 17. The County covenants and agrees with the successive holders of the bonds and coupons, that so long as any of the bonds remain outstanding and unpaid as to either principal or interest—

(a) The County and the Board, as the agency of the County, punctually perform all of its obligations and duties under this resolution and the Contract, including the collection, segregation and application of the contractual payments, in the manner required by the provisions of this resolution.

(b) The County and the Board, as the agency of the County, will apply and use the proceeds of the sale of the bonds for the purposes and in the manner required by the Contract and this resolution.

(c) The County and the Board, as the agency of the County, will maintain and keep proper books of record and account

relative to the application of funds for the construction of the System and the contractual payments received pursuant to the Contract or advanced by the County. Not later than three (3) months after the end of each year, the Board shall cause to be prepared a statement, in reasonable detail, sworn to by its chief account officer, showing the application of the proceeds of the sale of the bonds, the cash receipts for the contractual payments or advanced by the County during such year, and the application thereof, and such other information as may be necessary to enable any taxpayer or any holder or owner of the bonds, or anyone acting in their behalf, to be fully informed as to all matters pertaining to the construction of the System and application of funds therefor, or for the payment of the bonds during such year. A certified copy of said statement shall be filed with the County Clerk of the County of Clinton and the Village Clerk of the Village of Maple Rapids, and a copy shall also be sent to the manager or managers of the account purchasing the bonds.

Section 18. The Board is hereby designated, for and on behalf of the County, to (a) prepare and submit application to the Municipal Finance Commission for its approval of the issuance of said bonds and the form of notice of sale as required by law; (b) prepare form of notice of sale, fix a date of sale, conduct the sale, and accept the best bid received at such sale; (c) publish such notice of sale, after approval thereof, in The Bond Buyer, of New York New York and in the Clinton County News, of St. Johns, Michigan, at least seven (7) full days prior to the date fixed for sale; and (d) do all other acts and take all other necessary procedures required to effectuate the sale, issuance and delivery of the bonds.

Section 19. All resolutions and parts thereof in conflict with the provisions of this resolution are, to the extent of such conflict, hereby repealed.

Section 20. This resolution shall become effective immediately upon its passage.

It was moved by Cobb supported by Gove to take from the table for consideration the Resolution from Bath Charter Township requesting assistance from the Department of Public Works in financing and constructing a Sewage Disposal System. Voted and carried.

It was moved by Andrews supported by Shepard to approve the Resolution as presented for an estimated cost of \$1,203,450. On a roll call vote, those voting aye were Cobb, Nobis, Gove, Sirrine, Chamberlain, Underhill, Hufnagel, Montgomery, Lankford, Andrews and Shepard. 11 aye, 0 nays. Motion declared carried unanimously.

RESOLUTION

WHEREAS, it is deemed necessary in order to protect and preserve the public health and welfare that a Sewage Disposal System be acquired and constructed to service (1.) the Bath area and (2.) the Park Lake area, which are bounded approximately as follows:

1. BATH AREA: on the South by Drumheller Rd., on the West by Chandler Rd., on the North by a line one half mile North of Slight Rd., and on the East by a line one quarter mile East of Webster Road. In addition, the Southwest quarter of Sec. 16, which lies North of Clark Rd., and East of the High School.

2. PARK LAKE AREA: Secs. 21, 28, 29, 30, 31, 32, 33 and the South halves of Secs. 19 and 20.

3. The areas described in (1.) and (2.) above lay within the Charter Township of Bath, Clinton County, Mich.

WHEREAS, a preliminary feasibility study and report has been made with relation to said Sewage Disposal System by Fischbeck and Thompson, Consulting Engineers, of Lansing, Michigan, which said report indicates the need for such Sewage Disposal System, comprises facilities generally described as:

AREA (1.) BATH
approximately 35,850 L.V. 8" sewer line; 141 manholes; 12 acres pond area; 40 acres land and rights.

AREA (2.) PARK LAKE:
approximately 23,260 L.F. 8" sewer line; approximately 3,360 L.F. 12" sewer line; 131 manholes; 15 acres pond area; 40 acres land and rights; 2 pumping stations.

WHEREAS, pursuant to the authorization provided in Act 185, Public Acts of Michigan, 1957, as amended, and Resolutions duly adopted by its County Board of Supervisors, the County of Clinton, has established a Department of Public Works; and

WHEREAS, the authority provided in said Act 185, Public Acts of Michigan, 1957, as amended, in the opinion of the Bath Charter Township Board, provides the most feasible and logical means of acquiring, constructing and financing the project generally referred to above, and will result in the lowest cost to the citizens and taxpayers of the Charter Township of Bath for the said project immediately necessary to protect and preserve the public health; and

WHEREAS, the Bath Charter Township Board is ready and willing to enter into the necessary contracts and agreements with the Department of Public Works of the County of Clinton to permit the financing and early construction of the above generally described project within the approximate cost thereof under the provisions of Act 185, Public Acts of Michigan, 1957, as amended.

NOW, THEREFORE, BE IT RESOLVED:

1. That the Bath Charter Township Board does hereby request that the department of Public Works of the County of Clinton pursuant to the authorization provided in Act 185, Public Acts of Michigan, 1957, as amended, take the necessary steps to establish, construct, and finance a sewage disposal system to service the area in said Township generally specified in the preamble hereto.

2. That the Bath Charter Township Board recognizes and affirms that the entire cost of said project as hereinbefore described, including all professional services required and other expenses, will be paid by said Bath Charter Township in accordance with any contract or contracts to be negotiated with the Board of Public Works, as approved by said Township Board and as financed by bonds and other evidences of indebtedness of the County of Clinton issued in anticipation of the contractual obligations.

3. The Bath Charter Township Board recognizes that the Department of Public Works of the County of Clinton will be expending funds for Administrative cost in obtaining Federal loan approval and in the acquisition of pumping station sites prior to a final contract being entered into for the construction of the Disposal System; and will pay to the said Department of Public Works such costs if said Disposal System, and the bond issue to pay therefor, is not accomplished.

4. That a certified copy of this Resolution be transmitted to Donald Haske, Director, Clinton County Department of Public Works, St. Johns, Michigan, with a request for early action thereon.

RESOLUTION ADOPTED BY THE FOLLOWING VOTE:
Ayes: Supervisor - Smith; Clerk - Reasoner; Treasurer - Wicks; Trustees - Brook, Morrill, Trotter, Nays: None.
LEE D. REASONER,
Bath Charter Township Clerk

I hereby certify that the foregoing is a true and complete copy of a Resolution adopted by the Bath Charter Township Board, County of Clinton, Michigan, at a regular meeting held on 1st of December, 1969.

LEE D. REASONER,
Bath Charter Township Clerk

A letter from Drain Commissioner, Dale Chapman requesting the Chairman of the Board to appoint a Board of Determination for a drain in Bath Township, designated as the Mill Branch, Branch 101 and Bath Village Branch of the Mead drain, located and established in the Township of Bath in the County of Clinton, and State of Michigan, was read. A proper petition accompanied the request. Chairman Nobis appointed the following persons:

Derrill Shinary—Greenbush Township—R. 3, St. Johns, Michigan 48879; Almond Cressman—Olive Township—R. 4, St. Johns, Michigan 48879; George Austin—Ovid Township—Ovid, Michigan 48866; Alternates were: Harold Beardslee—Ovid Township—104 N. Main Street, Ovid, Michigan 48866; Rollin Noble—R-3, Grand Ledge, Michigan 48837.

The Chairman declared a short recess.

Upon again coming to order, the news media's right to use a tape recorder to record proceedings arose. After discussion, it was moved by Lankford supported by Andrews that Mr. Walnwright be allowed to continue his tape recordings at this time, of the meeting and to ask the Prosecuting Attorney to obtain a legal opinion as to the right to make such a recording.

Prosecutor Pat Kelly appeared and presented a report to the Board. He reviewed the establishing of a part time branch of his office in the City of DeWitt. He stated that the primary function of the DeWitt office was for private work. He has endeavored to keep regular office hours at both offices but due to the press of court appearances in a total of 3 courts, an attorney has not always been available for consultations.

To this date the County has contributed \$2,250 towards the operation of the DeWitt office. Over a 9 month period, they have consulted with 369 individuals requiring 130 hours of time. He feels that he is fulfilling a needed service to a populous area.

Assistant Prosecutor, Dan Matson has tendered his resignation to become effective Aug. 31, 1970.

Mr. Kelly portrayed the unfortunate lack of time and personnel and adequate compensation to meet the demands required by his office and also by the Sheriff's office.

Commissioner Montgomery expresses his regret at the attitude and feelings expressed by the Prosecutor. He feels that the Board has greatly expanded its support of both the Prosecutor's office and also the Sheriff's office and has done all possible with available finances.

Mr. Kelly states that he has not intended to offend and offers his apology for any offense but he feels that an exploration was in order.

There being no further business to come before the Board, it was moved by Montgomery supported by Andrews to adjourn at this time and to meet again Aug. 3, 1970 at 9:00 a.m. Voted and carried.

Meeting adjourned.

Individuals
January 1-December 31, 1966, or other taxable year
U.S. Treasury Department—Internal Revenue Service
Taxpayers Ask IRS

Q) Should I make any change in my next estimated tax payment based on the expiration of the income tax surcharge in June?

A) No, although the surcharge expired June 30, the surcharge rate of 2-1/2 percent shown on the estimated form you filed earlier this year pertains to income for the entire year.

Any taxpayer who has not filed an estimated declaration and finds it necessary to do so now, would use the 2-1/2 percent rate for the surcharge. Forms and instructions for making estimated declarations are available at local IRS offices.

Q) When my divorce comes through will I still be able to claim a withholding exemption for my wife?

A) No, after your divorce you cannot claim her exemption. Make the necessary change in your withholding by filling out a new W-4, Withholding Exemption Certificate, and giving it to your employer.

Q) When my father died, mother collected benefits from his life insurance, is that taxable?

A) If the benefits are paid in a lump sum, they are usually not taxable. Benefits paid in installments, however, may be partly taxable to the extent they represent interest.

Details on insurance payments may be found in Publication 525, Taxable Income and Nontaxable Income. Send a postcard to your IRS district office for a free copy.

Q) I want to protest the disallowance of some deductions by the IRS Agent who audited my return. Do I have to make a written request or can I just come in and talk to someone?

A) You can ask for a district conference. If the amount of tax involved is not more than \$2,500 for any one year, no formal written protest is required to obtain a district conference. This provides you the opportunity to present your side of the dispute to an impartial third party.

Q) I want to clear out some of my old bank records, check stubs, cancelled bills and the like. Is there any need to keep some of them for tax purposes?

A) As a general rule, the IRS may assess additional tax or you may claim a refund within three years of the due date of a return. Therefore, any record you might need to support an item listed on your return should be kept at least three years.

Naturally you will keep some records longer. For example, records on the purchase of a home or the acquisition of stock should be kept longer.

Q) I don't have the money to pay all that I owe on my third quarter estimated tax. Can I pay part now and the rest next time?

A) You may have to pay a penalty based on a 6 percent annual rate if your payments are not made in full when they are due. To avoid the penalty, your estimated tax installments must be paid on time and should amount to at least 80 percent of your income tax when your return for the year is filed. Farmers and fishermen can avoid this penalty if their payments equal 66 2/3 percent of their total tax liability.

Q) I used an employment agency to get my job. Are the fees I paid deductible?

A) Yes, if you itemize expenses this will be deductible. If a job was not secured, the fees are nondeductible.

Q) I work part-time as a maid. How can I tell if social security is being paid for me?

A) Ask your employer whether these taxes are being paid for you. Employers are required to file a return and pay social security taxes for household employees when cash wages of \$50 or more are paid to an employee during any calendar quarter. Employers are also required to provide employees with an annual statement of wages paid and social security taxes withheld.

A full statement of your Social Security coverage may be obtained by writing the Social Security Administration, Baltimore, Md. 21235. Give your name, address and social security number when you write.

Q) My son has earned almost \$600 this year. If he makes any more will I lose his exemption?

A) If your son is either under 19 at the end of the year or a full-time student for at least five months during the year, the amount of his earnings will not affect his status as your dependent. The other dependency tests, support for instance, must continue to be met.

Q) I took a loss when I sold some stock I inherited. Can I deduct this on my return?

A) If you sold the stock for less than its fair market value on the date of the decedent's death then you are entitled to either a short or long term capital loss depending on how long you owned the stock beginning with the date of death. Anything over six months would be a long term loss.

Q) The bank where my daughter opened up a savings account wants her social security number. Where can she get one?

A) Your daughter may apply for a social security number by filling out Form SS-5 which may be obtained from your local Social Security or IRS office. Banks and other financial institutions are required by law to report certain dividend and interest payments by the identifying number of the recipient.

QUESTION: In January of this year, I had major surgery and paid to my doctor the full charge which was \$450. I submitted a claim to Medicare in March and in May received a check from Michigan Medical Service. The form which was attached to the check showed that instead of the payment being based on the full \$450, Medicare had allowed and based their payment on \$350. The surgery was lengthy and I feel \$450 was not an unreasonable fee. Is there any way in which I may protest this and possibly receive a greater reimbursement?

ANSWER: Yes. You may request that the claim be reviewed by the carrier, Michigan Medical Service, either by writing directly to them or contacting the nearest Social Security office and asking for their assistance in requesting a review of the claim.

QUESTION: If I write to the carrier directly or go to the Social Security office what information should I present?

ANSWER: One copy of the Explanation of Benefits form which came with your check and, if you have it, a statement from your physician which shows the exact surgical procedure and any complicating or unusual conditions which may have been involved.

QUESTION: Is there a time limit in asking for this type of review?

ANSWER: You must submit it within six months from the date of the notice and check.

NOTICE OF MORTGAGE FORECLOSURE SALE
DEFAULT HAVING BEEN MADE in the conditions of a certain mortgage made by Robert M. Bos, Carol I. Bos, husband and wife, and Nancy F. O'Brien, a single woman, of 918 Walbridge, East Lansing, Michigan, Mortgagee, to BANK OF LANSING, of Lansing, Michigan, Mortgagee, dated August 31, 1967, and recorded in the office of the Register of Deeds for the County of Clinton, State of Michigan, on September 7, 1967, in Liber 250, Page 597 thereof, and Mortgagee having elected under the terms of said mortgage to declare the entire principal and accrued interest thereon due, which election it does hereby exercise, pursuant to which there is claimed to be due and unpaid on said mortgage on the date of this Notice of principal interest and accrued interest of SEVENTEEN THOUSAND SIX HUNDRED FIFTY-FOUR and 72/100 (\$17,654.72) DOLLARS, and no civil action or suit or proceeding at law or in equity having been instituted to recover the debt secured by said mortgage, or any part thereof;

NOW THEREFORE, by virtue of the power of sale contained in said mortgage and pursuant to the statute in such cases made and provided, NOTICE IS HEREBY GIVEN that on November 13, 1970, at 10:00 o'clock in the forenoon, at the North front entrance of the Courthouse in the City of St. Johns, Clinton County, Michigan, (that being the place of holding the Circuit Court within the said County), said mortgage will be foreclosed by a sale at public auction to the highest bidder of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due as aforesaid and any sum which may be paid by the undersigned at or before said sale for taxes and/or insurance on said premises, and all other sums paid by the undersigned, with interest thereon, pursuant to law and to the terms of said mortgage, and all legal costs and expenses, including the attorney fees allowed by law, which premises are described as follows:

Lot 159 Geneva Shores No. 1, a subdivision on part of the SW 1/4 of Section 8, T4N, R2W, DeWitt Township, Clinton County, Michigan, according to the recorded plat thereof as recorded in Liber 4 of Plats, Page 3, said Clinton County Records. Said Mortgagee, their heirs, executors, administrators, or any person lawfully claiming from or under them, shall within six months from the date of the aforesaid foreclosure sale be entitled to redeem the entire premises sold, by paying to the purchaser, his executors, administrators, or assigns, or to the register of deeds in whose office the deed is deposited for the benefit of such purchaser, the sum which was bid therefor, with interest from the time of the sale at the rate per cent borne by the mortgage plus any other sums required to be paid by law.

Life With The Rimples

ORDER FOR APPEARANCE AND ORDER TO ANSWER

STATE OF MICHIGAN—In the District Court, 65th Judicial District, City of St. Johns, Clinton County, Michigan
SIDNEY R. GOLDMAN AND VELMER P. CROTEAU, Plaintiffs,
vs.
LAWRENCE E. YERKS AND JULIA ANN YERKS, Defendants.
Suit pending before Hon. Roland J. Duguay, District Court Judge for the 65th Judicial District, City of St. Johns, Clinton County, Michigan, on the 18th day of September, A.D. 1970.

It appearing from the affidavit on file herein that said defendants do not reside at 5274 Drumheller Road, Bath, Michigan, that being the address of the property located on the premises herein described; and it appearing that defendants reside outside the State of Michigan, their last known address being General Delivery, Voldez, Alaska 99686; said defendants should take notice that on the 19th day of October, 1970, at 9:00 o'clock in the forenoon, at the 65th District Court office located in the County Building, St. Johns, Michigan, the hearing will be held before Honorable Roland J. Duguay, District Court Judge, to determine why a certain land contract between the parties hereto, dated July 10, 1967, covering premises described as follows, to-wit:

That part of the East 60 acres of land of the North 1/2 of the South-west 1/2 of Section 20, T5N, R1W, Bath Township, Clinton County, Michigan, Commencing at a point in the Drumheller Road 500 feet West from the center of said Section 20 aforesaid, thence South 871 feet, thence West parallel with centerline of Drumheller Road 500 feet, thence North 871 feet to the center of said road, thence East to beginning; containing 10 acres of land more or less; it being the intention that this land adjoin land on the West sold to Ray Caswell and Gladys Caswell, husband and wife, subject to all easements or restrictions of record, should not be forfeited for failure to make the payments required therein, including taxes heretofore paid by plaintiffs.

IT IS ORDERED that the defendants herein, enter their appearance in said cause within thirty-five (35) days from the date of this order, and that within twelve (12) days the plaintiffs herein cause this order to be published in The Clinton County News, a newspaper published and circulated within said county, said publication to be continued once in each week for four consecutive weeks, and that a copy of this order be mailed to the defendants at their last known post office address by registered mail as required by statute.

IT IS FURTHER ORDERED that said defendants, Lawrence E. Yerks and Julia Ann Yerks, shall answer or take such other action as may be permitted by law on or before the date and hour herein set forth, to-wit: October 19, 1970, at 9:00 o'clock in the forenoon. Failure to comply with this order will result in a judgment by default against such defendants for the relief demanded in the Complaint filed in this Court.

Volunteer firemen

We are a bit late for the official observance of Fire Protection Week, but we cannot let the time of year pass without recognizing the Volunteer Firemen in Clinton County.

At last count there were seven volunteer groups who answer the call when fire strikes and residents in the areas served by these men would do well to be mindful of their personal conscientiousness and sacrifices to assure the safety of their fellow citizens.

In Clinton County volunteer firemen groups protect the areas of Bath, DeWitt, DeWitt Township, Fowler, Ovid, Elsie, St. Johns and Westphalia. Their assignment is not a predictable one for their service may be required at any time of day or night. Couple this constant alert with the ever present possibility of personal harm and it should be readily apparent to those of us whose safety is being guarded that we are much indebted to these groups.

We tip our hat to the county's volunteer firemen — not just during Fire Prevention Week, but every week of the year.

No winners in strike

Two currently popular movies are satirical spoofs on war, specially the Korean War and World War II. A few years ago, an English musical dealt devastatingly with one of the arch insanities of all time, World War I.

A related human activity that cries out for the same type of treatment is the labor strike.

A strike is a kind of bloodless war, exhibiting the same abandonment of reason and resort to brute force to settle disputes as the shooting kind of conflict.

The current shutdown of General Motors is a prime case in point.

Men may have been justified in the past, in pre-nuclear days, in going to war. There was such a thing as total victory in which the winner dictated peace terms to the vanquished.

But both sides in the auto dispute know perfectly well that neither can dictate to the other and that eventually they will have to get together and reach a settlement mutually agreeable to both.

Strikes also were justified in the past, when workers were struggling for the fundamental right to organize themselves into unions and bargain collectively.

But no such basic issue is involved in this dispute. It is over money and improved fringe benefits.

So if the strike must eventually be settled by negotiation, why have a strike in the first place?

Because everybody loves a good scrap. Whether or not man is by nature an aggressive animal or is impelled by a "territorial imperative," as some authorities contend, it is this natural love of a good fight more than anything else — more than ideologies, more than the thirst for conquest or revenge — which has always made men so ready for conflict.

Thus, as men once marched off singing to the glorious wars of yesteryear as on a holiday, some autoworkers were so eager for the strike to begin that they walked off their jobs a day early, also as on a holiday.

Thus, the propaganda cannons boom as each side blasts the "enemy" for its unrealistic demands and rejects proffered concessions as beneath contempt, and, after millions of dollars' worth of ammunition in the form of lost sales and wages are expended, peace will be declared.

As in all wars, noncombatants in a strike suffer along with the combatants.

It is, indeed, a subject that cries out for a good satirist.

Suppose they gave a strike and nobody came.

Clinton County News

First meeting tonight

City development group to guide economic growth

The first meeting of the Clinton County Development Group will be held tonight at 7:30 p.m. in the St. Johns High School cafeteria. The group was organized to study and recommend ways to guide economic growth in the county.

St. Johns considers three sweeper bids

The St. Johns Board of Education is considering three bids for the sweeping of the school grounds. The bids were received from local contractors.

Supervisors view police protection problem in Fowler

The supervisors of the Fowler Police Department are meeting to discuss the problem of police protection in the area. They are considering various options to improve the service.

Extra cash through a classified

The Clinton County Board of Supervisors is considering a plan to provide extra cash for certain classified personnel. The plan is still in the early stages of discussion.

St. Johns High School open house Dec. 7

The St. Johns High School will hold an open house on December 7. The event is open to the public and will feature displays of student work and school activities.

DeWitt to vote on home rule

The DeWitt Board of Supervisors is scheduled to vote on a proposal for home rule. The proposal would give the board more authority over local government.

Back thru the years

High school open house, County board votes pay hike, pioneer dies

ONE YEAR AGO
Oct. 15, 1969

Open House for the new St. Johns High School was tentatively scheduled for Dec. 7. The Board of Education chose the first Sunday in December to avoid conflicts with the hunting season, Thanksgiving holidays and to insure ample time for completion of all major construction projects.

The first meeting of the new St. Johns Area Development Corporation was held on Oct. 15 in the community room of the Clinton National Bank. An initial gift of \$500 from the General Telephone Company was the first contribution submitted to the group since its informal activities began in June.

Clinton County officials were given a tour of county roads so that they could see various projects then underway or completed within the previous 12 or 18 months. The group, including about two dozen county supervisors, visited a total of 26 different sites of interest.

Redwing title hopes were dashed by Hastings as the Saxons played St. Johns to a 12-12 standstill score. The tie against Hastings all but snuffed out Redwing hopes of repeating as West Central Conference Champions. A winning touchdown pass from quarterback Tim Durner to back Charlie Green was nullified when a penalty called it back. This pass came with four minutes left in the game.

Rumors were spliced regarding a replay of the Ionia game that ended with the Redwings losing 20-19. The possibility of a replay was sparked by second thoughts over a disputed touchdown that was called back.

Punt, Pass and Kick competition drew 299 boys from the St. Johns area.

TEN YEARS AGO
Oct. 13, 1960

Clinton County's Board of Supervisors voted an increase of 20 per cent across the board for the salaries of six county elective officials. The salary adjustment, which took effect on January 1, 1961, granted maximum salaries of \$6,200 annually to the Sheriff and County Clerk, City Manager Kenneth W. Anderson of St. Johns resigned his position effective on Dec. 1. He notified city commissioners on Oct. 11 that he had accepted a post in the municipal section of Williams and Works, a Grand Rapids engineering firm.

Norman Kraeft, director of public relations for the National

Farmers for Kennedy-Johnson organization, was the featured speaker at a Democratic Rally on Oct. 13 at the county court house. Local and state candidates were also present at the rally.

Clinton County Board of Supervisors approved a county budget providing for expenditures totaling \$556,357 for the year, 1961. Appropriations voted are \$46,015 over the 1960 figures. This was due to rising welfare costs and much greater county drain taxes that a year previous.

25 YEARS AGO
Oct. 18, 1945

Elmer E. Emmons, 90, of St. Johns, died after a week's illness with pneumonia. Mr. Emmons operated the Elmer Emmons Cider Mill for 40 years in St. Johns. A lifelong resident of the county, Emmons was born on Jan. 15, 1855, in Bengaltownship.

Clinton County Memorial Park Fund rose to over \$20,000 in the second week of contributions. Playing at the Clinton Theater during the week were three shows. They included "Tarzan and the Amazons" starring Johnny Weissmuller and Brenda Joyce; "Where Do We Go From Here" starring Fred MacMurray, June Haver and Joan Leslie, and "State Fair" featuring Dana Andrews, Jeanne Crain, Dick

Haymes and Vivian Blaine. The Ionia Bulldogs completely buried the Redwings of St. Johns 21-0 in the league opener for the Redwings. This was the second loss for St. Johns in as many starts.

STRICTLY FRESH

Fall is the time when you get the spring lawnmower sharpening done.

It is not true that banks with a high rate of interest have the prettiest tellers.

Plain Plane Hi-Jackers

W.E. DOBSON

We thought it all a joke at first, When clear across this nation, Plane destinations were by-passed. Like they wuz on vacation; The neatness and dispatch with which These steals were brought about, Paralyzed us for a quite a spell 'Ere we ceased to be in doubt.

The thought of passengers galore All forced against their will, To unload on a foreign shore, With schedules brought to nil; 'Twas most too silly to believe, That pirates in the air, Could thwart the will of all who rode On occasions too far from rare!

At last it seems that plain intent To halt these, crazy goons, We think they'll be obliged to dance To some far different tunes, When anarchy exists because Some hold-up men hold sway, It's time to change the rules by which Such crooks demand to play!

'IF IT FITZ . . .

Follow the pigtail

By JIM FITZGERALD

I've said it before and now it's time to say it again; there is no view to which distance lends more enchantment than the view of a high school marching band.

The uniforms are usually 25 years older than the kids in them. And when your pants are dragging, and your hat is wobbling, it is hard to march in step while reading music and blowing a horn. Especially when the kid in front of you trips over the shadow of the goal post.

I first revealed my apathy toward marching bands several years ago, when my oldest daughter became a majorette. A wise columnist never knocks something kids are doing unless his own kid is also doing it. This way, he doesn't catch so much heck from other parents who think marching bands are great and their particular kid is John Philip Sousa. These parents think the columnist is an ignorant jerk, plus a lousy father, but they withhold their criticism because they know the jerk columnist will only say: "I didn't say anything about your kid that I didn't say about my own."

Anyway, the majorette daughter didn't turn out to be such a bad deal. She was out in

front of the band and I could see her when she fumbled the baton. I was glad she wasn't one of the 36 clarinet players. I marveled at the parents who ran alongside parades, snapping photographs of horn players. "How can they tell which kid is theirs?" I wondered.

Well, my favorite majorette strutted off into the arc lights long ago, subsequently turning this neighborhood swinger into just another grandfather. But now comes Daughter No. 2. And she is a clarinet player. Oh me.

"I will buy you that \$125 horn on just one condition," I told her, "and that is if you make the band. I don't have to go watch you play." She agreed.

But her mother didn't. Christy ("Call me Chris") made the band. Her first marching performance was just the other night. I said I wasn't going. "What kind of a father are you?" my wife asked.

"I am the father of 1 horn player, not 50. But from 100 yards away, I won't be able to tell which of them is mine. You can't even tell which ones are daughters," I pleaded.

"Chris is putting her hair in a pigtail. She has the longest hair in school. All you have to do is follow the bouncing pigtail," my wife said.

So, to the surprise of absolutely no one, I went to the game. Let's face it, I knew all along I was going. I just said I wasn't because I love the way my wife looks when she's angry. (They don't make movies like that anymore.)

All during halftime I kept my eyes on that pigtail. I even nudged the guy next to me and said, "Hey, see that pigtail? That's my daughter."

"I'd love to meet your wife," he said, moving 2 seats away. But seriously, folks, I was proud as any dad there. Christy didn't fall down once. And after the game, I sought after that pigtail to tell her she did well and I really love her very much, even if I don't like clarinets.

But there was no pigtail in sight. I circulated through that entire band and not 1 girl had a pigtail. Mystery.

It would make a terrific ending to this nonsense if I could report I'd spent halftime admiring the marching of a Chinese laundry boy.

But the truth will out. When the music ended, Christy quickly undid her hair for fear she might be mistaken for a hippie. It blew in her face and I couldn't tell her from the other clarinet players with hair in their faces.

Onward and Upward, especially fathers.

TAKING FIVE

The gravedigger

By RON HUARD

Stop and think a minute. Is there any group, activity, or endeavor that has not come under some degree of attack in the last year or so? We've gripped about everything from breakfast cereals to bra-less women and from cheating manufacturers to over-zealous cops.

We've had atheists against religious people; religious people against social groups; social groups against the constitution and if this isn't bad enough, I even heard of a theater that won't sell popcorn.

We've refused, thrown, attacked, challenged, resisted, hated and lied. We've watched our seemingly petty bickering has eroded ideals which not too long ago were our inspiration. Things such as patriotism, tolerance, concern, effort, pride, involvement.

There are few areas of activity in our country which have not been chewed on for some reason or another and the ironic part of the entire mess is that we in areas not currently under

attack sit back and giggle like crazy. "Hey, look," we point out in glee. "Look at those cops! Who ever heard tell of pounding on young people the way they do...just over a few bricks and rocks."

Or else, "Man, you can't join our club. You got green skin."

We've become a nation of grippers—a nation of dissatisfied groaners grubbing about for a scapegoat to shoulder the blame for our collective shortcomings. We no longer function as a country with definite goals in mind, rather, we run wildly about in little groups raising hell over all those other people who really aren't doing the things they should.

One newscast or edition of a newspaper bears this out. About the only area where cooperation of any degree is reflected and that's in the birth announcements...and I'm not sure this guess is always entirely accurate. There are some who believe the basis

of our trouble is the family itself.

But behind all this turmoil still lies the cause of the chuckles, that got this thing going—and that is the fact that we can't see the agitation for the bickering.

We have allowed ourselves to be taken in, baby, and you better believe it.

As a people, our history reflects unity of purpose but our successes made us so fat we became smug and our powers of perception have become overgrown with mental moss.

Sure there is always dissatisfaction in any society, but an enemy who vowed to bury us has exploited these weaknesses right under our collective nose and if we don't accept this pretty soon that sniffer will be smashed to smithereens.

I don't know about you, but I'm gonna think about that the next time I start griping about teachers, financiers, unions, blacks, whites or anything else. I'm kinda tired of being taken in by the gravedigger from the east — and by myself.

Her concern is elderly people

Dear Sirs,

I want to talk about a need. No funds are raised, no advertising done, no campaigns waged for this need. My heart cries out in deepest despair about it. It's everywhere. It touches all our lives — it should be on every one's conscience. I'm talking about our elderly people — our Mothers and Fathers, Aunts and Uncles or neighbors. Why doesn't someone care?

Look around you, next door, across the street, in the next apartment. They are everywhere. Desperately lonely old folks. While we live our too-fast lives, chase pleasures of all kinds — do most of us ever stop to care about a lonely aged person? Or show them our love? We give our children everything — they take it, because they expect it — but if you want appreciation, do the smallest thoughtful deed for an elderly person. You'll make their whole day, perhaps their entire week or month.

Try it. You may do it for them, but you will find it has brightened your life too. It's real soul food! Stop and listen to their memories or sympathize with their pains. Gifts aren't what they need, they need your love, someone who really cares.

How many of you have parents that you just haven't gotten around to drop in on lately? How many mothers and fathers spend their

days watching for you to come and see them. How many tears are shed — how many hearts are breaking? So many of us are so busy doing for our children that we completely forget our parents. Rest homes are full of lonely old souls who are forgotten and neglected.

People everywhere run themselves ragged for their children yet these same people forget their own parents. In one rest home, I know of a lady, who has the most beautiful clothes of anyone in the home. Each Sunday morning she dresses up and sits and waits all day. No one ever comes.

An overheard conversation between two old ladies revealed that each was forgotten by her children. One had taken in dishes of food for a neighbor's family while the mother was ill. Now they have forgotten she lives next door and she is heartbroken about it.

Open your eyes Americans. Most other countries you find people make room for their parents and care for them.

Believe me your own happiness comes from doing for others. You say — "Oh I do for others — I give to many causes." This is a worthy cause that no one gives to or talks about. Perhaps the old couple you know has plenty of money and lots of comforts — yet they are living out their lives alone, dying a little everyday because they are forgotten and miserable — no one cares. Do for them now! Don't

wait, for tomorrow may be too late. Remember, after you've lost them, no matter how you regret your neglect, you can't do it over. We only walk this way once.

Mrs. Lester Howe
(Ann Howe)

Daylight time

Sir: All over Michigan this past summer parents with children, from the ages of 4 or 5 up to 12 or 13 have had reason to be grateful for Eastern Standard Time.

Earlier darkness made it simpler to get children off the streets at a reasonable hour. They were in bed at a more sensible time and more rested the next day.

EST meant that Michigan was in its logical time zone; it was not the land of the midnight sun. It meant that all citizens, entitled to a quiet hour or so before bedtime, did not have to hear youngsters playing on the streets till almost 10 o'clock each night.

Let's keep our evenings quiet and our children healthy.

Sincerely,
John Conley
4417 Three Mile Dr.
Detroit

View from the 87th

State eyes strike

By REP. WILLIAM S. BALLENGER

Legislators and other state officials in Lansing are keeping a close—and rather uneasy—eye on the General Motors strike for two reasons.

If it continues on very long, there will be a sharp drop in expected state revenues. This would be noticeable quickly in sales tax returns and, later, in income tax returns.

A prolonged strike not only would reduce anticipated revenues, but it would increase costs—noticeably welfare costs to take care of the families of workers whose incomes are reduced or in some instances virtually eliminated.

But even before the effects of the strike have really begun to show, welfare recipients are stirring up trouble in their recurring campaign for increased clothing allowances for dependent children.

In the last 15 months, Aid to Dependent Children (ADC) cases have increased almost 30,000—from about 55,000 in July 1969, to more than 82,000 by last September 30.

If the General Motors strike

is prolonged, the Governor and the Appropriations Committees of the State Senate and House of Representatives may have to invoke Article V, Section 20, of the State Constitution.

This requires them to reduce spending "whenever it appears that actual revenues for a fiscal period will fall below the revenue estimates on which appropriations for that period are based."

So the automobile strike is difficult not only for those thrown out of work but also for the state government which must provide more assistance for the jobless while, at the same time, taking in less tax money because of the strike. It is a vicious circle.

R. Bernard Houston, director of the State Social Services Department which handles the welfare program, predicts "we have a disaster coming up next week if the General Motors strike is not settled."

Houston, who has been made the "whipping boy" by welfare mothers demanding more money for clothing for their children, said the principal impact of the strike to date had been in food

stamps.

Fortunately for Michigan, food stamps are a federal project and the only cost to the state at present is the cost of administering the stamps. The cost of the stamps themselves, with which welfare recipients get food, is borne by the federal government and eligibility for them is decided by the United States Department of Agriculture.

The state department has begun to receive some applications for general assistance, especially from families of fathers who had little seniority in the auto plants and were thrown out of work by the strike.

But some October 15, the strike will be 30 days old and then thousands of families will become eligible for welfare under the Aid to Dependent Children of the Unemployed program.

"When we reach that date, we will have a disaster on our hands," said Houston, who pointed out that families of strikers fare much better on welfare than they do on UAW strike benefits.

MEETS WITH GOVERNOR

Paul Love of St. Johns, state president of the National Farmers Organization, visiting with Governor Milliken at a reception for Michigan agricultural leaders held in the Governor's home in Traverse City on Sunday, September 27.

Riley and Olive

By Mrs Goldie Moore

Mrs Mable Fero of St. Johns spent a couple of days with Mrs Goldie Moore last week.

Mr. and Mrs. Lloyd Brocker, Mr. and Mrs. Jarold Brocker and Matthew were Sunday guests of Mr. and Mrs. Ted Plotowicz of Novi and the men attended the Detroit football game in the afternoon.

Raymond Moore is a patient at Sparrow Hospital, Lansing and had major surgery, Sept. 21.

Mr and Mrs Bruce Blizard are the new parents of a son, Michael Lynn Blizard, born Monday Sept. 21.

Mrs Ray Moore was a supper guest of Mr and Mrs David Conklin and family on Monday evening.

Congratulations to Mr and Mrs Gary Greenfield, who were mar-

ried at First United Methodist Church, St. Johns, on Friday evening. Several from this community attended the wedding and reception.

Mr and Mrs Fred Sehlke of Fowler were Wednesday evening visitors of Mrs Goldie Moore.

VISITORS EXPECTED

Wrath of multitudes

By REV. HUGH BANNINGA

Something that we need more of in our country today is righteousness or Christian anger. A. Powell Davies in his book *The Temptation to Be Good* says that one of the serious things that has happened to most of the ordinary people today is that they have forgotten how to be indignant.

He says, "This is not because they are overflowing with human kindness, but because they are morally soft and compliant. When they see evil and injustice, they are not revolted, they mutter and mumble, they never cry out."

They commit the sin of not being angry. Yet their anger is the one thing above all others that would make them count. If they cannot lead crusades, or initiate reforms, they can at least create the conditions in which crusades can be effective and reforms successful.

The wrath of the multitude could bring back decency and integrity into public life; it could frighten the corrupt demagogue into silence and blast the rumor-monger into oblivion. It could give honest leaders a chance to win."

Jesus was righteously indignant at the evils of his day. He didn't sit back and merely wish that the evils would go away. He expressed a righteous anger against moral corruption, and He calls you and me to do the same today.

One thing we have to be careful of, however, is to be certain that our Christian anger is properly directed. We must be sure that we direct our anger against wrong deeds and not against persons.

Jesus told us that we are to love all of God's children; even the most sinful and unlovely. So what we have to do is to love

the sinner, but be angry at his sin.

But this is what we find most difficult to do; to separate the sinner from his sin. Yes, we find this difficult to do when we are looking at someone else and their sin. When it comes right down to ourselves, though, we have no trouble with this.

We can look at our own sins and really hate them, but this doesn't stop us from loving ourselves. Someone else's sins, however, can make us stop loving them.

Rev. S. Lewis made his own confession about this. He said, "For a long time I used to think this a silly straw-splitting distinction; how could you hate what a man did and not hate the man? But years later it occurred to me that there was one man to whom I had been doing this all my life—namely myself. However much I might dislike my own cowardice or conceit or greed, I went on loving myself. There had never been the slightest difficulty about it."

In fact the very reason why I hated the things was that I loved the man. Just because I loved myself, I was sorry to find that I was the sort of man who did these things.

Consequently, Christianity does not want us to reduce by one atom the hatred we feel for cruelty and treachery. We ought to hate them. . . But it does want us to hate them in the same way in which we hate things in ourselves; being sorry that the man should have done such things, and hoping, if it is any way possible, that somehow, sometime, somewhere, he can be cured and made human again."

So, if you have trouble directing your Christian anger, remember that you are to love the sinner, but be angry at his sin. Another thing we have to watch

about Christian anger is that it is properly implemented. It is not enough to register indignation against the evils in the world. The Christian must do every thing he can to channel that indignation into appropriate action which will help to correct an evil situation.

As Christians we should hate wrong deeply, because we love the right so deeply. This is what Jesus did. He properly implemented his indignation. He spoke out against the scribes and Pharisees and their confused sense of values. He cleared out of the Temple the money-changers and the dealers in sacrificial animals.

But, at the same time, he went about doing good. He healed the sick, he taught good moral principles, he preached about God's love, and he offered to everyone the Kingdom of God and a life as a redeemed sinner.

Christian anger must be properly implemented. It must be followed up by every kind of positive and constructive action to end the evils of the day.

If only more of those dedicated reformers of our society would keep this in mind! Too many of the reformers today have bought into the philosophy that "the end justifies the means." Too often the means is violence, and this is always destructive.

We must properly implement our Christian anger. This means we must be involved in positive actions that will help to end violence, to end racism, to end injustice, to end all that is destructive of human society.

If you are a Christian, and you get angry, just remember to properly direct and implement your anger.

Right on, Mr. N

By TIM YOUNKMAN

The quest for "a just peace," or "peace in our time" or "a lasting peace" is commendable ideal for any person or generation to seek.

It may be more elusive than the "Holy Grail," but the rewards of such a success far outweigh the hardships of the endeavor.

Thus is the mood that millions of Americans viewed the President last week as he outlined his five-point peace proposal.

The Hanoi government, though not unexpected, called the plan a clever play to gain the sympathy of the electorate and November votes.

Whether the North Vietnamese study the plan in private and offer a secretive bargain remains to be seen.

What is more important we now stand ready to trade prisoners, install more representative government, establish withdrawal timetable and discuss a cease fire for the entire region.

It is ironic that these same proposals have been hawked by the doves for years. Nevertheless, the proposals are sound and could allow for the U.S. disengagement in a relatively swift and orderly manner.

The vital question that remains—what to do if the plan is turned down by the enemy? Do we continue the fighting, despite the fact that Mr. Nixon has declared the South Vietnamese army competent to take over the entire load of the combat?

Do we simply forget the enemy prisoners locked in thousands of infamous "tiger cages" throughout the south? Dare we risk the mass murder

of American prisoners held in the North?

Are we expected to re-escalate the war as the North Vietnamese prepare for a new winter offensive?

Can our nation afford to spend billions more for the defense of that nation while we watch our own crumble from decay within?

The President's curious statement about finally achieving peace in this century could become reality, at least for our nation.

We need time. Time to rebuild and reorganize the ruins of our technological advances.

We need to adjust, mentally, to a new social conscience.

It may be a true statement that we have never been invaded by the enemy in war during this century—but the effects of that war have rocked and wrinkled our social and moral fiber.

We aren't living in the 1950's—thus our diplomacy has been outdated by modern events.

Mr. Nixon appeared last week to realize that fact and act on the consequence.

Right on, Mr. Nixon! We've made some headway in modernizing our minds.

What we need, and may have found, is a chief-of-state who is not concerned with history books.

UAW OFFICE

at 303 N. Clinton St.

Ph. 224-7666

is now open on Tuesdays and Thursdays,

from noon to 5 p.m.

UAW organizer, Bill Cross, will be in the office on those days to talk to workers interested in possible organization of their plants. He is particularly interested in seeing employees of Federal-Mogul and Sealed Power. Cross also can be contacted at the UAW Owosso Office, Ph. 723-5186.

IT'S JUST GOOD BUSINESS TO JOIN THE UAW

The Rt. Rev. Bernard J. Sheil Catholic Bishop once said: "If a Non-Union worker in a partially organized industry is receiving a good income, it is quite probably because his Non-Union employer, in order to keep the Union out, meets, or nearly meets, the higher wage and hours standard of Union establishments. Clearly such Non-Union employees are eating the fruits of others' sacrifices. The workers in the Union shops perhaps risked their jobs to get their Union recognized, and pay monthly dues to keep it going. It is a categorical injustice for Non-Union employees, enjoying the common benefits, to refuse to carry their share of the common burden."
