APPENDIX 1

INVESTMENT POLICY FOR THE COUNTY OF CLINTON

As Required by Public Act 20 of 1943, As Amended

I. POLICY

It is the policy of Clinton County to invest public funds in a manner which will ensure the preservation of capital while providing the highest investment return with maximum security, meeting the daily cash flow demands of the County and conforming to all state statutes governing the investment of public funds.

II. SCOPE

This investment policy applies to all financial assets of the County held by the County Treasurer, excluding the investment of Post Retirement Healthcare funds.

III. PRUDENCE

The standard of prudence to be applied by the County Treasurer shall be the "Prudent Person" rule which states; "Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation but for investment, considering the probable safety of their capital as well as the probable income to be derived." The "Prudent Person" rule shall be applied in the context of managing the overall portfolio. The County Treasurer acting in accordance with written procedures and the investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

IV. OBJECTIVE

The primary objectives, in priority order, of the County Treasurer's investment activities shall be:

- A. Safety:** Safety of principal is the foremost objective of the investment program of the County of Clinton. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate both credit risk and interest rate risk.
 - 1. Credit Risk:** The County will minimize credit risk, the risk of loss due to the failure of the security, issuer or backer by:
 - (1) Limiting investments to the safest types of securities
 - (2) Pre-qualifying and continually monitoring financial institutions with which the County will do business
 - (3) Diversifying the portfolio so that potential losses on individual securities would be minimized
 - (4) Maintaining credit ratings when available on all holdings
 - 2. Interest Rate Risk:** The County will minimize the risk that the market value of the securities in the portfolio will fall due to changes in general interest rates by structuring the portfolio to meet the cash requirements of ongoing operations, thereby mitigating the need to liquidate securities at a loss prior to maturity.
 - 3. Concentration Risk:** The County will minimize the risk in placing a large portion of the portfolio with a single security issuer by limiting the exposure to 25% of the total portfolio, excluding investments in U.S. Government securities.
 - 4. Custodial Credit Risk:** The County will minimize custodial credit risk by using only financial institutions meeting a pre-qualification evaluation and holding securities in the County's name.

5. **Foreign Currency Risk**: The County will only invest in US dollar denominated securities.
- B. **Liquidity**: The investment portfolio shall remain sufficiently liquid to enable the County Treasurer to meet all operating requirements that might be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands.
- C. **Return on investment**: The investment portfolio shall be designed with the objective of attaining a rate of return throughout the budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow characteristics of the portfolio. Return on investment is of secondary importance compared to the safety and liquidity objectives described above.

V. **DIVERSIFICATION**

The County Treasurer shall diversify his/her investments by security type and institution. It is the policy of Clinton County to diversify its investment portfolio. Assets held in the common cash fund and other investment funds shall be diversified to eliminate the risk of loss resulting from over-concentration of assets in a specific maturity, individual financial institution, or a specific class of securities. In addition, portfolio maturities shall be staggered to avoid undue concentrations of assets in a specific maturity sector. Diversification strategies shall be determined and revised by the County Treasurer, from time to time, to meet diversification objectives (to reduce overall portfolio risks while attaining market average rates of return). At no time shall the deposits and investments in any institution exceed 25% of the total portfolio, excluding investments in U.S. Government securities.

VI. **DELEGATION OF AUTHORITY**

Authority to manage the investment program is derived from MCL 48.40, and the requisite Depository and Investment Resolution for Clinton County (MCL 129.12). Management responsibility for the investment program is hereby delegated to the Clinton County Treasurer in conjunction with the Investment Committee of the Board of Commissioners. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Clinton County Treasurer and the Investment Committee. In the absence of the Treasurer, the Chief Deputy Treasurer shall perform investment duties.

VII. **AUTHORIZED INVESTMENTS**

- A. Bonds, securities, and other obligations of the United States or an agency or instrumentality of the United States.
- B. Certificates of deposit, savings accounts, deposit accounts, or depository receipts of a financial institution that are purchased in accordance with MCL 129.91 guidelines that comply with subsections (2), (5) or (6) of Public Act 20 of 1943, as amended.

purchase only investment vehicles that are legal for direct investment by local units of government in Michigan pursuant to Public Act 20 of 1943 as amended. This authorization is limited to securities whose intention is to maintain a net asset value of \$1.00 per share.

H. Obligations described in subdivisions 6.1 through 6.6 if purchased through an interlocal agreement under the urban cooperation act of 1967. 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512.

I. Investment pools organized under the surplus funds investment pool act, 1982 PA 367, MCL 129.111 to 129.118.

VIII. SAFEKEEPING AND CUSTODY

It shall be the responsibility of the County Treasurer to determine which securities a third party custodian will hold. Securities held in safekeeping by a third party custodian shall be designated by the Treasurer and evidenced by safekeeping receipts as determined by the Treasurer.

IX. REPORTING

The County Treasurer shall compile a quarterly report for the Ways and Means Chairperson. This report shall include the type of investment, date of maturity, amount of investment, rate of interest and credit rating when applicable. The County Treasurer shall provide at least an annual report to the Board of Commissioners, which provides a clear picture of the status and types of investments of the current investment portfolio. This report shall be prepared in a manner that will allow the Board of Commissioners to ascertain whether investment activities during the reporting period have conformed to the investment policy.

X. INVESTMENT CONTROLS AND PROCEDURES

The County Treasurer in conjunction with the Investment Committee of the Board of Commissioners shall establish written procedures and internal controls for the operation of the investment program consistent with this investment policy. Procedures should include references to: safekeeping, cash purchase or delivery vs. payment, investment accounting, repurchase agreements, wire transfer agreements, collateral/depository agreements and banking service contracts.

The Clinton County Board of Commissioners shall establish an Investment Committee that shall include no less than the Ways and Means Chairperson and the County Treasurer. Said Investment Committee shall review investments, controls and procedures, and may make investment recommendations as they relate to future financial obligations of the County.

XI. POLICY REVIEW

The Investment Policy shall be reviewed no less than once every two years, corresponding with the November election of the Board of Commissioners and the County Treasurer. Said review shall be conducted to ensure consistency with the overall objectives of preservation of PRINCIPAL, LIQUIDITY AND RETURN, and its relevance to current law, financial and economic trends, and to meet the needs of Clinton County.
