Attending the kickoff breakfast Monday at Walker's for the Clinton County Communities Chest campaign were these chairmen and workers, and others who arrived after the picture was taken. Mrs Marie Thelen, Chest president, is standing. Others are, left to right, Mrs Helen Kohls, Mrs Donna Love, Milo Rowell, Mrs Mel Warren, Art Halfmann, Rev Gerald Churchill, Mrs Thelen, Harold Green, Louis Merignac, Don Gilson, Ken Moore, Charles Huntington, and Bill Graef.

## Kickoff breakfast held

### Communities Chest drive starts

The Clinton County Communities Chest had its official "kick off" Monday morning with an informal breakfast at Walker's Cafe for business and industry campaign workers.

At the same time, Clinton County rural residents were being mailed letters from Communities Chest President Mrs Marie Thelen urging individual contributions toward a goal of \$27,000 that will benefit nine agencies serving in the county. Some 4,500 letters were mailed out.

Dave Froh of Michigan United Fund spoke Monday morning at the kickoff breakfast. The United Fund is one of the nine agencies and would receive \$5,900 under

the Clinton County Communities Chest budget; the United Fund would in turn divide its share up between a number of agencies.

Other agencies connected with the local Communities Chest include Michigan Children's Aid Society \$600, Red Cross \$10,000, St Vincent DePaul Society \$1,000, Lansing Child Guidance \$700, Salvation Army \$2,200, Boy Scouts \$3,700, Girl Scouts \$2,100, and Chamber-4-H Fair \$500.

The Communities Chest residential drive in St. Johns will begin soon under the direction of Mrs Fred (Mary) Meyer. Assisting her will be Mrs Clare Maier, Mrs Allen Tiedt, Mrs Burt Dicken, Mrs Gene Benson,

Mrs Raymond Parr, Mrs Wayne Ward, Mrs Robert Frechen, Mrs George French, Mrs Elton Hufnagel, Mrs Richard Pung, Mrs Charles Stachel and Mrs William McCarthy.

Other chairmen for the drive, named earlier, are Ed Izkowski, Industrial drive; Milo Rowell and Charles Huntington, business drive; Dr R. L. Wohlers, professional drive; Rev Gerald Churchill, clergy drive; Steve Bakita, school drive; and Mrs Donna Love, hospital drive.

Out-county chairmen working toward the Communities Chest goal are Roman Koenigsnecht at Fowler, Charles Hengestach at Westphalia, Arthur Newman at DeWitt, Harold Green at Ovid, and Stanley Loznak at Elsie.

**P-W going to voters with 10-mill proposal**

PEWAMO-WESTPHALIA—For the third time this year P-W voters will return to the polls to cast their ballots on additional millage for school operating costs—but this time for 10 mills. The election has been set for Dec. 2.

A citizen's study committee comprised of 38 members has been re-activated and will meet Oct. 25.

Supt. William Steinke stated the 10 mills would amount to about \$93,000. This would then cover the cost for general operations for the 1968-69 school year replacing the three mills which have already expired this year. Provided would then be an additional seven mills.

VOTERS HAVE twice rejected three-mill proposals here this year, once on June 12 and again on August 28 resulting in an

# County hikes salaries despite tight budget

## Spending for 1968 approved

County appropriations and a report on the amounts of county tax to spread within each political unit of the county received quick approval by the board of supervisors Monday.

Both items are usually routine at the October meetings of the board, the details having been worked out by the equalization and the appropriations and finance committees.

The board made appropriations for 1968 totaling \$696,341.77, the money for which will be raised by 5.63 mills (allocated by the county allocation board) tax on the state equalized valuation in the county.

ROBERT L. VANAUDSALL

TWO NEW APPROPRIATION items this year are a \$27,000 figure to the new Mid-Michigan District Health Department, and \$200,000 for the repayment of tax anticipation notes which the board also gave final approval to at Monday's meeting.

The rest of the \$696,341.77 total will be spent like this: contingent fund \$374,731.77, Department of Social Service \$55,800, county drain at large \$7,850, and miscellaneous appropriations \$30,960.

The appropriations are for county spending in 1968. The millage of 5.63 mills will be spread on the December tax rolls and will produce these amounts of money from each township:

Bath \$48,507.17; Bengal \$21,022.56; Bingham \$28,006.86; Dallas \$31,711.40; DeWitt \$120,864.05; Duplain \$38,236.13; Eagle \$25,200.61; Essex \$19,010.13; Greenbush \$23,891.46; Lebanon \$12,868.39; Olive \$27,832.78; Ovid \$47,372.13; Riley \$19,483.64; Victor \$24,392.85; Watertown \$57,079.14; and Westphalia \$26,119.78.

THE CITY OF ST. JOHNS will pay \$111,560.92 in county taxes, while the City of DeWitt property owners will be paying a total of \$13,181.75.

The equalization committee consists of Lorenz Tiedt of St. Johns as chairman, and Walter Thelen of Westphalia, Reginald Nelson of DeWitt, Claude Underhill of Victor and Gerald Shepard of Bath. The appropriations and finance committee is headed by Charles Coletta of St. Johns and includes Derrill Shinabery of Greenbush, Donald Clark of St. Johns, Walter Nobis of Lebanon, and George Moore of Duplain.

Since the county acts as a collecting point for taxes for other government units, the appropriations report also called for the spreading on the 1967 tax rolls of:

All monies voted and allocated in the various townships, villages and cities for general fund or debt service; all monies voted and allocated to the various school districts in their respective township or city for operation expense, debt service, special education, extra voted operating and intermediate school; all drain taxes which were authorized and assessed by the drain commissioner on various drains in the county; and also all rejected taxes, if there be any.

## Elected officials get boost for '68

The county board of supervisors did some tightrope walking Monday between what they called austerity and common-sense government.

The board approved new, higher salaries for the elected officers of the county and sent back to its salary and clerk hire committee some general recommendations for higher pay for courthouse employees.

"We've had more resignations from our county staff this year than ever before," board Chairman Ernest Carter of Watertown remarked during lengthy discussion on salaries. "We should consider better wages in order to head off further losses of employees."

The board delayed action on employees' salaries pending the committee's study, but they did approve annual salaries for elected officers, as is required by law at the October meeting. These include:

COUNTY CLERK \$8,000, an increase of \$800; county treasurer \$7,800, an increase of \$800; register of deeds \$7,000, an increase of \$500; drain commissioner \$7,500, an increase of \$1,000; prosecuting attorney \$11,500, an increase of \$500; and sheriff \$8,000, an increase of \$800.

The salaries approved by the board were different from what the salary and clerk hire committee had recommended. Maurice Gove of Bingham Township, chairman of the committee, recommended salaries that were from \$200 to \$500 below those finally approved.

Gerald Shepard of Bath, one of the members of the committee, explained that that had been done "because the committee felt we were on an austerity budget even though we think our employees are not paid enough."

Charles Coletta of St. Johns then proposed an amendment to the committee's proposed salaries, commenting that "we do have to live as close to austerity as possible, but there are vital functions that are essential to our operation, and our people are one. We have to take care of them or lose them."

Passage of the new salaries was not outright. Coletta's amendment passed by an 11-9 vote. Voting in favor of the amendment were Supervisors Shepard of Bath, Reginald Nelson of DeWitt Township, Russell Howe of Eagle, Derrill Shinabery

## Postal box pickup times adjusted

Some changes in mail box collection times were announced this week by the St. Johns Post Office.

Beginning this Saturday, the 7:30 a.m. collection in the business district will be eliminated, and the 4 p.m. business district collection will be moved up to 3:30 p.m.

Due to lack of use, a few other individual boxes around town have had collection time changes.

"We would suggest checking the time on the collection box, or bringing your important mailings to the post office by 5:15 p.m. for same-day dispatch," the post office said. "Local mail deposited before 8 a.m. at the post office will receive same-day delivery."

## Water use tops 40 million gallons

St. Johns water wells pumped 40,955,000 gallons during September, according to a report to the city commission Tuesday night by Glenn Austin, water plant superintendent.

The average daily pumpage was 1,365,250 gallons. The highest water use during September came on the 8th when 1,670,000 gallons was used, and the lowest amount used was 783,000 gallons on Sept. 24, a Sunday.

## HELP STAMP OUT FIRE

Redheaded Scott Downing, 9, flashes a smile from the cab of a St. Johns fire truck last Thursday as city firemen and insurance men gave free rides to all third and fourth graders in St. Johns city schools. The fire hat and experience on the truck help keep the fire safety message in mind for a long time, firemen hope. Scott, a third grader at Perrin-Palmer School, is the son of Mr and Mrs Eugene Downing of 698 N. Lansing Street.

### Scouting program active here

The scouting program for boys and girls in Clinton County has been an active one, and it can be a rewarding experience for everyone—adults or youth—participating. Communities Chest contributions help make it possible.

The Girl Scouts have troops in Eureka, St. Johns, Maple Rapids and DeWitt, serving in all four communities. Brownies, juniors, cadettes and senior Scouts. This past year they held their first camporee at the St. Johns City Park, with girls from all four communities participating.

Souts from Maple Rapids and Eureka joined the local girls, and they have established a resource library managed by the neighborhood chairman. Books were also added to the St. Johns Bement Public Library.

LEADERS OF THE Girl Scouts must take training for leadership at any of the four levels. The annual cookie sale covers the cost of maintaining their many campsites.

This past summer the area council hosted 12 Norwegian Girl Guides and their adult leader for two months. It was a cooperative project with the Girl Scouts of the USA and the Experiment in International Living—an invaluable experience for all.

The Boy Scouts have troops in DeWitt, Elsie, Eureka, Fowler, Maple Rapids, Ovid and St. Johns. These boys have been very active, with 175 attending a fall camporee last year, 141 participating in the Klondike Derby in February and 207 at the spring camporee.

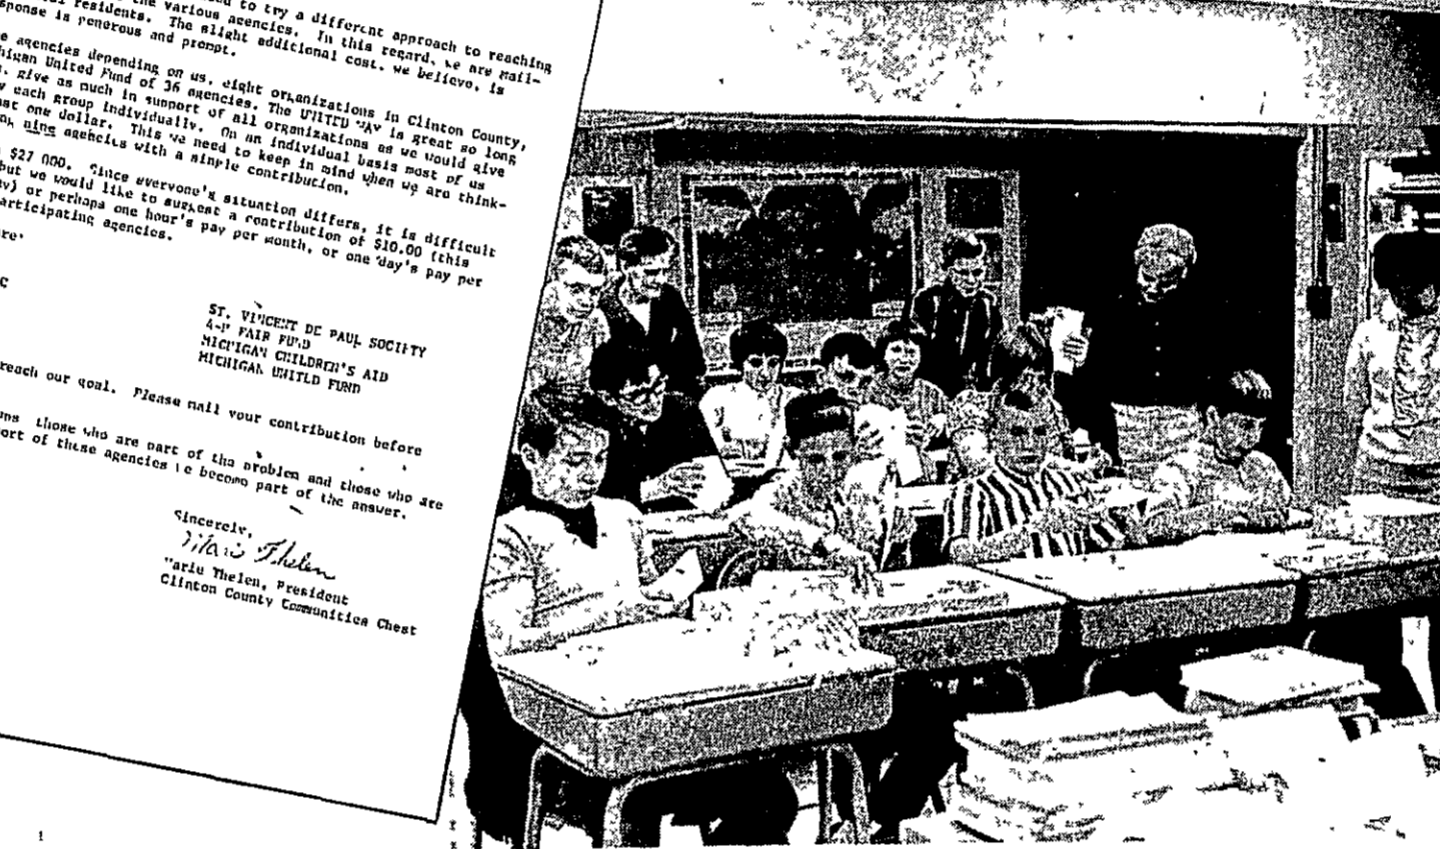

The same three events are planned for this year, as well as a Scout Fair in June 1968 for both girls and boys troops.

Unlike the Girl Scouts, the camps for the Boy Scouts are maintained through Communities Chest contributions. Both of the organizations have offered camperships for the less fortunate.

## Working for rural Chest contributions

For the first time this year, the Clinton County Communities Chest will utilize direct mail in requesting donations from county residents in the rural areas. Some 4,500 of these letters were mailed out this week, thanks to help in folding them from several groups of St. Johns youngsters who volunteered their services. In the top picture Girl Scouts from St.

Johns Troop 522 under the direction of Mrs Donald Pease (right, at back of room) spent last Wednesday afternoon folding and stuffing envelopes, and Thursday students in Mrs Dorothy Welsh's special education room at Central School did the same thing.

Dear Clinton County Resident

October 16, 1967

The year the Communities Chest Board has decided to try a different approach to reaching the rural area for contributions for the various agencies. In this regard, we are mailing the annual to 4,500 rural residents. The slight additional cost, we believe, is well spent if your response is generous and prompt.

We need to think of the agencies depending on us, eight organizations in Clinton County, as we are approached by each group individually. On an individual basis most of us would gladly give at least one dollar. This we need to keep in mind when you are thinking in terms of support, also agencies with a single contribution.

Our goal for this year is \$27,000. Since everyone's situation differs, it is difficult to propose a fair share, but we would like to suggest a contribution of \$10.00 (this would be less than 3¢ a day) or perhaps one hour's pay per month, or one day's pay per year to cover all of the participating agencies.

The agencies in our Chest are:

- AMERICAN RED CROSS
- LANSING CHILD GUIDANCE CLINIC
- BOY SCOUTS
- GIRL SCOUTS
- THE SALVATION ARMY
- ST. VINCENT DE PAUL SOCIETY
- CLUB FAIR PLAY
- NICHOLSON CHILDREN'S AID
- MICHIGAN CHILD FUND

With your cooperation we will reach our goal. Please mail your contribution before October 31st.

Money is divided into two groups: those who are part of the problem and those who are part of the answer. By our support of these agencies is become part of the answer.

Sincerely,  
Mrs. Thelma  
Thelma Thelma, President  
Clinton County Communities Chest

### Report tax 'take' on July sales

Clinton County's 476 reporting businesses turned over to the Michigan Revenue Department a total of \$160,303.20 in sales taxes in August, the money representing sales during July. Food sales again was the major category of business, accounting for \$53,252 in sales taxes, while automotive sales brought in \$45,340 in sales taxes. Other business categories and the amounts involved were: building material \$30,215; general merchandise \$4,012; apparel \$2,494; furniture \$6,623; miscellaneous retail \$5,195; and non-retail \$13,174. Total use taxes collected during August amounted to \$13,112.97.

### US-27 project bids to be opened

The State Highway Commission will open construction bids on an estimated \$25 million in highway projects Nov. 1, including one affecting Clinton County residents. That project is the widening from four to five lanes and the bituminous concrete paving of 2.8 miles of US-27 from Douglas Street in Lansing north to Northcrest Road in DeWitt Township. Estimated cost of the project is \$1,530,000. A completion date of Dec. 15, 1968, has been set by the commission. The United States had an average of 50.5 persons per square mile of land at the end of the 1960 census.

### Salvation Army helps local people

The Clinton County unit of the Salvation Army responded to requests for aid by over 20 families during the past year. Fuel oil, groceries and clothing were the items provided most frequently. In many cases the work of the local unit bridges the gap between the emergency a family faces and government help which may not begin for several days or weeks. The local unit is made up of William Morriss, chairman; Luella Canfield, caseworker; and Charles Huntington, treasurer, all of St. Johns. The work of the Salvation Army comes entirely from funds contributed through the various communities throughout the United States. Contributions to the Clinton County Communities Chest not only support the direct aid given to local families but help to maintain state and national Salvation Army programs, such as hospital care for unwed mothers, disaster fund, prison and parole program and others.

### City to become '68 'field lab' for MSU

St. Johns will become a field laboratory for MSU students in the College of Social Science and the School of Urban Planning this year. Mayor Charles Coletta announced this week that officials of the two schools have asked City Manager Ken Greer to serve as guest lecturer for his senior course on master planning. The plans were worked out with Greer by Professor Carl Goldschmidt and Professor Keith Honey, who share student sections in the course. During the year, students from this course will be contacting certain officials and citizens of the community as their study and planning work progresses. St. Johns will become the field laboratory for the 1967-68 school year, and citizens are urged to cooperate with the students. Each student will carry a letter of introduction from Director Myles G. Boylan of the Urban Planning faculty. This course will introduce the student to the methods and procedures for preparing a community physical development plan.

### Driver slightly hurt in parking lot crash

Stewart W. White, 25, of Lansing, complained of pains as a result of a collision of his auto with a telephone pole at the edge of a tavern parking lot last Thursday afternoon. White told sheriff's officers he was circling around Jorgias Bar in DeWitt Township when another auto forced him into the pole in the lot. The other car did not stop, he said.

### Criminal Court

Frank Genson, 47, of Farmington, Mich., was fined \$100 plus court costs of \$19.30 by Municipal Judge Alba Wert last Friday on a charge of driving under the influence of liquor. He had been arrested Oct. 12 by state police. Terry L. Leverett, 20, and Joseph M. Murphy, 21, of Lansing, were each bound over for circuit court arraignment Oct. 17 on charges of breaking and entering. They were arrested in DeWitt Township last Wednesday by sheriff's officers and charged with a burglary at the Fenning's Drug Store. Justice of the Peace Gordon Willyoung set bond of \$5,000 for each man. Henry D. Moxley, 31, of 15537 Outer Drive, Bath, is sitting out a 30-day jail sentence imposed Monday by Circuit Court Judge Leo Corbin. Moxley was also ordered to pay \$300 costs. He was arraigned on a non-support charge.

of Greenbush, Walter Nobis of Lebanon, Earl Barks of Olive, George Austin of Ovid, Carter of Watertown and Coletta, Lorenz Tiedt and Don Clark of St. Johns.

VOTING AGAINST THE AMENDMENT were Supervisors Raymond Mayers of Bengal, Gove of Bingham, William Hufnagel of Dallas, George Moore of Duplain, John Setterington of Essex, Norman Thelen of Riley, Claude Underhill of Victor, Walter Thelen of Westphalia and Ray Price of the City of DeWitt. "I think austerity has loomed larger than it should," Chairman Carter commented before the vote. "We have lost some valued employees and will lose more if we don't make adjustments."

After the amendment passed by the 11-9 margin, the amended motion passed without opposition. The new salaries will take effect Jan. 1, 1968.

Salaries of county employees will be studied by the committee and brought up before the board at its Nov. 6 meeting. Members of the board outside the committee also urged the committee to study the possibility of changing the number of experience classifications or increasing the salary ranges within classifications in an effort to make county jobs more desirable.

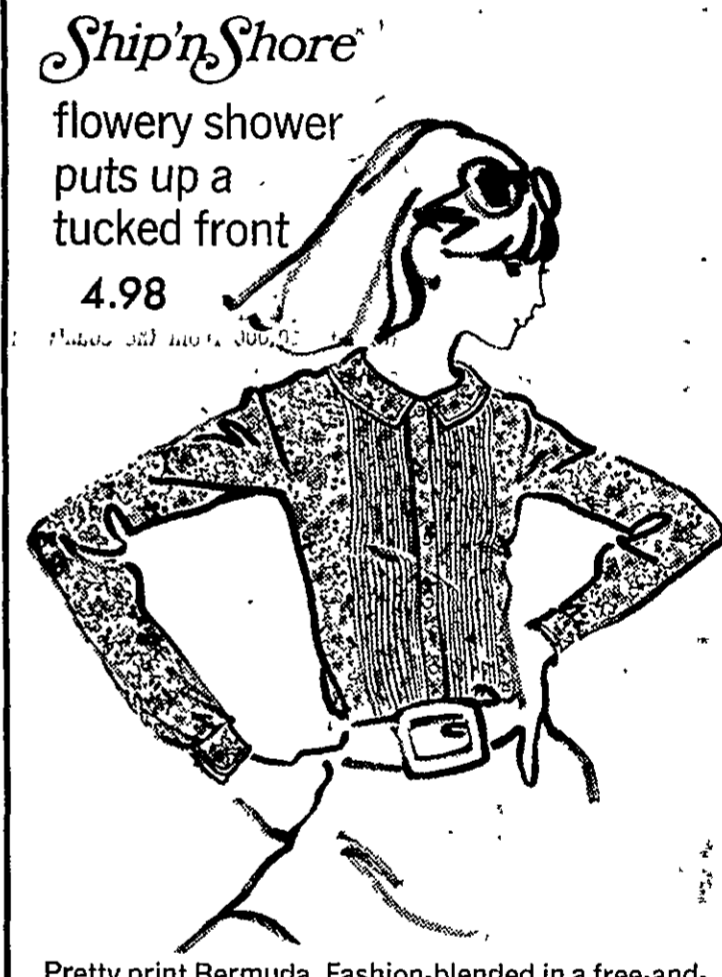

SUPERVISORS ALSO APPROVED two recommendations of the salary and clerk hire committee. One was the deletion of the \$250 subsidy wage payment made by the county to the circuit court reporter, and the other was that county road commission members receive an annual salary of \$1,500 for 1968.

### Band bowling tourney starts this Saturday

The St. Johns High School Band's bowling tournament—proceeds from which will aid in the payment on the new band uniforms—will start this weekend and conclude the weekend of Nov. 4 and 5. Trophies will be awarded for ladies, men and school-age boys and girls. Entry fee is \$5. It will

be a 3-6-9- tournament (free strikes in those frames), with bowlers rolling four games and using their best three for tournament scoring. Entries close this Saturday. Entry blanks should be mailed to band Director Walter Cole or left at Redwing Lanes on North US-27. Orth Tatroe, owner of the bowling alley, is donating the use of the alleys for the tournament. ### New rates effective in December

# Dog license fees increased

Dog owners are going to have to pay more next year for the privilege of keeping that pet.

The Clinton County Board of Supervisors approved new license fees Monday, raising the fee for male and unsexed dogs from \$2 to \$4 and the fee for female dogs from \$4 to \$6.

The new rates were established by an amended motion Monday by a 12-5 show-of-hands vote. The original motion called for a \$4 fee regardless of sex of the dog.

While the board acted quickly on that item, they will wait until the Nov. 6 meeting to decide on whether they want the dog census job to be handled by the dog wardens or retained by the supervisors.

RUSSELL HOWE OF Eagle Township, chairman of the board's resolutions committee, said a formal resolution would be required if the dog census duty is to be relegated to the dog wardens. The resolution would state which townships such changes would be effective in.

An expected debate over a proposed annexation to the City of DeWitt never did get off the ground after two false starts during the county board's Monday meeting. The board decided to delay the discussion until the

Nov. 6 meeting to allow time for a written opinion on the question by Prosecuting Atty. Rolland Duguay.

Duguay met for about 45 minutes Monday morning with the board's legislative and re-appointment committee, and then the group met again for about 15 minutes during the afternoon.

George Austin of Ovid, chairman of the committee, told the board the prosecutor wished to have time to write a formal opinion on the annexation question. He asked that consideration be postponed until Nov. 6.

THE SUPERVISORS unanimously approved a resolution authorizing board Chairman Ernest Carter and County Treasurer Mrs. Velma Beaufore to sign tax anticipation notes for \$200,010. Carter and Mrs. Beaufore had accepted the best bid on the borrowing of the money from the Clinton National Bank and Trust Co. of St. Johns at an interest rate of 4 per cent per annum. The notes will mature March 1, 1968.

In other business Monday: \*The board rejected a motion for a resolution similar to one forwarded by Montcalm County calling for a statewide minimum salary for prosecutors, with the state to share in the expenses.

After the motion was made, discussion concerned an earlier resolution of the board which protested any state interference in the setting of salaries for county officials. Recollection of that resolution prompted supervisors to wholeheartedly reject their own motion and the proposed resolution.

THE MATTER WAS referred to the resolutions committee, however, for consideration of rewriting it to include several other points in the Montcalm resolution, including state reimbursement to counties for the costs of criminal appeals.

\*Health Committee Chairman Gerald Shepard said a meeting between the health committees of the Clinton and Eaton boards would be held in Charlotte Nov. 8 for a discussion on a possible joint mental health clinic.

\*The board approved the transfer of \$10,000 from the county general fund to the revolving drain fund. The drain committee is to designate later which drains the money is to be charged against.

\*The zoning committee will report at the Nov. 6 meeting on possible costs for a suggested complete rewriting of the county zoning ordinance.

\*THE BOARD IS STILL considering the possibility of selling the county infirmary, and Monday they authorized the finance and appropriations committee to use the county engineer to draw up soils maps, building sketches, etc., which would better enable the committee to see what they have available and to what uses the land might be best suited.

\*The civil defense committee reported having received only two applications so far for the job of civil defense director. Action will be delayed until the November meeting. The committee may also report then on the installation of a CD siren air compressor at the courthouse, details of which are still being worked out.

### Crashes hurt 2 over weekend

Two persons were hurt over the weekend in auto accidents in the southern part of Clinton County.

Mrs. Thelma Bullock of Lansing was hospitalized at Ingham Medical Hospital with injuries received when the car in which she was riding skidded on slippery pavement on East Clark Road and rolled over onto its side in a ditch.

The accident occurred a mile east of Wood Road. The driver, Colleen Bandt, 25, of Perry, told sheriff's officers she hit a bump in the road and skidded on slippery, wet pavement.

John Jolly, 17, of 109 E. Steel Street, St. Johns, was hospitalized at Sparrow Hospital in Lansing with facial cuts and bruises as a result of an accident on Price Road Saturday.

Jolly was a passenger in a car driven by Wayne Weber, 18, of R-3, St. Johns. Weber told sheriff's deputies he swerved to miss an oncoming car, hit an embankment and the car rolled over.

### First Nighters comedy opens next weekend

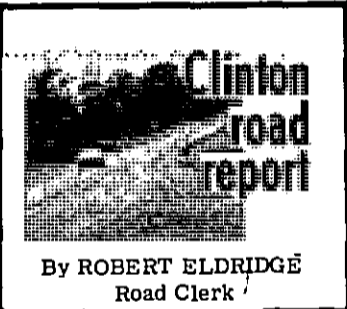

Rehearsals are entering the final week for the St. Johns First Nighters' presentation of "Goodby, Charlie," a comedy about a playboy who meets an untimely death and is reincarnated as a woman.

Eugene Livingston will direct the play. "Goodby, Charlie" will be presented next Thursday, Oct. 26, and Saturday, Oct. 28, at the St. Johns High School auditorium. Curtain time is 8 p.m.

'SNOOPY' AS INCENTIVE

The East Ward PTA will hold its first meeting of the year Monday night, and as an incentive to good attendance, officers have donated the stuffed "Snoopy" dog (of "Peanuts" fame) to reside in the room which has the best percentage of parent attendance. Kindergarten twins Brenda and Linda Boling and Joe and Joan Caudy get acquainted with Snoopy. Monday night's meeting will start at 7:30 p.m.; teachers will be in their rooms at 7. Mike Humphrey, physical education instructor, and Jack Travis, art instructor, will discuss "What We're Doing With Your Children."

By ROBERT ELDRIDGE Road Clerk

The wet weather has plowed down the road commission's operations in more ways than one this past week. Several employees have been off because of sickness, probably attributable to the weather, and road construction has been slowed for the same reason.

The Yeager Bridge Co. has started rebuilding of the Shavey Road bridge just west of DeWitt. DeWitt school buses have been rerouted temporarily because of the project. It is hoped that it will be ready for service within the next three weeks.

A much-needed cement driveway is being poured for the west driveway onto M-21 here at the garage.

Our gravel stockpiles are being replenished at two locations by gravel processing firms these past two weeks. Sources of gravel supply for the future are a matter of concern for the commission. Huge quantities are being consumed, and available supplies are hard to obtain.

The commission meets this coming Wednesday and has a rather full agenda, considering matters and planning for next year's operations.

It is surprising to me, since working here at the commission, how many requests we get for county road maps. Many organizations such as schools, Chamber of Commerce, civil defense units, truckers and so forth almost daily ask us for considerable numbers of county maps. We are always glad to honor these requests, even though the furnishing of such maps represents quite an item of expense in our budget.

### Area Scouts tops at district camporee

MAPLE RAPIDS—Thirteen Maple Rapids Boy Scouts from Troop 510 returned Sunday evening from a three-day camporee at Camp Schimlcon near Portland, where Scouts from 27 patrols around the Chippewa District were tested in scouting skills.

Troop 510 was the only troop at the camporee with 100 per cent patrol attendance, and both patrols won blue ribbons for being among the top five patrols. A patrol from the Eureka Boy Scout Troop emerged first place among the 27 competing and they won a chef's tool kit. Patrols from the Maple Rapids and St. Johns Troop 71 tied for a second place only six-tenths of a point behind Eureka. The Maple Rapids boys won a camp griddle and the St. Johns boys were awarded a canvas water bag.

Attending from the Maple Rapids troop were Scouts Chris Cook, Mark Allen, Martin Stewart, Fred Rexius, Randy Craig, Dwight Craig, Gary Floate, Jeff Eastlick, Mark Eastlick, David Stewart, Rodney Brock, Brad Blemaster and Dennis McDonald. Adults accompanying them were Don Allen, Doug Cook, Jim Stewart, and Don Wiseman.

### 50 persons get immunizations

DEWITT—Fifty persons received 76 immunization shots at the monthly immunization clinic last Wednesday in DeWitt. It was the smallest turnout in recent months. The Mid-Michigan District Health Department, sponsors of the clinic, said 21 DPT shots were given along with 8 DT, 10 measles vaccine shots, 11 small pox vaccinations, 3 TB skin tests, 21 oral polio vaccine doses and 2 typhoid shots.

### Local student commended

A letter of commendation honoring him for his high performance on the 1967 National Merit Scholarship Qualifying Test (NMQST) has been awarded to one student at Rodney B. Wilson High School, Principal B. Stanley Pocus has announced. The commended student is Edward C. Lublow, son of Mr and Mrs Robert Lublow of St. Johns. He is among 40,000 students in the United States who scored in the upper 2 per cent of those who will graduate from high school in 1968. The commended students rank just below the 14,000 semi-finalists announced in September by the National Merit Scholarship Corporation (NMSC).

John M. Stalnaker, president of NMSC, said: "Although commended students advance no further in the Merit Scholarship competition, their outstanding record in a nationwide program deserves public recognition. Their significant academic attainment gives promise of continued success in college."

"THE COMMENDED students should be encouraged to pursue their education since their intellectual talent represents an important and much-needed natural resource. Our nation will benefit from their continuing educational development."

### Open Letter from VAN W. HOAG

Dear friends,

A local citizen recently said, "I just can't make a personal call of sympathy when my friends are bereaved . . . I never know what to say."

We have observed that it isn't necessary to say anything. Your presence speaks for itself.

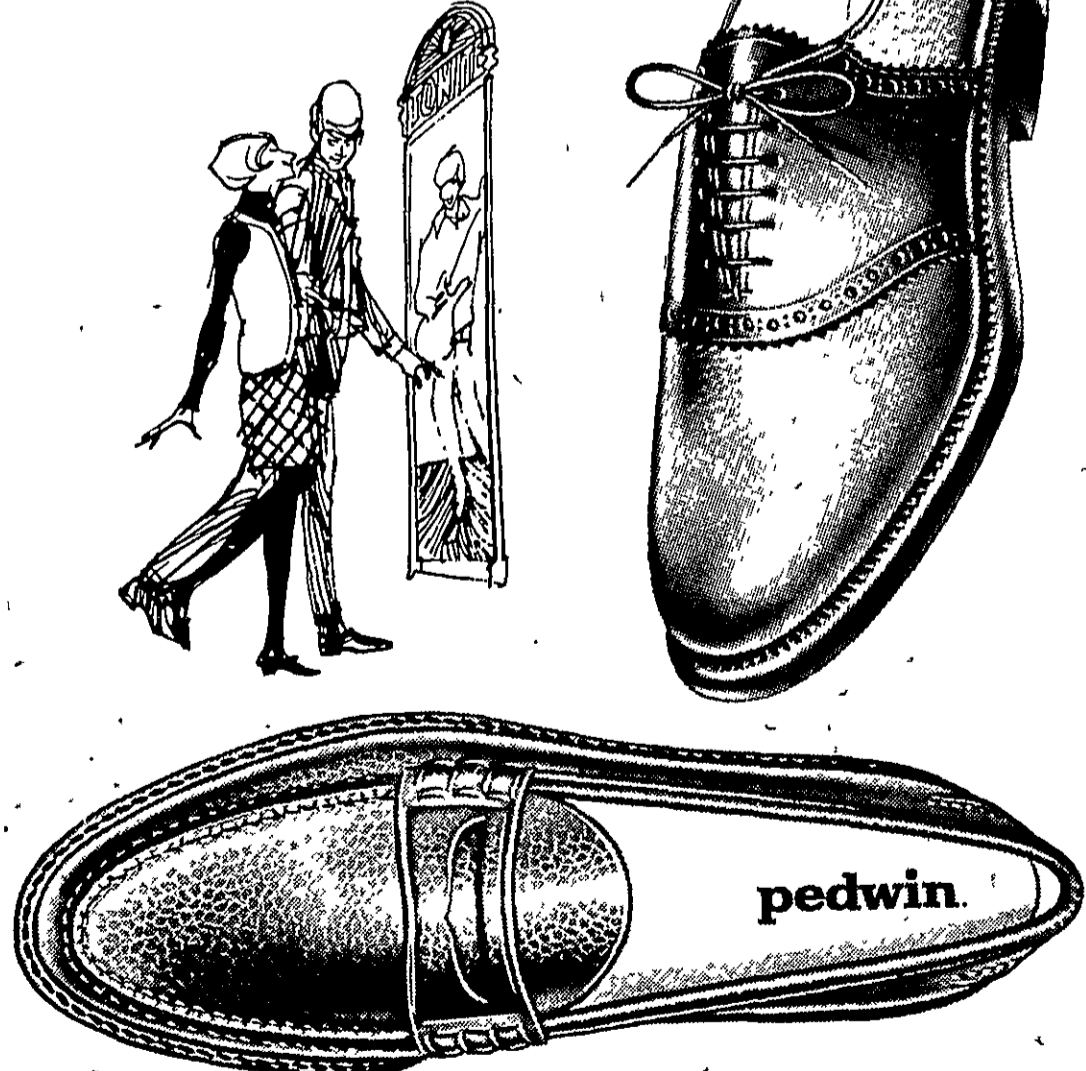

Friends mean more to a family, in time of bereavement than anything else. The act of sharing their grief is deeply comforting.

Respectfully,

### On-the-job training in third year here

## 20 students, 12 businesses in co-op program

Another 20 St. Johns High School students are involved in a cooperative education program with merchants and offices in the business community this year. The aim is to give the students some on-the-job experience in office work before they get out of school and have to do the work fulltime.

"It's proving to be an excellent laboratory for them," said Bill Swears, business education instructor and coordinator of the cooperative program. Under the program, students work part time during school hours for cooperating businesses and get both pay from the businesses and academic credit at

school. The students meet regularly with Swears to discuss experiences and problems and to share these with other cooperative education students. THIS IS THE THIRD year of the cooperative education program in the St. Johns schools. It was revived in 1965-66 by

John Furry after about a five-year lapse. Swears took over coordination of the program last year. Students and their training stations and supervisors are: Donna Ballard at Clinton National Bank and Trust Co., Eileen Boak at Clinton County Soil Con-

servation District office, Cathy Buck at the St. Johns Municipal Building, Kathleen Carter and Penny Crowell at Clinton Memorial Hospital, Diane Holt at the Clinton County Extension office. Phyllis Kleuckling at Federal-Mogul, Janet Leonard at Central School, Kathy Malusek at the Clinton County treasurer's office, Linda Marek at the Clinton County Soil Conservation District office, Janice Moore at Clinton Memorial Hospital, Mark Ott at Central National Bank, Vicki Paseka at the high school;

KATHLEEN POPE at the St. Johns Municipal Building, Suzanne Remus at the Soil Conservation District office, Marjorie Thornton at Michigan Title Co., Terrie Watson at Burton Abstract, and Susan Wickerham and Peggy Young at the high school.

Mark Ott, the first boy on the business education cooperative program at the high school, sorts and registers checks on one of the many machines he's learned to operate while working at the Central National Bank on the co-op program.

## Homecoming, elections keep Fowler students busy

By Marcia Feldpausch

The scene at Fowler High last week was a very busy one as everyone was preparing for the football homecoming. Plans for the float were drawn up and carried out by Paul Wieber.

Sharon Frechen was chosen queen, and her court consisted of Joyce Harr, Virginia Bertram, Karen Simon, and Lana Upton. Representing the junior class were Virginia Martin, Linda Thelen and Irene Feldpausch. The sophomore representatives were Kathy Rademacher, Shirley Thelen and Mary Wieber. The freshman chose Lee Ann Upton, Debbie Pline and Denise Boak.

ELECTED AS CLASS officers for the seniors are Bud Conley, president; Bob Fox, vice president; Paul Wieber, secretary; and Jim Miller, treasurer. Student council representatives are Marilyn Weber and Steve Nobis.

The junior officers are Allen Pohl, president; Sam Simon, vice president; Mike Wieber, secretary; and Tom Nobach, treasurer. S.C. representatives are Diane Fox and Don Thelen.

Sophomores: Shirley Thelen, president; Judy Koenigs-knecht, vice president; Bill Klein, secretary; and Beverly Feldpausch, treasurer. S.C. representatives: Janice Luttig and Don Koenigs-knecht. Freshmen: Jerome Pohl,

president; Steve Spitzley, vice president; Jane Wieber, secretary; Joyce Feldpausch, treasurer. S.C. representatives: Terry Thelen and Debbie Pline.

The Central Michigan League Student Council met Oct. 4 at Portland St. Pat's. Two members from the Fowler High Student Council were elected to office at the meeting—Joe Koenigs-knecht as chairman and Marilyn Weber as secretary.

SIX GIRLS FROM the senior class have volunteered to be candy strippers at Clinton Memorial Hospital in St. Johns. They are Linda Thelen, Marcia Feldpausch, Marilyn Weber, Elaine Ruhl, Lana Upton, and Diane Boak.

The juniors received their class rings Sept. 19. The seniors, sophomores, and freshmen were busy taking achievement tests last week.

Transfusion of warmed blood rather than cold blood has a better effect on a patient who requires a transfusion while undergoing surgery. Warmed blood transfusions, says a Harvard Medical School researcher, lower vascular resistance to blood flow and increase the output of blood from the heart to the tissues.

MR AND MRS GLENN GRUBAUGH

## Newlyweds at home on Wacousta road

Presently making their home at 7049 Wacousta Road, Fowler, are Mr and Mrs Glenn Grubaugh, Jr., who were married Sept. 16 at the Congregational Christian Church in Maple Rapids by the Rev Robert Myers.

The bride, the former Miss Karen Marie Baker, is the daughter of Mr and Mrs Lloyd Baker of R-1, Fowler. Her husband is the son of Mr and Mrs Glenn Grubaugh of R-1, St. Johns.

For her 2 p.m. double ring ceremony, the bride chose a full-length cage style gown of net over taffeta, styled with long sleeves coming to a point at the wrist, and a shoulder train down the back. Her floor-length mantilla veil fell from a satin pillbox. She carried a bouquet of white roses and white mums.

ANN PARKER of Lansing was the matron of honor and Paula Rousseau also of Lansing was a bridesmaid. The attendants wore floor-length empire waistline gowns fashioned with floor-length trains falling from a bow headpiece which the girls designed themselves. The matron of honor was attired in chartreuse and the bridesmaid in persimmon.

Mrs Baker chose a cocoa brown knit dress for her daughter's wedding. The mother of the bridegroom selected a green knit jersey dress. Their corsages were mums and roses.

Richard Grubaugh of St. Johns served as his brother's best man and Mike Grubaugh, brother of the groom, served as the groomsman. Seating the guests were Kenneth Grubaugh, Nate Ellis, Curtis Swanson and Joel Redman.

The newlyweds greeted the guests at the reception held in the church parlors immediately following the ceremony. Mr and Mrs Robert Sirrine were the hosts.

Mrs Julie London of Saginaw cut the bride's cake and Janet Armbrustmacher, sister of the groom, cut the groom's cake. Mrs Jean Grubaugh, Mrs Alberta Jacquish and Miss Janice Berkhausen also assisted at the wedding table.

Miss Catherine Grubaugh and Miss Annette Warren attended the

## History of Protestant church music studied by Morning Musicales

Mrs William Patton opened her home on Lambert Drive as a hostess for the St. Johns Morning Musicales Thursday, Oct. 12.

Business matters were discussed by members as President Mrs Basil Deibert mentioned ways which the club could increase its funds to send more than one music student to Interlochen. Other civic groups are to be contacted to assist this project.

The State Federation meeting is to be held at the Central Temple House in Lansing Oct. 26. All clubs are federated with the National Federation of Music and are urged to attend.

Chairman of the day, Mrs Winchell Brown, introduced Mrs Richard Amstutz who reviewed a new book "Protestant Church Music in America" written by a Professor of Music from the University of California, Professor Robert Stevenson. During her study paper which presented a history of Protestant Church music from 15th century to the present, Mrs Amstutz used a chart on which she had copied two samples of Psalm music from the 16th century. By group participation, the members learned of the note values, rhythm, and melodies used at that time by both the Ainsworth Collection of Psalms and The Bay Psalm Book of 1635.

### Blue Star Mothers plan Party Night

Blue Star Mothers Chapter No. 88 met recently at the Drop-In Center for their regular meeting. Reports by committees were given and cards signed by the Mothers for those of their number who were in the hospital or ill at home. The mystery package at the close of the meeting was won by Mrs Jessie Finch.

The next meeting will be Oct. 24 and each is requested to bring a gift for the Bingo game, as this meeting is both business and party night. Committee will be Nora Heibek, Anna Cole, Dorothy Welsh and Violet Paksli.

Mrs Roy Briggs played piano examples of three periods of church Psalm Music. Explanations of Plain Songs by Monks and The Scottish Psalter tunes were also sung, and played by Mrs Manning Bross. Two other vocal selections of the 16th century were sung by Mrs Lawrence Fish which were taken from The Bay Psalm #66 and The Scottish Psalter collection of church hymns.

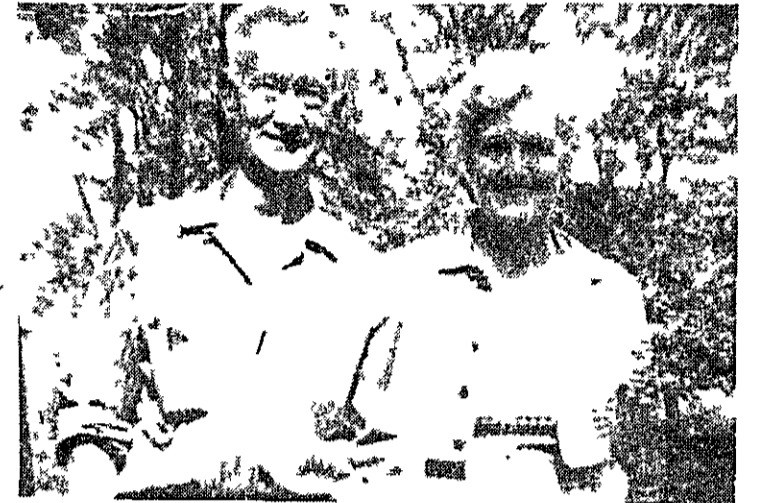

The next meeting will be held on Wednesday, Oct. 25, at the home of Mrs Raymond Torpey.

## Carol Ann Shop open for business in new location

The Carol Ann Dress Shop has now moved into much larger and roomier quarters in the building at 104 N. Clinton Ave. The new shop is just next door north of their previous location. A new front has also been installed in the remodeled building and they have more than double the former floor space.

Roger and Carol Ann Keys are the proprietors. In the past they handled mostly coordinates and sportswear, but now will be adding a dress line, lingerie, purses and many other items.

A date has not yet been set for the Grand Opening, but will be in the near future. Employees in the shop are Maxine and June Sipkovsky and Rita Harr.

MR AND MRS ULUS RININGER

## Couple Celebrate 50th Anniversary

Mr and Mrs Ulus Rininger of 510 S. Lansing St., St. Johns celebrated their 50th wedding anniversary at a reception held at the home of their daughter and son-in-law, Mr and Mrs Bruce Bancroft of Lansing. Hosts for the occasion were, Mr and Mrs Bruce Bancroft, Mr and Mrs Harold Elmore, Mr and Mrs Allen McDiarmid, Mr and Mrs Paul Houghten and Mr and Mrs Lloyd Ernest.

cake was cut and served by Mrs Fredrick Savage, sister of the bride. Guests were from Lansing, Holt, Haslett, Ashley and St. Johns. Many lovely gifts were received.

Ulus T. Rininger and the former Grace Myers were married Oct. 3, 1917 at Eureka. A son, Don, of Cocoa, Fla. was unable to attend.

"Let's talk dry cleaning"

by Dana Antes

You'll find many a man who'll admit that one of life's pleasures is the number of beautiful women that one sees about. But there's always the cynic who's quick to point out that much of today's beauty comes out of a jar or bottle.

We won't get into this argument... but there's no denying what an important part good cosmetics play in every smart woman's grooming. Unfortunately, they're also a cleaner's headache at times. Cosmetics have to pass the U. S. Food and Drug specification test to assure customers that they are safe for use when in contact with human skin and hair. However, there is no way of determining without careful testing for acid or alkaline content what effect cosmetics will have on fabrics and dyes.

Inevitably cosmetics do come off on clothes. And even though a garment may be labeled "color fast," chemical solutions used in cosmetics often neutralize dyes and remove color. So don't ignore such marks or stains on clothing. They should be cleaned promptly.

We'll do our level best to remove cosmetics from clothing safely, and we will always test for chemical reactions. You can send us your cleaning with the assurance that it is in capable, reliable hands.

### Verne Teares mark 50th anniversary

Mr and Mrs Verne Teare of 6495 Belsay Road, Flint observed their Golden Wedding anniversary at an open house at the Goodrich Community Center, Goodrich, Sunday, Oct. 15.

For many years their home was in the Goodrich area, where Verne was engaged in farming—and their five sons graduated from Goodrich High School.

At the time of their marriage, Mr and Mrs Teare had lived in Eureka. Verne was the son of Mr and Mrs Robert Teare and Vera the daughter of Dr and Mrs Myron Gregory.

The couple have four living sons—Robert, Phillip, Arthur (Bud) and John. A son, Thomas, gave his life for his country in World War II and their only daughter, Beverly, died at age 5 years.

Both Verne and Vera are still enjoying good health.

For this happy occasion, which was hosted by their sons and wives, assisted by grandchildren, many relatives and friends were on hand to help them celebrate.

Sometimes the early bird only succeeds in scratching up the worms for the late risers.

### Methodist WSCS holds Morning meeting

The WSCS of the First Methodist Church met at the Church Oct. 10, at 9:00 a.m. with 26 members present. Coffee and rolls were served from an attractive table by the Elizabeth Circle.

The program opened in the Chapel by Mrs Gordon Vandemark with a responsive reading "Acknowledgment of Our Oneness" Mrs Walter Graham conducted the worship with a reading, Bible verses and hymn.

An impressive Memorial Service was conducted by Mrs Marvin Barclay for departed members. A white rose was placed at the altar with memorial to: Mrs Hattie Pope, Miss Evelyn Tracy, Mrs Anna Shafley, Mrs Lula Reavely, Mrs Mina Crowell and Mrs Minnie Smith.

Mrs Donald Swagart conducted the reception of new members, assisted by Mrs William Rice, Mrs O. E. Wells and Mrs Charles Wood. Members joined in the reading "The Purpose of the Women's Society".

New members being received were: Mrs Herbert Houghten, Mrs Catherine Wilson, Mrs Steve Bakita, Mrs Phillip Curtis, Mrs Robert Niemi, Mrs Jack Batchelor, Mrs Stan-

ley Toburen, Mrs Thomas Peacock, Mrs Jerry Pulliam, Mrs Robert Keisel and Mrs Terrance Lainer.

A business meeting was held in the church parlor prior to the program.

### St. Patrick's festival scheduled for Sunday

Final plans are being completed for the annual Fall Harvest Festival and Smorgasbord to be held at St. Patrick's Catholic school in Portland Sunday.

Country store, fancy goods and other booths will be available in the school gymnasium. The smorgasbord, to be served in the school cafeteria from noon to 5 p.m., will feature turkey, ham, roast beef and homemade desserts and breads.

The public is invited to this annual fall event.

MRS LARRY LEE PURVIS

### Purvis-Shinabery Vows said Oct. 14

White glads and yellow pompons decorated the altar of the Lowe Methodist Church in Essex township Saturday, Oct. 14, for the 8 p.m. double ring ceremony which united in marriage Miss Anne Marie Shinabery and Larry Lee Purvis at which the church pastor, Rev William Tate, officiated.

The bride is the daughter of Mr and Mrs Carl D. Shinabery of Island Road, R-1, St. Johns and a 1967 graduate of Rodney B. Wilson High School. The bridegroom, who also attended the same school, is the son of Mr and Mrs Edgar C. Purvis of 600 W. Higham Street, St. Johns.

Given in marriage by her father, the bride was gowned in lace and peau de soie with a chapel train, lace bodice with tiny buttons down the back, the lace sleeves coming to a point at the wrist and two lace side panels over the skirt. Her elbow-length veil of illusion was secured by a tiara of pearls and she carried a white orchid arrangement on a white lace-covered Bible.

Mrs Charlotte Salters Workman of St. Johns, served as matron of honor and Mrs Linda Bunce Huested was bridesmaid. Both were classmates of the bride. They were identically dressed in floor-length yellow slipper-satin gowns styled with empire waist, rounded neckline, elbow-length sleeves and a self-fabric bow accenting the waistline.

A matching floor-length train of chiffon fell from the shoulders. The matching tulle veils were fastened by a satin bow, and they carried casual arrangements of yellow and white pompon mums.

Carl Workman served as best man and groomsmen were George Purvis, cousin of the bridegroom, Gal Bancroft of Ovid, cousin of the bride, and Stanley Purvis of DeWitt, brother of the bridegroom.

Little Miss Shelly Marie Swainston, niece of the bridegroom and daughter of Mr and Mrs Jerry Swainston of St. Johns, was flower girl. She was dressed in a white formal trimmed in lace, with a headpiece of white tulle fastened to a white satin bow. She carried a basket of yellow and white rose petals.

Ring bearer was master Scottie Benner, son of Mr and Mrs David Benner of R-1, St. Johns. He was attired in a tuxedo and carried the rings on a white satin pillow.

Mrs William Mihalyi was organist and also accompanied John V. Anderson when he sang "You'll Never Walk Alone" and "Whither Thou Goest" preceding the ceremony and "The Wedding Prayer" while the bride and groom were kneeling.

For her daughter's wedding Mrs Shinabery chose a gown of teal blue lace over nylon with matching accessories. Mrs Purvis wore a dark blue dress with white trimming with red accessories. Each had a corsage

of pink sweetheart roses and pink carnations.

A reception was held in the church dining room immediately following the ceremony for the 200 wedding guests. Mr and Mrs Dale Anderson of R-1, St. Johns were the hosts. Serving the bride's cake was Mrs Paul Strouse of Mason, aunt of the bride, while Mrs Wava Roberts also an aunt of the bride, served the groom's cake. Serving coffee and punch were friends of the bride, Miss Pamela Murton and Miss Patricia Findlay, both of St. Johns. Other classmates of the bride assisting were Miss Barbara Kuripia, attending the guest book, and the Misses Rita Redman, Karen Rumbaugh, Peg Eldridge and Linda Botmer assisting with the gifts.

A special guest was Mrs Blanche Purvis, grandmother of the bridegroom.

When the newlyweds left on their honeymoon at a cottage at Harrison, the new Mrs Purvis was wearing a brown and beige suit with brown accessories. They will make their home at 600 W. Higham Street. Mr Purvis is employed at the Ford garage in St. Johns.

It's no sin to go motoring on Sunday, but the way some people drive is a crime.

### TOPS Club Plans Contest

Twenty-six members of the St. Johns TOPS Club met on Thursday night. Twelve TOPS reported an 18 pound loss, with a 25 pound gain by 13 Pigs. There was also one KOP present.

Queen of the Week was Mrs Charleen Bellingar, with a one and one-half pound loss.

Plans were completed for a new contest with four sides competing for highest losses within each group, and the highest loser of the club receiving a hairset at the completion of the contest.

### Wesleyan Service Guild met October 9

The Wesleyan Service Guild met Monday evening, Oct. 9, at the home of Miss Birdaline Smith, with Mrs Ethel Bishop as co-hostess. A dessert was served at 7:30 followed by the business meeting conducted by the president, Mrs Esther Graham.

Mrs Bishop conducted the devotions on the topic, "Call to Prayer and Self Denial" Mrs Willbur Brandt had charge of the program and she was assisted by Mrs Graham and Mrs Vera Ridenour. Their topic was what church women can do in and for the community.

The next meeting will be Nov 13 with Mrs Vera Ridenour.

### Rebekahs hold regular meeting

Banner Rebekah Lodge No. 139 met Monday evening in the second floor room with a small attendance. The second floor room was used because above the regular lodge room there is a hornet's nest somewhere and the insects would come down when the lights were on.

Noble Grand Mildred Smith presided at the regular form business meeting. The son of one of the members, John Stambersky, was reported in a Lansing hospital due to an automobile accident.

Cards of thanks were read from Nancy Haynes, the Maurice Haynes family, Anna Kenfield and Amy Wolf.

The kitchen committee for the next Lions club dinner will be Laura Sonier, Carmen Tranchell and Rose Wilkie. Mildred Smith will have charge of the dining room.

Visitation night at Maple Rapids was announced for Tuesday, Oct. 24. At the close of the meeting Helen Miller's name was drawn for the medallion, but she was absent. Next meeting will be Nov. 6.

MRS LARRY J. SYKORA

### Sheila Ann Barker, Larry Sykora wed

Miss Sheila Ann Barker of St. Johns and Larry J. Sykora of 4706 Kessler Drive, Lansing, spoke their wedding vows at St. Joseph Catholic Church in St. Johns on Saturday, Oct. 14. Fr William Harker officiated at the 9:30 a.m. double ring ceremony.

The bride is the daughter of Mr and Mrs Elmer E. Barker of 307 S. Mead Street, St. Johns, and the bridegroom is the son of Mrs Jean Hoskins of Detroit and the late Joseph Sykora.

CARRYING WHITE carnations and yellow roses, the bride approached the altar wearing a gown of empire candlelight peau de soie trimmed with lace, appliques and a wide detachable wateau train.

Miss Kay Eisler was maid of honor for her friend. She wore a dress of antique peau de soie in burnt orange and carried bronze and yellow pompons and rums. Bridesmaids were Miss Karen Barker, sister of the bride, and Miss Connie Hine of DeWitt.

David Barker, brother of the bride, acted as best man. Groomsmen were Doug Barker, another brother of the bride, and Tom McKenzie, friend of the bridegroom. Seating the guests were Pat Geller of Peewee, cousin of the bride, and Karl Ziel of Kalamazoo, brother-in-law of the bridegroom.

A RECEPTION was held immediately following the ceremony in the Holy Trinity Parish Hall in Fowler. The newlyweds will make their home in Lansing where Mr Sykora is employed by the State Liquor Commission and the bride is employed at the Burton Abstract & Title Co.

Special guests at the wedding were Mr and Mrs John Riley of Hubbardston, grandparents of the bride; Mr and Mrs Edward Barker, great uncle and aunt of the bride, and Mrs Marjorie Mohoney of Florida, grandmother of the bridegroom.

## Carland News

By Mrs Archie Moore  
Phone 834-2383

Archie Moore Sr. spent a day duck hunting near Sebewaug. Lots of ducks over head but no luck getting any.

Last Tuesday evening little 2-year-old Skipper Gilbert was admitted to Memorial Hospital as an out patient. He had a deep cut caused by broken glass, as he fell against an up stair window and came within inches of falling to the ground when his mother grabbed him.

Mrs Fern Pierce of Oakley spent Saturday evening with Mrs Edith Simpson and together they attended the chicken supper at the Carland church house.

Mr and Mrs Lawrence Kadolph and family of Carland spent Sunday at the home of Mr and Mrs Elwin Darling near Chesaning who had a family dinner for Mr and Mrs Merton Nourse who are leaving this week for Florida for the winter months.

The Mead Extension Group are having a dinner at Daley's Restaurant Thursday evening in honor of two members who are leaving soon for Florida. After the meal all will go to the home of Mrs Mildred Loynes for entertainment.

Mrs Edith Simpson received a very pleasant unexpected telephone call one evening last week from her nephew, Robert Simpson, who was in the State of Washington. He said he was leaving for Viet Nam this week.

Never anticipate tomorrow's troubles and those of today won't be half the burden.

# Long field goal beats P-W 9-6

PEWAMO-WESTPHALIA—A 31-yard field goal by Webberville's Dan Force handed Pewamo-Westphalia's Pirates their third defeat of the football season Friday night, 9-6.

It was a hard loss for Coach Bill Marks' Pirates to take, because they outgained Webberville in rushing yardage and in first downs. It gave P-W a 1-3 record in Central Michigan Athletic Conference play, while Webberville moved up to 2-2.

Force's field goal capped Webberville's homecoming just right. The kick was made from the 21 yard line, meaning it traveled 31 yards to the goal posts. The boot came with only 4:28 left in the game, and the visiting Pirates had no time to recover.

THE PIRATES WERE frustrated all night in their thrusts at the Webberville goal. The only time they made it into the end zone was early in the second

quarter when P-W's Roger Schaffer blocked a Webberville punt and recovered on the six yard line. A few plays later quarterback Ken May sneaked two yards for the touchdown. That tied the score. Tom Sawyer had scored in the first quarter for Webberville by catching a 40-yard pass from Roy McFarland.

P-W muffed a chance to go ahead later in the half. They moved into the Webberville 9

but then drew six straight penalties that set them back to about the 40 yard line before they were able to get a play off.

Two other times they got inside the Webberville 20 but couldn't push across a touchdown.

The Pirates outgained Webberville 243 to 153 in rushing yardage and had nine first downs to only six for Webberville. P-W

completed one of six passes for eight yards, and Webberville connected on three of nine for 41 yards. The first quarter was played in rain.

Ken Weber turned in a couple of 60-yard runs which substantially aided the rushing yardage total and played an outstanding game, according to Coach Marks. Schaffer, Jim Bengel and Rex Kramer played noteworthy defensive ball.

# Potterville kills Wolfpack's hopes in CMAC with 12-0 win

LAINGSBURG—The Potterville Vikings stayed in contention for the CMAC title and all but knocked Laingsburg out of it with a 12-0 victory that spoiled the Laingsburg homecoming Friday night.

Potterville got touchdowns in the first and fourth quarters and outran and outpassed Laingsburg to remain only a game back of front-running Portland St. Patrick's in the CMAC race. Laingsburg dropped two games back and

now has a 2-2 conference record. Coach John Connelly wasn't really disappointed in his Laingsburg team's performance Friday night. "They did a reasonably good job under the circumstances," Connelly said, "and they lost to a good ball club."

THE HOST WOLFPACK successfully contained Potterville for most of the night after the Vikings drove 72 yards for their first touchdown in the first quarter. Vic Amey scored it on a three-yard run.

Connelly's squad then held Potterville pretty much at bay for the middle two quarters, looking all the time for the big break. When it came, the break was in Potterville's favor. Laingsburg fumbled on their own 20 yard

line in the fourth quarter and Potterville recovered. They immediately scored on a pass from Mike Heinze to Amy and it was 12-0.

Laingsburg put up a couple of threats in the first half. They moved in to the 12 late in the first half but couldn't score, and earlier they made it to the Potterville 8 before losing on downs.

Both teams threw the football a lot, considering the wet and muddy field and generally poor playing conditions. Laingsburg passed 12 times and gained 32 yards; Potterville threw more than 20 times and gained 97 yards. Total passing and rushing yardage for Laingsburg was 100 yards, while Potterville gained 163.

## Woman wins football cash

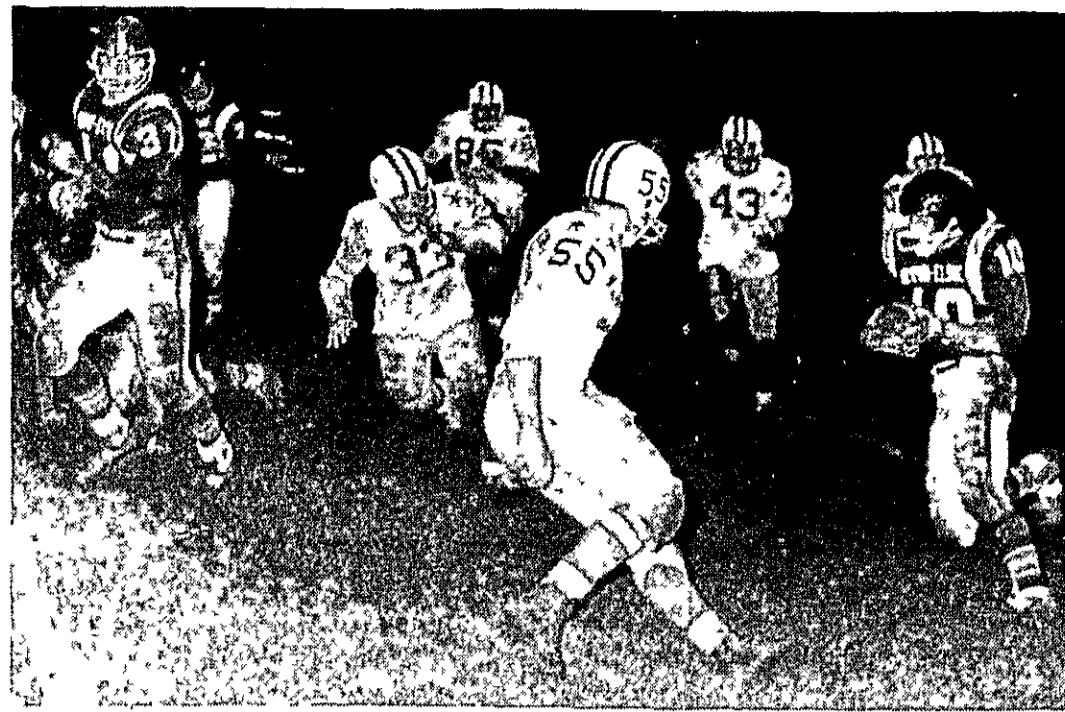

Mrs Kathryn Durner of 203 S. Oakland Street, St. Johns, didn't miss a perfect paper by much in her selection of winners in last week's Clinton County News Football Contest.

Practically everybody missed the St. Johns-Alma selection and so did she. Disregarding that as an upset, she missed only one other game, picking Perry to win over Bullock Creek.

Her tie-breaker score of 34 points was closer to the actual total of 21 than one other contestant who also missed just two games. Robert Brown, a University of Michigan student at 727 Packard No. 7 in Ann Arbor, also missed two but had a tie-breaker score of 40. He missed the St. Johns and Carson City games.

LEE VEITH, LAINGSBURG'S big 225-pound six-footer, played another outstanding game, averaging five yards per carry and making 11 tackles. Mike Wurm made 11 tackles and intercepted two passes; Steve McCafferty made nine tackles, and Jack Gee intercepted two passes on defense.

The Wolfpack was without the services of halfback Nick DeVault, who stepped on a nail the night before the game at a homecoming bonfire and pep rally.

Ovid-Elsie quarterback Dane Flegel (10) picks up good yardage in the Friday night contest at Ithaca in which the Marauders scored a 30-20 victory. At the far left is Marauder L. D. Jones (31). Ithaca's would-be tacklers include Bob Cook (33) and Barry Kellogg (55).

# Ovid-Elsie starts late, then roars past Yellow Jackets

ITHACA — Ithaca took a 14-6 first quarter homecoming lead over Ovid-Elsie Friday night before the visiting Marauders came to life and rolled on to a 30-20 victory over the Yellow Jackets in a Mid-Michigan B league game.

Ithaca got the first score, taking advantage of a 28-yard O-E loss on a bad pass from center and then going in for the touchdown from the one-yard line. Ed Woitrol got the TD. Then later in the quarter, Ovid-Elsie gambled and lost on a fourth down play deep in their own territory, and Mike Vernon scored for Ithaca with a two-yard touchdown run.

Ovid-Elsie's five touchdowns were all of a comparatively short nature. Jerry Gazda got the first one with a one-foot plunge in the first quarter, Dane Flegel ran four yards for a TD in the second

quarter, L. D. Jones went 12 yards for a TD in the third period and then one and two yards for touchdowns in the fourth period.

JONES WAS THE workhorse for the Ovid-Elsie team, carrying the ball 30 times and picking up 150 yards, including a 50-yard gain on one run. All of Ovid-Elsie's touchdowns came at the end of long drives.

Ovid-Elsie controlled the ball for all but about three plays in the fourth quarter, and on one of those Ithaca scored their final TD. It came on a 67-yard pass play from Woitrol to Bob Orlovski.

Vernon accounted for Ithaca's two extra points, passing once to Larry Brown and the other time to Orlovski, both in the first half as Ithaca took a 14-6 halftime

lead. Ovid-Elsie could not crack the goal line for an extra point on any of their five touchdowns.

## Jr. Wings uncork, sweep Alma

The St. Johns JVs really had their steam up last Thursday night in defeating Alma 39-6. Early in the first quarter Redwing Jeff Slim ran 23 yards for a touchdown on an off tackle sweep. The extra point by Slim on a run was good.

In the second quarter Ron Waggoner of St. Johns drove 10 yards over center for the touchdown. Jeff Slim then scored a second time, running 35 yards for the TD.

With seconds remaining in the first half, Waggoner again scored over center, scrambling 15 yards for the touchdown. The extra point was good. The score at halftime was St. Johns 26, Alma 0.

BOTH TEAMS failed to score in the third quarter. But then in the fourth quarter, St. Johns' Rich Stoddard broke loose, running 30 yards for a TD. The extra point was kicked by Jeff Slim. St. Johns scored their last touchdown on a pass from quarterback Randy Atkinson to Dave Gaffney.

With 55 seconds left in the game, Alma scored their TD on a 30 yard run.

Coach Doug Japinga felt the team did a fine job, especially the defense. Every member of the team played in the game.

## Redwing harriers win first 3 meets

OF LANSING

The St. Johns cross country team claimed their first two victories of the season last Tuesday by defeating Fulton and Central Montcalm in a double-duo meet at Fulton.

St. Johns first ran up against Fulton and defeated them 21 to 38. Armando Rositas was the first medalist of the season on the Redwing team, coming in with a fine time of 11:16 for the two-mile run. Kirk Simpson came in second claiming the best finish all season for a sophomore.

Mike Burgess of St. Johns placed third and Jeff Dean of Fulton finished fourth.

In the second half of that double-duo meet, Redwing Harriers defeated Central Montcalm by a score of 26 to 31. Medalist Armando Rositas came in with a time of 11:18 and for second place Kirk Simpson finished with a time of 11:29. Dean Wickes of Central Montcalm placed third, with Mike Burgess of St. Johns finishing fourth.

## Harriers sweep past DeWitt 21-40

The St. Johns cross country team has four wins in a row now after defeating the DeWitt Panthers 21 to 40. Though it was hard running in the rain Monday night, Armando Rositas of St. Johns came in with a fine time of 11:13. This time was good for medalist honors for Rositas.

For second place Jim Reed of DeWitt finished with a time of 11:42. Stan Becker, also of DeWitt, placed fifth in the meet.

For the Redwings, Kirk Simpson finished third with a time of 11:50 and Mike Burgess was timed at 11:54 good for fourth place.

Bath quarterback Elias David barks out signals seconds before taking the ball into the end zone himself to put Bath out in front of DeWitt 12-6 Friday night. The ball is at the one-yard line. Bath finally won the game 19-6 after scoring twice in the last 2-1/2 minutes.

Bath's Tom Feguer (55) and Merlin Truman (50) give chase to DeWitt halfback Ed Fosnight as he swings around left end for a nine-yard gain in the last quarter of Friday night's CMAC encounter. DeWitt couldn't keep the drive alive, however, and they lost to Bath 19-6 in the last 2-1/2 minutes.

# Alma upsets 'Wings; Stalls title hopes 6-2

The St. Johns Redwings lost a chance to move up in the West Central league standings last Friday as they played far below their potential and were upset by last place Alma 6-2. In fact it was a night for upsets in the West Central league as Alma bumped Hastings from the league lead and Greenville had a successful homecoming by upsetting Charlotte. Grand Ledge was the only team in the league to follow the script as they downed winless Lakewood.

## \*\*\*\*\* Clinton County News SPORTS \*\*\*\*\*

THE LEAGUE standings after Friday's upsets find Hastings sharing the lead with Alma and Grand Ledge with 3-1-0 league records. In second place it's St. Johns, Charlotte and Greenville with 2-2-0 records. Alma moved out of a tie with Lakewood for last with its victory over St. Johns, leaving Lakewood as the only team without a league win. The Redwings at Alma played in a steady rain and on a muddy field, but were unable to generate a sustained drive. The Panthers of Alma with the help of penalties were able to hold St. Johns to a 105 yards on the ground and 16 yards by passing.

THE REDWINGS scored their two points in the second quarter of the game when a bad pass from center sailed over the head of the Alma punter, and was downed in the end zone by the Redwings for a safety.

In the third quarter, Alma drove into Redwing territory. On a pass to the Alma end in the end zone, Terry Maier of the scrimmage, Markman fumbled and Alma recovered on the St. Johns two yard line. On the third play, from scrimmage, Markman Alma recovered on the St. Johns two yard line. On the third play from scrimmage, Markman fumbled and Alma recovered on the St. Johns four yard line. Herb Larson of Alma drove the four yards to score.

## PP & K zone meet Saturday

St. Johns' six winners in the local Punt, Pass & Kick contest will compete for zone honors this Saturday afternoon in Lansing.

The zone competition will be held starting at noon on the Waverly High School athletic field on West Michigan Avenue.

The local winners who will compete are: 8-year-old Bill Nelson of St. Johns, 9-year-old Eddie Gurski of St. Johns, 10-year-old Lee Thelen of Westphalia, 11-year-old Kevin Knight of St. Johns, 12-year-old Kevin Wiggen of Fowler, and 13-year-old Burnell Grievie of St. Johns.

a good attack this year on the passing of quarterback John Whitley and running of their halfback, Bryon Rochester.

The West Central standings will take another shaking up this week as the six teams holding down the first two spots meet, St. Johns will travel to Charlotte (both tied for second), Grand Ledge travels to Alma (both tied for first), and Greenville, tied for second, will be at Hastings who are tied for first. In the other game Alma travels to Lakewood.

CHARLOTTE WAS rated at the beginning of the year as a possible contender in the West Central race. They lost their first league encounter with Grand Ledge 20-0, but bounced back with wins over Alma 13-0 and Alma 14-0. The Orioles are tied with St. Johns and Greenville for the number two spot in the league and will be trying to continue their bid for the crown. Following the Redwings the Orioles have games remaining with Hastings and Lakewood.

## Late Bath splurge overcomes fighting DeWitt team, 19-6

BATH - The Bath Bees scored two touchdowns in the last 2 1/2 minutes of the game Friday night to ruin some high hopes of DeWitt's Panthers about a big upset.

The Bees went ahead with 2:34 in the game and scored again with 1:31 left for a 19-6 CMAC victory over DeWitt. The game was played on a slippery, muddy field and for the first half in a light rain. DeWitt came close to pulling off a tie that would have snapped a 20-game losing streak. They scored a touchdown in the third quarter when sophomore quarterback Joe LaMacchia plunged over from one foot out on a fourth-and-goal situation and then hung on to the 6-6 score until late in the fourth period.

THEN BATH BROKE the game open. Mike Woodruff danced off the left side of the DeWitt line on

a reverse and ran 30 yards before being bumped out of bounds on the one-yard line. But on the next play quarterback Elias David broke the tie with a sneak into the end zone.

A minute and three seconds later Bath scored again, this time on a 35-yard pass play from David to Woodruff. Bill Harris ran the extra point.

Harris scored Bath's first touchdown with a seven-yard run after setting it up himself with a 40-yard sprint.

DeWitt Coach Gary Roberts said his boys played a good game, picking up 243 total yards and making seven first downs. He singled out LaMacchia, Chris Brown and Brian Wood for some outstanding play during the game, particularly since all three are inexperienced in varsity play. Mike Ashley was the only experienced player in the DeWitt backfield.

## Shamrocks open up late, smash Fowler

PORTLAND - The St. Patrick's Shamrocks broke open a close football game in the last period Friday night to win going away, 33-6, over the Fowler Eagles, the first time St. Pat's has won in the five-year history of the two schools' competition.

"It wasn't a runaway as the score might indicate," Coach Blaine Douglas of the Eagles said. "Our boys played their best game all year and showed they were there to play ball, not quit."

"Stamina played a role in the game," he said, commenting that his essentially green team was finally worn down by St. Pat's relentless senior attack.

FOWLER SCORED first, but after that it was all St. Patrick's scoring. Gary Schueller picked up a St. Patrick's fumble with less than three minutes gone and ran it back 60 yards for the Fowler score. St. Pat's Terry Morrison scored two touchdowns on runs of six yards each in the second quarter to get the Shamrocks under way. Fowler stiffened until the final series of plays in the third quarter. Morrison got off on an 88-yard run for a touchdown, and before the game was over Fred Denny scored on a 30-yard run and Charlie Schrauben ran

seven yards for another. Quarterback Russ Lemman kicked two extra points and passed to Morrison for the other. Douglas said he sought to establish a running attack Friday night against St. Patrick's and succeeded, with freshman Steve Feldpausch and junior Tom Nobach, both halfbacks, picking up good yardage.

The picture of Salmon P. Chase appears on \$10,000 bills, Grover Cleveland on \$5,000, and William McKinley on \$1,000.

## Ovid-Elsie seeking games for 1968, 1969

OVID-ELSIE - Ovid-Elsie High School is looking for football games to play next year and in 1969, according to the October issue of Michigan High School Athletic Assn. Bulletin. Needed are away games Sept. 13, 1968, and Sept. 21 and Nov. 2, 1969, and home games Sept. 20 and Nov. 1, 1968, and Sept. 14, 1969.

Other 200 games: Paul Armbrustmacher 220, Ralph Hayes 217, Bernard Thelen 204, Alvin Feldpausch 201 and Jerry Spitzley 201. Fowler Hotel Bar leads the league.

## Fulton bumps Saranac 18-7

MIDDLETON - At Fulton's homecoming last Friday night, the Pirates defeated Saranac 18-7.

Saranac drew first blood after scoring a touchdown early in the first quarter. Gary Hubbard made the TD with Roger Butcher kicking the extra point good.

Fulton failed to score in the first quarter but made up for it in the second. Keith Leslie completed a 20-yard pass to Larry Chick in the end zone for the TD. The extra point attempt failed. Later in the quarter, Randy VanSickle scored on a three-yard dive play. The attempt for the extra point was no good.

Both teams failed to move the ball in the third quarter. In the fourth quarter VanSickle again scored on a two-yard dive play. In rushing, Saranac gained 61 yards and 42 yards passing. Fulton gained 176 yards rushing and 40 yards passing. Doug First and John Hoard did an outstanding job defensively according to Fulton Coach Al Fischer.

## 4-H Club Chatter

By JOHN AYLSWORTH  
Extension 4-H Youth Agent

The Clinton County 4-H program was honored last week by being selected as one of the eight recipients of the 4-H Natural Beauty and Conservation Award. The cash award of \$175 will be used to promote natural beauty projects and conservation in the county.

Beautification projects conducted by the 4-H clubs this summer included cleaning up litter along the highway, cleaning up the Fowler Conservation Park, painting picnic benches, picking up litter throughout the county fair grounds plus many other projects.

Several projects being considered for natural beauty improvement is the constructing of a new entrance cover at Smith Hall plus landscaping along the building and installing a flag pole. Any groups wishing to help with this project are welcome to join with 4-H in improving the appearance to the outside of Smith Hall here in St. Johns, since the building is used by many groups and organizations in the county. The award was provided by the Michigan Division of the Women's Farm and Garden Assoc.

The Friends and Neighbors 4-H Club was selected as one of the six 4-H Clubs throughout Michigan for their work in the natural beauty program area. The club received a cash award of \$25 for their work in this area. The Friends and Neighbors 4-H Club was selected primarily because of their litter-free highway project. Congratulations on a job well done.

Robert Harte of St. Johns was selected as one of the seven 4-H Delegates from Michigan to win a trip to the 13th annual 4-H Dairy Conference in Chicago Nov. 19-22. Robert was selected at an interview during state show at Michigan State University in August. He has been a 4-H member for eight years, carrying dairy projects for the eight years. Harte is a member of the Stony Creek 4-H Club.

Kathy Davis of the Olive 4-H Projects Club was a surprised gal last Tuesday evening during the County Farm Bureau Annual Meeting. Kathy was selected for the 4-H "Merit of Excellence" Award provided by the county Farm Bureau. Six county 4-H members had been nominated for this award and following an interview by the committee, Kathy was selected for this award. Many thanks to the county Farm Bureau for their recognition of the 4-H Club program.

The new Michigan 4-Header's handbook arrived Friday, and leaders are urged to pick up their copy if they did not get one Monday evening at the county leader's meeting. This leader's handbook can assist leaders in program development and members in project selection. The different project areas are divided into different age divisions with learning plans and learning activities listed for each age division for that project area. Nov. 1 is the deadline for enrolling in the county 4-H program for the fall and winter program. Many of the clubs have already held their enrollment meeting. If any youth is interested in 4-H they should contact the local leader or the Extension office as soon as possible.

SCOUT COMMITTEE GETS NEW INFORMATION ON CUBBING

District 5 Boy Scout Executive Larry Malec (left) introduced new material on Cub Scouting to members of the district executive board recently in St. Johns. Men present for the meeting included Harold VanRiper of Bath, training chairman; Sam Serrell of St. Johns, a member of the advancement committee; Herb Vanderwal of Wacousta, on the camping committee; Claude Norton of Wacousta, on the training committee; Lawrence Fish of St. Johns, advancement chairman; and Robert Rowland of Wacousta, district chairman.

munications - electronics specialist. Airman Latchaw, a 1963 graduate of Bath Community High School attended Lansing Community College.

Airman Pvt. STANLEY P. JORAE, 20, son of Mr and Mrs Eugene T. Jorae, 601 W. Park Street, St. Johns, was high scorer on the proficiency test held at the end of his company's basic training cycle at Ft. Knox, Ky., Sept. 18.

The test, based on skills he was taught during his eight weeks of training, included hand-to-hand combat, use of the bayonet, drill, first aid, squad tactics and written examinations.

Budd Sutliff has been promoted to petty officer third class at the Naval base Meridian in San Diego, Calif.

A graduate of Rodney B. Wilson High School, he entered the Navy in July 1966. After completing his jet airplane mechanics schooling, he was stationed at San Diego, where he and his wife, the former Pat Hettinger, are now living.

He has had three months of sea duty aboard an aircraft carrier and will return to a carrier in January 1968. Sutliff is the son of Mr and Mrs Donald Sutliff of Eureka.

The Four Corners 4-H club held their organizational meeting for the winter and elected the following officers: president, Thelma Dunham; vice president, Debbie Felt; secretary, Marie Blakely; treasurer, Sandy Buchele; news reporter, Jean Daggett; song leaders, Helen Blakely and Mary Temple; recreation leaders, Cathy West, Matthew Peck and Rita Taber; safety leaders, Dan Sturgis and Pat Rivest.

French's Corners 4-H club will have over 40 members during the winter program. Tom Motz was elected president for the year. Other officers include: Vice President Ron Motz; Secretary Judy Butler; Treasurer Mary Shaw; and News reporter Althea Shaw. Members enrolled last year who did not complete at least one project will not be eligible to join this club. A telephone committee consisting of Robert Jones, Lynda Droste, Mary Shaw, Judy Butler and Carole Hunter will be notifying members of the coming meetings.

The Country Cousins 4-H club will be holding a roller skating party in November. The date and place of the activity was not stated in the report. Officers for the new year include: President Charles Tate; Vice-President Patty Mygrants; Secretary

Jane Smith; Treasurer Jerry Smith; and Recreational leaders Judy Smith and Charles Falvor. The club may sell first-aid kits for a money-making project.

The Jolly Green Giants invited the Parker's Workers 4-H club to a hayride, softball game and werner roast last Saturday evening. New officers of the Jolly Green Giant Club include President Kathy Vitek; Vice President Jackie Pline; Secretary Judy Irish; and Treasurer Renee Bashore. The club has voted to donate \$10 toward the new 4-H horse barn at the fair grounds.

John Sillman is the new president for Charlie's Gang 4-H Club this winter. Other officers include: Vice-President Roy Senike; Secretary and News Reporter Neil Rossow; and Treasurer Richard Zapoli. Five new members signed up for the winter program for a total of 14 members.

The Maple River Craftsman held their organizational meeting and elected the following officers: President Tom Roof; Vice President Mary Jo Sovis; Secretary Anna Roof; Treasurer Nancy Foran; and Recreation Leader Alan Cobb. Twenty members enrolled for the winter projects. A program committee was appointed. The leaders are Mr and Mrs Russell Libey, Robert Risley, Herm Baese, Emerson Dunham, and Maxine Sovis.

The Westphalia 4-H Club held an election of officers at the first meeting for the winter program Oct. 6. Elected president was Mary Anne Droste, while Linda Hopko is vice president, Janice O'Brien secretary and Cristie Schafer treasurer. Appointed to positions of responsibility were Tina Roach as recreation leader, Kim Rademacher as song leader, and Sheryl Thelen as news reporter.

Other topics discussed were club activities and future meetings; no specific dates were set for the activities, but it was decided that regular meetings would be the third Tuesday of every month at the St. Mary's Parish Hall, if possible. Club leaders are Mrs Esther Pung and Mrs Wilma Schafer. Members enrolled total 23. The next meeting will be at 3:30 p.m. Nov. 21 at the parish hall.

Q - My boss says that since I didn't file a new withholding certificate by May 1, I have to wait until Jan. 1 to do it. Is that right?

A - No. Many employers will let an employee change his withholding certificate at any time. Under the law, however, the employer is only required to make payroll changes four times a year, on Jan. 1, May 1, July 1, or Oct. 1, for changes filed at least 30 days previously.

**New recreation opens Oct. 18 in Maple Rapids**

The Community will be pleased to welcome a new business in the village. Mr and Mrs Cecil McNutt will operate The Maple Rapids Recreation in the building that formerly was the Wieber Furniture Co. They will have pool tables, pinball machines and jukebox, and are planning to extend to a slot car track. They are expecting to open for business on Wednesday October 18 and their hours will be from 9 to 10 p.m. daily except Sunday. This type of business is needed here and we wish them success, in their venture. Mr McNutt has been in a body cast for several months, but expects to have it completely removed at the end of the month.

MAX FAYRWETHER of California has been visiting his parents the past week. His father Arthur Fayrwether is critically ill at Carson City Hospital. Max returned to his home on Sunday.

**OES to install officers Oct. 28**

The regular meeting for October of the Past Matrons Club of Maple Rapids was held at the home of Past Matron Eleanor Fogleson.

The meeting was called to order by Winnifred Walker. Plans were made for potluck refreshments at installation of officers of Maple Rapids chapter O.E.S. No. 76, to be held October 28.

At the close of the business meeting the hostess and co-hostess served a desert lunch, after which, "Hearts" were played. The prizes were won by Bertha Abbott and Winnifred Walker. The next meeting will be with Doris Hicks of Rainbow Lake on November 13.

## FUN ON THE FIRE TRUCKS IN ST. JOHNS OBSERVANCE

St. Johns firemen and members of the St. Johns Insurance Assn. gave rides on the city's firetrucks last Thursday to about 400 youngsters in the third and fourth grades —one of several methods used to impress on them the importance of fire prevention. Youngsters held onto the trucks, but they still had hands free to wave at acquaintances as they rode through the downtown area. The occasion was Fire Prevention Week.

Duplain-Rochester Colony

The activity noted at Friendship Park Tuesday a.m. by near residents was caught by members of the Rochester Colony Homemakers Extension Group.

Now if this is unfamiliar to you, it's because it hasn't "caught on" in this area as yet. Not so long ago, garage, attic and even porch sales were unheard of locally.

Why the name? Possible because it "hops" from one locality to another and multiplies so rapidly.

Mrs R. G. Spiedel left Thursday to spend a week with her son-in-law and daughter, Mr and Mrs Robert Bought of Pontiac.

Each member is asked to bring a guest and light refreshments. The evening's entertainment will be furnished by Mr and Mrs Charles Walker, chairmen of the activities program for the current year.

**Elections director to retire**

A visit with his children, a few weeks in the Virgin Islands, then perhaps some government consulting work in the future for Robert M. Montgomery, who retires Saturday, as director of elections for the Michigan Department of State. Montgomery, who lives on Eden Trail, Eagle, has held that post the last 14 years.

A retirement reception is planned for Friday.

Montgomery has had a long career in public service. He served as justice of the peace for 18 years, was in the Michigan legislature for 8 years, starting in 1945. In this capacity he was speaker pro tem, and majority floor leader, as well as chairman on the legislative committee for government reorganization.

He entered the state elections department as director on May 18, 1953, under then Secretary of State Pat Cleary. During his term hundreds of schools of election were held, thousands of elections were supervised, and hundreds of canvasses were conducted. There have been numerous recounts under Montgomery's supervision.

A Lansing native, he was graduated from Ferris Institute, and attended Armour Institute of Technology, Chicago. He married the former Viola Cordell in 1924, and they have a son and two daughters, all married. The Montgomerys belong to the Congregational church, the Camera club and the OES. He is also a member of a Lansing Blue lodge.

Mrs Elbert Laurence returned home Sunday from a week's stay in Sparrow Hospital.

Mr and Mrs Robert Noruse, Sr and Mr and Mrs Noble Culy returned home this weekend from a week's color tour in Pennsylvania, Kentucky and Tennessee in the Smoky Mountains.

Mr and Mrs Harold Sullivan and Bernice Ann visited Mrs Phoebe Hunter in Saginaw Hospital Sunday afternoon. Mrs Hunter is recovering from surgery. Later in the afternoon also called on Mrs Clifton Murday and girls and Mr and Mrs Bill Hunter and family at Fairgrove.

The October meeting of the Bingham WSWS was held in the church basement, Thursday evening, Oct. 12. There was an attendance of 29 with the Bengal ladies included. The meeting opened by singing the hymn "O God, Within Whose Sight," followed by President, Alice Fenner leading in prayer.

Rev Eugene Frelsen gave the devotions on church unity as a whole. He reviewed the church from the very early days to the present and how they split off and formed different congregations. Now the reverse is taking place and there is a turn toward unity again.

Alice took charge of the meeting with the main item on the agenda for the evening being union of the Bingham WSWS and the women of the Bengal church. Winnie Gill reported from the special committee from Bengal that they had voted to merge. The merger will be effective in January. An election was then held with the following people elected: Helen Cornell, president; Winnie Gill, vice president; Eleanor Murton, secretary; Una Schultheiss, treasurer; Hilda Williams, secretary of Christian social relations; Ruby Blakeslee and Evelyn Cogswell, secretaries of local church responsibilities; Treva Harper, secretary of missionary education; Bonnie Heibeck, secretary of spiritual life; Eleanor Williams and Carol Pearson, secretaries of missionary education for children; Geneva Cornell, secretary of missionary education for youth. Circle heads for next year will be Bernice Rice, Marcetta Harper, Hazel Pearson and Ione Coftman.

President Alice Fenner reported the group will be serving four meals in January and will have more details on these later.

Hazel Pearson urged all to attend World Community Day, Friday, Nov. 3, at the DeWitt Community Church. Everyone is asked to be there before 1:30 p.m. because of a special coffee to be served.

The meeting was followed with refreshment of donuts and cider served by Alma and Barbara Days and Carol Hallead.

**Bingo finale!**

Last week was the last week for the Clinton County News' Newspaper Bingo contest, and for the first time in the 13-weeks of the fun there was \$150 available as the prize. Five persons turned in winning cards and will receive \$30 in bingo bucks apiece.

The winners included (in picture at top) Mrs Lloyd Welch of 904 S. Oakland Street with Pat Kitts, manager of the Economy Shoe Store where she picked up her winning card; Mrs Jean Markman (in above picture) of 407 E. Walker Street with Bill Patton, manager of the St. Johns office of Capitol Savings and Loan Assn.; and Mrs Jack Desprez of 705 S. Oakland Street (small picture), who picked up her card at the Eberhard Foods Store. Mrs Joe Mesh of R-3, St. Johns, and Mrs Herman Biergans of 736 N. Main Street, Fowler, the other winners, could not be contacted in time for their pictures to be taken. Mrs Mesh got her winning card at Eberhard's, and Mrs Biergans picked hers up at Richards Dairy.

**SAVINGS BONDS Q & A**  
Question: I have been buying savings bonds for more than 25 years. How can I determine their present value? Answer: Bond tellers at banks and many savings and loan organizations will be happy to assist you. However, you can obtain a "Table of Redemption Values" which will give the current value of any Series E bond you own. These tables are issued every six months, and the current edition covers the period from July through December 1967. Send 20 cents—in cash—to the Superintendent of Documents, U.S. Government Printing Office, Washington, D. C. 20402. Or, if you wish, send in \$1 and request a three-year subscription (six issues).

## Exchange student Paula Kjelleras

# Meet Sweden's pretty 'ambassador' to St. Johns

By MIKE GALVACH

Sweden's "ambassador" in St. Johns this school year is a spirited and lively blue-eyed blonde, Paula Kjelleras. Paula has been here for two months now and is enjoying every minute of it.

She is staying with Mr and Mrs Frank A. Swagart and daughter Cheryl, a junior at Rodney B. The Swagarts own a 60-acre farm on North DeWitt Road.

Paula is from Gothenburg, a city of 500,000 people which lies at the southern tip of Sweden. Some of the interesting comparisons Paula commented about were that in her city most of the people live in apartments rather than each having his own home.

The big city surroundings do not seem as attractive as the countryside around St. Johns. She likes the rolling fields and spacious lands that we have here in Michigan and especially the abundance of great fresh water lakes.

SHE FEELS travel is so much easier here in the United States than back in Sweden, although she can't understand why with the numerous automobiles she has seen. Paula was really impressed with the size of American cars. When she first arrived and was greeted by the Swagarts she was amazed at all the room there was in the family station wagon.

Paula's reaction to Rodney B. Wilson High School was one of complete enjoyment. Though our subjects are somewhat harder, she feels the students in our high school have more freedom. In Sweden the students are more restricted and seem "stiff" while attending school. St. Johns High School students seem to have so much fun in their classes and all their school activities she said.

Paula was delighted over the fact that we have competition between our schools. At her first American football game she couldn't get over the realization of the spirit and the feeling of support the students gave to their schools and teams. In Sweden sports are not connected

in any way with school. Sports are usually played on a professional level while some schools and special organizations participate in a small degree for their own satisfaction.

TO HER, KIDS in the United States seem so very friendly, unlike anything she has ever seen. The way boys and girls act together and go out on dates so much came as almost a com-

plete surprise to her. A boy in Sweden would never date a girl that he had not known for a long time. Here in the United States a boy will go out with a different girl each night. Also girls would never go to a dance by themselves, school-sponsored or not. She feels that these are just some of the "rules" she must abide by in the society Sweden has adapted for itself today.

But Paula should really start to get in the swing of things. She was honorary queen for the St. Johns High School Homecoming on Oct. 6. This affair includes the parade through downtown St. Johns, half time festivities at the football game, homecoming dance after the game and dinner in a fine restaurant after the dance.

After Paula leaves the St. Johns area for her native land next spring she prophesies a feeling of nostalgia for her host family and the many friends she hopes to make in the near future.

Paula's stay here as an exchange student is part of the Youth for Understanding program.

HONORARY QUEEN

Honorary homecoming Queen Paula Kjelleras beams with glee as student council Vice President Sandy McQueen hands her a bouquet of red roses.

## Survey to provide home fallout safety factor information

A statewide survey to determine the amount of protection from radiological fallout existing in one-, two- and three-family dwellings has been started in Michigan. Ernest Carter, chairman of the Clinton County Board of Supervisors, announced this week.

The surveys being conducted by the Bureau of the Census, acting as agent for the Office of Civil Defense, Department of Defense. It is being accomplished with the cooperation of state, county and municipal civil defense officials.

The Bureau of the Census will survey by mail and by per-

sonal interview. Questions asked relate to facts about the type of construction and location of the home. The information obtained will be fed into computers which will determine the amount of protection against fallout that presently exists in each home.

THE HOUSEHOLDER will receive the information about his home on a special label attached to a publication. The publication will tell him how he may improve the fallout protection if he wishes. All information provided to the Bureau of the Census by the householder will be

treated as confidential by the bureau.

Families in 72 larger cities will receive the questionnaire by mail. They are asked to fill out the questionnaire and return it in the postage-free envelope to the Bureau of the Census office.

Families living elsewhere in smaller communities and rural areas will be interviewed by the Bureau of the Census personnel hired from among local residents and specially trained for this survey.

The Office of Civil Defense states this program is a logical extension of the National Fallout Shelter Survey, begun in 1961. The National Fallout Shelter Survey has located space for 5,535,000 persons in buildings throughout Michigan. These shelter spaces, however, are not all located in terms of where people are. There is a shortage of public fallout shelter protection in suburban and rural areas. This new survey is designed to bring to householders information about the amount of protection that presently exists in their homes.

For their own protection, each family is urged to cooperate with the survey.

### Temple to get new tables, chairs

The Masonic Temple Board in St. Johns has voted to purchase 50 new metal chairs to add to the present supply and 20 new tables to replace the old ones now being used.

The Rainbow Girls were granted permission to carry out a project of planting bulbs around the temple building this fall. Names drawn by the board to repay loans were Don Toaz and Mark Eaton.

The next meeting of the Temple board will be Nov. 8.

## Senior Citizens plan election

Forty-five Senior Citizens were present at the meeting on October 10. Preparatory to the upcoming election of directors and officers, Chairman Hill appointed the following nomination committee: Earl Darnell, Arthur Thelen and Carl Harris.

The business meeting was followed by a program under the direction of Mrs. Clarence Bauerle. After some community singing Mrs. Marie Thelen, President of the Clinton County Community Chest, gave a very fine explanation of the goal and activities of the organization. It has a 15 member board composed of persons from different parts of the county and the goal is \$27,000. Her talk was followed by several selections by the harmonica band.

The next meeting, which will be on October 24, will be election and all senior citizens are cordially invited. Potluck dinner at 12:00 noon at the Drop-in Center.

### OLD REVOLVER MISSING

An old-fashioned revolver, an axe and a corn knife were reported missing Oct. 11 by Florence Krepps of 7447 Island Road, Elsie. Clinton County sheriff's officers are investigating.

Things have changed, teacher wrote in 1904

Early Watertown teaching recalled

Mrs Ruth Oliver of 6300 Clark Road, R-4, Lansing, contributed the following article about the life of a school teacher in Watertown Township about 120 years ago.

people at the turn of the century as are the comparisons we make today to education in early 1900s.

a home-made cutter, called in common parlance, "a pung," his harness decidedly primitive with ropes for lincs, our robe a common bed quilt.

I look back upon it, to think with what rigor I insisted upon the most perfect order.

WE DOUBT SOME WHO WILL be present with you can give some incidents that I do not recall, and also tell who it was that spelled down the two schools.

As was the custom in those days, the teacher "boarded round," and each vied with the other to make her as comfortable as possible.

But everyone received the teacher eagerly and with cordiality and gave her the best they had, often under circumstances that would be truly embarrassing to any of us now.

ONE OF THE INCIDENTS OF THAT winter was when John Lowell, then 17 years of age, took several including the teacher, with his four year old steer and sled covered with straw, but without any box, to Wacousta to attend a school exhibition in the evening at the close of Benjamin Macomber school.

And none took their lot as a hard one, or dreamt they were heroes or heroines—all went to their daily duties with a cheerfulness and bravery that would put to shame many a one far better situated in those days.

I think nothing could impress upon the younger members of this generation the exceeding newness of the country as a map drawn of the township dotting upon it the little clearings, here and there a log cabin or shanty on them, and all the rest dense woods of large trees, many of them gigantic.

FOR INSTANCE FROM MR. FRARY'S corners (one mile south of the Center) west lived Frank Sanborn and Sidney Loomis, and then the clearing and road ended; south of the corners, Cassan Lowell on the corner and farther south, Mr House and Daniel Sherman, no more houses to the turnpike, and for some distance each way.

Coming north of the Center, where your schoolhouse now stands, we struck into solid woods, the road winding through among the trees to the Hunter bridge. On the Hunter corner was a five acre clearing but no house; where Will Bush now lives; a small log house and a few acres cleared around it, in which lived William Clark; on the east bank of the river, just beyond our second bridge a small log house with a few acres cleared, in which lived Mr Hamil; between our two bridges to the east of here, not a clearing. A road had been cut out, four rods wide, but was grown to the wagon tracks with brush-blackberry and others.

But I forbear. When I enter upon this subject I do not know where to leave off. I have reached far beyond this subject, and can only hope those present may be able to give details and incidents which, through the many years intervening, may have become dimmed to me, but the general impression seems almost as vivid to me as though memories of a few years. But now nearly all are gone, only a few are left to look back upon those scenes, which to this generation no picture can paint and no pen fully describe.

Cherishing with more than common interest all that is dear to you, I am

Sincerely Your Friend, Cornelia N. Hazard.

OPEN HOUSE

The Methodist Church will be the place of the "Open House" honoring Reverend, and Mrs George Somers, Saturday evening. This will be an informal affair, giving the friends of the Somers family a chance to visit with them.

THE MAPLE RAPIDS Improvement Association will sponsor a Halloween Young Artistic contest for young artists or would-be artists from the 2nd through the 7th grade.

For the benefit of the curious, the bells and noise that was heard late Saturday night, was all for the benefit of Mr and Mrs Kenneth LaBar, who were recently married.

Mr and Mrs Wilbur Bancroft called on Postmaster Shirley Thorne at Horton Sunday afternoon, and were guests of Mr and Mrs Bruce Bancroft and family Sunday night.

Mrs Dora Loudbeck is a patient at Carson City hospital in intensive care. Visitors are limited at this time.

Mrs Thelma Berkhousen of Kalamazoo is spending a few days with her mother and aunt, Mrs Maude Crook and Mary Cole.

RECEIVES AWARD

The employees of the Maple Rapids Post Office were honored with a Special Award for achievement in the 1967 U.S. Savings Bond Payroll Deduction Program.

The award, in the form of a colorful window decal, was received from Donald L. Swanson Regional Director and will be placed on the Post Office window for all to view.

All employees in the Maple Rapids Post Office are purchasing U.S. Savings Bonds through the Payroll Deduction Plan. This is the third successive year that all of the employees in Maple Rapids Post Office have purchased U.S. Savings Bonds, through the Payroll Withholding Plan.

Mr and Mrs Earl Schultz and son spent the weekend with his brother, and wife, Mr and Mrs Bill Schultz and family of Caro. Mrs Inez Schultz, who had spent the past three weeks there, returned to her home with them.

THE CITY OF DE WITT ORDAINS:

Section 1. It shall be unlawful for any person to be a disorderly person within the City of DeWitt.

Section 2. A disorderly person shall be any person who shall do any act or engage in any practice hereinafter enumerated and any person who shall aid and abet another to do any such act or engage in any such practice:

(A) shall make or excite any disturbance or contention in any tavern, store or grocery, manufacturing establishment or any other business place or in any street, lane, alley, highway, public building, grounds or park or at any election or other public meeting;

(B) shall be drunk or intoxicated in any public place or engaged in any indecent or obscene conduct in any public place;

(C) engage in any window peeping;

(D) utter any vile, blasphemous, vulgar, or obscene language in any street, alley, park, or public place or in such a way as to subject the public or any man or woman or child to such language;

(E) accost, molest, or otherwise annoy, either by word of mouth, whistle, or by sign or motion, any person in any public place;

(F) loiter in or about any street, alley, park, public place, or public building, or collect or stand in crowds or arrange, encourage, or abet the collection or persons in crowds for illegal or mischievous purposes in any street, alley, park, or public place or building;

(G) conduct oneself in any public place so as to obstruct the free and uninterrupted passage of the public;

(H) permit or suffer any place occupied or controlled by said person to be a resort of noisy or boisterous persons;

(I) disturb the public peace and quiet by loud, boisterous, or vulgar conduct or words, or by improper diversion;

(J) obstruct, resist, hinder, or oppose any member of the police force, or any peace officer in the discharge of his duties as such;

(K) wander about the streets or alleys or other public places, or upon private land, either by day or night without any visible means of support, or without being able to give a satisfactory account of himself;

(L) disturb any service or worship, or any other assembly gathered for a lawful purpose.

Section 3. Any violation of this ordinance shall be punishable, upon conviction thereof, by a fine not to exceed \$100.00 or imprisonment in the county jail for a period of not to exceed 90 days, or both such fine and imprisonment.

This Ordinance shall become effective on the date of publication, October 12, 1967.

**HARVEST FESTIVAL**  
The Salem E.U.B. Harvest Festival will be held in the church basement Saturday evening Oct. 21. Potluck supper at 6:30. Donald Wright, Counselor at Central YMCA, Detroit will be guest speaker. Free Will Offering will go toward the Parsonage Debt.

**ROCKY SNYDER—MEMORIAL DECIDATED**

Salem E.U.B. Men's Brotherhood held their October meeting in the church basement Saturday evening. Work was completed on the public-address system given in memory of Rocky Snyder and will be dedicated Sunday Oct. 22 at the 11 o'clock Worship hour. Sunday will be observed as Men's Day.

Sunday School officers elected to serve in 1968 at Salem E.U.B. Church are: Superintendent Mr Joe Purves; Assistants, Mrs Thelma Woodbury, Raymond Kindel; Pianist, Mrs Mary Phillips, Assistant, Mrs Carol Kindel; Secretary, Mrs Louise Wing, Assistant Mrs Lucille Greive; Primary Superintendent, Mrs Dottie Snyder, Assistant Mrs Donna Smith; Primary Pianist, Mrs Gayla Phillips, Assistant Mrs Margaret Conine.

The October meeting of the Salem E.U.B. W.S.W.S. was held Thursday evening at the home of Mrs Marjann Randolph. Mrs Harriet Schmid was co-hostess.

Vice President Mrs Claribel Nieman conducted the business meeting. Roll call found 12 present. Secretary reported the electric roaster for use in the church basement had arrived.

Program committee for 1968 is: Mrs Theo Purves, Mrs Mary Phillips, Mrs Eleanor Fogleson and Mrs Claribel Nieman.

Missionary offering taken will be sent to Church-Women United. Mrs Claribel Nieman auctioned articles brought for sale. A quilt was taken to Becker's Appliance store in St. Johns to be sold on sealed bids.

Mrs Gayla Phillips presented the program Races and Reconciliation. A skit on "Common Things We Generalize Between the Negro and the White" was given by Mrs Dorothy Moon, Mrs Thelma Woodbury, Mrs Doris Fisher and Mrs Harriet Schmid. Reconciliation was illustrated with a wall of blocks. As each person read a Bible Verse, a block was removed from the wall. Best Be The Tie That Binds was sung in unison. Mrs Gayla Phillips closed the meeting with prayer.

The November meeting will be held at the home of Mrs Theo Purves. Thank Offering boxes are to be brought. Election of officers will be held. Mrs Gladys Hankey will be co-hostess.

Enrollment at Journalism Schools was up 16.3 per cent in 1966 over 1965 (22,339 vs. 19,229) and up nearly 100 per cent over 1960.

#### INITIATION OCT. 29

On Sunday, Oct. 29, the Catholic Order of Foresters will hold an initiation which will begin at 1 a.m. at the Pewamo-Westphalia High School gym. Candidates are to register at the Post Office before October 25. Starting at 6 p.m., a dinner will be served at St. Mary's Hall. Tickets are \$1.50 until the deadline, and will be sold for \$1.75 at the door.

#### D OF I MEETING

On Thursday evening, starting at 8 p.m. the Daughters of Isa-

bella will hold their monthly meeting at the parish hall. Being that there will be an election of officers at this meeting all members are urged to attend. Everyone is reminded to bring along their canned delicacies for the special pantry shower.

#### FIREMEN'S BENEFIT DANCE

On Friday evening, Oct. 27, the Westphalia Jaycees are sponsoring a Firemen's Benefit Dance which will start at 9 p.m. at St. Mary's Parish Hall. Everyone attending this dance is asked to bring his own refreshments. Gerald Thelen, son of Mr and Mrs Urban Thelen has been confined at Carson City Hospital for the past week.

THE MANY relatives and friends of Mrs Mary Heyer will

be happy to hear she was able to leave St. Lawrence Hospital during the past week, where she has been cared for with a broken hip. Mary is now being cared for at the Eaton County Medical Care Facility in Charlotte.

Mr and Mrs Gregory Martin of Lansing spent Saturday with Joseph Spitzley, Joe and Rosealyn.

Odelia Thels is home visiting with relatives after spending five years living in California.

Many from this community attended the family style chicken dinner which was held at St. Peter's Lutheran Hall in Riley on Sunday afternoon.

Several from this community attended the funeral mass for Mrs Anna Nuremberg, 50, at St. Patrick's Church in Port-

land, on Friday morning. Burial took place in St. Mary's Cemetery. Mrs Nuremberg, who is survived by her husband Herman, passed away on Tuesday at a Lansing Hospital after a long illness.

### Chapman District

#### CLUB MAKES TOYS

The Kozy Korner Hobby Club met at the Fenmore hall on Thursday evening. Martha Schulz was the hostess. The evening was spent making toys to be given to a children's home at Christmas. Roll call was answered by nine members telling of their favorite childhood toy. A delicious lunch was served by the hostess. The November meeting will be held at Mrs Robert Kridner's home.

#### ATTENDANCE CONTEST

The Bannister Sunday School has begun a Contest to raise interest and attendance. Sides

have been chosen and named after the prophets, Jeremiah and Amos. Each side is trying to interest those who are not attending Sunday School, in coming to the Bannister Methodist Sunday School. On Sunday morning the Jeremiah side had 124 points and the Amos side 113. Mrs Marlene Swarthout and Mrs Marjorie Glowney are in charge of the contest.

THE BANNISTER Methodist WSCS will observe a "Day of Prayer and Self-Denial" at the church on Thursday, Oct. 26. It will begin at 12:30 p.m. with a sack lunch. Dessert and beverage will be furnished by the society. The Ashley, Beebe North Star and Rathbone societies have been invited to attend.

Mr and Mrs Floyd Glowney

helped their daughter, Ann celebrate her 8th birthday recently. Others helping Ann celebrate were Mrs Mary Zimmerman of Livonia, Mrs Hildreth Rambow of Detroit, Mr and Mrs King Terrell and sons, Mrs Alice Ensign and daughters, John Glowney and Mrs Ann Ensign all of Bannister and Mrs Duane Green of Elsie. The celebration was also for Mrs Lillian Terrell and Timm Glowney who have October birthdays.

Bill Ferris is a patient at University Hospital in Ann Arbor. His address is 7th floor west, University Hospital, Ann Arbor, Mich.

Gilbert Felt has been a patient at Clinton Memorial Hospital but hopes to return to his home on Monday or Tuesday.

## Platner-Hornus vows said Oct. 7

ELSIE— Newlyweds Mr and Mrs Duane L. Platner are honeymooning in Kansas and Colorado following their marriage Saturday afternoon, Oct. 7 in Christ Episcopal Church. Upon their return they will be making their home in Elsie.

The bride is the former Coleen Sue Hornus, daughter of Mrs Mary M. Jackson of Owosso and Christian Hornus of Grand Rapids. His parents are Mr and Mrs Paul Platner of Elsie. The Rev Alex J. Newell heard the couple repeat their vows.

White full chrysanthemums framed the church altar and greens marked the pews by which the bride was escorted to the altar by her brother, Pete Hornus.

She wore a formal wedding gown of candlelight silk peau de sole and hand clipped chantilly lace fashioned in empire lines with bateau neckline and wrist length sleeves. Details of lace accented the bodice and deep edges of her belled sleeves and A-line skirt. Her waltz train accented with chantilly lace, was chapel length.

With this she carried a white satin muf with an arrangement of white chrysanthemums and ivy. An open crown pillbox of candlelight peau de sole secured her multi-tiered court length veil of English silk illusion.

Elaine E. Brooks attended the bride as honor maid wearing a russet velvet and mortar French crepe fashioned in cage lines with high velvet bodice and slim crepe skirt. A velvet panel train added back interest.

Bridesmaids Linda Jenkins,

Reta Platner, sister of the groom and Mary Anne Jackson of New Boston, sister of the bride, wore similar gowns of moss green velvet and mortar French crepe. Matching velvet made up their petal head pieces and all carried matching velvet muffs with arrangements of yellow chrysanthemums and ivy.

Dale Heldeman of Elsie attended the bridegroom as best man. The groomsmen, Larry Ott and Cleon Platner, brother of the bridegroom, were also from Elsie. Mike Hornus, a brother of the bride served as usher.

Both Mrs Jackson and Mrs Platner were presented with corsages of yellow sweetheart roses. The wedding reception was held in the church parlors. Later the couple left for their wedding trip. When they return their address in Elsie will be 138 E. Oak St. after Oct. 21.

Mrs R. D. Martin, Mrs Archie Moore, Mrs C. H. Sils and Mrs Alex Dunay attended the Centennial Session of the Michigan Grand Chapter O.E.S. at Grand Rapids Wednesday. Mrs L. W. Burdick also accompanied them to Grand Rapids to spend the day.

The Esther Circle of the Methodist W.S.C.S. will sponsor a baked goods booth at the annual Bazaar and Turkey Supper at Fellowship Hall, Wednesday, Oct. 18.

## Literary Club hears plans for coming year's activities

ELSIE—The Woman's Literary Club launched its 65th year of service and cultural interest in the Elsie Community Tuesday evening in the hot lunch cafeteria of the Junior High School. Friendships were renewed following the summer recess.

Mrs Larence Hess, Mrs Lunsford Melvin, Mrs Viola Allen, Mrs Boyce Wooley and Mrs Duane Green were in charge of the arrangements with Mrs Howard Peltier and Mrs Lewis Carter as hostesses.

Greetings were extended by president Mrs Durward Conklin as she presided for second year, as head of the 65-member group. Yearbooks dedicated to the memory of Mrs Myrtle Cook were distributed by secretary Mrs Viva Scott and treasurer, Mrs Ruby Parks.

Miss Sharon Dunham, Ovid-Elsie senior, was guest speaker and recounted her experiences at Girls' State in Ann Arbor where she was sponsored by the W.L.S. through the American Legion Post during the summer.

Sharon used her musical talents to present her experiences with songs interspersing each day's activity with such selections as "Getting to Know You," "You'll Never Walk Alone," "God

Bless America" and closing with the Girls' State Song.

This unusual interpretation reflected the inspiration received by the nearly 500 girls who attended. Sharon followed the activities from its panel discussions, debates, election and inauguration of officers to such outstanding speakers as Michigan's First Lady Mrs Lenore Romney and Lt. Gov Wm. G. Millikin. She also showed pictures and mementoes of her stay at Girls' State.

Mrs Larence Hess gave a preview of the year's program plans which now include regular meetings on the second Tuesday of each month from October to May inclusive with three special meetings, Library Benefit, Party Night and Mother's Day Remembrance.

Reports on special projects were presented: Trading Post (Oct. 27-Nov. 4) at the Holechek Building, Mrs Harold Heldeman; Medical Self-help lessons by Mrs Woodrow Bashore; and Library Benefit on Nov. 14, Mrs Howard Peltier. A Certificate for Excellent Work in the Clinton County Chapter of the American Cancer Society was presented to the club. Elsie's club women have been zealous workers for many years in the Cancer control program.

Mrs Durward Conklin and Mrs Viva Scott will represent the club as delegates to the West Central District Convention in Byron Oct. 26. Several other members plan to attend.

Honorary memberships for years of service were given to Mrs George Blayne, Mrs Lloyd Craven, Mrs George Ellis, Mrs Alton Fitzzell, Mrs C.S. Goodrich and Mrs Sidney J. Keys.

## 77 enter Elsie PP & K contest

Six first place winners of the annual Ford Punk, Pass and Kick program, recently sponsored by Clark's Service, local Ford dealer, will compete with winners from other areas in the Zone Competition on Oct. 21 at Lansing's Sexton Field.

They are: Joe Seybert, age 8; Mike Fabus, age 9; Chris Seybert, age 10; Rodney Love of Ovid, age 11; Tom Pontack, age 12; and Eddie Sipka, age 13.

Second place went to Russ Gingrich, age 8; Randy Winans, age 9; Robb Miller, age 10; Rodney Barrett of Ovid, age 11; Jim Johnson, of Ovid, age 12; and Joe Fabus age 13.

## Discuss bus policy at Elsie PTA meeting

DeWitt  
By Virginia Ackerman

### DeWitt PTA

ELSIE—The Elsie PTA held its October meeting at the school Monday with president Mrs Ray Canfield in charge.

It was voted to purchase a fish aquarium to be placed in the room with the most parents present for the month.

The next meeting will be Nov. 13 with Joe Thering in charge of the program on basketball rules and plays.

Earl Seybert presented the program on bus transportation stating the cost of many parts of our bussing students to school. It was also suggested that the bus policy for students be revised. Also that parents listen to the radio in case of inclement weather for school announcements instead of calling school personnel. This is carried on W.L.S., W.J.R., the Alma station and W.O.A.P.

Refreshments were served by Mr and Mrs Walter Miller.

Chicken Supper. The menu includes many goodies from the kitchens of the members of the Women's Society. Tell everyone you know about it and plan to eat your supper there, also. Serving begins at 5:30.

The Berean Circle has dishes, vanilla, pepper and a variety of fine spices for sale. These spices are packed in attractive milk glass shaker containers and would make lovely gifts.

The WSCS is also saving and asking for coupons from Betty Crocker or General Mills products. Please save them and if you have no further use for them you can turn them in to Mrs John Spencer, 7847 Kinley Rd.

The week of prayer and Self-Denial is being observed this week by the Women of the Shepardsville area. Next Sunday afternoon at 4 p.m. there will be a special program at the church, climaxing this week.

A son, Keith Daniel, was born to Mr and Mrs Donald Fox on September 29. Mr Fox is serving in the Vietnam area. He is the son of Mr and Mrs Ronald Fox.

DEWITT—Meeting dates for Parent Teacher Assn. of the DeWitt Public Schools were announced last week by Mrs Janet L. Everitt, secretary.

The PTA will meet Nov. 21 and Dec. 12, 1967, and Jan. 16, Feb. 20, March 19, April 16 and May 21, 1968. All meetings will be at 7:30 p.m. at DeWitt High School.

25th ANNIVERSARY  
Mr and Mrs Lawrence Keck hosted friends, relatives, and neighbors Sunday Oct. 15 celebrating the 25th Wedding Anniversary of Mr and Mrs Clarence Trumbull of St. Johns.

HUNTING TRIP TO WYOMING  
Richard Ritter of Airport Road and friends, Wendell Cleveland, David Finnerty, and Jim Woodward all of Lansing returned from a successful hunting trip to Lusk, Wyo., with 3 mule deer and 3 antelope.

BIRTHS  
Mr and Mrs Lloyd Ballard are the parents of a boy, Chad Robert weighing 8 lb. 12 oz. on Oct. 10 at St. Lawrence hospital.

Mr and Mrs Edward Dintzler are the parents of a boy, Stephen Edward, weighing 8 lb. 5 oz. on Oct. 9th.

Cecil Gearhart of Houghton Lake spent the week with his daughter and family, Mr and Mrs Leo Hanson.

Heartfelt sympathy to the families of Christian Wick and Mrs Frieda Tingay from their friends and neighbors.

Mrs William Alfred is convalescing at home after surgery last week.

Mrs Amanda Ackerman has returned to her after visiting with her niece, Mrs John Flannery, in Lansing.

Mrs Clarence Fuerstenau entertained the Past Matrons Friday Oct. 13.

Mrs Howard Soltow and Mrs Don Soltow are on a sightseeing trip to Washington D.C. this week.

## Shepardsville

By LUCILLE SPENCER, Correspondent

### OFFICIAL BOARD MEETS

The Official Board of the Shepardsville Church met Sunday afternoon for their regular meeting. There are approximately 47 members of the Board but only 16 showed up. If you are a member, where were you? Mrs Russell Kloski has been appointed as interim secretary, taking the place of Mrs Francis Hall. Mrs Kloski will be officially elected in February when the Fourth Quarterly Conference meets at the Shepardsville church early in 1968. A much needed folding door is soon to be placed in the church School addition. The MYF will be having their UNICEF drive on Sunday, Oct. 29. The Worship Commission Chairman requested that the Board buy new folders for the music of the Junior Choir members. The request was granted. The question of church stationery was discussed. Meeting adjourned.

### CHURCH CIRCLE

The Afternoon Circle of the Shepardsville WSCS met at the home of Mrs Charles Walker on Colony Road on Thursday afternoon, Oct. 12, with a good attendance. The president, Mrs Karl Smith, presided over the business meeting. The secretary's and treasurer's reports were read and accepted. The president reported on the special meeting held at church on October 1. The Week of prayer and Self-Denial will be observed during the coming week, with a special program to be held at the church on Sunday afternoon, Oct. 22 at 4:00 p.m. It was also announced that there would be a Smorgasbord supper on October 28. The brown envelopes will be used again this year. There will be a special project to raise money for the circle in the near future. The business meeting was adjourned.

MISS BONNIE MILLER, daughter of Mr and Mrs Max Miller of Kinley Road and Mr Ronald Forsythe of Detroit, were married at high noon in the Main Street Building of the United Church on Saturday.

Mrs Guy Cox of Lansing and Hub Whitney of San Jose Calif., were Wednesday afternoon guests of Mr and Mrs John Spencer. Mrs Chauncey Green was a dinner guest.

Mr and Mrs Wayne Ackels took a color tour last week-end. They followed one of the routed tours.

Mr and Mrs Charles Palen, Sr., and Mr and Mrs Rex Allen Baker spent the past week-end at the Palen Cottage at Edenville, getting it ready to close for the winter.

Steve Komives is in the Clinton Memorial Hospital for surgery. He was operated on Monday morning. Bill Muller of Detroit has been spending the past couple of days with his mother.

Mrs Thelma Allison and daughter, Joyce of Mount Morris were Friday visitors of Mr and Mrs Lawrence Walter, Sr. Mrs Allison is a sister of Mr Walters.

Mr and Mrs Max Walasek spent Sunday in Detroit. They called on her brother-in-law, Peter Franzoni, who had recently had a heart attack.

Mr and Mrs Max Miller had as week-end guests, the Misses Sherrill Tidey, Diane Berger, and Kristin Stipp all of Detroit. They were part of the bridal party. On Friday evening the Millers entertained Mr and Mrs Douglas Forsyth and Mr and Mrs Robert McMahon, parents and sister-and brother-in-law of the bridegroom.

Mrs Grace Baker had charge of the devotions. Her scripture was the 13th chapter of 1 Corinthians, the love chapter of the Bible. Her meditation was on Love.

Mrs John Spencer had charge of the program. Her topic was different world religions as compared with Christianity. She was assisted by Mrs Grace Baker, Mrs Karl Smith, Mrs Clarence Mead, Mrs Ray Jones, and Mrs Charles Walker. The religions discussed were Hinduism, Islam, Judaism, and Buddhism. She told something about how each of these religions were founded, and after each one quotations were given from the works of these religious writers. The Golden Rule was repeated by all, then Mrs Spencer read the Golden Rule as Hinduism, Buddhism, Islam, and Judaism interpreted it.

Mrs Spencer also read some articles from the Conference newspaper, Highlights.

The next meeting will be on November 9 with Mrs John Spencer on Kinley Road.

Thursday, Oct. 19, the Berean Circle of the Shepardsville WSCS will meet at the home of Mrs Ilene Hettinger. Two ladies from the Afternoon Circle will have the Devotions and Program. Meeting at 6:00 p.m.

Next Sunday, Oct. 22, the Laymen of the church will have charge of the service. A fine program has been planned, and several people of the church will be taking part. Plan to attend this service to support the Laymen as they do their part.

On Thursday, Oct. 26, the WSCS will serve a Family Style Fried

# Detroit man claims Ovid girl as bride

Bonnie Lynn Miller, daughter of Mr and Mrs Max Miller of Ovid and Ronald Andrew Forsyth, son of Mr and Mrs Douglas A. Forsyth of Detroit, were married Saturday October 14, at the United Church, Main St. Ovid. The Rev Gordon Spalenka officiated.

Given in marriage by her father, the bride wore a short crocheted dress bell type sleeves, of antique white and carried a small bouquet of white sweet heart roses, baby's breath and ivy. The maid of honor, Kristin Seppi of Detroit, wore a white belted gold imported wool dress and carried bitter sweet and ivy.

Gerald Surowiec of Detroit, attended the groom as best man. Wedding music was presented by Roger Mathies, a friend of the family. Barry Miller, brother of the bride and David Brindle, friend of the groom seated the guests.

Mrs Miller mother of the bride, was attired in a slim brocade dress of fall colors. For her son's wedding Mrs Forsyth chose for her dress a champagne tone satin and lace with matching hat. Their corsages consisted of white tea roses and baby's breath.

Following a wedding brunch at Daley's on South US-27, the couple were flown by the bride's father to Capital City Airport from where they continued by plane to Chicago.

Upon their return, Mr and Mrs Forsyth will make their home at 16204 Oakfield in Detroit.

Tuesday evening to pick up their daughter and husband, Mr and Mrs Ronald A. Forsyth. The Forsyths were enroute home by plane following a wedding trip to Chicago. The Millers continued on to Metropolitan Airport to bid "Bon Voyage" to Mr and Mrs Wilma O. Backus, sister of Mrs Miller, and Mrs Ferne Walter of Birmingham, who were enroute to New York. From there they will board ship "The Kunsholm" of the Swedish American Line, for a six week cruise around South America.

Mr and Mrs David Austin and two daughters left Thursday after spending a few days with his parents, Mr and Mrs George Austin, enroute from Ledyard, Conn., where he has been stationed several years, to his new station at Port Angeles, Wash.

Mr and Mrs W. G. Wittenberg entertained at a family dinner Sunday, honoring the birthdays of Mrs Mae Wittenberg of Lansing and Mrs Charles Wittenberg. Guests came from Monroe, Milan and Lansing.

## Magic show to benefit O-E facility

**ELISIE**—The Ovid and Elsie Lions Clubs are combining their efforts next week to sponsor the "Great Merlin Mystery Show" Wednesday evening at the Ovid-Elsie High School Auditorium. The proceeds from the Oct. 25 show will be used to defray some of the cost of the new concession stand and press box at the new high school football field.

The "Great Merlin Mystery Show" is billed as being as great as in the past. Not only will The Great Merlin mystify the audience with his disappearing acts, but the hypnotism that he is able to perform will send everyone home totally amazed. The show is said to be both revealing and educational.

ADVANCE TICKETS are being sold by all Lions Club members in both communities. Some 1,200 seats will be available, and when the tickets are sold no other admission will be sold.

The Ovid-Elsie press box and concession stand is more than just dual-purpose.  
 "We take second to none of any high school in the area with this facility," Earl Seybert Jr., assistant superintendent of Ovid-Elsie Area Schools, said. "The press box is 24 by 20 feet with comparable room below for the two concession serving areas—one facing the field and one facing the parking lot."

"It is fully equipped to broadcast from, with phone services and large windows for picture-taking."

"In off-seasons of the year, groups of science students will be able to use our large 10-foot telescope mounted on a pedestal in the press box to view the heavens above."

# THE FIRST PAGE OF Adventure

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# Kissane, Phillips elected to Farm Bureau board

Robert Kissane and Dennis Phillips were elected to seats on the Clinton County Farm Bureau Board of Directors last Tuesday night at the annual meeting of the county farmers organization.

Kissane, of R-3, St. Johns, will replace David Conklin as a representative on the board from the Bingham-Olive district, and Phillips, of Gratiot Road, R-1, St. Johns, replaces County President E.J. Bohm and representative from the Essex-Lebanon district.

The board was to meet this past Tuesday night to reorganize and name new directors. Other

members are Andrew Cobb of Elsie; James Becker of R-2, St. Johns; Ken Gelsenhaver of R-1, Bath; Neil Harte of R-4, St. Johns; Lawrence Maier of R-4, Lansing; Lee Ormston of R-6, St. Johns; Daniel Thelen of R-2, Portland; Glen Whitford of R-6, St. Johns; Mrs Levi Blakeslee of R-2, St. Johns (women's chairman); and Bruce Mehney of R-1, St. Johns (young farmer chairman). Mrs Blakeslee and Mehney were reappointed to the board last Tuesday.

AN ESTIMATED 220 PERSONS attended the annual dinner and meeting at Smith Hall. In addition to the more serious busi-

ness of election of directors and action on resolutions, there was the pleasure of watching awards presentations and the crowning of a new Clinton County Farm Bureau queen.

The new queen is Miss Nancy Reese, 18, of R-4, Lansing. She is the daughter of Mr and Mrs Robert Reese Jr of 14633 Wood Road and is a student at Lansing Community College. Other contestants were Mrs Allan (Sarah) Boron of R-2, Laingsburg, and Mrs Bruce (Jeanette) Mehney of R-1, St. Johns.

Miss Reese will now be entered in the Michigan Farm Bureau queen contest Nov. 7 at the Lansing Civic Center. The state winner will compete in the American Farm Bureau Federation contest at the national convention in Chicago in December.

Miss Nancy Reese of DeWitt Township (center) is crowned Clinton County Farm Bureau queen by last year's queen, Mrs Martin Sands of Eagle, at last Tuesday night's, FB annual meeting. At the right is Bruce Mehney, chairman of the Young Farmer Committee.

## Urea is helpful but also dangerous

Dairymen can reduce protein costs and boost production by using urea, especially when low protein forages such as corn silage or grass hay are the major forages fed, say two Michigan State University dairy scientists.

Dairymen, however, need to be aware of the toxic effects of faulty or overfeeding of the synthetic nitrogen source, report the scientists, Donald Hillman and J.T. Huber.

They warn that cattle require about three weeks to become fully adapted to using urea. Best technique is to begin with a low level (about 1/3 of the final amount), gradually increasing the urea content until the desired amount is reached.

IN ORDER to avoid urea toxicity, complete and thorough mixing of urea in the other ingredients is necessary. The scientists caution urea feeders:

\*Never feed urea or a urea-containing protein supplement without diluting it by mixing it completely in the grain ration or other feed.

\*Never feed a ration that contains more than two per cent urea.

\*Never leave urea or high urea supplements accessible to cattle or other livestock.

\*Beware of mixing urea with wet corn or other ingredients that may cause the urea to "bunch-up" and fail to distribute evenly throughout the ration.

\*Don't try home-mixing unless you have satisfactory mixing equipment to insure uniform distribution.

UREA DOES NOT pay off as well when high protein forages such as alfalfa hay or haylage are the major forage fed since very little extra protein supplement is required. It is economical to feed when the cost of 10 pounds urea (42 per cent nitrogen or 9 pounds of 45 per cent N urea) plus 70 pounds shelled corn (or other grain) is

less than the cost of 70 pounds of soybean meal, according to the scientists.

Extension Bulletin 602 gives complete information for dairymen.

## '67 membership set at 1,218

The Clinton County Farm Bureau ended the fiscal year last Aug. 31 with a total membership of 1,218 families, a decrease of only nine from the previous year.

The county group's goal for 1967 was 1,297 families; they achieved 94 per cent of the goal. New members signed during the year were 76, and renewals totaled 1,137. There are five life members. There are 106 associate members on record.

Membership in 1967 by township is: Bath 40, Bengal 89, Bingham 126, Dallas 107, DeWitt 72, Duplain 66, Eagle 70, Essex 79, Greenbush 60, Lebanon 62, Olive 67, Ovid 99, Riley 59, Victor 34, Watertown 103 and Westphalia 95.

## County FB stands behind aid to public education only

The Clinton County Farm Bureau is standing behind the present laws which give Michigan public schools the primary benefits of state aid.

By a narrow margin last Tuesday, Farm Bureau members at their annual meeting voted down a proposed resolution that would lend FB backing to "proposals that would give equal aid to public and private Christian schools in the teaching of all required subjects and in transporting of students."

The resolution was one of the most vigorously debated to come before the membership last Tuesday night. The resolutions committee, in presenting the subject, wrote in the resolution:

"WE FEEL IT IS AN injustice that those parents who send their children to private Christian schools, must pay equal taxes to the public school system and also support the costs of their private Christian schools."

Another debated state affairs resolution concerned throw-away bottles, a subject that has come up repeatedly at meetings in past years. Members finally passed a resolution that calls for a 2-cent deposit on all beverage bottles to encourage their pickup and return.

The lone county-affairs resolution acted on last Tuesday pertained to county roadway markings. The resolution in its final form called for the painting of white edge lines on all county blacktop roads, as well as the painting of centerlines on all blacktops.

Here are the other resolutions passed by the Farm Bureau mem-

bership at the county annual meeting: Resolutions calling for

\*ALL DAIRY IMPORTS that compete with domestic Grade A dairy products must meet Grade A standards.

\*All national holidays to remain the same day and time of the year as at present.

\*Action to allow assessment of farm land on the basis of its value for agricultural purposes rather than for non-farm uses.

\*Townships to receive some weight, and/or, gasoline, tax monies, to maintain and repair bridges in their township.

\*Fines for overloaded trucks to go toward road maintenance rather than to libraries.

\*Michigan to be kept on Eastern Standard Time the year around, with no daylight savings time.

\*THE DROPPING of the \$1 annual fee to the Uninsured Motorist Fund by drivers who carry insurance.

\*Farm Bureau support to mandatory participation in the American Dairy Assn.

\*All milk, dried milk, or milk products to be used in manufacturing of imitation or chemical milk to be paid for at Class 1 price.

\*Law enforcement officials to promote respect for law and order by quick and impartial enforcement of our laws and that judges give out sentences that will fit the offenders.

\*All present and future programs sponsored by Michigan Farm Bureau (such as MACMA, MASA, etc.) require Farm Bureau membership for participation.

## The IDEAL WAY To Harvest high moisture Corn and Silage!

# FARMHAND CORN Blurr

THE "CORN BLURR" is a unique combination of blower and burr mill, designed to process ear or shelled corn and blow it into a silo. It has proven especially adaptable for handling high-moisture corn at high capacities.

The advantages of being able to process high-moisture corn with the "Corn Blurr" are many: lower harvesting and field losses, reduced weather losses, higher feeding value, increased labor savings. The Farmhand "Corn Blurr" belongs on your farm now!

**ASC PROGRAM**

**National committee makes feed grain suggestions**

**W. M. SMITH**  
County ASC Manager

The National Advisory Committee on Grains, meeting last month with top officials of the U.S. Department of Agriculture in Washington, D.C., made major recommendations concerning a 1968 feed grain program.

After intensive study of domestic and export situations, the group urged that Secretary Freeman announce a 1968 feed grain acreage diversion program similar to the one for 1966. The suggested program would result the following year in a stocks reduction of at least 5 million tons below the 40- to 45-million-ton carryover indicated for the end of the 1967-68 marketing year.

To accomplish this, the group said, program participants might need to divert about 30 million acres of corn-sorghum acreage. Committee members further indicated that maximum benefit should be achieved for program participants by improved payments for those who agree to increased acreage diversion.

IN LINE WITH THE group's recommendation that the 1968 feed grain program be announced early, USDA immediately scheduled field meetings with farmers and others involved in feed grain production so that viewpoints expressed there, as well as those of the advisory committee, could be used by the Secretary in working out a detailed program for 1968.

The National Advisory Committee shared the concern of the Secretary about current declines in grain prices, indicating the market was overreacting to this year's excellent crop production. Steps taken by USDA to ease the situation was reviewed, and the committee noted that there ap-

peared to be no other practical means by which the secretary could proceed in boosting farm prices.

Regarding the soybean situation, the committee suggested that a "breathing spell" in further expansion of the industry be considered in view of the current world outlook for oilseeds and products. Price support at an average of not less than \$2.50 per bushel for the 1968 crop of soybeans was urged.

Recent market trends on corn and soybeans indicate that the market may go well below the support price.

**CORN PRODUCERS** participating in the 1967 feed grain program are eligible for price

**More farmers use high-moisture corn**

More Michigan farmers who feed their corn crop on their farms will be using high-moisture corn this winter. The 1967 season did not allow corn to get very dry by October, so James S. Boyd, Michigan State University agricultural engineer, thinks farmers will use the grain as high moisture feed.

MSU research shows that either the ground corn and cob or shelled corn, which is from 25 to 30 per cent moisture, can be satisfactorily stored in concrete stave silos. Feeding tests have shown this grain suitable for feeding beef cattle, milk producing cows or hogs.

Some farmers are using both the picker-sheller and the ear corn harvester on high moisture corn. If there is adequate help, both units can be run at the same time. The high moisture shelled corn can be crushed or ground at the site of the silo and blown into the storage.

THE EAR CORN can be put in a temporary crib near another silo, or even the same silo where the high moisture grain has been stored. When time and capacity permits, the ear corn can be crushed and blown into the silo. Boyd warned that high moisture grain should be well distributed to prevent large particles from rolling to the edge and leaving fine particles in the center. Silos

support loans on corn produced under the 1967 program.

The county loan rate this year has been established on No. 2 corn. The county loan rate is \$1.08 per bushel.

There are no special eligibility requirements for price support soybean loans other than producers must have had an interest in the crop at harvest time. Soybean loan rate is \$2.40 per bushel in our county.

The price support loan program is a marketing tool provided by our government to assist producers in marketing their crop at the most advantageous time. Producers using it this year in their marketing program may add substantially to this year's income.

should be as airtight as possible to reduce spoilage. If an older silo is used, where the doors do not fit, rolled plastic or roofing paper can be placed over the doors as the silo is filled. After the silo is full a sheet of plastic should be put over the top with the edges tucked in tight, to prevent top spoilage, Boyd explained.

High moisture corn spoils when it is exposed to the air for 24 hours or more without two inches of the surface being removed. From a 14-foot silo about 1,000 pounds of corn should be removed daily to prevent surface spoilage.

**Green Holstein gives half-ton of butterfat in year**

The 2,345th yearly production record exceeding a half ton of butterfat has been completed by a Registered Holstein cow, Green Meadow Venus Fern 5034610 (VG), owned by Duane and Velmar Green of Green Meadow Farm, Elsie.

The Michigan Holstein's official record of production totaled 27,750 pounds of milk and 1,028 pounds of butterfat in 365 days. She started her lactation at the age of 6 years and 5 months and was milked two times daily.

"Fern" was bred in the Green herd. She was sired by Wis Reward 1303180 (VG), a bull that has earned a Silver Medal Production Sire recognition. Michigan State University supervised the weighing and sample testing of her production in cooperation with the Dairy Herd Improvement Registry program of the Holstein-Friesian Association of America.

**Need financing change to meet farm demands**

Commercial farmers and lending agencies will need to make drastic changes if financing the ever-increasing size and mechanization of farm operations keeps up with the demands.

This is what farmers, bankers and lending agency representatives heard at the Farm Credit Conference at Michigan State University on Wednesday, Oct. 11.

Richard A. Benson, U.S. Department of Agriculture researcher working with Michigan State University agricultural economists, related results of a survey made of financing expansion of large-scale dairy operations in Michigan.

Benson said research showed the total farm investment per dairy cow in 1980 would be approximately \$2,600--\$700 higher than it was in the mid-1960's. This means the 100-cow herd would result in a \$250,000 investment. "With investments of this magnitude, more farmers will have need for larger amounts of borrowing capital than ever before," Benson commented.

HIS STUDY OF TWENTY dairy farms over a six-year period showed a 102 per cent increase in cows milked. Land used by these same farmers increased only 18 per cent, revealing greater efficiency in the use of land for feed production. Net farm income had increased by 55 per cent on these farms.

Benson said the research showed the importance of repayment terms being lengthened in many cases. He cited as an example 3 to 4-year loans on farm equipment which requires the

farmer to make an "unreasonable" rate of return of 30 to 40 per cent a year in order to liquidate the loan.

The economist commented that small banks that would "rather have ten \$20,000 loans than one \$200,000 loan" may have to change. "A truly sound \$200,000 farm loan may be much less risky than many \$20,000 loans," Benson commented.

The need for change is not one-sided, said Benson. "Farmers must be prepared to provide more detailed information than ever before. They must provide comprehensive budgets and plans which will aid lenders to analyze a loan. They must also learn to accept the lender as more nearly a partner.

"LENDER AND OPERATOR must cooperate and work together more closely to insure a successful financial arrangement," he concluded.

Dr. L.H. (H) Brown, MSU agricultural economist who also spoke at the conference, noted that farm employers will need to change to a wage-and-hour basis similar to non-farm employers to compete for labor in the Michigan market.

"Farmers pay substantial fringe benefits in the form of housing and farm-produced food," he said. "Some provide hospital and medical insurance and/or health, accident and life insurance. Farmers are encouraged to give the employee a cumulative accounting of cash wages and hours worked as well as a non-cash benefit at the end of each period.

"Constant application of human

relations principles is a necessary part of attracting and keeping good employees," Brown concluded.

DISCUSSING LABOR further, Dr. Daniel Sturt, director of the MSU Rural Manpower Center, said farm labor will be a key factor in the growth and development of Michigan agriculture.

"Year-around hired workers will assume relatively increasing importance as farm units become larger and more dependent upon non-family labor," said Sturt. "Better labor management is a must in order to hold a productive labor force. Better managed and better paid workers usually perform better; cheap labor, in which the operator invests little time and money, is usually expensive," he contended.

Discussing changes in marketing patterns for farm products, George Stachwick, marketing program director for the Michigan Cooperative Extension Service, pointed to the lack of "positive market power" of most farmers.

"Two groups in the food industry appear to have substantial market power," Stachwick said, pointing to the large manufacturers and the marketing chains. "Unorganized farmers

have no positive power at all and depend upon competition among buyers to obtain full value that market conditions justify for their products. Agricultural producers have felt severe economic pressures from the changing market structure for agricultural products," he said.

How the 1967 Michigan income tax law effects farmers was discussed by Dr. Leonard R. Kyle,

another MSU Agricultural Economist. He said that in general, taxable income is based on the federal law with some adjustments. He warned farmers that they should have good records of the date of acquisition of assets currently held, particularly those acquired before Oct. 1, 1967. Only the pro-rated gain or loss is included in the taxable income, Kyle said.

**For high milk production at low cost... LET US CHECK-R-MIX YOUR MILKING RATION**

Wherever grain is grown and cows are milked, thousands of dairymen depend on Purina Check-R-Mix rations to keep production high... feeding costs low.

Purina concentrates are built to give results. The formulas for mixing them with your grains are designed to give results, too. They're proved with Purina's 120-cow research herd to help increase milk production and improve cow condition.

Prove to yourself that Purina Check-R-Mix rations can help bring high production at low cost. Call us or drop in. We'll be glad to tell you about Purina dairy concentrates and the Check-R-Mix services we provide.

**Harvesting the problem corn**

Halting his combine at the edge of a wheat field last July 5, a farmer scanned the adjoining corn crop. "This is the fastest-growing corn I've ever had," he said to a visitor, shaking his head in amazement. Instead of knee high by the Fourth of July, his corn ranged from five to six feet in height.

Things were drastically different less than 50 miles away. Here, farmers were shaking their heads but not for the same reason. Part of the corn was less than knee high. It was late and doing poorly. To what can we attribute these drastic changes in harvesting conditions?

Again that element the weather rears its ugly head. There is a threat of having late-maturing, high moisture corn, lodged stalks, and wet fields if the weather takes the wrong turn.

THERE ARE SEVERAL points to be considered by those facing such prospects. First, how can one successfully harvest and handle such problem corn this year? Second, what will reduce the likelihood of having these problems again next year?

Corn is considered mature when the kernels reach their maximum dry matter weight. This usually occurs when the kernel moisture declines to about 30 per cent. Handling high moisture corn has become a standard practice for the grower who gets a head start. But this also has its complications as the elevator operator will not accept corn with more than 23 per cent moisture. This is easy to understand when you know some elevator operators were stuck with corn that spoiled due to the high moisture content last fall.

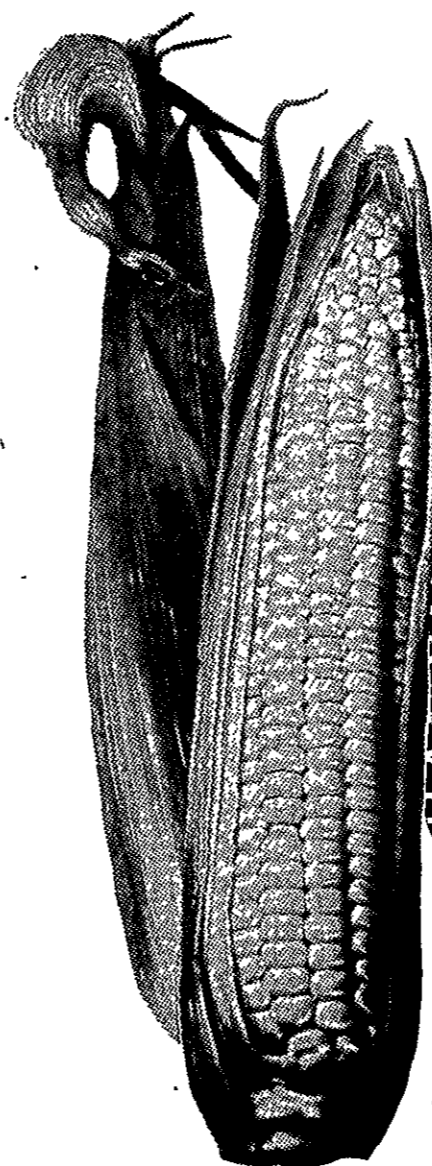

It will be necessary for growers to dry their corn before it's marketable. This can also lead to trouble. Overdrying can be a result, and may require processing before it is usable. Overdrying also costs the grower part of his crop. For every 1 per cent of moisture lost in overdrying, 1.1 per cent of the crop is lost. With corn valued at \$1.25 per bushel, this is equivalent of tossing away \$275 on a 10,000 bushel crop. The loss would be equivalent to 220 bushels.

WHAT CAN BE DONE to reduce the chance of having problem corn in the future? Better drainage probably is the most important factor. Those who have recently completed adequate drainage systems saw the results of their efforts. Improved drainage is becoming more important for several reasons. First, there is a need for better water control. Second, poor drainage has been identified as

an unrecognized limiting factor. Third, people are farming larger tracts of land. Finally, some farmers have made a transition to grain farming.

Beating the effects of poor corn-growing weather is no easy job but there is proof of the fact that growers can do certain things to ease the pains of a year like 1967.

Newsprint used by newspapers in 1966 (9 million tons) was up 7 per cent over the year before, the largest one-year increase on record. Using newsprint consumption as an indicator of volume in the newspaper business, its growth has exceeded the rapid growth of the U.S. economy as a whole since World War II by 211.3 vs. 207.2 (GNP index).

Planning for rural America

The National Grange in testimony before the House Small Business Subcommittee has called for increased action by private business and government to join with organizations such as itself in improving the economic life of rural Americans.

The Grange plan called for business to locate its plants in these areas to provide economic opportunities for people. The government's role could assist by placing some of its facilities in these rural areas, the Grange said.

At the same time they noted the lack of any group having responsibility for planning rural America, part of which may be prompted by an air of fatalism which paralyzes local positive action. It noted a tendency on the part of some social and economic planners to write off these areas as an economic liability.

Farm programs have been directed almost entirely toward agricultural efficiency while forgetting the mass exodus from the farm, especially among young people.

Gifted young persons needed as doctors

There is something very special about a good doctor. In these days when so much emphasis is put on the common man and equality, the instinct of survival dictates that when we get sick, we want no part of the common man. We want an uncommonly good doctor, and good doctors are not created overnight. Moreover, it takes a person of certain aptitudes and qualifications to make a good doctor. To hear some of the talk about how to increase the physician population, one would think that all that is necessary is to open the doors of the medical schools and herd the young people in for training.

When it comes to the disciplines of science, the good doctor enjoys a happy combination of a penetrating scientific mind and compassionate consideration for his fellowman—attributes beyond the average person. Expanding the doctor population cannot be accomplished as rapidly as laws can be passed that create demand for medical services.

The American Medical Assn at its last annual meeting laid heavy stress on expanding medical school facilities and increasing the output of qualified medical practitioners. "... our resolve," states the board of trustees, "should always be as it is now; to use the best tested and most forward looking measures to provide excellent health care for all of our citizens through an ample number of able, educated, and highly skilled physicians."

Gifted young persons of ability will find a life of work in the medical arts highly rewarding, spiritually and materially. Those who enter this field should dedicate themselves to maintaining the high standards that the profession has established.

About deadlines

For the information of our readers and advertisers, here are some of the deadlines which the Clinton County News must follow in order to put out a good newspaper on time every week.

- Display advertising ..... Monday, 5 p.m.
Classified advertising ..... Monday, 5 p.m.
Letters to the editor ..... Thursday, 5 p.m.
News for farm pages ..... Thursday, 5 p.m.
Wedding stories, pictures ..... Thursday, 5 p.m.
Other contributed pictures .... Monday, 3 p.m.
Church & fine arts page items .. Monday, 8 a.m.
Regular columns ..... Friday, 3 p.m.
Sports page items ..... Monday, 5 p.m.
Teen activities page items ..... Thursday, 5 p.m.
Other contributed news items .. Tuesday, 9 a.m.

Earlier submission of news items is greatly appreciated, with the result that more attention can be given to them. Items will be accepted after the deadline but will be used ONLY if time and space are available. Requests for pictures to be taken should be made as soon as possible and not less than 24 hours before the picture time.

The Grange proposals merit further consideration. Most agree the economic life of rural America is worth improving. But achieving it is not without difficulty as the Grange well observed in noting the tendency toward fatalism among the rural residents which prevents positive action.

If rural communities can match up to the needed transportation, public utilities, labor supplies and other factors they should be considered. Often, when businesses or government agencies consider expanding some of these factors are absent. Perhaps there are means available to these communities which would assist them in meeting the needed criteria.

Regarding planning, there seems to be a labyrinth of planning agencies involved in detailed analyses of future land use. But, little attention seems directed toward improving the plight of people. For instance, how best can the economy and its labor force absorb the exodus from the farms?

By STEVEN HOPKO

OUR DAY and age is in the throes of freedom. Today every where you look someone wants more freedom. Not the freedom that our forefathers fought for and won, but freedom from our society.

During the last few years we have given more freedom to more people than ever before, but these freedoms have benefited only small minorities.

TODAY IT SEEMS that a criminal has more freedom than the law enforcement agencies; people have the freedom to march and protest even when the law says it is unlawful; people have sit-ins where it is unlawful to congregate. In all of these and many other examples that you read or hear about, someone always comes forward to champion the under dogs who are defying justice.

SO MANY TIMES lately when a law is broken and the law enforcement agencies clamp down, they are accused of stifling one of our freedoms. We are saying to the rest of the people, "See! Now don't do this or this is what will happen to you."

A year ago when the U of M students had their sit-in protesting the Vietnam war, 10 were reclassified for their part in the demonstration. Later in a campus rally to raise funds for their defense a Michigan senator stated: "We must protest the silencing effect of reclassifications. The pressure on other students who now have deterrents to refrain from expressing their views because of fear of reclassification is where the real danger lies."

IF WHAT THE senator said is true, then I think that we should overhaul many of our present laws. Today a man who might have the inclination to rob a bank because he is in financial trouble is usually deterred by the fact that if he does the law says he will be sent to prison. He will resist this temptation because of fear of the consequences. You either do what is right or suffer the consequences; fines, jail, humiliation and everything else that goes with defying our laws.

HOW CAN YOU compare protesting the Vietnam war with robbing a bank. In the first place these students weren't reclassified for protesting, but for the way in which they protested. A man can get money from a bank in two ways; borrow or steal. If he steals he must suffer the consequences, but if he borrows, he realizes no fear or punishment.

Crime in any form has always been stifled by the fact that if one commits a crime he must suffer the penalties. The fear of these penalties has always been the greatest deterrent to those who might have the inclination to do wrong.

OUR CONSTITUTION gives us the right to protest, to dissent or to find fault, but there are two ways to do it. The right way and the wrong way. Many people of late think that the only way to protest or dissent and be heard is to do it the wrong way. Then they protest that their rights are violated when the law is enforced. WE ARE BEGINNING to act like children. Most children will defy parental authority as often as they can get away with it, but usually will resist this urge when the parents exert their authority to the utmost. Maybe it is time that we started exerting a little of the authority in our laws to thwart this consistent disregard of them. Our laws were passed to protect the majority, so maybe it's about time that we respected the wishes of the majority. People who try to live within the laws of our constitution seem to have all the freedom they need. Those who would like to live outside the laws seem to be the ones who are always asking for more freedom.

There's nothing complicated about financial problems. It's just lack of money.

LETTERS TO THE EDITOR

Zoo admirer comments

To Editor: I understand that closing the zoo is being considered. Our family has spent many lovely hours in your park, and the zoo is much enjoyed by our children. The little ones are entranced by the animals, especially the baby animals. When small children wander from the picnic, 90 per cent of the time they will be found at the zoo. It's impressive that a city the size of St. Johns would have such a large and well-maintained park. But the zoo makes it unique! We will be very disappointed indeed if the people of St. Johns allow their park to lose its main attraction for the kiddies. Sincerely, JUDITH A. PIESEK (Mrs R.C. Piesik) Allen Park, Mich.

Polls

W. E. DOBSON

The world is full of flag-poles, 'N poles fer 'lectric lights, 'N telephones is strung from poles That hold the wires tight; There's all the Poles in Poland 'N poles they daub with grease, But none of them is spelled right Fer the polls that never cease.

These polls denote elections, When folks is urged to vote, Thereby determine answers On questions worthy of note, But now all kinds o' problems That concern our Ship of State Are up for prior answers— Fer elections they can't wait.

The folks that's hired fer checkin' Kin perty much surmise, Jest who will be elected, By the color of their eyes; The minute someone takes a stand, They're busy countin' cost, Full prepared to answer instant Every vote that's won or lost.

They keep folks so excited That they almost dassent speak, Er'it they did 'n missed it, They change their stand next week; Elections are so risky There's not too much they dare, For votes are often won or lost By how folks do their hair.

Now new machines are added, To tell us what we think, 'N if a man stays sober, Er how oft he takes a drink; There are no secrets any more; We're all shot full of holes Since pollsters were invented, With their everlastin' polls!

RAMBLIN' with Rink

By LOWELL G. RINKER

Where has all the summer gone? Having been cheated so by the weatherman, I might have at least expected a lengthy and brilliant autumn, but as I look up and down the streets and across the countryside, the brilliant colors of many autumns past are missing. The only colorful leaves seem to be on the ground.

True, there is color in the countryside. The mixture of reds, oranges, browns and greens is pretty to look at and well worth a Sunday afternoon drive to see. I regret it isn't lasting longer.

In fact, I regret the whole summer didn't last longer. There was hardly time to get used to hot weather before it was gone.

I REMINDED MY good wife of this fact the other day when she brought up the subject of painting the garage. This was one of the items on my summer work calendar which I made out last spring.

"My failure to get the garage done, dear," I explained with hat in hand and head bowed, "was because they put Michigan on fast time. The time went so much faster than normal that I just didn't get a chance."

She was silent after that explanation and as a matter of fact has greeted me with silence ever since that explanation.

Could it have been the time change that moved time ahead and put me behind? Could that have been the reason I didn't get so many things accomplished this summer that I had planned to last spring? It's an interesting (and handy) hypothesis.

FOR INSTANCE, take our garage. It was scheduled to be

scraped and repainted, this summer. But time moved so fast all of a sudden that the few extremely hot days were here before we got the scraping done, and then cold, wet weather set in to prevent (or at least discourage) the painting of the garage.

Then there were plans to smooth out the lawn with additional dirt, plant grass seed and spread fertilizer and weed killer. Not enough time. I was going to prune the pine trees around the back yard and the plum tree in the front. Again, not enough time, although I did manage to get some low branches off the plum tree.

I was going to install a new mail box—not enough money to buy one, I was going to put new gravel in the drive-way entrance—not enough money. (I had to quit work an hour earlier every day because 5 o'clock got here at 4.

I hedged a little on one promise I made last spring. Instead of sharpening the lawn mower before the first mowing, I got a new mower. Ann says it works fine.

THERE WERE TWO things I did get accomplished that I said last March 23 I would do during the summer.

(x) I smiled through it all; and (x) I'm taking the option on the six-month grace period on all the other projects, knowing full well that it would be illogical to scrape and paint the garage in the middle of the winter or to prune the pine trees or to smooth out the lawn.

Hopefully there will be a few nice days yet before winter flies itself on us, and perhaps I can get a few of the undone jobs done. The silence around home is getting unbearable.

GRASSROOTS OPINION

NEWARK, CALIF., ARGUS: "We are taxed in our bread and our wine, in our income and our investments, on our land and our property, not only for base creatures who do not deserve the name of men, but for foreign nations, for complaisant nations who will bow to us and accept our largess and promise to assist us in the keeping of the peace—these mendicant nations who will destroy us when we show a moment of weakness or our treasury is bare, and surely it is becoming bare...." Now who was it said that? Must have been some member of the U.S. Senate for it fits exactly what has been going on in Washington. No, the orator was Cicero of ancient Rome—the Rome that fell as a result of corruption at home and over-extension abroad.

HARLINGEN, TEXAS, STAR: "It is high time for an abrupt termination of the all too prevalent 'sweetheart' arrangement between government and business. When someone has indicated, in no uncertain terms, that he intends to cut your throat, it takes a fool to hand him a knife. Government control of a business while permitting the

owners to retain nominal ownership and the taxpaying privilege is fascistic, while outright appropriation and ownership by the government is communistic."

OAKFIELD, N.Y., INDEPENDENT: "Good unions don't need compulsory membership and the bad unions don't deserve it. 19 States already have Right to Work laws, and so will California and several other States if given the right to vote upon the issue."

ANGOLA, IND., STEUBEN REPUBLICAN: "It is becoming more and more apparent that there are no brakes to the 'inflation car' everyone is riding in today. Everyone agrees that rampant, uncontrolled inflation is not desirable, yet one by one the restrictions have been lifted. . . . Now we are in a time when there seems to be little restraint. More is asked and more given in wages, material and prices so that we now are in galloping inflation. Like a run-away car without brakes, it appears that now there is nothing to stop the inflation except a crash. Call it recession, depression, readjustment, or just plain hard times, it appears to be the next stop in the economic cycle."

**MICHIGAN MIRROR**

**Newspapers get things done in our Michigan**

Special columns, cartoons and stories were carried last week by many Michigan newspapers commemorating 1967 National Newspaper Week, Oct. 8-14. The central theme, "Newspapers Get Things Done," accurately describes day-to-day activities of this state's 350 daily and weekly newspapers.

Successful publications thrive on getting things done for their communities and readers. This is only part of the Michigan newspaper story.

CHANGE TO OFFSET printing is a major industry trend. As contrasted to the conventional letterpress process, offset printing uses no linotypes, molten lead or other materials usually associated with newspaper printing.

Instead, imprinted strips of paper are pasted to large sheets; the sheets are photographed and a thin aluminum plate is made from each negative.

During printing the image is transferred from offset plate to a rubber roller and back onto the newsprint. The plate never touches newsprint.

Advantages of offset printing are numerous. Clear, sharp pictures and more flexibility in page makeup; neat and clean composing rooms with a minimum need for skilled tradesmen; lighter work, better reproduction; offset methods have brought these and other benefits to newspaper and reader.

In 1962, 15 MICHIGAN weeklies and one daily newspaper were printed by offset. By 1965 this number had increased to 49 weeklies and three dailies. This year there are 141 weeklies and 13 dailies printed by the offset method.

Accompanying the change to offset has been a move to centralized printing. Offset presses

are expensive. It makes little sense for a newspaper to invest thousands of dollars for a press it will use only an hour or two each week.

Because of this investment, publishers who purchase machinery sell "press time" to other newspapers. The system works well for both parties.

Newspapers with offset presses receive a good return on their investments and may keep the presses humming five, six and sometimes even seven days a week. Newspapers which buy press time at central plants can invest capital in other areas of expansion and devote more time to improving their products.

HEALTHY AND GETTING better and stronger every day, Michigan's expanding newspaper industry reflects the professional planning and foresight of publishers.

From 1966 to 1967 circulation of weekly newspapers increased 6.6 per cent from 1,207,438 to 1,251,047 subscribers. Circulation of dailies increased 2.5 per cent, from 2,368,965 to 2,429,547.

College graduates now occupy key staff positions on many newspapers and find their work stimulating, exciting and financially rewarding.

Processed color in newspapers appears more frequently and "in-line" and "spectra-color" advertisements compete with quality of magazine reproduction.

Modern technology will soon bring many more electronic advances to newspaper production. Already some newspapers have computerized areas of operation. One new typesetting machine can set a full newspaper page of type in two minutes; the same machine handles all routine systems in billing and scheduling classified ads.

MISUNDERSTANDING of newspapers' roles and responsibilities still exist. Editors and reporters take much abuse, some of it justified, most of it not. Too often public officials forget that newspaper personnel represent the public and the public's "right to know."

A Kentucky editor wrote a prize-winning column in which he listed 12 sentences guaranteed to shade the complexion of any newspaper editor.

"Please use the story as I've given it to you. We want it for our group scrapbook."

"How come it wasn't in the paper?"

"You're invited... and bring your camera."

"Are you busy?"

"I know it's Sunday, but won't you..."

"WE WANT YOU" to be our publicity chairman..."

"My uncle is one your big advertisers and he'll..."

"For \$25 would you keep it out of the newspaper?"

"Your should have known about it..."

"Our publicity chairman sent you..."

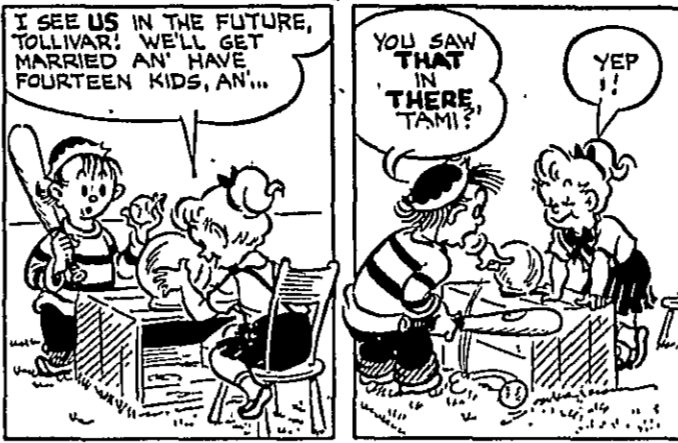

"You used her name and not mine."

"The wedding was only two months ago..."

**Carson City comedy this weekend**

The Carson City Civic Players are deep in rehearsals for the new comedy hit "The Odd Couple." This play is to be performed Oct. 20 and 21 in the high school cafeteria.

The play begins with a group of the guys assembled for a poker game in the apartment of a divorced friend. If the mess of the room is any indication, it's no wonder that his wife left him. Late to arrive is another fellow who they learn has just been kicked out by his wife because he was so fussy about the cooking and housework that she couldn't stand him.

As a life would have it, the sloppy bachelor and the meticulous fellow decide to share the apartment, with hilarious results. The patterns of their own disastrous marriages begin to reappear in the new arrangement.

FRANK FISHELL as Oscar, the slob, and Mark Phillips as the fastidious Felix will be in the lead roles. The poker gang includes Roger Kohagen as Speed, the sore loser; Bill Burns, the griping accountant; Ron Barnes the friendly but slow policeman Murray; and Bob Knott as Winnie, the big winner. Suzanne Falor and Sue Trimble play two secretaries, Cecily and Gwendolyn Pigeon.

Brood over grievances and nothing but trouble hatches out.

**The case for 18-year-old voters**

Rep. Dante B. Fascell (Fla.) "... I favor extending the vote to 18-, 19-, and 20-year-old citizens. Today I have introduced a joint resolution which would submit to the States a constitutional amendment prohibiting denial of the vote on account of age to anyone 18 years of age or older.

"The proposal to grant 18-year-olds the franchise has been germinating since at least 1942 when the late Senator from Michigan, Mr Vandenberg, sponsored a joint resolution to that effect in the Senate...

"The abundance of enthusiasm in this and the last Congress for this proposal indicated that it may soon be acted upon by the Congress, hopefully in this session.

"LIKE MOST controversial ideas, strong pro and con attitudes prevail on this proposal...

"I have concluded that the situation today recommends favorable action on this proposal, to extend the franchise to 18-, 19-, and 20-year-olds. There are several reasons why.

"First, it is increasingly true that young people today are better equipped than before to exercise responsibly the voting privilege. The average 18-year-old has just completed high school studies in American history and civics. He has become well informed about the political process; he is eager to join in it; he is prime for civic responsibility. By refusing him the vote, we pull the rug from beneath his feet and leave him suspended for 3 years...

"Educational psychologist furthermore inform us that the ability to grasp new ideas peaks at the age of 18...

"Second, these youthful voters will bring a fresh breeze of idealism and enthusiasm to the conduct of politics...

"THIRD IS THE controversial argument that those who are old enough to fight are old enough to vote... It seems to me... that both fighting and voting assume a sense of duty and responsibility in the individual. I submit that our 18-, 19-, and 20-year-olds have displayed a keen sense of duty and responsibility when it comes to fighting for our country. This is particularly true today in Vietnam.

"Fourth, and a very potent argument in favor of extending the vote to young people, are the serious legal responsibilities which appertain to them.

"For example, youngsters between the ages of 18 and 21 can sign job contracts and are required to pay property and income taxes, and many do. Furthermore, all are tried in adult courts if accused of crimes, and if found guilty, are committed to state or federal prisons. They are considered adults by insurance companies and can sign contracts for coverage which are legal and binding. Almost all are considered old enough to marry without parental consent.

"All these responsibilities imply a measure of intelligence and good sense amount 18-, to 21-year olds. They raise the inevitable question: 'If we can trust them with these responsibilities, how can we then deny them the vote?'

A GRASSROOTS COMMENT

It's possible, that reducing the voting age to 18 would dampen down some of the frustrations on college campus. Instead of demonstrating, the students could express themselves in the voting booth.

In the 1960 presidential election, more than one-third of the electorate failed to vote.

The point appears to be well taken that youthful voters would bring new ideas and enthusiasm to the political scene. —J.C.

**Exchange crop show set Oct. 25**

The St. Johns Exchange Club will hold its annual 4-H crop show as the highlight of its next meeting Oct. 26 at the First Methodist Church. The crop show gives 4-H'ers with crops projects a chance to complete for honors.

The 4-H members will be guests at the dinner meeting, which will start at 7 p.m. Bill Smith and Robert Thompson are program chairmen.

An hour prior to that time, Exchange Club members will tour the St. Johns Cooperative Co. facilities.

Last Thursday noon, the Exchange heard an explanation of the Keogh Act, which provides for a self-employed retirement income plan. The speaker was Guy Mitchell, and his talk was entitled "Give Yourself a Break." Rod Brown was program chairman.

Guests at the meeting were John Aylsworth, county 4-H youth agent; Ed Morton, plant manager at Saylor-Beall; Bob Keisel, assistant sales manager at Saylor-Beall; and Don Haske, new county road commission engineer and manager.

James Moore was installed as a new member of the Exchange Club.
