INDEPENDENT AUDITORS' REPORT

May 9, 2011

Board of Commissioners
Clinton County
St. Johns, Michigan

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of **Clinton County, Michigan**, as of and for the year ended December 31, 2010, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of **Clinton County's** management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Road Commission Component Unit, which represents 67% and 89% respectively, of the assets and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Road Commission, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of **Clinton County, Michigan**, as of December 31, 2010, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons of the General, Revenue Sharing Reserve and Public Improvement governmental funds for the year

then ended in conformity with accounting principles general accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also separately issued our report dated May 9, 2011, on our consideration of ***Clinton County, Michigan's*** internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages iii-xi, the Schedule of Funding Progress and Employer Contributions for the Post-Employment Health Care Benefits Fund on page 63, and the Schedule of Funding Progress and Employer Contributions for Municipal Employees Retirement System of Michigan on page 64 are not required parts of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise ***Clinton County, Michigan's*** basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules have been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the report of other auditors, are fairly stated, in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in cursive script that reads "Lehmann Johnson".

Management's Discussion and Analysis

As management of Clinton County, we offer this narrative overview and analysis of the financial activities of the County, including limited information pertaining to the separately audited Road Commission for the year ended December 31, 2010. For more detailed information, the Road Commission's separately issued financial statements may be obtained from their administrative office.

Financial Highlights

- The assets of the County's primary government exceeded its liabilities at the close of the fiscal year by approximately \$68.3 million (*net assets*). Of this amount, approximately \$22.9 million (*unrestricted net assets*) may be used to meet the government's ongoing obligations.
- The government's total net assets increased by approximately \$3.8 million, or 5.9 percent over the prior year.
- As of the close of the fiscal year, the County's governmental funds reported combined ending fund balances of approximately \$26.3 million, an increase of just over \$1.2 million, or 4.6 percent over the prior year. Of this total, approximately \$14.7 million or 56 percent is *available for spending* at the government's discretion (*unreserved and undesignated fund balance*), however, the major portion of this amount (approximately \$10.2 million) is available only for the special revenue fund purposes from which these funds are derived.
- At the end of the fiscal year, unreserved and undesignated fund balance for the General Fund was approximately \$4.5 million, an amount equal to 21.5 percent of total General Fund expenditures and transfers.
- The County's total net bonded debt (excluding drain notes), including that of the Drain Commission and Department of Public Works component units, decreased by a net of \$1.7 million or 11 percent during the current fiscal year.

Overview of the Financial Statements

The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the County's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets indicate whether the financial position of the County is improving or deteriorating. The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of Clinton County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, public works, health and welfare, community and economic development, recreation and cultural functions. The business-type activities primarily represent the administration of the delinquent property tax system and the building code enforcement program.

The government-wide financial statements include not only the County itself (known as the *primary government*), but also three legally separate entities: the Clinton County Road Commission, the County Drain Commissioner, and the Department of Public Works. Financial information for the *component units* is reported separately from the financial information presented for the primary government itself.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains 24 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Revenue Sharing Reserve, Public Improvement, and 911 Central Dispatch funds, each of which is considered to be a major fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The County adopts an annual appropriated budget for its General, special revenue, debt service, capital projects, internal service, and enterprise funds. A budgetary comparison statement has been provided herein to demonstrate compliance with the County General fund budget.

Proprietary funds. The County maintains two types of proprietary funds: enterprise and internal service. *Enterprise funds* report the same functions as business-type activities in the government-wide financial statements. The County uses an enterprise fund to account for the Delinquent Tax Revolving fund which is considered to be a major fund. Data from the other nonmajor enterprise funds are combined into a single, aggregate presentation. Individual fund data for each of these nonmajor enterprise funds is provided in the form of combining statements elsewhere in this report.

Internal service funds account for and allocate costs internally among the County's various functions. The County uses nine internal service funds to account for the following functions: management information services, postage, telecommunications, vehicle purchases, drain equipment and supplies, and employee benefits. Because these services predominantly benefit governmental functions, they have been included within *governmental activities* in the government-wide financial statements.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the County's own programs.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain other supplementary information, including combining statements of the nonmajor governmental funds and internal service funds information.

Government-wide Financial Analysis

Statement of Net Assets

Clinton County's Net Assets

	Governmental Activities		Business-type Activities		Total	
	2009	2010	2009	2010	2009	2010
Assets						
Current assets	\$33,117,460	\$35,314,074	\$13,368,205	\$14,123,487	\$46,485,665	\$49,437,561
Non-current assets	30,615,590	30,809,620	10,422	344,248	30,626,012	31,153,868
Total assets	63,733,050	66,123,694	13,378,627	14,467,735	77,111,677	80,591,429
Liabilities						
Current	2,468,859	2,692,815	31,713	34,497	2,500,572	2,727,312
Non-current	10,146,765	9,582,776	-	-	10,146,765	9,582,776
Total liabilities	12,615,624	12,275,591	31,713	34,497	12,647,337	12,310,088
Net Assets						
Invested in capital assets- net of related debt	18,783,612	19,628,957	10,422	24,248	18,794,034	19,653,205
Restricted	23,853,293	25,704,820	-	-	23,853,293	25,704,820
Unrestricted	8,480,521	8,514,326	13,336,492	14,408,990	21,817,013	22,923,316
Total net assets	\$51,117,426	\$53,848,103	\$13,346,914	\$14,433,238	\$64,464,340	\$68,281,341

As noted previously, net assets serve over time as a useful indicator of a government's financial position. In the case of Clinton County, assets exceeded liabilities by approximately \$68.3 million at the close of the fiscal year. This amount compares favorably with the prior year where net assets totaled \$64.5 million.

The County's net assets include approximately \$19.7 million in capital assets comprised of land, buildings, vehicles, and equipment less any outstanding related debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending.

Certain other limitations on the use of net assets apply due primarily to legal restrictions. These restricted net assets total approximately \$25.7 million. The remaining balance of unrestricted net assets (\$22.9 million or 33.6 percent) may be used to meet the government's ongoing obligations.

Restricted net assets increased despite the annual draw from the revenue sharing reserve fund due to the establishment of reserves for debt service, capital improvements and unfunded pension benefits. Unrestricted net assets in the business-type activities section increased due to the interest and penalty revenue generated on delinquent taxes.

Statement of Activities

Clinton County's Changes in Net Assets

	Governmental Activities		Business-type Activities		Total

Net assets, end of year	\$51,117,426	\$53,848,103	\$13,346,914	\$14,433,238	\$64,464,340	\$68,281,341

Governmental Activities

The preceding table shows that the net assets of governmental activities increased by approximately \$2.7 million or 5.3 percent during 2010 as compared to approximately \$2.4 million in the prior year. The governmental activities section shows a slight increase in total revenue and a slight decrease in total expenditures from 2009 to 2010.

Business-type Activities

Net assets of the County's business-type activities increased by approximately \$1.1 million in 2010. Net assets of the Delinquent Tax fund increased by just over \$1 million while net assets of the other non-major enterprise funds increased by approximately \$49,000.

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. At the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of approximately \$26.3 million. This represents an increase of just over \$1.2 million in comparison with the prior year.

Approximately \$14.7 million or 56 percent of total fund balance constitutes *unreserved and undesignated fund balance*, which is available for spending at the government's discretion. However approximately \$10.2 million of this amount may only be used for special revenue fund purposes. The remainder of fund balance is either *reserved* to indicate that it is not available for new spending (approximately \$8.4 million), or is *designated* to support capital and other projects (approximately \$3.2 million).

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, the total fund balance was approximately \$11.5 million, while the unreserved/undesignated fund balance of the General Fund was approximately \$4.5 million, an amount equal to 21.5 percent of total General Fund expenditures and transfers. This level of General Fund unreserved/undesignated fund balance is consistent with recognized benchmarks that governments should strive to maintain.

The fund balance of the County's General Fund increased by approximately \$1.6 million during the current fiscal year. The entire amount of this increase was added to the debt service reserve and is the result of additional revenue and expenditure savings achieved through an effective system of budgetary control. (See subsequent section entitled "General Fund Budgetary Highlights").

The Revenue Sharing Reserve Fund has a total fund balance of approximately \$4.7 million. This fund, authorized by shifting forward the collection date for the County portion of the property tax levy from December to July, is intended to provide a reserve from which the County may draw amounts to replace revenues previously received from the State Revenue Sharing program. The balance in this fund is projected to remain viable through 2013 at which time the County is to revert to an alternate State sponsored revenue source.

The Public Improvement Fund is used to address infrastructure needs by financing capital projects. The fund currently has a total fund balance of just over \$3.3 million. The budget document contains a five year capital improvement plan listing all major projects, their costs, and their priority for implementation.

The 911Central Dispatch Fund has a total fund balance of approximately \$2.9 million. The fund accounts for the collection of the 911 telephone surcharges. The primary function of Central Dispatch is

to handle emergency and non-emergency requests for police, fire, and medical service, determine the dispatch needed, and dispatch the appropriate personnel to the requested location.

General Fund Budgetary Highlights

The original General Fund budget of \$21.3 million was revised to \$21.7 million; however, actual expenditures and transfers totaled only \$21 million or 3.1 percent under the revised budget. Actual revenues came in at \$22.6 million or 4.3 percent over the revised budget. The Revenue Sharing Reserve Fund covered the loss in State Revenue Sharing while the additional revenue that supported the revised budget came from taxes, intergovernmental and charges for services.

Capital Asset and Debt Administration

Capital assets. As of December 31, 2010, the County’s investment in capital assets, net of accumulated depreciation, totaled \$29.4 million for its governmental and business type activities, and \$20.9 million for the Drain Commission component unit. (These capital assets do not include those of the separately audited Road Commission component unit). This investment in capital assets includes land and improvements, buildings and improvements, construction in progress, vehicles, machinery and equipment. For the Drain Commission, capital assets include drainage districts system infrastructure.

Clinton County’s Capital Assets

(net of depreciation)

	<u>Primary Government</u>	<u>Drain Commission Component Unit</u>
Land and land improvements	\$ 1,194,836	\$ -
Buildings and improvements	24,817,162	-
Furniture, fixtures, and equipment	2,559,755	-
Vehicles	568,446	-
Construction in progress	273,006	-
Infrastructure	<u>-</u>	<u>20,831,638</u>
Total	<u>\$ 29,413,205</u>	<u>\$ 20,831,638</u>

Additional information regarding the County’s capital assets can be found in Note III. C. of the financial statements.

Long-term debt. At the end of the current fiscal year, the County Primary Government and its Drain Commission and Department of Public Works component units had total general obligation bonds outstanding of \$14,249,750. (This amount does not include the debt of the separately audited Road Commission component unit). All of the bonds are backed by the County’s full faith and credit.

Clinton County's Bond Indebtedness

	<u>Primary Government</u>	<u>Drain Commission and DPW Component Units</u>	<u>Total</u>
General obligation bonds	\$ 9,760,000	\$ 4,489,750	\$ 14,249,750

The net decrease in the County's total general obligation bonded debt was \$1,757,350 or 11 percent during the current fiscal year. The County does not intend to issue any bonds in the near future.

Standard and Poor's bond rating increased from "A+" for both general obligation unlimited and limited tax bonds to "AA".

Additionally, the Clinton County Drain Commissioner has long-term notes payable totaling \$414,032 at December 31, 2010 for which it has pledged its full faith and credit. The balance on these notes payable increased by \$195,976 or 89.9 percent. The County (primary government) also has accrued compensated absences at December 31, 2010 of \$1,212,080.

The County's outstanding general obligation debt is well within its current debt limitation of \$303,344,375 (10 percent of total assessed valuation).

Additional information regarding the County's long-term debt can be found in Note III. E. of the financial statements.

Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the County's budget for the 2011 fiscal year:

- The Revenue Sharing Reserve Fund was established by the State in order to replace State Revenue Sharing payments to counties.
- The continued uncertainty over the State's budget situation may lead to decreases in other areas of state funding.
- Declining property values will continue downward pressure on property tax revenue.
- Growth in new construction has slowed to the point where it can no longer be counted on to generate increased property tax revenue to help cover inflationary cost increases.
- Healthcare costs will continue to escalate at a rate higher than inflation and require continued cost containment measures.
- The unemployment rate for the County was 8.6% for 2010, a decrease from a rate of 9.1% a year ago. This compares favorably to the State's unemployment rate of 12.5%, and the national average rate of 9.6%.

Highlights of the 2011 budget are as follows:

Major Capital Improvements totaling \$4,954,917
Ordinary Capital Improvements totaling \$379,000
Continuation of the personnel hiring freeze
General fund contingency of 1%

CLINTON COUNTY, MICHIGAN
RECONCILIATION OF THE GOVERNMENTAL FUNDS
BALANCE SHEET TO THE STATEMENT OF NET ASSETS
DECEMBER 31, 2010

Total fund balances - governmental funds	\$ 26,271,078
<p>Amounts reported for the governmental activities in the statement of net assets are different because:</p>	
<p>Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in the governmental funds.</p>	
The cost of capital assets is	42,113,243
Accumulated depreciation is	<u>(12,724,286)</u>
Capital assets, net	29,388,957
<p>Other long-term assets are not available to pay for current-period expenditures and, therefore, are either deferred or otherwise not recorded in the funds.</p>	
Net pension and other post employment benefits asset	1,290,663
<p>Certain revenue that was earned and accrued in the current period but not received after 60 days is deferred in the fund statements but recognized under full accrual.</p>	
Deferred revenue on taxes receivable	773,099
<p>Internal Service Funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of the Internal Service Funds are included in the governmental activities in the Government-wide Statement of Net Assets.</p>	
Net assets of governmental activities accounted for in Internal Service Funds	8,064,118
Net capital assets of Internal Service Funds included in total capital assets above	(938,690)
Compensated absences of Internal Service Funds included in total compensated absences below	<u>25,256</u>
	7,150,684
<p>Long-term liabilities are not due and payable in the current period and therefore are not reported in the Governmental Funds Balance Sheet. Long-term liabilities at year-end consist of:</p>	
Direct County obligations	9,760,000
Accrued interest payable	60,511
Compensated absences	<u>1,205,867</u>
	<u>(11,026,378)</u>
Net assets of governmental activities	<u>\$ 53,848,103</u>

See accompanying notes to financial statements.

CLINTON COUNTY, MICHIGAN
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGE IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2010

Net change in fund balances - total governmental funds \$ 1,157,888

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:

Capital outlay	\$ 1,532,385	
Depreciation expense	<u>(1,603,035)</u>	
Excess of depreciation expense over capital outlay		(70,650)

Pension and OPEB contributions are reported as expenditures in governmental funds, but additional contributions increase the net pension asset and the OPEB asset in the statement of net assets. 264,680

Revenues in the statement of activities that do not provide current resources are not reported as fund revenues. (98,255)

Internal service funds are used by management to charge the costs of certain activities to individual funds.

Increase in net assets of Internal Service Funds	696,959	
Capital assets transactions of Internal Service Funds included in the total above	(400,172)	
Depreciation expense of Internal Service Funds included in the total above	307,278	
Increase in accrued compensated absences of Internal Service Funds included in the total below	<u>861</u>	
		604,926

Repayment of long-term debt and borrowing of long-term debt is reported as expenditures and other financing sources in governmental funds, but the repayment reduces long-term liabilities and the borrowings increase long-term liabilities in the statement of net assets.

In the current year, these amounts consist of:

Bond principal retirements	870,000	
Lease principal retirements	<u>45,995</u>	
		915,995

Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of:

Decrease in accrued interest payable	5,241	
Increase in accrued compensated absences	<u>(49,148)</u>	
		<u>(43,907)</u>

Change in net assets of governmental activities \$ 2,730,677

See accompanying notes to financial statements.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Clinton, Michigan was incorporated in 1839 and covers an area of approximately 571 square miles with the County seat located in the City of St. Johns. The County operates under an elected Board of Commissioners and provides services to its more than 75,300 residents in many areas including law enforcement, administration of justice, community enrichment and development, and human services. Education is provided to citizens through fifteen (15) local School Districts and seven (7) Intermediate School Districts. The School Districts are separate governmental entities whose financial statements are not included herein.

The financial statements of the County have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to County governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County's more significant accounting policies are described below.

A. FINANCIAL REPORTING ENTITY

As required by accounting principles generally accepted in the United States of America and GASB Statement No. 14, The Financial Reporting Entity, these financial statements present the financial activities of Clinton County (primary government) and its component units. The component units described below are included in the County's reporting entity because of the significance of their operational or financial relationship with the County. Blended component units, although legally separate entities, are in substance part of the County's operations, so data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the County.

Blended Component Units

The Clinton County Building Authority is governed by a three (3) member Board appointed by the County Board of Commissioners. Its sole purpose is to finance and construct the County's public buildings. It is reported in the debt service fund category.

Discretely Presented Component Units

These component units are reported in a separate column to emphasize that, while legally separate, Clinton County remains financially accountable for these entities, or the nature and significance of the relationship between these entities and Clinton County is such that exclusion of these entities would render the financial statements misleading or incomplete.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

The Clinton County Drainage Districts come under the jurisdiction of the Clinton County Drain Commissioner. This includes planning, developing, and maintaining surface water drainage systems. A complete file of finance, construction, and maintenance is maintained for each of the drains. The Drain Commissioner has authority to spend up to \$2,500 per mile each year on drain maintenance and may borrow up to \$300,000 from any source to provide for maintenance or establishment of a drain without Board of Commissioner approval and without going through the Municipal Finance Division, State of Michigan. The Drain Commissioner has authority to levy special assessments on properties benefiting from the existence and operation of a drain. The Drainage Districts are financially accountable to the County because bond issuances greater than \$300,000 require County authorization and are backed by the full faith and credit of the County.

The Clinton County Department of Public Works (DPW) is a five (5) member Board comprised of the Drain Commissioner and four (4) members appointed by the County Board of Commissioners. The DPW Board establishes policy and reviews operations of the DPW for the County Board of Commissioners. The DPW has the responsibility of administering the various public works construction projects and the associated debt service funds under the provision of Act 185 of the Public Acts of 1957. The Department of Public Works is financially accountable to the County because all general obligation bond issuances require County authorization and are backed by the full faith and credit of the County.

The Clinton County Road Commission is responsible for the maintenance and construction of the County road system. The Road Commission operations are financed primarily from the state distribution of gas and weight taxes, federal financial assistance, license plate fees and contributions from other local government units within the County. The three (3) Board Members of the Road Commission are appointed by the Clinton County Board of Commissioners. This component unit is audited individually and complete financial statements may be obtained from the Road Commission's administrative office. In addition, the Road Commission is financially accountable to the County because all general obligation bond issuances require County authorization and are backed by the full faith and credit of the County.

Joint Venture

Mid-Michigan District Health Department - The County is a member of the Mid-Michigan District Health Department, which is a joint venture between Clinton, Montcalm, and Gratiot counties. Each unit appoints two (2) of the six (6) members to the governing Board. The Department has responsibility for preparing the annual budget (which is approved by each County) and to carry out all activities of the Department.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

Clinton County is responsible to fund approximately 36% of the required local contribution to cover operational costs. For the year ended December 31, 2010, the County contributed \$395,631 to cover its share of operational costs. In addition, the treasury function for the Mid-Michigan District Health Department rests with the Montcalm County Treasurer. For this reason the District Health Department is discretely presented in the Montcalm County Financial Statements.

The financial activities of the Mid-Michigan District Health Department are accounted for and reported separately from the participating units. Separate audited financial statements for their year ended September 30, 2010, are available at the Department's administrative offices. As of September 30, 2010, the Department had total net assets of \$1,369,618.

Jointly Governed Organizations

The County participates in the following activities which are considered to be jointly governed organizations in relation to the County due to there being no on-going financial interest or responsibility.

Tri-County Regional Planning Commission - The Commission services Ingham, Eaton, and Clinton Counties. The Commission's membership includes the Counties of Ingham, Eaton, and Clinton, the Cities of Lansing and East Lansing, Delta and Meridian Townships, and the Michigan Department of Transportation. Also included by right are the County Road Commissions and Transit Authorities, making a total of eighteen (18) voting members.

The Commission must adopt a proposed budget at its February meeting and submit the same to the Board of Commissioners of the three (3) Counties it serves and to the Lansing City Council with its request for allocation of funds. Each government unit contributes an equal share of the total annual budget. For the year ended December 31, 2010, the County's contribution to the Commission was \$61,740.

Tri-County Office on Aging - The organization provides comprehensive services to older individuals residing in Ingham, Eaton, and Clinton Counties. Operating revenues are derived from Federal, State, and local governments as well as fees for services. The Tri-County Office on Aging is governed by a thirteen (13) member Board appointed by the Board of Commissioners of the three (3) Counties it services. For the year ended December 31, 2010, the County's contribution to the Commission was \$41,230.

Capital Area Michigan Works! - Clinton County, in conjunction with three (3) other Counties, has entered into an agreement, which created the Capital Area Michigan Works! The Organization's Board is composed of 12 members, of which one (1) is appointed by Clinton County. The organization receives all of its funding from State and Federal grants and, as a result, the County has no financial responsibility other than potential liability related to appropriate use of the funds.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

Tri-County Community Mental Health - The Board provides comprehensive mental health services to Ingham, Eaton, and Clinton Counties. Operation revenues are derived from Federal, State, and local governments as well as from fees for services. The Tri-County Community Mental Health is governed by a twelve (12) member Board appointed by the Board of Commissioners of the three (3) Counties it services. For the year ended December 31, 2010, the County's contribution to the Commission was \$228,069.

Mid-South Substance Abuse Commission - Clinton County, in conjunction with nine (9) other Counties, has entered into an agreement that created the Mid-South Substance Abuse Commission. This Organization's Board is composed of seventeen (17) members, of which one (1) is appointed by Clinton County. The County's financial responsibility is to pass through 50% of the Convention and Tourism revenues received to the Commission. Also, if the Commission were to need additional operating funds, the County would be responsible to contribute a portion based on the percentage of Board membership (currently 6%). For the year ended December 31, 2010, the County passed through \$117,194 and was not required to make any additional appropriation.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been eliminated in the preparation of these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. *Program revenues* are associated with specific functions and include charges to recipients of goods or services and grants and contributions that are restricted to meeting the operational or capital requirements of that function. Revenues that are not required to be presented as program revenues are general revenues. This includes all taxes, interest, and unrestricted State revenue sharing payments and other general revenues and shows how governmental functions are either self-financing or supported by *general revenues*.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

The fund financial statements present the County's individual major funds and aggregated nonmajor funds. Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements, except for agency funds, which do not have a measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, or within one year for reimbursement-based grants. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, intergovernmental revenues and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The major governmental funds of the County are:

The *general fund* is the County's primary operating fund. It accounts for all financial resources of the general government except for those that are required to be accounted for in another fund.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

The *revenue sharing reserve fund* was established in 2004 to account for the shift of State Revenue Sharing dollars from State to local funding.

The *public improvement fund* accounts for the collection and distribution of monies specifically earmarked for statutory public improvements. Money for the operation of this fund is supplied from "Non-Tax" Revenue: charges for services, licenses and permits, sales of capital assets, state shared revenues, and interest earned. Once money is placed in this fund, it becomes restricted and cannot be expended or transferred for purposes other than the public improvements specified by statute or local ordinance. It is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.

The *911 central dispatch fund* accounts for the collection of the 911 telephone surcharges. The primary function of central dispatch is to handle emergency and non-emergency requests for police, fire, and medical services, determine the dispatch needed, and dispatch the appropriate personnel to the requested location.

The major proprietary fund of the County is:

The *delinquent tax revolving fund* accounts for money advanced by the County to other local taxing units and various county funds to pay for their delinquent real property taxes. Revenues are generated by the collection of the delinquent real property taxes, penalties, and interest.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the costs of sales and services, administrative expenses, and other costs of running the activity. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

D. ASSETS, LIABILITIES AND NET ASSETS OR EQUITY

1. CASH AND CASH EQUIVALENTS

The County pools cash resources of various funds in order to facilitate the management of cash, with the exception of any funds that are required by law to maintain separate accounts. Cash contained in the pool that is applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in various interest-bearing securities and disclosed as part of the County's investments. Cash equivalents consist of temporary investments in certificates of deposit and U.S. Government Securities with a maturity from date of purchase of 90 days or less.

2. INVESTMENTS

Investments during the year consisted of certificates of deposit and U.S. Government Securities with original maturities of greater than 90 days. Investments are recorded at market value in accordance with GASB 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools.

3. RECEIVABLES

Receivables consist of amounts due from governmental units for various financial assistance programs and State shared revenues, and accounts receivable related to charges for services, interest receivable and other amounts owed to the County at year-end.

4. INVENTORY

Inventories of the Central Stores (Internal Service) and Jail Commissary (Enterprise) Funds consist of miscellaneous consumer products on hand for resale, which are stated at the lower of first-in, first-out cost or market. Road Commission inventory items are charged to road construction and maintenance, equipment repairs and operations, as used.

5. LEASE RECEIVABLE

The County has irrevocably pledged its full faith and credit as collateral for certain water and sewer system bonds. Payments by the municipalities to the County, in accordance with contractual agreements, provide the monies required to meet the principal and interest on the water and sewer system bonds. All future amounts due for bond principal and an additional amount for the amount of accrued interest payable has been recorded as a lease receivable at the government-wide level. The current portion of the receivable

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

is based on the amounts to be collected next year to satisfy obligations, and the amounts to be collected subsequently have been reported as noncurrent.

6. ADVANCES

Long-term advances from certain funds to other funds or component units are made to finance new activities during their initial operations and to finance capital acquisitions. For the governmental fund types, fund balance is reserved for the amount of advances made to other funds to reflect the fund balance not currently available for expenditure.

7. CAPITAL ASSETS

Primary Government and Component Units (except Road Commission)

Capital assets include land, buildings, equipment, and vehicles and are recorded (net of accumulated depreciation, if applicable) in the government-wide financial statements. Capital assets are those with an initial individual cost of \$5,000 or more and an estimated useful life of more than one year. Capital assets are not recorded in the governmental funds. Instead, capital acquisition and construction are reflected as expenditures in governmental funds, and the related assets are reported in the government-wide financial statements. All purchased capital assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated capital assets are valued at their estimated fair market value on the date received.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Depreciation is computed using the straight-line method over the following useful lives:

Buildings and improvements	20–50 years
Equipment	3-25 years
Vehicles	4-15 years
Drain infrastructure	75 years

Component Unit – Road Commission

Capital assets, which include property, plant, equipment, and infrastructure assets (i.e., roads, bridges and similar items), are reported in the Road Commission financial statements. Capital assets are defined by Clinton County Road Commission as assets with an initial individual cost of more than \$500 and an estimated useful life in excess of three years and/or have a schedule „C“ rental rate. Such assets are recorded at historical costs or estimated historical cost of purchase or construction. Donated capital assets are recorded at estimated fair market value at the date of donation.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

The Clinton County Road Commission capitalized the current year's infrastructure and has reported the retroactive cost for major infrastructure in the Statement of Net Assets for periods ending after June 30, 1980.

Depreciation is computed on the sum-of-the-years'-digits method for road equipment and straight-line method for all other capital assets. The depreciation rates are designed to amortize the cost of the assets over their estimated useful lives as follows:

Buildings	25-50 years
Road equipment	5-8 years
Shop equipment	10 years
Engineering equipment	10 years
Office equipment	4-10 years
Infrastructure - roads	8-30 years
Infrastructure - bridges	12-50 years
Infrastructure - signals	15 years

8. INTERFUND TRANSACTIONS

During the course of normal operations the County has numerous transactions between funds and component units including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying financial statements generally reflect such transactions as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Internal service funds record charges for services to all County departments and funds as operating revenue. All County funds record these payments to the internal service funds as operating expenditures/expenses.

9. LONG-TERM OBLIGATIONS

Long-term debt and other long-term obligations are recognized as a liability in the government-wide financial statements and proprietary fund types when incurred. The portion of those liabilities expected to be paid within the next year is a current liability with the remaining amounts shown as long-term.

Long-term debt is recognized as a liability of a governmental fund when due or when resources have been accumulated in a debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

10. COMPENSATED ABSENCES

In accordance with County personnel policies and/or contracts negotiated with the various employee groups of the County, individual employees have vested rights upon termination of employment to receive payment for unused compensated absences under formulas and conditions specified in the respective personnel policies and/or contracts.

Vested compensated absences earned as of December 31, 2010, including related payroll taxes, are recorded in the government-wide financial statements.

11. DEFERRED REVENUE

Deferred revenue recorded in the general fund consists of the 2010 tax levy that was not collected within 60 days of year-end and thus, is not available for current year expenditures. In addition, the delinquent personal property taxes receivable balance is deferred in the general fund because it is also not available for current year expenditures.

12. FEDERAL PROGRAMS

Federal programs are accounted for in the funds to which the programs pertain. The County has not integrated its Single Audit Act Compliance and financial data as part of the financial statements. The Single Audit Report and financial data will be issued under separate cover as supplementary information to the financial statements.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETS AND BUDGETARY ACCOUNTING

Budgets are adopted on a basis consistent with the modified accrual basis used to reflect actual results in the Fund financial statements. This basis is consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for all required governmental fund types. The County employs the following procedures in establishing budgets:

- a. Prior to September 1, the County Administrator prepares and submits the proposed operating budgets for the calendar year commencing the following January 1. The operating budgets include proposed expenditures and resources to finance them.
- b. A public hearing is conducted to obtain taxpayers' comments.
- c. Prior to October 31, the budgets are legally enacted through passage of an annual budget resolution.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

- d. The budgets are legally adopted at the activity level for the general fund and the fund level for the special revenue funds. Budgetary transfers between \$2,500 and \$10,000 are not permitted without Finance Committee approval and transfers of greater than \$10,000 are not permitted without Board approval. For control purposes, all funds' budgets are maintained at the activity and account level.
- e. The County employs encumbrance accounting as an extension of formal budgetary integration in the governmental funds. All unexpended appropriations lapse at year-end.
- f. Budgeted amounts are reported as originally adopted or as amended by the Board of Commissioners during the year. Individual amendments were not material to the original appropriations that were adopted.

III. DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

The County utilizes various pooled cash accounts and investments for approximately 46 funds. The County's pooled cash accounts consist of a common checking account and mutual funds.

The County's pooled cash accounts and investments are utilized by the general fund, special revenue funds, debt service funds, internal service funds, trust and agency funds, and the component unit funds (with the exception of the Road Commission, which is separately maintained). Each fund's portion of these pooled accounts is included in the cash and cash equivalents caption on the applicable balance sheet or statement of net assets.

The other funds and portions of the component unit funds of the County utilize separate savings and interest-bearing checking accounts. In addition, certificates of deposit, mutual funds, and U.S. Government Securities are held separately by several of the County's funds and component units.

A reconciliation of cash, pooled investments and investments as shown in the basic financial statements to the County's deposits and investments is as follows:

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

Statutory Authority

State statutes authorize the County to invest in:

- Bonds, securities, other direct obligations and repurchase agreements of the United States, or an agency or instrumentality of the United States.
- Certificates of deposit, savings accounts, deposit accounts or depository receipts of a qualified financial institution.
- Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and that matures not more than 270 days after the date of purchase.
- Bankers acceptances of United States banks.
- Obligations of the State of Michigan and its political subdivisions that, at the time of purchase are rated as investment grade by at least one standard rating service.
- Mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan.
- External investment pools as authorized by Public Act 20 as amended through 12/31/97.

The County's investment policy allows for all of these types of investments.

Investment and deposit risk

Interest Rate Risk. State law limits the allowable investments and the maturities of some of the allowable investments as identified above. The County's investment policy states that the County will minimize the risk that the market value of the securities in the portfolio will fall due to changes in the general interest rates by structuring the portfolio to meet the cash requirements of ongoing operations, thereby mitigating the need to liquidate securities at a loss prior to maturity. The maturity dates for each investment are identified above for investments held at year end.

Credit Risk. State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of specific financial institutions, qualified mutual funds and qualified external investment pools as identified above. The County's investment policy states that the County will minimize credit risk by limiting investments to the safest types of securities, pre-qualifying and continually

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

monitoring financial institutions with which the County will do business, diversifying the portfolio so that potential losses on individual securities would be minimized, and maintaining credit ratings when available on all holdings. The ratings for each investment type are identified above for investments held at year end.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned. State law does not require and the County does not have a policy for deposit custodial credit risk. As of year-end \$15,719,502 of the County's bank balance of \$42,730,022 was exposed to custodial credit risk because it was uninsured and uncollateralized.

Custodial Credit Risk – Investments. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State law does not require a policy for investment custodial credit risk. The County's investment policy states the County will minimize custodial credit risk by using only financial institutions meeting a pre-qualification evaluation and holding securities in the County's name. However, while uninsured and unregistered, the County's funds are not exposed to custodial credit risk since the securities are held in the counterparty's trust department in the County's name.

Concentration of Credit Risk. State law limits allowable investments but does not limit concentration of credit risk as identified above. The County's investment policy states that the County will minimize the risk in placing a large portion of the portfolio with a single security issuer by limiting the exposure to 25% of the total portfolio, excluding investments in U.S. Government securities. All investments held at year-end are reported above.

B. RECEIVABLES

Receivables in the primary government and component units are as follows:

	<u>Governmental Activities</u>	<u>Business-type Activities</u>	<u>Component Units</u>
Taxes	\$ 1,088,371	\$ 4,156,624	\$ -
Special assessments, current	-	-	1,011,268
Accounts	552,188	14,147	7,740
Interest	29,633	4,820	5,346
Total	<u>\$ 1,670,192</u>	<u>\$ 4,175,591</u>	<u>\$ 1,024,354</u>

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not earned. At the end of the current fiscal year, the various components of deferred revenue and unearned revenue reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>
Taxes receivable (general fund)	\$ <u>773,099</u>	\$ <u>-</u>

C. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2010, was as follows:

D. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund receivables and payables as of December 31, 2010, are as follows:

Due to:	Due from:						Total
	General Fund	Public Improvement Fund	911 Central Dispatch Fund	Nonmajor Governmental Funds	Nonmajor Enterprise Funds	Internal Service Funds	
General fund	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 5,043	\$ 5,043
Public improvement fund	1,008,509	-	-	-	-	-	1,008,509
Internal service funds	62,626	91	4,687	6,425	415	2,431	76,675
Total	\$ 1,071,135	\$ 91	\$ 4,687	\$ 6,425	\$ 415	\$ 7,474	\$ 1,090,227

Interfund receivables and payables are primarily for short-term financing of certain operations.

Long-term advances as of December 31, 2010, are as follows:

Advance from general fund to:	
Nonmajor governmental funds	\$ 90,000
Internal service funds	35,000
Component unit - drainage districts	<u>130,000</u>
Total advances from general fund	<u>\$ 255,000</u>
 Advance from delinquent tax revolving fund to:	
911 central dispatch	<u>\$ 320,000</u>

The advances from the general fund to drainage districts were for working capital and the remaining advances are to finance operations. The advance from the delinquent tax revolving fund to 911 central dispatch was for financing for equipment.

CLINTON COUNTY, MICHIGAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

Interfund transfers as of December 31, 2010, are as follows:

Transfer to:	Transfer from:				Total
	General Fund	Revenue Sharing Reserve Fund	Public Improvement Fund	Delinquent Tax Revolving Fund	
General fund	\$ -	\$ 1,237,690	\$ 5,000	\$ -	\$ 1,242,690

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

Significant details regarding outstanding long-term debt (including current portions) are presented below:

Primary Government

Direct County Obligations

The Clinton County Board of Commissioners is party to two (2) long-term lease agreements for rental of the Jail and the Courthouse from the Clinton County Building Authority. The lease agreements stipulate that the annual rental be paid by the County to the Building Authority in amounts sufficient to meet the annual principal and interest on bonds, which shall be pledged exclusively for that purpose. When all debt has been retired for the buildings, the rentals will cease, title to the buildings will be transferred to the County, and any cash balances remaining with the Building Authority will be returned to the County.

Bonds payable at December 31, 2010, are as follows:

\$7,060,000 2006 Building Authority Refunding Bonds, dated March 14, 2006, due in annual installments ranging from \$615,000 to \$830,000 through May 1, 2019, with interest ranging from 3.625 to 3.8 percent, payable semi-annually.	\$ 6,465,000
\$2,200,000 2006 Capital Improvement Bonds, dated April 4, 2006, due in annual installments ranging from \$125,000 to \$195,000 through November 1, 2021, with interest ranging from 3.5 percent to 4.0 percent, payable semi-annually.	1,750,000
\$2,500,000 Building Authority Jail Construction Bonds, Series 2003, dated February 1, 2003, due in annual installments ranging from \$160,000 to \$225,000 through May 2018, with interest ranging from 2.25 to 4.125 percent, payable semi-annually	<u>1,545,000</u>
Total Direct County Obligations	<u>\$ 9,760,000</u>

Advance Refunding

On March 14, 2006, the County issued general obligation bonds of \$7,060,000. Proceeds from this bond issue were used to advance refund a portion of the 1999 Building Authority Bonds. The refunded bonds mature as scheduled on May 1, 2010 through 2019. The balance of the defeased debt outstanding at December 31, 2010, was \$8,220,000.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

Accrued Compensated Absences

In accordance with County personnel policies and/or contracts negotiated with various employee groups of the County, individual employees have vested rights upon termination of employment to receive payment for unused vacation and sick leave under formulas and conditions specified in their respective personnel policies and/or contracts.

The dollar amount of these vested rights including related payroll taxes, amounted to \$505,239 and \$706,841 for vacation and sick, respectively, at December 31, 2010. Of the \$1,212,080 total liability, \$809,304 has been reported as a current liability and \$402,776 has been reported as a noncurrent liability.

For the governmental activities, compensated absences are generally liquidated by the general fund and certain special revenue funds.

Component Unit – Road Commission

Accrued Employee Benefit Payable

In accordance with County Road Commission personnel policies and/or contracts negotiated with various employee groups of the County Road Commission, individual employees have vested rights upon termination of employment to receive payment for unused vacation, sick leave and longevity under formulas and conditions specified in their respective personnel policies and/or contracts. The dollar amount of these vested rights, including related payroll taxes amounted to \$158,173, \$347,515, and \$87,446 for vacation, sick and longevity, respectively, at December 31, 2010. This amount, \$593,134, has been reported as a noncurrent liability.

Component Unit – Department of Public Works

Indirect County Obligations - Water and Sewer Bonds

The County has irrevocably pledged its full faith and credit as collateral for the following water and sewer system bonds. Payments by the municipalities to the County, in accordance with contractual agreements, provide the monies required to meet the principal and interest on the water and sewer system bonds.

Bonds payable at December 31, 2010, per respective construction projects serviced from the Component Unit Debt Service Funds of the Department of Public Works are as follows:

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

\$3,550,000 Bath Township Sanitary Sewage Disposal System Bonds dated November 1, 1973, due in annual installments of \$125,000 to \$175,000 through November 1, 2013, with interest of 4.0 to 5.75 percent, payable semi-annually.	\$ 450,000
\$450,000 Dewitt Township Water System Bonds dated July 25, 1995, due in annual installments ranging from \$30,000 to \$40,000 through May 1, 2015, with interest ranging from 5.0 to 7.0 percent, payable semi-annually.	175,000
\$3,055,000 Bingham Township Sanitary Sewage Project Bonds dated June 2, 1999, due in annual installment of \$160,000 through May 1, 2019 with interest of 4.25 to 5.0 percent, payable semi-annually.	1,440,000
\$995,000 Watertown Township Sanitary Sewage Project Bonds dated June 29, 2000, due in annual installments of \$60,000 through March 1, 2020, with interest of 5.1 to 7.5 percent, payable semi-annually.	600,000
\$600,000 Bath Township Sanitary Sewer Project Bonds dated January 1, 2001, due in annual installments ranging from \$30,000 to \$45,000 through May 1, 2019, with interest ranging from 4.5 to 5.2 percent, payable semi-annually.	<u>330,000</u>
Total Indirect County Obligations - Water and Sewer Bonds	<u>\$2,995,000</u>

Advance Refunding

On February 1, 1999, Bath Charter Township, through the County Department of Public Works (DPW) defeased the entire outstanding balance, \$1,020,000 of the Clinton County Water Project Bonds - Bath Township (original issue \$1,170,000) which were due and payable May 1, 2000 through May 1, 2014. This was accomplished by establishing an irrevocable trust with an escrow agent composed of cash and U.S. government securities sufficient to meet the applicable principal and interest obligations. The township, working through the DPW, sold their water system to the Lansing Board of Water and Light (BWL). As part of the agreement between the DPW, the Township, and the BWL, the BWL was required to set sufficient funds aside in an escrow account to cover future debt principal and interest payments related to this bond issue. The BWL set aside \$1,070,488 to fund the escrow amounts to pay the future debt payments, which based on BWL legal counsel calculations will be sufficient. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the County's financial statements. At December 31, 2010, bonds due and payable May 1, 2010 through May 1, 2014, for the Clinton County Water Project Bonds - Bath Township in the amount of \$260,000 are considered defeased.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

Component Unit – Drainage Districts

Indirect County Obligations - Drain Bonds and Notes

The County has irrevocably pledged its full faith and credit as collateral for the following Drain bonds and notes. These projects are administered by the Clinton County Drain Commission for various local drainage districts. The Drain bonds and notes were issued to finance the various construction funds for the purpose of paying costs in connection with various drainage district projects and are payable out of assessments to be made against the benefited properties. The Edwards Drain Bond was issued jointly with Eaton County, with Clinton County acting as the treasurer of the project. Clinton County is reimbursed by Eaton County for 23% of the annual debt service requirements.

Bonds and notes payable and amounts due to other local governments at December 31, 2010, per respective Drain projects serviced from the Capital Projects Funds of the Component Unit Drainage Districts are as follows:

\$2,065,000 Hayworth and Extension Drain Bonds dated February 1, 1999, due in annual installments of \$175,000 through June 1, 2011, with interest of 3.8 to 4.35 percent, payable semi-annually.	\$ 175,000
\$995,000 John Voltz Drain District Bonds dated December 1, 2001, due in annual installments of \$100,000 through June 1, 2012, with interest ranging from 3.25 to 4.3 percent, payable semi-annually.	200,000
\$875,000 Loesch Drain Bonds dated September 1, 2003, due in annual installments of \$90,000 through June 1, 2013, with interest ranging from 2.3 to 4.3 percent, payable semi-annually.	270,000
\$980,000 Edwards Drain Bonds dated May 1, 2004, due in annual installments ranging from \$50,000 to \$75,000 through June 1, 2019, with interest ranging from 2.75 to 4.70 percent, payable semi-annually.	519,750
\$540,000 Creekside Drain Bonds dated August 1, 2006, due in annual installments of \$55,000 through June 1, 2016, with interest of 4.25 percent, payable semi-annually.	330,000
Various drain notes due in various annual installments and interest rates through 2020.	<u>414,032</u>

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

IV. OTHER INFORMATION

A. EMPLOYEE RETIREMENT SYSTEM

Primary Government and Component Units (except Road Commission)

Plan description. The County participates in the Michigan Municipal Employees Retirement System (MERS), an agent multiple employer public retirement system. MERS is authorized and operated under State law, Act 135 of the Public Acts of 1945, as amended. The Michigan Municipal Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to the System at 1134 Municipal Way, Lansing, Michigan 48917. All full-time and part-time County employees who work 20 hours or more per week are covered by the retirement system with exception of the Road Commission employees. The Road Commission employees are covered under a separate retirement plan.

The benefits and conditions outlined below are for general information only. Public Act 427 of 1984, as amended, covers the benefits and conditions of the Municipal Retirement systems.

Normal Retirement:

Union:

Age 55 with 20 or more years of credited service
Age 60 with 10 or more years of credited service
Mandatory Retirement: None

Non-union:

Age 55 with 30 or more years of credited service
Age 60 with 10 or more years of credited service
Mandatory Retirement: None

Deferred Retirement:

The termination of membership before age 60, other than by retirement or death, after 10 years of credited service is considered a deferred retirement. Retirement allowance begins upon application and satisfaction of normal retirement requirements. The retirement allowance is computed in the same manner as a service retirement with the applicable benefit program being determined as of the date of termination of membership.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

Rights to an allowance are forfeited if the member's accumulated contributions are withdrawn.

Benefit allowances are computed based on the applicable criteria as detailed within the plan. Death and disability benefits are also provided.

Funding policy. The County is required to contribute to the Retirement Plan at an actuarially determined rate. The 2010 employer rate ranges from flat rate to 21.21% as a percentage of annual covered payrolls and varies by the participating employee groups. These contributions are funded by the County on behalf of plan members. In addition, certain employee bargaining groups have negotiated benefits whereby the participating members are required to contribute to the Plan. These participation levels range from 0% to 6.7% of their annual covered payroll. The contribution requirements of the County are established and may be amended by the MERS Retirement Board. The contribution requirements of plan members are established and may be amended by the County, depending on the MERS contribution program adopted and/or negotiated by the County.

Annual pension cost and net pension asset. The County's annual pension cost and net pension asset for the current year were as follows:

Annual required contribution	\$ 1,482,435
Less: Interest on net pension asset	(30,739)
Plus: Adjustment to annual required contribution	<u>117,022</u>
Annual pension cost	1,568,718
Contributions made	<u>(1,733,744)</u>
(Increase) in net pension asset	(165,026)
Net pension (asset), beginning of year	<u>(654,028)</u>
Net pension (asset), end of year	<u>\$ (819,054)</u>

The annual required contribution was determined as part of an actuarial valuation of the plan as of December 31, 2008, using the entry age normal cost method. Significant actuarial assumptions used in determining the pension benefit obligation include (1) a rate of return on the investment of present and future assets of 8%, (2) projected salary increases of 4.5% per year compounded annually, attributable to inflation, (3) additional projected salary increases ranging from 0.0% to 8.4% per year, depending on age, attributable to seniority/merit. The employer contribution rate has been determined based on the entry age normal cost method. Under the entry age normal cost funding method, the total employer contribution is comprised of the normal cost plus the level annual percentage of payroll payment required to amortize the unfunded actuarial accrued liability over 28 years. The employer normal cost is, for each employee, the level percentage of payroll contribution (from entry age to retirement) required to accumulate sufficient assets at the member's retirement to pay for his or her projected benefit.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

2009	1,370,114	114%	654,028
2010	1,568,718	111%	819,054

Schedule of Funding Progress

Actuarial Valuation Date December 31,	Actuarial Value of Assets	Actuarial Accrued Liability (AAL) Entry Age	Unfunded AAL (UAAL)	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll
2009	\$ 29,897,883	\$ 38,394,413	\$ 8,496,530	78%	\$ 8,612,307	99%

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Component Unit – Road Commission

Description of Plan and Plan Assets

The Road Commission is in an agent multiple-employer defined benefit pension plan with the Municipal Employees' Retirement System (MERS). The system provides the following provisions: normal retirement, deferred retirement, service retirement allowance, disability retirement allowance, non-duty-connected death, duty-connected death, and post-retirement adjustments to plan members and their beneficiaries. The service requirement for all qualified employees is computed using credited service at the time of termination of membership multiplied by the sum of 2.5% times the final average compensation (FAC) with 5-year averaging for office and road union and 3-year averaging for administrative salaries, with a maximum benefit of 80% of the FAC. Administrative salaried retirees have a benefit „E-1 and E-2“ plan allowing for a 2.5% annual increase. This defined benefit plan includes all employees except for administrative salaried employees hired after January 1, 2007.

Administrative salaried employees hired after January 1, 2007 and office union employees hired after January 1, 2010, are in a MERS Hybrid Retirement Plan with the Road

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

Commission contributing 1.5% of the employee's applicable salary into the defined benefit portion (allowing for a 1.5% multiplier for the defined benefit portion) and 1% of the employee's applicable salary into the defined contribution portion. The defined contribution portion is a 401 Qualified Plan utilizing ICMA-RC (the International City Management Association Retirement Corporation) as the third-party administrator. The MERS Hybrid Retirement Plan has a 6 year vesting requirement, a 3-year FAC, and is payable at age 60. The 401 Qualified Plan through ICMA-RC had a balance of \$79,441 at December 31, 2010. This balance includes \$1,571 of employer contributions and \$23,361 of employee contributions.

The most recent period for which actuarial data was available was for the year ended December 31, 2009.

MERS was established in 1946 under Public Act 135 of 1945 and granted independence from the State of Michigan pursuant to Public Act 220 of 1996, effective August 15, 1996. MERS is administered under the provisions of Public Act 427 of 1984, as amended. MERS issues a publicly available financial report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to MERS at 1134 Municipal Way, Lansing, Michigan 48917.

Funding policy. The Road Commission is required to contribute at an actuarially determined rate for the defined benefit plans. Based on the 2008 actuarial valuation, the 2010 rate for general-union/AFLCIO, administrative salary hired after January 1, 2007 and administrative hourly employees was 13.33%, 8.00%, and 8.03%, respectively, of annual compensation. Each member is required to contribute 3% of his or her annual compensation and 3% was paid by the employees for both years in all plans aside from the Hybrid Plan. This plan is applicable for administrative employees hired after January 1, 2007 and Office Union employees hired after January 1, 2010. The Hybrid plan does not require an employee contribution on the defined benefit portion. However, the employee may elect to contribute into the defined contribution portion of the plan.

Annual pension cost. Payments were made in accordance with contribution requirements determined by an actuarial valuation of the plan as of December 31, 2008, and 3% employee share. The employer contribution rate has been determined based on the entry age normal funding method. Under the entry age normal cost funding method, the total employer contribution is comprised of the normal cost plus the level annual percentage of payroll payment required to amortize the unfunded actuarial accrued liability over 30 years. The employer normal cost is, for each employee, the level percentage of payroll contribution (from entry age to retirement) required to accumulate sufficient assets at the member's retirement to pay for his or her projected benefit. During the year ended December 31, 2010, the Road Commission contributed \$426,236 and the employees contributed \$65,078. Based on the 2008 actuarial valuation, the Road Commission was required to contribute an estimated \$445,080 for the 2010 fiscal year.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

Significant actuarial assumptions used include a long-term investment yield rate of 8% and annual salary increases of 4.5% based on an age-related scale to reflect merit, longevity, and promotional salary increases.

Net Pension Trend Information

Year Ended December 31,	Annual Pension Cost (APC)	Percentage of APC Contributed

B. DEFINED CONTRIBUTION PLAN

The County's Defined Contribution Plan is a 401-money purchase plan, established by the County and administered by an outside third-party administrator. All Non-Union County employees hired on or after January 1, 2007 are required to participate in the plan. In addition, prosecutors and telecommunicators hired on or after January 1, 2008 are also required to participate in the plan. The County will contribute on behalf of each participant 6% of earnings. Participants are not required to contribute, but can make a one-time election to contribute 2% of their earnings, of which the County will match for a total employer and employee contribution of 10%. Employees are immediately vested.

Employer contributions to the Plan for the year ended December 31, 2010, amounted to \$71,913 and employee contributions were \$15,457.

C. DEFERRED COMPENSATION PLAN – ROAD COMMISSION

The Clinton County Board of Road Commissioners offers all road commission employees participation in a deferred compensation plan created in accordance with the Internal

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

Revenue Code (IRC), Section 457, with Nationwide Retirement Solutions (NRS). The assets of the plan are held in a trust, custodial account or annuity contract described in IRC Section 457(g) for the exclusive benefit of the participants (employees) and their beneficiaries. The custodial account is held by the custodian thereof for the exclusive benefit of the participants and beneficiaries of this Section 457 plan and the assets may not be diverted to any other use. The administrators are agents of the employer for purposes of providing direction to the custodian of the custodial account from time to time to the investment of the funds held in the account, transfer of assets to or from the account, and all other matters. In accordance with the provisions of GASB Statement No. 32 requirements, plan balances and activities are not reflected in the Road Commission's financial statements.

D. CONTINGENT LIABILITIES

The County participates in a number of Federal and State assisted grant programs that are subject to compliance audits. The periodic program compliance audits of many of the State programs have not yet been completed or final resolution has not been received. Accordingly, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

E. RISK MANAGEMENT

Primary Government and Component Units (except Road Commission)

The County is self-insured for prescription drugs, vision, dental, and disability benefits. Each participating fund of the County makes payments to the respective self-insurance Internal Service Fund. These payments are accounted for as fringe benefit charges in the paying fund and charges for services in the receiving fund.

The plan covers all enrolled employees. The dental plan basically provides reimbursements for dental costs up to a maximum \$1,200 per covered person per year for certain expenses and a lifetime maximum of \$1,500 per covered person for other expenses. See plan for percentages of coverage for types of expenses. The vision plan provides enrollees coverage for the cost on an annual vision exam and up to \$130 for corrective lenses and frames. Certain co-pays apply. The prescription drug plan provides enrollees coverage for prescription drugs. Certain minimum and maximum co-pays apply. For all three plans, an independent administrator is contracted for claims review and processing.

The County is completely self-insured for disability benefits. The plan covers all full-time employees with the exception of elected officials. The disability benefits plan basically provide benefits of current wages up to a maximum of \$350 per week for applicable sheriff's department employees and assistant prosecutors and up to a maximum of \$250 for

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

all other applicable County employees, for a period not to exceed 52 weeks. The program is administered by an independent administrator that furnishes claims review and processing.

The County also participates in a pool, the Michigan Workers' Compensation Fund, with other municipalities for workers' compensation losses. The pool is organized under Public Act 317 of 1969, as amended. The County has no liability for additional assessments based on the claims filed against the pool nor do they have any right to dividends.

The County is a voluntary member of the Michigan Municipal Risk Management Authority which is organized under Public Act 138 of 1982, as amended as a governmental group self-insurance pool. Public Act 138 authorizes local units of government to exercise jointly any power, privilege, or authority which each might exercise separately.

The administration of the Authority is directed by a nine (9) member Board of Directors composed of municipal representatives from the membership elected by the membership. The Board establishes the general policy of the Authority, creates and publishes rules to be followed by the Manager and Board, and is empowered with the authority to impose sanctions or terminate membership. The County, by resolution of the County Board of Commissioners, has designated a representative to the Authority to be responsible for the execution of all loss control measures, to ensure the payment of all annual and supplementary or other payment requirements, to ensure the filing of all required reports, and to act as a liaison between the County and the Authority.

The Authority provides risk management, underwriting, reinsurance, and claim services with member contributions allocated to meet these obligations. The Authority administers a risk management fund providing Clinton County with loss protection for general and auto liability, motor vehicle physical damage, and property damage. Under most circumstances the County's maximum loss per occurrence is limited as follows:

<u>Type Of Risk</u>	<u>Maximum Retention per Occurrence</u>
General and Auto Liability	\$ 75,000
Motor Vehicle Physical Damage	30,000
Property Coverage	10,000

The limit of insurance for general and auto liability was \$15,000,000. The property damage blanket limit of insurance at December 31, 2010, was \$48,744,619.

The Authority has established a Retained Risk Program to pay losses incurred by members that exceed individual retention levels and are not covered under existing reinsurance agreements. In the event that losses are incurred in excess of the resources available, the Authority as a whole (i.e., all constituent municipalities) is liable for the excess. The

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

Authority may authorize dividends to individual members in the event that the members and individual fund balance is determined to be sufficient to do so.

Liability insurance claims are expensed as incurred. The liability is determined by the Michigan Municipal Risk Management Authority management based on an actuarial study performed using historical data and available insurance industry statistics. The liability includes a reserve for reported claims, and reported legal expenses as well as incurred but not reported claims.

The Authority has reserved fund balance to pay losses incurred by members that exceed individual retention levels and are not covered under existing reinsurance agreements. Losses incurred within the established limits are general obligations of the Authority. In the event that Clinton County incurs a loss in excess of the resources available, the Authority as a whole (i.e., all constituent municipalities) is liable for the excess.

In addition, the Authority has accumulated resources to create and fund an internal Stop Loss Fund. The Stop Loss Fund was initiated to eliminate the need to purchase aggregate reinsurance for aggregate losses paid in excess of \$225,000, net of reinsurance recoveries for any one member in any one year. Aggregate paid losses in excess of \$225,000 net of reinsurance recoveries are paid entirely from the Internal Stop Loss Fund. If at any time the Stop Loss Fund is insufficient to fund Clinton County's losses, the remaining liability shall become the responsibility of the Authority as a whole.

Component Unit – Road Commission

The Road Commission is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries, as well as medical benefits provided to employees. The Road Commission has purchased commercial insurance for medical benefits' claims and participates in the Michigan County Road Commission Self-Insurance Pool for claims relating to general liability, excess liability, auto liability, trunkline liability, errors and omissions, physical damage (equipment, buildings and contents), crime, and workers' compensation. Settled claims for the commercial insurance have not exceeded the amount of insurance coverage in any of the past three years.

The county road commissions in the State of Michigan established and created a trust fund, known as the Michigan County Road Commission Self-Insurance Pool (the "Pool") pursuant to the provisions of Public Act 138 of 1982. The Pool is to provide for joint and cooperative action relative to members' financial and administrative resources for the purpose of providing risk management services along with property and liability protection. Membership is restricted to road commissions and related road commission activities with the State.

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

The Michigan County Road Commission Self-Insurance Pool Program (the "Pool") operates as a common risk sharing management program for road commissions in Michigan; member premiums are used to purchase excess insurance coverage and to pay member claims in excess of deductible amounts. If for any reason, the Pool's resources available to pay losses are depleted, the payment of all unpaid losses of the member is the sole obligation of the member.

F. PROPERTY TAXES AND TAXES RECEIVABLE

The County property tax is levied each July 1st on the taxable valuation of property located in the County as of the preceding December 31. On July 1, the property tax attachment is an enforceable lien on property and is payable by the last day of September.

Taxable values are established annually by the local municipalities and are equalized by the County based on State statutes at an estimated percentage of the current market value. Real and personal property in Clinton County for the 2010 levy had a taxable value of \$2,499,739,368 on which ad valorem taxes levied for County general operating purposes was 5.8 mills.

Taxes are collected by the various tax collecting units from the date of the levy and remitted to the County through the trust and agency fund for distribution to the general fund.

The delinquent taxes receivable represents unpaid real property taxes in the delinquent tax revolving fund and unpaid personal property taxes in the general fund.

By agreement with the various taxing authorities, the County purchases at face value the real property taxes returned delinquent each March 1 and records corresponding delinquent taxes receivable.

G. POST-EMPLOYMENT HEALTH CARE BENEFITS

Primary Government and Component Units (except Road Commission)

Plan description. The County provides certain health care benefits, including prescription drug benefits for employees who have retired. Substantially all of the County's employees may become eligible for those benefits when they reach twenty (20) years of service and 60 years of age. Under this program the County pays \$488.41 per month for each eligible employee and out-of-area eligible employee under age 65, and \$299.60 per month for each eligible employee and out-of-area eligible employee age 65 or older.

In 2002 the County established a trust fund (the "Trust") for the purpose of providing retiree health care benefits under County policy. On establishment of the Trust the County made a

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

transfer of assets in the amount of \$1,842,539 to cover costs of current retirees' health benefits and also those of employees eligible to retire within one year.

Basis of accounting. The Trust's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method used to value investments. Investments are reported at fair value which is determined using selected bases as follows: short-term investments are reported at cost, which approximates fair value; securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates; investments for which market quotations are not readily available are valued at fair market values as determined by the custodian under the direction of the Board of Commissioners, with the assistance of a valuation service; and cash deposits are reported at carrying amounts which reasonably estimates fair value. The difference between aggregate fair value and the cost of investments along with realized gains and losses on sales of investments are reflected in the Statement of Changes in Plan Net Assets as net appreciation or depreciation in the fair value of investments.

Funding progress. The Trust is being funded based on 207 employees and 45 retirees. Contributions made during the year were made in the amount of \$813,232. Annual cost for the year was \$663,232. Therefore, at December 31, 2010 the County had a net OPEB asset of \$471,609. As of December 31, 2010, there was \$6,060,627 of net assets available for benefits. The total actuarially determined liability for these benefits is \$6,968,974 and the total unfunded liability was \$2,046,891 based on the December 31, 2009, actuarial valuation, the most recent valuation. The County has chosen to fund the Trust based on assumptions of 10.25% annual cost increases for benefits and a 7% return on investments.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

The accompanying schedules of employer contributions present trend information about the amounts contributed to the plan by employers in comparison to the ARC, an amount that is actuarially determined in accordance with GASB Statement 43. The ARC represents a level

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

of funding that, if paid on an ongoing basis, is projected to cover normal cost for each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. Additional information as of the latest actuarial valuation follows:

Actuarial cost method	Entry age normal cost
Amortization method	Level percent of payroll (open divisions) Level dollar (divisions closed to new hires)
Remaining amortization period	30 years
Actuarial assumptions:	
Investment rating return	7.0 percent
Projected salary increases*	4.8 percent to 12.9 percent
Cost-of-living adjustments	None

*Includes inflation at 4.5 percent

Component Unit – Road Commission

The Road Commission agrees to pay the full premium for hospitalization medical coverage for retired road union and office union employees and their spouses, in accordance with the agreements between the Road Commission management and the employee unions affiliated with the American Federation of State, County and Municipal employees, AFL-CIO with the stipulation that they retire under the MERS Retirement Plan with full retirement benefits. Retired employees and/or spouses under the age of 65 are covered with a Blue Cross Flexible Blue Plan with the employer paying 75% of the deductible expense. For union retired employees and/or spouses over age 65, coverage includes a Blue Cross Medicare supplemental insurance with a \$10/\$40 prescription drug plan with \$40 prescription drugs reimbursed \$20 by the Road Commission through a self-funded Road Commission plan. Effective August 1, 2010 for union retired employees and/or spouses over the age of 65, coverage includes a United Healthcare supplemental insurance with a \$10/\$40 prescription drug plan with no reimbursement of prescription drugs. If an office union employee dies with 20 years service time, the spouse is covered.

In addition, the Road Commission agrees to pay the full premium for hospitalization medical coverage for retired administrative salaried employees and their spouses. Retired employees and/or spouses under the age of 65 are covered with a Blue Cross Flexible Blue Plan with the employer paying 75% of the deductible expense. For union retired employees and/or spouses over age 65, coverage includes a Blue Cross Medicare supplemental insurance with a \$10/\$40 prescription drug plan with \$40 prescription drugs reimbursed \$20

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

by the Road Commission through a self-funded plan. If an administrative employee dies with 20 years service time, the spouse is covered. Administrative salaried employees hired after January 1, 2007 and office union employees hired after January 1, 2010 will have health insurance benefits provided for the retiree only.

Expenditures for health care benefits are recognized on a pay as you go basis as premiums come due. During 2010, 46 retirees and/or spouses were eligible for benefits, and \$461,318 was recognized for post-employment health insurance expenditures in the Road Commission Operating Fund.

The Road Commission also provides dental and vision coverage for retirees and their spouses. The cost of dental, vision, and Medicare supplemental insurance coverage is included in total health insurance expenditures reported in the preceding paragraphs.

Contributions made to the Retiree Health Care Trust Fund are recognized as expenditures in the Road Commission Operating Fund at the time the contribution is made. During the year, postemployment expenditures were \$60,000 for contributions made to the Retiree Health Care Trust Fund.

Summary of significant accounting policies. Effective January 1, 2006, the Road Commission adopted, by resolution on October 20, 2005, the MERS HCSP-Defined Benefit Program Plan 3, as a trust, to administer funds set aside for the payment of health, vision and dental benefits. The trust is part of a single-employer retiree healthcare savings plan that is administered by MERS. The plan covers substantially all retirees and future retirees of the Road Commission.

Plan description. The trust provides for future payment of health, vision, and dental benefits for retirees and their spouses and dependents. Salaried administrative staff hired after January 1, 2007 and office union staff hired after January 1, 2010 will receive benefits for the retiree only and must pay the premium, in full, for any dependents.

The obligation to provide benefits to employees was established by negotiation with collective bargaining units or other actions of the Board of road commissioners. According to the actuarial valuation as of December 31, 2009, there were 45 retirees eligible for benefits. Significant actuarial assumptions used include a long-term investment yield rate of 7% and annual salary increases of 1.5% based on an age-related scale to reflect merit, longevity, and promotional salary increases. Actuarial calculations reflect a long-term perspective that is designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

Funding progress. The schedule of funding progress presents trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the

CLINTON COUNTY, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

actuarial accrued liability for benefits. The Road Commission expects to have an actuarial valuation performed every three years.

Contributions. The Road Commission may partially or fully fund the liability of the trust by periodically making contributions to the trust. The Road Commissions funding policy is to pay all premiums as they come due from the road fund and set aside funding in the trust at an annual rate of \$60,000. The amount set aside in the trust may be adjusted by the Board from time to time as it deems appropriate. Employees are not required to contribute to the plan.

Investment gains less administrative costs of \$38,163 were incurred during the current year. Future investment and administrative costs will be financed by the trust. As of December 31, 2010, the plan's reserves for benefits were \$337,622.

Annual OPEB cost and net OPEB obligation. For the year ended December 31, 2010, the Road Commission has estimated the cost of providing retiree healthcare benefits using the alternative measurement method permitted by GASB Statement No. 45 for employers in plans with fewer than one hundred total plan members. The alternative measurement method computes the annual required contribution. The valuation computed required contribution and actual funding are summarized as follows:

Annual cost	\$ 987,739
Plus: Adjustment to annual cost	<u>70,152</u>
Annual OPEB cost	1,057,891
Contributions made	<u>559,481</u>
(Increase) in net OPEB obligation	(498,410)
Net OPEB obligation, beginning of year	<u>(1,002,171)</u>
Net OPEB obligation, end of year	<u>\$(1,500,581)</u>

H. FEDERAL GRANTS – ROAD COMMISSION

The Michigan Department of Transportation (MDOT) requires that road commissions report all Federal and State grants pertaining to their county. During the calendar year ended December 31, 2010, the Federal aid received and expended by the Road Commission was \$1,053,917 for contracted projects. Contracted projects are defined as projects performed by private contractors paid for and administered by MDOT. The contracted Federal projects are not subject to single audit requirements by the road commissions, as they are included in MDOT's single audit.

During the calendar year ended December 31, 2010, the Road Commission received \$201,768 in Federal grants for negotiated projects. Negotiated projects are projects that are performed by the Road Commission and are subject to single audit requirements, if the amount expended is \$500,000 or more. A single audit was not required to be performed for the calendar year ended December 31, 2010, by the Road Commission auditors.

I. FUND EQUITY DESIGNATIONS

The County has recorded various designations of net assets in the proprietary funds that reflect management's plans for use of those funds. Since designations are not appropriate for presentation on the face of the applicable statements of net assets, the designations are listed here.

The following are the various net asset designations as of December 31, 2010:

Delinquent Tax Revolving Fund

Designated for animal shelter project	\$ 1,000,000
Designated for retiree health insurance	2,046,891
Designated for jail renovations	2,100,000
Designated for MERS unfunded liability	1,547,950
Designated for prepaids to locals	<u>7,000,000</u>

L. FLEXIBLE BENEFITS PLAN

In April 1990 the County implemented a flexible benefits cafeteria plan established under Section 125 of the Internal Revenue Code. The plan is available to all employees who have completed 120 days of employment with the County and normally work not less than 20 hours per week for the County and normally are scheduled to work at least six months during the plan year. The plan permits them to reduce their salary and put these amounts into a flexible benefits account up to certain limits. The plan allows the employee to reduce their salary and apply it to dependent care benefits, medical expense reimbursement benefits or medical benefits. A participating employee may elect instead a cash alternative to supplement salary compensation in lieu of a nontaxable health benefit. An employee's elected cash alternative will be considered a taxable benefit under the Flexible Benefit Plan.

The plan is administered by Meritain Health, a third party administrator.

**RECONCILIATION OF THE BALANCE SHEET TO
THE STATEMENT OF NET ASSETS - DRAINAGE DISTRICTS**

DECEMBER 31, 2010

Total fund balance - governmental funds \$ 2,940,544

Amounts reported for the governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in the governmental funds.

The cost of capital assets is	\$ 24,857,545	
Accumulated depreciation is	<u>(4,025,907)</u>	
Capital assets, net		20,831,638

Long-term receivables are not available to pay for current period expenditures and are therefore deferred in the funds. These consist of:

Deferred revenue		1,300,877
------------------	--	-----------

Long-term liabilities are not due and payable in the current period and therefore are not reported as liabilities in the funds.

Long-term liabilities at year-end consist of:

Bonds and loans payable	1,908,782	
Accrued interest payable	<u>15,229</u>	
		<u>(1,924,011)</u>

Net assets of governmental activities \$ 23,149,048

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES - DRAINAGE DISTRICTS

YEAR ENDED DECEMBER 31, 2010

Net change in fund balances - total governmental funds	\$ (126,937)
---	---------------------

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:

Capital outlay	\$ 266,106
Depreciation expense	<u>(319,689)</u>

Excess of capital outlay over depreciation expense	(53,583)
--	----------

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(174,703)
--	-----------

Repayment of long-term debt and borrowing of long-term debt is reported as expenditures and other financing sources in governmental funds, but the repayment reduces long-term liabilities and the borrowings increase long-term liabilities in the statement of net assets. In the current year, these amounts consist of:

Long-term debt proceeds	\$ (303,500)
Bond and note principal retirements	<u>569,874</u>

	266,374
--	---------

Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of:

Increase in accrued interest payable	<u>(2,889)</u>
--------------------------------------	----------------

Change in net assets of governmental activities	<u><u>\$ (91,738)</u></u>
--	----------------------------------
